## *Graduate Study at the University of Maine*

The University of Maine offers graduate programs leading to the degrees of Master of Arts, Master of Science and Master of Education. Graduate instruction is carried on during the academic year, and, in some fields, during the Summer Sessions.

Among the newer developments in graduate work are programs in Agricultural Engineering and Geology, a curriculum in the field of Education for teachers of Vocational Agriculture, and a graduate curriculum in Public Management. A cooperative arrangement with the Roscoe B. Jackson Memorial Laboratory at Bar Harbor provides opportunities for research work at the Laboratory to students in Bacteriology, Psychology and Biology. In connection with the new Five-Year Curriculum in Pulp and Paper Technology, qualified students may carry some work for graduate credit during the final two years of the five-year program.

A new program leading to the degree of Master of Education has recently been instituted. Planned especially for teachers and school administrators, this program may be pursued during the Summer Sessions, and during the academic year as well. Credits are allowed for a certain amount of work done in University Extension classes, on or off-campus. The graduate paper and oral examination have given way to more course work and an emphasis on graduate seminars.

Some graduate work is carried on in nearly every department of the University. In recent years some departments have been particularly active in the area of graduate instruction. Graduate students have been most numerous in the fields of Chemical Engineering, Chemistry, Education, English, History and Government, Psychology, Wildlife Conservation, and Zoology.

Eight Trustee Graduate Tuition Scholarships are awarded annually, with alumni of the University given first preference. Many departments make use of graduate assistants who devote a part of their time to study. Through the Department of Industrial Cooperation, fellowships are available to students able to carry on research of a technical nature which is of interest to industry.

Alumni interested in returning to their Alma Mater for advanced study are cordially invited to make inquiries of Dean Edward N. Brush.

# 92nd COMMENCEMENT

THE 92nd Commencement on June 17 was held in two sessions. The graduates in the colleges of Agriculture and Technology received their diplomas in the morning with the College of Arts and Sciences and the School of Education degrees awarded in the afternoon. The Commencement address was delivered by Dr. Robert F. Chandler '29, president of the University of New Hampshire, who was awarded an honorary degree of LL.D.

Honorary degrees were also conferred on eight distinguished leaders in various fields. Recipients were: Captain Frank W. Fenno '23, Bethesda, Md., LL.D.; Thurman C. Wescott '09, New York, Eng. D.; Albion D. T. Libby '98, Newark, N. J., LL.D.; James E. Totman '16, Baltimore, Md., LL.D.; Major General George R. Acheson '26, Kansas City, Missouri, LL.D.; Elizabeth A. Fekete, Bar Harbor, Se. D.; Curtis M. Hutchins '29S, Bangor, LL.D.

Bachelor degrees were awarded to 774 graduates and 57 graduate students received the white and blue hoods denoting the receipt of their masters' degrees.

## "In Prospective"

Dr. Chandler chose the title "In Prospective" for his Commencement address.

"The greatest problem that faces mankind today is the great scarcity of high quality intellectual leadership," he declared. "No one can doubt the abundant supply of technological skill and knowledge," he said. "The atomic bomb, jet airplane, and self-propelled rockets are grim examples of this fact. We need men and women who can think in broad terms about the greater issues confronting mankind—who are concerned with the realization of a decent society that will allow for the fullest expression of human spirit."

He said that individuals can play an essential and important role in promoting world peace by living unselfish lives, devoted to their fellow men.

"Determine the truth and facts back of an idea," he urged, "then all the enthusiasm and emotions you can gather will aid in your cause. As citizens who care, it is our obligation to provide the nourishment upon which the better emotions can grow, and thus help to bring about the realization of all that may bring real value to human life."

"What we need," he continued, "is strong-minded citizens who will not be deceived by those who cry loud in public places in ill-conceived logic, but who can think independently and can sift out of all that is said and done those truths that represent the best that has yet been achieved."

"Look for the opportunity that most nearly fits your interests. Don't be afraid to start at the bottom—good service is always rewarded by advancement."

## Watch Winners

Mary Dean Yates of Fairfax, Virginia, and Dwight B. Demeritt, Jr. (Dwight B. '19), Orono, were awarded the Portland Alumnae Memorial Watch and the Washington Alumni Watch respectively during the exercises.

The watches are awarded annually to the man and woman of the graduating class who, in the opinion of the students and University Administration, have done the most for the University.

S. Wilson Collins '19 and John M. O'Connor '18, members of the Board of Trustees, made the presentation of the honorary degree recipients at the morning and afternoon exercises respectively. Dr. Hauck read the following citations:

## FRANK WESLEY FENNO

# Emblem Award

Established in 1930, the Alumni Service Emblem is awarded in recognition of outstanding service through the Alumni Association to the University. High standards for the award have been set by virtue of the many and varied devoted services rendered by each who has received the Service Emblem. The highest award of the Alumni Association, it has through the years gained high prestige.

The 1951 award to Hazen H. Aver '24 of Winchester and Boston recognizes truly outstanding service. A member of the Alumni Council since 1934 and its Executive Committee for several years, he served as Association vice president from 1945-47 and as president from 1947-49. At the recent annual meeting he was elected president of the University of Maine Foundation succeeding Raymond H. Fogler '15.

Mr. Aver is president of his class and was instrumental in raising the 25 year class gift in 1949. He has been an active member of all fund raising committees where his energetic work and leadership have been important in the success of the campaigns. He succeeded the late Harry Sutton '09 as chairman of the Special Gifts Committee in Boston for the Union Building Fund and was a member of the publicity committee of this fund. He is also a past president of the Boston Alumni Association.

In addition to his position as president of Stannish, Aver and McKay, Inc., Boston investment counselors, he is also president of the Lumber Mutual Fire Insurance Company, a director of the Federal Mutual Insurance Company and a trustee of the Franklin Savings Institute of Boston.

Your Alma Mater is proud of your distinguished record and in behalf of its Trustees, I am happy to confer upon you the degree of Doctor of Laws.

# ALUMNI DAY ACTIVITIES

While no new attendance records were set at the 76th alumni week end June 15-17 the 636 alumni who registered up to six p.m. Saturday and hundreds of other alumni and friends enjoyed one of the most successful alumni week ends in years.

Fewer classes held reunions than in former years because of the adoption of the "five-year plan" of reunions. Only the classes with numerals ending in ones and sixes and 1949 were scheduled. Having missed its tenth reunion 1940 also joined the group.

Heading the parade of classes was 1901. Nineteen stalwarts returned and received their fifty year certificates from Dr. Hauck and President Al Lingley at the Alumni Luncheon. Henry H. Leonard, South Shaftsbury, Vt., president of the class, also served as Honorary Marshal.

At the Luncheon with more than 500 present, Dr. Hauck paid tribute to those members of the faculty who were completing twenty-five years of service. Those honored were:

Prof. Kenneth G. Crabtree, Prof. of Electrical Engineering, Dr. Charles B. Crofutt, Professor of Physics, Dr. John H. Hawkins, Assoc. Entomologist, Agric. Exp. Station, Prof. Fay Hyland, Associate Professor of Botany, Dr. Ronald B. Levinson, Prof. and Head of Dept. of Philosophy, Prof. Theron A. Sparrow, Professor of Mechanical Engineering.

## Huddilston Scholarship

Dr. Hauck also announced the establishment of the John Homer Huddilston Scholarship by the Board of Trustees in recognition of the years of devoted service of Professor-Emeritus John H. Huddilston. The scholarship will be awarded annually to a worthy student of high scholastic standing in the College of Arts and Sciences who is in need of financial assistance amounting to a year's tuition.

The Senior Alumni and reunion classes held class meetings Saturday morning. About 125 attended the meeting of the General Alumni Association in the Louis Oakes Room.

## Peabody Elected President

Myron C. Peabody '16, Springfield, Massachusetts, was elected president of the Alumni Association. George E. Lord '24, Orono, was chosen as vice president. Re-elected were George F. Dow '27, Orono, Clerk, and Roy E. Ladner '43, Orono, Treasurer.

Elected as Council members-at-large for three-year terms were James F.

O'Connor '36, Augusta, Alfred B. Lingley '20, Providence, R. I., and Alvin McNeilly '44, Boston. Clifford G. McIntire '30, Perham, was re-elected as was John H. Mahoney '27, Worcester, Mass., as representative of the College of Arts and Sciences.

Donald P. Corbett '34, Waterville, was elected to succeed Sam Calderwood '33 as an alumni representative to the Athletic Board.

George D. Bearce '11, past president of the Alumni Association, paid tribute to retiring president Al Lingley and a rising vote of thanks was given.

A budget of \$25,585 was adopted for the year 1951-52.

Frank P. Hussey '25, former Alumni Council member and University Trustee, made a plea for greater support of alumni of the legislative program of the University. Mr. Hussey pointed out that Legislative appropriations were not sufficient for the adequate operation of the University. He urged the Alumni Council to make the matter an important part of its agenda. President-elect Peabody promised that action would be taken at the fall meeting on this matter.

## 1925 Presents Little Portrait

In the afternoon the Class of 1925 presented to the University as its 25-year gift a portrait of Dr. Clarence Cook Little 'H32, president of the University from 1922 to 1925.

Frank Hussey '25 presented the portrait on behalf of the class and it was accepted by Dr. Hauck. Mr. Hussey reviewed Dr. Little's contributions to the University and to society as an educator and scientist. Dr. Hauck in accepting this fine portrait expressed the thanks of the University and the pleasure of having Dr. Little's portrait in the University Collection.

Dean Joseph M. Murray '25, presided at the ceremonies. Dr. Little in a heart-warming response recalled his days at the University and thanked the Class of 1925 for honoring him. He remarked that his daughter, Laura, was entering the University as a freshman in September and with his portrait on campus she would have the opportunity of "talking back to the old man."

Willard Cummings of Skowhegan and New York, artist of the excellent likeness of Dr. Little, was introduced.

## Banquet

The highlight of Alumni Day was the Banquet attended by more than 700 alumni and friends. Class gifts were presented at the dinner.

Leading the other classes was that of 1911 which presented a check of \$1,175 bringing their endowed scholarship to more than \$5,000. In presenting the check to Dr. Hauck, Arthur Richardson '11 promised that additional funds "were coming."

Lewis O. Barrows gave on behalf of the class of 1916 \$250.00 for the Alumni Activities Fund. 1946 added \$200.00 to the same Fund. The classes of 1921, 1940, 1941, and 1949 each contributed \$100.00 to the Alumni Activities Fund.

The Alumni Activities Fund, held by the University of Maine Foundation, provides income from invested funds for the defraying of expenses for Homecoming and Commencement. All classes are urged to make gifts at reunions to the Fund so that more enjoyable programs may be arranged.

The twenty-five year class, 1926, pledged at least \$1,000 to be added to its loan fund established upon graduation in 1926.

