Union Construction To Start In June

Ceremony To Be Part Of Graduation

Over Two-Thirds Of Goal Reached

BY BILL ROBERTSON

A formal ground-breaking ceremony for the Memorial Student Union will be part of the Alumni Day program at June Commencement, according to John Sealey, Jr., executive secretary of the General Alumni association.

The announcement was made simultaneously with the arrival of a new set of preliminary plans for the Union.

The decision to have the ground-breaking ceremony at Commencement was made by the Alumni Council. Both the council and the Union Building Fund committee are anxious to get construction of the Union under way at the earliest possible date, Mr. Sealey said. It is hoped this can be done in June.

First, Mr. Sealey said, the preliminary plans must be approved by a student-faculty committee and the Alumni Council. Then a new building sketch will be prepared. Following this, bids will be called and a contract awarded for the construction.

The change of location of the Union to the site directly east of the library, has made it necessary to have an entirely new set of floor plans drawn.

The new plans aim to make the best possible use of the contours of the new site, and to have the design of the building harmonize with the architecture of nearby buildings.

The new building sketch will be published in the Campus shortly after vacation.

The Union Building Fund committee is making a final drive to reach the goal of \$900,000. At present the alumni and faculty groups lead the student body in actual payments.

Over \$600,000 has been paid.

The alumni have subscribed \$489,518 and have paid 82 per cent; the faculty have subscribed \$9,240 and have paid 96 per cent; and the students have paid 54 per cent of their \$166,491 subscription.

A meeting of the Student-Faculty Committee on Union Building Facilities was held last Tuesday. Several changes in space allocation and arrangement of facilities are being sent to the architects. The nine student members of the committee appointed by the General Student Senate are Donald Barbour, George Bragdon, Carolyn Cole, Joanne Josslyn, Willard Nisbet, Thomas J. Lydon, Joanne Mayo, Mark Shedd, and Lawrence Thompson.

The six faculty members appointed by President Hauck are Charles E. Crossland, Prof. W. C. Libby, Prof. John Stewart, Prof. Frank Taylor, Dean Elton E. Wieman, and Dean Edith G. Wilson.

Three members of the committee which has drawn up the new constitution for the student body talk over some of the problems involved in the task. Left to right, Bob Moran, Shirley Look, and Howard Foley discuss the situation. The committee presented the new document to the General senate Tuesday night. Members of the group not shown are Phil Ward, Dwight Demeritt, Joan McKaig, and Margaret Murray. Moran is committee chairman. —Staff Photo by Sprague

Constitution Debated By Senators

Further Revision Asked At Meeting

BY DON KING

After a hectic two-hour-and-a-half session Tuesday night the General Student Senate voted to send a newly proposed constitution for the student body back to the committee for further study and revision.

The committee was appointed by the Senate to draw up a constitution and has been at work on it for over two months.

Bob Moran, president of OCUMMO and chairman of the constitution committee, pleaded with the senate "not to stifle the proposal, but to let the students decide for themselves whether they want it or not." Moran said the Senate had a "moral responsibility" to submit it to a student referendum.

Varied Opinion

George Grant, Oak hall, in asking that the constitution be sent back to the committee, said that it should be "simplified in order to remove all repetitions, vagueness, and errors." He referred especially to sections which he said "overrule some of the finer points of the WSGA constitution."

Dorothea Butler, Balentine, scored what she considered to be "descriptions against women" in the proposed executive council and judicial committee. She asked that provisions be made to assure feminine representation on these bodies.

The importance of the Men's senate also came in for its share of comment. When questioned by Brad Shaw, Corbett hall, on the place of the men's student government under the new constitution, Moran stated that it is included in the new set-up, saying he felt "it should be allowed to prove itself or die a natural death."

Resignation Accepted

The resignation of Margaret Murray, Balentine, from the constitutional committee was accepted by the senate after she said that she was not qualified to work on the committee as it is now set up. Dorothea Butler was elected to serve in her place.

The drafting of the new constitution came about as the result of a controversy in January over the constitutionality of the petition system of nominating class officers.

At that time a committee was named to study the constitutions of the three student governing organizations and to recommend a method of codifying the constitutions to prevent overlapping authority.

The new setup would retain the three governing bodies which exist at the present time. The Men's Senate and the Women's Student Governing association would remain the same, but the General Student Senate would undergo several changes.

\$152 Stolen In Breaks At Carnegie, Dunn Hall

It was reported this week that \$152.24 in cash was stolen March 1 from the Dunn hall canteen and the Carnegie snack bar. The loss was fully insured.

Officials of the Maine Bonding and Casualty Co., Portland, with whom the University Store Company is bonded, said the loss resulted from two breaks during the night.

University police said they thought the two burglaries were apparently the work of the same person. At press time they had no positive leads as to the identity of the thief.

The burglar got \$42.44 from the Dunn hall canteen and \$109.80 from the Carnegie snack bar. Entry at Dunn hall was gained by smashing a wire-reinforced glass panel of the door. The Carnegie snack bar was entered through a broken window.

Campus police said the burglar left tracks in the snow outside Carnegie.

SRA To Replace MCA Next Fall

The Student Religious Association will become an actuality next fall with the announcement this week that the MCA Advisory Board has accepted plans for the reorganization of the MCA.

The acceptance of reorganization plans by the Board removes the last major obstacle in the formation of the SRA which has been in the planning stages for over a year.

The SRA will serve as a central organization for clearing the activities of the various faiths and programming their projects, on campus.

Under the reorganization the MCA will now serve Protestant students in the same way as does the Newman Club Catholic students.

The new set-up provides for the establishment of a SRA cabinet to supervise directly all interfaith activities. This will replace the present method of a coordinating commission.

Next Wednesday evening the Interfaith Council will decide whether or not the new organization should be presented in a referendum to MCA members or the whole student body.

The referendum would be an educational move to explain the SRA setup to all students.

Dean Wieman Explains Maine Sports Policy

Maine would gain neither prestige nor publicity by playing in post-season sports events, according to Dean Elton E. Wieman.

Wieman spoke in a discussion of the issue at a recent session of the Men's Senate.

Following the discussion, the Senate voted to send a representative, Dick Dow, to the athletic board to recommend that the present post-season sports policy be reviewed and changed if possible.

In explaining the University's policy, Wieman said that the season

(Continued on Page Eight)

Masque Musical Next Week; Tickets Are Still Available

The Maine Masque's next production, "Green Grow the Lilacs," by Lynn Riggs, will be presented Wednesday through Saturday next week, and will include, in its cast and chorus, the largest number of players to be seen on stage here in some time.

The Little Theatre curtain time will be 8:15 p.m. each evening.

