# THE NEW ART GALLERY

WITH the remodelling this summer of the upper floor of the south wing of Stevens Hall, home of the Arts and Sciences College, the University became the proud possessor of an attractive, large, well-lighted gallery for the housing of its collection of some seven thousand art objects, and a dream of over thirty years standing became a reality. For the new Art Gallery is, more than anything else, the culmination of the hopes, the inspiration, and the loyal work of one man, Professor John Homer Huddilston, Professor of Ancient Civilization and Art History, familiarly known to Maine students since 1900 by the friendly nickname "Paddy."

Toward the creation of such a gallery of art as the present space provides, Professor Huddilston has been quietly, painstakingly working for thirty-seven years, and the history of this ideal is largely the history of the one man at the center of the University's art activities. In 1900 in the former Mount Vernon House was founded an organization known as the University Guild. Its first president and its guiding hand was the newly appointed Professor of Greek, Mr. J. H. Huddilston of the recently created Arts and Sciences College. Its membership was made up of faculty members and interested citizens of neighboring communities.

The purpose of the University Guild, as outlined in its original constitution, was "to arouse and promote interest in the study of art and to collect copies, originals, and reproductions of representative works of art." Its first collection item was the gift of six photographs from President A. W. Harris. From this modest beginning the Guild began the ambitious project of creating an art collection for the University and the public. Its membership grew to over one hundred and fifty persons and from its modest dues and donations Professor Huddilston was able to accumulate approximately one thousand dollars for the early development of the collection.

The exhibits obtained were first housed in the former gymnasium, made available by the construction of Alumni Hall, the building now occupied by the University Press. The organization flourished until 1904, when upon the completion of the present Library, the collection was removed to that building.

## Later Growth

Occasional appropriations by the Trustees and donations from interested friends allowed additions to be made to the modest collection which grew steadily, if slowly, through the years. The greatest single contribution to the art equipment, however, was made possible through the efforts of President Hauck and Professor Huddilston in 1935 when they were enabled to obtain a donation from the Carnegie Corporation for the Advancement of Art, a gift consisting of 2200 photographs, fifty color reproductions of modern paintings, and a number of costly and valuable books. This grant brought the University's facilities up to their present size, a collection valued at approximately \$10,000, with almost no cost to the University or the state.

PROF. J. H. HUDDILSTON  
His Dream Became a Reality

And last year, a special appropriation finally made possible the new gallery to give an adequate display to the collection. And so at last, in the present Art Gallery, the dream started thirty-seven years ago by the University Guild with a donation of six photographs has become a reality.

The collection now displayed in the new rooms consists of color reproductions, casts, statues, and photographs designed to cover the development of western art through the ages. The general arrangement of the gallery is quickly appreciated by the casual visitor. Lateral screens at right angles to the side walls divide the long main room into a series of alcoves symbolic of national frontiers; in addition there are six main ages represented in progression from the left of the entrance door, starting with the Pre-Greek, through the classical period, and the middle ages. The great, deep-toned masterpieces of the Italian Renaissance cover the end of the room, dominated by five large, framed reproductions of some of the best known works of Raphael. The right-hand wall carries the visitor down through the later centuries of European art to the moderns. In addition to this main exhibit, the gallery includes a secondary, smaller room devoted to some examples of Moorish architecture and to American art, past and present.

## Travel Exhibits

The values of the art collection, moreover, are being extended beyond the confines of the University. Not only are visitors welcomed to the actual gallery at all times, but a representative selection of masterpieces has been prepared for circulation to interested community organizations throughout the state. Carrying out the ideal of a State University, the College of Arts and Sciences is thus enabled to participate in and add to the cultural life of the people. This extension service comprises a set of thirty pictures, mostly in color, giving a swift survey of art through the ages, and offered without cost for community exhibition, except for the small shipping charges. Already many bookings for this travel exhibit have been arranged and some portion of the wealth of the world's art is being made accessible to the public in places where little other

# Alumni Return for Seventh Homecoming

## Track Stars Honored---Hamlin '73 Receives Service Emblem

WITH slightly over four hundred enthusiastic alumni and faculty members participating in the noon Luncheon just before the big game against Bowdoin, the seventh annual Alumni Homecoming program came to a successful and enjoyable termination November 6. Sixteen holders of University track

sity discus record, replied on behalf of the record holders to Dean Corbett's tribute. In a very effective, brief speech, Bill gave praise to the team work and spirit of Maine's track men through the years and their contribution to the outstanding track history of the University

### Service Emblem Awarded

At the close of the speaking program, Fred D. Knight '09, president of the General Alumni Association, made the annual award of the Alumni Service Emblem, given each year to a member of the alumni body selected by vote for outstanding service to the alumni association and the University. The recipient this year is Professor George H. Hamlin '73, of Orono, long an active member, officer, and worker for the alumni, first president of the alumni association, and for many years identified, both by work and interest, with the University. He entered the service of the University following his graduation in 1873 a member of Maine's second graduating class, and served on the faculty for twenty-five years, as Instructor, Professor, and Head of the Department of Civil Engineering. He also served as Librarian for ten years and as treasurer of the college.

True '26, George Cahill '26, Frederick Chandler '28, Bernard Berenson '30, Earle Gowell '30, Francis Lindsay '30, Emerson Stymiest '30, Freeman Webb '33, Joel Marsh '35, Donald Huff '36, Roderick Mullaney '37, and Alton Bell '37; the students being honored were John Gowell '38, Waldo Hardison '38, Sidney Hurwitz '38, and William McCarthy '39.

To these honored guests, Dean Corbett paid tribute, name by name, as the assembled alumni and faculty responded with applause. The selection of Dean Corbett for the speech of tribute was most fitting, as this year he serves his twenty-fifth year in the work of the University as Head of the Department of Animal Industry and as Dean of Men.

EARLE GOWELL '30  
He Spoke for the Guests

and field records were able to be present in person from the total list invited as Guests of Honor. To assist in the program of tribute to the track stars, Governor Lewis O. Barrows '16, President Hauck, and Dean Lamert S. Corbett were headline speakers for the luncheon. Earle "Bill" Gowell '30, holder of the Univer-

### Guests of Honor

Twenty-seven alumni and four undergraduates, all living holders of University records in field and track events, were invited back as special guests of honor for Homecoming. A total of sixteen were able to accept the invitation; the alumni guests returning were William

PROF. G. H. HAMLIN '73

THE GUESTS OF HONOR—MAINE'S RECORD HOLDERS

Left to right: Joel Marsh '35, Waldo Hardison '38, Sidney Hurwitz '38, William McCarthy '39, Alton Bell '37, Frederick Chandler '28, Emerson Stymiest '30, Bernard Berenson '30, Roderick Mullaney '37, Freeman Webb '33, Francis Lindsay '30, Donald Huff '36, William True '26, George Cahill '26, Earle Gowell '30.

In spite of unfavorable weather Saturday morning, the returning grads voted the program on the whole a great success. With the rally Friday evening at 6:30 the tone of the week end was set as one of optimism, enthusiasm, and spirit. Everyone who braved the rain enjoyed the freshman football battle with Bridgton in the morning, a scoreless tie, and alumnae saw the undergraduates win the annual field hockey game. And the spirit and the enthusiasm, started Friday night, carried right through the luncheon to the football field where hundreds of delighted old grads saw Bowdoin battled to a standstill by an inspired Maine eleven. Yes, it was certainly a successful Homecoming.

# SENATOR MARTIN OF MAINE

**L**EGEND has it that when Miss Marion Martin '35, of Bangor, was first told over the telephone that the Republicans of Maine wanted her to be a candidate for nomination to the State House of Representatives she thought someone was playing an April Fool's joke. The subsequent developments of her brilliant political career have amply proven to all, and particularly to her political opponents, that her candidacy was far from a matter for mirth. Her forceful and effective campaign in 1930 brought her election to the House in 1931; re-elected in 1933, she campaigned next for the State Senate and in 1935 was elected, a rare honor for a woman. She entered her second Senate term this year. But greater honors were in store for the popular and successful legislator; during the spring of 1936 she was appointed a member of the Republican National Committee from Maine, one of the most responsible political positions in the state, and in the summer of 1937, during her second term as a State Senator, she was selected by National Chairman John Hamilton as his assistant in charge of the organization of women's activities in the national campaign.

Miss Martin, thirty-seven years of age, has been for some time justly regarded as one of the leading women politicians in the state; her new honor, however, gives her title to a broader classification and, by her appointment to one of the most important positions in the organization of the Republican party in the country, this alumna of Maine takes her place among the nation's leading women.

## A Senator at College

Miss Martin came to the University Summer Sessions of 1933 and 1934, and attended the regular sessions of 1934 and 1935 to complete her undergraduate work begun several years before at Wellesley. Originally her ambition had been to prepare for work in the field of chemistry; after graduating from the public schools of Kingman, her birthplace, and from Bradford Academy, she entered the Massachusetts college. Illness, however, necessitated a break of eight years in her schooling. After her successful campaign and election to the Maine Legislature, however, she felt the need of completing her undergraduate work in preparation for the study of law. She took up her work, therefore, in the University while an elected Representative, probably the first state legislator ever to grace the college halls as an undergraduate. She was graduated with the class of 1935 with a B.A. degree in Economics. In the spring of her senior year she was elected to membership

in the Phi Beta Kappa honorary scholastic society.

Part of Miss Martin's ability as a leading woman politician is her facility in meeting and assimilating the details of problems not previously encountered. When she was first nominated for election, she admits that she was frightened

MARION E. MARTIN '35  
Now a national Republican leader

at the prospect, for her previous experience in politics had been limited to attendance at rallies and discussion at home. Nevertheless, with characteristic directness she entered the campaign and was one of the leading vote winners on the Republican ticket. She was willing to listen and learn during her first term and that she learned rapidly and well is proven by her subsequent activities. She was made a member of the important Legal Affairs Committee during her first term, the only woman on the committee, and in spite of the fact that she had no legal training she proved so capable that during her second term she was made chairman of the group, one of the most powerful of the committees.

## Legislative Activities

The ability, tact, and leadership which Miss Martin has evidenced in her career have brought her into the forefront in many valuable legislative activities. One of her endeavors has been the establishment of a state Civil Service commission, for which she sponsored a bill in 1936. She also served as chairman on the state prison committee which had the duty of investigating the penitentiary at Thomas-

ton. The report brought in by her committee was subsequently proven to be unusually accurate and timely.

The respect and affection felt for her by the other members on the legal affairs committee with which she was several years associated was indicated when in 1935 the committee officially extended its congratulations on her election to Phi Beta Kappa and gave a banquet in her honor both for this scholastic achievement and in recognition of her valuable services. She is recognized, both in these committees and in the Legislature as a whole, as a hard fighter for the measures in which she believes and also a good loser in the few instances in which she has to admit defeat.

## New Fields to Conquer

The choice of the Maine Republicans when, after much debate, they finally gave to Miss Martin the coveted and important role of National Committeewoman in 1935, has been shown a most wise one.