## Attendance Cups

The attendance cups awarded on basis of those members of individual classes registering up to six p.m. on Saturday were announced at the Banquet.

The fifty-year class, 1901, was awarded the 1908 cup and the 20th Century Cup for having the highest percentage of its living members registered. 1926 with 14.8% of its living members registered of classes of the last 30 years won the class of 1924 cup. The numerals of 1926 will also be engraved on the President's Cup for having the largest number registered. Fifty-six of this class signed up just nosing 1949, holding its first reunion with 55 registering.

## U. OF M. FOUNDATION

Hazen H Ayer '24 of Boston was elected president of the University of Maine Foundation at the annual meeting held on Alumni Day, June 16. He succeeds Raymond H Fogler '15 as president. Treasurer Richard S Bradford '31 reported that the assets of the corporation are now in excess of \$180,000.

Three new members were elected, Arthur B Richardson '11 of New York City, Philip W Lown '18 of Auburn, and Curtis M Hutchins '29S of Bangor. Mr. Richardson, who has been active in local association and class events, is president of the Cheseborough Manufacturing Company with offices in New York. Mr. Lown is a prominent shoe manufacturer in Maine and is a leader in many civic activities. Mr. Hutchins, a Williams graduate, attended Maine one year, studying forestry.

Companies in which he is interested have extensive timberland holdings. He is president of the Bangor and Aroostook Railroad.

Treasurer Bradford, vice president of The Merrill Trust Company of Bangor, reported an increase of over \$22,000 in assets during the past year. A bequest of \$10,000 from the late Jane B Pickering to establish the Lucy F Griffin Fund was the largest single fund. The late Ralph Whittier '02 left two bequests of \$5,000 each to the Foundation of which he was a charter member. One bequest is for student aid purposes and the income from the other \$5,000 trust fund is to be used for upkeep of the Alpha Tau Omega property. Mr. Bradford was reelected treasurer and Charles E. Crossland '17 was reelected secretary.

Hazen Ayer, the new president of the Foundation, has an impressive record of service to the University and Alumni Association. He is a past president of the General Alumni Association, president of his class, besides having served in many other capacities. He has been a member of the Foundation for eight years and is president of Standish, Ayer, and Mackay, investment counsellors, of Boston.

In addition to Mr. Fogler, who under the Foundation By-Laws automatically retired after ten years membership, Otto H. Nelson of Bangor also retired after ten years of valuable service as a member, having served as a director most of that time.

The Foundation was organized in 1934 by alumni, trustees, and friends to receive gifts, bequests, and trust funds for the benefit of the University.

**Among the classes holding reunions for the first time under the five year plan were those pictured at the right. Top to bottom they are the Classes of 1941, 1926, 1906, and 1901.**

# ALUMNI REPORTS

## Trustee Bill

The Board of Trustees has been increased by two members as the result of the passing of a bill by the 95th Legislature.

The law specifically states that of the eleven members, including the State Commissioner of Education (presently Harland A. Iadd '25) an ex-officio member, two shall be women. One of the two women shall be an alumna of the University recommended by the governor and his Executive Council by the Alumni Council. Her term of appointment shall be three years while the other woman member of the Board shall serve for a term of seven years as do other members except the alumni trustee.

Another bill which won the approval of the Legislature was to remove the requirement that the alumni trustee be a resident of the State of Maine.

This bill was sponsored by the Alumni Council. Heretofore the alumni trustee had to be a resident of the State of Maine.

Both bills will become law 90 days after adjournment of the Legislature.

An appropriation bill of \$1,268,596.00 a year for the next biennium in favor of the University was also passed by the Legislature. This is \$81,000 less a year for the next biennium than the budget request submitted by the Board of Trustees. The money voted is \$300,000 a year more than was provided for the year now closing. However, the budget request was not entirely realistic for it did not provide for much needed work at the University.

It is anticipated that the University will end the coming year with a sizeable deficit even with minimum expenditures and further deferment of maintenance and other work. It is unfortunate that both the budget request and the money appropriated were not more nearly in line with the demonstrated needs of the University.

## Athletic Board

On behalf of your representatives on the Athletic Board, Clifford Patch '11, Samuel Tracy '41, and Samuel Calderwood '33, I herewith submit the annual report for the past year.

The schedules of sports have been played largely with State Series and Yankee Conference teams. The tennis and baseball teams both made a southern pre-season trip.

The varsity football team tied Bowdoin for the State Title and placed second in the Yankee Conference. Maine won from Rhode Island, Vermont, Connecticut, Bates, and Colby, tied with Bow-

doin and lost to the University of New Hampshire.

The varsity cross country team, coached by Chester Jenkins, won the State Championship and defeated the University of New Brunswick, Bates, Colby, and New Hampshire, and placed third in the New England Championship, and tied with Vermont for first place in the Yankee Conference. The freshman cross country team was undefeated.

The freshman football team, coached by Sam Sezak, was undefeated.

## Dues Increased

The Alumni Council voted to raise the alumni dues in various categories for 1951-52. It is the first increase since the reorganization of the Alumni Association in 1921. For the coming year annual dues will be \$5.00, for husband and wife \$6.00, and sustaining dues will be \$15.00. It was voted to eliminate the life membership of \$100.00 although this must be done as an amendment to the By-Laws at the annual meeting of the Association in June, 1952.

Having operated with an inadequate budget at a deficit for the past three years, the Council was forced to seek this means to meet the ever-increasing costs of operating the alumni office. Further increases in postage, printing, office supplies, travel and other expenses in the coming year are anticipated if not already in effect.

The increase in dues has been considered for several years. Alumni Associations of other colleges and universities upped their membership fees during the war years or immediately afterwards. Reluctantly your Alumni Council has been forced by economic conditions to take this same step.

Alumni, it is hoped, will understand the necessity of the increase and will respond by prompt payment of their dues for the year beginning July 1. An active dues campaign will be undertaken beginning with the first dues mailing scheduled for September 4.

Your Alumni Association has a grand opportunity 'to promote the welfare of the University' but the realization of this opportunity depends entirely on its members. Your loyal support is most important.

The varsity basketball team, coached by "Doc" Rome Rankin, won five games and lost thirteen games. The team tied with Bates for the State Series cellar position and finished fifth place in the Yankee Conference.

Frosh Basketball, coached by "Hal" Westerman, and frosh baseball, coached by "Hal" Woodbury, completed a better than average season.

The winter sports team had another successful season again winning the State Championship. Coach Ted Curtis was happy to have the captain of the Maine team, Robert "Bob" Pidacks, selected by the Olympic Committee in the No. 1 spot on the U. S. Olympic Cross Country team. Bob expects to train in Sun Valley this fall and leave for Oslo in the early winter. This brings one of the highest athletic honors to the University and the State of Maine.

The golf team, coached by "Charlie" Emery, and the Tennis team, coached by "Doc" G. Wm. Small, both won the State and Yankee Conference Championships this spring. This is the first time that Maine teams have won both titles in golf and tennis the same year.

The varsity baseball team, coached by "Mike" Lude, won 10 games and lost 10 games. The team placed second in the State Series and fifth position in the Yankee Conference series.

Coach Jenkins again successfully coached the varsity and frosh indoor and outdoor track teams. The frosh teams were both undefeated, while the varsity track team scored second honors in the annual State Meet.

The varsity rifle team, coached by Sergeant Eastwood, had a very successful season, winning 80 matches and losing only 12 matches.

One of the highlights of the year was the elevation of golf, tennis, and winter sports from minor sports rating to that of major sports status. This move was initiated by the undergraduate "M" Club and received their unanimous support.

While many colleges have indicated their intentions of using freshman athletes on their varsity teams next year, our Athletic Board has taken a firm stand in their belief in the continuance of the Freshman Rule, as the benefits derived far outweigh the suspension of this rule.

The recent death of Coach "Bill" Kenyon, who so faithfully served the University since 1926, was a great loss. He will be missed by all who knew, loved, and respected him.

Changes which have recently occurred

# ALUMNI TRUSTEE REPORT

THE outstanding challenges of the 1950-51 fiscal year has been to have a sound legislative program and secondly to meet a rebounding inflation. A student enrollment slightly higher than anticipated and the military allowing male students to finish the college year have been real factors in making the financial operations reasonable.

*Legislation.* The policy for several years has been to ask of the Legislature only the actual needs of the University and which are not met by other sources of revenue. Such has a sincerity which Maine people like. On the other hand any failure to provide for such requests means curtailment or increased revenue from student sources. Early in the year plans were made to provide Maine Alumni, many Maine people and members of the previous and incoming Legislatures with honest facts relative to the University. At the time of the dedication of the Animal Pathology Laboratory members of the 94th Legislature were invited to spend the day on campus and to see the new building which they had provided special money for. Many came and it was a day well utilized. Following this one issue of the Maine Bulletin was devoted to "Financial Facts." I consider this the best and most comprehensive presentation to the public-at-large relative to the finances of the University and the services it renders the people of Maine. Many organizations and prominent Maine people volunteered leadership in behalf of the University in its effort to secure sufficient operating funds.

A rather friendly legislature and the broadening of the tax base finally provided an appropriation of \$1,268,596.00 a year for the next biennium. This is \$300,000 a year more than was provided for the year now closing and \$500,000 over the 1949-50 appropriation. However, it is still \$81,000 under the original budget request. Budget requirements have been made to meet this situation without reducing salaries as set up in the original request.

The 95th Legislature also acted to increase the number of Trustees from nine to eleven, the two new appointees to be women, one of whom shall be an Alumna and nominated by the General Alumni Association.

The Legislature also approved the Alumni Trustee bill which removed the requirement that the appointee be a resident of the State of Maine. They also approved the County Extension Association Act which was favorable to the University in maintaining county funds for

Extension Service work directed by the University of Maine.

*Physical Plant.* The Animal Pathology Laboratory has been completed and is now in use. It is a credit to any institution or state the size of Maine. The Infirmary has been modernized and enlarged. With the exception of not being fireproof it is a real improvement and will meet the needs of the University for a long time. It brings together all Health Service facilities. It will interest many Alumni to know that the College Bell which was formerly on Wingate and since the fire in a frame on the ground, is now in a permanent tower on the roof of the Library.

General Maintenance has been only such as to maintain the plant excepting again for highways and walks. It is to be hoped that these may have high priority in the study of the 1951-52 program of Maintenance.

*Enrollment.* At the Fall Semester, 1950, the enrollment of 3,696 students was achieved. 3,301 were enrolled for the Spring Semester, 1951. Altho this was the expected downward trend, it was not as severe as anticipated. It is quite probable that a more ambitious program to secure students may be necessary as we go further into a period of compulsory military training and the rearrangement of educational opportunities for youth. It is now expected that about 2,800 will enroll for the next academic year.

