I. LIBBEY,		
G. A. SKILLIN,		

Report of the Board of Health.

The report of the local Board of Health for the town of Albion is respectfully submitted.

We, as required by the statutes, held four regular quarterly meetings, at which the sanitary condition of the town was fully discussed.

During the spring of 1897 an epidemic of measles occurred. Although the disease extended over the town extensively, attacking old and young alike, and in many cases being severe, there were fortunately no fatal cases. With this exception there were no epidemics or contagious diseases reported for the year. There were no nuisances reported for the year. Taken as a whole the year has been exceptionally healthy.

There have occurred sixteen deaths in town during the year, as follows :

1897.	DEATHS.	YRS. MO.	CAUSES.
Mch. 26.	Albina Wiggins,	60— 9,	Lobulæ Pneumonia.
Apr. 10.	Josiah Harding, Jr.,	65— 3,	Phthisis Pulmonalis.
Apr. 22.	Hannah Webb,	68— 11,	Cancer.
Apr. 26.	Pardon T. Bessey,	53— 1,	Dropsy around heart.
May 8.	Orestus D. Ewer,	40— 5,	Bronchial Consumption.
May 22.	Ada M. Rich,	— 1,	Constipation and inanition.
July 15.	John Homsted,	78— 2,	Uræmia.
July 17.	Otis B. Chase,	63— 9,	Disease of spleen and liver.

REMARKS.

FELLOW-CITIZENS: In submitting this report I have departed from the custom of former years in regard to making a separate report of each school. It does not seem to me to be for the best interests of the schools that the success or failure of each teacher should be commented on in this report, as it can be of no benefit to the schools, and it could work the teachers injury.

The schools for the past year, in my opinion, have been a success. Some could have done better work if better order had prevailed. It is useless to expect the best work of a school in which the order is not of the best.

The schools have been badly handicapped by the need of suitable books. It has been impossible to supply them without far exceeding the appropriation, which I did not feel at liberty to do. It seems to me that the scholars have but little care for the preservation of the books, thinking if one is lost or destroyed another will be supplied to take its place. I think the scholars should be allowed to retain their books until they are through with them instead of being given different books each term. It is not possible to do this as there are not enough books to supply them all. The books which are now in use are in a very dilapidated condition, very many being unfit for use. I am satisfied that many persons have books belonging to the town which they do not use, these should be delivered to the Superintendent before another term of school begins.

In my endeavor to care for the books, I have placed a book-case in each school-house and have had blanks printed, on which to keep a record of books in the hands of the scholars.

The school-houses are in need of a considerable outlay of money. Several need painting very badly as well as other repairs. It is for the best interests of the town that the condition and appearance of the school-houses be as good as possible.

I would recommend the following appropriations:

For repairs on School-houses, \$200; Text books, \$150.

Respectfully submitted,

C. E. WILSON, *Supt. of Schools.*
