General Alumni Association, University of Maine
LEADERS Registration records toppled when these classes came back for Commencement. The Class of 1914, celebrating twenty-five years, registered 42 for the largest Twenty-fifth in history. 1909, in the center, won the Twentieth Century Attendance Cup by bringing back 37 members for a 25%; the 1929 group registered 46 members for the largest class total of the day.
ALUMNI DAY SETS NEW HIGH

Reunion Records Boosted - Pres. Hauck Honored - Attendance Highest Ever

SATURDAY, June 10, was Alumni Day at the University of Maine; any casual visitor would soon have known that watching the gay crowds, the wide range of classes, the happy reunion groups with colorful costumes adding to the scene. The more accustomed visitor, however, would also have sensed something else in the atmosphere of the day, would have realized that this Alumni Day was the biggest in the history of Maine.

Fifteen reunion classes ranging from 1889 to 1937 contributed a large share both to the spirit and to the size of the alumni attendance. Outstanding among them were the Attendance Cup winners—1909 and 1889. The 25% attendance recorded by '09 brought them the Twentieth Century Cup, while eight of the eleven living members of '89, fifty years out, registered for 72.7% to win the Class of 1908 Cup. Other classes, however, also deserve mention, for 1914 brought back the largest number of any Twenty-five year group in history with forty-two registered, and 1929 recorded the day's largest number, registering 46 members. Last year's Golden Group, 1888, registered seven strong the same number they recorded on their reunion last year.

The total registrations for the day came to the number of 459, topping last year's previous high record by twenty-two and setting a new mark for the Association.

At the noon luncheon, given this year in honor of the members of 1889 on their Golden Anniversary, over four hundred Alumni and guests paid tribute to the eight members of the class able to be present. Fred Knight '00, president of the Alumni and Dr. Hauck for the University offered the congratulations of the Association and the University and presented each member with a Fifty-Year certificate.

Officers for the Year

During the morning the reunion classes held meetings and class breakfasts. The Association meeting was also held at this time, the business transacted is reported in detail elsewhere.

Officers to serve for the year were elected without change, Fred D. Knight '09 to serve as president, George D. Bearce '11 as vice president, Paul D. Bray '14 as treasurer, and Maurice Jones '12 as clerk. For the Alumni Council, Earl Gowell '30, F. Drummond Freese '15, and Andrew J. Beck '13 were re-elected. Two new members to the Council were also elected. M June Kelley '12 and Harold J. Shaw '14, this was necessitated by the termination of the long and valuable services of two veteran members of the Council, Mrs. William F. Schoppe '08 and Harry E. Sutton '09.

The new alumni member of the University Athletic Board is George D. Cashle '35, of Bangor, who will replace Clifford Patch '11, retiring after eighteen years of service. Harold M. Pierce '19, having completed the unexpired term of the late Moses Buck as Alumni Member on the University's Board of Trustees, was recommended to the Governor and Council for reappointment to this position.

During the afternoon several reunion classes put on well-executed stunts, headed by the impressive Television in Technicolor by 1909. Ferdinand the Bull, staged jointly by 1931 and 1929, was particularly enjoyed by the crowd, 1930's Hill Billy Wedding and performances by 1932 and 1937 rounded out the program. The biggest thing in the stunt line, however, was the parade into the baseball game featured by 1914 A painted elephant, Bolivar, goats, cows, tractors, farm machinery, and alumni, alumnae, wives, and children made up the cavalcade. Inside they proceeded to mix a birthday cake in honor of their twenty-fifth and treat the crowd.

During the ensuing baseball game, the effective pitching of Ernie Redman '38 backed up by such former stars as Rod Elliott '38, Steve Bagley '32, Carl Honer '35, Louie Arnold '29, and Syl Pratt '30 was sufficient to nose out a win over the seniors. Meanwhile, in the audience hall the women were invited to the tea sponsored by the combined alumnae sorority groups of the vicinity. Over one hundred alumnae, wives, faculty members, and guests took advantage of the opportunity for a pleasant afternoon interlude. Guests of honor for the affair were Mrs. William F. Schoppe '08, of Auburn, veteran member of the Alumni Council, Miss Marion Buzzell, of Old Town, member of the twenty-five year class 1914 and for many years well known as a member of the fac-

As a preliminary to Alumni Day the Alumni Council met for its annual session Friday afternoon. The session was one of the most interesting in recent years. Fourteen of the eighteen Council members were present.

Two unusually important committees presented reports during Commencement, one on a Visiting Committee Plan and the other concerning a new University Library building. Leslie E. Little ’04, chairman of the alumni committee to study and if found feasible develop a preliminary plan under which Visiting Committees would be created reported that joint faculty-alumni consideration resulted in a recommendation that Visiting Committees be established. Subsequent action by the faculty approved the plan. The Council approved the recommendations. Details concerning this important action will be published in a later issue.

From the committee on Library of which Harry E. Sutton ’09 was chairman, came a report of their investigation of the situation. The committee could see of no plan whereby the present Library building could be altered, expanded or added to satisfactorily. The five members were unanimous in agreement that a new structure was an immediate need and further expressed the belief and recommendation that alumni would be interested in and willing to co-operate with the University in solving this problem. The Council and subsequently the Alumni Association in annual session voted unanimously to approve in principle the recommendations of the Committee and authorized appointment of a committee or committees to develop plans and present them for action at the next Council meeting.

F. Drummond Freese ’15, as chairman of the Commemorative Plate Committee, reported that orders had been received for 183 dozen plates, far exceeding the early expectations of the committee. It is not expected that delivery can be made before late fall.

By unanimous vote Harold M. Pierce ’19, of Bangor, was renominated to serve as alumni representative on the University Board of Trustees. Mr. Pierce was first nominated about two years ago to fill the unexpired term of the late Hosea B. Buck.

Life Membership
The By-Laws of the Alumni Association were amended to provide for Life Membership dues in the amount of $100 with the restriction that only the income from the money shall be used.

From the Alumni Activities Fund Trustees came the report of receipts and interest amounting to $284.65 during the year ending June 1. The total of the Fund on that date was $3,643.00.

At the new style Alumni Meeting, Dean Arthur Deering ’12 spoke to the assembled graduates on the subject of the College of Agriculture, describing its place in the life of the State and the University.

As a part of the streamlining motif to speed up the annual association meeting, several of the reports were mimeographed and distributed to those attending the session. Included in the bound collection were the following: Alumni Activities Fund, Dues Committee, Executive Secretary, Memorial Building Committee, Treasurer, Memorial Fund Committee, Memorial Fund Treasurer, Necrology, Placement Bureau, and Alumni Association Treasurer. A copy of this set of reports will be sent to any alumni upon request.

U. of M. Foundation Meets
The annual meeting of the University of Maine Foundation, organized to receive and administer trust and other funds for the benefit of the University, was held during the Commencement week-end. Stephen Wheatland, of Bangor, president of the foundation, was re-elected to that office as was Ralph Whittier ’02, of Bangor, to the position of treasurer.