Leads for the musical, already announced, include Stephen Claffin, Beverly Bouchard, Lynne Hatch, William Heyne, Dorothy McCann, Dwight Frye, Norman Anderson, William White, David Simonton, Jacob Dion, Ed McDermott, and Charles Loranger.

Newly announced members of the chorus are:

Jean Lavigneur, Bert Fernald, Richard Buck, Albert Mosher, Paul Ellis, Harry Henderson, Richard Kelley, Philip Haskell, Joseph Zabriskie, Brant Frost, Robert Chase,

Edward McDermott, Richard Newdick, Jacob Dion, Wendell Hodgkins, Paul Judkins, George Sherman, Richard Ayotte, Norman Anderson, Jean-Paul Roberge, Charles Loranger, and David Simonton.

Maurice Lavoie, Leonard Keenan, Paul O'Neil, Raymond Feasey, David Haskell, Yvonne Richmond, Joan Blanchard, Jane Wheeler, Mary Snyder, Margaret Murray, Barbara Hobbs, Eva Burgess, Lois Leonard, Lenore Dinsmore, and Joanne San Antonio.

Marguerite Floyd, Avis Zippel, Marjorie Trask, Voncille Leonard, Beverly Chadeayne, Jean Savage, Phillis Webster, Gloria Plissey, Elaine Lockhart, Bertha Norris, and Joan Nutt.

Those in the dancing roles are: Yvonne Richmond, Mary Snyder, Marguerite Floyd, Elaine Lockhart,

Big Farm And Home Week On Campus April 3-6; Over 500 To Participate In 43rd Annual Event

Over 500 advance registrations already have been received in preparation for the 43rd annual Farm and Home week to be held on the University of Maine campus April 3-6.

Maurice D. Jones, professor of agricultural economics and farm management, has been appointed chairman, a post he has held for 20 years.

Members of the committee in charge of the programs are Clarence Day, Howard Dickey, Fred Griffie, Winthrop Libby, Fred Loring, Estelle Nason, Philip Parsons, and Louise Stedman.

Hauck Will Welcome

President Hauck will address the opening assembly on Monday night and extend the University's welcome to all. For entertainment on Mon-

day night, Norman Fickett will play the marimba, and Irwin Douglass will lead group singing.

The University will again open all dormitories to those desiring rooms on campus. Meals will be served cafeteria style in the dining rooms in Estabrooke hall, Balentine hall, and the New Cafeteria.

During the three days, the visitors will attend exhibits displayed by the University and other groups. Of particular interest are the splendid barns and well kept cows that the University maintains. Here the visitor will find modern farming methods in constant operation.

Well Known Speakers

Notable speakers will be Mrs. Frank Gilbreth, the mother in the best seller "Cheaper by the Dozen," Kilbreth J. Barrows, noted news analyst, and Orlo M. Breeze, recognized author and lecturer.

One of the more popular attractions last year, the free chest X-ray will again be available to all those who wish to take advantage of this opportunity.

Lectures will be given every day with emphasis on improved farming and better homemaking. These lectures will be started on the first day and will be continued until the end of the conference.

Banquet And Dance

The climax will come on the last night when the annual Farm and Home banquet will be held. President Hauck will preside as toastmaster. Following the banquet, an old-fashioned dance will rule for the rest of the night.

It is hoped that last year's record attendance of over 4,500 will be broken. Present reports from all over the state indicate that interest is very keen.

Wearin' Of Green Is Soph Hop Theme Tomorrow Night

The annual Sophomore Hop, with decorations centered around a St. Patrick's day theme, will be held tomorrow night, March 17, in Memorial gym.

With music by Bruno Caliendo and his Maine Men, dancing will last from nine until two a.m. Couples will wear semi-formal dress.

Chaperons for the dance will be Mr. and Mrs. Neal Allen and Mr. and Mrs. Clifford Little. The reception committee will consist of President and Mrs. Arthur A. Hauck, Dean Edith Wilson, and Mr. and Mrs. Frederick S. Youngs.

Prof. Reynolds Becomes New Gladiolus Editor

Professor Cecil J. Reynolds of the University English department has been appointed editor of the Gladiolus Yearbook.

Miss Chambers To Be Honored By Memorial

Friends of Miss Kathleen Chambers, English instructor who was recently killed in an automobile accident, are joining in a special contribution to the Union Building fund in her memory.

The sponsors of the idea said that such a memorial seemed appropriate because of Miss Chambers' interest in the University and her friendships with students and faculty.

No solicitations will be made, but anyone wishing to share in this memorial may leave contributions of any amount in 235 Stevens anytime before March 27.

Mrs. Maine Bake Sale

The Mrs. Maine club will sponsor a bake sale next Saturday from 12 noon to 5 p.m. in the Betts Bookstore, Orono.

Books for Fishermen

Spinning for American Game Fish

By JOSEPH D. BATES, JR.
Complete data on tackle, tactics and techniques of this increasingly popular style of light-gear fishing. \$4.00

Trout Waters and How to Fish Them

By JOSEPH D. BATES, JR.
How to recognize good trout waters—brook, stream, river or lake, and how to fish them in changing seasons. \$6.00

How to Live in the Woods

By HOMER HALSTED
Complete, up-to-date, practical information for the camper, alone or in groups, under all conditions. \$2.75

The Boy's Complete Book of Fresh and Salt Water Fishing

By O. H. P. RODMAN and E. C. JANES
Essential for young beginners; valuable to experienced fishermen. Full instructions on how to catch more fish and have more fun doing it. \$3.50

Taking Larger Trout

By LAWRENCE R. KOLLER
Expert, inside dope on fly, bait or spin fishing, where trout lie, and how to snare the "lunker." (Ready April 17) \$5.00

All these books are fully illustrated

Science Makes a Better Mop

Cleaning tasks lightened by new Du Pont cellulose sponge yarn

An ordinary mop has a bad habit of unraveling. It often leaves a trail of lint. And it wears out fast. A man who sold yarn to mop manufacturers decided to do something about these nuisances. Perhaps some reinforcing material might be combined with the yarn. He did some experimental work of his own but more and more he wondered if it might be possible to use a cellulose sponge coating.

THREE YEARS OF RESEARCH

So the man called on Du Pont, the company that had introduced the cellulose sponge to America in 1936. The suggestion of a sponge yarn presented a challenging problem.

Some way would have to be found to extrude a tightly fitting cellulose sponge jacket around each strand of

the yarn. The whole sponge process would have to be adjusted for use in an especially designed machine. Du Pont chemists and engineers tackled these problems.

Even the very first cellulose sponge yarn produced experimentally made mops that were strong, absorbent and durable. But the process had to be changed and improved time and time again. Then the mops were tested in places where they would get the hardest usage—railroad stations, for example.

