ON THE WHARVES of Liverpool and Singapore, in a freighter’s hold halfway across the Atlantic, in a truck on the Burma Road, you will find them—three words stencilled on a thousand boxes and bales: “Made in U.S.A.”

Yesterday, three big words to look for. But today they stand for more than the unequalled engineering and production that have made them familiar on every dock and pier in the world. They stand for the productive strength of a free people—a productive strength that cannot be matched; they stand for a determination to “deliver the goods”—a determination that will not be thwarted. And in the ports of the world’s embattled democracies, where men are hourly risking their lives to take delivery, they stand for freedom itself!

To keep this great flood of goods moving is the most important job in the world today. Wherever it moves, General Electric helps to provide motors and propulsion equipment to keep it moving. In trains hauling ore to America’s factories; in factories building guns and tanks and planes; in ships carrying oil to Britain and food to China, in destroyers and cruisers and battleships patrolling two oceans—the words “General Electric” stand beside “Made in U.S.A.”

General Electric Co., Schenectady, New York, U.S.A.

An Old Pine Tree

On a low hilltop on the campus, between Stevens Hall and the new Agricultural Engineering Building, stands an old pine tree. Many alumni will best recall the site by the reminder that near it stood in former days the stand-pipe of the campus water supply. Little else was there at that time, no buildings, not even the campus, in the accepted sense of the word.

Today buildings stand near, and on the rolling lawns of the campus the old tree throws its shadow. The stand-pipe is gone; old buildings have been moved; a new Library, symbol of the progress of the University, is rising a stone’s throw from the tree. Only the old pine tree stands, unchanged, as it stood long before the little, struggling Maine State College first opened its doors. For experts estimate the age of the tree at more than 125 years.

The Pine Tree is the symbol of the State of Maine. It can also be the symbol of a state of mind, a type of character. This character has been called “rugged individualism”; it has also been called Americanism; it has been called other names, sneering or complimentary. Yet it remains a simple and elementary thing, a self-sufficiency and independence that refuses to alter and shift with every passing wind, growing in courage and strength.

As such a symbol, the old pine tree, emblem of the State of Maine, seems an appropriate token also of the University of Maine. Therefore this tree, standing much as it did when first the Maine State College opened, has been selected as a significant title page decoration for our magazine. For it expresses, we believe, the hope and confidence of all alumni that in spite of wars, depressions, good times, and passing disaster, the essential character of the University may not change. For these things have been and will be again and shall pass away; but the old pine tree, symbol of strength and courage, remains.
Alumni Sons and Daughters
in the Class of Forty Five

The Class of 1945 entering the University this fall enrolled the impressive total of 89 sons and daughters of alumni.

Front row (left to right) Margaret Brown (Edward H. '20), Elmore Lapointe (Edmund R.'18, Mildred Perry '17), Myrle A. Sawyer (Elmer F. '13), Barbara Atherton (Raymond 18), Carol Stevens (Carl F. '22, Beatrice Cleaves '23), Patricia Williams (George S. '05), Natalie Goodspeed (Ernest L. '14), Lucia Packard (Bertram F. '10), Ethel A. Farr (Onat F.'16).

Second row Phyllis M. White (Charles M. '06), Barbara Hous (A. Scudder '10), Ruth R. Higgins (Thomas C. '14), Doris E. Emery (Newell W. '20), Barbara V. Huggins (Royal G. '17), Dorothy Ames (Ivan C. '16, Frances Battlott '20), Kaye Jackson (Percy E. '13, Laura Hodgins '15), Betty O'Leary (Charles J. '16), Ethel Fenderson (Charles W. '14), Margaret Stackpole (Miner R. '17), Priscilla Shaw (Burton A. '19), Annette Steel (Clayton H. '12), Virginia Rozelle (A. Gerald '23).

Third row Priscilla Smith (Sidby Russell '16), Priscilla Gray (Josephine Mann '19), Edward W. Conners Jr. (Edward W. '15), Royal G. Graves 3rd (Royal G. '24), Robert W. Bernard (James L. '21), Emily Lou Littlefield (Waldmar B. '17), Barbara Rozelle (A. Gerald '23), Norma A. MacKenney (Leroy N. '20), George Faulkner Jr. (George '19).

Fourth row Frank M. Crane (George W.'21), Charles A. Flanagan (John P. '11), Robert Hanson (Walter K. '12), Frank Wood (Harold G. '11), Bernard I. Marsh (Bernard C. '19), Richard H. Danforth (Earl H. '19), Robert A. Hall (William D. '07), Roger L. Pendleton (Raymond E. '17), Robert S. Crabtree (Alfred E. '12), Earl W. Vickers Jr. (Earl W. '08).

Fifth row Hubert Ranger (Ralph '21), Vaughn R. Sturtevant (Norman G. '22), Joseph B. Chaplin Jr. (Joseph B. '21), John Crockett (Mark V. '19), Earl E. Ellisworth (Harry A. '18), Edward C. Hall (Preston M. '15, Rachel Wemship '15), Alan Burgess (Howard O. '13), William Marble (Gerald C. '17), Robert A. Graves (Harold K. '19).

Sixth row William Lawry (Ous C. '16), Willard R. Moulton (Simon W. '18), Robert Chase (Edward E. '13), James R. Spiers (James E. '18), Harry P. Crowell Jr. (Harrison P. '14), Sam Collins Jr. (Samuel W. '19), George Garland (Philip '12); Stanley W. Thomas (Hayward S. '11).

Seventh row Ralph Bean (Paul L. '04), Warren F. Pierce (S. Frank '09), Harry V. Carleton (John H. '13, Frances Dugan '15), John Wilber (Oscar M. '15, Mary C. Wentworth '18), Richard L. Wood (Louis C. '98), John L. Heath (Clifton '14), Robert H. Patten (Franklin R., grandfather '80), Donald Crosland (Charles F. '17), Hollis L. Ramsdell, Jr. (Hollis L. '18).

Eighth row Lewis W. Gammell, Jr. (Lewis W. '18), W. Berkley Carter (George M. '18), William W. Westom ('Wallace O '00), Richard C. Lord (Leslie R. '10, Edith L. Jordan '10), Morton Patten (Franklin R., grandfather '80), Warren G. Smith (Charles F. '16), Ralph E. Emerson (Ralph W. '19), Philip Stackpole (Miner R. '17).

Those who were unable to be present when the picture was taken are Priscilla E. Arbo (Paul P. '27), Sidney W. Bessey (Gerard H. '16), Verne H. Boive (Frank P. Wilson, grandfather '92), Frederick C. Braden (Samuel W. '11), Arthur R. Count (Arthur N. '20), Edward S. Dingley (Roland S. '16), Merril T. Ham (Miles F. '20), George E. Hausen (George E. '17), Lawrence S. Jenkins (Lyle C. '22a), Lawrence W. Lyford (Doris Lawrence '18), Clifford S. Patch (Clifford Patch '11), Russell W. Smith (Lionel F. '23), Roger L. Williams (Roger L. '21), Thomas J. Young (Thomas J. '15).

October, 1941
SEVENTY-THREE years ago, on September 21, 1868, twelve rather bewildered young men gazed at a cluster of rambling farm buildings and one new frame structure and wondered what the future would be like. They were the first freshman class to enter the Maine State College of Agriculture and the Mechanic Arts.

Last month on September 10 a total of 530 young men and women gazed on the well-equipped buildings now comprising the University of Maine campus as they enrolled in the seventy-fourth freshman class. They, too, felt the bewilderment, the common property of freshmen since colleges began. They, too, faced a world of uncertainties and problems both public and private, wondered what the future would be like. In one vital respect, however, the prospects of the class of 1945 differed vastly from that of 1868. The span of years and the courageous efforts of many persons had built up from simple and humble beginnings a strong, mature University. And this tradition of faith and courage in the face of the unknown future, Maine prepared to hand on again to students as their heritage today.

Convocation

Chief speaker at the first assembly, the Opening Convocation, on September 18 was the Reverend G. Bromley Oxnam, resident Methodist Bishop of Boston. He spoke on "A Date with the World" and mentioned world problems and changes and the need for strength and faith.

It was on a similar note of courage that President of the Board of Trustees Ed-ward E. Chase '13 spoke at the opening convocation on September 18. He said in part:

Optimism of the United States variety is a prime cause of the present peace. There prevailed in the United States an attitude of blithe optimism evidenced by the disposition to look only on the bright side of things by the notion that everything comes out all right in the end. This was almost a delusion. It became so firmly fixed in our national faith that even when we know it to be false we can't get rid of it.

*For the third day of each college year.

It was a mistake, I think, to breed a nation of congenital optimists. The dark side of things deserves more examination. Problems ought to bring out the best in people, not the worst. The times cry for men and women who can face an uncertain future without fear, who do not demand the promise of success before they will try—men and women who find strength within themselves, in a consciousness of individual character independent of environment, men and women who will do each his share, composed, serene, tolerant, even when others refuse, men and women who do not crave perfection—who will not shirk decision on a question just because it has two sides.

History is a record of cycles of progress and catastrophe. Greatest credit is due to the men and women who in the darkest periods found in individual character the strength to stand against the trend of their times. They saved many situations, because they were not afraid of the dark side. They did it by facing facts with determination, by their sense of personal responsibility.

Registration

Following the traditional Freshman Week program from September 10 to 15 under the experienced direction of Professor Walter J. Creamer, upperclass registration brought back students of the other three classes. When the final confusion and uncertainties of registration were through the total enrollment stood at 1917. Detailed registration figures are given in the box on this page. The figure (Continued on Page 16).

After the men and women of 1945 were introduced to University life with the help of friendly upperclass advisers, the long lines of Registration Day signalled the opening of a new year for 1,917 students.
New Chemistry Annex Dedicated

Dedication ceremonies for the new wing on Aubert Hall housing offices, classrooms, and laboratories for Chemical Engineering and Pulp and Paper were the occasion for a joint meeting of the Maine Section of the American Chemical Society and the Maine-New Hampshire Section of TAPPI (Technical Association of the Pulp and Paper Industry). September 26 and 27, Speakers included representatives from colleges and from business and industry.

One of the headline speakers for the two-day program was Dr. C. C. Farnas, associate professor of chemical engineering at Yale University, who addressed the guests at the banquet in F-studbrooke Hall on Friday evening on the subject “The Storehouse of Civilization.”

Other features of the Friday program included talks by W. J. Nolan of the University, on research applications at the University and D. B. Demeritt, 19, head of the forestry department on forest resources for pulp and paper. Chairman of the TAPPI group was W. F. Brawn 17 of the Perjepscot Paper Company.

Meanwhile the ACS heard A. Frank Ross of the Agricultural Experiment Station speak on chemical studies of potato diseases and talks by J. B. Rutscher from Colby and Bowdoin. Chairman of this group was F. T. Martin of the University.

Dedication of the new building took place at 4:30 on Friday and featured talks by E. E. Chas, ’13, president of the board of trustees and Dean Paul Cloke of the college of technology. President Hauck presided at the ceremony.

Saturday’s program opened with group discussions on bleaching and raw materials, business meeting, and a noon luncheon followed by attendance at the varsity football game with Rhode Island.

The new annex to Aubert Hall, traditional home of chemistry, chemical engineering, pulp and paper, and physics, fills this year a long felt need in these departments. With the development of modern requirements in industry for chemical trained students the former laboratories and classrooms have for some years been crowded and unsatisfactory for both students and faculty. As a result the preparation in both pulp and paper technology and chemical engineering has been severely handicapped.

