Managed Investment Pool – Annual Report

The University of Maine System (UMS) Managed Investment Pool (MIP) includes UMS endowment funds that are invested in the MIP and funds held for the following entities:

- UMS Other Post Employment Benefits (OPEB) Trust
- University of Maine at Fort Kent Foundation
- University of Southern Maine Foundation
- John L. Martin Scholarship Fund, Inc.
- Maine Maritime Academy
- University of Maine School of Law Foundation

Pooling of funds allows for greater diversification and access to attractive asset classes and managers. Additionally, pooling of funds allows participants to benefit from shared investment manager, consultant and custodial fees.

Oversight and Management

Portfolio and investment management is an ongoing process with the following parties meeting routinely to provide oversight of the MIP portfolio:

- UMS Board of Trustees Investment Committee
- Investment Consultant – New England Pension Consultants (NEPC)
- Vice Chancellor for Finance and Administration and Treasurer, UMS
- Vice President of Finance and Controller, UMS

Governing Investment Guidelines and Objectives

Investment guidelines, last updated May 28, 2019, govern the investment process and may be found at maine.edu/about-the-system/system-office/finances/investment-guidelines-2/.

Guidance includes:

- Minimum long-term return assumption
- Risk tolerance
- UMS endowment spending policy
- Statement of goals and objectives
- Investment guidelines including:
 - Asset allocation with target percentages, permissible ranges, and evaluation benchmarks, and
 - Permitted and excluded investments
- Investment manager performance standards and evaluation
- Responsibilities of parties
- Conflict of interest
- Statements about implementation and amendments

The MIP, with a tolerance for moderate risk, currently has a long-term return objective of 7.50% which is consistent with the prior year.

Managed Investment Pool – Annual Report

The Investment Policy Statement goals and objectives recognize the value of environmental, social and governance (ESG) factors:

Companies that include environmental, social and governance (ESG) factors into their decision making process may benefit from improved long term value creation. As a result, the Committee will consider ESG principles and incorporate ESG analysis into investment decisions such as asset allocation and manager selection.

Fiscal Year 2019 Performance

The MIP **experienced a return of 2.7%** net of fees for fiscal year 2019 (FY19), placing the MIP in the 94th percentile of the total endowment fund universe tracked by NEPC. Performance is impacted by financial market conditions, asset allocation and the investment managers utilized. On June 30, 2019, the MIP totaled \$345.1 million, increasing nearly \$27 million from the prior year end balance as detailed on the next page. Changes in market value include the impact of market fluctuations, and participant capital contributions and distributions.

5-Year Annualized Return

The MIP's **5-year annualized return as of June 30, 2019 was 3.5%** ranking the fund in the 95th percentile of the total fund universe tracked by NEPC while the risk taken, in terms of volatility of returns, was at the 51st percentile. The risk adjusted return or Sharpe Ratio placed in the 96th percentile, meaning that the MIP was not compensated for the amount of risk taken.

The MIP is well diversified by style, asset class, and geography across 19 investment managers, including index funds, at fiscal year-end.

Changes in Portfolio Allocation and Investment Managers

The Investment Committee reviewed and approved the portfolio's allocation at its March 11, 2019 meeting and took action on managers throughout the year. All meeting minutes, including action items, are available on the web at: maine.edu/about-the-system/board-of-trustees/meeting-agendas/investment-committee/.

Endowment Distribution

The UMS endowment distribution formula is designed to smooth market volatility. The method uses a 3-year market value average with a percentage spending rate applied. The rate for FY18 and FY19 was 4.5%. The rate approved for FY20 is also 4.5%.