The mops performed so well that Du Pont built a pilot plant near Buffalo and, under a license from the man who had the original idea, manufactured the yarn on a small scale. Only after three years of study and testing was Du Pont able to

CROSS-SECTION of the new mop yarn. Each cotton fiber strand is jacketed with cellulose sponge material.

offer mop manufacturers the yarn in commercial quantities.

FASTER AND CLEANER

Mops made with cellulose sponge yarn pick up and retain so much water they need wringing less often. You can mop a floor with them in far less time than it formerly took. They dry quickly, leave no lint. They outwear other mops three to five times. Best of all, perhaps, they stay dirt-free longer than ordinary mops. Here is something women will appreciate—a clean mop!

The introduction of these new cleaning tools is another example of how business firms of all sizes depend on each other. The Du Pont Company had facilities for specialized research on cellulose sponge. Because Du Pont could supply sponge yarn economically, some twenty mop manufacturers today have a better product that saves maintenance people and the American housewife time, labor and money.

SEND FOR "The Story of Cellulose," a 43-page booklet that tells how wood and cotton are transformed into sponges, textile fibers, lacquers, plastics, coated fabrics, Cellophane and many other useful products. Illustrated with photographs, charts and chemical equations. For free copy, write to the Du Pont Company, 2503 Nemours Bldg., Wilmington 98, Delaware.

Great Dramatic Entertainment—Tune in "Cavalcade of America" Tuesday Nights, NBC Coast to Coast

Springfield Gym Team To Visit Tuesday

The Springfield College Exhibition team will present a two-hour show next Tuesday night at 8 p.m. in the Memorial gym. Their visit is sponsored by the University Assembly committee and the department of physical education.

The team will present a program which has been thrilling spectators for over twenty-five years. "Physical Panorama—1950 Style" is, however, far more than an evening of gymnastics. Coach Lester Judd's men blend gymnastics, grace, daring, humor, dramatics, and precision into a unique entertainment.

Included in the program are such acts as the Glittering Wands, in which members of the team engage in a demonstration of juggling, twirling, and balancing with spangled wands; the Trampoline Acrobats, in which a group performs in midair after bouncing off the trampoline, an apparatus similar to a bedspring; and several comedy numbers which keep everyone laughing.

Self defense against a knife attack by using the techniques of Judo is a novelty in the Springfield Gym team exhibition. It will include defense against anything from a club to a sword or gun, and winds up with a simulated street fight.

Appearing in colleges, high schools, Y's, and public auditoriums, Coach Judd's gymnasts have received ovations everywhere they presented the show.

Riflemen To Fire Finals This Week

Saturday, March 18, the University rifle team will fire in the New England college rifle league finals in Boston.

The team qualified for the finals by ending the regular season in a tie with MIT for first place in the northern group of the league.

Maine has wins over Dartmouth, Vermont, Bowdoin, New Hampshire, Harvard, and Norwich. They have lost to once-beaten MIT. Other teams firing in the finals are MIT, Norwich, and the Coast Guard Academy.

Three Maine men have individual season averages among the top ten from the seventeen competing teams. They are Vernon Bond in fourth place with a 280.33 average, John McBride sixth with 278 and Leroy Rand with 277.33.

WILLIAM S. NEWMAN

John Stimpson Names Groups For Maine Day

John Stimpson, head of the Maine Day committee, announced today the names of students who will be active on various committees working for the success of the annual spring event.

The committees and members are the following:

Projects committee: Eugene Gammon and Mary Whitcomb, co-chairmen, Jan Bannister, Joseph Cummings, Michael O'Toole, and Robert Rendall.

Entertainment committee: Keith Fowles, chairman; Chester Campbell, Vera Edfors, Paul Guilmette, Harry Hallsey, Lois Hunter, Nancy Knowles, Elaine Lockhart, Shirley Look, Herbert Merrill, and Carroll Totman.

Mayoralty campaign committee: Dwight Demeritt, chairman; Raymond Couture, George Grant, Donald McGlauffin, Paul O'Neil, and Bradley Shaw.

Interfraternity Sing committee: Lynwood Hill, chairman; Thomas Collins and James G. Selwood.

Famed Pianist Newman Will Give Concert

The noted American pianist William S. Newman will give a recital this evening at 8:30 p.m. in the Little Theatre. There will be no admission charge.

Mr. Newman's program will consist of the Bach D minor sonata for clavier, the second sonata by the contemporary American composer Arthur Shepherd, and Beethoven's monumental "Hammerklavier" sonata in B-flat major, opus 108.

Because of its length and technical difficulty, the "Hammerklavier" is seldom heard in public performance. It has been called the "red giant of the musical universe."

An expert on the sonata who has taught at Bennington and Columbia and is now on the faculty of the University of North Carolina, Mr. Newman has appeared as a soloist with many leading American symphony orchestras.

Embassy Over; Library Service Ends Week

The four-day observance of Embassy week will be concluded tonight with a service of dedication in the Louis Oakes room of the library from 7-8 p.m. and a mission service for Catholic students in Our Lady of Wisdom chapel at 7:30 p.m.

The final group discussions on the general theme, "Religion in Democracy," will be held this afternoon in the Oakes room.

One of the scheduled speakers, Dr. John A. Hutchison, professor of religion at Williams college, was forced to cancel his appearance after his car left the road at Keene, N. H., en route to Orono. Dr. Hutchison was uninjured in the mishap.

At 2:45, the Rev. Albert C. Niles will head the final seminar on "Religion and Science."

The Rev. Joseph P. Flynn, the Rev. Nathanael M. Guptill, and Rabbi David Berent will take part in a panel discussion on "Where Do We Stand in American Democracy" at 3:45.

Father Flynn urged students to make religion a vital part of their everyday life at the opening assembly Monday morning.

Speaking on "Ethical Infants in a Nuclear Age," he pointed out that there are 70,000,000 people in the United States who are not church-goers and that there is a great need for all people to turn to God.

Students and faculty participated in 13 seminars and discussions in addition to religious services and dormitory and fraternity house discussions during Embassy week.

Dr. Hauck To Be State Chairman For Fund Drive

President Arthur A. Hauck has been named state chairman for the Japan International Christian University fund campaign to be established near Tokyo. A goal of \$725,000 has been set for the New England area.

The appointment was announced this week by the Rev. Dr. Ralph E. Diffendorfer, president of the Japan university foundation and formerly executive secretary of the Board of Foreign Missions of the Methodist Church.

The campaign which has a goal of \$10,000,000, is being supported by fourteen Protestant denominations. Over \$500,000 has been raised by non-Christian Japanese, including the Emperor and Empress who made their first contribution to a Christian enterprise.

Others on the national committee include General Douglas MacArthur, honorary chairman, and Joseph C. Grew, former U. S. ambassador to Japan.