Committee for the program included Chairman Dean Paul Cloke, George D. Bercot, ’11 of Buckport; Prof. Paul D. Bray, ’14, W. E. Brawn, ’17, of Brunswick; Prof. J. G. L. Caulfield, ’24; C. E. Crossland, ’17; H. L. Denton, ’23; Prof. I. B. Douglass; Clifford Patch, ’11, Bangor; and W. C. Wells, ’31.

The Opening Days
(Continued from Page 5)

was a cheering commentary on the desire of the student body to finish their courses in spite of the impact of industrial opportunities and military service and the fact that better registration than had been anticipated by most people during the summer.

With the beginning of classes on September 17 the familiar tones of Wingate bell set the regular pace of college life for the year. Few major changes awaited the students on their return. Among the most significant news of the fall was the appointment of alumni Dr. Joseph M. Murray, ’25, as acting dean of Arts and Sciences. The completion and occupation of the new wing of Aubert Hall for pulp and paper and chemical engineering courses opened expanding opportunities in those fields. And busy weeks of summer had seen a great advance in the construction of the new libraries with the foundations practically completed as college opened.

So it was on a note of courage and determination that the University opened in this year of uncertainty. President Arthur A. Hauck, watching once more the familiar pattern of college life unfold for the University’s 74th year, spoke for all, students, faculty, and administration in stating his determination to maintain the standards of progress and service to students and the state for which the University stands. And in requesting the sincere cooperation of all in these high aims he particularly sought, for this year and every year, the support and cooperation of alumni. For the progress of the University is in a very real sense as dependent on the continued interest, cooperation, and loyalty of the alumni as on the work of faculty and administration.
Men from Maine in the armed forces of our country during previous periods of national crisis have carried the name of the University into the far corners of the earth with honor and courage. They have established a tradition of service which is the proud heritage of Maine men everywhere.

The builders of this tradition were the 95 volunteers of the Spanish-American War of 1898, the men who followed Pershing through the sands of Mexico in 1913 and the more than 1700 of those who answered the call of duty in 1918.

Today alumni from the University are again upholding this tradition of service. In this national crisis Maine men in every branch of our armed forces are sharing the responsibilities of national defense. To pay tribute to those who are serving today and who may be asked to sacrifice more tomorrow, "The Alumna" presents in this and subsequent issues stories of Maine men in the various branches of our armed services.

To help the alumni office include all alumni who are today following the Flag in the Army, the Navy, and the Marine Corps, alumni are urged to send us the names and addresses of alumni they may know who are in the service.

A proud service is that of the U.S. Marine Corps, proud of its history and of its traditional place at the outposts of trouble in far corners of the world. And Maine men in the Marines, too, are proud of their Corps. A typical letter from one of these alumni wearing the globe and anchor insignia is the following:

In closing I would like to say to the sons of Maine alumni and others that in a four-year tour of duty in the Marines a youngster gets the best possible training and experience for the battle of life. It has always been my opinion that a course in the Marines is equal to, in many ways, and superior in many others to a college education.

This is from Capt. Clayton Totman '35 whom many younger alumni will well remember for his football and weight-tossing ability on Maine teams some short years ago. He writes now from the Marine Barracks at the Naval Air Station Sitka, Alaska.

Similar sentiments are expressed in a letter by one of the older alumni, Lieutenant Colonel Norman E. True '19, who writes that in his opinion "more Universities of Maine graduates should consider the U.S. Marine Corps for the most interesting duty of any of our armed services and I would be glad to furnish any information on its many-sided life and various activities to any of our alumni who are interested.

A study of the alumni files shows nine Maine men listed in active service in the Corps and one retired. There is also the possibility that more members of recent classes are also enrolled and that the information has not yet come to the alumni office. The range of classes runs from Lt. Col. True of 1919 to 1941 with two members in the Third Candidates Class at Quantico, Va., and even to 1942, for the latest recruit to the wearers of the globe and anchor insignia is Robert Davis '42, of Old Town, just enrolled. A complete list of all alumni in the Corps, as far as alumni records reveal, is on this page.

(Continued on Page 14)
ACTIVITY in the library campaign has been renewed with the opening of the fall semester with the aim of achieving complete success during an intensive 30-day clean-up campaign starting October 31. With a total amount of $204,000 now subscribed from faculty, friends, students, and over 3,000 alumni, the campaign has but $46,000 still to be pledged. Under the able and tireless leadership of Chairman Norman H. Maio, '99, the library committee area chairmen and workers are pledging their efforts to early success in the great endeavor.

During the summer the library committee has been actively at work making plans for the fall campaign program. Several of the area committees have been reorganized and renewed activity is already underway in some areas.

In the intensified campaign, the special gifts committee headed by Chairman R. H. Fogler, '13, has agreed to take on the responsibility of securing $16,000 more, leaving a total of $30,000 to be achieved through the efforts of area chairmen and workers in the general campaign.

The intensified drive finds several new area chairmen, Southeastern United States, Richard B. Stuart '23 of Gilbertsville, Ky.; The Virginias, Ray C. Hopkins '19; Frederick City, Va.; Southern California, Edward M. Loftus '14 Los Angeles, California; Northern Oxford County, Harry J. Bunker '19 Rumford, Miss.; Missouri, Vernon H. Wallingford '19 Ferguson, Mo.; and York County, Raymond Lovejoy '17 Sanford.

The committee is not only to raise the amount of money necessary to enlist the support of the largest possible number of individuals the clean-up drive will seek contributions from hundreds of alumni who have not yet joined the campaign. It is being emphasized that the amount of a gift should not be a factor in preventing a pledge as alumni are asked to contribute what they feel they can.

In the near future the library committee will begin work on a book of library building which will carry the name of every individual who has contributed to the library campaign. No amounts will be mentioned in the book, but all persons who have helped in any way to make the building possible will be named there. The volume will be given a permanent place in the new library building as a record of honor for those to whom honor is due.

Construction
Construction itself is showing encouraging progress. Excavation for the foundations went ahead rapidly during the summer months on the site. Rock ledges made considerable blasting necessary but by the time school opened the foundations were nearly complete. The size of the building and its importance on the campus is more apparent than ever as the shape of the structure takes form. Plans call for continuation of construction and completion of the outside shell immediately. Meanwhile it is hoped that additional pledges and continued payment on pledges previously received will enable the University to move rapidly forward with final completion of the structure so important to the life of the University.

As the campaign swings into the fall months the following classes lead in amounts subscribed, number of subscribers and the percentage of the total list (general campaign only):

<table>
<thead>
<tr>
<th>Class</th>
<th>% of Quota</th>
</tr>
</thead>
<tbody>
<tr>
<td>1917—$377,300</td>
<td>100%</td>
</tr>
<tr>
<td>1911—$372,500</td>
<td>98%</td>
</tr>
<tr>
<td>1922—$343,000</td>
<td>90%</td>

CLASS GIFTS

The classes of 1916, 1911, and 1915 each made either initial or supplementary Class Gifts at the Alumni Banquet last Commencement.

In accordance with the established tradition, 1916 presented a twenty-fifth anniversary gift amounting to $1,000.

The Class of 1911 brought in a real surprise. In 1936 that class presented the University with $1,000. Quite unheralded at their June reunion they raised a supplementary gift which at that time amounted to $1,255 and which they requested should be added to their initial gift which was used to create a scholarship fund.

Not to be outdone, the treasurer of the Class of 1915 arose immediately after 1911 had surpassed their record-making gift of $2,500 presented in 1940, and added $36 to give them at least temporary claim to first place again.
The appointment of alumnus Joseph M. Murray, '25, to the position of acting dean of the College of Arts and Sciences highlighted the list of faculty changes this year. The list also included the retirement of three members of long and familiar service, Charles P. Weston, professor of mechanics, John H. Ashworth, professor of economics, and Everett W. Davis, instructor in mechanical engineering. Tribute to Professor Weston is carried on this page, and subsequent issues will bring the homage of alumni to the other two long familiar teachers.

Two other new arrivals in prominent roles under present day conditions are those of Lieutenant Colonel Francis R. Fuller, professor of military science and tactics, and Lieutenant Colonel Ruben L. Perley, associate professor in charge of the coast artillery unit.

The appointment of Dr. Murray to the position of acting dean followed on the resignation of Dean Edward J. Allen who assumed similar duties at the University of Denver, Colorado. Dr. Murray has been head of the department of zoology of the college since 1934. He received his B.A. in zoology from the University in 1925, then went to the University of Michigan to receive his M.A. and Ph.D. degrees. He was instructor in anatomy at Michigan from 1927-30 from which time up to the time of his appointment at the University he was a research associate at the Jackson Memorial Laboratory at Bar Harbor.

The detailed list of faculty appointments and advancements follows.

**College of Agriculture**

George Wesley Crowther, Assistant Professor of Agricultural Engineering, B.S., New York State College of Agriculture, M.S., Cornell University, 1941.

Dorothy Nicksht, Assistant Professor of Home Economics, B.A., 1925, University of Oklahoma, M.S., Iowa State College, 1932. Experienced in general and vocational high school home economics teaching in Alabama and Nevada and as Home Economics Teacher Trainer and Instructor Adult Teacher at the University of Nevada.

**College of Arts and Sciences**

Charles Philip Brown, Graduate Assistant in Wildlife Conservation, B.S., N.Y. S. College of Forestry, 1935.

Frederick Warren Garland, Jr., Graduate Fellow in Animal Pathology, B.S., University of New Hampshire, 1941.

Ann E. Eliason, Instructor in Home Economics, B.S., University of Maine, 1926. Has served as head of the Home Economics Department at Auburn High School, Auburn, Maine, and head of the Home Economics Department at Junior High School Needham, Massachusetts.

Ormond A. Staples, Graduate Assistant in Wildlife Conservation, B.S., University of Maine, 1941.

**College of Arts and Sciences**

Dr Joseph M. Murray, Professor and Head of Department of Zoology, has been appointed Acting Dean of the College of Arts and Sciences for the academic year 1941-42.

Virgil Stewart Pratt, Graduate Assistant in Zoology (William Converse Kendall Memorial Fellow), B.S., University of Maine, 1941. Has been technical assistant waterfowl surveys, Pittman-Robertson Project, and laboratory assistant in Forest Entomology at the University of Maine.

Richard M. Bruce, Instructor in History, B.A., University of California, 1936; M.A., 1937; Ph.D., 1940. Tausig Traveling Fellow in History from the University of California in 1939-40 in France and England and has taught in the Piedmont High School as Instructor in History.

(Continued on Page 14)
NEWS and EVENTS of the SUMMER

Session—
The annual summer session of the University reported a total of 551 students from twenty-eight states. In out of state registration New York led with forty-five, closely followed by Massachusetts with forty-one. Students from Maine numbered 358. As usual the field of education was particularly well represented.

Among the many courses offered some of those which attracted particularly keen interest were courses in remedial reading, drawing and crafts, visual education, and school administration. Courses in foreign languages were in unusual demand it is reported.

Among the visiting teachers Dr. Paul S. Miller, Miss L. K. Clarke, and Miss Matilda Dewey were again present. New teachers included Dr. Payson Smith, famous educator who was particularly well received by the students. A series of lectures by Dr. Sigismund Neumann on international affairs high-lighted the lecture program of the session. A talk on “Hawaii Today” by President Hauck and “Nutrition and National Defense” by Mrs. Marion Sweetman of the Home Economics Department. Many outstanding entertainment programs and social events including trips to nearby points in Maine added to the enjoyment of the program.