Four new members were elected for the coming year, George T. Carlisle ’09, Curtis M. Hutchins ’29, and Otto Nelson, all of Bangor, and Harry Sutton ’09, of Boston. Directors chosen for the year were Mr. Wheatland, Mr. Whittier, Mr. Nelson, and Mr. Hutchins, of Bangor, and Mr. Raymond W. Davis ’11, of Guilford.

During Commencement, President Hauck announced the receipt of a second payment of $5575 from the estate of the late Charles F. Woodman, of Auburn, making the total amount of the Woodman Fund $11,575. In addition, there was also received a case of 70 fine specimens of Maine tourmalines which will be added to the University geological collection.

The will of Mr. Woodman, who died January 21, 1938, specified that the residue of his estate should go to the University to be used under the direction of the President and Trustees to help “deserving and needy students, especially boys who are desirous of and willing to work and earn an education.” The Trustees voted to use the income from this fund for scholarships to be awarded in accordance with the provisions of the bequest.

Mr. Woodman had never attended or had any official connection with the University which in his will he described as “an institution with which I am familiar and of which I am an admirer.”

Thanks to the interest of the New York Alumni Association a flag of the University of Maine will be flown at the New York World’s Fair along with banners of many other colleges and universities throughout the country. In line with the policy of the Fair officials one day will be designated as University of Maine Day at the Fair.

The officers of the New York Alumni, desirous of having Maine represented at the Fair which among other features is giving prominence to intercollegiate sport events, contributed the two flags required.
AT THE YEAR'S END

THE sixty-eighth annual Commencement exercises of the University saw a total of 305 bachelor degrees awarded in Agriculture, Arts, Education, and Technology to the Class of 1939, newest members of the Alumni Association on Monday, June 12. Prominent among the announcements of the day was the award of the Portland Alumnae watch given to the senior woman contributing most to the University to Ruth A. Pagan, of Deer Isle, and the Washington Alumnae watch for the outstanding man to Dasa E. Drew, of Patten. The Mary Ellen Chase Essay Prize for the year was awarded to F. Clark Thurston, '40, of Bangor.

Seven honorary degrees were conferred by President Hauck at the traditional exercises to leaders in education, science, literature, and business. Recipients were: Gladys Hasty Carroll, eminent novelist of Maine life, widely known for her book "As the Earth Turns," awarded the degree of Doctor of Letters; Lucien Percy Libby, veteran English teacher of Portland high school, the degree of Master of Arts; Paul Taylor White, a native of Bangor and prominent composer and teacher of music, now with the Eastern School of Music of the University of Rochester, the degree of Doctor of Music; Errol Lincoln Newick, '18, prominent worker in Maine Agriculture and Chief of the Division of Plant Industry of the State Department of Agriculture, who received the degree of Master of Science; Lowell Jacob Reed, '07, (M.S., '12), Dean of the School of Hygiene and Public Health at Johns Hopkins and eminent authority on bio-statistics, the degree of Doctor of Science; James Phiney Baxter, 3rd, President of Williams College and this year's commencement speaker, the degree of Doctor of Laws; and Raymond Henry Fogler, '15, recently made president of Montgomery Ward, formerly executive secretary of the Maine Extension Service, the degree of Doctor of Laws.

Class Day

The Class of 1939 also held the stage during Friday, June 9, Class Day. Featured in the traditional Class Day program were Artemus Waitheree, of Bangor, valedictorian, and Clark Kuszy, of Boston, class orator. Miss Andrey J. White, of South Portland, presented the class poem, Frederick Patterson, son of Judge Arthur W., '14, the prophecy for men, and Miss Virginia Maguire, of Portland, prophecy for women Albert Toner, of Lewiston, was chosen class chaplain, and Eunice Gale, of Portland, presented the gifts to women, and Paul Browne, of Bethel, gifts to men.

During the morning, the final class meeting of the seniors was held. Norman H. "Spike" Mayo, '09, of Providence, R.I., was the guest speaker for the meeting, introducing the newest members into the General Alumni Association.

On Sunday, June 11, the annual Baccalaureate exercises were held. "The Final Examination" was the subject of the day's sermon presented by the Reverend Benjamin B. Hersey, Pastor, Congress Square Universalist Church, Portland.

In addition to Bachelor degrees, the University awarded a total of twenty-nine Masters degrees at Commencement, thirteen for the Master of Arts and sixteen for the Master of Science. Among the recipients were thirteen alumni of the University. John C. Caldwell, '28, Stephen A. Griffin, '22, Lucille E. Smith, '21, and Ruth A. Wray, '20, received the Master of Arts degree in Education, Frances H. Babb, '30, in English, Edwin S. Costell, '38, in History, Lillian F. Loveitt, '30, in History, and the Master of Science degree was awarded to Lester H. Smith, '37, in Agronomy, John S. Getchell, '36, in Bacteriology, Hiram L. Smith, Jr., '38, in Chemical Engineering, Howard M. Goodwin, '38, and John H. Lewis, '38, in Economics and Business Administration, and Avery E. Rich, '37, in Plant Pathology.

The citations for the honorary degrees were as follows:

GLADYS HASTY CARROLL: Born up in South Berwick, Maine; a graduate of Bates College; distinguished writer, who interprets the life and character of Maine with affection and understanding, author of three novels, of which As the Earth Turns is recognized as a classic of Maine farm life. In recognition of literary achievements which have won merited praise and have contributed to the prestige of Maine letters, we are happy to confer upon you the degree of Doctor of Letters.

LUCIEN PERCY LIBBY: Born and educated in Maine, a graduate of Bowdoin College; for thirty-eight years a beloved and honored teacher at the Portland high school; endowed with those qualities essential in a great teacher, he inspires in his students an enduring appreciation of English Literature. The Trustees of the University of Maine, wishing to recognize your outstanding services as an effective and devoted teacher, are happy to confer upon you the degree of Master of Arts.

PAUL TAYLOR WHITE: Born and reared in Bangor, Maine; gifted composer, conductor, and teacher of music; a graduate of the New England Conservatory of Music and for several years a (Continued on Page 6)

HONORED: Seven leaders in many fields of activity were honored with degrees by the University on June 12. Pictured above from left to right are Rev. L. S. Staples, of Gardiner, who offered the Commencement prayer, B. E. Chase, president of the Board of Trustees, Dr. James P. Baxter, 3rd, Commencement speaker, given I.L.D., Lucien P. White, Mus.D., President Hauck, and Governor Lewis O. Barrows.
Athletic Board Report

To the General Alumni Association of the University of Maine.

Hereewith is submitted the Annual Report of the representative of the Alumni on the Athletic Board of the University. It has become customary for the retiring alumni representative to submit this report on behalf of the three alumni members of the board, and, inasmuch as I have served on the board for a period of eighteen years, it seems timely to briefly mention the status to which athletics at the University have gradually developed during the past decade.

The growth in size of the student body at the University has, of course, been accompanied by an increase in the number of students participating in athletics. Due, however, to improved playing facilities, to a greater variety of sports, to expanded schedules, or, in other words, to greater opportunities for greater numbers, the number of students taking part in athletics has increased at a rate even greater than the rate of growth of the student body as a whole. There are now approximately eight hundred men, or about two-thirds of the male student body, taking part in the athletic program which is under the direction of the Athletic Board. Ninety per cent of the students take part in the intramural program.

