UMaine’s financial health depends upon increasing enrollment and improving retention.

We have set an ambitious Fall 2017 goal.

Meeting the target goal enrollment IS realistic. BUT

To succeed, enrollment and retention have to be campus priorities. BECAUSE

Competition among New England Land Grants universities for out-of-state enrollment is fierce.
What about Grad enrollment?

5-Yr Graduate Fall Credit Hour Enrollment Changes

- 2012: 11,127
- 2013: 10,543
- 2014: 10,067
- 2015: 8,936
- 2016: 9,609

5-Yr decrease of 1,518 Credit Hours
What are we doing about Graduate Enrollment?

- MBA and MSW available online
- Increase statewide and national awareness of UMaine graduate offering
  - Promoting pathways to graduate study to student at other UMS campuses
  - Direct name purchases of test takers for the GRE and GMAT (targeting professional programs with capacity)
  - Outreach through social media (e.g. Facebook and Twitter)
  - Outreach to professional organizations and businesses that hire professional program graduates (e.g. K12)

- Reworking Graduate School and selected department website to be more recruitment focused
- Streamline admission processes to reduce application to admission time
- TargetX CRM to make communication with prospects, applicants, and admitted students more frequent, responsive and efficient
- Promote 4+1 programs to UMaine students
- Developing non-thesis options where appropriate

Welcome to the Office of the President

Welcome to the University of Maine.

Nearly three decades ago, I joined the UMaine community as a faculty member and researcher. I came to UMaine for the opportunities it offered, for the leadership it demonstrated as Maine's flagship university, and the dedication it embodied as the state's land and sea grant institution through its mission of teaching.
Thank you