Agricultural—
The College of Agriculture sponsored a number of programs on the campus during the summer months. Outstanding among these was that of August 25 by the Farm Security Administration featuring a series of talks and discussions groups on problems of rural rehabilitation. Homer F. Wooster, State Rural Rehabilitation Director, was the feature speaker and the meeting was attended by County Council members throughout the state.

A two-day poultry school was held August 21 and 22 sponsored by the College of Agriculture and the Maine Poultry Improvement Association. Prof. J. R. Smyth, head of the Poultry Department, and Frank Reed, Poultry Specialist for the Extension Service, presided at the session. It was widely attended by poultrymen from Maine and neighboring states.

More than 300 members of the Future Farmers of Maine representing forty-eight local chapters of the Association gathered in an annual convention on the campus June 23. The young farmers attended lectures, conducted contests and listened to a program of talks and instruction.

The Penobscot Grange held its annual Field Day at the University on August 14, an outing enjoyed by some 350 local grange members.

Oldsters—
The seventeenth annual session of the Three Quarter Century Club met on the University campus on August 26 with an attendance of 1500 members and guests. Made up of persons of seventy-five years of age, the Club is an active and enthusiastic organization. During their one day session they elected President William E. Brewster, father of Senator Ralph O. Brewster.

Donation—
An attractive oil painting of Lt. Col. Albert W. Stevens, 17, world famous stratosphere flyer, was presented to the University this summer. Painted by F. John Hilliard, well-known Boston portrait artist, the picture portrays Col. Stevens in army uniform against a deep blue background which the artist says was suggested by the color of the stratosphere as described by the flyer.

Setting a world's record in 1935 by his stratosphere balloon flight to more than 72,000 feet, Lt. Col. Stevens achieved international fame at the height of a career which has been marked by continual aerial achievements in addition to his flight accomplishments he is outstanding in the field of photography and research.

Finance—
A three-day program on Education and Municipal Finance was held on the campus July 23 to 25. Opening the program was an address by Frederick G. Payne, State Commissioner of Finance, on “The Financial Situation of the State of Maine.” Other speakers included Prof. Walter Chadbourne of the Economics Department, Lawrence L. Pelletier of the Department of Government, Ralph A. Ranger, Industrial Engineer from the Maine Development Commission, and Dr. Bertrand E. Packard, State Commissioner of Education.

Returned—
Administration members, faculty, and alumni were happy to learn of the return to duty in the treasurer's office this summer of Frederick S. Youngs '14, of Bangor, following an extended leave of absence due to illness.

Mr. Youngs was appointed Treasurer in 1923. He served regularly in that capacity until severe illness in the winter of 1940 compelled a leave of absence to recover his health. He has returned to duty this fall in excellent health once more.

Homecoming Plans

Plans for the annual Homecoming Program this fall, scheduled this year for the week-end of November 7 and 8 and centering around the home football game with Bowdoin are already under consideration. A committee headed by Earle F. Bennett ’28 as chairman is arranging the program details.

Following in general the outline of recent years the program will feature a homecoming noon luncheon Saturday and various athletic and campus activities during the week-end. In addition some new program details are this year under consideration.

Interest in the program this year is expected to be heavier than ever, the double attractions of the Bowdoin game and the work of the new coach, George "Tick" Allen, are expected to arouse an even greater interest than normally in the program.

The committee representing alumni, faculty, and students, will consist of Albert D. Nutting '27, Arthur W. Hodges '38, Winthrop C. Libby '32, and Theodore S. Curtis '23, for the faculty; Earle F. Bennett '28, Wallace H. Elliott '26, John Stewart '27, and Miss Marion Rogers '30, for the students; Edward Barrows '42 and Eleanor Ward '42.
With the Teams

VARSITY FOOTBALL—

A scarcity of experienced linemen and the advent of a new coaching set-up led by Bruce's successor Coach George "Eck" Allen adds up to some big question marks as Maine's varsity football team swings into action this fall. Alums and other fans are sure to view with interest even keener than usual the performances of the team this fall. Following a real work-out during spring practice, forty-two gridsters returned to the University for pre-season action on Tuesday, September 2. During those early days they put in some real work with two practice sessions daily and a squad meeting in the evening for skill practice and discussion.

Practically all of the team, as it is reported, has meant real work this fall with particular stress on blocking, tackling, and daily contact work. Scrimmage every day has been the order and the squad so far has reported only minor injuries as they round into shape for the season.

Of the group reporting for work nine are letter men from last year's team. Of these, however, only William L. Irvine '42 of Framingham, Mass., at guard in the line, Graduation has taken such outstanding veterans as Roger Starnes, Ed. Harris, center, George Grant, Jake Serota, and Fred Briggs. Jake Stahl, last year end, has gone into the army this year.

To replace these gaps in the line Richard Morrill '44 of Farmington, from the Jayvees is looking good at tackle, Bob Dalrymple '42, of Newton, Mass., a letter man in 1940, is doing well at end, and Lowell Ward '43 of Brighton has been converted from halfback to left end. At the center position Maurice Genoa 43 of South Portland looks the best at present.

A tackle prospect is Frank Squires '44 of Medfield, Mass., from last year's freshmen team. Plenty of other men, too, are fighting for these places.

The backfield is more nearly certain at the start. Big Ed Barrows '42 of Newport, is sure of the fullback slot and seems headed for a good year. Understudy to him will be Al Ethelstein of Sanford, who saw service last year. At quarter, best bet so far seems to be Jack Retz '42, of Waltham, Mass., who stands out.

ATHLETIC SCHEDULES

VARSITY FOOTBALL

Sept. 27 Rhode Island at Orono, 2 p.m.
Oct. 4 Northeastern at Orono, 2 p.m.
11 N. Hampshire at Orono, 2 p.m.
18 Connecticut at Storrs
Nov. 1 Colby at Waterville, 1:30 p.m.
8 Bowdoin at Orono, 1:30 p.m.

VARSITY CROSS COUNTRY

Oct. 11 N. Hampshire at Orono, 2 p.m.
31 State Meet at Augusta
Nov. 10 N.E.I.C.A.A. at Boston
17 I.C.A.A.A.A. at New York

As a blocking back, Thomas Pollock '42, of Somerville, Mass., and Nat Crowley '42, of Dover-Foxcroft, who have both seen previous service with the varsity, are fighting for regular positions with Emile King of Orono, and Bob Nutter, of Sanford. Clarence McIntire '44, of Portland, Parker Small '42, of South Portland, and Al Hutchinson '44, of Danvers, Mass., are all in the running for backfield work.

As time nears for the opening whistle against Rhode Island, all interest is centered on the question of what kind of a team will emerge from the long practice sessions on Alumna Field. Coach Allen will use players run mostly from a single wing back behind a balanced line. If the intensive drilling in fundamentals given all players in all positions during the early days—drilling in blocking, tackling, running, line-play, and other contact work—really pays off and enables a light and inexperienced line to make a way for the backs, that group of speedy and tricky ball carriers will cover the yards fast, it is conceded.

VARSITY CROSS COUNTRY—

Prospects for the long distance runners to Maine this fall seem to give promise of a team of about average ability with some prospect that it may surprise, according to Coach Chester A. Jenkins, in preliminary announcements. Five members are left this year from the famous national freshman championship team of two years ago. These are Dwight Moody, of Lincoln, Richard Mantz, of Albany, N. Y., Philip Hamm of Charlestown, Leo Estabrook, of East Corinth, and Stanley Frost, of Norway.

Seniors on the squad this year are Mark Ingram, of Rockport, who was a consistent place winner last year and a very steady runner; Fred Kelso, of Portland, and Harold Garfield, of Mattapan, Mass.

Coming up from last year's freshman squad, Coach Jenkins has watched with particular interest the work of Albert Crockett, of Auburn, who is regarded as the most improved man on the squad. Last year he was troubled considerably by a lack of endurance at the end of races which hindered his excellent stride and courage from achieving the place he deserved. It is thought that his running will be much stronger this year.

The cross country season brings a dual meet with New Hampshire on October 11. The annual State Meet will be held at Augusta this year on October 31 followed on November 10 by a New England competition at Boston. On November 17 the squad will go to New York for the national I.C.A.A.A.A. meet.
News from the Alumni Association

In accordance with the action taken by the Alumni Council and subsequently approved at the General Alumni Association annual meeting, the Alumni Activities Fund which now exceeds $5,500 has been deposited in trust with the University of Maine Foundation. This transfer was made by Dimon E. Merrill '11, chairman of the Trustees who upon completion of the transfer were relieved from further responsibility. The trust leaves complete control of the use of the income with the Association but places authority for investment of the funds entirely with the Foundation.

The purpose of the Alumni Activities Fund which was established in 1924 is "To establish a plan for securing a permanent annual income, with which to assist defraying the expenses of the general association and alumni activities and interests at the University of Maine, where and when the General Alumni Association may determine.” Although created in 1924 it was not until 1929 that the Fund started to show substantial gains each year through the gifts made by reunion classes. Up to this time, the Fund has consisted solely of a savings account deposit. However, the former trustees of the Fund felt that the time had arrived when consideration should be given to investment of the moneys and definite provision be made for the financial management of the Fund. Under the terms of the Alumni Activities Fund trust, the General Alumni Association retains full control of the use of the income.

Inasmuch as the University of Maine Foundation was sponsored by alumni for the specific purpose of receiving and managing trust funds for the University and all affiliated departments, it seemed logical that this Alumni Activities Fund should be placed with the Foundation. One of the established policies of that organization is pooling of all funds for investment purposes and prorating income back to each account. The Foundation now has some $35,000 of which it is Trustee.

Service Emblem

By vote of the Alumni Council last June the annual award of the Alumni Service Emblem, recognition of service to the University, will be made during the Commencement program in June this year instead of at the Homecoming luncheon on November 8.

The change in time of award is the result of two factors. It was deemed necessary for one thing to speed up the program of the Homecoming luncheon in order to meet the earlier starting hour of the football game. In the meantime it was felt that the service emblem award was of sufficient significance and value that it should be made before the largest possible number of alumni. These aims it was felt would be better served at the commencement program than at the more limited homecoming event.

Nominations for the current award therefore will be taken during the spring months in anticipation of the presentation on Alumni Day.

Council Members

One of the three new members named to the Alumni Council this year is Myron Peabody, '16, Assistant Treasurer of the Federal Land Bank of Springfield, Mass. His appointment brings recognition to a period of long and loyal service to the University and the Alumni Association.

As a member of the Class of 1916, he has been active in class programs and served as marshal for the Commencement program on Alumni Day last June.

Mr. Peabody has been associated with the Federal Land Bank for some time and is widely known in the fields of banking and agriculture. His election to the Alumni Council executive body of the General Alumni Association brings to the deliberations of the group a loyal and interested alumnus whose friendly personality and clear thinking have made him a leader in many fields.

The other two new appointees to the Council are Alton T. Littlefield '21, of Augusta, and Frank W. Linnell '29, of Auburn. A picture and detailed information about each will introduce them to fellow alumni in subsequent issues.

George E. Lord, 24, Assistant Director of the Agricultural Extension Service and long active in alumni work, has been elected new clerk of the General Alumni Association, succeeding Maurice D. Jones, '14, who served in that capacity ten years.

Mr. Lord is a past president of the Penobscot County Alumni Association and has served as a chairman of the Dues Committee. As assistant director of the Extension Service, he has much responsibility in the administration of the important program of the Service to farmers throughout the state. He previously served as County Agent for Franklin County and as County Agent Leader at the University. He was appointed to his present position in 1934.