This large and desirable growth in athletic participation has brought about some difficulties as regards proper administration and coaching, since there has been no increase in the executive or coaching staff for a number of years. Conditions are especially difficult in the coaching of the large freshman squads, and in the detailed and wide-spread work of the Faculty Manager’s office. This matter is one of the Athletic Department calls for the appointment, at the earliest possible date, of a full time, year around, well-qualified man, who can coach freshman teams and assist with the tremendous volume of work in the Faculty Manager’s office.

Lack of housing facilities on the campus for visiting teams may soon compel the abandonment of Preparatory and High School meets and tournaments.

During the past year there has been constructed on the north side of Alumni Field a new steel stand on a permanent concrete foundation and enclosed on the sides and back with a tile wall. This stand has a seating capacity of 3,000 and is a noteworthy addition to our athletic plant. New folding bleachers of the best type have been installed on the floor of the Memorial Gymnasium.

During the past year Maine teams won the State and New England Championships in Cross Country and the State Basketball Championship. Maine’s fine record for producing National Track Champions was continued last year when one of our representatives won the National hammer championship. During the last eleven years, Maine has won five individual National championships in track, a record exceeded among the New England Colleges only by Yale and Harvard.

The writer greatly appreciates the honor and the opportunity he has had of serving the Alumni for so many years as their representative on the Athletic Board. The associations with faculty, coaches, students, and alumni have been very enjoyable.

Respectfully submitted,
Clifford Patch ’11

member of its faculty; since 1923 associated with the Episcopal School of Music in the University of Rochester.

Your notable contributions to American music as composer and conductor have brought distinction and honor to your native State. In behalf of the Trustees, I am happy to confer upon you the degree of Doctor of Music.

ERLON LINCOLN NEWDICK: Born and educated in Maine, an alumnus of this university, he has devoted public service to the advancement of Maine agriculture, particularly in the development of the potato seed industry; for twenty-six years a loyal and efficient member of the staff of the State Department of Agriculture, since 1919 serving as Chief of its Division of Plant Industry.

In recognition of your effective services in your chosen field, your Alma Mater takes pride in conferring upon you the degree of Master of Science.

LOWELL JACOB REED: A graduate of the University of Maine in 1907, Master of Science in 1912, and a Doctor of Philosophy of the University of Pennsylvania; teacher of Mathematics at this university and at the University of Pennsylvania; since 1918 a member of the faculty of Johns Hopkins University, where he is now professor of bio-statistics and Dean of the School of Hygiene and Public Health.

In recognition of achievements which have brought honor to your Alma Mater, the Trustees are happy to confer upon you the degree of Doctor of Laws.

JAMES PHINNEY BAXTER, 3rd: Born and brought up in Portland, Maine, a graduate of Williams College, doctor of philosophy at Harvard University; distinguished educator, winning recognition at Harvard as a great teacher and eminent scholar; widely known as an authority in the field of American diplomatic history; trusted and admired leader of youth, now ably serving as President of Williams College.

In recognition of outstanding achievements in your profession, the University of your native State is happy to confer upon you the degree of Doctor of Laws.

RAYMOND HENRY FOGLER: Native son of the State of Maine, exemplifying the best in Maine character and tradition, a graduate of this university in the class of 1915, Master of Arts from Princeton University; ably serving the University of Maine as Executive Secretary of the Agricultural Extension Service, modestly and quietly rising to a place of leadership in the field of business administration, recently selected as President of Montgomery Ward and Company; business executive of vision, fidelity, and courage; loyal friend and devoted alumnus.

Your Alma Mater with pride and gratitude confers upon you the degree of Doctor of Laws.

ulity in the Romance Language Department of the University, and Miss Janie Michaels, of Stillwater, member of the Class of 1883. In charge of the program this year was Mrs. Louise Durgan Hammons ’31, of Bangor.

Alumni Banquet

Feature of the day was the Alumni Banquet in the evening. In addition to the program of speakers starring Raymond H. Fogler ’15, president of Montgomery Ward, Governor Lewis O. Barrows ’16, Dana Drew, Senior Class president, all ably introduced by Paul W. Monohon ’14 as toastmaster, the event featured something special this year in the form of a tribute to President and Mrs. Hauck on the occasion of the completion of their first five years of leadership at the University. Mrs. William F. Schope ’08, veteran alumnae member of the Alumni Council, spoke in behalf of the alumnus in presenting Mrs. Hauck with a tribute for her service and graciousness.

Fred D. Knight ’99, as president of the alumni, then presented Dr. Hauck with the sincere tribute of alumni in the form of funds for the construction of two new units of the Cabin Community so dear to the president’s heart. The sum of $2,000 was the gift of nearly three hundred individuals and represented the deep appreciation of alumni everywhere for the leadership and ability which have characterized Dr. Hauck’s administration.

Nominations!

Nominations are in order for the award of next year’s Alumni Service Emblem, a feature of the fall Homecoming program.

Recipient of the award, based on services rendered to the Alumni Association and the University, will be selected from nominations made by alumni; any alumnus may nominate any person who he believes merits this signal recognition.

The closing date for this year’s nominations will be soon. Name of persons suggested together with a statement of their services should be mailed to the General Alumni Association, 13 Fernald Hall within the next few days.
Alumni Trustee Report

To the Alumni Council
University of Maine
Orono, Maine

It is with pleasure that I submit to you this report for the college year 1938-39.

We believe that this year has been marked with progress, and first let us mention the additions which have been and will be made to our physical plant.

Construction work is under way on the new Girls' Dormitory. Funds for the cost of construction and equipment for this $400,000 building will be obtained from a P.W.A. grant and bank loans. The bank loans will be liquidated over a period of years from income derived from dormitory operations. The new dormitory will provide modern, efficient and attractive accommodations for approximately 160 girls.

Plans for the new Chemistry Building are nearly completed and construction will start very shortly. The Trustees are desirous of obtaining a P.W.A. grant which will aid in relieving the financial burden to the University. This building is urgently needed to supply enlarged space for the instruction of chemistry and chemical engineering. We are confident that, when completed, this building will serve as a useful and attractive addition to our Campus.

A Poultry House, located near the college barns, is also under construction.

The so-called Amis Farm, located near Presque Isle, Maine, was purchased this year. This farm adjoins a University farm which is used for experimental purposes in the raising of potatoes.

A new linotype was purchased for the University Press and repairs to the Press building were made.

A new Soil Mechanics Laboratory was constructed and equipped in the basement of Lord Hall.

At the beginning of the year, the administrative heads of the various faculty departments were confronted with the problem of caring for the largest student enrollment in the history of the University, the enrollment number being 1,876. Despite this large enrollment we sincerely believe that President Hauck and his faculty members are maintaining a high academic standard at the University of Maine.

Faculty appointments and promotions were authorized this year as usual although few major changes in the administrative staff were made.

The summer session of the University was attended by the largest registration on record, there being an enrollment of 641 students.

