Music Night Program Set For Friday

To Name Winners Of Music Awards

By TOM JOHNSTON

Chords and melody will have their day tomorrow when Mu Alpha Epsilon will present its annual Music Night at 8 p.m. in Memorial gym. The Maine Bears will furnish the music for the dance following.

As a climax to the traditional music festival, band, chorus, and orchestra will join forces in the performance of the last movement of Berlioz' "Grand Symphony."

Orchestra Opens

The orchestra will open the program with the "Chorale and Fugue in G Minor" in honor of the bi-centennial of the death of its composer, Johann Sebastian Bach.

Dvorak's colorful "New World Symphony" with its thundering harmonic chords will feature the band's part in the evening.

The chorus will sing Rubinstein's "Three Pictures from the Tower of Babel" with Muriel Kenderdine, pianist, and Beverly Currier, tympanist.

An element of suspense contributes to the event. According to Jerry Haynes, president of Mu Alpha Epsilon, the honorary music society will present its annual award as well as announce the winner of its scholarship in applied music.

Niven To Conduct

Prof. Lewis H. Niven will conduct both the chorus and the combined performance. The band will be led by Mr. Francis G. Shaw, and the orchestra, by Mr. A. Stanley Cayting.

Committee members are: chairman, Jerry Haynes; tickets, Jean Paul Roberge; programs, Hal Harmon; arrangements and dance, Jack Farrar; publicity, Bill Bodwell and Steve Hopkinson.

Bureau To Find Dates For All

The Commencement Ball date bureau committee has announced that plans are underway which will insure dates for everybody at the senior dance in June.

Representatives have been chosen in every dormitory, and each representative will make personal contact with the seniors living in his respective dormitory. Lists of girls desiring dates will be compiled, and then shown to the boys who will be able to choose their dates from the list.

The names on the lists, and the dormitory representatives, will be kept confidential, according to the committee. The lists have not been completed, but the committee expects to have them ready by the end of the week.

Those on the date bureau committee are: Jan Pettee, Carol Carr, Larry Ouellette, and Bob Richter.

Volunteer fire fighters are shown here as they got ready to use the hose on the blaze which swept through North Dorm #3 Wednesday morning. At press time cause of the fire had not been determined. Both University and Orono fire apparatus were employed in battling the blaze, which started at about 10:30 a.m., when almost all the students living at the dorm were in classes. The fire, which caused part of the ceiling to collapse at one end of the building, resulted in little loss to students. Residents of other dormitories helped remove personal property from the smoke-filled rooms. (Staff photo by Sprague)

Ballot

All students will be allowed to vote Tuesday, May 16, for the following:
For Mayor: Bruno Caliandro, Alan Pease, Donald Spears, Preston Walters.

For General senate officers:

President: Dwight Demeritt, John Dineen, James Elliott, Russell Meade.

Vice president: Ray Agallo, Thomas Lydon, Greg Macfarland.

Secretary: Sue Chase, Nancy Johnson, Constance Webb, Louise Welton.

Treasurer: Margaret Murray, Ginny Norton.

SRA Constitution: Yes or No.

All men will vote on the following candidates:

For Men's Athletic association:

President: Seymour Card, Arthur Dentrement, James Estes.

Sophomore member: Raymond Cox, John Curry, Glenn Folsom.

Junior Member: John Bowler, Richard Dow, Harry Easton.

Senior member: John Leet, Harold Marden, Jr., Fred Soucy.

Freshman Women Feted At Banquet

Ten freshman women were named to Neai Mathetai, honorary scholastic society, at the banquet for freshman and sophomore women.

Those receiving the honor are Ann Grumley, Madeline Mae Howard, Deborah Williams, Jean Dolloff, Harriett Bamford, Paula DeRoche, Jean Hoyt, Anne Black, Sara Pray, and Mary Field.

Four Mayor Candidates Vie With Weatherman As Elections Approach

Campus To Explode Tomorrow A.M. As Hopeful Hizzoners Run Wild

By WOODY BIGELOW

Given a favorable nod from the weatherman, four eager candidates will pry the lid off the 1950 mayoralty campaign tomorrow morning. Those worthy gentlemen seeking the University's No. 1 political office are Bruno Caliandro and "Duke" Walters, freshmen, and Don Spear and Al Pease, members of the class of 1952.

Slogans Up

Students plodding to early Monday classes were greeted with such slogans as "Vote Walters and You Vote for Yourself"; "Watch for the Raccoon Coat"; and "Three Little Words—Vote for Spear."

These slogans were in the form of posters and ranged in distance from Stevens hall and Fraternity row to North dorms. This poster campaign got underway early Monday morning, with campaign managers working feverishly to cover the necessary ground.

As the zero hour approaches, the candidates and their managers are making last minute preparations for tomorrow's opening blasts. Meetings are expected to last well into the night.

Platforms Varied

"Campus Harmony" will be the Caliandro's campaign platform. His campaign is being handled by Scott Veldon.

"Joe College and the Torrid Twenties" will be the theme of Pease's platform with Dave Ehrenfried holding up the managerial end of the campaign.

Walters is running under the slogan "The Vagabond Duke—the Mayor for All the People." Robert Rooney and Sid Folsom are the "Duke's" campaign managers.