Military Service

Plans for establishing and maintaining a set of records of men in military and naval service are being formulated by an alumni committee appointed by George D. Beairce, '11, president of the Alumni Association. The committee consists of Lt. Leo J. Murphy, 36, Lt. Arthur W. Hodges, 38, and Lt. Richard W. Healy, 38.

Lt. Murphy, chairman of the committee, is adjutant at the Bangor Army Air Base and Lt. Healy and Hodges are both instructors in Military Science at the University.

The purpose of the plan is to secure all information possible about alumni who are in any branch of the military and naval service and so far as possible to maintain a record of changes, transfers, and promotions. Alumni are invited to send the names and all possible information concerning men now in service. It is hoped also that a "camp file" may be developed so that it will be possible to turn in at any time a list of men in any camp. The success of this plan will depend in no small measure upon the cooperation of the men in service.

By vote of the Alumni Council Executive Committee it was voted to send a complimentary subscription of The Maine Alumni to all non-commissioned men in service.

Council Member: Myron Peabody, '16, of Springfield, Mass., is one of three new members on the Alumni Council.

Outstanding among his alumni work has been his chairmanship of the Western Massachusetts area for the Library Campaign. This area, under his able and tactful leadership, reached its quota nearly a year ago being among the first eight areas in the country to attain 100% standing. He has also served as president and executive member of his local association.

21
New Member Named To Dues Committee

Newest member of the important Dues Committee of the Association is Richard C. Dolloff, '27. County Agent Leader of the Agricultural Extension Service. He takes up this year a three-year term to serve with Chairman Samuel Calderwood, '33, of Bangor, and Henry L. Doten, '23. Business Manager of the University.

Mr. Dolloff has long been widely known in alumni work as well as in the field of agriculture. He served two years as instructor in vocational agriculture at Unity high school then became 4-H Club Agent for Cumberland County, followed by seven years as assistant county agent for Aroostook County. He was named County Agent Leader in 1936.

The Dues Committee this year in early meetings formulated a series of dues notices on a new type of approach featuring drawings of Bananas, the cub bear mascot, and emphasizing various phases of the work and service offered by the Alumni Association.

Again this year receipts in acknowledgment of dues payments will take the form of the useful calendar of campus events for the year, giving as complete a list as possible of academic, athletic, social, and cultural activities. The calendar will be mailed immediately on receipt of dues payments which will as usual include the years' issue of The Maine Alumnus.

Award —

The award of a scholarship of $250 to Beatrice A. Noonan of New Gloucester, was announced in late June by the American Society of Composers, Authors and Publishers, commonly known as ASCAP. The award was in recognition of the outstanding student production Of Cabbages and Kings written by Miss Besse and Mrs. Hanson, and presented last year by the Mame Masque. The comedy was named the regional winner in the second ASCAP fellowship competition for composers and authors of college musical plays. Placed in competition with musical plays written by students throughout New England, Of Cabbages and Kings was judged most successful on the basis of originality, continuity, and production problems.

Defense —

Defense training courses at the University were conducted during the summer months, enrolling among others some twenty-five soldiers from the Bangor Air Base. Elementary and advanced courses in engineering drafting, work in machine shop, internal combustion engines, and other technical subjects.

Local Associations

SCHEDULE OF MEETINGS

October 18 — N. Y. Alumni Bridge and Tea 2:00 p.m. Midtown House 22 East 38 St., N. Y. C. in the A.A.U.W. Rooms, 14th Floor

October 24 — Androscoggin Alumni Association Coach Allen — Lewiston

October 30 — Maine Alumni Teachers' Association Dinner — First Baptist Church, Bangor

The Merrymeeting Bay Alumni put on a clambake and picnic on August 5 at the home of Lawrence Merriman '21 in Harpswell Center. Plans were made for the fall meeting the night before the Homecoming football game on November 7. Everyone present enjoyed the summer outing and complimented the committee in charge consisting of Mr. Merriman, Everett K. Adams '32, and Carl B. Swanton '17.

Vermont Alumni reported fourteen alumni and alumnae present at a meeting in Brattleboro June 19. Professor Walter D. Emerson '16, of Norwich University, conducted the business meeting. Plans were discussed for district social meetings to widen the acquaintance of alumni in Vermont. The entertainment feature of the evening was a showing of movies and a talk by Raymond C. Thompson, State Aeronautics Examiner on aeronautics work in the state.

Boston Alumni Association elected the following officers last May for president, Warren Preble '21; first vice president, James Hulliver '15; second vice president, Leslie J. Wertheim '11. Treasurer for the group was William Bailey '26, and Duncan Cotting '38 will serve as secretary. Richard Clark '27 was chosen chairman of the executive committee.

Alumni in the vicinity of Ithaca, N. Y. met on the Cornell campus July 22 for a social evening with Dean Arthur L. Deering '12, member of the Cornell Summer Session faculty, as guest of honor. Eighteen alumni were present, mostly members of the summer school or extension school.

Northern California Alumni gathered on July 18 to welcome President Arthur A. Hauck on his trip to Hawaii. Nineteen alumni and guests were present and greatly enjoyed Dr. Hauck's talk on University activities.

Portland Alumni held their regular monthly meeting in May at the Columbia Hotel. A finance committee was chosen to consider the question of association dues. The group also voted to give an additional $100.00 to the Library Fund. New officers elected were Christine Elliott Stanford '35, president, Freida Weaver Prouty '29, vice president, Mary Carter Stiles '31, recording secretary, Mrs. William Murphy '33, corresponding secretary, and Virginia Nelson Sturgis '36, treasurer.

Southern California Alumni met on June 12. There were about twenty-five alumni and friends present to welcome President Hauck on the occasion of his visit to the Pacific Coast.

Northeastern New York Alumni picnic was held September 20 at Crooked Lake near Troy. A number of new people turned out to make the largest group for some time. Thirty-four alumni, guests, and families were present and fully enjoyed the excellent outing. Arrangements were under the direction of the officers with Conan Priest '22, president. The report was made by H. W. Chadbourne '02, secretary.

Vermont Alumni residing in the southern part of the state enjoyed a picnic outing at the home of Mr. and Mrs. A. J. Cassista. Eighteen were present. This was the first such gathering to be tried for this section. Rev. and Mrs. Stanley Hyde, of Ludlow, assisted the Cassista's with arrangements.

Committee Member: Newest member of the important Dues Committee of the Association this year is Richard Dolloff, '27, of Orono.
That a Marine's life is seldom a monotonous one, at least after preliminary training, is shown by the histories of Lt Col T. T. and Capt Totman Norman E. True joined the Corps which has been his life career by way of the first World War, "jumping up" in 1917 and leaving the University in the midst of an electrical engineering course to do so. Commissioned a second lieutenant in October that year, he became First Lieutenant the following July. He saw overseas service in France with the 5th Marines from May, 1918, until that regiment returned in July, 1919.

The years between 1926 and 1928 saw him stationed at Port au Prince, Haiti, then in June, 1929, he sailed for China for duty with the Fourth Marines at Shanghai. There he stayed through exciting and terrible days of the first Japanese invasion of Shanghai. He had been permanently commissioned to the rank of Captain in 1931 then in 1937 received the grade of Major. He commanded the Sea School, Marine Barracks, Norfolk, Virginia, from 1938 to 1941 and is at present at Parris Island, N. C., commanding a group of batteries of naval guns with Coast Artillery missions.

Life has not been so very different for Captain Totman. The narrative of his shorter but no less interesting career is best told in his own words. He writes:

The history of my service is typical of the Marine Corps since 1935. After receiving my commission I was ordered to the Basic School at Philadelphia for a course in military science and tactics. At the completion of the course I went to Charlestown Navy Yard, Boston.

One morning in September I received one of the most pleasant surprises in my life in the form of orders to the Fourth Marines stationed in Shanghai. The duty in Shanghai was my best in many ways. The 4th Marines is a fine regiment, with picked men and officers.

The many interesting things that happened during the next six months, two months of which we were almost continually under fire from both the Chinese and Japanese, are too numerous to mention. The one lesson I learned during that time was that the American men who have been properly trained are the most courageous, self-sacrificing, and dependable soldiers in the world.

I returned from Shanghai in August, 1938, to serve at Mare Island and San Clemente Island, Calif., where for one year I was Commanding Officer. I was then given a two months leave so that for the first time since 1927 I saw my family in Massachusetts. Needless to say, I drove up to Oroko to see all my friends "Wally," "Possey Fred," "Dean Corbett," "Doc" Witte, and the Foresters were all the same and their presence made the school seem the same. I then went to visit an old girl friend whom I had met while at the University and the Maine girl looked so much better to me than those that I had seen in my travels that after some pretty fast talking on my part she decided to "Join the Marines and see the World." Since that time she crossed the country spent seven months at the Marine Corps Base in San Diego with me and now we are at Sitka, Alaska, the historic capital of old Russian Alaska. I have, of course, omitted all detail from the last two years of my service due to the existant world conditions.

Also Captain in the Corps is James V. Bradley Jr. of Millhocket, Class of 1919. Now stationed at Quantico, Va., he has been service in Cuba and San Diego, Cal., in his dozen years of service.

Those who think of the Marines as turms officers smartly dressed in blue uniforms with red stripes, or soldiers standing guard on the colorful posters at railway stations and recruiting offices, fail to realize that half of this adventurous atmosphere stands a tradition of stein discipline, work, and real fighting. It is in this great tradition that Maine alumni in the Marine Corps are carrying on today.

Appointments and Promotions (Continued from Page 9)

John Buckley Roberts, Instructor of Speech, B.A. New York University, 1940; M.A. State University of Iowa, 1941.

Dana Mather Woodbridge, Instructor in English for the fall semester of 1941-42, B.A. Wesleyan, 1935; M.A. University of Michigan, 1936. Was a Teaching Fellow in English at the University of Michigan.

John James Murphy, Graduate Assistant in the Department of Physics, B.S., Holy Cross, 1941.

Dr. Paul Fischer, Instructor in Mathematics and Business Administration has studied at University of Vienna, University of Paris, the Sorbonne, and College of France. Doctor's Degree, University of Vienna, 1931. Has been Graduate Assistant at College of William and Mary, Research Associate in Labor Law at Fordham University, and associated with the (N. B.) Junior Research Station.

Mary Helen Raye, Instructor in Zoology, B.A. University of Maine, 1938; M.A. University of Michigan, 1941. Has been taught at Shadr Memorial High School, Eastport, Maine.

Harold A. Davis, Instructor in Government, B.A. University of Maine, 1934. Has taken graduate work at Columbia University.

College of Technology

Gordon Louis Gombert, Graduate Assistant in Chemistry and Chemical Engineering, B.S. Kent State University, 1941.

R. Bevross Nason, Graduate Assistant in Chemistry and Chemical Engineering, B.S. University of Maine, 1939.

Nathan Rich, Instructor in Mechanical Engineering, B.S. University of Maine, 1940. Has been employed by the Waterbury Farrel Foundry & Machine Company of Waterbury, Conn.

Miscellaneous

Walter Benedict Dobbs, Assistant in the Department of Physical Education, Raymond W. Bick Jr., Graduate Fellow, in Plant Breeding, Agricultural Experiment Station (Maine Canners' Association Fellowship), B.S. University of Maine, 1941.

Miss E. Wimright Briggs, House Director, Estabrook Hall, Normal Section, B.S. Columbia University 1924; M.A. Northwestern University, 1939.

Military Department

Lieutenant Colonel Francis R. Fuller, Professor of Military Science and Tactics, B.A. U.S. Military Academy, 1913. Attended the Infantry School, the General Service Schools, and the Army War College. Has been Instructor, weapons section, the Infantry School, Assistant Professor of Military Science and Tactics, University of Idaho.