*Staff.* Much credit must be given the employees of the University. This year has called for patience and confidence on their part. At a period while appropriations looked the darkest the Trustees approved the raising of the upper limits of the salary scale. While we have not been able to hold all the choice personnel assembled the action did build confidence and has helped out somewhat. It is estimated that there will be a reduction of about thirty-four full time members of the teaching and research staffs. At the beginning of the calendar year the general maintenance and service staffs were given wage adjustments. Today, their wages like those of the faculty are still not competitive.

The resignations of Elton E. Wieman, Dean of Men and Director of Athletics and Physical Education, and David Nelson, Head Football Coach, and Prof. Louise Stedman, Head of Home Economics Dept., have been accepted with great regret. To all of these the opportunities for service and reward was far beyond the facilities of Maine and we wish each success and happiness.

The retirement of Dr. Payson Smith,

Prof. of Education, takes from active service a loyal and enthusiastic faculty member and a leader in good will and public relations for the University of Maine and the State of Maine. To Dr. Smith the people of Maine owe a great debt of gratitude.

On July 1, 1950, Prof. Ashley Campbell became Dean of the College of Technology and on July 1 next Prof. John Stewart will become Dean of Men. Dr. Winthrop Libby of the College of Agriculture has been promoted to Associate Dean of Agriculture. These three new Deans bring to their posts character and leadership and they have the best wishes of all who know them.

To the Faculty and Alumni the untimely and accidental death of Prof. Kent will be Maine's greatest misfortune for 1951. Bennie Kent, the campus over, had given the University nearly thirty-one years of faithful service and was Head of the Dept. of Engineering Drawing at the time of his accident.

*Student Aid.* Scholarships and student employment have again played an important role in providing help for many worthy students. The summary for the year is not yet available but it is estimated that nine hundred students will be given aid of some kind and in a value of \$150,000. This is somewhat of a decrease from the 1,254 students receiving \$194,000 the preceding year. The major decrease will be in student employment.

*Gifts.* During the year and in addition to valued gifts of Paintings, Books and like, the University, The U. of M. Foundation and the Pulp and Paper Foundation have received gifts and bequests of about \$70,000. The Lucy Griffin Fund of \$10,000, the Henry L. Griffin Fund of \$6,000, the Mary Strickland bequest of \$8,000 and the Ralph Whittier bequest of \$5,000 were the larger of the gifts. The earnings from these and other funds continue to build our scholarship opportunities.

As we look forward the student enrollment will probably level off to a good working capacity for our facilities. By aggressive approach we should be able to operate at capacity even though our rates may be in the upper group for Land Grant Colleges. Rates and fees are not as important as the quality of the faculty. This must be maintained.

Until further arrangements are made the University will need the support of loyal alumni relative to appropriations. The Mill Tax which has long been insufficient, but a post to tie to, will soon cease to exist and it will be a case of 'work

# \$900,000 GOAL ATTAINED

The Memorial Union campaign goal has been reached. This good news together with the fact that the National Production Authority had issued a permit to start construction of the Union gave Commencement an added tinge of pleasure and anticipation.

Chairman Raymond H. Fogler '15 announced at Commencement that a grand total of 12,297 subscriptions amounting to \$900,043 have been received. This includes the Coe bequest allocated to the Memorial Union by the University Trustees and a University appropriation of \$10,000 to be used towards the architects' fees. Eight of the 14 special gifts districts have exceeded their goals and thirteen of the general campaign areas have achieved the Honor Roll by reaching their quota. The 6,021 student subscriptions of \$183,571 exceeds the fondest expectation of the campaign planners. Non-alumni faculty and friends and business concerns, too, merit high commendation for their generous interest.

Treasurer J. M. Murray '25 reported that there is about \$630,000 immediately available for construction purposes with payments being received daily. He emphasized the need and importance for prompt payments on subscriptions.

## Bids To Be Opened July 10

The N.P.A. permit to start construction contained two conditions: (1) that the bowling alleys must be omitted and (2) that construction must be started within 60 days from May 29, 1951. Since there was no time to be lost, the Trustees of the University authorized advertising

for bids at once. The bids are to be opened on July 10.

Unquestionably the Union will cost much more than had been originally estimated. It seems doubtful that the funds and subscriptions on hand will be adequate to build completely the Union. Only the opening of the bids, however, can answer that question. The understanding between the Union Building Fund Committee and the University Trustees is that contracts will be awarded for work only to the extent of funds available. Bids are being requested in such a way that the cost of the entire shell and one or more floors will be known and action can be taken accordingly.

The Trustees of the University have invited the officers of the General Alumni Association and the Union Building Committee to be present at the bid opening and to advise the Trustees what they feel should be done.

While the campaign goal has been reached, more subscriptions are urgently needed to help assure maximum construction when the bids are opened. Alumni are happy that the \$900,000 goal has been reached yet no one can feel that the task is finished until sufficient funds for the completion of the Memorial Union have been subscribed.

There are still hundreds of alumni whose subscriptions do not adequately express appreciation for those whom the building seeks to memorialize—181 gold star alumni. To all alumni an urgent appeal is made to give to the Memorial Union Fund. Subscriptions may be made

on any basis convenient to the donor. The Union Building Fund office would be happy to answer any questions in this regard.

for every dollar. Alumni can help.

To Dr. Hauck and all of his Staff, the people of Maine should be very appreciative. All reasonable efforts to conserve and coordinate have been applied. In addition to regular duties he has accepted the burden of a legislative program and has made many friends in his honest approach.

I again want to express an appreciation for having the opportunity to serve you as a Trustee.

Respectfully,

Harold J. Shaw

in the athletic staff include Head Coach of Football "Dave" Nelson who resigned to accept a position at the University of Delaware. His position has been filled by "Hal" Westerman, our backfield coach. "Mike" Lude, our baseball coach and assistant football coach, has resigned to go to Delaware as "Dave" Nelson's assistant. Dean of Men and Director of Physical Education and Athletics, "Tad" Wieman, has resigned to accept the Athletics Director's position at Denver, Colorado.

New members of our athletic staff who will commence their duties this fall are Harold Raymond, Michigan '50, and Robert Holloway, Michigan '50. Harold Raymond will be Head Baseball Coach and assistant football coach. Robert Holloway will be assistant football coach and freshman coach in basketball and baseball.

The writer appreciates the honor of serving the alumni on this Board and has much enjoyed his work with those he has been associated.

Respectfully submitted,  
Samuel Calderwood

The happy faces looking at you from the front cover are those of members of two reunion classes (1940 and 1941) enjoying the Alumni Banquet.

## Familiar Faces

Miss Evelyn Taylor completes twenty-five years of service with the University this year. Yet this simple statement tells little of the devoted service of the assistant registrar. She joined the staff of registrar James A. Gannett '08 in 1926. Five years later she was named his assistant.

Her patience and attention to details have long made her a friend of the students. The records she has in her charge are among the most important at the University yet her quiet but efficient manner does not stress their importance. In this job, more than in many, complete avoidance of errors is vital.

To Miss Taylor alumni are indeed grateful for her years of loyal service and look forward with pleasure to her continued association with the University.

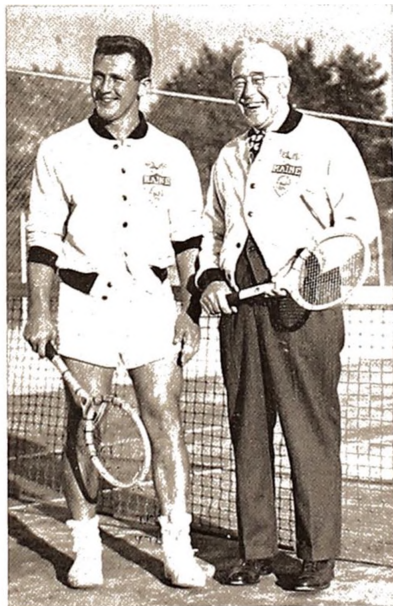

The Golf and Tennis teams turned in top performances in the spring sport schedules with each winning both the State and Yankee Conference Titles.

The golf team coached by Charlie Emery, Country Club pro, suffered but one defeat in ten matches that to the University of Conn. In the Yankee Conference meet Maine took the title from the UConn by one stroke.

John Gowen '52 turned in one of the most surprising performances of the year by winning the state individual tournament at Augusta. At the beginning of the year he was no. 3 man on the team.

Ben Blanchard '51, Hagerstown, Md., led the tennis team coached by Dr. G. William Small, through an undefeated season. This is the first time that the State and Yankee Conference titles have been won. In 1941 Maine took first place in the New England Intercollegiate conference, the forerunner of the Yankee Conference.

Bill Bird '52 (Maurice C. '13), Winchester, Mass., and Paul Peterson, New Haven, Conn., were the No. 1 doubles team and won the State Championship from the defenders, Bowdoin, in four sets.

Father and son—Bill Bird '52 is pictured on the courts with his father, Maurice C. '13. "Colby" Bird was a varsity tennis player and captained the team his senior year. This spring young Bird was elected captain of the team for 1952.

Only an hour and forty-three minutes was taken for the final game of the year when Maine defeated Bates and thus ruined the Bobcats' hope of a first place tie with Bowdoin. As a result of this 6 to 1 victory Maine and Bates tied for second place and Colby, pre-season favorite, wound up in the cellar with two wins and four losses in State play.

Maine ended the season with a 10 and 10 record. Marty Dow, a senior, was the leading pitcher with Blaine Trafton the No. 2 hurler. Carl Wight '52, first baseman, had 173 put outs to his credit with Merrill Wilson, catcher and next year's captain was second with 108.

#### TRACK

Maine lost the State track meet to Bowdoin 55½ to 66 with Colby taking seven points and Bates 6. The Black Bears dominated the hurdles and dashes and more than offset Maine's power in the field events.

Inability to come through in the ham-

mer throw and the pole vault, two events that had been conceded point getters for the Pale Blue, was greatly responsible for the 11 point spread by which Bowdoin won the meet, and possibly for the fact that Bowdoin won at all. Maine took second and third in the hammer, and in the total meet had 7 firsts and a tie.

In the Yankee Conference meet at Rhode Island, Maine took fifth place. Rhode Island amassed 611 points in defending its title with UConn in second place with 287 points. Other scores were Vermont 28, New Hampshire 24.5, Maine 18.2, Massachusetts 4.5.

## NEW DEAN

Prof. John E. Stewart '27 has been named dean of men to succeed Elton Wieman, resigned.

He has been a member of the faculty since 1928. Besides serving as dean of men, Prof. Stewart will continue as a member of the mathematics department. He received his master's degree from Maine in 1928 and has also done work at Iowa and Columbia Universities.

Prof. Stewart has served as chairman of several committees including those on guidance, social affairs and the faculty-student committee on the Union Building. He has been assistant to the dean of the College of Arts and Sciences and chairman of the freshman-sophomore advisors in that college.

A native of Bar Harbor, he is married to Mabel Lancaster '31. They have two children and live in Old Town.