Candidate Spear has chosen "The Gay Nineties and the Torrid Twenties" as his campaign theme. Arthur Bowker will manage Spear's campaign.

Heavy campaigning is scheduled for May 12-15. During that time the four hopefuls will be after the votes of the student electorate and will be employing all the methods at their disposal. (Continued on Page Eight)

Award Winners Cited By Prexy In Echoing Gym

The award of scholarships to 145 students and prizes to six was announced by President Hauck at the Annual Scholarship Recognition assembly Monday morning.

Dr. Gordon M. Fair of Harvard was the guest speaker. Discussing "Scholarship and Scientific Manpower," he told an audience of about 300 students that while geographic boundaries have been pushed to their limit, there are still no frontiers as yet in many fields of scientific and social investigation. The student should be allowed to "progress as far as his ambition and intellect will carry him," Dr. Fair declared.

Among the new funds from which scholarships were awarded for the first time this year are: The Thelma L. Kellogg Fund, established 1949; the Nathan P. Towne Scholarship Fund, 1949; the University Store Co. Scholarship Fund, 1949; the Edward Files Scholarship Fund, 1948; the Lillie C. Hemphill Scholarship Fund, 1948; the Mott F. Wilson Scholarship Fund, 1946; the Ella S. Foster Scholarship, 1946; the "M" Club Scholarship Fund, 1950; and the Class of 1920 Scholarship, 1945.

Student Union Leaders Named

Jo Josslyn and Willard Nisbet, Jr., have been named co-chairmen of the University's campus-wide fund raising campaign for the Student Union building.

Ground for the Memorial Union will be broken at Alumni day ceremonies on June 17.

Miss Josslyn is a member of the All-Maine Women, former vice president of the Women's Student Government, secretary of the MCA, a member of the Prism board and an honorary lieutenant colonel.

Nisbet is a member of the Board of Student Publications, a member of the Prism board, former business manager of the Campus, former managing editor of the Annex and a former dormitory proctor.

In case of rain on Maine Day, all project workers will meet in Memorial gym after breakfast. Special instructions will be issued.

'52 Prism Needs Editor, Manager

Thomas Lydon, president of the class of 1952, announced this week that he will accept applications for the positions of editor and business manager of next year's Prism until noon of May 15.

Any sophomore in good standing may apply in writing, listing his qualifications. All correspondence may be addressed to Thomas Lydon, Sigma Alpha Epsilon.

The editor and business manager will be chosen at a meeting of the Sophomore Class executive committee on May 16.

'Two Blind Mice' Proves To Be Eye Opener For First Nighters

By MARILYN HOYT

A good script, excellent cast, and a diligent stage crew combined to make last night's opening show of "Two Blind Mice" a pleasant surprise.

Kitty Carr and Riva Greenblatt, as the two old ladies, were lovable. In their respective roles, Kitty proves her mastery of facial expression, and Riva, of vocal inflection. These are, by far, the best comedy roles that either Kitty or Riva has done.

Lennie Silver, as the hero to the rescue, plays his part with a delightful naturalness. At times, one feels that a dead-pan expression on Lennie's part would have added more to the comedy. However, his vivaciousness and impish expressions steal the hearts

of the audience, making them overlook small imperfections in acting art.

Allegra Anderson, who throws vases and swear-words around with realistic anger, does an excellent job of putting and sulking through the entire three acts. George Sherman, as the doctor, does his panty-waist role with an easiness of manner that reveals skill in acting technique.

The supporting cast was unusually good because each character played up his part to the fullest extent. Barbara Hobbs, and her giggles; Dick Buck, with his speech impediment; Bill White, with his nose; and Dick Ayotte, with his lost-soul expression, brought peals of laughter from the (Continued on Page Eight)

Record Amount Of High Brass On Campus

The University of Maine, for the first time in its history, now has two students with the rank of full colonel. William S. Derby, a senior majoring in military science and tactics, is the first student cadet since the war to be promoted to that rank.

At the same time, Jo Josslyn, honorary lieutenant colonel, has also been promoted to the rank of honorary colonel. She is the first honorary colonel that the University of Maine has ever had.

Summer School Begins July 3; 200 Courses Offered To Students

The annual summer school at the University of Maine will begin July 3 and continue through August 11, Dean Mark R. Shibbes, director of the session, announced.

Regularly enrolled students who plan to attend the summer session should make application and complete their registration forms as soon as possible, Dr. Shibbes said. Necessary forms may be obtained at the Summer Session office, 18 South Stevens hall.

It was also revealed that about 200 courses will be offered to students, including five workshops and seven

three-week courses. The shops will cover elementary and secondary education, music, agriculture, and health education. They will be held from July 24 to August 11 while the three-week courses start July 21.

The school will have 112 faculty members and of this number, 44 persons will be resident members.

Registration for the regular summer school and for the three-week courses will be held in Memorial gymnasium July 3 from 8 a.m. until noon and from 1:30 to 5 p.m. Courses may be elected on a credit or non-credit basis.

Forestry Annual Just Completed

The first post-war edition of the Maine Forester, annual publication of the Forestry club, has been completed.

The 68-page book, edited by Stephen Orach and containing articles by students in the Forestry department and members of the faculty, was an annual publication prior to the war.

The Forester is published in order to provide a record of the activities of the Forestry and Wildlife students on campus. It is intended to provide the student with an opportunity to understand the background of his faculty, organizations, friends.