Three More Groups Hit Good Will Goal

John Dineen, chairman of the Good Will Chest drive, announced that three more groups have reached the 100% contribution goal. They are Colvin hall, Estabrooke, and East hall.

He added that contributions are still coming in and final tabulations have not been made. All entries will probably be in by next week and an accurate total will then be possible.

Entered as second class matter at the Post Office, Orono, Me.

Speaking Of Speakers

It now looks as though the Institute of National Affairs, which it was hoped could be held in the very near future, will not materialize.

The affair was to have been conducted along the lines of last year's Institute of International Affairs. Trygve Lie was the speaker at that time.

The main difficulty this year seems to be the problem involved in getting speakers for such an event. There are several reasons why it is hard to obtain prominent, well-versed men to come to Orono and address the student body and other interested persons.

One of the paramount reasons is that it takes money, a commodity which, it has been said, "does not grow on trees."

It seems that in practically all cases desirable speakers are extremely aware of the value of the dollar. For instance, to engage Vice President Alben Barkley to speak, a small fee of one thousand dollars is entailed. It can be judged from the size of this fee what the tariff is for men of lesser national importance.

In short, it may be said that if we get speakers we have to pay for them, no matter what statements they may make from the rostrum about being glad to be here. Most things, it seems, have a price.

If these prices cannot be met, then we must either find a way to raise the necessary money or contrive to get people who have only a moderate price.

There are a great many people within a comparatively small distance of the University who are capable and well qualified to speak here on a number of different subjects.

To support this point, it may be noted that the Politics and Foreign Affairs club recently staged a very successful and popular panel discussion of the "Fair Deal" without going any further than Bangor for the participants.

A great deal could be done along this line. Also, it might be feasible to summon some Great Man and charge a small fee at the door in order to defray expenses. This alternative, however, is probably the least plausible of the two ideas.

The fairly local, low-price speakers are within the reach of any group or organization that wishes to explore the possibilities. All that is needed now is for these groups to exploit what sources there are, and there are many.

A Job Well Done

Today is the final day of what has proved to be the finest Embassy week since the war. This year's addresses, panels, and bull sessions have put a great deal more emphasis on inter-faith cooperation than has been done in the past.

The result has been a better balanced program, with some panels having members of the three major faiths appearing together. This is the sort of thing that religious get-togethers could make use of even more.

Discrimination of all sorts is still one of the country's major domestic problems, and such affairs as Embassy week go a long way in the attempt to overcome the blind stupidity of prejudice.

In connection with Embassy week, there is a display in the Louis Oakes room that is more than deserving of mention. The wood engravings of Phillip Hagreen are excellent, not only for their construction as works of art but also for the fine example they present of British satirical cartoons. Anyone interested in Great Britain, politics, or just plain humor will get a bang out of them.

"What makes you think this exam is going to be rough, Pete?"

According To St. James

By Dick St. James

We have a nice library here. It's a big one with plenty of books in it. There's a large reserve room where books are kept on hand for our assigned outside reading. These books cannot be taken from the room except under special circumstances. Therefore they must be read and studied for the most part right in that room. And that seems to me to be just what libraries are for.

We also have a bookstore, a snack bar, and plenty of wide open spaces for people who want to hang around and talk about the big party or the big game. Even the lobby of the library is O.K. for small talk and a little horsing around.

So we find that we have facilities for studying and different ones for non-academic business.

If you want to try and study in the Bookstore, that's O.K. We admire you for your determination but you've got a lot to learn.

However, if you want to talk about last night's date with someone in the reserve room of the library, that's not O.K. It just isn't good manners to carry on a stage whisper conversation with the guy across from you when the one next to you is trying to

wade through a book on economic policy or something.

In the first place, some of the books that go on reserve are pretty hard to come by. There may be only one or two copies of them and, with procrastination the thing it is, a guy might try for weeks to get one for an hour's reading without success. When he finally does get it, he wants to read and absorb what he reads. If he's only got an hour between classes he's not going to absorb much if you're sitting there telling someone how far you threw the 35-pound weight in practice the day before.

In the second place it wouldn't make any difference if the guy was reading Captain Marvel comics. He's there because he wants to read. He figures that he's in the library and that he should find some peace and quiet there. And so he should. But I don't think I've been over there yet when the place wasn't humming with conversation.

So if you're there and want to talk, move out to the lobby and bat the breeze all you want. Obviously the place can't be policed, so it's up to each of us to keep our talking out of the studying and reading rooms.

The Dull Edge

By Steve Riley

There's more than a little opposition to having a name band play for the Commencement ball. After this pillar came out in favor of importing a "name" for the affair, we were promptly set back on our heels by people who definitely are against the idea.

Chuck Barr, a member of the ski team, says that a name band would cost too much and wouldn't be worth the money. And that's the way several others felt.

On the other hand there are plenty who feel that a big time outfit should play for the ball. It will be interesting to see how the committee handles the situation.

A fellow who eats in the New Cafeteria came up to us the other day with what he says is a legitimate complaint. "I'm not hard to get along with," quoth he, "but that toast we have at breakfast—I know it's early but I wish they'd find some way to keep that morning dew out of my toast."

There you are, Jackie, it's your problem now. Too much steam table

seems to be this fella's gripe. Sometimes it's the little things that count.

Two of the hardest workers on campus are Stu G leaders Bob Moran and Dwight Demeritt. Although we don't always agree with them, it must be admitted that the students' voice in University policy-shaping is on the increase.

Moran has been one of the leading lights behind the drive to make Stu G a place where the average student can make himself heard.

The Men's senate under Demeritt has recently launched an investigation into Maine's refusal to accept the tourney bid offered the basketball squad.

But it's still true that those who have interest enough think the senate is a puppet affair that kowtows when the administration pulls the strings. What that group needs is a good publicity agent.

"UVM," corns the Vermont Cynic commenting on the last basketball game of the season, "sure took the starch out of those Maine potatoes."

Mail Bag

Orono Town Meeting

To the Editor: Lesson from a town meeting:

The word democracy was mentioned—even was the Constitution quoted.

The *Campus* is capricious about giving space to items not concerning sports, student activities, or the faculty, but this might interest you:

Well, downtown in Orono one night recently there was held a town meeting. (A town meeting is an old New England synonym for democracy in action.) It concerned the application of a local restaurant owner for the re-issue of his malt beverage license for use in his new place of business...

Present were the members of the Orono Town council, the applicant and interested people, both pro and con. The pro's and con's were more or less evenly divided.

The facts were stated:

1. The restaurant in question is operating in an industrial zone legally.
2. The owner-operator has conducted his restaurant since 1946 with success, good reports from state inspectors and in full cooperation with local police.
3. By circumstances beyond his control the restaurant-owner was forced to move to a less desirable (from a business standpoint) location.

