Welcome to the University of Maine's yearbook celebrating our graduating students! More than 1,630 University of Maine undergraduate and graduate students, including 43 doctoral candidates, applied for May 2020 graduation. While the COVID-19 pandemic caused graduation ceremonies across the country to be put on hold, we want to recognize our students for the hard work they put into their time as a Black Bear. Over 450 graduating students participated in this digital yearbook.

Take an opportunity to click through the different colleges. You will also find students categorized by their involvement. For example, if you want to see a list of all student-athletes, click on a tag under the students name that says UMaine Athletics.

Are you featured in this yearbook and caught an error? Let us know at um.commencement@maine.edu