Sigma Mu Sig Initiates, Elects

Sigma Mu Sigma, honorary psychology society, initiated nine new members at its last meeting and elected officers for the coming year.

Those initiated into the society were Helen Friend, Janice Goldstein, Jeanette Haley, Shirley Lang, Gennette MacNair, Ann Melhorn, Andrew Orr, Judith Plumley, and Robert Tarp.

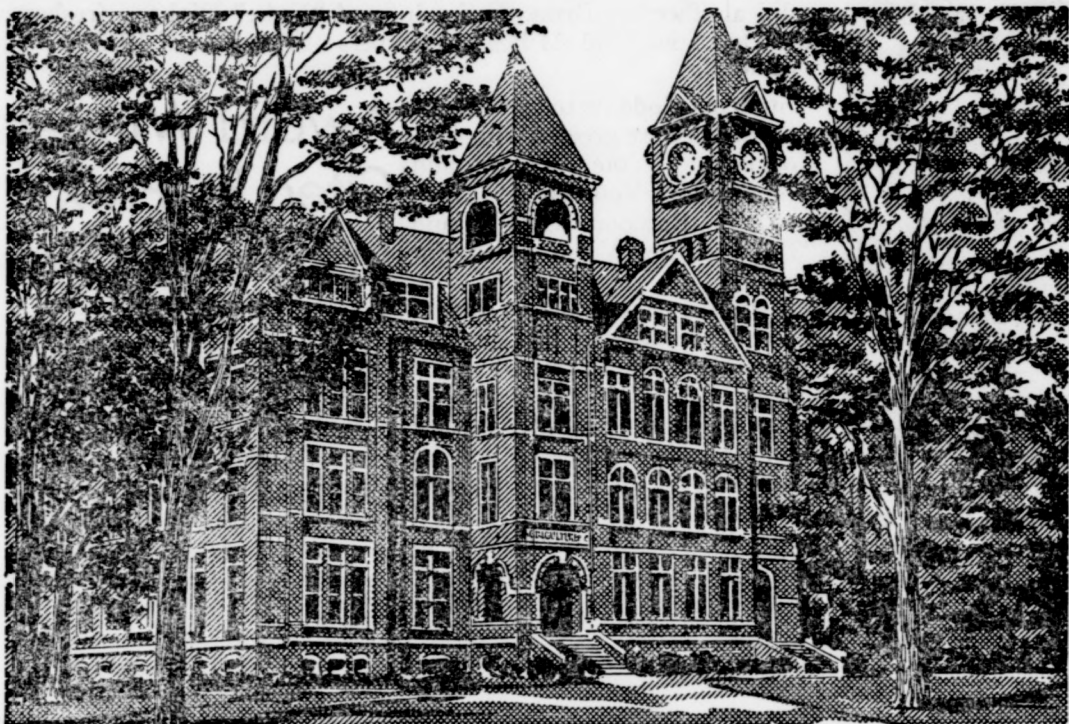

The newly elected officers are: president, Philip Pendelton; vice president, Marilyn Goldman; treasurer, Jeanette Haley; social chairman, Alvin Mason; faculty advisor, Andrew Sopchak.

The annual Sigma Mu Sigma lobster dinner will be held at Bar Harbor this year in conjunction with a trip to the Jackson Memorial lab on Saturday, May 27.

Plan To Tear Down Temporary Dorms

East and West halls, temporary housing quarters for freshman women for the past four years, will be razed this summer, according to dormitory manager William C. Wells.

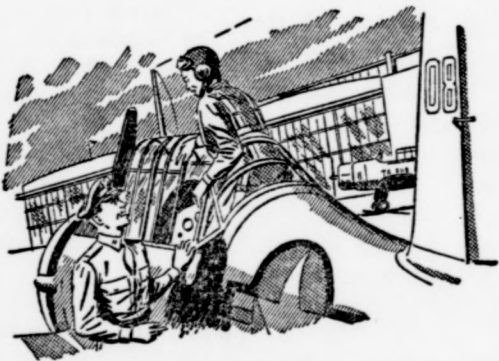

New Dorm #3, now a men's dormitory, will accommodate freshman women next fall. The addition of the new dormitory will bring the number of women's dorms to five. Other dormitories are Colvin, Estabrooke, and Balentine halls, and the Elms.

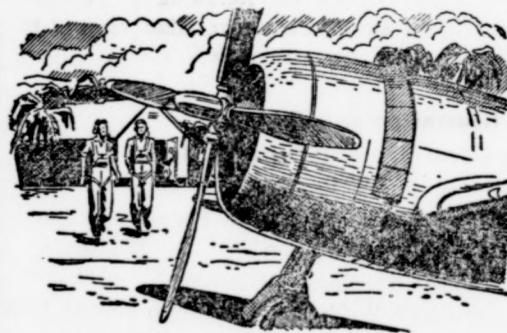

Major Nathan Adams, Auburn '40 Personnel Manager, U.S. Air Force

A top scholar and ROTC Honor Graduate, Cadet Lt. Col. Nathan Adams enjoyed his final military ball in 1940, soon left for Fort Sill's Field Artillery School.

Following a three month course, Lt. Adams decided the Air Force was the place for him. He applied for pilot training, was accepted, proceeded to Maxwell Field.