## Wieman

Dean of Men and director of physical education and athletics, Elton E. Wieman, resigned last month to assume the post of Director of Athletics at the University of Denver. Dean Wieman leaves in July to take up his new duties in the Rockies August 1.

"Tad" Wieman is a nationally known figure in athletics. He came to the University in 1946 after serving in World War II as chief of the physical training section of the A. S. T. P. A graduate of Michigan he stayed on to coach under Fielding H. Yost and upon the latter's retirement was named head coach of the Wolverines. He also has coached at Minnesota, Princeton, and Columbia Universities.

He is secretary of the football rules committee and serves on several other committees of national importance in ath-

letics. His friends wish him well as he goes to his new post.

## New Director

He will be replaced as director of physical education and athletics by Dr. Rome Rankin, associate professor of education and head coach of basketball, who has been a member of the faculty since 1947. Dr. Rankin holds a master's degree from the University of Michigan and a Ph.D. degree from the University of Kentucky.

He served as director and coach in the public schools of New Boston, Ohio, from 1924 to 1934 and the following year went to Eastern Kentucky State Teacher's College as an assistant professor and coach of basketball and football. Two years later he became an associate professor. During his stay at Eastern Kentucky his teams annexed several sectional titles.

In 1947 he joined the Maine faculty as associate professor of physical education and was named basketball coach in 1949.

### Senior Alumni—

More than sixty senior alumni and friends attended the breakfast preceding the 15th annual meeting of this group on Alumni Day.

The first and only secretary the group has had since its organization, Dean James N. Hart '85, was recognized on his retirement from the position by presentation of an illuminated certificate of appreciation by A. D. T. Libby '98, E.E. '01, LL.D. '51, president.

Officers elected for the coming year are: A. D. T. Libby '98, president; Edwin Mann '00, vice president; Stanley Steward '96, second vice president; C. Parker Crowell '98, secretary-treasurer; and F. G. Quincy '90, auditor.

The Senior Alumni now have a scholarship fund held by the University of Maine Foundation amounting to more than \$3,000.

### New Award—

The Women's Athletic Association has established the Helen A. Lengyel award in honor of Professor Emerita Helen A. Lengyel '27, director of women's physical education from 1924-1949. To be given each year to some girl who has proven to be a valuable member of the W.A.A. She will be chosen on the basis of "high moral character, scholastic achievement and financial need."

The establishment of the award was made at the annual W.A.A. Banquet. Seal awards, the highest honor a University of Maine woman athlete can receive, were awarded at the banquet to Mary Belle Tufts, Bernice A. McKiel, Barbara L. Jackson (H. Laton '21, Lois C. Manter '23), and Constance Berry.

**Student Leaders:** The All Maine Women and Senior Skulls named their selections at ceremonies late in the college year. New All Maine Women are: Mary Jean McIntire, Jeanne Frye (George W. '26), Janice Boyce, Martha Pratt, Mary L. Snyder, Mrs. Mary E. Snyder (honorary A.M.W.) assoc. prof. in Home Economics, Marguerite Floyd, Barbara Hart, Constance Berry, Nancy Knowles, Jeannette Pratt, Margaret Murray (Thomas A. '21), was also elected to membership but was at Merrill-Palmer School at the time of the Banquet.

Those tapped by the Senior Skulls are: Richard Dow, Greg Macfarland, Tom Lydon, David Collins S. Wilson '19, Carl Wight, Harry Easton II, Leonard Silver, Harry Henderson, John Skillin.

## You Can Save...

Your Alumni Association money by sending your alumni dues now before the annual request is mailed on September 4. By so doing you will not only be sharing in the Association's program of "promoting the welfare of the University" but you will also assure yourself of receiving *The Maine Alumnus* during the coming year.

Beginning with the first issue of *The Alumnus* you can be sure of:

- Publication on the first of each month
- Sports and campus news coverage by Walt Shurman '52 and Bill Matson '52
- Picture coverage by Paul Marcoux '54
- Sketches of outstanding alumni careers
- Local association meeting calendar
- Class personals
- An interesting, informative alumni magazine that will keep you "in touch" with what's new at the University and with your classmates and friends

Here's my check for my alumni dues for 1951-2 including a subscription to *The Maine Alumnus*. Annual dues \$5 (husband and wife \$6), Sustaining dues \$15.

### BLACK BEAR AWARD

Nominations for the Black Bear Awards should be sent to the Alumni Secretary prior to October 1, so that they may be given to the selection committee to be appointed by President Myron C. Peabody '16. The awards will be made at the Homecoming Luncheon November 10.

The award recognizes the "devotion and loyalty to the high traditions of the University of Maine" and may be given to any alumnus (a), faculty member or friend of the University. As many as three awards may be made in a year.

Nominations should state rather briefly how the nominees qualify for the award. The first awards were made last year to Dr. Hauck and Alfred B. Lingley '20, then president of the Alumni Association.

### Alumni Day

(Continued from Page 5)

At the Banquet undergraduate Maung Shwe Htoo, of Burma, entertained the audience with his comparison of life in Burma and the U. S.

Major-General George R. Acheson, '26 was the speaker of the evening. He discussed the need of adequate defense of the country as viewed from his long experience in the Air Forces.

The Varsity Singers, a student group, were a smash hit. They sang several numbers and encores during dinner.

After the Banquet alumni moved on to the library for dancing and talk-fests.

A mere listing of the above events does not adequately express the enjoyment of each class as they informally gathered at these functions to renew acquaintances and to exchange news of each other. Some classes are even planning a greater program of entertainment and social events for their next reunion. The Friday night class dinners in Orono and Bangor and the Sunday outings on the coast are growing in popularity.

Peg Fraser Feeney is living in Orono at 5 Mill St. with her husband, Bill Feeney, who is studying at the University. Peg is supervisor of Carnegie Lounge on the campus.

If you are in New York City and want to look up William B. Plate, his business address is Castleton China Inc., 212 5th Ave., New York City.

Richard B. Dicl is in charge of Forest Fire work in New Hampshire. He served with "Wilkie" on the New England-New York training team.

William "Bill" Getchell is manager of the Maine Turnpike Authority. His address is P. O. Box 356, Kennebunk.

Richard W. Gustin, 91 Norfolk St., Bangor, is secretary of the Maine Branch of the American Federation of Labor.

Frank Morrison is a chemist with Penobscot Chemical Fibre Co. in Great Works and is well known throughout this area for his basketball officiating. Remember the ancient vehicle he resurrected for our reunion in 1931? You've just recently seen a picture of it on the front of the class letter sent out in connection with reunion!

Mary Roche teaches in Portland and is a delegate to the Women's Legislative Council in Maine.

Gerald "Jerry" Wheeler is superintendent of Green Mountain National Forest in Vermont.

Douglass Donovan has a daughter attending the University.

Walter "Snooze" Mack is in the Army Engineers in the Canal Zone. His address is P. O. Box 406, Cocoli, Panama.

We find Carl Harmon is superintendent of schools in Bridgton. It is a union of schools.

Elliot "Speed" Miles is located in his home town Calais and is with the St. Croix Paper Co.

Sylvester Poor is with the State Highway Department in Augusta.

## 1927 Miss Marion Cooper 230 State St., Augusta 25th Reunion June 13-15, 1952

Susan Humphrey, daughter of Hilton Humphrey of Bangor, will enter the U of M as a freshman this fall. Also registered is Jean Eastman, daughter of the late Robert D. Eastman of Fryeburg.

1927 is proud to claim as one of its members the new Dean of Men of the University of Maine, John E. Stewart, whose appointment was announced on May 23rd.

Daphne Winslow Merrill (Mrs. James W.) of Fryeburg has been elected president of the Maine State Business and Professional Women's Clubs. Daphne has been active in the BPW for several years and has served as state first vice president for the past two years. She's also head of the language department at Kennett High School, Conway, N. H.

Helen Peabody Davis (Mrs. Gifford) and her two daughters, Elizabeth and Anne, will be spending some time in Maine this summer, while Dr. Davis, on sabbatical leave from Duke University, is studying in Spain. More about the Davises after I get a chance to talk to Helen in August.

## 1928 Miss Mary McGuire Stonington, Maine

John W. True has been named Town Manager of Lancaster, N. H. He has been town manager of New Gloucester, Maine, for three years. He is married and has two children.

Sons and daughters of the Class of 1928 who will be freshmen at the University in the fall are Ruth Thompson (Ruth Thompson, Interlaken, N. J.)—this is a third generation Thompson, too, for young Ruth's grandfather was a graduate in the class of '91. Lawrence Lymburner, Jr. (Lawrence Bar Harbor), and Joan Geddy (Vinetta Whitehouse, Hilton Village, Virginia).

## 1929 Miss Barbara Johnson 32 Orland St., Portland 4

Worth Noyes' little two year old daughter, Mary Jane died recently at a Boston Hospital. I am sure that every member of the class would wish to offer sympathy to the Noyes family. At the time of the funeral, it was requested that flowers be omitted and that friends give instead to the National Heart Fund Drive.

Seven sons and daughters of Class of '29 members expect to enter the University of Maine in the fall as freshmen. Rowena Palmer (Wimona Young, Norway), Melvin Anderson (Kenneth, North Amity), Walter Heal (Beatrice Bryant, East Millinocket), Paul Mudgett (Perley, E. Walpole, Mass.), Bruce Worthley (Herbert, Roslindale, Mass.), David Shirley (Noyes and Dorothy Embich '30, Berea, Ky.), and Shirley Bostrom (Col. Frank—permanent address, Bangor, now in Germany).

## 1930 Mrs Pauline Leech (Polly Hall) Homer Folks Hospital, Oneonta, N. Y.

Major Millege M. Beckwith is playing an important part in the United Nations Korean Relief Program. He is the liaison officer for the U. N. Civil Assistance Command in Korea and is currently engaged in supervising the unloading of Victory ships at a Korean port. His family is residing in Japan—Mrs. Beckwith and Bruce and Margaret.

Alford F. Howard is Division Plant Manager with the Central Maine Power Co. and lives at 59 Read St., Portland.

Horace Pratt of Orono was elected

secretary-treasurer of the Maine Association of Engineers at an association meeting in February earlier in the year.

James F. White, former city council chairman of Bangor, is deputy director of Civil Defense. He is in charge of public information and education, and also has the job of co-ordinating various specialized divisions in the defense set-up.

Two sons and two daughters of Class of '30 members expect to enter the University as freshmen this fall. They are John Dixon (Alton M., So. Brewer), Herbert L. Nickels III (Herbert, Jr., Portland and Herbert Sr. grandfather); Patricia McIntire (Clifford, Peham); and Margaret Booker (James F. and M. Catherine Buck '29, Painesville, Ohio).

## 1931 Mrs Sam Sezak (Ethel Thomas) 4 Gilbert St., Orono

Plans were discussed for our big twenty-fifth and it was decided to have a class get-together each year until then at commencement time preferably on Friday night before Alumni Day, in order that bigger and better plans may be made.