Lieutenant Colonel Reuben Noel Perkins, Associate Professor of Military Science and Tactics U.S. Army (retired), A.B. U.S. Naval Academy, 1911. Graduated of the advanced course Coast Artillery School. Has served as Instructor for reserve officer classes, military science and tactics and saw service in the Philippine Islands, as Commanding Officer of the Fifth Infantry National Guard.

Leaves of Absence

Mrs. Mary P. Crandon, Instructor in English, has been granted leave of absence for the year 1941-42, for the purpose of graduate study at Pennsylvania State College.

H. Lloyd Mckelwelly, Associate Professor of English has been granted leave of absence for the fall semester. He will work on two studies dealing with American literary history.

Miss Beatrice Conye, Assistant Professor of Home Economics has been granted leave of absence for the year 1941-42 for the purpose of graduate study at Columbia University.

The following have been granted a year's leave of absence for military service:

Charles Byron Sibley, Assistant in Bacteriology, Agricultural Experiment Station.

Edward M. Merrill, Assistant in Chemistry, Agricultural Experiment Station.

John S. Getchell, Assistant in Bacteriology, Agricultural Experiment Station.
1917
WADE L. BRIDGHAM. A graduate of the College of Law, Wade L. Bridgham died at his home in Brookfield on June 29 at the age of 52. Additional details of his decease are not known at this time.

1933
CARL L. THURSTON. Death came to Carl L. Thurston, department foreman for the General Chemical Company in Marcus, Hook, Pa., on June 28 of this year. Employed for several years by that company, Mr. Thurston had occupied the position of foreman in the sodium hyposulphite department. He had resided in Chester. His death was extremely sudden and unexpected.

1935
ROBERT F. WISHART. Victim of a boating tragedy, Dr. Robert F. Wishart, a Rumford dentist, was one of 37 killed in the mysterious disaster of the excursion boat Don off Bailey's Island. Dr. Wishart, 28 years old, graduated from a dental school in Toronto following his attendance at the University. He had recently set up a successful dentist practice in Rumford when he lived with his father. Details of the recovered bodies were still shrouded in mystery. Apparently some swift catastrophe of the ocean following engine trouble on the excursion boat caused the disaster.

By Classes

1896
The annual meeting of the Mormon Park Association of Searscott was held in July and Col. Frederick F. Black was the newly elected vice president. Colonel Black is retired from the U.S Army.

1919
John M. Underwood, Maine, has been appointed to the post of inspector in the Department of Agriculture in the United States.

1920
Dr. Elmer D. Merrill, administrator of Botanical Collections and director of the Arnold Arboretum, Harvard University, has recently been elected an honorary member of the Royal Agricultural and Horticultural Society of India. Dr. Merrill was a member of the committee of selection for Latin American Fellowships of the Guggenheim Foundation to select the recipients of ten fellowships of about $2,000 each to Brazil, Mexico, Argentina, Uruguay, Puerto Rico, and Chile.

1940
Dr. O. Whitehead, manager of the Frontier Press Co. of Syracuse, New York, was on the campus in early August. This is his first visit since 1926 and only the second since his graduation.

1914
Herbert L. Thrauld, of Fort Kent, as municipal judge of Northern Aroostook County, was approved by the state Senate in July.

1941
Herbert H. Leonard, of 167 Elmwood Ave., East Aurora, New York, and president of the Consolidated Packaging Machinery Company, has been appointed to the newly created committee on Economic Policy of the National Association of Manufacturers. At the organization meeting of the Maine Town and City Managers' Association held in Bangor in July, Percy R. Kelley, of Camden, was elected vice president.

1915
Next Reunion, 1945
Leslie J. Johnstone is structural designer for the Cook County Highway Department, 6901 W. 63rd Street, Chicago, Illinois. His residence address is 625 Fairview Ave., Park Ridge, Illinois.

1916
Next Reunion, 1945
Friends and classmates of James G. Wallace, former Toronto city manager, will be interested to know that he is now city manager for Wilmington, North Carolina. This city also elected Mr. Wallace their first manager.

1917
The May 31, 1941, issue of the Saturday Evening Post contained the story "Eyes in the Skies" which told of the work of Lt. Col. Other W. Stevens Colonel Stevens is director of the graphic department of the Air Corps Technical School at Lowry Field, Denver, Colorado.

1918
Prof. and Mrs. Robert K. Stewart who have been spending the past six months at Bayside, Maine, are moving to St. Petersburg, Florida, on October 20. Prof. Stewart retired this year after thirty-three years of teaching, one year at the University of Maine, seven at the University of Illinois, and the past twenty-five at Michigan State College where he has been head of his department of drawing and design. Prof. Stewart writes that he is looking forward to having time for some of his hobbies which include collecting stamps, pencil sketching, reading, and also an opportunity to look up classmates and renew some of the early friendships.

1919
Mrs. Mildred Chase Hinckley, teacher at George Stevens Academy in Bluehill, attended summer school at her Alma Mater this summer.

1920
Walter L. Sturtevant, chief chemist for Manhattan Rubber Mfg. Division of Raybestos-Manhattan, Inc., has been appointed for a term of two years as a member of the New York District Committee of the American Society for Testing Materials.

1921
Next Reunion, 1944
William A. Cobb, of Belfast, is a director of the Belfast & Moosehead Lake Railroad Company, for the year 1941-42, according to a recent newspaper clipping.

1922
Mr. Frederick Palladino is living at 23 Bellevue St., Dorchester, Mass. He is a retired clergyman.

1923
Edmund B. Keating is receiving mail at Robert's Works Office, New York, New York, where he is commander of the Civil Engineer Corps for the U.S. Navy.

1924
Mrs. Cora S. Calvert, of Orono, was married this summer to Thomas McChesney Gunn, of Haddonfield, N. J. Mr. Gunn was a member of the University of Maine faculty as instructor of mechanical engineering from 1905-07. They are making their home at 403 Wellington Avenue in Haddonfield.

1925
Next Reunion, 1944
Dr. Bertram E. Packard, for twelve years Maine's State Commissioner of Education, retired August 3 of this year.

1926
A native of Augusta, Mr. Graham was graduated from Litchfield Academy and

October, 1941
15
from Bates College. He served many years as a teacher, holding principalships at Leavitt Institute, Turner, and Hall- owell, and as superintendent of schools at Turner while heading the institute, he also was superintendent of schools in the Thomaston-Camden Union and at San ford, leaving the latter to become deputy state superintendent of schools in 1922. Seven years later he became commissioner. He has graduated from Mame’s Law School in 1910.

Next Reunion, 1944

Harold G. Wood is steward-treasurer of the Bangor State Hospital and receives mail at Box 926 Bangor. Benjamin O. Warren has recently been employed in the textbook department of Harper and Brothers and is at San ford leaving the latter to become deputy state superintendent of schools in 1922.

Next Reunion, 1943

Nathan W. Thompson is a member of the Maine State School Board. Mr. Thompson is an attorney in Portland, being located at 85 Exchange St. Lewis O. Barrows, former governor of Maine, is director of an air raid pro- tection school for industry which is op- erated at the University of Maine Institute of Technology with staff members of the school acting as instructors. This is set up as a part of the defense work for industry which Walter LaGuardia of New York has suggested.

Next Reunion, 1942

Mrs. Margaret Flint Jacobs of West Baldwin, a widely known Maine novelist, is USO chairman for West Baldwin. She was recently a guest of the United States Army WAGAN in England at which time she told of solicitation work for the organization. On the same broadcast, Commander A. Lincoln King, of the US Navy, spoke of the needs of the Navy for whom the USO will provide service clubs.

Albert F. Cook was appointed by Gov- ernor Sewall as judge of the Fort Fair- field Municipal Court in July. Since his graduation in 1912, Mr. Cook practiced law in Bangor and later enlisted in the U. S. Army where he served two years. James L. Boyle, of Waterville, was re- elected for the third term to the adjutant for the Maine American Legion at their convention held in June.

Next Reunion, 1941

Marthon Doak, of Belfast, is a member of the real estate committee of the Children’s Aid Society of Maine.

Next Reunion, 1940

Harvey R. Pease, Wiscasset, lawyer and clerk of the Maine House of Representatives for many years, was named to the county’s registry of pro- bate by Governor Sewall in June.

Harold J. Shaw of Sanford was elec- ted director of the National Holstein- Frisian Association of America and is on the finance committee.

Commander A. Lincoln King is com- manding officer of the Third Battalion, U. S. Naval Reserve, assigned to duty at the Portland Section of the Inshore

Patrol, which is established in Portland.

George J. Stohe, of Waterville, is serving his fifth three-year term as Mame’s commissioner having been reappointed in July.

Next Reunion, 1943

John M. Klop was on the campus this summer paying his first visit in many years. He is traffic engineer for the C & P Tel Co., of Charleston, West Virginia. His residence address is 1506 Virginia St. in Charleston. Donald L. Johnson now has the title of Maj. FA, with the 9th Division Head- quarters at Fort Bragg, North Carolina.

Sumner A. Hall is in charge of pur- chases of foreign types of cheese for the A & P Tea Co., at 211 W. Wacker Drive, c/o National Cheese Dept., of that chain.

Next Reunion, 1942

Mrs. Estelle S. Robbins is located at North Easton, Mass., where she is partner and manager of Kelley’s Store, U. S. Army and Navy Depot.

Lt. Col. Norman E. True is now located with the Fifth Artillery Group, Fleet Marine Force, Marine Barracks, Parris Island, South Carolina.

Congratulations to Capt. Ray M. Astle who has recently been promoted from lst lieutenant to captain. He is the com- manding officer of the service battery, lst Battalion, which was organized when the regiment first reached Camp Blanding, Fla.

Emerson C. Lawry, of Houston, Texas, is now Gulf Coast division manager for the Shell Oil Company with whom he has been associated for nineteen years. His daughter, Marjorie Charlton, has been named Lanzi Beauty Queen of the Lamar High School in Houston where she is a senior.

Frank O. Alley, Jr., formerly with the department, is located in Wiscasset, as the Harbor, to whom was called to active duty as a captain in the 38th Infantry at Manchester, N. H., has been promoted to 1st lieutenant in June. His mail is going to Head- quarters, 2nd Regt. Dist. 32 Water St., Manchester.

R. Hopkins is district manager of the Virginia Electric & Power Co., at Fredericksburg, Va. He has been gener- al chairman of the Fredericksburg com- munity fund since it was organized two years ago and has the job of organizing it again this year. He also holds the chairmanship of a fund-raising campaign at the Mary Washington Hospital at Freder-icksburg to build an addition at a cost of $75,000 which is to be raised by public subscription.

Next Reunion, 1940

Verne C. Beverly, president of the class and County Extension Agent for Aroostook County, attended summer session at Cornell University in July.

R. Arline Wray is teaching at Matta- nawcook Academy in Lincoln.

Next Reunion, 1941

Horace C. Cranfill and Mrs. Cranfill—Virginia Collings Cranfill—were located at Sanurice, Puerto Rico, where "Bucky" is lieutenant commander in the Navy. Their mail is going, however, to c/o Mrs. H. C. Rogers at 76 Vine St. Reading. Mass. Congratulations and best wishes. Bucky. Rather late sympathy should be ex- tended to Ralph A. Ranger whose wife passed away in February of this year. Besides her husband she leaves three sons and one daughter. Mr. Walker is an industrial engineer for the Maine Development Commission at the State House. His mail is going to him at 41 West St. in Fairfield.