None of the above facts were disputed—actually, they were seconded emphatically by the opposition.

The chair called for words from the opposition, and the following arguments were presented:

1. Need for this license has not been proved.
2. This restaurant is operating very near the industrial-residential boundary and creates a nuisance or hazard for property owners in this area.
3. A restaurant serving malt beverages is not a good moral force...
4. The town of Orono (i.e. Orono townspeople) does not owe this restaurant operator a living.

The above five points represent, in toto, the arguments of the opposition. Briefly, I would like to answer them:

First, need for a business is not criteria for the granting or not granting of permits or licenses. If it were, how many of us would be automobile drivers.

Second, point two is perhaps the strongest argument the opposition has, but it must be remembered that people who build or buy property adjacent to an obviously "industrial zone" (i.e. open for commercial development) should be cognizant to the possibility of such development.

The thinking behind point three is not entirely clear or acceptable to me, therefore the reader is asked to form his own answer.

Number four is absolutely true, but the town of Orono, or any town, owes the entrepreneur the right to make a legal living.

The town of Orono voted wet in the last election, and legally this license should have been granted. I submit that the combination of influential town temperance forces with the support of various University of Maine faculty members, although leaders in the minority, pre-decided this issue.

The majority of the faculty do not belong to this "clique" and would have nothing to do with it. Most of them understand, I'm sure, that their position is unique in that they have an opportunity to sell true democracy: broadmindedness, equality of the mind and body, and those principles inborn in an American.

JERRY S. NICKERSON

Weekly University Society

Saint Patrick's Day once more we'll see, the colors will be seen... for there's no University law 'gainst the wearin' of the green. And just to make sure the day is done up fine, parties and dances honoring old Saint Pat held last week end started the ball rolling towards that day for the Irish.

Phi Mu sorority held a formal at **Phi Mu Delta** Friday evening. The house was decorated in green and white using the **Saint Patrick** theme. **Sammy Saliba's orchestra** played and refreshments were served.

MARILYN

Chaperons were **Mr. and Mrs. George Lord, Mr. and Mrs. Henry Doten, and Mrs. Oceanna Yale.**

Chi Omega sorority held its formal at the **Kappa Sig** house Saturday evening. **Ray Downs' orchestra** played and refreshments were served during intermission.

Mrs. Mae Whitney, Mr. and Mrs. John Stewart, and Mr. and Mrs. Herschel L. Bricker chaperoned.

Friday evening **Phi Kap** held a sweater party which over 35 couples attended. Coffee and cake were served during intermission.

Mr. and Mrs. Harold Woodbury chaperoned the party.

An informal vic dance was held at the **TEP** house Friday night in honor of the Colby, Bates, and other college representatives who were up here this week end attending the **Hillel** convention.

The house was decorated using the Embassy week theme. Chaperons were **Major and Mrs. Samuel Unger and Mr. and Mrs. Harold Young.**

Sunday evening, March 5, the **Elms** and **Alpha Gams** enjoyed a spaghetti feed served by the **Elms girls.** The supper was followed by games and group singing. Special guests were **Mrs. Hinckley, the Alpha Gam** housemother, and **Mr. and Mrs. Carleton Smith.**

Piracy was varied with gaiety at **Phi Eta** Friday evening when about 150 people gathered at the house for a **Buccaneer's Brawl.**

The rooms were decorated with swords, cannons, ropes, nets, and other effects which gave the impression of being aboard a pirate ship. One room was ingeniously rigged up to resemble a brig.

The sophomore actives and the new pledges entertained the guests with a skit. Music was supplied by **Bruno Caliendo's orchestra** and refreshments were served.

Chaperons were **Mr. and Mrs. Clarence Baier and Mr. and Mrs. Walter Wick.**

Mr. Vincent Shainin spoke to **Delta Zeta** sorority and its guests, the **Chi Omegas,** about his trip to South America, Monday evening, March 6, in **Balentine Hall.**

Jan Haley and **Phyllis Atwood** assisted **Mr. Shainin** in showing colored slides and various exhibits brought back from that country.

A gay time was had by everyone who attended **WAA's** annual Penny Carnival held in the Women's gym last Friday night.

The gym was transformed into a carnival with colored lights, various concession games, drawings of song titles, and the "Good Ship Lollypop" at the restaurant end of the room. Tables and chairs were arranged in night club fashion, with dancing space in the middle.

Couples came dressed as song titles and first prize went to **Connie Webb** and "**Hap**" **Gerrish** who came dressed in black and covered with painted eyes suggesting the song "The Night Has a Thousand Eyes." Second prize was awarded to **Connie Berry** and **Jean Gyger** who were arrayed as "Mule Train."

During intermission the guests were entertained by the Tumbling, Square Dance, and Modern Dance clubs.

Ray Downs and his orchestra furnished music. **Mr. and Mrs. Stanley Wallace** and **Mr. and Mrs. E. Reeve**

Hitchner chaperoned the carnival which the **WAA** reports as being the best in years.

Hillel club was host to the **Hillel** Foundation convention last week end. Saturday afternoon the group had a get-acquainted party at the **Windsor hotel.**

Sergeant Steve Gould of the **Maine State Police,** and his family, were guests of honor at a dinner given by **Kappa Sig** Wednesday evening, March 8. **Sergeant Gould** has been an honorary member of the fraternity for many years.

During the evening, house president **Harry Angelides** presented the honored guest with a gift on behalf of the House. **Sergeant Gould's** transfer of duty will mean the temporary absence of a well-known **Kappa Sig** from campus.

The annual **Tri Delt** Scholarship Fashion show will be held this Saturday, 2:00-4:00 p.m. in the **Louis Oakes** room of the Library. The girls will model the latest spring fashions in shoes, hats, suits, and dresses from the **Bangor** and **Old Town** stores. The showing will be followed by refreshments.

Pinned this week were: **Maxine Connelley,** Bangor, to **Jim Prentiss,** Sigma Chi; **Ruth Ellingwood,** Bangor, to **Bill Robertson,** Sigma Chi; **Miriam Bull,** Colvin, to **Lee Rand,** Alpha Gam.

Correction please: **Bob White** is a full-pledged, loyal member of **Beta Theta Pi!** Thus Lora's pin is a **Beta's** not an **Alpha Gam's.**

Engaged are **Elsine Brown,** Bangor, and **Ray Downs,** and married are **Claire Sturdley,** Needham, Mass., and **Joe Goss.**

University Calendar

THURSDAY, MARCH 16

- 4 p.m.—Women's forum, North Estabrooke (B).
- 7 p.m.—Mrs. Maine club, Merrill hall.
- 8:30 p.m.—William Newman piano recital, Little Theatre.