Eunice Copeland Chandler and two sons and small daughter were on campus to witness Robert Chandler, now president of University of New Hampshire, receive an honorary degree of doctor of law and give the commencement address to the graduating class on Sunday. David Chandler, the eldest son, will be entering Maine in the fall.

Elizabeth Livingstone sent her best wishes to the class from Winchester, Mass. She is still at Winchester High School, as librarian. Also notes from Isabella Lyons Nestor from 1229 Chestnut St., San Francisco, Calif.; Dot Gross, Box 363, Stonington, Bill Jensen, 924 Foss Ave., Drexel Hill, Penna.; George (Red) Fransworth, 189 Kemball Ave., Staten Island, N. Y.; Lester Clark, 32 West Maple St., Ellsworth.

Showing some real class spirit Royal Roulston came all the way from Salem, N. H., in time to attend the Alumni Dance on Saturday night. Mrs. Roulston accompanied him.

The twentieth reunion of 1931 started off with a bang, when about twenty-five members with wives of husbands met at the Penobscot Valley Country Club for a

buffet supper on Friday night. A fine time was had by all renewing memories, and we wish the rest of you could have been with us to enjoy it. Present were Mr. and Mrs. Jay O'Laughlin, Mr. and Mrs. Malcolm Buchan (Mary Galaher), Mr. and Mrs. Herbert Hammons (Louise Durgin), Mr. and Mrs. Willard Gilmore (Marion Avery), Mr. and Mrs. Warren Blocklinger, Mr. and Mrs. Samuel Sezak, Walter Clark, Mr. and Mrs. Stetson Smith (Charlotte Cleaves), Mr. and Mrs. Roy Huff (Jean Kierstead), Mr. and Mrs. R. Donald Goode, Mrs. Alvin Giffin (Viola Purington), Mrs. Austin Brigham (Gloria Wadleigh), Mr. and Mrs. Parker Cushman, Mr. and Mrs. Mickey (Francis) McGuire.

The class meeting was held in one of the reading rooms in the new Library, with Samuel Sezak presiding. The report of the secretary included a plea for more news from all members. The treasurer read the names of those members already contributing to the Dollar A Year plan for raising funds for a Twenty-Five Year gift to the University, and stated the amount received to date. The following slate of officers was elected: President, Samuel Sezak; Vice President, Mickey McGuire; Treasurer, Louise Hammons; Secretary, Ethel Sezak; Executive Board, Donald Marshall, Parker Cushman, Marian Gilmore, Charles O'Conner, Philip Brockway, Jessie Fraser; Reunion Committee, Jay Holmes, Galen Veayo, Walter Clark, Warren Blocklinger, Margaret Bither.

Webber, Norman Webber, Linwood Day, Ruth Hasey Lamoieau, Jay O'Laughlin. As a means of stimulating class interest and of securing class news, a round-robin letter plan was adopted and drawn up by Marian Gilmore and Mickey McGuire. This will be reaching you sometime in the fall. **DO NOT FAIL IN DOING YOUR PART. WRITE YOUR BIT AND SEND IT ON TO THE NEXT CLASS MEMBER IN THE CHAIN.**

Especially proud that day was Lou Durgin Hammons whose son, Herbert, Jr., won the Harvard Book Prize the night before at Bangor High School. This prize is presented to the outstanding boy of the Junior class.

Walter Clark lives at 26 Shawnee Road, Arlington, Mass. Mrs. Clark who accompanied him to reunion was the former Mildred Goldthwaite, a teacher at the Webster School in Orono. The Clarks have three children, Robert 15, Richard 10, and Cynthia 5. Walter has his own business concern—roofing, siding, insulation, and tile.

Jake Holmes resides in Belfast and he is in the Fuel business there. The Holmes were kept busy buying Maine outfits at the Book Store for their two boys, seven and six, and their new girl, aged one year.

From Mary Galaher Buchan who lives at 28 Kaler Road, So. Portland, come the following news items: Doris Osgood Dorra lives in Youngstown, Ohio, where she has a new home. She plans to come to Maine this summer. Jack Elliot lives in North Andover and has three boys. We were glad to learn that Jack was back to work after a serious automobile accident some time ago. Polly and Dick Loring still live in Portland where Dick is in the oil business. They have two boys.

Robert Whitten lives in Lee and is married and has two boys, ages twelve and seven. He is a town father there and is in the sand and gravel business.

Mary McLoon Rand lives at 7 Melville St., Augusta, where Phil works for Westinghouse Supply Co. The Rands have two boys, David 5, and Robert 13.

Marian Avery Gilmore lives at 128 Silver St., Waterville, and at summer cottage at Salmon Lake Route 135. She would like to see classmates at any time at either address she says. Willard ('32) who was our official class photographer, by the way, has a general insurance agency.

Marian reports that Jennie Davidson Jackson lives at Teaneck, N. J., and has one son. Robert is with Wearever Aluminum Co.

## 1932

### 20th Reunion June 13-15, 1952

Albert Dekin was recalled to service with the Navy on April 30 to report on May 21. He is a Lt. Commander and is stationed in Burlington, Vt., as an Inspector-Instructor. Mrs. Dekin and Albert, Jr. are with him and living at Ft. Ethan Allen.

Jim Sims is now Southern Regional Manager of the W. T. Grant Co. with offices in Atlanta, Ga. His residence address is 2660 River Rd., Atlanta.

## 1933

Mrs. John R. Carnochan (Dorothy Findlay) 36 Goudy St., So. Portland. Mrs. Kenneth H. Ferguson (Helen Gilman) recently moved from Minneapolis, Minn., to 2155 Spruce Pl., Albuquerque, N. Mexico.

Donald E. Frazier has been named Chief Chemist of the Chicago branch of

the Bird & Son Co. He was with the Norwood, Mass., roofing plant of that company prior to this promotion.

In March Dr. Philip Gregory of Boothbay Harbor was elected Maine chairman for the spring session of the American Chapter of the International College of Surgeons held in Boston. Dr. Gregory is following in the footsteps of his father, Dr. George Gregory, who served long and faithfully as a "horse and buggy" doctor in the Boothbay region. Dr. Philip Gregory keeps his community up-to-date on the latest medical developments and St. Andrews Hospital, which was founded by his father at Boothbay Harbor, is one of the few small hospitals approved by the American Medical Association.

C. Everett Page was named Executive Secretary of the Bangor Chamber of Commerce in the early spring. Since 1945 he had been operating the Page Teachers' Agency and the Page Telephone Answering Service. Mr. Page was chosen from among 26 applicants.

## 1934

Mrs. Robert Russ (Maddy Bunker) 17 Westview Rd., Cape Elizabeth. Peter Karalekas' family welcomed a second son and third child into the family on February 17, 1951. The other youngsters are Peter who is five, and Margaret who is four.

Hasey's Maine Stages, Inc., of which Harry Hasey, Jr., is the junior partner, recently sold out to the Bangor and Aroostook Railroad.

Richard C. Alden has been made a Director of Stecher-Traung Lithograph Corporation of Rochester, N. Y., and San Francisco, Calif.

Jean Cousins, daughter of Maurice Cousins, who attended the University with the class of 1934, is to enter the University in the fall as a freshman.

## 1935

Mrs. Thomas McGuire 209 W. 107th St., New York 25, N. Y. The end of another school year, and congratulations to the sixteen year outers! Just think, we were first heading for Orono when the class of '16 was in that position.

Had a note from Betty Wilhelm Bassett recently. Betty was at a U. of M. Alumni dinner not long ago with Al (Dyer) and Ed DeCourcy and Dot Moynihan. Ed acted as chairman of the gathering, and it was a successful affair, both from the point of view of reunions effected and from a business view point.

Betty reports that she chatted with Red and Mrs. Corbin, Henry and Mrs. Conklin, Mary Falbot, Ben '36, and many of the younger alumni.

Betty further reported that she and Newk would be in their new home after May 28th, at 12 Graham Ave., West Haven, Conn. Our best to you both, Betty, in your new home!

Report is that Carl Whitman recently visited the Maine campus to interview seniors. He is associated with State Mutual Life Assurance Co. of Worcester, and a short time ago returned from an extended business trip to the West Coast.

Announcement was made in mid-May of the marriage of Dr. Raymond B. Larcom (veterinarian) of Portsmouth, N. H., to Mrs. John L. Chadbourne of North Berwick. Mrs. Larcom, widow of the late John L. Chadbourne, is active in many community activities in Sanford.

And so ends *The Alumnus* for another year. Have a wonderful summer and do drop me a line before fall so we can start the new year off with a lot of news.

**1936** Mrs Edw'm P. Webster  
(Phyl Hamilton)  
258 Norway Rd, Bangor

It has been so long since I have had so much news for a column that I am at a loss as to where to begin! But I love it!

The first event of the reunion week end was the dinner Friday night, but since we were unable to be present, I can't give a first-hand report. It was a small turnout, and those who were present were a bit disappointed.

Saturday there were more of us about and the usual activities took place. At the class meeting in the morning the only business was the election of officers. The officers remain the same. In case you've forgotten after all these years—President John Sealey; Veep Clyde Higgins; Treasurer Harold Boardman, and Secretary yours truly.

The big day was Sunday when we had an outing at the Kenduskeag Canoe Club in Hampden. We had a lobster dinner and talked and talked, and I'm afraid acted just the way we did from '32-'36. It was loads of fun and I hope that the next time more of you can get back.

Now for the news gleaned from the week end (I passed a paper around and let everyone write his own history and am now just copying).

Fred Anderson is a doctor (general surgeon) is married and has two boys, aged eight years and six months. His wife is also an MD (an anesthesiologist) and the Andersons live at 16 Warren St, Norwich, Conn.

Harold and Alice (Crowell) Lord have four children and have just bought a new home at 54 Drew Rd, So Portland. Harold is with E. R. Squibb & Sons.

Bob Burns has four children also. He is employed by Horton-Noyes Co (advertising). Residence is 61 Homefield Ave, Providence, R. I.

Kay Hootor (still the same Kay and she can do the split, too!) is with the Connecticut State Department of Education as Supervisor of Elementary Schools. Her address is 1285 Blvd, Apt 24, New Haven, Conn.

Prof Harold Woodbury is in the Department of Physical Education at the U of M. He and Henrietta (Cliff '37) have two boys and live at 7 Park Lane, Orono.

Jack Getchell is also at the U of M in the Agricultural Experiment Station. He has a boy and a girl (seven and four).

Virginia (Palmer) Parsons and husband Kenneth live in Old Town, 80 S 4th St. They have one son. Husband, Ken, is associate professor of electrical engineering at the University.

Don and Lynn (Parkman '39) Huff have two girls and reside at 8 Penley St, Augusta. Don is employed by Stewart and Williams, general contractors, as general superintendent.