I think it is of interest to mention the Canadian-American Conference which was held at the University of Maine Campus on June 21-23. President Hauck informed the Board of Trustees that such a Conference was of importance and, through his efforts and the aid of the Carnegie Endowment, this Conference was held. The sessions of the Conference were well attended and enthusiastically received.

The University is continuously endeavoring to cooperate with the State of Maine in the advancement of general welfare and the betterment of conditions in the State. This is evidenced through work being carried on in our new Soil Mechanics Laboratory, the Marine Laboratory at Lamoine, our College of Agriculture Experimentation and Extension work, Chemical and Engineering research, and aid extended to the State in breeding and liberating 30,000,000 parasites to combat the damaging work of the saw fly in our timberland areas.

A new position, that of business manager, was created by the Board of Trustees during the past year. The appointee to this new position is Henry L. Doten, '23, of Augusta, a graduate in Civil Engineering.

The immediate future needs of the University include a Plant Science Building and a Library Building. The Plant Science Building is needed to relieve a congested condition in the College of Agriculture as well as for carrying on advanced work for the protection and preservation of our timberlands. We are in hopes to obtain private funds, if not in full at least in part, for the erection of this building.

The University of Maine has outgrown its present Library. President Hauck, Chairman Chase, and the Board of Trustees recognize, without question, the necessity for this addition to our educational institution. The University does not have funds in sight to carry out the construction of a Library Building. It has been said that the Alumni of Maine has never been a passive body and here is another constructive piece of work that it can do. We hope the Alumni will aid the University in the project of raising funds for this building.

With deep sorrow and with appreciation for the valuable service rendered to the State of Maine and the University of Maine, I wish to record the passing of John Gyger on June 1, 1939. Mr. Gyger was a Trustee of the University of Maine from February 19, 1930.

The loyal support and spirit of cooperation of the Alumni Association and Council during the past year has been gratefully received by President Hauck, Chairman Chase, and the Board of Trustees, and may I express, in conclusion, their sincere appreciation.

Respectfully submitted,
Harold M. Pierce '19
Alumni Representative
Board of Trustees

WATCH WINNERS: Ruth A. Pagan, of Deer Isle, and Dana Drew, of Patten, were this year’s winners of senior watches presented by the Portland Alumni and Washington Alumni, for services to the University. Miss Pagan, a Dean's list student, was member of All-Maine Women, Arts Club, Women's Student Government, President of Contributors' Club, served on Class Committees, and participated in many other activities. Drew, also a Dean's list student, was an outstanding athlete, member of Alpha Zeta, Senior Skulls, Class President, Phi Kappa Phi, and active in many other ways.

WITH THE TEAMS

VARSIY BASEBALL

Colby 6—Maine 1

A fifth inning rally by Colby at Waterville on May 6 broke a scoreless tie and gave the Mules an advantage the Maine nine was never able to overcome. The game, second in the year’s state series contest, saw Paul Browne, of Bethel, a senior, battling against a freshman pitcher for Colby, with honors about even, but inability to hit when needed kept the pale blue from taking advantage of Browne’s hurling.

New Hampshire 9—Maine 0

New Hampshire took the honors at Durham on May 8, holding the visiting Maine nine to their first scoreless game of the season. Strong pitching by the wildcat team and a decided advantage in the use of the bat made the Maine chances few and far apart.

Maine 3—Bowdoin 2

Senior Paul Browne almost made it a no-hit, no-run game against Bowdoin at Orono on May 10, only to see his hopes and almost the game go flying over the right field fence as Melandy of Bowdoin hit for four bases in the ninth. The upset nearly cost Browne the game as Bowdoin scored again to tie at two all in the twelfth, however, pinch hitter Ken Clark, of Fort Fairfield, singled to bring home Sheldon Smith, of Bangor, with the winning run.

Bates 9—Maine 6

Leading by three runs after the first inning, Maine saw Bates rise up in the seventh to batter six runs from the pitching of Art Chick, of Monmouth, and win. A home run by Doc Gerrish, a junior, of Lisbon Falls, and supporting hits gave Maine its first lead. In the seventh, a costly outfield error followed by a triple, a squeeze play, and timely singles contributed to the Bates win.

VARSIY TRACK

State Meet

For the second time since the arrival of Coach Chester Jenkins in 1928 Maine’s varsity track squad had to be content with a second place in the traditional state meet, held this year at Lewiston. A strong Bowdoin squad ran off with top honors with 66 1/2 points, Maine following with 32 1/2, Bates 18 1/4, Colby 18.

New England

Don Smith, smooth running junior from Easton, was the individual Maine star at Durham, New Hampshire, on May 20, as he equalized meet records in winning both the mile and half mile races, but the Maine team finished in a final fifth place with fifteen points. Other scores for Maine were made by Stan Johnson, of Brunswick, and Bob Bennett, of Cranston, R. I., who took second and third in the hammer throw.

I.C.A.A.A.A.

Maine produced a surprise in the shape of smiling sophomore Bob Bennett, of Cranston, R. I., among the nation’s great at New York on May 27 when his throw of 178 feet 11 1/2 inches won the hammer throw with the second best mark in I.C.A.A.A.A. meet history. His great throw, called the best college effort in that event for the year, combined with a fourth in the same event for Stan Johnson and a third in the record-shattering mile run for Don Smith to give Maine a team score of ten. Bennett’s win makes him the fifth national champion to wear the Maine colors.

Maine 15—Bowdoin 4

Maine revenged a previous Bowdoin victory by completely outplaying the Polar Bears at Brunswick on May 24 and left their traditional rivals in the well-known cellar of the state series. Errors on the part of Bowdoin contributed heavily to the result.

Maine 4—Colby 3

The final game of the series saw Maine nose out Colby in one of the best games of the year, played at Waterville on May 27. Drew, playing his last athletic contest for the Pale Blue hit three times, driving in the tieing run in the third and scoring himself in the twelfth for the win. Browne, also playing his final game, pitched effectively to prevent Colby from scoring after the third. The game tumbled Colby’s hopes for a first place tie in the series and left the final standing with Bates on top, Colby second, Maine third, and Bowdoin in the cellar position.

National Champion : ROBERT BENNETT ’41

New Hampshire 18—Maine 0

A decidedly superior New Hampshire pitching staff came to Orono on May 15 and came within one scratch single of going home with a no-hit game, as three Maine pitchers were bowing under a tempest of hits and runs. Ten runs in the first inning by the visitors set the pace for the game which never became a contest after that.

Colby 4—Maine 2

A southpaw freshman pitcher led Colby to second place behind Bates in the State Series at Orono on May 16. With little ability to gather hits when needed, Maine did not seriously threaten. Art Chick, of Monmouth, pitched a capace game but was not quite good enough to match the slants of Colby’s Slattery.

Bowdoin 15—Maine 6

Paul Browne, senior member of Maine’s pitching staff, was generous with walks at Brunswick on May 17 and Ken Clark—who relieved him in the fourth inning—was not much more strict.

Northeastern 6—Maine 5

A close game with the Northeastern team from Boston at Orono on May 20 finally went to the visitors in the ninth in spite of the most impressive display of batting and scoring power Maine had showed for several games. Art Chick, pitching, only allowed six hits, while Maine took nine.

