**University of Maine System**

# **2018 Maine Community College System Transfers Report**

Robert Zuercher, UMS Senior Institutional Research & Planning Analyst  
May 1, 2019

## INTRODUCTION

The following report provides a variety of detail on undergraduate transfer students in the University of Maine System (UMS) with a specific focus on those transferring from the Maine Community College System (MCCS). Data on transfer students compares external transfers from MCCS, external non-MCCS transfers, internal transfers from UMS campuses, and students attending a postsecondary institution for the first-time and in their first year.

### **Notes:**

1. For purposes of calculating certain metrics included in this report (e.g., GPA), it was necessary to use enrollment figures from the end of each Fall semester (January 1), rather than the Fall census date (October 15), which is typical for most reports.
2. Top 5 Plans of Incoming Transfer Students are the top 5 most popular academic plans chosen by transfer students once they were enrolled at a UMS institution.
3. “Transfer Student” is defined as a student entering the reporting institution for the first time but known to have previously attended a postsecondary institution at the same level (e.g., undergraduate or graduate). The student may transfer with or without credit.
4. “Avg. Transfer Credit Hours” is the average number of course credit hours students transfer to a UMS institution regardless of whether those credits are eligible to be applied to their major. It does not include test credit or credit awarded for military experience, portfolio assessment, or credential evaluation.
5. “Avg. First-Term Credit Hours” is the average number of credit hours taken by students during their first fall semester at a UMS institution, derived from the total credit hours taken for progress during the semester and divided by the number of students enrolled from the institution(s).
6. “Avg. Cumulative Credit Hours” is the average credit hours taken by students for all combined semesters at a UMS institution, derived from the total credit hours taken for progress and divided by the number of students enrolled from the institution(s).
7. “Avg. First-Term GPA” is the average GPA of students after their first semester at a UMS institution.
8. “Avg. Cumulative GPA” is the average GPA of students for all combined semesters at a UMS institution.

**Data Source:** Unless otherwise noted, data for this report originate from the UMS PeopleSoft Database. All data as of January 1 following the end of the Fall semester.

### HIGHLIGHTS

- **Headcount** – The number of transfer students entering the UMS increased reached a high point in Fall 2015, with 2,157 new transfer students in the system. This was followed by a decline through Fall 2018, where 1,880 students transferred into the UMS. MCCS transfers accounted for slightly more than one-third (36.4%) of all transfer students in Fall 2018, with the remainder being internal transfers (17.2%) and transfers from other, non-UMS and non-MCCS institutions (46.3%). For Fall 2018, 39.6% of MCCS transfers to the UMS came from the Southern Maine Community College (SMCC) and USM received 38.0% of all MCCS transfers (most of which – 67.7% – came from SMCC). UMA received the second largest proportion of MCCS transfers (27.6%) in the same semester.
- **Top 5 Academic Plans** – For MCCS transfers in Fall 2018, Liberal Studies was the most popular academic plan, with 10.7% of all MCCS transfer students enrolled in the plan (mostly at UMA). Nursing programs were the second and third most popular plans, with 5.0% in Nursing and 4.7% in the RN to BSN Nursing Program. Nursing’s popularity was driven primarily by MCCS transfer students attending UMFK, USM, and UMA and students who transferred from Northern Maine Community College (NMCC), Kennebec Valley Community College (KVCC), and SMCC.
- **Performance Metrics** – MCCS transfer students transferred in an average of 53.8 course credit hours in Fall 2018. They also attempted an average of 11.0 credit hours in their first term and had an average of 14.0 cumulative credit hours. First-term GPA for MCCS transfers was 2.94 in Fall 2018 – the highest it has been for this group of students in the past five fall terms. Average cumulative GPA for the same semester was slightly higher at 2.95.

In Fall 2018, UMS students who transferred to another UMS institution had an average of 50.1 transfer course credit hours, attempted an average of 10.8 credit hours in their first term, and had taken an average of 18.0 cumulative credit hours. In their first term, these students had an average GPA of 2.83 and had an average cumulative GPA of 2.87 for the same semester.

Other external transfers in Fall 2018 brought in an average of 49.2 transfer course credit hours, attempted an average of 11.9 credit hours in their first term, and had taken an average of 14.7 cumulative credit hours. In their first term, external transfers had an average GPA of 2.96 and an average cumulative GPA of 2.98.

First-time, first-year students comprise a much larger population than transfer students (4,310 and 1,880 in Fall 2018 respectively). On average, these students transferred in an average of 2.2 course credit hours in Fall 2018, largely due to participation in early college-type programs. For the same semester, first-time, first-year students attempted an average of 14.2 credit hours and had an average of 15.7 cumulative credit hours. First-term GPA was an average 2.69 and the average cumulative GPA for Fall 2017 was 2.70.

- **Highest Earned Academic Award** – In Fall 2018, nearly one-third of all transfer students (33.0%) had completed an academic award (degree or certificate) prior to transferring into the UMS. Within this group, almost half (46.6%) of MCCS transfers came into the UMS having first completed a degree or certificate.
- **Transfer Student Mobility** – 11.3% of the Fall 2014 transfer student cohort had attended 3 or more institutions. In Fall 2018, this proportion grew to 15.3%. A larger proportion of transfer students started their postsecondary career at a 2-year institutions. In Fall 2014, 34.8% of entering transfer students started at a 2-year institution. For the Fall 2018 transfer cohort, this figure grew to 38.6%. Likewise, in Fall 2014, 18.5% of entering transfer students started their postsecondary career outside of New England. In Fall 2018, this proportion increased to 22.6%.
- **Bachelor’s Degree Recipients** – Of those who earned a bachelor’s degree in 2017-18, slightly more than one out of five (21.4%) had previous enrollment at a 2-year institution, and nearly 1 out of 10 (9.7%) had earned an associate’s degree. More than one-third of graduates (36.8%) had attended more than one institution in their undergraduate career before entering the UMS and slightly less than one-third (30.0%) had at least one stop-out. The average time to earn a bachelor’s degree was longer for those who had a prior associate’s degree (10.3 years) than those who had prior 2-year enrollment but no associate’s degree (8.5 years) and those with no 2-year enrollment (5.4 years).

**Note:** Prior attendance based on data provided by the National Student Clearinghouse (<http://www.studentclearinghouse.org/>). "No Record Found" includes students for whom no matching record was returned from the Clearinghouse, which includes students who have a block on their enrollment and degree records. Enrollments before the student turned 18 years old are excluded from analysis to account for participation in Dual Enrollment programs.

## 2017-18 UMS Bachelor's Degree Recipients

2017-18 UMS Bachelor's Recipients:  
Prior Enrollments at Two-Year Public Institution

	#	%
Previous 2-Year Enrollment	843	21.4%
No Previous 2-Year Enrollment	3,093	78.6%
<b>Total</b>	<b>3,936</b>	<b>100.0%</b>

2017-18 UMS Bachelor's Recipients:  
Prior Associate's Degree

	#	%
Prior Associate's Degree	381	9.7%
No Prior Associate's Degree	3,555	90.3%
<b>Total</b>	<b>3,936</b>	<b>100.0%</b>

2017-18 UMS Bachelor's Recipients:  
Number of Institutions Attended Prior to the UMS

	#	%
None	2,487	63.2%
One Institution	936	23.8%
Two Institutions	347	8.8%