FRIDAY, MARCH 17

- 7:15 p.m.—Bridge club, MCA building.
- 8 p.m.—Co-recreation program, Women's gym.
- 8:30 p.m.—"French party," Beta Theta Pi house.
- 9 p.m.—Sophomore Hop, Memorial gym.

SATURDAY, MARCH 18

- 8 a.m.-8 p.m.—Delta Delta Delta fashion show, Louis Oakes room.

SUNDAY, MARCH 19

- 8, 9, 10, 11 a.m.—Our Lady of Wisdom Chapel.
- 11 a.m.—MCA Non-sectarian service, Little Theatre.
- 7 p.m.—Our Lady of Wisdom chapel.

MONDAY, MARCH 20

- 3:45 p.m.—Radio Guild tryouts, 275 Stevens hall.

TUESDAY, MARCH 21

- 7 p.m.—Square dance, Women's gym.
- 8 p.m.—Springfield college gymnastic team, Memorial gym.

WEDNESDAY, MARCH 22

- 8:15 p.m.—Maine Masque production, "Green Grow the Lilacs," Little Theatre.

THURSDAY, MARCH 23

- 8:15 p.m.—Maine Masque production, "Green Grow the Lilacs," Little Theatre.

Hagreen Exhibit Carries Embassy Week Theme

The exhibit of wood engravings by Philip Hagreen now on display in the Louis Oakes room of the Library has been planned to carry out the theme of Religious Embassy week: "Religion in Democracy."

Purely religious art and what may be called social analysis share about equally in the current show. The religious engravings are done in a manner suggesting strong medieval influences, both Gothic and Byzantine. They are unsigned—Hagreen believes that the artist's identity should not be obtruded in this type of art.

Bureaucracy and industrialism are the chief targets for Hagreen's satirical pictures, which actually come close to being cartoons. Humor here is not conspicuous, although strong feeling is.

Hagreen, a Briton, is a well-known illustrator of Catholic religious magazines.

Campus Poll Shows Students Are In Favor Of Radio Station

"This is the last in a series of articles on the proposed radio station at the University of Maine."

By SID FOLSOM

The Maine student body showed its desire for a campus radio station last week, when it polled an overwhelming "yes" vote for the proposal. An official estimate of the results of the poll reveals that 97 per cent of the students are in favor of a campus station.

An analysis of the replies also indicates that evening broadcasts will be most popular. 49 per cent voted for evening shows, while 13 per cent want afternoon programs. 38 per cent of those questioned are in favor of both afternoon and evening schedules.

According to preferences for types of programs, musical shows will be the most popular offering of the proposed station. Next in popularity, in the following order, will be: news, sports, special events, concerts, dramatic shows, educational programs, and discussions.

In addition, many students indicated that they would like to work in the station if it is set up.

With this insurance, the student radio station committee can refer the station plans and the results of the poll to the faculty radio committee. This committee can then consider the construction and operation of the campus-wide station, and examine its possibilities as a University activity.

Extensive proposals have been made for the establishment of the station, to go into effect if the idea is approved.

A plan of organization has been drawn, which sets up the radio station as an individual activity, operated separately from other activities on campus.

Work will be done by a station manager and production staff, all students. Activities of the station will fall under the jurisdiction of the University radio committee.

In addition to the regular staff of the station, members of several campus groups have volunteered their assistance. Included are the electrical engineering department, radio amateurs club, music department, audiovisual department, speech department, and radio guild. All members of the student body will be welcomed in any phase of the broadcasting.

A tentative schedule of programs has been drawn up which provides for broadcasting every day of the week but Saturday. The daily programs, five days a week, will carry popular and dinner music, national and campus news, dramatic shows, and sports.

A drawback to the whole plan for Maine's radio station is a lack of financial backing. An initial investment will be necessary to put the station on the air, and continuous operating expenses must be met to keep it going. At present, no plan of financing is arranged, but appeals for assistance are being made to various groups on campus.

With last week's poll, the student body showed that it has enough interest to establish a campus station at Maine and keep it going.

Coach Nelson Is Speaker To Honorary Frat

Coach Dave Nelson was the principal speaker at the initiation banquet of Kappa Phi Kappa in North Estabrooke March 7.

He outlined the necessary qualities of a football coach, placing personal welfare of the players first, playing within the spirit of the rules second, and winning the game third.

Winning the game is important, he said, but the personal welfare of the players and observing the spirit of the rules should be the coach's primary concern.

Dean Mark R. Shibles spoke briefly of the importance of faculty-student relations and the increasing importance of the extension courses offered by the School of Education.

Master of ceremonies was William J. Carmalt, president of Kappa Phi Kappa.

The following men were initiated into the fraternity at the meeting: Robert Arnold, Robert Boston, Eugene Brown, Jr., Martin Daigle, Milard Fairley, Jr., Norman Foss, William Freese, Jr., Horace McGowan, Earl Mercer, John Noonan, John Parker, Augustus Parsons, Jr., and Richard Pinkham.

Home Ec Club Speaker

The Home Economics club is sponsoring a speech by Dr. Milton M. McGorrell, Orono, Wednesday, March 29, at 7:30 p.m. in the Louis Oakes room.

The title of Dr. McGorrell's speech will be "Women, Givers of Security." All University women are invited.

Banquet Closes Meetings Of Maine Hillel

The Hillel convention closed Sunday at a Windsor hotel banquet, after a week end of activities extending from the campus to Bangor.

The event attracted 120 delegates from Bates, Colby, Westbrook Junior College, New Brunswick, and Maine.

Rev. David Bruce Parker, minister of the Unitarian church in Bangor, opened the convention with an address on "The Whole Duty of Man," setting forth the process by which man can identify with his fellow man.

"It is our goal to deepen our respect for God as an indwelling part of man," he concluded.

A brief summary of a *Time* survey of the attitudes and accomplishments shared by college graduates was given by President Arthur A. Hauck in an informal talk at Sunday's breakfast in South Estabrooke.

A plea was made by Dr. Maurice Perlzweig, United Nations consultant, at Sunday's banquet in the Windsor hotel, for a re-dedication to the Jewish faith which proved itself in the last world conflict. He warned, however, that "we are fighting the battle of humanity, not just seeking a victory for the Jews of the world."

Copies of the Hillel yearbook, edited by Don Povich, were distributed to the delegates, who will meet again at next year's Bates convention.

Debaters Slated For State Meet

The Maine Debaters will send their two strongest teams to Bowdoin this week end in an effort to annex the state title, William Whiting, advisor to the group, said today.

The debaters, winners of 12 of their last 17 debates, will be meeting the best that Bowdoin, Bates, and Colby can muster, he said.