THE HONOR ROLL

For the third consecutive year the Class of 1911 leads the Honor Roll by having the largest number of its members who have paid alumni dues for the last three years. On a percentage basis, the class of 1885 stands first, replacing 1879 which has been the percentage leader each of the past two years.

In taking first honors and thus claiming leadership ever since the Honor Roll was inaugurated, 1911 boosted its "regulars" list from 53 last year to 59, thus completely outclassing 1910 and 1912, neither of which have given it keen competition. Right up to Alumni Day, 1936 was either leading or tied with 1911, but the "eleveners" increased their activity and gained leadership. Following are the high five in number of payments and in percentage.

Death Ends Services
Of Trustee J. T. Gyger

The death of Representative John T. Gyger, of Cumberland Foreside, serving his second term as a member of University's Board of Trustees, occurred on June 1 following several weeks' illness. Mr. Gyger was stricken with a heart attack during the legislative session.

Mr. Gyger was elected a member of the State House of Representatives in 1936 and re-elected in 1938, serving with conspicuous ability. By profession a teacher, his administrative abilities were recognized by his appointment as superintendent of schools for the towns of Falmouth, Cumberland, North Yarmouth, and Cape Elizabeth where he had a record of efficiency and progress during his eleven years of service.

In 1930, Mr. Gyger was appointed by Governor William T. Gardiner as a trustee of the University and has since that time been most active and helpful to the University as a member of the Board. His death is deeply regretted by all connected with the University. The Alumni Association in recognition of his services passed on June 10 a resolution of appreciation to be entered upon the records of the Association.

Washington, D. C., Alumni
held their annual meeting at the home of Mr. and Mrs. Henry Bearce on May 27. The regular feature of Maine baked beans attracted about sixty alumni and friends. For the coming year Marion Lord '27 was elected president with George Hitchings '37 vice president, and Mildred Merrill '13 secretary-treasurer.

New York Alumni
gathered for their annual picnic at Camp Gaw, N. J., on June 3. Horseshoes, under the able eye of A. D. T. Libby '98, attracted the men while the usual Maine baked beans were being made ready. A most enjoyable time was reported by all.

Knox County Alumni
welcomed Dr. Harry Trust of the Bangor Theological Seminary as guest speaker at their meeting on May 16 in Rockland. Twenty alumni and friends enjoyed the visit of Dr. Trust and Alumni Secretary Charles Crossland.

Washington County Alumni
met on May 15 at Eastport with Dr. Joseph Murray '25 and Alumni Secretary Crossland as guests for the evening. Fifty-five members and guests turned out to greet the speakers.

Somerset County Alumni
met on May 18 in Skowhegan. Dean Arthur L. Decering '12 with the Alumni Secretary were guests of honor for the meeting. Fifty-eight members and guests were present.

ALUMNI PERSONALS

Deaths

1898

George W. Lawrence, of Greenfield, Massachusetts, formerly president of the Western Massachusetts Companies, prominent electric utility organization, died May 28 at the Massachusetts General Hospital in Boston. A native of South Gardiner, Mr. Lawrence received his electrical engineering degree in 1898 from Maine.

During his long professional career he worked for the General Electric Company, after a period of service in the Spanish-American War, and with the American Smelting and Refining Company in Mexico, before becoming associated with the group of utility companies in western Massachusetts which later became the Western Massachusetts Companies. He served in this organization in many capacities, including chairman of board of the Pittsfield Electric Company, president of the Turners Falls Power and Electric Company, and chairman of the Board of the United Electric Light Company.

1900

The death of Frank E. Webster, of Providence, R. I., occurred after a year's illness on April 21. Mr. Webster was associated for many years with the Narragansett Electric Company as mechanical engineer. He was active in many fraternal organizations during his life, including his college fraternity Alpha Tau Omega. His death occurred at the age of 61.

1910

Report has just been received of the death of Fay D. Kinney, of Southbridge, Massachusetts. Mr. Kinney underwent an operation in Brookline, Massachusetts, from which bronchial pneumonia developed. Death occurred on April 16.

Class news is rather scarce these days— are you all getting modest and reticent? Please, if you went to the Commencement, write and tell me who was there and what you heard about other '24ers. It's a grand time to gather news. I'm in the midst of whooping cough and don't expect to be able to attend! John L. Townsend is now living at 30 So. Maple Ave, East Orange, N. J. I have just had news of the death of E. Edgar Harris, who received his degree with his daughter in 1924. He has been that valuable a minister, teacher and superintendent, and has lived in Cranston, R. I., since retiring from active life seven years ago. His daughter, Dolores, with Mary Harris Michal, passed her medical exams last summer and is now practicing in Canton, No. Carolina. All this in addition to taking care of two children! Oscar Wyman was co-author of the article "Bacterial Wilt and Soft Rot of the Potato" which appeared in the Extension Bulletin of March. He also assisted in preparing the bulletin on "Seed Potatoes for Growers of Table Stock."

The twelve brothers of Sigma Alpha Epsilon of 1926 have continued a round-robin letter since their graduation. This can be compared with the splendid record of these same brothers while as undergraduates, in that the brothers are pretty well scattered around the country, one in California, Wisconsin, North Carolina, Pennsylvania, New York, two in New Jersey and the other five in Maine. The round-robin has resulted in the determination and promise of all the brothers to gather this year for a reunion. The date is set for late in August and the place somewhere in Maine.

Beulah O. Wells 60 Oak St. Orono, Maine 1927

Dear Classmates:

After giving you all sufficient time to deluge me with news and not getting any, I decided to make a canvass of the Bangor-Brewer area and see what I could do on a person to person appeal. And I found several people in town that I haven't seen since graduation—showing how large Bangor is.

Roy Berry was my first victim. He is still working for Mack Baking Co., living at 166 Parker Street in Brewer, and is kept busy outside business hours by Mary Lou, Constance and Richard.

Mrs. Bockus reported Cuddy as still chemical engineer at the Eastern Mfg. Co. in South Brewer. Suzanne is now 4 year old and they live at 58 Grant Street in Bangor. While we were talking, Cuddy called out and wanted to know if it wasn't time we started thinking about reunion—and you will be hearing more about this ere long. They had no special news of the Daniel Websters, but Dan is still in Moline, Ill., as agent for the Travelers Insurance Co.

Had quite a chat with Eleanor Ford who is busy "at home" at 145 Chamberlain St., Brewer.

Mrs. Samuel S. Goodman of 173 Broadway turned out to be Hilda Friedman and we had a fine time marveling how
William Signey ("Sid") Perham is a physician at New Road, Woodbridge, Conn.
Dr. Louis Cohen is an orthopedic surgeon at 146 Barrett St., Schenectady, N.Y.
Fred B. Savage is located in Old Town where he is practicing dentistry at 10 N. Main St. His residence address is 109 Middle St. During the fall he received his degree from Tufts Dental College.