He won his wings and reported to the 36th Fighter Group in Puerto Rico. The group soon returned to the States, giving Adams a chance to marry his college sweetheart.

Within months Adams was overseas, flying "rhubarbs" (missions against enemy transport). He flew 63 P-47 missions within seven months, returned to the States late in 1944 for rest and recuperation.

V-J Day came, and Adams decided to make the service a career. He chose personnel work as his career field, was assigned for training to the Adjutant General's School at Fort Oglethorpe, Georgia.

Now a regular Air Force Major, he heads a 32-man section at Bolling Air Force Base. He advises his Commanding Officer on selection, assignment and promotion of all officers and airmen in the command.

If you are single, between the ages of 20 and 26½, with at least two years of college, consider the many career opportunities as a pilot or navigator in the U. S. Air Force. Procurement Teams are visiting many colleges and universities to explain these career opportunities. Watch for them. You may also get full details at your nearest Air Force Base or U. S. Army and U. S. Air Force Recruiting Station, or by writing to the Chief of Staff, U. S. Air Force, Attn: Aviation Cadet Branch, Washington 25, D. C.

Many Familiar Gripes Discovered In Fifty-year-old 'Campus' Files

BY DON KING

An old and time-worn axiom states that history repeats itself. This may or may not be true but looking back fifty years through the first issues of the *Maine Campus* may make a person wonder.

Such vital topics as military training, professionalism in sports, drinking water, the *Prism*, and the Junior Prom filled the pages of the bi-monthly *Campus* which then served as both a student and an alumni organ.

Not Water—Oily Fluid

Commenting on Stillwater River water the *Campus* said, "It contains, probably or improbably, more animal, vegetable, and mineral matter from protozoans to pollywogs, from sawdust to pulpwood, from muck to Katahdin iron ore—than any other known liquid—a subtle, oily fluid embracing in its murky depths the germs and seeds of thousands of organisms; mute violations of the game laws—empty evidences of prohibition's sway—marks of forest extinction. In short, a micro-

scopic panorama of the philological, biological, geographical, typographical features of half of the state of Maine."

To Heck With the Army

Military training came also in for a share of discussion. Commenting on the fact that military training had been temporarily suspended because of a lack of trained instructors, the student paper in 1900 stated editorially that "Great has been the joy of many a student over this temporary suspension, whose greatest dislike it was to shoulder a gun for an hour just at the time when practice games were in progress on the athletic field.

"Perhaps the aspirants for military honor—the newly elected cadet officers—sigh over lost opportunity to display dazzling shoulder straps and chevrons, as does the freshman who aspires to be a major in his sophomore year. But the general opinion of the student body seems to be that no one would greatly miss the military department if it remained dormant for all time."

Alas, The Poor Editor

The circulation problem in those days was the same as it is today. The editor asked that whatever the trouble "Don't blame the editor."

Culture at the University was not being neglected according to reports. The Orchestra had just made another attempt at formation and reported six musicians at the first rehearsal. The Glee club, the University Mandolin and Guitar clubs were busy playing all over the State.

91 Graduated

Happily reporting that "the charge of professionalism in sports had not been made against the University of Maine," the *Campus* reported at the same time a movement to form "prep-school" clubs to attract high school students, including athletes, to the University.

The last issue of the first year reported 91 in the graduating class, quite a difference from the 1100 or so graduating this June.

Stuffed Mollusks, Birds, Fish, Insects Used For Research

Specimens from the University's scientific collections in Coburn hall have from time to time been loaned to colleges along the Eastern seaboard and in the mid-west.

The three collections of fish, birds, mollusks, and insects are used for research and student study here, Prof. Benjamin R. Speicher, head of the department of zoology, explained this week.

Prof. Speicher remarked that the University is fortunate to have a stuffed and mounted specimen of a passenger pigeon. This bird, now extinct, was found at Corinth in 1869.

"Some of these specimens, like pieces of furniture, become more valuable with age," Professor Speicher said.

The Paul F. Eckstorm bird collection, the William Converse Kendall collection of Maine fish, and the Anson Allen collection of birds, mollusks and insects are of particular interest because they contain specimens familiar to all Maine people.

Journalists Hear White

Gerald White, editor and publisher of the *Eastport Sentinel*, addressed the class in "The Newspaper and the Community" this morning in 3 Fernald hall.

White was one of the Maine publishers who suggested the staff training plan for journalism majors which will be in effect this summer.

Neglected Eagle

Because of a mechanical error the name of Mary Littlefield was left out of the list of new Sophomore Eagles which appeared in a story on page 3 of last week's *Campus*. Our apologies to Miss Littlefield and to the Eagles for this omission.

Songfest Tuesday Evening; Thirteen Fraternities Entered

Thirteen fraternities will compete for the Ohio Alumni cup at this year's inter-fraternity sing next Tuesday evening in the Memorial gym.

President Hauck will make the presentation. The cup is now held by last year's winners, Lambda Chi Alpha.

The judges were selected for their interest and participation in choral work in the Penobscot county area. Master of Ceremonies: Thomas Collins

of the group.

Other new officers are: vice presi-

dent, Oliver Yeaton; secretary, Don-

ald Smyth; and treasurer, Laurence

Crosby.