Each of the schools will meet the other three colleges, debating on both the affirmative and negative sides of the national debate topic: Resolved, that the United States should nationalize the basic non-agricultural industries.

Bear Facts

By JOHN MURPHY

The off-season lull has hit University athletics as far as spectators are concerned.

Indoor track wound up last Saturday. Skiing finished Sunday. Basketball is over and baseball is restricted to the practice stages. Spring football started only last Monday.

Such a dearth of live sports stories naturally cuts down on material for this column so it's time to clean up a few odds and ends.

One such odd end lying around is the NAIB basketball tournament played last week end at New Britain, Conn.

Scores of the tournament games have not yet reached this outpost but the winner, whoever it was, is slated to compete in the national NAIB playoffs at Kansas City, Kansas.

Only four teams were selected for the two-day New Britain tourney. Tufts, St. Anselms, and New Britain Teachers were chosen along with the University of Massachusetts.

Massachusetts was presumably the choice after Maine had turned its back on the post-season game. The Redskins had a season's record of seven wins and eight losses.

How fortunate that Maine was not involved in such a tournament. After all, potato publicity is enough for the state of Maine. We need never go after athletic publicity.

The University runs a full-time publicity office but of course any such affair as the New Britain game would be worthless from the publicity angle. Or so the story is told.

Four of Maine's "tired" basketball players are now playing semi-pro clubs throughout the state.

Charlie and Bert Goddard, Al Hopkins, and Wes Hussey of the state champion Bears along with John Cervone played and defeated the Belfast Merchants last Sunday at Belfast. Tuesday night they met the Houlton Collegians at Houlton.

The spring climax to the playing careers of these self-termed Orono Collegians will be a late-April encounter with Holy Cross players at the Brewer auditorium.

The Maine-Holy Cross battle may also be extended to a return contest at Portland in the Exposition building.

Evidently these boys aren't too tired for post-season games after a regular schedule of basketball.

While we are sniping at University athletic policy, there is one other item that deserves some attention.

According to reports received by this department, the gold basketballs customarily awarded to state champion athletic squads will be given to only eight members of the court team.

Letter winners—Charlie and Bert Goddard, Wes Hussey, Al Hopkins, Lowell Osgood, Vic Woodbrey, Larry Mahaney, and Jack Leet—will get the prizes but the remainder of the squad will be left out in the cold without gold.

Here is another muff on the part of the University of Maine. A fine opportunity had presented itself for the recognition of every player who made the championship possible.

I wonder when Maine will pull its head out of the sand and develop at least a half-way reasonable attitude on such matters.

Who's responsible for the mix-up? If it's the Athletic board, what's the reason? Maybe the board can play for us next year.

Maine Track Team Closes Season Unbeaten

Lude Cuts Bear Baseball Squad To 22 Players

Coach Mike Lude trimmed his baseball squad down to 22 men as preparations for the seven-game late March-early April southern trip went into high gear this week.

Eight pitchers were retained along with three catchers, seven infielders, and four outfielders.

With a smaller squad now, Lude plans to extend the afternoon drills into all phases of the game. Workouts thus far have been confined mostly to conditioning and batting practice.

All practices will be held in the afternoon from now on. Evening sessions have been eliminated.

Of the eight hurlers left on the squad, three of them—Bob Breton, Johnny Leathers, and Jack Whitmore—are left-handers.

The conventional throwers include Reggie Hall, Ernie Martikainen, Frank Nickerson, and lettermen Vic Woodbrey and Marty Dow.

Catchers, all right-hand batters, on the squad are Danny Ribbons, Bob Davidson, and Merrill Wilson.

Jim Bradley was the only first baseman retained while second basemen Nundi Romano and Jim Delois survived the cut. George Gray and Lowell Osgood are the remaining third base candidates. Reggie Lord and Roland Chamard, the only left-handed hitting infielder, round out the inner defenses at shortstop.

Veterans Clyde Douglas and Joe Nickless make up half of the outfielders left after the cut. Ralph Clark and Carl Wight fill the other two spots. Of this quartet, Nickless and Wight bat left while Clark is a switch hitter. The team will leave Thursday, March 30, for the seven-game tour which opens with Washington university.

Miler John Wallace edges Fitzgerald of Boston University for first place in the mile event of last Saturday's fieldhouse meet. Wallace's time of 4:26.2 was the fastest in several years and his victory helped Maine to a 72½-53½ victory over the Terriers.
—Staff Photo by Sprague

Pounce On BU; Run Undefeated String To 20

The powerful Pale Blue track team brought another undefeated season to a close and ran its skein of victories to 20 by edging a good Boston University squad, 72½ to 53½, in the fieldhouse Saturday.

The last time the Bears lost an indoor dual meet was in 1942 when they were downed by Northeastern. Since then Coach Chester Jenkins' teams have run roughshod over their opposition. The BU meet was the closest of the season for Maine.

Bowler Double Winner

John Bowler's two wins paced the Bears. Bowler cracked a meet record by taking the 280 in 30.2 seconds and then outraced two Terriers to win the 600-yard event.

Only a sophomore, Bowler along with fellow classmen Boy Haynes, a dash man, and Jack Wathen, who runs the middle distances, should make Coach Jenkins' thoughts about the future pleasant ones.

Wallace Wins Thriller

The tops for excitement in the meet was John Wallace's spectacularly close win over BU's Fitzgerald in the mile. The time was 4:26.2, the fastest clocked in the fieldhouse this year and another meet record. Wallace started the season running in the two-mile event but switched to the shorter distance for the final two meets. And he won the event each time.

Continuing their excellent work, Jerry Haynes and the Floyd Milbank posted wins to remain undefeated. Haynes soared 22 ft. 6 in. in the broad jump while Milbank tossed the 16 lb. weight 41 feet, 9 inches to edge out two BU men.

Terrier Standouts

Standouts for the Terriers were Fitzgerald; Dick Palmieri, a high jumper, and Black, who broke a Maine monopoly of past meets by winning the hammer throw.

Officials' Checks Ready

All checks for intramural basketball officials will be ready Friday at the physical education office in Memorial gym.

Spring Football Practice Starts Cummings Wins Golden Ski Meet

With more than 80 candidates reporting for spring football, Coach Dave Nelson has a full-time job on his hands every afternoon at the fieldhouse.

Hal Westerman and John Cuddeback are assisting Nelson during the practice sessions, which are being held daily from 4:45 to 5:30 p.m.

Under the present set-up, Nelson said that these work-outs will continue until spring vacation. Following the recess, he hopes that the Bears will be able to work outdoors if the field is in shape. He is also planning to hold one intra-squad scrimmage game before practice ends.

Dressed in white practice uniforms, about 80 gridmen turned out for initial drills on Monday. Nelson put them through several minutes of loosening-up exercises and some work on the blocking dummies.