Arline Palmer was married last December to Mark Bowasher. She is living at 425 D St S.E., Washington, D.C.
Guy Pursell, is Regional Representative for the Keystone Readers' Service with headquarters at 581 Boylston St., Boston. He is living at 369 Summer St., Stoughton, Mass.
The manager of the Narragansett division of the Metropolitan Life Insurance Co. is Don Tracy. Don has been in the insurance business since 1929.
Cecil Harrbine is with the U. S. Treasury Dept., Bureau of Customs and is living in Easton, Maine.
Laurie Merrill is in charge of reforestation of mahogany and is located in St., Croix, Virgin Islands.
Joe Cooper and his wife are announcing the arrival of a daughter, born in April.
I hope you'll all turn over a new leaf this summer, and send in some news this fall.

This month like all others finds our news coming from all corners of New England as well as from Orono.
Ed Merrill is an account executive with Young and Rubicam, Inc advertising agency located at 285 Madison Ave., New York City.
Frances Fuger Northgraves is still connected with the Bureau of Social Welfare in Augusta.
Frances Dow is an interviewer with the Conn. State Labor Dept. Mail will reach her at Box 94, New Haven, Conn.
Linwood Brofee makes the news again, but not for his athletic directorship this time. Under his teaching and leadership the vocational agriculture department of Gorham High School has increased in enrollment from 14 boys in 1931 to this year, or 71 per cent of all the boys registered. This department is now the third largest in the state, exceeded only by those at Presque Isle and Houlton. In addition to the high school classes, the boys have farm projects which Linwood inspects during his summer vacation and during
the past year a night and part-time course has been given for adults.
Beryl Bryant has taken a position as medical teaching supervisor at the Maine General Hospital in Portland. So far I haven’t seen anything of her, but I imagine she shall some day on Congress St. It’s a pretty good place to find "Maniacs."
Vivian Drinkwater was elected chairman of the play reading committee of the Bar Harbor Little Theatre last April.
Charlotte Cleaves, who for seven years has been home demonstration agent in Penobscot County, has been promoted to the position of State Extension Clothing Specialist. As clothing specialist, Charlotte will supervise the clothing work of the Extension Service in the State.
Don Goode has been elected president of the Bangor chapter of the American Institute of Banking at their recent annual meeting.
Also in Bangor is Charlie O’Connor who is coaching track at Bangor High and trying his best to renew interest there in track.
Thanks, Kay Jackson Small, for your card. Information as to Kay’s whereabouts, class, is that she is private secretary to Dr. W. D. Kells, 520 Beacon St., Boston—and is living at 102 Beacon St. Thanks, too, to Miss L’Oulghin for her note informing you all through me that he is not only proprietor of O’Loughlin’s Greenhouses, Florists, 262-266 Mt. Hope Ave., Bangor, but from August 21 to 26 he is to be a busy man at the Bangor Fair where he is Supt. of Exhibits.
And lastly, thanks to you all who have helped out this news-gathering task for the past five years. The arrival of Margaret Alice Stiles on May 12, keeps Bill and me from reunion and not to forget you all personally. In the future, keep up the good work—for I shall want to see your names still in print. As ever for 51.

William Keith is credit investigator for Dun & Bradstreet, Inc. He is living at 43 Mississippi Ave., West Orange, N. J. Winthrop C. Libby and Betty Tryon ’33 were married June 10 at the home of the bride in South Portland. They will reside in Caribou for the summer, returning to Orono in the fall, when Win will take up his duties as Assistant Professor of Agronomy at the University. He was co-author of the bulletin 'Seed Potatoes for Growers of Table Stock' appearing in the March issue of Extension Bulletin.

Lionel A. Maillet’s new address is 123 Water St., Waterville, Maine.

Wheeler G. Stetson is teaching at the F. A. Day Junior High School. His address is 93 Floral St., Newton Highlands, Mass.

The engagement of Harry Paul and Miss Gretchen Brenner, of Boston, was announced recently. Miss Brenner is a graduate of the Hild-Walker School in the School of Arts, and is employed as secretary at Liberty Mutual Ins. Co. The wedding will be in September. It is heard Ruby Vallely is to be Harry’s best man.

Louise Washburn’s engagement was announced recently to Lloyd F. Crockett, state representative from North Haven. Representative Crockett is a graduate of North Haven High School, Bridgton Academy, and attended Bowdoin College. He is at present proprietor and owner of the North Haven Dairy and Pasteurization Plant and is serving his second term in the Legislature. "Washie" has been in summer camp work and also a tea room hostess in Portland and New Hampshire. The wedding will take place in the early fall.

A third engagement was announced this month—that of Lawrence Sweetser to Louise Amelia Williams, a fellow faculty member at Presque Isle High School. Miss Williams, of Tanton, Maine, graduated from Taunton Hall, and was graduated at the University of Maine in the class of 1935. She has taught English and coached girls’ basketball in Presque Isle for the past four years. The wedding will be an event of the early summer.

Well, here I was just about finishing the write-up on Rosamond Cole’s grand job in Paris—when along came the interesting news that Rose had resigned her position on the Paris edition of the New York Herald Tribune to fly to Rome, Italy, to become the bride of Richard Howard, correspondent of the Chicago Daily News. They immediately left, after the ceremony, by motor on a honeymoon trip to "Paris in the Spring—Tra-la, tra-la."

Helen Clements is supervising Home Economics teacher at Mount Holyoke College in Northampton, Maine.

Jack Farnsworth returned my inquiry card, writing "women are the most curious people." Jack is still with the city engineers and is living at 72 Gray St., Portland. Jack and his wife have an eighteen-months old daughter and it is generally believed that the Bowdoin team of 1920 had best take heed. (I’ll pass this last bit of news on to my nephew—Bowdoin may have a real team by then!) Charlie Fobes is in the same office with Jack, and Dick Robinson ’33 is a teller in the Canal National Bank here in Portland. Mr. and Mrs. Robinson have eight-months old daughter, Carol Ann.

Raymond Jackson is living at 23 Silver St., Waterville. I should have written, Mr. and Mrs. Jackson are living there—yes—it was only the other day that I learned "Slagger" had been married for over a year to Miss Bertha Selwood, of Perry. Congratulations. Ray is with the Maine Central Railroad Co.

Bessie Anderson Cox writes that she has been married for three years. Bessie has supplied the pupil in the Machias Congregational Church during the winters and at this time is busily engaged in putting two health clinics in her local community.

Spent a very pleasant evening with Kay and Art Luffkin last week. They’re fine, and are planning to spend the summer at Pine Point, Scarborough, Maine.

Mr. and Mrs. Lyman Cousins, Jr. (Helen Findlay) and Lyman, 3rd, have moved from Vaughan Street to a house overlooking Back Bay—3 Deerfield Road, Portland.

The engagement of Dorothy Blair to John C. Bohnsen, Jr., ’32 was recently announced. Dotty is associate teacher of dancing at Craig’s Dancing Academy. Johnnie is employed by the Maine Central Railroad in the engineering department.

Louise Clement is engaged as an assistant librarian in the circulation department of the Rochester Public Library in Rochester, N. Y. Her address is 38 Alexander St., Rochester, N. Y.
Bob Stubbart is employed as Market Inspector in the Dept. of Agriculture, State of Maine. He is living at 82 College Ave., Waterville.

Mrs. Sherman Pike (Margaret Davis) was recently re-elected president of the Pi Beta Phi Alumnae Chapter in Bangor.