Litter Growing At Registrar's

The Registrar's office is holding lost articles ranging from an evening bag to audio-amplifier notes. Students may obtain their misplaced belongings by identifying them at the Registrar's office in the Ad building as soon as possible.

The following is a list of the articles now on hand for reclamation:

Gold evening bag, Catholic medals on chain, several car keys, 1 gold compact, (initial "J" inside), 1 check book (First National Bank of Houlton), 1 combination cigarette lighter and case (silver), 1 small Ronson lighter, badly worn, has diamond figure on it.

One Ronson lighter, slight dent on side (initials R.V.C.), 2 billfolds, 1 black ring, 1 heavy silver bracelet, pendant attached, fountain pens, books, all subjects.

Frances Williams Wins English Prize

Frances S. Williams has been named by Professor Albert M. Turner, head of the English department, as the winner of the Henry L. Griffin Prize.

Writing on the subject "A Child's World," her theme won the impromptu essay contest open only to the freshman class.

Member Federal Reserve Bank

Young men and women will always find this banking institution interested and helpful in their business progress. Responsibility is reflected by a checking account, which is also a factor in establishing credit and standing.

Cows, Bookworms Unionized

We don't know whether the final decision on the student union has been made yet, but lately the *Campus* has been subjected to a barrage of letters protesting against the proposed site beside Stevens hall.

The reasons for the protest range all the way from the fact that the spot beside the Stillwater is much prettier to the idea that all the noise emanating from the union would detract from the train of thought of those trying to study in the library across the way.

There are those who are disappointed because when they contributed their thirty bucks they did it with the idea that they could sit on the veranda and watch the gently flowing Stillwater on their twenty-fifth reunion. And there are those who fear they would be overpowered by the aroma of the farms should the building be erected near them.

There is another place, though, that shouldn't bring any protest. How about a site between the new engineering building and the tennis courts?

There the noise would bother no one, the barnyards are well out of range, the campus beauty spot would be unmarred, some of the blasts of the cold north wind down across the mall would be blocked, and a heckuva lot of people would be better satisfied.

—STEVE RILEY

Just A Bunch Of Kids

The shockingly poor attendance at Monday's Scholarship Recognition assembly confirms a suspicion that we've been reluctantly entertaining for some time. Let's face it: the notion that a university is primarily an academic institution is becoming out-of-date, at least as far as Maine students are concerned.

From an academic viewpoint, last Monday's assembly was probably the most important of the year. But only a handful of students felt they could spare the time to attend—and most of these had either applied for scholarships or thought they might be awarded one of the prizes.

It would be interesting to compare Dr. Gordon Fair's impression of our university with Eddie Cantor's. It would also be interesting to hear the reactions of any trustees who happened to be present. Those rows of empty seats would have been an edifying sight, too, for anyone who might be contemplating a gift to the university.

Rather than make any reproaches, we'd like to congratulate the student body on its honesty. Maine students, whatever else they may be, are no hypocrites. They just weren't interested, and they didn't pretend to be. They remained true to their convictions and demonstrated that even Maine spirit has its limits.

Unfortunately, most of the people whose money makes the University's operation possible still cling to the out-moded notion that we are not here just to have a good time.

In the interest of keeping them fooled, we suggest that in the future attendance at this assembly be made compulsory.

—ROLAND MANN

* * * * *

All signs point to a big and successful Maine Day. The freshmen especially have been showing a lot of interest in the projects—a symptom which has touched the hearts of even the most jaded upperclassmen. We hope the few holdouts will sign up between now and the 17th, so that a thoroughly enjoyable time may be had by all.

"Hey, Worthall! It's Professor Snarf, who flunked you in physics last semester!"

Thots While Chewing Tobacco

BY DICK SPRAGUE

A few days ago I went to my barber. It has been my custom to do this since my dear mater used to put a bowl on my head and clip the hair around the edges. I like my barber. I think he's a nice guy.

My locks were curling tendrils down my neck, and it is distressing to get up in the morning and think it's still dark until some one lifts a handful of hair and yells, "seven o'clock." I decided the time had come. I had to see Jake. He's my barber.

The chair was forbidding and sinister, but I approached it bravely. I tried to appear disinterested.

"Just a trim, Jake." He smirked at me with tolerant understanding, seized an enormous pair of shears and cut a deep swath through the middle of my hair. Now, I've been called dumb. But I'm not.

Know why? I knew he was going to do this. Tell a barber to cut your hair short and he'll leave it long. Tell him to leave it long and he'll scalp you. I think they are all perverted.

If you know how to handle them you're all set. That's why I want to tell you this. You see, I saved myself money. I love it. Money, I mean. I told him I wanted a trim which only costs 35 cents. And he cut my hair short, which saves me the price of a regular haircut. Think of all the hair I had cut for 30 cents less.

But you must handle these maniacs with caution. I'll tell you a secret. They like to make you uncomfortable. I think that's why they won't follow directions.

One thing you must particularly watch. It happened to me. My friend started swathing my neck in towels, tissue paper and then more towels. Now it has always been a mystery to me how a single hair can escape these precautions and worm its way down the neck.

When he finished this elaborate pretense, I was terrified—a mild case of claustrophobia. Pushing slots in the towels for my eyes, I began to thumb nonchalantly through an old copy of the Police Gazette.

I had been watching him carefully with one eye, until I came to a two-page illustration of a girl. She didn't have any clothes. I was interested. You might say that I was absorbed.