Jim O'Connor has his own insurance agency in Augusta. He has a son and a daughter and his address is 48 Eastern Ave.

Don Huff was at the Saturday doings on the campus and had planned to come for the Sunday fun but failed to turn up. We were sorry that you didn't turn up!

Another Augusta-ite is Pete Weston, who is a salesman for Westinghouse Electric Supply Co. He and Hope brought their two fine sons, Robert 10, and James 7, with them. They and George Frame's son were the only offspring present and I think they had as good a time as the parents did.

George and Elizabeth Frame live on Fairlawn Ave, So Portland, and he is

a special agent for Travelers Insurance. Porter and Solveig (Heistad) Hennings have two sons and a daughter. Their address is RFD #1, Cumberland Center. Porter is superintendent of the Portland Water Department.

I just caught a glimpse of Art Roberts as he was on his way to visit friends. He has a son and a daughter and his address is RFD #1, Kennebunk.

Tom Reed and his wife, Betty, really had a trip. They drove from Pittsburgh, Pa., to Boston with their four children, 3 boys and a girl, then on to Orono alone. Tom is assistant to the vice president of U S Steel Co and his address is 232 Moberg Ave, Pittsburgh, Pa.

Jim and Frances Haggett live at 224 Exchange St, Millis, Mass., and have two sons. Jim has his own restaurant and refrigeration supply business.

Carolyn (Currier) Lombardi has recently been elected president of the Junior Welfare League in Bangor. Her husband is a Major in the Air Force and is stationed at Dow Field currently. Their address is 58 Jefferson St, Bangor.

Gorham and Winnie Levenseller have a new daughter, Susan Linda. She is now four months old and their first child, "Gomey" is a painting contractor with the W. H. Gorham Co of Bangor.

John and Libby Sealey live in Skowhegan and have two girls and a boy. At the meeting of the General Alumni Association Saturday morning, John tendered his resignation as Alumni Secretary. I know I can speak for the class in saying we're proud of the job you've done at Maine, John, and best of luck in the future.

Puss (Brown) Parker is librarian at the Garland St Junior School in Bangor. Frank is employed by New England Tel & Tel Co. They live on Holyoke St in Brewer.

Darrel Currie and his wife also live on Holyoke St, Brewer. He is with the FBI. The Curries have two children.

Candy and Billy Lynch live at 142 Hammond St, Bangor, and have one daughter, Pamela. Candy is a salesman for the Cudahey Packing Co.

Actor Abbott is a tool design engineer for the New England Tel. and Tel. Co. His office is in the new building on 185 Franklin St., Boston. The Abbotts live at 46 Highland Ave, Watertown, Mass.

Joe and Anna Mullen live at 323 Buck St, Bangor. Joe is a manufacturers agent for automotive supplies.

Reggie and Dot Naugler have three children, two girls and a boy, and live at 23 Young St, Bangor. Reggie has his own ready-mixed concrete business.

Asher Sylvester and wife came up from Worcester, Mass (574 Chandler St). He is a salesman for Hawkbridge Bros., a steel concern. Last fall Asher made a flying trip abroad and visited several European countries.

Besides those present at reunion, we had a few messages from "wellwishers" who couldn't come.

Arbie Dougherty and "Mac" McAlary got together in New York and sent a telegram as follows: "If you lucky, non-working '36ers pose for a picture Sat., please include us with this telegram."

Someone informed me that Arbie is personnel manager for Guaranty Trust Co. Is that right?

Libby (Philbrook) Ingraham writes that she and Carl have a new daughter, Sarah, born February 26, 1951. That makes 5 children for the Ingraham family!

Carl graduated from Wayne U Law School June 14. Congratulations on both events! Their address is 940 Harmon St, Birmingham, Mich.

Louise Steeves was here at the house a few days before reunion but couldn't be here for the outing. She is a real estate agent in Lincoln, Maine.

Alvin ("Bus") and Sully Heald expressed a wish to be with us. They are in North Dakota—309 2nd St., Riverdale. They have three boys and Bus is resident engineer with the U. S. Bureau of Reclamation.

Many thanks to those of you who answered our appeal for funds for the Class treasury and I hope all of you will be back for our 20th in 1956!

#### 15th Reunion June 13-15, 1952

A newspaper clipping which has reached me shows that Mildred (Dixon) Haskell was a candidate for the position of Town Clerk of Buxton earlier this year. Two generations of her family before her have held the position for many years, an aunt and a grandfather. Millie has also been an instructor in modern languages at Patten Academy since leaving the University.

Lester Smith writes that he went to Orono for Farm and Home week in early April and met Bill Forman there. Bill was demonstrating a wood chipping machine which he and his father make and sell in Fitchburg, Mass. Also at Farm and Home week were Fred Judkins, and wife, and two children looking for ideas for their farm in Upton, Maine.

Lester's presence at Maine's Farm and Home Week was to look for pointers for organizing the same type of program for the state of Vermont. Maine's Farm and Home Week is reputed to be "tops in New England."

Howard J. Stagg has been appointed manager of the Boston Office of the Connecticut General Life Insurance Co.

Morris Ernst is a sales engineer for American Bitumuls Co and lives on Nevada St, Portland. The Ernsts have two children.

A letter from Ruth (Pagan) Hamlin '39 reveals that she and Joe are now living at 104 E. Fillmore St, Petersburg, Va. Joe is a Major and stationed at Ft Lee. Ruth says that she knows she could eat a dozen lobsters at one sitting, it's been so long since she has been in Maine! She says that she reads *The Alumnus* avidly for news of college friends and decided it was about time she sent some news in herself. Latest on Ruth is that she was recently elected President of the Ft Lee Women's Club, an organization composed of some 450-500 women with a range of activities which includes running an actual store (Thrift Shop) and many welfare and community activities. Congratulations ought to go to Ruth for this achievement!

**1941** Mrs. Vale Marvin  
(Hilda Rowe)  
Kennebec Rd.,  
Hampden Highlands

We had a marvelous 10th reunion. It was simply wonderful to see so many people back. At our class meeting we elected the following officers: Dud Utterback, president; Helen Wormwood Pierce, vice president; Hilda Rowe Marvin, secretary; Samuel Tracy, treasurer; and an executive committee composed of the following: Cecil Howes, Connie Philbrook Leger, Betty Reid, Wil Alford, Burt Osgood. It was decided to continue our policy of collecting class dues for the next five years of \$1.00 per year, payable yearly or in one lump sum to "Buss" Tracy, 31 Central St., Bangor, or Dud Utterback, 45 Eddyway, Bangor. (Checks should be made out to Class of 1941, U. of M.) With these funds it was voted to give \$100.00 to the Alumni Activities Fund which is a fund set up to assist in financing the activities of the General Alumni Association (particularly in connection with Homecoming and Reunions). The possibility of buying a \$2500.00 annuity to be used toward a gift to the University on our 25th reunion was discussed, but it was decided to wait until our next reunion to make any decision on that. With all of these things in view,

it is urgent that we all pay our dollars so that our treasury may grow a little.

Many thanks to you who couldn't come back but who sent notes. We missed you all.

Joanna Evans Bardo wrote that she had been in Virginia with Clinton who is back in the Army, and would be returning to their home in Hamden, Conn., about the time of reunion, along with their girls.

Peter Skoutfis' address is American Embassy, Rome, Italy.

Don Devoe is living at 1002 W. Main St., Urbana, Ill.

Virgil Pratt wrote that he spent three years at the Univ. of Michigan working on his Ph.D. He is now an assistant professor of Fishery Biology, teaching the fishing program at the Univ. of Idaho. The Pratts have three children—Virgil, Jr., Steve, and Margaret.

Roger P. Strout's address is 20 Pochantas St., Massapequa, N. Y.

Betty Mack Silvestro continues to work on her Ph.D. in Modern European History at the Univ. of Wisconsin. She and Clem will be in Maine at the end of June for two weeks.

Allan P. Storer owns and operates the Storer Laboratory at 323 S.E. Donion Ave., Pendleton, Oregon. His work, he writes, consists principally of chemical analysis with some agricultural tests.

Charles and Betty Adams sent their good wishes for our reunion.

Charlie Gardner wrote that he still is with the N.C. Pulp Co. in Plymouth, N.C., buying pulpwood. The Gardners have a new daughter, Nan, born on May 31st. Congratulations!

William Blake is living at 907 N.W. 8th St. Rd., Miami, Fla.

Hartwell Lancaster is a Lt. Col. in the U.S.A.F.

George and Dottie Nystrom have a son, Jon, born on April 11, 1951. They are still at Box 262A, New Shaker Rd., W. Albany, N. Y.

Isabella Crosby Shipman sent her regrets. One of her children had the measles and the other two were due to succumb momentarily. Wayne is completing his fifth year as agricultural teacher in Lacombe, N. H. They would love to see any of you who happen to be over that way.

Nice note from Gwen Weymouth Cooke. She graduated from Yale School of Nursing in 1944. Married Robert E. Cooke, M.D., in November '42. They are about to move to 28 Prospect Lane, Hamden, Conn. (Are you near Jo Bardo?) Dr. Cooke is an assistant professor at Yale Medical School. They have two children, Robyn—3, and Christopher—1½. Gwen sent everyone her best.

Rockwood Berry is in partnership with Berry Hill Orchard Co. in Livermore Falls. He would like to see some '41ers, too.

Ruth White Wight (Bill '36) wrote that they were sorry not to get here, but that it would be quite a trip with their four active cherubs.

Harold Anderson (Andy) has been called back into the Air Corps, Research and Development Command, Dayton, Ohio. He left on June 16th. After this he will be back at his position as an engineer with the New England Tel. and Tel. Co.

Richard Pierce is in Korea. He is Marine Corps.

Byron Candage has been in Athens, Greece, with the U. S. Public Health Service since March 1948. His wife and 5 year old daughter are with him. They were home for a month this winter. His

address is Maj Byron Candage, P.H.S. 5381, F.C.A. Public Health Div. A.P.O. 206, c/o Postmaster, New York, N.Y.

Esther Drummond was married on June 2 to Warren J. Hawley, Jr., a Bowdoin graduate in the Class of 1941. Mr. Hawley is connected with the Bath Iron Works as a draftsman.

Polly (Riley) and Harry Wilson were back for reunion. Harry—a Lieutenant in the Marine Corps—has just returned from Korea, and now he and Polly are scheduled to go to Pensacola, Fla. where he will go into flight training.

Maynard Files (Major U.S.A.) is in Germany on active duty and Lib and Bill are going over to join him in the fall.

Mrs. Richard Andrews (Leona Perry) is resigning her position as instructor of Home Economics at the University to join Richard, who is County Agent in Kennebec County.

Have a happy summer and keep news like this flying my way. I love it!