The first day's work was rounded out with a rugged session of two-on-one live-blocking work.

Several veterans were back for the first day, this group including Russ "Butch" Noyes, well known for his fine punting the last two seasons; Les Leggett, a hard-running Pale Blue back; Charlie Burgess, chunky little defensive spark-plug last fall; Dick Largay, a regular defensive man in one of the end berths; Lionel Roy, a backfield man who did a fine job in replacing the injured Hal Marden last year.

Pete Pocius, newcomer last year at one of the guard slots; Milton Victor and Seymour Card, both remembered for their bruising line play a season ago.

Bill Cummings of Auburn, a junior here, dethroned defending champion John Chapman of Bangor with some outstanding slalom running to win the Golden Ski meet at Bald Mountain Sunday.

In his first slalom run, the Maine ski team ace recorded a time of 59 seconds.

These exceptionally fast times gave him a wide margin over his closest rival, Ted Hawkes, also a Maine skier, and proved to be the winning edge.

Double-winner John Bowler sprints home first for Maine in the 600-yard run last Saturday against Boston University.
—Staff Photo by Sprague

Fat Faculty Phantoms Fight Cast Iron Coaches Tonight—Wow

Two top-flight basketball attractions will be presented tonight at Memorial gym when the Sophomore Owls will play the Eagles and the faculty Phantoms meet the Cast Iron Coaches.

The Owl-Eagle game will begin at 7:45 and the faculty-coaches contest will start at 8:15. Admission will be \$25.

Captain Jerry Grady of the Phantoms has announced that his squad will include John Gronouski, Ed Smyky, Fred Amling, Bob Matthias, Paul Rogus, Harry Everhart, Ike Webber, Bob York, Sam Pritchard, and Dean Joseph M. Murray.

In addition to captain Hal Westerman, the coaches list Dave Nelson, Mike Lude, Sam Sezak, John Cuddeback, and Hal Woodbury on their squad.

The faculty team has gained much

experience this winter by playing top dorm and fraternity teams. The Phantoms lost only one of these tilts although the score was kept only that once.

Despite this experience and a fine conditioning program, the Phantoms have little hope for victory. They will be playing without their star, John Cuddeback, who has jumped to the coaches squad.

They also expressed dismay at the size of the Memorial gym floor. Accustomed to the smaller Women's gym surface, the Phantoms hope to overcome the floor problem by using their copyrighted "open substitution, double platoon system" and a secret "maximum effort" maneuver.

Harry Halsey and Mayor Tiny Fletcher will referee the faculty-coaches tilt while ex-Owls Ed McDermott and Bob Kelley will handle the Owl-Eagle preliminary.

Senators Get Constitution; Send It Back

(Continued from Page One)

General Senate membership would be cut from 27 to nine, one from each of six groups and three from the student body at large. The six student groups are men's dorms, women's dorms, fraternities, sororities, off-campus men and off-campus women.

The president of the Senate would no longer be named in a general election but would be chosen by the Senate from among its members.

Incorporated in Section five of the constitution is a clause which says "that any student or faculty member of the University of Maine shall be given the opportunity to be heard at any regular meeting of the General Student Senate upon prior notice to the Senate's recorder."

Executive Council

Another important feature of the document is that it provides for an Executive council and a Student Judiciary committee.

The Executive council will consist of the presidents of each of the four classes and the Campus Mayor. Its general duties will be to see that all student laws are observed, act as a committee for clearing campus activities, review legislation of the General Senate, and take over the duties of the present Senate Citizenship committee.

The Judiciary committee would consist of seven members of the student body at large, elected by the Executive council. The committee would have jurisdiction in all cases concerning the interpretation of the constitution and by-laws.

No Discrimination

The new constitution also says that the right to hold any student office shall not be denied or abridged on account of race, color, sex, religion, or class membership. This would do away with the old restrictions in class elections.

A definite date is set for class elections, something which is not provided for in the present constitution. The date named is the first Monday in November. Members of the General Student Senate and the Campus Mayor will be elected on the second Tuesday in May.

Initiative, referendum, and recall, three powers familiar to us from state constitutions, would be reserved to the students by the new constitution.

No Fines Imposed

Article 11, Section 4, provides that "no fines shall be imposed, nor physical punishment inflicted, by any student organization."

Section 1 of the same article guaranties each student organization a republican form of government.

Members of the committee for drafting the new constitution are Bob Moran, chairman, Margaret Murray, Dwight Demeritt, Joan McKaig, Shirley Look, Phil Ward, and Howard Foley.

Masque Musical Begins Wednesday; Big Cast Featured

(Continued from Page One)

Joan Blanchard, Shirley Johnson, Margaret Murray, Eva Burgess, Paul Ellis, Jacob Dion, Harry Henderson, George Bjornson, Wendell Hodgkins, Joseph Zabriskie, Albert Mosher, and Jean Lavigueur.

Tickets for the play are still on sale at 330 Stevens hall.

Jet Fighter Pilot To Speak Tuesday

Maine students and faculty will have a chance to hear the commander of a jet fighter squadron give a first-hand account of jet flying next Tuesday evening, March 21, at 7:30 p.m. in the Louis Oakes room. Major John Pesch, commanding officer of the 132nd Fighter Squadron, Air National Guard, was invited to the campus by the Flying Bears, and his talk will be open to the public.

Sunday Services

Rev. John Brett Fort of the St. John's Episcopal Church, Bangor, will conduct the religious services on Sunday, March 19, at the Little Theatre at 11 a.m.

Listen to the Maine Radio Guild every Sunday at 10:30 p.m. over WLBZ.

Dean Wieman Explains Maine Sports Policy

(Continued from Page One)

schedules are considered complete without post-season games.

Exhausted players might not be able to keep playing well in an extended season, he explained.

In relation to the recent invitation to the New England basketball tournament, Wieman said that Maine would gain little prestige by playing the other schools that go to this tournament.

He said that Yankee Conference rules do not forbid post-season games, but very few of the conference teams play in them.

Last Thursday night the Athletic Board appointed a committee to study the question of post-season games. On the committee are Thomas Hershey, of the alumni, Professor Harry E. Watson, Alton Hopkins, and Dean Wieman.

Frosh Women To Occupy Dorm 3

Freshman women students will be housed in New Dorm No. 3 beginning next year, President Arthur A. Hauck has announced. The dormitory will accommodate 152 freshman women and four senior residents.

East and West halls will probably be razed this summer, according to the announcement. All resident men students will occupy the dormitories at the north end of the campus.

HILLSON ACHIEVEMENT AWARD

For the week of March 13, 1950

To

JERRY HAYNES

Sigma Chi

Jerry has been cracking meet record consistently on Maine's victorious track team

The recipient of this award is entitled to