Her new position will take Miss Martin pretty well all over the country. Her responsibility will be primarily the organization of Republican women from the precinct organizations up in order to reduce duplication and inefficiency.

Miss Martin is regarded as a very fine legislator. She is very active and is popular with her co-workers as well as with the voters. She is friendly and diplomatic but has ideas of her own for which she is willing to fight. Also she is, of course, a very loyal Republican. The brilliant success with which her previous work has been conducted gives ample belief that she will more than fulfill the expectations of her friends in accomplishing the new objectives which have been set up for her.

## Honor Roll to be Published

Next month the *Alumnus* will again carry the Honor Roll of Dues Payers, as voted by the Alumni Association last year. This list will consist of all alumni who have paid their dues for the last three years consecutively, including this year. An early payment of this year's dues will assure regular payers of inclusion on the Roll.

## NOTICE

Word has just come through as the *Alumnus* goes to press that the University will put on a short wave radio program over Station W1XAL, Boston, from 7:45 to 8:45 p.m., December 15. The program will be sponsored by the World Wide Broadcasting Foundation.

# Roland Stevens '14 Elected President of Maine Teachers

Roland E. Stevens, a graduate of the University in 1914, and now as Principal of Lincoln Junior High School of Portland one of the leading secondary school educators in Maine, received the honor of being elected to the presidency of the Maine Teachers Association at their annual meeting in Portland on October 29. This recognition of Mr. Stevens' leadership in educational work comes as a fitting tribute to the successful work he has done at Lincoln Junior High School since his appointment as its first principal in 1924.

Under the direction of Mr. Stevens the Lincoln Junior High has established a high reputation in the school system of the state. Many activities have been encouraged by him in addition to the curriculum of studies which have been designed to encourage student initiative by actual participation. Ever since the beginning of the school, the assemblies, for instance, have been famous. Students acting as chairman, speakers, and otherwise participating in the actual public appearances of the assemblies have made them a real training ground. A school paper has proved another means to provide pupils with actual experience in practical undertakings. The acknowledged inspiration of the progressive leadership of the school is Mr. Stevens, who, in his capacity as principal, has been the guiding hand in its growth.

As an undergraduate Mr. Stevens majored in botany and participated in various campus activities. He has always been interested in athletics, having played class basketball and football, and served one

While President Roosevelt watches with interest, Frank Banks '06, Construction Engineer at Grand Coulee Dam, points out progress. (Courtesy of Engineering News-Record)

ROLAND E. STEVENS '14  
Maine's Teachers Chose Him

year as captain of his class basketball team. He is a native of Belfast. His education did not stop with his graduation in 1914 for he has attended summer schools at the University and at Bates, and taken extension work from Harvard in the chosen field of his life work. His ambition to be a teacher arose, he says, during his senior year at the University, when he did some tutoring.

Immediately after graduation from the University he entered the work of his choice as principal of Franklin High School, Franklin, Maine, where he remained until 1917 when he took a similar position at Southwest Harbor. From 1918 until 1921 he was Superintendent of Schools at Ellsworth, a union including Surry and Dedham. His work carried him to Portland in 1921 where he has remained ever since, first as teacher of chemistry at Deering High School and then in 1924 in his present position.

He had already served as president of the Cumberland County Teachers Association in 1933 and 1934, and is president of the Lions Club. He serves also on the Board of Directors for the Portland Boys' Club and is a member of the Portland Teachers Association and the National Education Association.

Mr. Stevens' election to the leadership of the state Association, a position of responsibility and importance, is a well deserved honor to one who has made vital contribution to the great work of education in Maine.

## Alumni Council Holds Fall Business Meeting

The annual fall meeting of the Alumni Council of the General Alumni Association was held Saturday, November 6, with twenty officers and members of the Council present. This attendance was one of the largest in recent years.

After the introduction of Norman H. Mayo '09 and Andrew J. Beck '13, new members of the Council, the treasurer and dues committee reports were received, which reports showed some progress over last year on similar date.

The Council approved the plans of the Commemorative Plate Committee and authorized a test order to determine alumni interest in this project.

A revised plan under which the Alumni Activities Fund will operate was adopted. This new plan provides that members of the reunion classes, beginning in 1939, will be asked to supplement their regular alumni dues and the amount in excess of the dues will be credited as the class gift to the fund.

By vote of the Council there will be more activity during the coming months on the part of the Memorial Fund Committee in making collections to retire the \$19,500 indebtedness on the Gymnasium.

An important action approved by the Council upon recommendation of the Executive Committee was the limitation of the length of service of any alumnus on any committee, board, or council having rotating membership. This plan which becomes effective next June will automatically retire from such rotating groups any person who has served four consecutive terms or about twelve years. This action seeks to make greater opportunity for more alumni to serve the Association and the University and to make way also for younger alumni to participate in deliberations.

Another important action by the Council was the approval of a plan whereby, beginning with the next fiscal year, alumni husbands and wives will be given opportunity of having combination alumni dues for the two at a lower rate than two individual dues payments. In connection with this action, it was voted to increase the subscription price of *The Alumnus*.

Those who attended were: Fred D. Knight '09, president, George D. Bearce '11, vice president, Maurice D. Jones '12, Paul D. Bray '14, Mrs. H. N. Robbins '19, Mrs. Merrill Bowles '21, Richard E. McKown '17, Arthur L. Deering '12, Harold Cooper '15, C. Parker Crowell '98, Harry E. Sutton '09, F. Drummond Freese '15, Andrew J. Beck '13, Raymond E. Fogler '15, Norman H. Mayo '09, Hazen H. Ayer '24, Walter H. Burke '06, Harold M. Pierce '19, Philip J. Brockway '31, and Charles E. Crossland '17.

# CAMPUS EVENTS

In the annual class elections, John Gowell, South Portland, track and football star, and class leader, was elected president of the Senior Class. Other senior officers were Ernest Reidman, of Auburn, vice president; Mary Deering, of Orono, secretary, and Edward Sherry, of Portland, treasurer.

Presidential honors for the junior class went to Paul E. Browne, of Bethel, for the sophomore class to Richard Dyer, of Portland, and for the freshman, Charles Arbor, of Rumford.

The crack band of the R.O.T.C. unit at the University this month won top honors in the first intercollegiate competition ever held within the state between the four colleges. The competition was staged before the opening of the Colby-Bates football game at Waterville on Armistice Day. Each band, represented by forty players, was rated on playing ability and precision. The Maine band, under direction of Edward Brarmann '37, was presented a loving cup by Gov. Lewis O. Barrows '16, for its performance. The playing and marching of the Maine band has been a feature of the football season for several years and has aroused considerable favorable comment.

At a very interesting evening assembly on November 2, Dr. George Roemmert presented the Microvivarium, a projection of minute organisms through a microscope onto a screen where their actual living actions may be observed. An enthusiastic crowd of students, faculty members, and townspeople found the illustrations and the accompanying lecture most interesting.

The annual Armistice Day Assembly featured John Kirkland Clark, prominent lawyer and public figure, as main speaker. In a plea for clear thinking and fearless speaking for the truth, Mr. Clark spoke for a wise interpretation of the Constitution on the 150th Anniversary of that document.

Professor Milton Ellis '08, head of the department of English at the University, received the honor of being appointed managing editor of the *New England Quarterly* this fall, a magazine devoted to New England life and letters. Dr. Ellis is a member of the advisory board of American Literature and consulting specialist on the early American novel to the

## Rhodes Candidate

Howard M. Goodwin '38, of Brewer, has been selected as a Rhodes Scholarship candidate from the University this year. He is a senior in Technology, a Dean's List student, Tau Beta Pi, Phi Kappa Phi, president of the M.C.A., and active in dramatics. He will represent the University in the preliminary selections to pick two men from the state to compete in the New England selections. Four men from the district will finally receive two or three-year scholarships at Oxford University, England.

Modern Language Association. He has been head of the English department at the University of Maine since 1919.

The Maine Masque opened its 1937 season on November 2 with the presentation of *First Lady*, a political satire by G. S. Kaufman and Wm. Dayton. Virginia Maguire, a junior from Portland, gave a vivid portrayal of the leading role, while her rival, Mary Upham, a sophomore from Biddeford, made a capable and witty opponent. Foster Higgins, a junior from Ellsworth, a Masque veteran, as Secretary of State, and John Williams, a senior from Ogunquit, starred in the male roles. The entire cast was capably directed and presented a most competent performance of the witty, modern comedy.

Dr. T. Z. Koo, student of International Relations and prominent public speaker on China and her problems, addressed the student body at the morning assembly November 17. The topic of his talk was the "Contemporary Chinese-Japanese Struggle." Dr. Koo is at present connected with the World Student Christian Federation with headquarters at Geneva, visiting many parts of the world to study conditions and addressing student and other groups on the question of International Relations. This was the third visit

that Dr. Koo has made to the University where his talks have always been most stimulating and valuable.

Eighteen senior students of the University were initiated on November 18 into membership in Phi Kappa Phi, general national honorary scholastic fraternity, founded at the University. The students selected this year in recognition of scholastic ability and leadership were: Ernest Adams, of South Brewer, Chemical Engineering; Francis Bradbury, of Brewer, Zoology; Nelson Carter, of Brewer, Chemical Engineering; Rose Costrell, of Bangor, Economics; Mildred Dixon, of South Eliot, Romance Languages; Howard Goodwin, of Brewer, General Engineering; Elizabeth Gruginskis, of Rumford, Home Economics; Virginia Hall, of Topsham, English; Ida Hart, of Milbridge, Romance Languages; Miriam Hilton, of Mercer, Home Economics; Francis Jones, of Orono, Agricultural Economics; Leo Lieberman, of Bangor, English; Evelyn Miles, of Orono, Music; Althea Millett, of Norway, Home Economics; George Philbrook, of Tenaflly, N. J., Chemistry; Cora Sharon, of Wrentham, Mass., Psychology; Frances Smith, of South Portland, Classics; and Sherman Vannah, of Waldoboro, Mechanical Engineering.

## Undergraduate Girls Defeat Alumnae

At the annual field hockey game Saturday morning of Homecoming Day, a hotly contested struggle between undergraduates and an alumnae team finally closed with a score of 2 to 1 in favor of the students. The closeness of the game amply indicated that the "old grads" still could show plenty of speed and skill. The alumnae making up the team were Emily Thompson Elliott '33, Jane Chase '35, Libby Story Hoyt '37, Barbara Lancaster '37, Ruby Black '37, Madeline Frazier '37, Ella Rowe '35, Ruth "Bunny" Callahan '33, Henrietta Cliff '37, and Marion Rogers '30.

## 1937 Football Reviewed; Many Regulars Graduate

Climaxing a rather disappointing season with an inspired tie game against Bowdoin, November 6, Maine closed the 1937 football season with a record of two wins, two ties, and two losses. The veteran team, comprised largely of seniors, displayed good defensive strength from the start, holding Rhode Island scoreless, Yale to twenty-six, and New Hampshire to two touchdowns on breaks of the game, but went scoreless through these games, seeming to lack a scoring punch. The early season strategy centered around the forward pass work of Francis Smith and his great receivers, Joe Hamlin and Rod Elliott, but no compensating running attack was uncovered until the Arnold game October 16.