#### 10th Reunion June 13-15, 1952

From Dan "The Colonel" Roberts in Korea. Central Front April 12th, comes the following full and welcome account of himself in the last three years. "I graduated from Babson Institute in 1948, and took a turn at selling life insurance for awhile. My heart was not in it, so I gave up the idea and went back to my first love, the bag business. I obtained a job with Bemis Bros. Bag Co. in St. Louis, Mo., and was sales representative for the Southern Illinois territory—that is, up until last November when Uncle Sam decided that he again could not go on without my stellar services to the Signal Corps. To make things more complicated, I was called back to duty just four weeks after my return from my honeymoon, having married Marilyn Meyers of Webster Groves, Mo. on September 3rd. We had just moved into our beautiful home at 4 Armin Place, Webster Groves. It is my intention to form two new alumni groups—Central Korea and St. Louis Metropolitan. The latter will have to wait until this UN clamor is over, but I am sure there are sufficient alumni scattered around the nearby foxholes to have a reunion in some QM showerhead. I can hear the artillery pounding away tonight, and I don't know what tomorrow may bring, so I had better get some sleep and sign off now. Best regards to all '42ers." 1st Lt. Dan C. Roberts, Co. A, 101 Sig Bn, APO #301, c/o P.M. San Francisco, Calif. A very swell letter, Dan, and many, many thanks! We hope you show up in St. Louis for some real settling down very soon. Congratulations and best wishes to both you and your bride.

Ruth (Loring) TenBrink has been visiting in Orono during June after spending the past several years in India where her minister husband has been a missionary. The TenBrinks have two children, Carol and Eugene.

Bryant Bean has been named principal of South Paris High School. He has been serving as principal at Erskine Academy in South China, Maine.

This month's column must set some kind of record—lots of news and all first hand. Keep it up, kids.

To start off, what could be better than to announce the wedding of Patsy Ann McNeill to Donald French Bryan on April 27, 1951, in the Bluff Presbyterian Church, Wade, N.C. Congratulations and best wishes to the Bryans from all of us.

By a natural progression we come to some '43 babies. God love 'em. The first is Chandler Gifford Sinnett, born May 2, 1951, and weighing in at 8 lb 5 oz., the third son of Cliff and Charlotte (Gifford) Sinnett. Congratulations to the folks at 64 Vannah Avenue, Portland, Maine.

A long letter from Barbara Stearns Johnson brought news of another little heavyweight. David Stearns Johnson, born Nov. 29, 1950, wt 8 lb 11 oz. Quoting Barb: "Needless to say we're quite thrilled; it's wonderful having two boys. Scott is now 3, so we've quite a brood." Sounds like a wonderful family, Barb, congratulations to you and Phil. The Johnsons' address is RFD 2 Box 152, Bangor, Maine.

Just to prove that we hit the jackpot here are the highlights from an interesting letter from Bruz and Pat (Ramsdell) West. Bruz is back in the Marine Corps stationed at Headquarters here in Washington. We have a duplex house in Arlington, just ten minutes from his office. It's very nice and we like it a lot. He was recalled in August and sent to Camp Lejeune. After a month he was transferred to Cherry Point. We were there only three weeks when he was sent to Washington. So for a spell there we did nothing but pack and unpack and move. We've been here since November and hope to be here another year.

Our best news though is that our baby girl Nancy Lee was born at Bethesda Naval Hospital, Jan. 15, 1951. She's a sweet baby and we're so happy with her.

Mail goes to Capt. C. H. West, Jr., 2634 So. Troy Street, Arlington, Va. and the Wests will welcome any Mamiacs who find themselves in that vicinity.

Here's another letter to share with you. From Mrs. C. D. Allen, 116 Mitchell Rd., So. Portland, Maine, and brings us up to date on the activities of husband Charles, better known as Don. "After doing duty in Japan with Military Govt., he became a regular army man, and on his return spent two years at the University of Akron in Akron, Ohio, on ROTC duty. From there he attended Advanced Infantry School at Ft. Benning, Ga., and graduated in June, 1950. Orders then read for Japan, and he has been in Korea since August of '50. His present address is Major Charles D. Allen 052630, HQS 1 Corps, APO 358, c/o P.M. San Francisco, Calif. He is Liaison Officer with HQS 1 Corps." Mrs. Allen is the former Pete Desmond and a Farmington graduate AND a regular reader of the *Alumnus*. That makes you a left-handed Mamiac, Pete, so welcome to the tribe and many thanks for that fine letter. And to all who took the time to drop us a line, merci beaucoup also. If '43's budget permitted, I'd send you each a little blue stein (or other appropriate recognition). It was real thotty of ye.

All for now. Have a good summer. Keep the letters rolling in, and see yourselves in print in the fall.

Giulio Barbero wrote from Korea that he is the father to about 200 orphans and takes care of about 80 patients in a little children's hospital that was estab-

lished for the refugee children of Korea. Giulio's wife, Margaret, is in Drexel Hill, Pa., with their son Paul, now 5 months old.

Fran (Higgins) Olexo writes that she, Joe, and 2 year old Nancy are now in Cleveland Heights, Ohio, where Joe is a management control representative for Remington Rand. The Olexos spent two years in the Philippines and an assorted amount of time in Peiping, Shanghai, and Hongkong. Fran said she had seen Sal (Hopkins) Parsons last June in Yokohama. Also she had talked with Esther (Holden) Hopkins while they were in San Francisco enroute to the middle west. The Hopkines were in the process of moving to Bakersfield. So good to hear from you, Fran.

Congrats to Ginny and Mac McIntire on the birth of a son, Paul Goodrich, born on April 24. Dr. "Mac" is working in the Post Dental Clinic at Ft. Bliss, Texas, and Ginny and family plan to join him the middle of June. After July 1st their address will be Capt. Clarence McIntire, 504B Bradshaw, Van Horn Park, Ft. Bliss, Texas.

We are also the proud parents of a son, Charles III, born on April 21st at the Eastern Maine General Hospital in Bangor.

Hope you all have a pleasant summer! Send in some news for the first issue of the fall.

Three newcomers arrived just in time to be announced before summer vacation. The first addition to '45 families was Deborah Herrick Danforth, who arrived March 12 and weighed 6 lbs., 5 ozs. At last word, she was residing with parents Dick and Beverly at Austin's Trailer Court, Orono.

Next to arrive was Larry Paul Kelley, son of Paul and Ethel Fenderson Kelley. Young Larry made his appearance March

27 and joined big sister Marcia (now 4½ years) at the new family home. Paul and Epp purchased the house at 13 Elm St. in Calais, Maine, last fall and have been hard at work "settling" since then.

On April 29, Dud and Dee Bell Davis greeted No. 2 daughter Jacqueline. Dec reports that the new baby looks much like sister Janey (which is good!), though smaller, as Jacqui started at 7 lbs. 8 ozs. Congratulations to all the happy parents.

In spite of the rain to start with, we Pancoasts did have a grand vacation. Sunned ourselves at Miami Beach for a week while visiting Bob's folks, then took our time coming home. The girls got a big thrill from picking their own oranges in the grove of some friends in Florida's "lake country," and the grown-ups got as big a thrill from some of the places we viewed: the Bok Tower in Lake Wales, Florida, the Magnolia Gardens outside Charleston, S. C., and Williamsburg, Va. We spent a whole day in Williamsburg with some friends and still feel that we had just gotten started. Do drop in and we'll be glad to show our colored slides!

Harry Catelet is with Hood Rubber Co. in Watertown, Mass. The home address is 447 Quincey Shore Blvd., Quincey, Mass.

The latest report on the Pattens has it that Bud is working at Bath Iron Works, and Bob is an announcer at a Bangor radio station. Their address is still Hampden Highlands, Maine.

Mike DiRenzo is the athletic director for Rockland's civic center. He and his wife and young daughter live at 44 Gay St., Rockland, Maine.

Over the summer, I hope some of you lazy people will bestir yourselves and write to me. Otherwise, you're going to get awfully tired of an empty column!

Bradford Joyce was married on April 7 in West Concord, Mass., to Miss Ioeta Hudson of that town. Mrs. Joyce is a graduate of Massachusetts General Hospital School of Nursing. Bradford is a research physicist.

Earlier this year announcement was made of the engagement of Miss Shirley McNamara of New Haven, Conn., to Harold Parady. The wedding date was set for June 16, but we do not have a report of the wedding as yet.

The Tom Coultons have moved from Moscow, Idaho to Rt. #3, Box 597B, Bellevue, Wash.

Elizabeth (Furbish) Michel (Mrs. Walter C.) can be found at 9835 So. Leavitt, Chicago 43, Ill. Her husband is a dentist and they have a son, Kenneth, who was born on December 5, 1950.

### **5th Reunion June 13-15, 1952**

Jeanne (Hartz) Babcock and Roland have moved from Bangor to Manchester, N. H. Roland is back in service being a part of the Maine Air National Guard which was activated in February at Dow Field in Bangor. The Babcocks have one son.

Earl R. Kingsbury is a machine designer for rubber footwear machinery with U.S. Rubber Co. in Naugatuck, Conn. His residence address is 28 John St., Naugatuck.

Charles and Dorothy (Salo) Chapman are now living at 294 1st St., Newburgh, N. Y. He is a Captain and serving with Air Force in the Eastern Air Defense Force Command stationed at Stewart Field.

Georgia (Parsons) Eustis and her husband Pennell '50 have been in Springfield, Mass., during the past few months where he has been working on his Master's degree work at Springfield College.

Lawrence A. Graham can be found at Charon Hgts., South Hadley, Mass. He is associated with the Graham Mfg. Co. of Holyoke, Mass.

Helen Whitney will be teaching in the schools of Waltham, Mass., come fall according to a recent announcement. She has been teaching in the schools of Belmont, Mass., for the past three years and is working on her Master's degree at Boston University.

Shirley Hames of Ft. Fairfield and Lt. Robert D. Canfield of Phoenix, Arizona, were married in May in Woodland, Calif. Shirley has been an instructor at Sacramento Junior College and the groom is a pilot stationed at the Sacramento Air Force Base.

A daughter, Cindy, joined the household of the Irving Broders at 52 Fountain St., Bangor on April 4, 1951.

**1948** Mrs. Willard Moulton  
(Polly True)

At least three '48 daughters have arrived on the scene rather recently. Gracie and Ralph Bean have a daughter, Carolyn Barbara, born April 16. The Beans are at 64 Goff Street in Auburn. Jo Anne (Chellis) and Holman Wilson have a daughter, Tonia, born May 11. Jo and Howie are living at 40 Ludlow Street in Portland. The John Kellys' (Paulie Marcous) daughter, Kathleen "Kathie" Kelly, was born April 2.

The engagement of Ann Harmon and Gerard Driesen of Maastricht, Limburg, The Netherlands, was announced in April. Gerard is a graduate of the Muni-

cipal University of Amsterdam and the Roman Catholic College of Tilburg. He also attended courses at Cambridge University, England, and at the University of Maine during the summer and fall sessions of 1950. He is employed as a cost accountant for the United States Time Corporation in Waterbury, Conn. Ann is home demonstration agent in Oxford County. The wedding is planned for this summer.

