UNRESTRICTED ANNUAL OPERATIONS
FY2015 1st Financial Forecast**

The FY2015 UMS budget is \$137 thousand and includes budgeted campus operating losses of \$11.459 million offset by the utilization of campus reserves (\$1.599 million) and the Budget Stabilization Fund (\$9.997 million).

As of November 30, 2014, the UMS projected an unrestricted operating loss of \$14.172 million before the utilization of any reserves. This projected loss included the current \$4.123 million loss in temporary investment income as compared to budget.

Major factors impacting the year-end results:

- The temporary investment income budget is \$3.0 million. UMS lost \$1.123 million net of expenses and transfers for a total budget-to-actual negative variance of \$4.123 million. This forecast reflects only the loss realized thus far and does not include any projections for future gains or losses.
- Average UMS FTE enrollments for Fall 2014 were 3.4% (772 FTE) below budget. Enrollments were above budget at UMFK (1.1% or 9 FTE) but below budget at the remaining universities with UMPI experiencing the greatest percent variance (20.3%).
- Average residence hall occupancy for Fall 2014 was 3.4% (210 students) below budget; occupancy at each university was below budget with UMPI experiencing the greatest percent variance (12.3%).
- UMaine budgeted a \$900 thousand loss and requested Budget Stabilization Fund (BSF); however, UMaine is currently projecting positive operating results and will not need to utilize the BSF.
- UMA is projecting a loss but has sufficient reserves to offset; UMF is projecting a lesser loss than budgeted and still plans to offset with their reserves.
- UMFK & UMM had budgeted losses and requested BSF; currently their combined losses are projected to be \$296 thousand greater than originally planned.
- UMPI had originally projected a loss of \$1.009 million. Due to lower enrollments than originally planned, UMPI's projected loss has increased by \$2.117 million to \$3.127 million and would eliminate their E&G and Auxiliary reserves.
- USM budgeted a \$7 million loss and requested BSF to offset; USM is still projecting a loss that would result in the utilization of the \$7 million in BSF.