With the opening of the State Series, Maine's hopes were high, only to be lost in a pouring rain and sea of mud at Lewiston October 23 when Bates drove over one touchdown to win 7 to 0. Although injuries had already deprived the team of the much needed kicking of Dick Dyer, sophomore back, and several line men, the worst blow came late in the Colby game when Wally Gleason, all-State tackle, suffered a fractured arm. The game, however, was won 13 to 0 by means of the passing of Smith to Elliott and Hamlin and by the superb line bucking of

FRANCIS SMITH '38  
His Passing Humbled Bowdoin

Gerrish. A more consistent attack than Maine had showed in any previous game was marred several times close to the Colby goal line by fumbles. It was not until the final game of the season when the Polar Bear invaded alumni field on Homecoming that the Maine eleven  
(Continued on Page 11)

## Mayo '09 Heads 'M' Club

The annual meeting of the 'M' Club, varsity letter men's organization, was held Friday night, November 5, as a part of the Homecoming program. About forty-

NORMAN "SPIKE" MAYO '09  
The Lettermen Elected Him

five present and former letter men participated in the business program, informal discussion, and eating of refreshments. Election of officers was the main business of the meeting, and Norman H. "Spike" Mayo '09, of Providence, R. I., was chosen president, Philip Hussey '12, of Bangor, vice president, and Ted Curtis '23, secretary-treasurer.

Following the business meeting, President Hauck was enthusiastically received by the members as he spoke a few words of welcome. Other speakers on the informal program included Coach Bill Kenyon and Chester Jenkins and members of the Club.

### The High Ten

Ohio Alumni lead the list of dues payers for the first time. Last year this very active alumni group stood ninth. This year the word is being passed around that they will be higher in the roster of local associations. Already they are within two per cent of their final figure for 1936-37.

Ohio	29.7%
Illinois	26.4
N. E. New York	24.1
Lehigh Valley	22.7
Boston Alumni	22.0
California	21.7
Philadelphia	21.1
Missouri	21.0
Maryland	20.4
Washington, D. C.	20.2

## FRESHMAN FOOTBALL

Coach Phil Jones' great yearling squad concluded an undefeated season by battling a strong Bridgton team to a scoreless tie at Orono on November 6. With wet weather and a muddy field neither team was able to develop offense enough to push over a score although the frosh pounded down to the three-yard line in the first period only to fumble. The freshman team, although held scoreless by the fighting defense of the visitors, dominated the game. Bridgton was able to make only one first down and never seriously threatened a score. The tie-finish allowed both teams to record an undefeated season.

At the close of the football season, the freshman team elected Charlie Arbor, left halfback of Rumford, former Hebron star, honorary captain. Arbor's great work in the backfield, both in the offense and defense where he teamed up with halfback Ray Harnish, of Anson, was a leading factor in the scoring power of the freshman eleven, one of the strongest first-year teams Maine has had for some time.

The freshman cross country team A lost their first run of the season on November 3, when Farmington Normal School's undefeated team edged out the first-year men twenty-six to thirty. Individual honors went to Ken Blaisdell, of Ellsworth, leading freshman runner this year, who finished first in thirteen minutes, three seconds.

### The Annual Fall Tennis Tournament

The annual fall tennis tournament finished in a surprising fashion when two freshmen, Vernon Kent, of Fort Kent, and Julius Brodie, of Montreal, battled in the finals for first honors, with Kent coming from behind in a superb rally to win individual honors.

Kent, behind at forty-love in the third set, played a splendid overhead game to win the championship. The freshman's victory climaxed a series of upsets, including the elimination of several veteran favored varsity players. According to Dr. George Small, tennis coach, the match showed the best tennis at the University in several years and was the first time in history that two freshmen competed in the finals of the tournament.

The All-Maine team for 1937 as selected by the coaches and captains of the teams included five Maine players, five Bowdoin, and one Bates. The Maine men selected were Joe Hamlin, end; Wally Gleason, tackle; Ernie Reidman, guard; Fran Smith, quarterback, and Roddie Elliott, halfback.

# WITH THE TEAMS

## VARSITY FOOTBALL

### Maine 13—Colby 0

With a revived running attack that tallied 14 first downs and 190 yards from scrimmage, Maine took over Colby at Waterville on October 31. Showing consistent ground-gaining ability for the first time in the season, the blue team was several times knocking on the Colby door only to have fumbles prevent the tally.

With a terrific gale blowing, Colby took advantage of the wind in the first period to set Maine back to the coffin corner, but Elliott, after the change of goals, kicked out safely, and three plays later, Joe Hamlin, stellar end, blocked Colby's kick and recovered on the thirty-yard line. Then a short pass to Elliott, a plunge by Smith, and a pass into the clear to Joe Hamlin tallied the first score.

Three times after that Maine was inside the Colby ten-yard mark, but fumbles, recovered by the Mules, set them back each time. Finally, in the fourth period, however, sophomore Doc Gerrish, plunging fullback, carried over for the second tally. The score this time was earned the hard way by straight bucking through a much praised Colby line, only one forward pass figuring in the advance. Don Mayo, substitute tackle, set the stage when he fell on a Mule fumble on the 21-yard line. Six plays, with Gerrish trying the line for five of them, netted the score.

### Maine 6—Bowdoin 6

Completely outclassed on paper by one of the finest teams Bowdoin has put on the football field in recent years, a great Maine fighting team, roused to inspirational heights, met the Polar Bear on Alumni Field, November 6 and sent it back, if not defeated, at least considerably humbled.

Although the Bowdoin attack beat fiercely on the Maine tackles and ends all game, again and again inside their own territory the veteran Maine forwards fought everything the visitors had to offer. Forced into the air at the end of several long advances, the Polar Bear ran into a wide awake Maine backfield that allowed not a single pass completion for them during the entire game. Bowdoin's score came very early in the third period when Smith tossed a shovel pass intended for Joe Hamlin, coming behind the line. Instead, Loeman, Bowdoin guard, broke through and gobbled up the ball, racing

## WINTER SCHEDULES, 1937-38

### Varsity Basketball

Jan. 7	Northeastern at Orono
8	Colby at Waterville
13	Rhode Island State at Kingston
14	Conn. at Storrs
15	Northeastern at Boston
19	Bates at Orono
21	Conn. State at Orono
Feb. 11	Bates at Lewiston
16	Colby at Orono
19	New Hampshire at Orono
22	Rhode Island at Orono
26	New Hampshire at Durham

### Varsity Indoor Track and Relay

Dec. 4	Freshman-Sophomore Meet
11	Interclass Meet
Jan. 22	Intramural Meet
Feb. 12	B A A Relays at Boston
19	New Hampshire at Orono
26	Colby at Orono
Mar. 5	Bates at Lewiston
12	Northeastern at Orono

untouched thirty yards to score. The kick for point after touchdown, however, was blocked by Hamlin.

Unable to gain consistently through the massive Bowdoin line, Maine took to the air in the fourth quarter, after stopping a Polar Bear advance on their twenty yard line. A toss to Hamlin brought the ball to midfield. Smith, faking a pass, ran eight yards. Then came a play from the bag of tricks. A spread play with Hamlin and Gowell reversed, devised entirely for such an emergency, drew the Bowdoin secondary after the elusive Hamlin and Elliott caught the pass on the Bowdoin twenty-yard line. Two plays later Elliott and Smith again combined, this time on a short down-the-center toss that fooled the Bowdoin secondary completely. Before the amazed opponents could reach him, the Montreal flash had twisted and flashed to the score that tied the game in one of the greatest series upsets in years. The fumbling of the low center pass on the attempted drop kick left it six all.

The Athletic Department reports that many articles lost during the Bowdoin game at Alumni Field are in the possession of the Department. Any alumni who lost anything during the game are invited to write to the Athletic Department, describing the article and the place where it was lost, so that if possible identified articles may be returned.

## VARSITY CROSS COUNTRY

### State Meet

The cross country runners trailed an unusually strong Bates team by four points in the State Meet at Waterville on November first, Bates taking twenty-seven points, Maine thirty-one, and Colby trailing with sixty-eight. Maine's outstanding Don Smith, sophomore star, and his running mate, Ralph Clifford, senior veteran, led the entire field to the finish in nineteen minutes, four seconds.

### New England's

Easton's great runner, Donald Smith, sophomore star of the cross country team, gained further laurels at Boston on November eighth when he finished 150 yards ahead of the next runner, to be the first man since 1927 to win this varsity run the next year after placing first as a freshman. As a team, Maine finished in third place with a strong Rhode Island group taking first.

### Nationals

In the annual I.C.A.A.A. cross country meet at New York on November 15, Don Smith, of Easton, star sophomore runner, placed in fourth position for the country, finishing seventeen seconds behind the winner in the good time of twenty-seven minutes, eleven seconds. Smith, leading the pack almost the entire distance, was only displaced in the last quarter mile. The team score of 268 placed Maine in tenth position for the country.

**CROSS COUNTRY LEADERS:** Don Smith '40, of Easton (left) and Ralph Clifford '38, of Dexter, won laurels for Maine.

# LOCAL ASSOCIATIONS

**Washington County Alumni** welcomed Mr. Percy Crane, new Director of Admissions at the University, on October 14, at Machias. A total of about 32 alumni and friends heard Mr. Crane present interesting information about the work of the admissions office, increase in the University enrollment this year, and information about the freshman class. The singing of University songs and making of plans for the annual meeting in the spring made up the rest of the program.

**Southern Aroostook Alumni** held an enthusiastic fall meeting November 3 in Houlton. Dinner was served to sixty-two members and guests, and the following officers were elected at the business meeting: Charles Wood '22, president; Joseph Robinson '21, vice president; and Alice R. Lincoln '29, secretary-treasurer, all of Houlton. Guest speakers of the evening were Alumni Secretary Charles Crossland and President Arthur A. Hauck.

**Western New York Alumni** listened to a play by play telegraph report of the Bowdoin-Maine game celebrating Homecoming on November 6. A luncheon at 1.15 o'clock preceded the description of the game and about twenty-four alumni and friends turned out for the very spirited occasion. The broadcast was sponsored jointly with the Bowdoin alumni in the locality and a good deal of friendly rivalry was enjoyed, particularly when Maine scored the tying touchdown.

**Oxford County Alumni** held their annual meeting in Rumford on October 21 with about fifty-two in attendance. With Professor Huddilston and Alumni Secretary Charles Crossland as

guest speakers from the University, interesting news from the campus was presented, including an outline of some of the new housing ideas introduced in the form of co-operative girls' dormitories and camps for boys. Dr. Huddilston gave a talk on the new art gallery. At the business meeting the association decided to attempt the financing of a new cabin in the name of the association.