But from the corner of one eye, I

caught a furtive movement in the mirror. After a brief struggle with the remaining eye, which was straining grotesquely at its moorings, I focused both eyes on the mirror. It was a tough fight, Ma, but I won.

His face wore a gleeful expression, as he snipped handfuls of hair and stuffed them stealthily down my neck, naturally I was frightened by the horrible expression on his face. I kept silent. Suddenly, his face sagged. He looked tired—old—haggard. And then I saw the reason—he had run out of hair. But that didn't stop him. Reaching to the floor, he grabbed another handful and slipped it smoothly down my back.

This is my gripe. I don't mind him cutting my hair the way I don't want it. I don't mind him putting my own hair down my neck. But when he takes it off the floor—I quit. You're better off bald.

Mail Bag

No Tennis Courts

To the Editor: Perhaps I am overlooking some of the faults of living in a late-spring section of the country, but in view of the fact that we have been blessed with a few half-decent days, I am greatly disturbed with not being able to take part in some of the outdoor activities in which I am interested.

Specifically, I am referring to tennis. While not being another Ted Schroeder, Pancho Gonzales or Bob Thoits, I do enjoy the game immensely and I would like to get a chance to play.

However, I find the sport rather difficult to enjoy unless the courts have nets and the playing surface has some semblance of smoothness.

For some unknown reason, the one-time adequate courts of our University have neither of these attributes at present, and they show little possibility of having either of them soon.

Like many other parts of our institution, the tennis grounds have deteriorated miserably, thus wasting entirely great amounts of money spent out on them originally.

Not only am I disgusted with not being able to enjoy a good spring-time sport, but I am disgusted with the appearance of another example of poor management somewhere.

BOB SLOSSER

Dirty Politics

To the Editor: The candidates for WSGA elections were carefully discussed and chosen by a nominating committee and then completely approved by the whole WSGA council. On the day before elections, in the women's dormitory housemeetings, certain factors were brought up which might prejudice voters against one of the candidates. It had already been decided by the committee and council that these factors would in no way hinder this candidate from carrying out her job if she were elected.

We feel that this was completely unnecessary under the circumstances. Do we want such politics here at Maine?

GIRLS' NAMES WITHHELD BY REQUEST

Over The Bar

WITH GEORGE HERSEY

Well, that little old black-ball is rolling again. Last week in the General Senate, this oldest of political tricks was used very successfully to bar a certain candidate from the nominations. Unfortunately, this is not to be the final appearance of the little black ball. According to sources within the organization in question, the black-ball may, and probably will be used in the very near future to bar another candidate from office.

In case you're still in the dark, it works something like this. A candidate comes up for election—a candidate who has a lot on the ball and could conceivably make an excellent officer—but, unfortunately, he looks with disfavor on a certain piece of legislature that the powers-to-be would like to see passed. And so he is black-balled. As simple as that, and yet perhaps not so simple in the long run.

The question raised is this: How many good men can we black-ball and still have good men to run for office? Are we not sacrificing student government—and by that I mean a well-organized, well-coordinated working

group of student leaders for aims which, in the first place are selfish, and in the second place, are liable to back-fire in the end and create more damage than has been avoided in trying to evade them.

But don't get us wrong. We think the Student government is made of the right stuff. They have attacked problems capably and with amazing foresight. We have no kicks on that score. Our only gripe is that we may be passing up capable men for insufficient reasons. Now is the time to decide if this is true or not and then to do something about it!

* * *

Congratulations to the Radio Guild! At long last we have a medium through which students and faculty can get together seven days a week to air their views, discuss their differences, and work together for solutions that are mutually satisfactory. I can think of no other means by which friendship and good-will could be fostered on our campus so easily and so well as by our own radio station.

Picnics, the Masque play, sorority dances, and beautiful weather, supplemented by semester reports and the prospect of finals, is enough to keep any student preoccupied.

As a matter of fact, a recent campus poll revealed that 90% of our students begin their letters home with a "Dear Mom and Dad, I've been so busy that I don't know whether I'm coming or going."

Stereotyped salutation or not, it's quite true, and chances have it, Mom and Dad (after a brief glimpse through the social calendar) that your darling is either coming from or going to a party. For instance, this is what we have on the agenda for this week.

Phi Mu sorority held a bazaar Saturday afternoon in the Balentine sun parlor, which a large number of students and faculty attended. Tea was served following the bazaar, and Mary Linn and Caroline Beckler poured.

Betty Russell was general chairman of the affair. Others on the committee were: Ann Preble, chairman of the tea; Sally Arsenault, Judy Plumly, Frances Russell, and Jenny Mor-
grage.

A.T.O. held its annual open house Daisy Mae party Saturday evening, which over 75 couples attended.

Bob Cormier had charge of the party decorations, which were very ingeniously arranged. The first floor was decorated to resemble the inside of a

log cabin, and had characters from Al Capp's comic script pinned on the walls.

Downstairs was "Skunk's Hollow," paradoxically arranged with pine trees and needles, and atmosphered with soft music.

Refreshments were served and the party brought many compliments to the A.T.O.'s. Mr. and Mrs. William Gorrell chaperoned.

Delta Delta Delta sorority ended its Delta Week celebration with the annual Pansy Breakfast held at the Stillwater picnic grounds Sunday morning at 7:00 a.m.