Paul F. Coburn technical director for the Textilecotor Corporation, Toledo, Ohio made his annual summer visit to the campus.

Osgood A. Nickerson is a Captain in the U. S. Army serving as a consultant to the Adjutant General 3rd U. S. Army in San Antonio, Texas.

Are there any other 2ers serving the colors? Let’s hear from you. ‘21 is proud of you.

All those in the class who attended commencement and who missed being surprised by a nice snapshot sent each one by Roscoe Barber. That’s real class spirit. The picture was of our pro- gram. Incidentally, the song we all
worked so hard learning in Aubert Hall that morning is now published and has been done on the radio several times so if you hear it by accident, you can then be on the listening end, we did to sing it the last time we all met.

Any news about any others? A line will be greatly appreciated.

As ever,

"Woody" Wood
North Berwick, Me.

Next Reunion, 1946

1922

H. P. Turner, 16 Elbow Street, Providence, R. I. is still with Westinghouse but in addition to regular duties represents the company with Newport naval operating base.

Achsa M. Bean, M. D. Vassar College, Poughkeepsie, N. Y. is on leave of absence this year and is with the Emergency Medical Service under British Ministry of Health located in England or Scotland.

J. Kenneth Banta, Lenior City, Tennessee, construction engineer has completed Chickamauga dam and is now on Fort Loudon dam in same capacity.

B. W. Day, 24 Houghton Street, West Lynn, Massachusetts. His business is general research in ultrasonic detectors for General Electric Company, ultra sound photography, and boundary layer studies.

Hope Perkins, Featherstone, Hyde Park, New York. "Believe it or not, I have not been married ten years and have a baby girl seven months old." Hope's husband is a lawyer.

A. Everett Straw, Principal of Butler School district for the past ten years, taught this summer at Farmington State Normal School. His very character education and vocational information were in his charge.

Rachel Connors, dean of girls at Bangor High, did graduate work at Columbia University this summer.

G. P. Dunn, 22 Blake Street, Presque Isle, is wire chief with the N. E. Tel. & Tel. Co.

Lucy Chamberlain can be reached at 231 Van Dyke Place, Long Branch, N. J.

H. Otis Noyes, 187 Cornelia Street, Plattsburgh, N. Y., is department head, Plattsburgh State Normal School, Radio news master, WMFF; Candidate for Doctorate at Yale Reports three youngsters: ages 4-3-2 getting ready for U. of M. Our class reporter needs much help in making this column do full justice to the class of 1922.

Estelle Nason

Next Reunion, 1945

1925

Another year is beginning, college is open and things are beginning to hum! I had hoped to see more of you and have a big column to begin with; we do have some very important news! Few classes can have the distinction of being represented on the Board of Trustees and have a voice as Dean of the University. This honor has come to us during the last year. Joseph Murray has been announced as acting Dean of the College of Science to fill the vacancy caused by the resignation of Dean Edward Allen "Joe" has been head of the Biology Department for the last seven years. We are all glad to express our congratulations to our classmate.

Henry G. Perkins, for seven years professor of zoology at Bowdoin Central Institute at Mars Hill, will assume the principal-ship of Ellsworth High School this month and Joseph Humphrey is Classification Corps Area Service Unit #112 at Camp Devens, Mass.

Albert Jones is General Manager of Tide Water Power Company at Wilmington.

1927

I feel as if I had been hibernating all summer as I haven't heard from or of anyone all summer — no, I'll have to take it back — I did stop in to see Clara Stuart Grinnell at Sebcook this summer. Clara of course spends most of her summers there at the State Forestry Camp which seemed to be a grand place.

Then, too, I did have lunch in Boston with Florence. This summer but although I spoke of Marion Lord, who "Gushee" says goes from Kezar Falls to Washington, D. C., quite often I never do seem to hear from Marion.

I phoned Peggy Webster who sympathizes with me in my news gathering and she said that Marion Fogg has been to Brewe this summer and Peggy had seen her Marion lives in Cohoes, N. Y.

I spent a week at the Eastern Maine General Hospital the first of September and Annette Matthews, who is a Medical Technologist in the laboratory there, came in and made a little visit. She told me also that Amy Adams has the position of head of the English Department at Old Town High School this fall.

Summer "Fat" Fife held the last of May from Staten Island, N. Y. to Norco, Louisiana (Box 125) where he is Engineer in charge for RCA.

The Alumni office sends me two items — Capt. Henry Howard who has been on duty with organized Reserves at Boston has gone to Fort Davis, Canal Zone, with the 14th Infantry, and I presume the Howards should appreciate hearing from some of you.

James Bradstreet is Associate Engineer, Constructing Quartermaster Corps at Camp Edward, Plymouth, Mass., with residence at Bryantville, Mass.

And that is all, and I know of some must have been some here and seen some of our class this summer — write in, and tell the rest of us what someone else is doing: where they live, family, etc.

Edit. G. Thaxter

Next Reunion, 1944

1928

Another tall — another year of class personnel to collect! And I hope you're going to make it easy!

Horace and Mrs. Bell contributed to the progeny of this class in a big way this past summer, with the arrival on August 14 of twin daughters, Nancy Eloise and Sally Ann. Congratulations! NICHOLAS W. DEAN, who is living in 10 Catell St., Bangor, has been named to the plant protection service of the United States War Department. He's been a safety engineer of the WPA since 1935 and is well known throughout the state.

Dave Fuller sends the news that he saw Francis C. Dickinson this summer. He was on his way to Camp Shelby, Miss., with the regular army, after being with the CCC for seven years. His address will be, Ist Lieutenant Francis G.
Fitzpatrick, Company B, 28th O M Regiment, Camp Shelby Miss. Emma Thompson Ledger (Mrs William) has recently moved to Portland, and with her husband, son and daughter is living on Hills Street. They have recently lived in Oxford, Maine.

By way of the grapevine last week that Bob Simons was married this past spring to a former Patten girl. She is a trained nurse and was an airline stewardess. They are living in Chicago I believe.

We were delighted to have a call from Harold "Skeet" Ingalls this summer and to meet his attractive wife and young son and daughter. They are living in Sping Grove, Pa. where Skeet is plant engineer in a large pulp mill.

Our condolences to the family of Donald Huot recently died in Tucson, Arizona, where he has been for the past two years.

I'll be waiting for more news from all of you!

Thelma Perkins Dudley 34 Cottage Farms Rd Cape Elizabeth, Maine

1929 Mr and Mrs Guy H. Sturgis Jr. are mourning the birth of a son, Robert Washburn Bud, who is employed by the New England Telephone and Telegraph Co. has recently been transferred from Newtonport, Massachusetts, to Marlboro, Mass. He and his family are living at 35 Witherbee St. Marlboro.

Cornell University has announced the promotion of Robert F. Chandler from assistant professor of forest soils to associate professor.

James V. Bradley, Jr. is Captain of Marine, a member of the staff of the Marine Corps School, Quantoico, Va. His residence address is 410 Le Jeune Road, Quantoico, Va.

Katherine Marvin is manager of the Employee's Cafeteria at the Warehouse of the R. H. Macy Co., Long Island, N.Y. Her residence address is 98 Bromleigh Road, Stewart Manor, Long Island.

W. Jerome Strott was recently elected president of the Houlton Rotary Club.

Barbara Johnson 32 Orland St. Portland, Maine

Next Reunion, 1943

1930 Wyatt C. Burke is an engineer with the Lehigh Valley Railroad. He is living at 51 Wall Street, Bethlehem, Pennsylvania.

Philip T. Lane is a forester for the New England Power Company with residence in West Dover, Vermont.

Mrs. Ruth Taylor and Bernard B. Ramsden were married at an attractive home ceremony in Calais on July 15. Mrs. Ramsden is a graduate of Simmons College where she took her B.A. degree as a librarian taking her Master's degree at the University of Maine in 1930. She is employed by the government as a librarian of the Geological Division of the Department of Agriculture. Mr. Ramsden came from Copenhagen, Denmark, fifteen years ago, is a naval architect employed by the government. They are living in Alexandria, Virginia, in the Rutherford Hayes Building.

Laurence "Red" Vail is employed by New England Tel and Tel Co. in Sommertown, Massachusetts where he lives at 11 Fonte Court.

1931 Next Reunion, 1944

The beginning of a new school year has a way of catching up with people, no matter how much we try to make it an extension of summer vacation. I spent most of mine at the University of New Hampshire summer session, but for the youth I lost at our tenth reunion quite a successful search it was, too. At least I had a lot of fun.

We were usually with the first issue for all a number of items have collected during the summer. Although some are quite out of date the news may still be of interest.

Morton Danforth was married June 14 to Miss Dorothy Peters, a graduate of Brewer High School. Mr. Danforth manages Danforth Brothers Grocery in Brewer. Belated congratulations!

Louv Dungan Hammons is president for this year of the Greater Bangor Alumnae chapter of Pi Beta Phi. At the same time meeting Charlotte Cleaves was named chairman of the magazine committee, and Ethel Sezak gave a report on the activities of the "U" of M chapter, where she is chairman of the advisory committee.

Jacob Holmes of Belfast, is a director of the Belfast and Moosehead Lake Railroad Company.

B. Bryant is instructor and supervisor of medical nursing at a seven weeks' course given at the Maine General Hospital in Bangor through June and July, the course was given as part of the national program for better defense preparations at home, and was the first course of its type to be given in Maine. Before graduating from the Peter Bent Brigham Hospital and was head nurse there before coming to Bangor in 1939. She is also treasurer of the Maine branch of the National League of Nursing Education.

Kay Lapworth is Commanding Officer of Company A 28th Q M Regiment S. Army, at Camp Shelby, Miss. Her home address is 7 Memorial Street, Baldwinville, Massachusetts.

Roger Amies is a chemical engineer in the Research Department of the Diamond Alkali Company, Painesville, Ohio, and he lives at 11 W. South Street.

Seems to me the biggest trouble with this column is the advanced age of most of the items by the time they get to me from the Alumni office. How much interest with skit news. A very simple remedy would be to get a news direct. Red Farmar has started off with a card mailed the last of July in Cartagena, Colombia. Swell trip, he says. It ought to be for anyone who travels as First Engineer of the S. C. Cape Town.

You may not be that far away in doing anything that exciting, but any news of yourself will be interesting to someone. A postcard doesn't take much time to write and will reach me at the usual address. How about it?

Doris L. Gross Stomington, Maine

1932 Next Reunion, 1944

Robert H. Howitt, has taken over as sales manager for the Firestone Fire and Rubber Co. Bartlett Conn. and is living at 6 Orlando St. Wilburham, Mass. J. W. Smidt is superintendent of schools in Blue Hill, Maine.

J. Wehsden Russell has resigned as a teacher in Millinocket to accept appointment of principal of Howland High School.

Charles L. Pitts has been elected principal of the Yeshoost Central Institute at Mars Hill. Charlie's taught previously in Ellsworth and Lincoln and has been principal of the high schools in Wld, Solon and Madison, He is married and has two children.

This news may be a little out of date but it’s still news. Atwood Keney, of the "Dull Newbury Studio Players," in Newburyport, Mass.

Congratulations! This is a dramatic organization which has come to be quite a summer theatre.

W.C. Libby, in collaboration with Renet Bonde, has his name on the front page of the Maine Extension Bulletin number 290. The title of the bulletin is "Spraying and Dusting Potatoes." "Honeymoon" is another author—-the title of his bulletin is "Consumer Preferences for Potatoes in Boston."