**Ohio Alumni** participated, for the first time, by long distance in the Seventh Homecoming, joining with alumni of Bowdoin at Cleveland and at Cincinnati to listen to a play by play telegraph description of the game. Bates and Colby graduates were also invited to join the party. The result was a total get-together in the two cities of seventy-two, fifty of them being Maine grads. In a real collegiate atmosphere full of banners, songs, and cheers, a grand good time was enjoyed, with the game as the highlight. Much hope was expressed by the participants that such joint gatherings might be arranged in the future.

**Maine Alumni of Auburn-Lewiston** held a dinner meeting on the evening of the Bates-Maine game. Nearly forty members of the Club were present to enjoy the short talks given by Alumni Secretary Crossland and by Faculty Manager Ted Curtis. Interesting and valuable discussion concluded a very peppy meeting.

**Central Maine Alumni** gathered for the annual meeting the night before the Colby-Maine game, with fifty-seven alumni and friends in attendance. After a very enjoyable lobster stew supper, Alumni Secretary Crossland and Track Coach Chester Jenkins discussed

campus topics. Officers were elected as follows: President, Wallace E. Parsons; vice president, Leon Savage; secretary-treasurer, Miss Fern Allen.

**Missouri Alumni** made plans for the coming year at a meeting at the home of Mr. and Mrs. V. H. Wallingford '19 in Ferguson on October 23. Latest news from the Alumni office and the University was read. A social hour and refreshments were enjoyed after the official business meeting.

**Western Mass. Alumni** staged a stag party at the Log Cabin in Easthampton on October 29. Twenty members enjoyed a fine supper and a chance to exchange "remember-when" stories before the business meeting. Election of officers was held, with Richard Thompson '29, of Springfield, being chosen president and Paul Langlois '34, of Agawam, secretary-treasurer.

**Maine Alumni Teachers** met for their annual dinner meeting in Portland October 28 with 135 alumni and friends present. Dean Corbett, now serving his twenty-fifth year as a member of the University faculty, was greeted by a host of friends as the guest of honor. Officers elected were as follows: President, Harold H. Inman; vice president, Leroy Huckins; secretary, Charles E. Crossland; and treasurer, Miss K. Jean Keirstead.

**New York Alumnae** were entertained at the home of Mrs. H. R. Weaver '23 at Tenaflly, N. J., last month with about twenty alumnae present. Games and refreshments were enjoyed and a collection netted six dollars for the scholarship fund.

**Northern Aroostook Alumni** welcomed President Hauck and Alumni Secretary Charles Crossland at the annual meeting in Caribou on November 2. Twenty-four members and guests were present to hear the latest news of the University as presented by the guests. During the business meeting, the following officers were elected for the year: President, Grover Hardison '08, of Caribou; vice president, Robert Tate '26, of Presque Isle; secretary, Thomas Houghton, Jr., '37, of Fort Fairfield; and treasurer, Dr. Byron F. Porter '97, of Caribou.

## Penobscot County Alumni Announce Meeting

A meeting of the Alumni in Penobscot county is being arranged for December 7 at the Bangor House. The stag dinner meeting will feature Gov. Lewis O. Barrows '16, a native alumnus of the county, and President Hauck from the University.

CLEVELAND'S ALL-MAINE SELECTION

As a feature of their Homecoming Ohio celebration, Cleveland's alumni of the four Maine colleges picked this team to win.

## Football Season (Continued from Page 8)

seemed to fulfill their greatest potentialities

Graduation this spring will take a total of eighteen men from Brice's squad, ten of them first-string starters against Bowdoin, and several of the others first choice substitutes who have seen action this fall. The backfield will feel particularly the loss of Fran Smith, of New Haven, bullet passer, defense man, and runner, and his teammate Rod Elliott, of Montreal, 150-pound halfback who has been the spark plug of the offense, kicker, ace pass receiver, and peerless broken field runner. Phil Rogers, the other halfback, one of the best men on pass defense in the state, Bob Hussey, of Bangor, understudy key man for Smith, and substitutes, Lou Smith and Lefty Shea, will all be withdrawn from Brice's offensive machine.

The line will suffer heavily also. Joe Hamlin, outstanding in nearly every game at the wing position, and Wally Gleason, one of the steadiest and deadliest tackles in the state, will be hard to equal. Ernie Reidman at guard proved an invaluable defense man, especially in the Bowdoin game, where play after play was broken up by his slashing tackles. Link Fish, regular right guard, and Tom Lees, regular center, Dick Hayes, who capably replaced the injured Gleason in the Bowdoin game, and track star Johnny Gowell, flashy end, will be among the missing.

Good material is coming up from the freshman squad, however, and the Jayvee team will help to fill the holes. Gerrish, Mallett, Drew, and Dyer in the backfield, Cook, Burr, and Marston in the line will make a nucleus to work with.

## New Art Gallery (Continued from Page 3)

opportunity is available for such information

On the campus, too, the available exhibits are being used to foster a more intimate understanding of art. Two pictures each have been loaned to twenty dormitories and fraternity houses this fall and will be exchanged for two others in the spring semester.

The Art Gallery itself, however, stands for much more than a collection of reproductions of art masterpieces, more than a better opportunity to teach classes in art. As Professor Huddilston himself describes it, "The gallery provides above all else a quiet resort where serious students may relax in the atmosphere of the masterpieces of ages and gradually, almost unconsciously, absorb a feeling for their significant values, a more comprehensive appreciation of the great life stream, and a more vital acquaintance with human realities."

# ALUMNI PERSONALS

## DEATHS

### 1885

Elmer E. Pennell, of Scarboro, died on October 3 this year. A graduate of the Mechanical Engineering class, he lived for some years in Gorham. Details of his passing are not known at this time to the Alumni office.

### 1905

Frank E. Learned, of Philadelphia, formerly of Waterville, vice president of the Reading Coal and Iron Company, died at his home on October 23 at the age of 58. He was formerly a resident of Portland and of Boston. His death followed a month's illness and was attributed to a heart attack.

### 1909

Former member of the Governor's Council, and long distinguished in business and political circles, Guy E. Torrey, prominent Bar Harbor resident, died very suddenly at his home in that city on November 9 at the age of 50. Mr. Torrey, a native of Deer Isle, was a director of the Bar Harbor Banking and Trust Co., vice president of the Bar Harbor Loan and Building Association, president of the Maine Association of Real Estate Men, and for many years was sole member of the firm of Fred C. Lyman & Co., engaged in insurance and real estate business. In addition to his business leadership, he took a prominent part in public affairs of the community, the state, and New England, being an executive of the State Publicity Bureau, a director of the State Chamber of Commerce, and a past vice president of the New England Council. He was a member of the Governor's Council with Governor Ralph O. Brewster, and a leading Republican.

### 1910

Report has just reached the Alumni office of the death of Albert Whiting Doolittle, of East Derry, N. H., on September 17. His demise followed an illness of two years' duration caused by angina pectoris.

### 1918

Lloyd I. Edgerly, of Swampscott, Mass., for the past eight years assistant manager of the incandescent lamp department of the General Electric Company, died suddenly at his home on November 1. He had been very active in engineering circles and had advanced to his present position in the company from the Edison lamp works of the company at Harrison, N. J., where he was employed as a chemical engineer following his graduation from Maine. During the war Mr. Edgerly served as an ensign in the destroyer fleet. He was a member of the Engineering Club of Boston and the Illuminating Engineering Society.

### 1920

A well-known forestry engineer and resident of Bangor, Raymond D. Stephens, died October 19 in the local hospital where he had been in a serious condition for some time. After graduation from Maine with a degree in forestry, Mr. Stephens was for a time forestry engineer for the Eastern Manufacturing Co., and subsequently, for the last seven years, was with the Great Northern Paper Co. Although a native of Auburn, most of his later life was spent in Bangor where he

was active in community and fraternal affairs and a highly regarded citizen.

### 1923

Clinton E. Small, of Presque Isle, formerly of South Portland, died very suddenly of pneumonia last July. He was president and general manager of Ochs Sales and Service Company at the time of his death. While at the University, Mr. Small was an organizer and first president of the Alpha Gamma Rho fraternity. For several years he acted as assistant county agent of the Aroostook Farm Bureau, from which position he resigned to take up the business work in which he was engaged for the past several years.

### 1930

A fatality of the hunting season claimed the life of Arthur L. Brooks, of Augusta, on October 30 when he was accidentally shot in the back while hunting in the Rangeley country. Leading his companions down the trail Mr. Brooks was fatally wounded when the gun of the companion following him was accidentally discharged, striking him above the right shoulder blade. Mr. Brooks was a member of the State Department of Agriculture as unit course instructor in agriculture. He was a member of the Methodist Church, the Masonic Lodge, and active in the work of the Grange.

### 1934

Edward W. Weeks, of Springfield, Mass., died after a long illness, at the age of twenty-seven, early this fall. For three years preceding his death he had been employed by the United American Bosch Corporation as a radio engineer. He was a member of the Institute of Radio Engineers and Tau Beta Pi, honorary engineering fraternity.

## BY CLASSES

### 1885

#### Next Reunion, June, 1941

Dean J. N. Hart, of Orono, recently spoke before the Bangor Business and Professional Women's Club. The general subject of his discussion was land grant colleges. Dean and Mrs. Hart are spending the winter in Florida, where their mail address is 544 Fairfax Ave., Winter Park.

### 1897

#### Next Reunion, June, 1938

Perley F. Goodridge is plant engineer for Hudson Motor Car Co. at Detroit. He resides at 1236 E. Grand Blvd.

### 1902

#### Next Reunion, June, 1941

Carroll S. Douglass, treasurer of the Piscataquis Woolen Company, is receiving his mail at Guilford, Maine.

Harry F. Wilkins is now acting as fire chief at Dexter, Maine.

Arthur E. Silver, 360 North Fullerton Ave., Upper Montclair, N. J., has recently returned from a month's business trip to the Northwest. In Cleveland he had luncheon with Enoch J. Bartlett, President and General Manager of the Baker-Rauling Company. This company specializes in motor truck bodies used by the field crews of electrical power companies.

Edith M. Bussell  
Old Town, Maine

## 1903

### Next Reunion, June, 1941

Roderick E. Mullaney, of Bangor, who has been performing the duties of state administrator of the PWA, has been transferred to regional headquarters in New York City. The exact nature of his duties was not known at the time of the press notice.

## 1905

### Next Reunion, June, 1941

Dr. Robert R. Drummond, member of the University faculty, is a member of the Maine Swedish American Tercentenary Commission, as are Albert A. Whitmore '06 and Andrew J. Beck '13.

John G. Longfellow, of Midland, Pennsylvania, and Mrs. Longfellow were recent visitors on the campus. This was Mr. Longfellow's first visit in nearly thirty years. He is divisional foreman for the Pittsburgh Crucible Steel Co.

## 1908

### Next Reunion, June, 1940

Ben B. Fogler, of 30 Charles River Rd., Cambridge, is chairman of the American Society of Mechanical Engineers of the Boston section.