The recent sorority pledges, under the direction of Bev Pettengill, prepared the breakfast for the actives.

Following the breakfast, the group presented its members with potted pansies, the sorority flower.

Pi Beta Phi held its annual initiation and founder's day banquet Saturday evening at the Penobscot Valley Country Club.

Beverly Spencer was toastmistress of the event, which over 76 actives and alumnae attended.

Other speakers at the banquet were: Eva Stinson, Marilyn Cockburn, Carolyn Nickerson, Mrs. Ethel Szak, sorority adviser; Mrs. Phyllis Bartlett, president of the Eastern Maine Alumnae club; and Mrs. Erminie Pollard, province vice president.

Chaperons were Professor and Mrs. L. M. Dorsey, and Dr. Kathryn Briwa.

The girls from Chi Omega sorority were the guests of Phi Mu Delta last Saturday afternoon and evening. The Chi O's enjoyed the "tough" competition in the softball game against the Phi Mu boys, and the volleyball game

which lasted until after dark.

Hotdogs cooked over an open fire, and supplemented by generous cups of coffee was enjoyed by everyone. Cookies and marshmallows were also served. Later in the evening the various couples joined in dancing and singing.

The chaperons were Ma Yale and Brother Ben.

The Press Club held a luncheon in South Estabrooke Friday noon, honoring the annual meeting of newspaper men. John Murphy, president of the club, was toastmaster. John O'Connell, managing editor of the Bangor Daily News, was chairman of the occasion.

Pinned this week are:

Barbara DeCormier, Colvin, to Dick Porter, Phi Eta; Eva Stinson, Balentine, to Carl Wight, Phi Mu Delta.

Engaged are:

Muriel Applebee to Frank Potenzo; Florence Bruce to M-Sgt. James Gorum.

Married are:

Phyllis Sears, Millinocket to Jim Debis.

Whitman Assigned To Michigan Post

The city manager of Birmingham, Michigan, recently acquired a new administrative assistant in Dana Whitman, Jr., one of last year's public management graduates, according to Prof. Edward F. Dow, director of the course.

Last summer Whitman served as intern to Oliver Comstock, Bangor city manager.

WSGA, WAA Announce New Officer Slate

The elections of Mary Belle Tufts and Mary Dean Yates to the presidencies of the Women's Athletic association and the Women's Student Government association, respectively, were announced last Thursday at the women's assembly in Memorial gym.

Other WAA officers named were Connie Berry, vice president; Barbara Jackson, secretary; and Rita Conti, treasurer. The Student Government officers include Jeanne Frye, vice president; Bev Pettengill, secretary; and Mary Snyder, treasurer.

Margaret Williston, recently a social worker in Europe, discussed the problems of displaced persons in Europe in the major address of the assembly.

Home Ec Groups To Meet In Capitol

The Maine State Home Economics Association will hold its annual meeting at the State House in Augusta Saturday, May 13.

A full program has been planned to interest every group in home economics. The Future Homemakers of America, a high school group, will meet with the association for the first time.

College home economics students from the University of Maine, Farmington State Teachers College, and Nason College will present "A Glimpse into the Past, Present, and Future of Home Economics."

Have you seen the new Campus office? Drop in.

Leighton Prints Are On Display In Oakes Room

It takes a Clare Leighton to show the artistry that can result from a block of wood in skilled hands. Students may judge this for themselves in the Louis Oakes room, where 53 wood engravings by this leading woman artist are on display for the rest of the month.

Working with a none-too-sensitive medium, Miss Leighton achieves an amazing degree of realism. For example, looking at her "Felled Tree," one can almost hear the creak of the axe in this fallen giant.

Again, in "The Storm," she recreates this event in all its electric violence. With the whole countryside bent before its awful force, one may wonder if there was an intentional symbolism here.

Albert Reese, print connoisseur, has acclaimed the British-born artist, now living in the United States, for her sensitive skill and her wide range of subject application. She is represented widely both abroad and in this country.

—T. J.

Swimming Course Starts

The Water Safety Instructor's Course will begin on May 15 at 7:00 p.m. at the YMCA in Bangor. The course will continue throughout the week so that those interested may receive their certification.

W. L. Godshall To Give Courses

Problems of American government and courses on international relations and the Far East will be offered during the Summer Session, Dean Mark R. Shibles, director of the session, has announced.

Dr. Wilson L. Godshall, head of the department of international relations at Lehigh university, will conduct the courses.

Dr. Godshall has received B.S., A.M., and Ph.D. degrees from the University of Pennsylvania. He is the author of several books and articles on government affairs.

ROTC Aspirants Must See Officials

Colonel Francis R. Fuller, professor of military science and tactics, has announced that any veterans or men with previous service who are interested in taking the advanced ROTC course should contact the military department in the armory to arrange for September registration. Quotas must be requisitioned from First Army headquarters for next fall's class, he added.

Insurance Man Speaks

Lewis S. Reid of the Metropolitan Life Insurance Company spoke to the paper technology class Tuesday morning. His subject was "Paper Testing and Specifications."

Scholarship Is Established To Honor Hero

A new scholarship fund amounting to about \$450 annually has just been received by the University, President Arthur A. Hauck announced this week.

