The Machiasport Town Clerk ________________________
attests that this is the official Shoreland Zoning Map for
the Town of Machiasport, Maine.

EFFECTIVE DATE:    ________________________________

Notes:
1.) Town of Machiasport: Town Tax Map
2.) Maine Office of GIS Data Catalog: Town Bounds,
USGS 20’ Contour Intervals, NWI Wetlands,
3.) Maine Inland Fisheries and Wildlife: Inland
Waterfowl and Wading Bird Habitat, Deer
Wintering Areas, Seabird Nesting Islands
4.) FEMA-Flood Map Store: 23_NFHL-20080716,
Designated FEMA 100-Year Flood Plains
5.) Shoreland Zones: Machiasport Shoreland
Zoning Ordinance Interpreted by the Planning
Board and Reviewed by DEP

DEFINITION OF SHORELINE:
1.) The Shoreline as depicted on this map is the Mean
High Water Mark on USGS 24k Quad Sheets. For
shoreland zoning purposes, the Shoreline shall
be defined by the ordinance.

SLOPE CALCULATION:
1.) Slope was calculated utilizing existing
2-meter DEMs derived from LiDAR data. LiDAR
data acquired from the NRCS Nov. 2012, and is
a deliverable dataset resulting from the Collaborative
LiDAR for the Northeast Project.

COASTAL BLUFFS AND HIGH EROSION AREAS:
1.) As of Feb 22, 2010, data for Coastal Washington
County is not available.

HYDRIC SOILS AND WETLAND VEGETATION:
1.) It was determined by CES that without
performing a field survey, the NWI Wetlands
depicted on this map are the most accurate
representation of those areas of 2 acres or more
containing Hydric Soils and Wetland Vegetation.