A testimonial dinner dance was given Daniel Chase at the Hotel McAlpin on October 14. About 300 attended this event, including representatives from many associations and organizations. The following tribute was paid Mr. Chase: "We, the organizations whose officers have subscribed their names hereto, join in presenting to Daniel Chase this testimonial of our admiration, regard and affection for him, as one who has been a leader these many years, toward the accomplishment of those things which make life happier, better and sweeter: 'Who has preached and practiced those ideals which have brought to the Code of Sportsmanship its true significance to keep the rules, keep faith with your comrade, keep your temper, keep yourself fit, keep a stout heart in defeat, keep your pride under in victory, keep a sound soul, a clean mind and healthy body and play the game.'" Mr. Chase is at 811-14th St., N., St. Petersburg, Fla., until about January first when he will resume his work in New York City. He was recently elected secretary of the State of Maine Society of New York.

## 1910

### Next Reunion, June, 1939

The *Portland Sunday Telegram* contained a very interesting article on Harold L. Chadwick, of Houlton. Mr. Chadwick has an extensive plant nursery where he has achieved marked success in growing plants of newer varieties, especially with those never before grown in Maine or New Brunswick. Mr. Chadwick is married and has four children. He is doing this experimental work through the research of the Bouce-Thompson Institute of New York.

## 1912

### Next Reunion, June, 1939

John Ash was elected first vice president of the Bar Harbor Chamber of Commerce at its meeting of directors in October.

## 1913

### Next Reunion, June, 1938

The new acting director of the employment service division of the Unemployment Compensation Committee is Frank W. Haines, formerly of Dexter. Mr. Haines is now located in Augusta.

## 1914

### Next Reunion, June, 1939

The new president of the Aroostook Valley Country Club is Ralph K. Wood, of Presque Isle.

## 1915

### Next Reunion, June, 1938

Glen R. Cheney is manager of the Biddeford office of the Maine Unemployment Compensation Commission.

Robert P. Clark is manager of the Augusta office of the Maine Unemployment Compensation Commission.

## 1916

### Next Reunion, June, 1938

W. H. Edminster, superintendent of schools at Norway, was appointed a member of the committee on legislation at the Maine Teachers Association convention in Portland during the week of October 27-29.

Lewis Kriger, principal of Fort Fairfield high school, was the chief speaker at the Fort Fairfield Lions Club at its meeting the first of October.

Working for the Bureau of Agricultural Economics as supervisor of land development is Frank W. Gray, Jr. He is receiving his mail at East Machias, Me.

Carroll M. DeWitt, of Bayview Street in Belfast, is president of the Monroe Cheese Company.

Mrs. Edward L. Herlihy is president of the Bangor Branch of the American Association of University Women. Their formal opening meeting of the seasonal activities was held recently in Bangor at which Mrs. Herlihy, presiding, presented Prof. Herschel Bricker, of the University faculty. The subject of his discussion was "Year Behind the Footlights."

## 1918

### Next Reunion, June, 1942

Mr. and Mrs. Frank Libby, of Kalamazoo, Michigan, were week-end guests, Homecoming week end, of relatives and friends in Orono.

Sumner A. Hall has just returned from an extended tour of the British Isles and Europe where he represented the U. S. Dept. of Agriculture as an official delegate at the World's Dairy Congress held at Berlin, Germany, August 21-29th.

## 1919

### Next Reunion, June, 1942

A recent note from Milton C. Hansen states that he is living at 45 Strong St.,

Manchester, Conn., and that he is with The Terry Steam Turbine Co. as assistant production manager.

## 1920

### Next Reunion, June, 1942

Meet Captain S. R. "Danny Rex" Bus-sell "Dan" has been promoted from rank of 1st Lieutenant to Captain, assigned to Headquarters Battery and Combat train, 2nd Battalion, Maine National Guard.

Ernest Tupper, principal of the Stockton Springs high school, was elected president of the Waldo County Teacher's Association at the recent annual convention.

"Chink" Friend was re-elected president of the Skowhegan Fair at the annual meeting of the Somerset Central Agricultural Society.

Priscilla Elliot Knowlton is general chairman of the Bangor Junior League's "Merry-Go-Round," a musical extravaganza to be presented in November.

Walter W. Chadbourne  
Orono Campus

## 1921

### Next Reunion, June, 1941

Donald L. Coady is manager of the Houlton office of the Maine Unemployment Compensation Commission.

## 1922

### Next Reunion, June, 1941

Lynwood Hatch, of the Penobscot Chemical Fibre Co. staff, gave a very instructive talk in a resumé of the soda pulp making industry at a meeting of the Old Town Rotary Club last month.

Captain John T. Quinn, popular Bangor attorney, was named by Adjutant General for promotion in the 152nd Field Artillery.

Paul E. Murphy is receiving mail at 615 Eastern Trust Bldg. in Bangor as a business address. His residence address is given as Old Town.

## 1924

### Next Reunion, June, 1941

Come on, you '24-ers. I'm new at this business of reporting class news and I'm counting on you to keep me supplied with facts about you all. Any new wives or husbands or babies? Have you a new job? Know any news about any of our classmates? Address me at 22 Monument Square, Portland.

Sorry not to see more of you at Commencement last June. There was only a handful of us to do the honors for '24. I did have a nice visit with "Greg" Baker and his charming Southern wife. "Greg" is connected with the Forestry Department at the University.

Ray "Nick" Carter was married to Miss Mavis Farnham, of Fort Fairfield, Oct. 22. "Nick" resigned his position as teacher and coach at Fort Fairfield last spring and is now seed potato expert with the Woodman Potato Company. He is also retiring 1937 president of the New Brunswick Tennis Association.

Janet Cole is a secretary at Greentree Estate, Manhasset, N. Y.

John Greenleaf is in the Engineering Department of the Permutit Company, 330 West 42nd St., New York City.

Guy Griffin is Supervising Sanitary Engineer to the Greenwich Sewer Commission at Greenwich, Conn.

This seems to be a big year for Arthur "Bully" Peakes. He is a member of the Maine State Legislature, and was recently elected secretary of the Milo Lions Club. On July 9 he was married to Miss Grace Bailey, of Milo. They are residing in Milo, where he is in business with his father. Vaughan Ladd, of Atkinson, and

Albert Noyes, of Portland, both attended the ceremony.

"Sim" Raymond is connected with the Keyes Fibre Company in Waterville, and may be reached at 66 High Street.

Harrison Richardson is a Poultry Specialist connected with the University Extension Service, and with M. G. Huber is the author of a recently published bulletin on Poultry House Insulation and Ventilation.

"Casey" Spearin is agricultural instructor at Aroostook Classical Institute, Mars Hill.

Colby Steward is consulting engineer with Westinghouse Electric and Mfg. Company at East Springfield, Mass., with his residence at 41 Albert St., Agawam, Mass.

Doris Hunter Tasker is teaching at Bradford High School, Bradford, Maine.

Please let me hear from you all, especially if you've been in retirement where *The Alumnus* is concerned, for the last few years.

Yours for a bumper crop of '24 news,

Betty Hunt Lamb  
22 Monument Sq  
Portland, Me.

## 1925

### Next Reunion, June, 1940

Rev. Dr. George S. Brookes preached a historic address at the 100th Anniversary of the Union Congregational Church, Rockville, Conn., recently. Dr. Brookes has been the pastor of this church since 1926.

Mervin "Jack" Bowden and wife were back for Homecoming, Bowdoin-Maine game, and Alpha Gamma Rho houseparty. "Jack" is manager of Charlescate Farm, Inc., Sherburne, Mass.

Prescott "Pet" Thornton is sub-master, teacher of agriculture, and coach at Limestone high school, Aroostook County, Me.

Henry Perkins, principal of Aroostook Central Institute, Mars Hill, has been elected vice president of Aroostook County Teachers' Association for 1938.

Harry A. Belyea is advertising chairman of the Elks' Booster, a publication issued by the *Portland Press Herald* and *Sunday Telegram*, published in connection with the annual charity circus of the Portland Lodge of Elks.

Albert E. Jones is the new business manager of the Tide Water Power Company, Wilmington, N. C. His personal mail reaches him at 312 North Third St., Wilmington, N. C.

Mildred Brown Schrumph  
6 University Place  
Orono, Maine

## 1927

### Next Reunion, June, 1940

Dear Classmates:

Where were all the '27-ers at the Bowdoin-Maine game? I must have been in the wrong section, for Clara Stuart Gruhn was the only one of our class I could see and she wasn't within talking distance. How about a card from you, Clara?

Ruth Leman Grady planned to spend a night with me this week but the plan didn't work out and I know I've missed a lot of news. Ruth lives in Palmeto and at the present is on an Extension Service tour of the state.

Roland Johnson is in the Inventory Department of the Consolidated Edison Co., 4 Irving Place, N.Y.C., and receiving mail at 815 Riverside Drive, N.Y.C.

Chris McLaughlin writes that she had a most interesting summer touring the British Isles, attending the Exposition in Paris, and touring the battlefields of France. I judged from the letter that

the English Channel was still rough. Chris is teaching algebra and geometry in Malden High School and lives at 15 Main Street Park.

Margaret Preble Webster  
93 Norway Rd.  
Bangor, Me.

## 1928

### Next Reunion, June, 1940

Dear Classmates:

George F. Dudley is president of the Beta Theta Pi Association of Portland. George and Thelma (Perkins) live at 8 Cottage Farm Road, Cape Elizabeth, Me.

William D. ("Bill") Kiah is Assistant Loan Manager of the Personal Finance Co. of Bangor. He and Miss Vivian Robinson of Bangor, recently announced their marriage. Mrs. Kiah was employed in the office of the Bangor and Aroostook Railroad, in Bangor, before her marriage.

Wilson ("Red") Hayden is married and resides in Augusta, where he is operating a filling station.

Alice R. Lincoln, of Houlton, was elected secretary-treasurer of the Southern Aroostook Alumni Association, at a recent meeting.

Harold A. Madeiros called on the campus October 25, the first call in several years. He is located in Puerto Rico, as District Sales Manager for the DuPont Co.

Harold E. Ingalls is an engineer for P. H. Glatfelter Co. at Spring Grove, Pa.

Matthew ("Baldy") Williams was graduated from Peabody Law School last June, and was admitted to the Maine Bar, in August. He is now living in Dover-Foxcroft where he is practicing law and as he says "waiting patiently for clients." While at Peabody, he founded the "Peabody Law Review," a publication with state-wide circulation.

Best wishes for the Holiday Season  
Barbara Pierce Skofield  
52 Harlow St.  
Brewer, Maine

## 1929

### Next Reunion, June, 1939

The new vice president of the Knox County Teachers Association is Clayton Hunnewell. He has been elected as alternate delegate to the National Education Association convention in New York City.

Clayton Knox is now a representative of the Mutual Life Insurance Company of New York. His address is 155 Victoria Boulevard, Kenmore, N. Y.

Alice Lincoln has a very interesting job as secretary to Mr. J. Frederic Burns, of Houlton. Last winter Mr. Burns '22 was president of the State Senate and Alice spent the winter in Augusta as secretary to the president.

Hector Lopas is with the Factory Insurance Company of Hartford. He is living at 21 South Highland Street, West Hartford, Conn.

