GREETINGS FROM THE VIENNA POST OFFICE!

● NEW--Letter stamps will be issued as "Forever" stamps from now on! The "Liberty Bell" was the only design until this fall, when the "Evergreen" stamp was issued as a Forever stamp. I just received the new "Lunar "New Year" stamp--it says "Forever" instead of .44 cents on it, as will all of the new commemorative stamps.

When you buy a Forever stamp it's the same price as the current rate--right now it's .44 cents. When the rates go up again you don't need to add a .01 or .02 cent stamp to the stamp you already have. (If the letter is over 1 ounce, then you still add extra postage for the extra weight.)

● The 12th (and final!) issuance of the "Nature of America" series features a rain forest in Hawai'i. The 10 stamps are part of a scene of birds, insects and plants. This colorful depiction completes the educational series that began in 1999 and focused on the beauty and complexity of major plant and animal communities in the U.S. It makes an attractive and practical gift for only \$4.40. (All of the stamps make a great gift idea.)

● Did you know that USPS receives no federal dollars for its operations? Revenue from stamps, shipping parcels, PO Box rentals, etc. provide all of the funding.
