## DISTRICTS IN DETAIL.

### DIST. NO. 2—G. B. BRANN, AGENT.

Summer term taught by Eva M. Johnson. Miss Johnson labored faithfully for the good of her pupils and at the closing examination the scholars demonstrated by their prompt answers that the instruction had been thorough.

Winter term was taught by W. L. Davis.

### DIST. NO. 3—R. J. WHITAKER, AGENT.

Summer term by Miss Carrie E. Whitaker, a resident of the district, teacher. Miss Whitaker labored earnestly for the advancement of her pupils. The exercises at the last examination indicated that it had been a profitable term.

Winter term taught by S. Lettie Smiley of Benton, who has had charge of this school before. Miss Smiley ranks as one of our best teachers. Order and advancement good.

### DIST. NO. 4—D. G. MUDGETT, AGENT.

Summer term was taught by Miss Lilla S. Parmenter, a teacher of ex-

perience, who fully sustained her former reputation as one of the leading teachers of the town.

Winter term is under the instruction of Herbert Rand of Unity, an active and hard working teacher; although the school is still in session, it is evident that the term will be a success. Mr. Rand is a student in the E. S. Normal school and is destined to be one of the leading teachers.

DIST. NO. 5—GEORGE BARNES, AGENT.

Summer term was commenced by Miss Blanche M Morrill of Winslow, a teacher of considerable experience, but after teaching four weeks she resigned and the term was completed by Miss Lela M. Payson of Waldo. Good improvement was made

Winter term by the same teacher. At our first visit we found the school well organized, the scholars orderly and studious, and everything indicated a profitable term of school. The closing examination showed that the scholars had been thoroughly drilled. Improvement very good.

DIST. NO. 6—M. J. WIGGIN, AGENT.

Summer term taught by Grace M. Varney. This was her first attempt at teaching, but she labored hard for advancement of her pupils and at our second visit we found that good work had been done.

Winter term taught by Fannie Shorey. This is one of the smallest schools in town, but those present at our last visit showed that good work had been accomplished.

DIST. NO. 8—G. A. SKILLIN, AGENT.

The school year was under the charge of Miss Ella F. Shorey, a teacher of large experience and well earned reputation; she also assisted in the Free High school. This has been a profitable year for this District.

DIST. NO. 9—W. B. KIDDER, AGENT.

The summer term was under the instruction of Miss Minnie F. Foss. Miss Foss is one of our best teachers and in this school we think she fully sustained her former reputation.

Winter term was taught by Wilmont L. Gray of Troy. This is one of the largest schools in town and a large proportion of the scholars are small, requiring considerable patience and forbearance on the part of the teacher. We think Mr. Gray succeeded well in this, his first attempt. Term's work very good.

DIST. NO. 10—LEONIDAS WHITE, AGENT.

Summer term by Miss Lizzie A. Farnham of Albion. Miss Farnham is a teacher of long experience, having taught twenty terms before, and we think she labored faithfully for the good of the few small scholars under her charge. Improvement all that could be expected.

Winter term of eleven weeks by Miss Hattie E. Shorey of Albion. The scholars in this school are quiet and orderly and easily interested in their studies, and advance well every term

DIST. NO. 12—L. P. WEBB, AGENT.

Summer term taught by Miss Anna A. Wood, a student of the W. S. Normal school. She is very much interested in her work. School a success.

Winter term taught by Eva M. Johnson, a member of the E. S. Normal school. Order and improvement good. Would that we had more Normal teachers.

DIST. NO. 13—S. L. CLARK, AGENT.

Summer term by Hattie E. Shorey. This is a very small school, only three scholars attending school this term. Improvement good.

Winter term by Fred W. Drake. This was Mr. Drake's first attempt at teaching. He commenced with a determination to succeed and we think general satisfaction was the result. At the examination the scholars were prompt in their recitations and the improvement was good.

DIST. NO. 14—GEORGE M. WIGGIN, AGENT.

Summer term was under the instruction of Miss Amy E. Wiggin, who interested the scholars from the first and taught a very successful school. Order good.

Winter term taught by Miss Minnie F. Foss, a teacher of well known ability and success. We expected good work to be done and was not disappointed at our last visit. Think the district fortunate in securing such teachers.

#### FREE HIGH SCHOOL.

The Free High school in dist. No. 8 taught by Mr. R. B. Parsons of East Wilton, and was ably assisted by Miss Ella F. Shorey. Mr. Parsons' methods of instruction are of the highest order and anyone desiring a first class teacher, would do well to secure his services.

Wages of Principal \$45 per month,	\$112 50
Cost of board, \$3 per week	30 00
Wages of Assistant	60 00
	<hr/>
	\$202 50

The Free High school in dist. No. 9 was taught by Geo. F. Rowe of Palermo assisted by Fred W. Drake of Albion. This school was too large for the room registering forty two scholars. Two classes reciting in one crowded room must necessarily make considerable confusion; yet we think considering the facilities the school was all that could reasonably be expected.

Wages of Principal \$40 per month	\$100 00
“ Assistant	24 00

#### REMARKS.

In submitting this, our annual report, we have endeavored to do justice toward all. The agents for the most part have been successful in securing teachers best adapted to the requirements of the schools. We would urge a continuation of the Free High schools which have been run with success in the past and much benefit has been derived by those who have attended. We close with thanks to the teachers and scholars for their co-operation in the welfare of the schools.

W. L. DAVIS,	} SUPERINTENDING SCHOOL COMMITTEE OF ALBION.
DR. C. W. ABBOTT,	
E. F. CROMMETT.	

The local Board of Health of Albion respectfully submit the following report.

In accordance with the provisions of the statutes we have held four regular quarterly meetings, at each of which the sanitary condition of the town has been considered, reports of each member as to the general condition health received, and general precautionary measures for the prevention of contagious diseases discussed. In the first part of September we were notified that scarlet fever had broken out in the family of John Garland; the place was at once visited and the family quarantined and all necessary precautions taken to prevent its spread which fortunately proved successful. Three cases of typhoid fever and one of diphtheria have occurred in town during the year, but by the introduction of proper cautionary

measures, the diseases were confined to the families in which they originated.

Twenty two deaths have occurred in town during the year ending March 1st, 1893, as follows:

1892 Mar.	5	J. B. Besse,	age 71	cause	rheumatism.
	11	Mercy P. Murray	74		general debility.
	23	Cannilla Abbott	78		la grippe.