Byron McPheters is employed in the Massachusetts State Forestry Service and is located at the CCC Camp in Townsend, Mass. Byron and Mrs. McPheters and their daughter are living in Brookline, N. H.

We announce the arrival in August of Nancy Jean to Mr. and Mrs. George Mahoney, of Ellsworth.

A new book, *Rebel*, by Philip Marsh, is soon to be published. Since graduating from Maine the author has received a Master's degree from Maine, and a Master's degree from Harvard. He is now a member of the Houlton High School faculty.

Kay Marion is assistant manager of a restaurant on Madison Avenue in New

York City. Her address is 410 West 24th Street, New York City.

On November 6 in Bangor, Helen Russ was married to Rodie O'Connor. Rodie is now associated with the American Hide and Leather Company in Lowell, Mass. They will live at 250 Nesmith Street, Lowell, Mass.

Another literary member of our class is George Rose, who has an interesting ar-

**Next Reunion, June, 1939**

Wyatt C. Burke is an engineer with the Lehigh Valley Railroad, in the Division Engineers' office, Jersey City, N. J.

Ralph Corbett, who has been county agent in Franklin County since September, 1930, was recently appointed assistant dairy specialist in the University Extension Service at Orono. He will have charge of the dairy herd improvement supervisors, and assist the extension dairy specialist in carrying forward the educational program of the Extension Service as it relates to the dairy industry.

Frank "Bud" Hinckley is now Lieutenant in the CCC camp in Montpelier, Vt.

Harold "Baldy" Inman, who is on the faculty of Ricker Classical Institute in Houlton, was recently elected treasurer of the Aroostook County Teachers' Association.

Mr. and Mrs. Delyte Wesley Morris (Dorothy Mayo) have a very young son, Peter Craig Morris, born last September 5th. The announcement card was postmarked Kansas City, Mo.

Also another attractive and novel announcement card was received in a note written by Royal Roulston announcing the arrival of Donald Lovell Roulston on November 2nd. Royal is a chemist with Howes Brothers Company of Boston. He writes, "I am under my second year's leave of absence to Howes Brothers Co., for whom I am doing research and control work in the manufacture of heavy leather. As they own plants in five states, my work takes me to all five of them; and as I always was fond of travel this gives me an opportunity to combine business with pleasure. My first job after graduation took me to the interior of Peru, S. A. and my luck has been with me ever since." His residential address is P.O. Box 1, Curwensville, Pa.

Charles Schlosberg, M.D., sent along a very neat, professional-looking card announcing the opening of an office at 481 Beacon Street, Boston, Mass., for the practice of Medicine and Surgery, specializing in infants' and children's diseases. In a friendly note written on the back, he tells me that he received his M.D. degree from Boston University School of Medicine in 1934, later training at the Boston City Hospital, Cambridge Hospital, and Evangeline Booth Hospital. He also writes, "Would be happy to say hello to any of the class at the above address."

The engagement of Miss Ellen Hawley Frame to Francis Clair Wright was announced by Miss Frame's parents of Searsport, Maine, sometime the latter part of October. Miss Frame was graduated from Searsport High School, the University of Maine, and the Merrill Palmer School in Detroit, Mich., in the class of 1932. She is the state supervisor of nursery schools and adult educator in Maine. Clair is mathematics instructor in Crosby Junior High School in Belfast, where he has been located for the past two years. After graduating from Maine, he attended

summer sessions at Harvard College. The marriage will take place this fall.

Pauline Hall Leach  
Homer Folks Hospital  
Oneonta, N. Y.

1931

**Next Reunion, June, 1939**

Surprise! Surprise! This is Dot Gross pinchhitting for Mary Stiles. At last I know the why for all those M.O.C. reports I used to write when Mary was secretary.

Speaking of M.O.C. reminds me for some reason of Elden Light, who has just gone to Wilmington, Del., to accept a position with the Hercules Powder Company. I have a feeling that should be "power" but who am I to disagree with a newspaper? Anyway, Elden should be well prepared for the position. He has been working in the chemistry department at Maine since graduation, and he received his master's degree last June.

Either the October *Alumnus* was wrong or Ken Lapworth has moved again. Latest report has it that he is commanding the 167th Co. CCC at North Reading, Mass. The CCC still seems to be doing well by our foresters.

On my way through last Sunday's *Portland Telegram* I met a familiar-looking picture labeled Miss Erma Budden. The address is Greenville, and the Maquas Woman's Club got Mike into the society columns by choosing her chairman of a committee to arrange a cabaret for Armistice Night.

Also in the Portland paper, though this was sometime last summer (I feel about as definite as a London fog. Why didn't somebody warn me I was going to be a columnist?), I read that marriage intentions have been filed by Don Henderson. You never can tell about these quiet boys, and Bath men are getting about as communicative as Professor Coffin's Kennebec clams. How about getting back on the map, Don, and bringing your life history up to date?

Well, all the schoolmarms are back from "Teachers' Adventure." I'm sorry I can't claim that myself. It was coined by a bright Stonington sixth-grader. I hope you all got as damp as I did. I trackled around to meetings with wet feet because I wouldn't think of buying rubbers when I'm that near a bookshop. (I did buy an umbrella, but they're downright decorative nowadays, and anyhow I needed one.)

Every so often an umbrella lifted and I saw a familiar face. Marguerite Lincoln and Mildred Merrifield are still on the home-town payroll. Mildred is teaching in Union High School, and Marguerite is in Washington. She has that same sparkle in her eye and she says there are too many attractions (that looks to me like a masculine plural noun) at home to think of changing her address.

I'll never climb stairs at a convention again without looking for Glo Wadleigh Brigham. Last year it was the Lewiston Town Hall steps, and this year the stairs were somewhere in the Portland High building. Glo is one of these ex-schoolmarms who just can't stay away from conventions. I extracted from her the information that Ev Fox Carol is in Bangor and Helena Conant Black in Old Town. We also mentioned Abraham, with sorrow. For the enlightenment of those who are wondering whether we have adopted a problem child, I might say that the full name is Abraham Round Robin Letter and that he has been missing these many moons. In case a Lost Ad in the *Alumnus* would do any good, this is it.

Gloria and Ott are moving to Boston, where Ott has a new insurance job. We'll have the address later.

I saw Jackie Saunders and Jessie Frasier at the English meeting. Jessie is at Bangor High School. Where are you teaching now, Jackie?

Marge Mooers and I grabbed a few minutes to gossip before the Maine Teachers' Alumni Association dinner. She is still at Brewer High and was starting to tell me where Vivian Drinkwater has gone and why when we were interrupted. Marjorie still manages to look like a high-school sophomore, and that's no slam.

Jean Keirstead was re-elected treasurer of the association. Galen Veayo hasn't forgotten how to lead the Stein Song, even if he has been elevated to the position of president of the Androscoggin County Teachers' Association. Galen is principal of the Walton Junior High School, Auburn, and right now he's all enthusiastic about a brand-new band he's just getting under way. You might know he couldn't keep away from music very long!

So much for convention. A card from Mrs. Russell Fitz (Inez Watters) gives her address as 59 Warwick Road, West Newton, Mass. She says she's a housewife, but I bet "homemaker" is the word for Inez.

Did I mention that I'm teaching English and French at Stonington High School? You can blame the following on the exams I'm forever making out.

Do you know

1. Where Ermo Scott was during State Convention? This is the first convention I ever went to that he didn't appear around the corner of some platform.

2. That Mickey McGuire had 16 percolators (electric) when he counted up the wedding presents? Well, that's what I heard.

3. That Raymo White still holds three dash records? If you don't, you haven't read last month's *Alumnus*.

4. That Charlie Chaplin had a job at the Nut House in Belfast part of the summer? Never mind, Charlie, I was there, too.

5. That I shall probably be airing my vocabulary in this column next month and that I'll be tickled a bright rose-color to get some news? The address is

Doris L. Gross  
Stonington, Maine

1932

Next Reunion, June, 1939

The wedding of Miss Eleanor L. Emerson, of Norway, to Everett Adams took place on September 26, 1937. Mrs. Adams is a graduate of Norway High School and has been employed in the telephone exchange in Norway. "Ev" is employed at the First National store at Farmington, N. H. Their new home is at 13 Charles St., Farmington, N. H.

The marriage of Miss Dorothy J. Hendrickson, of Chester, Penna., to Lester C. Fickett was solemnized on October 16 in Skowhegan, Maine. Mrs. Fickett was graduated from Mary Lyons School of Swarthmore, Penna., and was a student at the Philadelphia Conservatory of Music. Cal is employed in the auditing department of the Central Maine Power Co. Mr. and Mrs. Fickett will reside at 28 Jackson St., Augusta, Maine.

Mr. and Mrs. Herman (Peg Fowles) Wilde announce the birth of a young son, Herman E., on July 26, 1937. "Sonny" cut his first tooth a week before the age of three months, and the second tooth by the end of the same week—an infant prodigy for Maine.

Mr. and Mrs. Henry F. Howes are living at 77 Rockwell St., Malden, Mass. They have two young daughters, Marjorie and Rosamond. Henry is a steam engineer with H. P. Hood and Sons, Inc., at Charlestown, Mass.

Raymond A. Hunter is construction foreman for the Central Maine Power Company at Union, Maine. His permanent address is R.F.D. 1, Box 148, Oakland, Maine.

Atwood Levensaler is the New England High School Representative for Harper and Bros. Publishers. His address is 47 A. Dana Street, Cambridge, Mass.

Dr. John J. Pearson is located at 39 South Main Street, Old Town, Maine, and is living in Milford.

Harry Paul writes that the song "My Cabin of Dreams" was purchased by him from a WPA worker and an unemployed father of five children, and was placed by Harry with his firm, Irving Berlin Inc. Harry's address is 231 Walnut Street, Chelsea, Mass.

The marriage of Miss Margaret Moore, of Livermore Falls, to John H. Rand took place on October 14, 1937. Mrs. Rand is a graduate of Livermore Falls High School and Nasson College, and is employed at Livermore Falls Trust Co. Mr. and Mrs. Rand will reside at 41 Main St.

Helen S. Hincks

349 B. Pleasant St.  
Malden, Mass.

1933

Next Reunion, June, 1938

Hello, Everybody.

I eagerly await some of the gossip that might have taken place on Homecoming Day—but I can't seem to pry a morsel from a soul. Well, a few items have come to light during the month.

A card from Mary "Scottie" Bratton from No. Adams, Mass., where Bill is manager of the Atlantic & Pacific Co. store. Scottie says that Lora Brown was married to Robert H. Josselyn, formerly of Rockland, Mass., now of Lubec, Maine, in a double ring service on Saturday, October 30, at 3:00 p.m., in Lubec, Maine. Ev Gleason is still with the Luckey Platt Co. but has changed her residence to 24 Barclay St., Poughkeepsie, N. Y. Pete Karaliskas '34 is in North Adams occasionally on business for the State Dept. of Health. He is located at 85 Elliott St., Springfield, Mass. Scottie said that she was in Maine all summer—present address is 27 Owens Ave., North Adams, Mass. Thanks for the card, Scottie, and maybe you will see us some day when we are on one of our trips to Pittsfield, Mass. So don't be too surprised.