Rip Haskell has brought me up to date on himself with the news of his marriage to Jessie D. Damian of Southbridge. September 4, 1951 (Shant argue about the date, but I think possibly the type-writer played a trick on Rip and it really happened September 4, 1950.) Rip is still with American Optical Company "in the capacity of traveling emissary of good will with the title of Sunshine Spreader Junior Grade." He claims he has failed to run across any U. of M.'ers in his recent travels through New York, Chicago, Detroit, Cincinnati, Kansas City, Salt Lake City, Los Angeles, San Francisco, Dallas, Houston, New Orleans, Atlanta, Jacksonville, Savannah, Columbia, Richmond, Philadelphia, and Woodstock, Conn.—all those and Woodstock, too. After looking them all over, Rip has evidently picked Chicago because he's moving there sometime this year—still with American Optical Company.

Edith Sheldon is a physical therapy technician at the Mercy Hospital in San Diego, California. She's living at 4152½ Jackdaw Street, San Diego 3. The Mercy Hospital is a large, well-equipped hospital and is, Edie says, a very interesting place to work. She seems to go for that California sun, too.

Jessie (Cowie) Ramsay has loads of news of '48ers. Ruth (Prieb) and Bob Finney have just moved into a new apartment at 4 West Street, Norwood, Mass. Bill Wells has been transferred to Pittsburgh and he and Barbie (Patten) were living at 828 Ohio River Blvd., Sewickley, Pa., when last heard from but expected to move soon. Gloria MacKenzie is teaching school in Millinocket. Connie Adams is working in the lab at the hospital at Hanover, New Hampshire. The Ramsays themselves are living at 126 Lakehurst Avenue, Weymouth 89, Mass. Bill is an engineer for the McMurrer Co., a heating and ventilating contracting firm at 303 Congress Street in Boston.

Frank and Dodo Spencer are living at 24 Sunset Drive, Beverly, Mass., with two daughters, Jacolyn (3 years) and Wendy (10 months). Frank is working in the research division of the United Shoe Machinery Corporation in Beverly.

The Hastings Bartleys (Jayne Hanson '49) are living at 14 Hamlin Street, Orono. Bun is working for Great Northern Paper Company. There's a Peter Bartley in the family—ten months old.

The John Days (Evie Nicholson) are up to date with news that Johnny is teaching industrial arts at the Roger Ludlowe High School in Fairfield, Conn. The Days and one-and-a-half-year-old Crystal live at 866 Howard Avenue, Bridgeport, Conn.

Leonard Pearson wrote a very interesting letter this spring covering his wanderings since graduation—wish there were space to quote it in its entirety. He started working for Babcock & Wilcox Co. in October, 1948. Supposedly working out of Cincinnati, Ohio, he has actually lived in Kingsport, Tenn.; Vincennes, Indiana; Evansville, Indiana; St. Louis, Missouri; and now Flin Flon, Manitoba, Canada, where he is placing in operation at the Hudson Bay Mining and Smelting Co., Ltd., Flin Flon, boilers.

and miscellaneous coal firing equipment. Leonard says Flin Flon is a rough mining settlement in the midst of a sportsmen's paradise which boasts 30 lb lake trout, Caribou, moose and bear on the outskirts of town, -40° temperatures a common occurrence in winter, and twenty-two hour days in the summer. If you plan to visit the Pearsons, prepare to travel the last 600 miles over dirt roads, but, when you arrive, there's a new golf course waiting and lots of hockey, skating and curling most of the year with a little baseball during the short summer season.

Thank you all who have sent news for the column. Be storing some up during the next few months so the fall issues can have a hint of balmy summer days in them.

(Ed Note) The column for this issue was written by Jayne Bartley since "Bing" took off for AOPi convention in Colorado on Commencement Day.)

'Twas good to see all those who were able to get back. We had a good time at the dinner on Friday night at the Pilot's Grill and had our classmeeting on the campus on Saturday morning electing the following officers in addition to "Bing": President Arnie Davis, vice president Joe Cooper, treasurer Lois Deering Starbird.

We hope *everyone* will try extra hard to return for our next reunion in 1954!

Now for the news of those who did return this year. Arnie Davis is working for Unity Feeds, Inc. of Boston, Mass., and is living at 132 Brunswick Ave., Gardiner, Maine.

Joe Cooper is doing graduate work in Social Work at the University of Conn. He has no definite plans for the future but at present can be reached at 50 Walter St., Bangor.

"Bing" and husband Fred are now living in an apartment in Orono while Fred finishes his education at Maine. He received a diploma from the Bangor Theological Seminary in June. Bing has been doing part time work in experimentation work for the University in the department of Home Economics.

Lois Deering Starbird although claiming the chief title of housewife also works for Farm Bureau in Solon, Maine.

Bill Skolfield is living in Orono at 167 Main St and working as an engineering assistant at the Penobscot Chemical Fibre Co. in Great Works.

Perry Amsden has been a graduate assistant at the U. of M. this past year in History and Government. He will be writing his thesis this summer at Star Route 1271, Belfast, Maine.

Paul Hart is in Richmond, Virginia (3925 Caulder St.), working for duPont in the Chemical Engineer Process Development.

Ronald Speers has changed jobs. He was previously with the Virginia Commission of Inland Game and Fisheries. As of July 1 he will be with the Maine Department as Chief of the Game Division. His home address will be Goose Rocks Beach, Kennebunkport.

"Rabbit" Dombkowski is working with T. L. Dickson in Mexico, Maine.

Wesley Wight is a General Motors Supervisor in Bay City, Mich. Married in 1942 to Kathleen Tozier, they are the proud parents of two children—Audrey and Dale. Their address is 203 N. Dean, Bay City.

Jayne (Hanson) Bartley is living at

14 Hamlin St., Orono. She and Bun have a son, Peter Newcomb, born on August 27, 1950. Bun is working for the Great Northern Paper Co.

Gertrude (Bellefleur) Simononok is temporarily in Yellow Springs, Ohio (230 Xenia Ave.) while Eddie is back in the Air Force. They have a son, Karl Edward, born July 14, 1950.

Teaching at Connecticut State Teachers College is Shirley Doten. She is living at 57 Court St., New Britain, Conn.

Dave Akeley is doing graduate work at the U. of Wisconsin.

Will Savage is an Assistant Economist at the Maine Agricultural Experiment Station. His address is R #3, So. Brewer.

Paul Marshall is a lumber salesman for L. C. Andrew. He now has two children, Paula and Susan. He, Muriel, and family are living at 95A Ocean Ave., Portland.

George Madore is a Field Executive for the Boy Scouts of Worcester, Mass. Address: 65 Main Circle, Shrewsbury, Mass.

Alice Raymond is doing research work at Children's Hospital, Boston, in the cancer division.

Freddie Daigle is now working with RCA in New Jersey. He and Maggie are bursting their buttons over a daughter, Ruth Marie, born on Easter Morn. Their address is 1417 Thomas Ave., Riverton, N. J.

Bruce Folsom and Teddly Powers were married April 15 and are now living at 39 Lakeview Park, Rochester, N. Y. Incidentally, in the same building with Dot and Ted Carter.

The stork recently visited Beverly, Mass., and left a son to Jane (Libby) and Bruce King. Name is Bruce, Jr., and address 11 Evergreen Dr.

Phyllis Tebbetts is working in the Personnel Department of the Meriden Hospital, Meriden, Conn. She has an apartment at 195 Cook Ave.

Beth and Elmer Bartley are living at 4610 S. 124th St. in Seattle, Wash.

Tony Cristo is now a lieutenant and has been in Korea for the past 7 months. Address is C Battery, 999th F.A. Bn, APO 301, c/o Postmaster, San Francisco.

The Folsoms, Jane (Hastings), John and Johnny, Jr., now have a new address. It's 16 Edmund St., Springvale.

Bill Newdick just completed his work for a master's degree in Government. He is a member of the Board of Examiners with the Civil Service Commission at the Portsmouth Navy Base. His address is 496 Lincoln Ave., Portsmouth.

Bernard and Priscilla (Thomas) Rines have just finished building their new home in Durham, N. H. They and son, Mathew, will be moving in very soon. Hear it's a beauty of a house!

Hilton D. Lane is working with the Soil Conservation Service and living in Caribou. Mail goes General Delivery.

Willie (Brown) Miller has been living in the Trailer Colony the last three years while her husband has been completing his work for a degree. They have 3 children—Irene, Fred, and Donna.

Florence and Dick Perkins have a daughter, Alice Hazel, born on April 18th at the Salem, Mass., hospital. Alice is their first baby.

"Doc" Savage, who was with the class for a couple of years, is now a 1st Lt. in the 104th Aircraft Warning Unit stationed in South Portland. Doc is married and he, Thelma, and three children live on Ramsdell Rd., Falmouth Foreside, Maine.

Elmer J. Orcutt is engaged to Miss Charlotte E. Swan of Princeton. He is employed in Philadelphia.

## Sailors

The 1820's found Portland a growing, prosperous seaport. Ships of many nations crowded the wharfs, sailors of many more nations crowded the taverns along the waterfront. They were a boisterous lot, there was a color and a sound along Fore Street that is not found anywhere in the country today. Screeching, gaudy parrots clung to the shoulders of earringed bearded sailors and added their bit to the color — and to the noise. Heavy drays rumbled along the streets, roistering sailors celebrated being safe ashore after their long and perilous journeys. Strange Eastern tongues were heard and there was over all the mingled aroma of spice and hemp of fresh-cut lumber and the clean sharp smell of the sea. All these gave the waterfront the material for growth of the town — and prosperity for its people.

The sailors were sometimes a problem. William Gould in "Portland in the Past", tells us of one such time. In October 1821, the Rev. Mr. Payson of the Second Parish Church was invited by the Portland Marine Bible Society to address the seamen. It was a time when many sailors were in port and Mr. Payson chose the First Parish Church, because of its superior size, for the meeting.

All sailor-boarding-house keepers were invited along with their boarders. All went, including one Horatio G. Quincy who kept the largest and best boarding house. Marshalling all his own men and such other sailors as he could persuade, Mr. Quincy led his sizeable procession through the streets to the church. All told, the church was packed as it never had been before. Sailors filled the entire floor and galleries.

Mr. Payson, noted as a fiery orator, was describing the final judgment to his audience, many of whom had never been in church before. With immense dramatic feeling he cried: "Our world, driven by the last tempest will be dashed to pieces on the shore of eternity! Hark! What a crash!" At that moment a board on which some men had been standing, broke. There was a second of frightened silence after the crash. Then one excited sailor shouted: "She's struck, men!" and made for the door. Before order was restored many sailors had escaped through the windows, others had climbed into the rafters and hung there, expecting the worst.