Eleanor Cross is living at 34 Addison Ave., Rutherford, N. J. She is still employed at the Commercial National Bank, 5 Wall St., N. Y. C. Tommy Desmond has a new street address—146 East 5th Ave., Roselle, New Jersey. Eloise Lull is secretary to the president of the Service Life Insurance Co. in Omaha, Nebraska. Her residence address is Fort Crook, Nebraska. Mrs. H. Parker Frost (Phyllis Webster) was recently elected president of the Bangor Junior Woman’s Club.

If any of you hear of any gossip bordering around this summer, please snatch it up and mail it to me as fast as you can. This business of writing your column each month is really a heck of a job! However, please observe that your “bebiche” will have a change in address, after July 15th address the letters, etc. (optimistic) to 39 Falmouth St., Portland, and oh, yes, my name will be slightly altered, too—Mrs. John R. Carnochan after 3:30 p.m., June tenth. Have a grand summer, everyone. Dorothy Findlay Carnochan

19 L. 19

It seems quite fitting that I should be trying to get a sun-bath at the same time I’m writing this column. I remember at Class Day it was prophesied that I would be president of a nudist colony—I’m doing the best I can by spending my two hours off duty out on the back lawn in a bathing suit. It’s fun to think that on Valentine roof coeds are still getting their tans and the engineers find surveying much more interesting in that vicinity. This year has flown on wings and here we are back to reunion time. Even though unofficial our class is going to be there—the lucky ones. Still I’ll be able to get only second-hand news—institutions don’t care much about the nostalgia yearnings of old college graduates—life is cruel sometimes.

Having seen the clippings, pictures, etc. of Rachel Adams wedding, I’m feeling a little older this month. I thought she was going to stick with me but it got her too. Rachel was married May 2nd to Mathaniel Barker, of Presque Isle. Mr. Barker is a graduate of Bowdoin College in the class of 29 and a member of Zeta Psi fraternity. He is now in the insurance business in Presque Isle, Art Hoyt was best man at the wedding.

Another Presque Isle wedding was that of Kermit Crandall on April 3. He married Miss Mary Amalie Rutland, of Williston, Florida. Mrs. Crandall attended the public school of Williston, Fl. the Skyland Girls School at Clyde, No. Carolina, and Bryant & Stratton Business College. She has been employed at the Maine Potato Growers and Shippers Committee office in Presque Isle. Kermit is now in the insurance business in Presque Isle. Another Maine baby is Patricia Lee Varney, daughter of Mr. and Mrs. Lew Varney, The Varneys are living in Lisbon Falls. Patricia was born April 4th.

Lee Ingersoll Black checks her occupation as housewife. Lee and Walter are living on Rosemont Ave. in Portland, Maine.

Carroll Duggin is a chemist with Pratt & Whitney of Hartford Conn.

Any of you driving through East Jaffrey, N. H., this summer be sure to stop at Morris Jud’s restaurant. I’m not collecting from Morris for this bit of advertising, but I believe in boosting Maine.

Mitt Attridge sent a change of address from Rolla, Missouri, to Willow Springs, Missouri. He is in the U. S. Forest Service.

Henry Finks is one of our men in white with an M.D. after his name. He is now interning at Wesson Memorial Hospital in Springfield.

Marion Martin was the principal speaker at the annual All-Maine Women banquet. Miss Martin is a good example of the things which "All-Maine Women" represent. We do not often boast such famous members.

From now on until next September, I’m going to start a campaign to check up on many of the members of our class who have not appeared in print for some time. I’d love a little help, so any bright thoughts and choice bits could be sent to me at 220 Fisher Ave., Roxbury, Mass. I want lots and lots of news to make up for the scarcity I’ve had this spring. Maybe you’ve all had picnic fever, I know I have. See you in the fall.

Peanut Dunker, R.N. 220 Fisher Ave.
Roxbury, Mass.

1935

Another June, and we are the ancent of 1935. Four years have passed quickly, yet everything that has happened has made a new era in our lives. This is really not wishful thinking about yester-year, but just pleasant reminiscing. We must start another year of being alumni by telling you about all the prodigies of 35 who will carry on!

Joe Connors is now Daddy to a daughter, Joan. Ann and Joe showed their ingenuity in naming the baby; she is Jo Ann. Congratulations! Joe is superintendent at the Farmington Shoe Factory in New Hampshire. Mr. and Mrs. Oscar Fellows, Oscar and Angela Johnson '37, have a daughter, Rebecca. Oscar is practicing law and has an office at 6 Columbia Building, Bangor, Maine.

On April 23rd at Rockland, Dick Stoddard was married to Virginia Leach. Mrs. Stoddard attended Ballard Business School and has been employed as a secretary. Dick is a salesman for St. Clair and Allen, of Rockland. Dick and Virginia are at home at 6 Talbot Avenue. Bob Bucknam was married on April 15th to Miss Virginia Ann Campbell, of Hutherford, N. J. Mrs. Bucknam is a graduate of Montclair State Teachers College and Bob is District Forest Ranger in the U. S. Forest Service, located in Dubois, Wyoming. Charley Bicknell was one of the ushers at the reception.

The engagement of Christine Homer to Marshall Crandall, of Oakfield, has been announced. Christine attended the Normal School of Social Work after she was graduated from Maine, and she is employed by the State Bureau of Social Welfare in Skowhegan. Mr. Crandall is a graduate of Farmington Normal School, and he is principal at the Oakfield Grammar School. The wedding will take place in the early summer.

Dick Gallop is with E. B. Badger and Sons, of Boston, and living at 18 Cedar St. in Wakefield, Mass. Oscar Taylor is living at 57 Bangor St., Augusta, Maine, and Fred Roberts is living at 36-44 143rd St., Jamaica, New York. Maybe now that we’ve located them, we can find out what’s happening to them all.

I’d like to suggest that the house corresponding do a little checking up for us and send a list to me of the ‘3ers from each house; what they are doing and where they are.

Bill Farwell is teacher of Vocational Agriculture at Greeley Institute, and is living at Cumberburn, Maine. Randolph West is employed by the Soil Conservation Service at Presque Isle. Dean Bailey is Assistant Horticulturist at Tennessee Agricultural Experiment Station and is living at 143 Underwood Place, Knoxville, Tenn., and Clayton Tolman is an officer in the United States Marine Corps—Commanding Officer of the Maine Detachment at the U. S. Fleet Training Base at San Clements Island, California.

Elmer Randall has been visiting at both the San Francisco and the New York Fairs. Elmer is traveling east and to Maine for the first time in 25 months.

Marge Church Homer and Carl are living in Bangor now. Carl was transferred recently to the insurance Agency of the American Mutual Life Insurance Company from Portland, and he is manager of the Bangor Branch Office.

The engagement of Phil Lamb ’35 to Miss Norma Maxine Gillis, of Augusta, has been announced. Phil transferred to George Washington University Law School, from Maine, and he is now city solicitor of Gardiner; Miss Gillis has been employed with the engineering department of the New England Public Service Co.

Ray Wallace’s engagement to Lawrence C. Currie, of Portland, has been announced. Ray is assistant dietitian at the Maine Eye and Ear Infirmary in Portland.

