Biographical / Historical

The University of Maine has provided undergraduate education in social work and social welfare since the 1950's and began offering the BA degree in Social Work in 1972. The BSW program was granted initial accreditation from the Council on Social Work Education (CSWE) in 1979. The graduate program leading to the Master of Social Work degree was approved by the Board of Trustees in 1987. The University of Maine's School of Social Work (formerly Department of Social Work) was formed on July 1, 1989. The School is based in Annex C and offers fully accredited BSW and MSW degree programs.

Much of the material in this record group appears to have come from William H. Whitaker, University of Maine associate professor of social work. William H. Whitaker led the Maine Community Childhood Hunger Identification Project (CChip), a study of childhood hunger in Maine (1991-1993). The effort was a collaboration with the Margaret Chase Center for Public policy and the Maine Nutrition Council. In 1996, the CChip effort resulted in the creation of the State of Maine's Blue Ribbon Commission on Hunger and Hunger and Food Security which Whitaker served on. Whittaker was also a founding

member of the Maine Coalition for Food Security and national planning member of the Medford Declaration to End Hunger in the United States.

Whitaker was co-principal investigator on a grants for Interdisciplinary Training for Health Care in Rural Maine and an advisor for an exchange program between the University of Maine and Kharkov University in Ukraine which was part of an agreement signed by the two universities in 1988. Whitaker was also a member of a number local, regional and national groups related to social justice, particularly related to peace and non-violence and welfare reform.

Accruals from the University of Maine Department Of Social Work are anticipated.

Appraisal

The processing archivist appraised the records and destroyed duplicate items. Material not considered appropriate for permanent retention in Fogler Library's Special Collections were destroyed, including: material already held by Fogler Library, information regarding individual students and staff which should not be permanently retained, and miscellaneous reference material.

Conditions Governing Access

Kept at Fogler Library's offsite storage facility. One week's notice required for retrieval. Generally only records older than 30 years are accessible. Personal identifiable and sensitive information will be redacted before release.

Conditions Governing Use

Information on literary rights available in the Raymond H. Fogler Library Special Collections Department.

Processing Information

Processed by volunteer Matthew Revitt, August 2019, Raymond H. Fogler Library Special Collections Department. Processing involved a collection survey and the creation of this finding aid. Material was rehoused into appropriate archival folders and the boxes and folders numbered and titled using information from ArchivesSpace. Space saving made from destroying duplicate copies of and material not appropriate for long-term preservation and grouping material on the same subject meant the contents of the boxes could be assimilated into ten boxes, instead of the original 11.