Mary G. Bean, 2 Madison St., Bangor, Maine.

Next Reunion, 1943

1933

Well, another summer has passed by and once again its time to rummage through the trunk for those "lost undies"! All summer long I’ve religiously perused the daily newspapers, clipping items that interested me. I hope that I’ve included something which I know will interest you people. And now I say them all out, I find an assortment of weddings, births, and "chat-chat about many of you.

Helen Nivison became the bride of Dr. Edward Lorraine Young, 3rd, on June 24th. Dr. Dinken was graduated from Harvard University and the Harvard University Medical School. Beginning in January he will give his internship at the Women’s General Hospital. "Nivi" and her husband spent the summer at Lamoine and Boothbay Harbor.

Hazel Stahley became the bride of Dr. Kenneth F. Smith. The wedding took place at Lincoln, Conn., on June 27th. Dr. Henkel was graduated from Cornell University and Cornell Medical School. He is now practicing physician and surgeon in New London, Conn. The Henkels, for their wedding trip, cruised to the West Indies. They are now living in the Mohican Hotel, New London.

Dr. Kenneth T. Henkel of New London, Conn., on June 27th. Dr. Henkel was graduated from Cornell University and Cornell Medical School. He is now practicing physician and surgeon in New London, Conn. The Henkels, for their wedding trip, cruised to the West Indies. They are now living in the Mohican Hotel, New London.

Next Reunion, 1943

1935

After such a nice summer it is hard to get back to work and to relay the news to you but I have heard or about about some 35rs and I know you are anxious to hear so.

Weddings take the foreground of course. On July 21st, at Houlton, Otis T. Hinson was married to Miss Mildred Clark formerly of Lowell, Mass., and now a graduate of Patten Academy. Otis has been employed by the Maine Publicity Service Company at Presque Isle.

Flora Stone Sylvester was married at Macon, Georgia, to L. Benjamin R. Humphries on June 19th. Flora has been teaching and coaching at Hodgdon and Milo high schools and has been home demonstration agent for Piscataquis County. Mr. Humphries was graduated from Washington State Normal School and the University of Maine. At present, he is employed as instructor at Air Corps Basic Flying School, Macon, Georgia. Mr. and Mrs. Humphries reside at 205 Berkshire Drive, Macon, Georgia.

On Saturday, May 24th, Earl Dressed Brown was married to Olive C. Lathrop, of Thesho, New York.

On Saturday, June 14th, Miss Margaret Coff Moore Smith became the bride of Horace Stanley Field. Miss Field was graduated from Anson Academy and Westbrook Junior College. She has been employed by the Universal Life Insurance Company. Horace is employed by the Shell Oil Company in Portland where Mr. and Mrs. Field will live.

Wallace W. Lord is resident engineer in charge of a half million dollar flood control project in Houell, N.Y. He lives at 345 Seneca Road, Hornell with Mrs. Lord and two daughters.

The marriage of Anne Cunningham Cooper to Gridley W. Tarbell took place on January 27th, in Charleston, South Carolina.

On June 29th Ella Rowe was married to N. Allen Savage. Ella has been a mechanic at the Jackson Memorial Laboratory for Cancer Research in Bar Harbor. Mr. Savage is a member of the faculty of the Mount Desert High School.

And our congratulations and best wishes to you all. And, of course, to the engaged Miss Matia, Pauline Welch's engagement to Ira Packard has been announced. Miss Welch, a graduate of Washington Academy and the Maine School of Commerce, attended at the Brookline High School and School High. Ira has taught vocational agriculture at Machias High and is now engaged in farming at Searsport.

The marriage of Edith Bradley Hill to Everett Leighton Brewer has been announced. Edith completed a course in dietetics at Beth Israel Hospital in Boston. Mr. Brewer, who has a master of science degree in chemical engineering.

Black and tannry are moving to California.

The Alumni office sends along information on the whereabouts of a few '37ers. Edward Wood is located at the Naval Air Station in Jacksonville, Florida, as a cadet.

Phil Bowles is a draftsman at the Oxford Paper Company in Rumford. Phil lives at 6 Ericho Street.

Class President Pat Hutchings was in Orono a week ago and reports that he is at a research project. Pat's wife Chris is at the University of Maine. His residence address is Aroostook Ave. Okenos. Mich. Pat says it isn't too busy to formulate plans for reunion in June.

Gerald Stoughton is an industrial engineer for the American Steel and Wire Co. in Trenton, N. J. He lives at 475 Greenwood Ave.

Jan Goldsmith is still with the Burroughs Adding Machine Co. in Portland. Jan lives at 39 Byfield Rd.

Lloyd Hatfield became a member of Uncle Sam's fighting forces in the September's draft.

Hope you '37ers can make something out of the report and it is out that should be mentioned I am sure.

Henny will do you justice next month. Love, L. V. Bailey.

1937

Next Reunion, 1942

I am filling in for your class secretary in order that the Class of '37 will start the new college year on the right foot. Here's an excerpt convealing after presenting the Woodbury family with a boy, John Clift Woodbury, born September 17th.

Mr. and Mrs. James Morrison are announcing the birth of a daughter, Nancy Moore born at the Morrison's residence in Brandon, where Red is the new principal of the high school for the coming year.

Andrew Bishop Thobodeaux also has a brand new daughter but I do not know the particulars.

Marion Larsen was married to Ted Chandler this summer at her home. Understand the Chander's are to live in Massachusetts. Barbie Lancaster was one of the bridesmaids at the wedding.

Everett Brewer was recently married to Elmer Hill, daughter of Prof. A. S. Hill. Mrs. Brewer was a graduate of Maine in the class of '36. The Brewers will live in Orono, Everett being an instructor in chemistry.

Fred Parsons and Elizabeth Dill were united in marriage at the home of the bride's aunt in Hanover, Maine. The wedding took place in June. The Parsons are living in West Medford, Mass. Carol Stevens presided over the guest book.

A'Vonne Grenier was engaged to an Alfred Jenkins, Saturday, June 28 in Millinocket. From all reports it was a very beautiful wedding.

Ralph Hawkes is engaged to marry Miss Jane Varrell. Miss Varrell is enrolled at Simmons College in the five-year nurses courses. Ralph is a graduate of Maine in the class of '37. The wedding will be in July 1.

Charles Adams began his internship at the Eastern Maine General Hospital in Bangor. Dr. Adams completed his medical course at Jefferson Medical College in Philadelphia on June 6. Nice going, "Doc."

The Class of '37 has two more of its members in the medical profession now. Walter Butterfield graduated from Harvard Medical School and started his internship at the Harvard Conn hospital. Bob Allen received his Doctor of Medi- cine degree from Johns Hopkins last June. Haven't heard where Bob is interning.

Lilly Gardner received her B. S. degree in Science degree from Simmons last June and assumed duties as Assistant State Librarian at Augusta on June 20.

Charles Towe has been appointed teacher of English at the Garland Street Junior High in Bangor for the coming year. Charles plans to do graduate work at Maine along with his teaching duties.

Just received word that Marge March
now secretary to Frederick D. Farnsworth, City Manager. I have no address but you probably can reach them through Harold at the City Managers office in Bangor.

Sherman Vannah married Barbara McLeary of Farmington on June 21 in the Catholic Church in Farmington, Barbara after attending the University of Maine attended the Scudder School in New York. They can be found at North Main Street in Orono.

Bob Hussey was married in Providence, R. I., on June 28 to Kathryn McQuill of Fall River, R. I., in the Catholic Church at 11 a.m. The bride graduated from National Park College in Washington, D. C., and Providence College in Providence. Bob, as you know, is Second Lieutenant He is stationed in Camp Blanding, Fla. The couple left immediately for St Augustine where they will make their home.

On June 28 at four o’clock I ester Tarbell married Mrs. Hazel Randall of Bolton, Dunc Cotting and Dick Hayes were ushers. The bride is a graduate of Worces ter Teachers College and Springfield City Library’s 1940 Graduate in chemical engineering for Bird & Son in East Walpole. Their home is at 196 Pleasant Street.

Mary Hale Sutton was married this summer to Calvin John Furrin of U. S. Naval Reserve. I haven’t much information but I understand he is on active duty in the south and of course the bride is with him. He is a graduate of Cornell University, Ithaca, N. Y., and is a member of Sigma Nu.

Your correspondent was also married this summer to Roland M. Withers of Binghamton, N. Y. July 20 was the date and the place Ithaca, N. Y. Roland is in the army now at Fort Lotten L. J. N Y. John reports on Binghamton until he was drafted. I am still the Home Demonstration agent in Broome County. Binghamton, N. Y.

Eldred Laing was awarded the degree of doctor of dental surgery from the University of Buffalo on June 11.

Tubby Hodges was promoted to First Lieutenant on July 21. The announcement was made by Col. J. J. Nichol, executive officer of the Bangor Military District. Tubby is stationed at the University of Maine with the Military Department.

Howard Goodwin has been appointed General Agent of the National Life Insurance Company with his father Galen L. Goodwin. It is a co-partership Galen L. Goodwin & Son of Bangor.

On June 20 Frank Jones and his wife were the proud parents of Susan Martha. They live at 8062 Conduit Road, Washington, D. C.

Wally and Betty Gleason were home for the summer with son Robert Wally studied at summer school at the University of Maine.

Russell T. Norris received his M.S. degree in Forestry from Penn State College this June.

Margaret Williston received her Master of Science at Boston University this spring in social service work.

Arthur Smith is working for the Barrett Company of Frankford, Philadelphia, Pa., as Research Chemical Engineer. He can be reached at 1255 Limeken Pk, Box 200, North Hills, Pa.

I.ena Refuse is with John Hancock Life Insurance Company as clerk and may be reached at 70 Bay View Avenue, Lynn, Mass., or at her office, 197 Clarendon Street, Boston.

Nathan Fellowes is Leader, Wildlife Research Project, Baxter State Wildllife Sanctuary and can be reached at Box 357, Millinocket, Maine, his business address or 41 Limekock Street, Rockland, Maine, his home address.

Harold Grossberg is store manager on 187 Ohio Street, Bangor. Home is 2 Prentiss Street.

Edwin K. Scudder is with the Seeley Tube & Box Company as manager. His address is 1235 Donald Avenue, Lake-wood, Ohio. The offices are located on 10750 Berea Road, Cleveland. Oh.

Oh, oh, just a minute, I skipped up on one bridal and one engagement.

Rosa Swan has been engaged to Walter Green of Waterville, Conn. He is a graduate of MIT where he received his Ph.D in electricity. He is stationed now with the Radford Ordnance Works, Radford, Va., as Chef of Inspection Department with rank of First Lieuten ant. Rosa is student dietician at Hartford Hospital, Hartford, Conn. The wedding will take place early in November.

Jennifer received a note from Bill Singleton on June 14 to Marjorie Johnson who is a graduate of St. Mary’s College in 1935. She attended the University of Maine and graduated from Burdett Business College in Boston. The wedding took place at the home of the bride’s parents in Hope. Jennifer is employed by the National Fireworks Company in Boston where the couple will reside.

Happy lives to you, Sincerely,

Mary Withers
Court House
Binghamton, N. Y.

Next Reunion, 1946

Most of our news this month comes from the Alumni office, however, I did see a few ’45s this summer. Bob Puro has been transferred from New Jersey to Virginia. He’s still with the Hercules Powder Co. and flew to Maine for a weekend. At Norrie’s store in Bath I saw Kendrick Hoddson. He is now manager of the downtown department. Charlotte King is now living on Shepard St. in Bath. She had just returned from a visit with Joan Fales Edwards in Waltham when I saw her.