George S. Cunningham is the new principal of Rockport High School this year, coming here from Whitefield. George will coach both in baseball and basketball. He is married and has two daughters, Nancy and Hope Cunningham.

Johnnie Bankus is now managing the Reading Custom Laundry, Lynn, Mass. His residence is at 6 River Street, in that city.

Raymond Jackson is in the Engineering Department of the Maine Central Railroad Co., Portland, Maine. He is living at 45 Montrose Ave., Woodfords, Maine.

And, of course, it wouldn't be news without a wedding or an engagement—would it? The engagement of Miss Frances M. Springer, of Hancock, to Donald J. Boyle, of Bangor, has been announced. Miss Springer is a graduate of Hancock High School and Ellsworth High School and is employed in the law offices of William S. Silsby, of Ellsworth. Since graduation,

On the Campus

And now a marriage of last May is to be announced. On the 22nd of May Lloyd G. Keirstead, of Winslow, and Miss Irma E. Robinson Lancaster, of Waterville, were married in Searsport. Mrs. Keirstead was graduated from Waterville High School and for the past nine years has been cashier in the office of the Personal Finance Co. of Waterville. Lloyd is at present employed as a chemist at the Hollingsworth and Whitney Paper Mill in Winslow.

In September, Rosamond Cole, who is a member of the Washington newspaper correspondents corps in Washington, D. C., sailed on the S. S. Normandie for a month's stay in Europe. Rose planned to visit France, Germany, Switzerland, and Belgium. After her return she visited her parents in Augusta. When Congress is in session, Rose spends every day on "The Hill." In addition to covering the offices of congressmen and senators from Wisconsin, New York and Massachusetts, for the service papers, the daily routine includes committee hearings. When Congress is not in session, she covers Federal departments as well as New Deal agencies, also the White House. It means going to press conferences held by President Roosevelt, Secretary Wallace, WPA Administrator Hopkins, Sec. Ickes, and others.

Harold Johnson is employed by the Pratt & Whitney Aircraft Co., East Hartford, Conn., as a Motor Tester. His residence is 78 Garvan Street in that city.

Among the officers of the Penobscot County Teachers' Association we find that of Charles Page, Jr., of Bangor, elected treasurer.

John Cotter is an instructor in Mechan-

ical Engineering at the Catholic University in Washington, D. C., this year. During last winter and spring John was employed in flood control work in Connecticut, Vermont, and Massachusetts, and during the activities in Eastport he was employed on the Quoddy project.

Tom Keresy is salesman for the Goodnow-Pearson Co., of Gardner, Mass. His residence is 209 Green Street in that city.

Peg Humphrey is dietitian and manager of the So. Portland High School cafeteria. Peg is living in Yarmouth, Me.

Philip Havey is an engineer with the Hartford Accident and Indemnity Co., in Hartford, Conn. His residence is 108 Brown St., Hartford.

Hollis Leland, Ph.D., is a research chemist with the Esso Labs., Standard Oil Dev. Co., in Elizabeth, N. J. His residence is 33 W. Colfax Ave., Roselle Park, N. J.

Clark Abbott is principal of the High School in Kingfield, Maine.

I may see some of you in Maine during the coming holiday season. If not, please drop me a line about yourselves before Xmas—a nice Xmas present for me.

I have been teaching as a substitute teacher in the Home Economics Department of the Academy here during the last three weeks while one of the teachers is absent on account of illness. It is all very interesting to be back in the classroom again—for a short time.

Hope you all have a big Thanksgiving dinner—best wishes for the holiday from us both.

Marnie Smith Baldwin '33  
275 Broadway Norwich, Conn.

1934

Next Reunion, June, 1938

I wonder if you people know how lucky you are to be able to get back to school for Homecomings—I just pined all week end because it seemed that everyone else I know was going back to Maine for the Maine-Bowdoin game and Homecoming. I met the train at North Station Sunday night and pumped everyone I saw for news of the week end but what tight-lipped people—you'd think they hadn't seen anyone. Finally I did gather quite a bit of information from Bob. He sat down and wrote it off for me so once again my star reporter saved the day, otherwise, news would be very thin this month.

First of all I want to make another correction—it seems to be the best thing I do in this column—Johnny Stinchfield is still with Montgomery Ward but not in New York. He is now in Greenfield, Mass.

Ted, Eve, and baby Janney have gone to Chicago where Ted has been transferred by Travelers' Insurance Company.

Babe Cobb and family have gone back to Portland where Babe is credit manager for L. C. Andrews Lumber Company.

Dick Alden is with the Great Northern Paper Company in Millinocket.

Winnie Cushing is all through at Yale School of Nursing and is now County nurse for Piscataquis County.

Bill Dow is teaching at Lincoln Academy where he is conducting a new course of Agriculture and also is on call at all times to help the farmers solve their problems. I'll bet President Roosevelt could use someone like that.

Abe Stern has passed his bar exams of Massachusetts and Maine and graduated from Harvard law with honors, all of which is not surprising, knowing Abe and his ability.

Bruce Longfellow has recently accepted a position with the Hygrade-Sylvania Corporation, Radio Department, at Salem, Mass.

## Career Men

select occupations which combine present financial rewards with future opportunities. They find that life insurance selling, better than most businesses, offers this combination to men of real ability today.

## College Men

selected by The Penn Mutual Life Insurance Company can start life insurance selling on a fixed compensation basis, instead of a commission basis, if they wish. The plan is described in a booklet, "Insurance Careers for College Graduates." Send for a copy.

**COLLEGIATE PERSONNEL BUREAU**  
**THE PENN MUTUAL LIFE INSURANCE COMPANY**

Independence Square • Philadelphia

Carroll Works has accepted a position with the Phelps Dodge Copper Products Corporation at Elizabeth, N. J.

Don Corbett has resigned as dairy specialist at Maine and is operating a 300-acre farm in Winslow. It sort of sounds like "Gentleman farmer," doesn't it? It certainly impresses me as something worth doing.

Gilbert Cox is Sales Engineer for the Boston Branch of Minneapolis-Honeywell Regulator Company, in the space heating and air-conditioning division, in Brookline, Mass.

A card from Enid Humphreys Crosson tells me that they are now at 3 Merrimack St., Concord, N. H.

And just to save our column from being all work and no play we have the wedding of Constance Patterson and Bob Bradford. They were married October 18 and are now living in Orono.

The Spaters saved the day for the birth news—in case you have forgotten, Mrs. Spater was Hope Clark. Thomas Clark Spater was born in New York, September 29. If this keeps up I'm really going to begin to feel my age.

"Peanut" Bunker  
N E Baptist Hospital  
220 Fisher Avenue  
Roxbury, Mass

1935

Next Reunion, June, 1938

Dear Class:

Wedding announcements and engagements have been pouring in with every mail, even since last month. Truly there are but a few of us left!

On Saturday, September 4, George Carlisle was married to Betty Nason, in Columbus, Ohio. Norman was George's attendant and Miss Gail Hull, of Washington, D. C., was the maid of honor. George is employed as junior forester with the United States Forest Service in Region 9. After their wedding trip through the Smoky Mountains, George and Betty are to live at 322 Heplar Street, Ironton, Ohio.

Etta Grange became Mrs. Ralph E. Sawyer on Sunday, September 5. The wedding took place in Old Town. Jean Walker was in charge of the music, Fannie Knight was maid of honor, and Freeman Webb was best man. Etta and Ralph are at home at 88 Pleasant Street, Rockland. Ralph is employed with the Central Maine Power Company, in Rockland.

And now engagements—Norman Rawding's engagement to Hilda R. Buker, R.N., of Pittsfield, has been announced. Miss Buker was graduated from the Eastern Maine General Hospital in 1934. Norman is with the H. L. Goodrich Company, contractors, located at Palmyra.

Stan MacDougal was married on August 15, in Quebec, to Joyce Jordan. Mrs. MacDougal attended Farmington. Stan left Maine to go to Alaska, but he's now in the potato shipping business in Caribou.

The next card I received warrants my quoting in full. Mrs. Robert Nivison, Jr. (Lee Blackington) is living at 1 Clement Street in Nashua, N. H., and Lee is now in the employ of Bob, as housewife! And Lee must be taking her duties seriously to sign "housewife"!

Rowena Richardson Rand is now the wife of a Methodist minister, and is living at Peabody, Mass.

Milt McBride is still piling up athletic honors. Milt is employed by the Federal Land Bank in Batavia, N. Y., and he was recently named all-New York shortstop in a semi-pro baseball tournament.

Can't you imagine being back at a track meet at Maine! Well, I'm sure you will

be able to when you hear about Carl Ingraham, our announcer. You know Carl and Libby Philbrook Ingraham are living at 230 East Ohio Street in Chicago, and Carl is Claims Adjuster for the Liberty Mutual Insurance Company. Recently at a hog calling contest in Chicago, Carl was awarded the prize, on the basis of volume, even though the pig slept merrily on, and Carl boasted of having trained at track meets at Maine.

Miriam Linscott was married recently to Eddie—I can't for the life of me remember Eddie's last name, but perhaps Miriam will help—my pedagogical mind is slipping—or maybe I'm just realizing what took place some time ago!

The U. of M. Alumnae meet every month at the Columbia Hotel, in Portland, and Christine Elliott, who is now employed in Smiley's Department Store in Portland, is secretary of the organization.

I had a letter from Warren Flagg a while ago, and even though Warren is employed in an office where all labor ceases at noon, as it does throughout Fort Shaftes, T. H., he certainly finds Hawaii the ideal spot. Warren did not mention just what his position is, but he did tell me about the leisurely life, the sunshine, flowers, and incidentally, the romance of living on the Pacific coast. Warren has offered to furnish any tourist information that we '35-ers may want, so if tripping to Hawaii just drop Warren a line at P. O. Box 1125, Fort Shaftes, T. H.

Mr. Stork has not been vacationing either—"Lib" Thaxter Wyllie and Douglas announce the arrival of David Anderson on September 26, 1937. Hurrah for another of the illustrious sons of '35.

And right here in Maine, Bill Curran is teaching in the Commercial Dept. at Cherryfield Academy; Frank Myers is teaching and coaching at Mapleton; Sumner Hancock is teaching Social Studies at Waldoboro, and Velma Colsen is commercial teacher at Norway High School. Velma was at Oxford last year, you remember. Don Kyer is assistant professor of zoology at Saint Anselm College in N. H. Don received his Master's degree at U. of N. H.

More news on the Johnson-Wadsworth wedding. Phyl, as I told you, was married in August to "Wadie." Well, Wadie received his Master's degree from Maine in bacteriology, and he's working now for his doctor's degree at Michigan State College in his spare time, while he is regularly employed as a chemist by the Quaker Maid Co., a branch of the A&P.