On February 18th, Dick Barstow was married to Miss Hilda Elizabeth Gray, a teacher in the Auburn schools. Well, I seem to come to the end of all the news. So, a very pleasant summer to you all, and if you’re driving through Biddeford, I’d love to see any one of you ‘3ers.

Agnes Crowley 50 Western Ave.
Biddeford, Maine

1936

Here it is June again and our third year out of college. Are you beginning to feel old? I do sometimes when I hear of the engagements, marriages, and births which are taking place. I hope doesn’t have that reaction on you, because I have quite a few of each for you this month.

Lee Dorr’s engagement to Kenneth Wiley, of Glendale, Calif., was recently announced. Mr. Wiley was graduated from the Los Angeles schools and the Curtis-Wright Institute of Aeronautical Engineering, in Glendale. He is now employed in the engineering department of Vega Airplane Co., a subsidiary of Lockheed Aircraft Corp. of Burbank, Calif. They plan to marry in the early summer in California where they will reside.

Ev Tracy, who trained in the Eastern Maine General Hospital in Bangor after leaving Maine, is engaged to Dr. William A. Purington ’27, of Bangor. Dr. Purington is also a graduate of Tufts Medical School. He is engaged to Miss Sarah at Potawket (R. I.) Memorial Hospital, three months at Charles V. Chapin Hospital in Providence, and three months at the E. M. G. Hospital in Bangor. He began private practice in Bangor in 1935. He is a member of the M. G. H. medical staff and of the National Board of Medical Examiners.

Chester Smith is engaged to Miss Lona Martin, of Amherst, Mass. Miss Martin is a branch and children’s librarian of the Jones Library, Inc., having been engaged in this work. Chester has one of those complicated titles which I have spoken about before. It is, Assistant Agric. Economist, Dairy Section, Division of Marketing, Agreements, Agriculture Adjustment Administration, U. S. Dept. of Agriculture.

Now we come to the weddings. Richard Higgins was married to Miss Marjorie Goode, of Bangor, on April 15. Marjorie graduated from Bangor High and attended Maine for one year. Richard is a general agent of the Union Mutual Life Ins. Co. with headquarters in Bangor. They will reside at 427 Essex Street, Bangor.

Don Rollins and Miss Constance Fiske were married on April 18 at St. Joseph’s Church (parents Reggie and Dot Naugler, of Brewer) and John Francis Murphy, son of Mr. and Mrs. Leo Murphy, also of Brewer.

And we now come down to the business world.

Catherine Delaney is teaching commercial subjects in Oxford High School. Gerald Beverage is an appliance service man for the Central Maine Power Co. at Damariscotta.

J. Clifford Lynch (can that be Dan?) is employed by the A. & P. Tea Co. in Boston, Mass. He is in the Fish Division, wholesale merchandising dept. Donald M. Brown is a Highway Construction Junior Engineering Aide in New Haven, Conn.

Carolyn Currier, retiring president of the Bangor Junior Women’s Club, was presented a gold bracelet in appreciation of her splendid leadership of the group from its inception a year ago.

And so ends another year—Please do a lot of exciting things this summer and write and tell me all about them so that we may start the ’36 class off with a bang next fall.

Phyllis Hamilton Webster 338 Pine Street

Ralph Wentworth has received a graduate scholarship to study at Harvard for next year. He has been teaching at Monson Academy.

K. Stanford Blake was appointed secretary of the Dexter Chamber of Commerce. He has been doing journalistic work until now.

Another marriage that I haven't written of is Wendell S. Brewer, who was married to Ruth Knight, of Phillips, in April. They are living in Dexter, Maine, for the present.

Best wishes for Elizabeth Story Hoyt 29 Maple Ave., Farmington, Maine.

1938

Barbara Brown and George Roundy were married April 8 in the Methodist Episcopal Church in Wollaston, Mass. The ceremony was performed by Rev. Sawyer of that church. Barbara has been living in Bath, Maine, and Wollaston, Mass., since graduation and George is working for the Massachusetts State Forestry Dept. Johnny Gowell has a message for you all—

At the annual alumni banquet last Saturday night, our class received special recognition during the presentation of two thousand dollars to the Hauck five year gift fund, for having had more contributors toward this amount than any other class. Fine spirit, '38ers. Keep it up!

If you all could have been back this year you would have found greater class spirit prevailing on Campus than you've ever dreamed of before. Everyone had a grand time this year, but I'm predicting that the '38ers are going to have a grander time next year, so let's all be making up our minds to attend our first reunion next June. Plans are rapidly taking form and we'll guarantee there will be plenty of fun for all.

While on this subject, I'd also like to mention that a new cup, to be known as "President's Cup," is to be awarded next Commencement. So, let's walk off with this cup, too. It will be no easy job, though, for there are many of the classes that think they can beat us.

Last, but not least, let's plan on a get-together next fall at Homecoming. We can have special tables at the Lunch-on just before the Bowdoin game and can get together in the morning at the M.C.A. and make some reunion plans.

I'll be there if you will and I'll have to come 430 miles. See you in the fall.

Johnny Gowell

John's address is changed to Old Mill Place, Trumbull, Conn., where he is living with seven other fellows.

By special arrangement with the plate manufacturers it has become possible to extend the final date for First Edition Maine plates to June 30. All orders, therefore, received on or before this day will bear the distinctive identifying backstamp marking each plate as a “first”—a mark of real historic value, and a distinction never again available.

Production of Maine’s “Memory Plates” will be undertaken immediately after the close of the First Edition date and it is hoped that plates will be available for shipment in the late fall in time for Christmas use. A set of Maine plates will make an appropriate Christmas gift for a Maine alumnus. Remember that plates can now be ordered in less than half-dozen lots. Orders are now being accepted for one or two or any number of individual plates at a price of $1.50 for each plate, payable at the time of ordering. And these too will be First Edition until June 30.

To be sure of First Edition plates your order should be sent at once to the Alumni Office, 13 Fernald Hall, Orono, Maine. Just mark the number of plates wanted and pick out your choice of center designs on the order blank below. Prices are: $15.00 for twelve, $10.50 for eight, $8.00 for six, or $1.50 per plate for less than six, plus express charges collect from Boston.

General Alumni Association, University of Maine, Orono.

Please reserve for me . Maine Plates. I enclose deposit of $ . I shall pay the balance when Plates are ready for delivery. (Deposits: for one dozen, $5.00; for eight, $4.00; for six, $3.00; for less than six, price of $1.50 per plate payable with this order.)

For color I prefer: __________ Staffordshire Blue __________ Green

I wish the following center designs (please indicate number of plates of each design):

Alumni Hall __________ Library __________ Winslow Hall
Alumni Memorial __________ Stevens Hall __________ Coburn Hall
__________ Merrill Hall

The Chesterfield glove, created by New York's smart designer Merry Hull...

Original and different too is Chesterfield's way of combining the world's best tobaccos to bring out the finer qualities of each. It's the Chesterfield way and that's why Chesterfields are milder than other cigarettes. They also have a better taste and more pleasing aroma. Chesterfields really satisfy.