I had a note from Barbara Grace Gerish whose new address is Apt. M.H., 152A Archer Road, Parkchester, N.Y. Barb was married to Wm. Gerish in July. I couldn’t get down for the wedding but read that Virginia Matchett and Maxine Gates Caldwell were in the wedding party. Mrs. Carrie Arlot is living in Bath at 23 Russell Street and is a Junior Accounting Clerk in the Navy Cost Inspection office of the Bath Iron Works.

Alton Grundy was given his M.S. degree in Bacteriology at Pennsylvania State College in June.

Albert Wescott is with Battery E. 9th Coast Artillery at Fort Banks in Winthrop, Mass.

Janet St. Pierre is a home supervisor with the Farm Security with headquarters at the First National Bank Building in Belfair.

Allen Dyer is an engineer for the Central Maine Power Company at the Winslow Steam Station.

Ralph Samborn is a design analyst with the Brown and Sharpe Manufacturing Co. in Providence. His address is Apt. 1, 19 Angell St. in Providence.

Eileen Cassidy studied this summer at the Bennington School in Vermont in the dance division with Doris Humphrey and Charles Weidman—two of the leading dancers of America today. 

Thelma Russell and Gerald Small were married June 14 in Bangor. Thelma graduated from Harkness High School and Harkins Academy in New Brunswick, and was employed in the office of Dr. R. E. Bigelow in Portland. Gerald is associated with the Quotamteri Corps in Portland.

The engagement of Catherine Weeks to Russell Bragg '39 was announced in July. Catherine is a graduate of Augusta State Normal School, and has taught in Washington State Normal School and has taught the past four years in West. Dave is now manager of the Carroll store in Caribou.

**1940**

*Next Reunion 1942*

Hello again after a short eventful summer! A wealth of material has come to me either directly or through the Alumni office, so down to business, without delay.

Betty Jones was married on the tenth of June to Roger Olney Benjamin in Rumford, Maine. They are living at 474 West Two Thirty-eighth Street, New York City.

On June 14 Marjorie Johnson and James A. Marr '38 were married in Houlton, Maine. The Murs are living at 44 Tremont Street, Campello, Mass. Bob and Robert Parker were married in the Universalist Church in Pittsfield, Maine, on the 28th of June. Their honeymoon will be in Fort Fairfield, Maine. This fall where Bob is teaching in the Junior High.

Announcement was made of the marriage of Kathleen Duplessie and Emil F. Hawes on May 20 in Old Town. They are at home in Southern Pines, N. C., where Emil is on active duty at Fort Bragg.

Caroline Reed was married on June 14 to Edward L. Kozicky in Portland, Maine. They are at Pennsylvania State College this coming year where Ed is a graduate student.

Romuald R. Johnston and Helen E. Kelleher were married in Fort Fairfield, Maine, on the first day of July. John was in the wedding party.

William Chandler and Anna Verrill '41 were married June 19 in Portland, Maine. Bill and Anna will reside at 487 Spring Ave, Ridgeland, N. J.

Mrs. Rachel Kent and Kenneth E. Clark '39 were married in the Universalist Church in Bangor on August 4. Ken and Rachel are living in Easton, Maine, where Ken is a teaching position. William Treat was best man and of course our class was well represented at the wedding.

Mrs. Mary Upham became the bride of Thomas J. Craven at Biddeford, Maine, late in August. Mr. Craven graduated from Hebron and Bowdoin College and was a member of Delta Chi. Marion Fitzgerald and Paul F. Murphy were married in Newburgh, N. Y. on the 3rd of September. The announcement came via wire. The details of where they are to live Paul teaches in New York state. I believe and like many others was expecting to be called into the service.

William Hamilton—Bones—is a forest ranger at Grand Lake Range Station, Grand Lake Colorado.

Franklyn L. Jones was awarded the gold wings of a Naval aviator and commissioned an ensign in the Naval Reserve. He is to be assigned to active duty as a pilot in the Navy.

The engagement of Doris F. Fowler and Wendell Eaton has been announced. Miss Fowler is a graduate of Farmington State Normal School. Mrs. Eaton was principal of the grammar school in Union.

Donald Scanlin is ordained to the ministry on June 15 at Harry Trust in the Bangor Seminary. Participant in the service which took place in Ellsworth.

Eldith Wilford will teach mathematics in Madison High School this coming year. Lucille Hall and Welch were counselors at Camp Tanglewood during the summer. Barbara Welch will teach in Millinocket.

The engagement of Philip Hinckley and Marion Andrews was announced on June 29. Miss Andrews graduated from Aurora College in 1944 and is teaching in Franklin, N. H.

Miss Barbara Crisbe was married on July 19 to Mansfield K. Goodrich in Fort Kent, Maine. Mr. Goodrich is associated with the Commercial Credit Corporation at Lewiston.

Fred Schlope, Jr., is Assistant Dairy Inspector in the State Department of Agriculture the Division of Dairy Inspection at Augusta, Maine.

Jane Holmes is at the U.S. Memorial Hospital doing the laboratory technical work. Jane lives at home in West Winfield, New York.

Widows seem to have monopolized this month's report but the announcement of the arrival of Hilda Nelson by her parents Mr. and Mrs. Harry Nelson is a very special item and a step in an other direction.

Don't forget to send me news of your activities present and future!

Until next month.

Alice H. Donovan

121 Main St.

Houlton, Maine

**1941**

Well it certainly didn't take you long to scatter! Only three months and you are writing from every start on the Union.

Of course, a good many of the boys are wearing uniforms. Bob Chandler, Bob Irvine, Jim Harris, Roy Stearns, Harry Whitten and Fred Libb are stationed at Fort Devens. Way down south at Fort Benning are George Ellis, Charlie Smith and Ed Mutty. Charlie Adams and Hattie Banton have been assigned to the Coast Artillery School at Fort Monroe.

Bill St. Germaine is a Junior Engineer in the U. S. Army Air Corps and is living at 10401 East Jefferson Ave. Detroit, Michigan.

Avery Brown is an engineer with Pratt and Whitney in East Hartford. Donald Blandell is in a basic training course with Allis-Chalmers in Pitts

Lake Serota is working for the Maine Fish and Game Dept. and is stationed at Katahdin State Park. And what a list of marriages I have before me! Anna Verrill and Bill Chandler ('40) were married in July and are living at 487 Spring Ave, Ridgeland, N. J.

Betty Mosher and Clilton Whitney ('40) were married the day of graduation. He is associated with the Farm Mill Market Administration in Boston.

Glenen Johnson is now Mrs. Don Smith and the address of Easton, Maine, should reach them.

Mr. and Mrs. Ed Kozicky ('39) are living in St. John's, Pa., where Ed is doing graduate work. Kay Boyle and Norm Harris ('40), my how the classes of 40 and 41 got together! were married in June and are living on Park St. in Orono.

Now, for a few of us single gals, Emery Hopkins, Ruth White, Blanche Conlan and Alma Hansen are all with Acta in Hartford. Lib Peaseke is in Hartford also on G. Fox's training school. Hilary Ayres is doing the same type of work with Fillene's in Boston. Charlene Perkins, Betty Reed, and myself are with Employers' Insurance. Herbom Woodrow was with us this summer and is now teaching at Norwich High School.

Some of the other school teachers who make our class proud of their class are: Bessie Buzzell in Howland, Esther Drummond in Pownal, Joyce Ramsey in Liberty.

B. G. Giseason at Castine, and Charlie Boyle at Clinton, and Mary Boone at Ellsworth.

Shirley Mitchell is a student dietitian at the Massachusetts General. Her address is 32 River St. Boston, MADDY is another of our stylists and she is with R. H. White, again here in Boston.

I imagine Ellie Look has had a grand time this summer giving Rockland news over Station WGAN in Portland.

Franck Sweezey and Will Alford announced their engagement this summer. Is the date set? Frame? Will is a cartographic engineer for the U. S. Coast and Geodetic Survey.

George Grant is working for Liberty Mutual and has moved to Springfield, Mass.

Cam Dickin, Tine Carver, and Mary Bates are Home Demonstration agents in Maine. Cam is driving the car (we think) in Aroostook. Tine is in charge of Franklin County. How about an address from you Mary?

Charlie Stimson is located in Mount Vernon, New York. He is a private secretary for the Public Service Holding Company.

Winston Pullen has obtained an assistantship in Agricultural Marketing at Cornell University, Ithaca.

Robert Goodwin has received the minis-

try and will be preacher at Prospect Harbor, Gouldsboro and East Sullivan.

Haddie Hamme has been taking a training course in Boston. The company, Adding Machine Co., will soon be located in Bangor.

And you may as well start watching the football scores of Orono High too. Freddie Briggs is to be coach there.

Mr. Crossland warned me not to make this too long so some of the news will have to keep until next time. Even then I can't let you know where you are and if you want anyone's address I will try to get it for you.

Yours now.

Barbara Ashworth

59 Beacon Street

Boston, Mass.
Not all Protection Wardens wear tin hats!

Green-grocers and bookkeepers by day...helmeted heroes at night...the men of Britain's Air Raid Precaution Service have made a magnificent contribution to their country's defense.

Here in America, busy men with plain felt hats in place of tin ones provide protection day and night for countless homes.

They're not digging wounded children out of debris — but they are sending thousands of healthy children through school and college.

They're not snuffing out incendiaries on neighboring roofs — but they are helping families under those roofs to carry on, after death has struck without a warning siren.

Who are they? They are the trained and experienced life insurance men and women of America, who are helping countless families to set up defenses that are certain in uncertain times.

From coast to coast, New England Mutual's group of Career Underwriters is eminently qualified to render intelligent counsel on personal insurance problems.

Representing the first mutual life insurance company chartered in this country, they are equipped with a variety of unusually liberal contracts that may be written to suit your particular needs.

A friendly consultation may be had without obligation on your part.

New England Mutual
Life Insurance Company of Boston

George W. Allard Smith, President
Agencies in Principal Cities Coast to Coast

Call on these men for careful counsel on family defense

Below is a list of "protection wardens" from your own college.

They have chosen life insurance as a career because it means personal independence, and carries with it the satisfaction of rendering constructive service — freeing families from fear — selling investments that no buyer ever regrets.

They have chosen New England Mutual as a company because it is old in years but young in spirit. Because it's the first mutual life insurance company chartered in America, with modern policy contracts which are noted for their flexibility.

If you're not near enough to any of these fellow-alumni for a personal conference, look in the telephone directory for the New England Mutual office in your city. You will find carefully trained, experienced men, largely with college backgrounds, who will be glad to talk to you, whether or not you are in the market for insurance.

Because many of our capable younger fieldmen have gone into the nation's service, our organization has a number of opportunities available in various parts of the country.

If you are between 25 and 35, married, preferably with some sales experience, or if you know some one who fits these specifications and who may not be happy in his present work, why not write to our Director of Agencies, Wm. Eugene Hayes (Stanford '26), for further information?

Address your letter to 87 Milk St., Boston, Mass. There will be no obligation involved.
Things have changed a lot in 25 years and yet there is much that is the same.

In 1916 it was Preparedness; in 1941, National Defense. But now the scale is bigger, the pace faster. There was pressure on the telephone business then. The pressure is infinitely greater now. New training camps; new aviation fields; new munitions plants—all need telephones. Every one is moving faster and when a Nation hurries it does it by telephone. The Bell System spent 94 millions on new construction in 1916. It is spending more than 420 millions in 1941.

The entire Bell System organization is giving "first call" to defense. We believe you would want it that way.
