AN APPEAL FOR ACTION FROM YOUR CHAIRMAN AND VICE CHAIRMAN

The Republican Party, under whose banner this country became the greatest in the world, has been out of power nationally for about twelve years. For the last two years it has been increasingly evident that a change in administration in Washington is not only needed but wanted. State and congressional elections all over the country show dissatisfaction with our domestic situation. This is the challenge to the Republican Party. We must accept that challenge.

Letters from proud, honorable, clean-living boys and girls in the service of our country all over the world reveal spirit and patriotism. But in each and every one of them one thought is uppermost: "We want to get this war over and get home." Voters of Maine, we must all make this wish come true. It must be our first and foremost duty.

We must see that they come home to a country of opportunity and freedom, a country where they can exercise their initiative, work, play, and worship as their conscience dictates. They want jobs and we must see that they have the opportunity to get them.

Regimentation and bureaus must be abolished. Business, farms, industry, large and small must be given an opportunity to provide employment, not only for large numbers of returning men and women in the armed forces, but so that all men and women will be gainfully employed in this tremendous reorganization.

Our state under Republican government is in a strong position. Our Governor and the Legislators have co-operated and worked together to make Maine strong. Our Young Republican organization, our Women's organization, our Republican organization as a whole enjoy an enviable reputation.

We must work together as a unit in the state and in the nation. We cannot win with a negative policy. We must have a positive platform. If we do we will win by a splendid margin in September and we will also win in November. We must send to every corner of Maine a safe, harmonious, constructive program. We have chosen a clean, honest, fearless man in Horace Hildreth for our Gubernatorial candidate. We have re-nominated by large majorities our members of Congress. We have chosen
two great leaders in Thomas E. Dewey for President and John W. Bricker for Vice-President. We must all unite and work and elect them.

It is a privilege to serve you. The great co-operation you have given us and the Committee is greatly appreciated. Our desire is to do what is best for the party always.

Harmony and concerted action on the part of every Republican will be the basis of our success this year. The party as a whole and the issues at stake are bigger than any individual. If we bear that in mind consistently and forget personal differences for the good of all concerned, there can be no doubt as to the outcome of our effort.

Very sincerely yours,

LLOYD B. MORTON, Chairman,
E. MAY CHAPMAN, Vice Chairman,
Maine Republican State Committee.

PLATFORM ADOPTED
AT CONVENTION OF
MAINE REPUBLICANS

Adopted unanimously and without debate was an 11-plank platform of only 400 words, as follows:

"The Republicans of Maine, in convention assembled, pledge ourselves to the following principles:

"We urge the vigorous prosecution of the war unimpeded by partisan politics.

"In the interest of America and of American security we advocate responsible participation by the United States in a cooperative organization among sovereign nations to prevent military aggression and to attain permanent peace with organized justice in a free world.

"We demand that the Federal Government, except for the needs of war, cease its ever increasing regulation of the affairs of the individual citizen and its interference with rights of the sovereign states, recognizing that the State best preserves its rights by meeting fully its responsibilities.

"We commend the administration of Governor Sewall; it has been sound economically and in all respects responsive to the needs of the people of our State.

"We favor State assistance in the extension of vocational and cultural education, in providing adequate pay for our teachers, and in the equalization of educational opportunities for our youth.

"We recognize the vital importance of full employment of our citizens in the post-war period. To this end we pledge the whole-hearted co-operation of State government.

"We favor the right of labor to collective bargaining by representatives of its own choosing and the liberalization of the workmen's compensation act to include benefits for occupational disease.

"Mindful of the aged, the blind and the dependent children who are in need, we shall continue to give assistance with every human consideration.

"We endorse an aggressive highway system program, and the development of forests, farms, fisheries and all our natural and industrial resources.

"We fully appreciate the gallant sacrifice being made by our men and women on all fighting fronts in establishing the safety of the world and the preservation of our democracy. To our returning veterans, in the spheres of relief, education, employ-
ment, hospitalization and rehabilitation, we pledge the establishment of a responsible agency adequately financed to coordinate State and Federal facilities, and to provide the personnel to administer the responsibilities of our sovereign state.

"We believe that no man is indispensable in a democracy, even during a period of war, and that the long accustomed plan established by our forefathers in limiting the presidency to two terms is sound and should be perpetuated in order to safeguard a democracy."