Had a note from Sara Meltzer Smolley the other day—you know Sara was married just a year ago to Sam Smolley, and they've been living at 5109 5th Street, N.W., Washington, D. C. Sam is employed by the Western Union Company. Sara likes Washington, but she'd love to know if there are any '35-ers in that neighborhood—so speak up. Maybe we can have a U. of M. colony in Washington!

Speaking of the capitol—Marion Martin is still in the Nation's spotlight, as you've all probably seen in the news, Marion is assistant to John M. Hamilton, National Committee Chairman of the Republican party. Remember how she always knew the answers in history? Well, Marion is taking a law course now so that she'll be better able to lead the women of the Republican party throughout the Nation.

And so the '35-ers march on!

Helen Twombly has been appointed District Director of Women's and Professional Projects in the Maine Works Progress Administration. Al Fuller has recently become Safety Engineer with the

**M**ATERIAL success depends not only upon acquiring but also upon *holding* what you gain. Your economic welfare is constantly threatened by fire, wind-storm, explosion, accident, theft and other hazards that are unpredictable and, to a great extent, beyond your control.

Modern property insurance is extremely flexible . . . with policies available against practically every hazard known to man. As you acquire, insure and be sure. Protect what you have with North America Policies. This oldest American fire and marine insurance company (founded in 1792) enjoys an enviable reputation for financial stability and prompt and equitable settlement of claims.

## Insurance Company of North America

PHILADELPHIA

*and its affiliated companies write practically every form of insurance except life*

Maine game this column would have been "tops." However, everyone was so excited that we have as little news as ever.

I can mention a few of those whom I saw there—Ed Backer, Rosemary Boardman, "Spec" Boynton, Puss Brown, Win Coburn, Ruth Hinckley, Don Huff, Ken Leathers, Reggie Naugler, Ginn Nelson, Jim O'Connor, Ruth Perry, Art Roberts, John Sealey, Len Shaw, Alfreda Tanner, Scotty Walker, and Harold Woodbury—and goodness knows how many I missed!

I think that you'll all agree that David Brown deserves the headlines this month. He has been awarded a teaching fellowship while finishing his Master's degree at Syracuse University. He will teach two classes in American Government. Last year he was a graduate resident in the University office of men's affairs. In the spring he was awarded a political science scholarship. David is the youngest instructor at the University and one of the youngest in the country. Congratulations, Dave!

Actor Abbott (and thanks so much for the letter) has been an engineering assistant for the New England Tel. and Tel. in the Vermont district of the Western Division since last April. His headquarters are at Montpelier and his work takes him all over the state.

Actor also gave me news of John Coombs and Burt Mullen. John is doing research work and studying for his Master's degree at M.I.T.

Burt is editing the *Boothbay Register*, the newspaper at Boothbay Harbor. Burt and his wife (Mary Smith, of Orono) are living at the Harbor.

Tedie Gardner also had time to drop me a card (which doesn't take much time

—meaning that more of you could do it). She is an assistant dietitian at Dartmouth College—she says it's fun. Helen is also at Dartmouth, assistant dietitian at the hospital.

Junius Birchard also favored me with a note. He is working in the Structural department of U. S. Steel Products Company. His address is 176 Park Hill Avenue, Yonkers, N. Y.

Fran Callaghan is employed by the Bangor Hydro-Electric Company. I believe she is a Home Demonstrator.

The Augusta College Club had as their guest speaker last month, Ann Eliasson, who told of her experiences in Europe. Those who heard her say that the talk was excellent and I'm sure we know it was without being told.

Ruth Hinkley is teaching at Clinton, Maine; this is her second year there.

Ginny Nelson is teaching for her second year at Falmouth.

Ernie Saunders is working in Saunders' Florist Shop in Lewiston.

I heard that Pete Weston and Hope Wing '37 were on their way to Manila (or would be soon) to be married. Congratulations to you both.

Bob Clunie is attending the Temple University Dental School in Philadelphia. Even more important is that he was married March 26 to Anna Lee Lynch, of Wilmington, Delaware. Mrs. Clunie attended Drexel Institute in Philadelphia. Their address is 1710 Spring Garden St., Philadelphia, Penna. Bob would like to know Bill Hinckley's address (and so would others!). Sorry I can't give it to you now. Thank you for the letter, Bob.

Donald Johnson is a student in the Yale School of Medicine. His address is 333 Cedar Street, New Haven, Conn.

Albert Crowder, Jr., is employed as a salesman by the S. S. Pierce Company, Boston. His address is 228 Commonwealth Ave., Boston, Mass.

Vinney Hathorne, who obtained his pilot's license at Pensacola, is spending a month with his parents at Pittsfield. After his vacation he will join Patrol Squadron No. 2, at California.

Please take just a minute to send a card to me or the General Alumni Association at Maine.

1937

Next Reunion, June, 1939

Dear Classmates:

Another Homecoming week end has gone past but this one was very different for us. Instead of welcoming the graduates back, we were on the receiving end and were welcomed back ourselves. I've always looked forward to Homecoming but never as much as this year and I know you folks felt the same way. Wasn't it just grand to see everyone? I hope that our class will always have as big a showing on that week end as we had this year.

In *The Alumnus* last month I read the article about "we-thirty-sevens" being situated all over the United States so we'll begin with two out west. "Pat" Hutchings and Lucian Scanmon are out at Michigan State. They are part time assistants in Animal Pathology and I know that certainly is something to be mighty proud of. They're keeping house with Alan Corbett '36 and Arnold Hook, who received his M.S. at Maine in '36. I wonder who does the cooking? We all wish you luck and I'll answer your letter very soon, Lucian. Their address is 505 Albert Ave., East Lansing, Mich.

Bill Haskell has a teaching position at "an exclusive Country Day School for Boys" in Newton, Mass. It sounds like a dandy position, Bill, and here's wishing you success.

Ruth Kimball is teaching English at the High School in Dixfield, Maine. Do they have an orchestra at the school, Ruth? I hope so, for it would be great for them to have you to play with them.

I had a letter from Ruth Currie, telling me of her marriage to John Wesley Oliver '38, on September 5, at the First Methodist Church in Bangor. I think it's grand. I have a clipping from the paper and it must have been a beautiful wedding. They're living at 35 Hill St., in Orono, while Wesley finishes this year at Maine.

Jane Sullivan, who was on campus two years, is one of the far distant members of our class. She's private secretary to the manager of the Powers Division of Remington, Rand Inc., in San Francisco, Calif. Her residence is 700 Parnassus Avenue, San Francisco, Calif.

Faith Folger is teaching at Denmark High School in Denmark. It was awfully good to see you on November 6, Faith. I know John Gardner is teaching near Denmark, but what town, John, are you in?

Lawrence Dennis has been appointed assistant to Dr. Clarence Cook Little, former president of our University, and now director in the Jackson Memorial Laboratory for Cancer Research at Bar Harbor.

Beatrice Jones is at Lee Academy, teaching Home Economics. She is to start a new Home Ec department in the school, the subject not having been taught there for several years.

I saw Emily Elmore Homecoming week end and she certainly looks prosperous and happy. She's Home Economics instructor at Dean Academy in Franklin, Mass. She had to superintend the refurnishing of the home of the late headmaster, Mr. Dean, and his wife.

Elwood Bryant is in the "test laboratories" of Wright Aeronautical Corp. He will move on to their other departments, being employed in all branches as a mechanical engineer. This company is a subsidiary of Curtis-Wright Corp. He is going to try to attend both the New York and Newark Alumni Associations. That's great, Elwood. His address is 224 Vreeland Avenue, Patterson, N. J.

It would be great if you folks who are real near each other would organize 1937 Alumni groups. There are a great many of you in Portland and you could get together, just as during Teachers' Convention week end. There are quite a few around New York City and upper New Jersey that could form a large '37 Alumni Association. What about trying it?

I had a wedding announcement from Marjorie McKinnon and Bob DeWick a week or so ago. It made me feel so good. They were married on October 16 at Christ Church Cathedral in St. Louis, Mo. They are at home at 900 North Street, Mt Vernon, Illinois. I wish I could drop in and see you, Marj and Bob, but wish you loads of joy and happiness anyway.

The most wonderful thing happened to me just a week later than it did to Marj and Bob. Wyn Hoyt '35 and I were married at the Federated Church in Pigeon Cove, Mass. Wyn is to be county agent in Franklin County and so we are living in Farmington. By the time *The Alumnus* reaches you folks we'll be all settled, I hope, in our home. I hope you'll all stop and see us whenever you're coming through Farmington. There were quite a few Maine graduates and most of

our 1937 class at our wedding. Naida Sanders was there. She is going to a business school in Portland and is living at home at Falmouth Foreside. Bertha Borden, also, who is teaching English and several other subjects at St. Joseph's Academy in Portland; Carol Stevens, teaching at Waldoboro High School in Waldoboro, Maine. She said she loves teaching and enjoys her pupils. Maddie Frazier, who is in Norwood, Mass., is going to a school, learning to run some kind of a business machine. I guess I could never spell it correctly, Maddie. Jane Goldsmith, who is going to The Fairfield Secretarial School in Boston, was also there. She was awarded a scholarship to a Maine student. She's living at 29 Fairfield Street, Boston, Mass. Beverly Rand was there, too. He is working for Central Maine Power Company, demonstrating electrical supplies. John Sealey and Clyde Higgins, both of '36, and Donald MacNaughton were also there.

Shirley Parsons was chosen as one of the 16 students selected from about 150 candidates from various colleges for graduate work next year at the Institute of Paper Chemistry. You can reach him at South House, the Institute of Paper Chemistry, Appleton, Wisconsin. I guess our "thirty-sevens" are covering the country.

Nancy Woods is teaching English in Old Town High School. How do you like teaching, Nancy?

Do write all the news you hear and even if you don't hear any about someone else, write and tell me what you're doing.

My address now is

Elizabeth Story Hoyt  
Maple Street  
Farmington, Maine

## "THE MOST INTERESTING COUNTRY"

A SHIPBOARD ballot, on a returning world-cruiser, showed that South Africa, of all the lands visited, most completely captured the imagination of these tourists!

And small wonder! South Africa is rich in colorful sights and vivid contrasts—the big game preserve of Kruger National Park, the primitive villages of Zululand, Victoria Falls, the Kimberley diamond mines, the great gold mines at Johannesburg, beautiful cities and gorgeous gardens. . . .

And,—when you want to relax, there are charming coast resorts and sporty golf clubs, tennis, fishing, and famous sun-bathing beaches. South Africa, with its delightful climate, offers the *incomparable* vacation!

When you plan your next trip, vote for

## 3,000 Miles of Summer

Measure off the sea-distance of the Southern Route to Europe... and you have 3000 miles of Summer, at any time of year. Summer smiles from the gleaming Lido pool... from bright clear skies... from the Lido Deck, warm and washed with sunshine. An emancipated voyage!... with 1000 miles of cruising East of Gibraltar at no extra cost. If you're pressed for time, take the great Rex, the gyro-stabilized Conte di Savoia, or the popular Roma. Or, if you have the leisure to enjoy a fascinating nine or ten-port itinerary, choose the Vulcania or Saturnia.