The gift of Mr. and Mrs. Ernest T. Paine of Prospect Harbor, Me., it will be known as the Gilbert Crosby Paine Scholarship in honor of their son, Lt. (j.g.) Gilbert C. Paine, who was killed in action off Okinawa in World War II and posthumously awarded the Silver Star for conspicuous gallantry.

The Paine scholarship will be awarded annually to a deserving male student of high scholastic attainment. Preference will be given to students from Hancock county.

Three other funds established this year as the basis for future scholarships are the Helen B. Hemingway fund of \$150,000, established through the Edward D. and Helen B. Hemingway trust; the Black Bear of Rhode Island scholarship fund; and the A. D. T. Libby fishery award.

SAE Announces Officers; James Corey President

Sigma Alpha Epsilon has announced its house officers for the coming year. They are: president, Jim Corey, vice president, Larry Kenney; secretary, Norton Sawyer; and sergeant-at-arms, Dick Largay.

Deadline For Jobs

Monday, May 15, is the last day to apply for a campus job for next fall, Philip J. Brockway, director of student aid and placement, announced.

New Co-ed Exchange Breakfast Will Be Featured Maine Day

Fruit juice, ham and eggs, assorted cereals, toast and jelly, coffee, milk, and doughnuts will complete the menu for Maine Day's exchange breakfast.

This first co-ed meal, Jim Elliott, refreshment committee chairman, announced, was made possible through the cooperation of Bill Wells, dormitory manager, and his assistant, Miss Marjorie Reed.

Such an arrangement was felt necessary, Elliott went on to say, since in the past project workers were sometimes forced to eat breakfast and then rush off to distant work areas. Under the new set-up, workers will be as-

signed to dining halls in the vicinity of their projects.

Elliott urged all those participating in the work program to cooperate by observing the breakfast schedule. Students will avoid needless confusion if they eat in the halls indicated on the sign-up slips, he said. Fraternity men who have signed up for projects may eat in the cafeterias. All dormitory students who are not on work details will eat in their usual dining halls.

The schedule for the regular breakfast from 7:30 to 8:00, and the pick-up meal from 8 to 8:30 will be as follows:

Estabrooke basement, projects 28, 33, 34; Estabrooke, first floor, projects 8, 16; Balentine, projects 1, 4, 9, 10, 14, 15; Field House, projects 2, 3, 5, 6, 7, 32; Commons (basement of Hannibal Hamlin), projects 23, 24, 25, 26, 27; New Cafeteria, projects 11, 12, 13, 17, 18, 19, 20, 21, 22, 29; Elms, project 31.

Wells stated that at noon the girls will eat at 12 o'clock and the men at 11:45 to 12:30. At supper time the women will eat at 5:30 and the men at their regular time, from 5 to 6.

During the hours of the work projects, pop and ice cream bars will be distributed by coeds, through the courtesy of the University Book Store.

Service Presented At Colby College

Colby college was the scene of a musical service presented last Friday night by University student leaders and members of the choir of the B'nai B'rith Hillel Foundation.

The Hillel choir was under the direction of Lila Zimmerman.

Members of the choir were Marise Bell, Frances Dion, Frances Lubovitz, Inge Nachum, Selma Gafin, Julius Wise, David Fox, Irving Remar, and Irving Grunes.

Engineering Fraternity Elects New Officers

New officers of Tau Beta Pi, honorary engineering fraternity, have been announced.

Those elected are: president, Donald M. Smyth; vice president, Frank A. Butler; corresponding secretary, Robert C. Boothby; recording secretary, Bryce E. Bayer; treasurer, Laurence S. Cobb; cataloger, Richard W. Noyes; new member of advisory board, Paul W. Howells, instructor in electrical engineering.

Bear Facts

BY BILL LOUBIER

Some people classify themselves as RABID Maine fans, but to what extent they practice their school spirit was clearly shown here last Friday at the Maine-Rhode Island game.

Spirit was high and everyone cheered when President Arthur A. Hauck threw in the first ball to officially open the home game schedule.

The ole Maine spirit was even higher when Rhode Island went down in one-two-three order in the top half of the first inning.

The noise practically shook the North Dorm area when, in their half of the frame, the Black Bears pushed across the first run of the ball game to take the lead, 1-0.

One section of the third base bleachers was exceptionally boisterous and hepped up. They showed terrific spirit and drive. Of course, Maine was ahead. It's not hard to be an avid fan when your team is ahead.

The Rams kept gnawing away at the lead, however, and after scoring a run in both the second and third innings, they pulled far away by crossing the plate with three more on two walks and a home run. Here our avid supporters started to buckle under the pressure.

The Bears came up in their half of the inning with a similar scoring chance but failed to do so after loading the bases with one out, much to the disgust of the Canasta fans in the bleacher section.

Here our drum thumping arm-chair coaches decided to call it quits. They got up and piled out of the stadium, feeling that they could not stay and offer a little support when things weren't looking so bright.

As the game progressed, however, it was evident to REAL Maine fans, who stuck it out the entire three and three-quarter hours, that the Bears didn't need that kind of phony support in the first place.

The Pale Blue netted three runs in the bottom half of the sixth and another in the eighth to tie the score at five-all.

The game continued until the eleventh inning. Woodbrey, who was still going strong, struck out two of the three remaining batters in the top half of that frame to bring his total to 16.

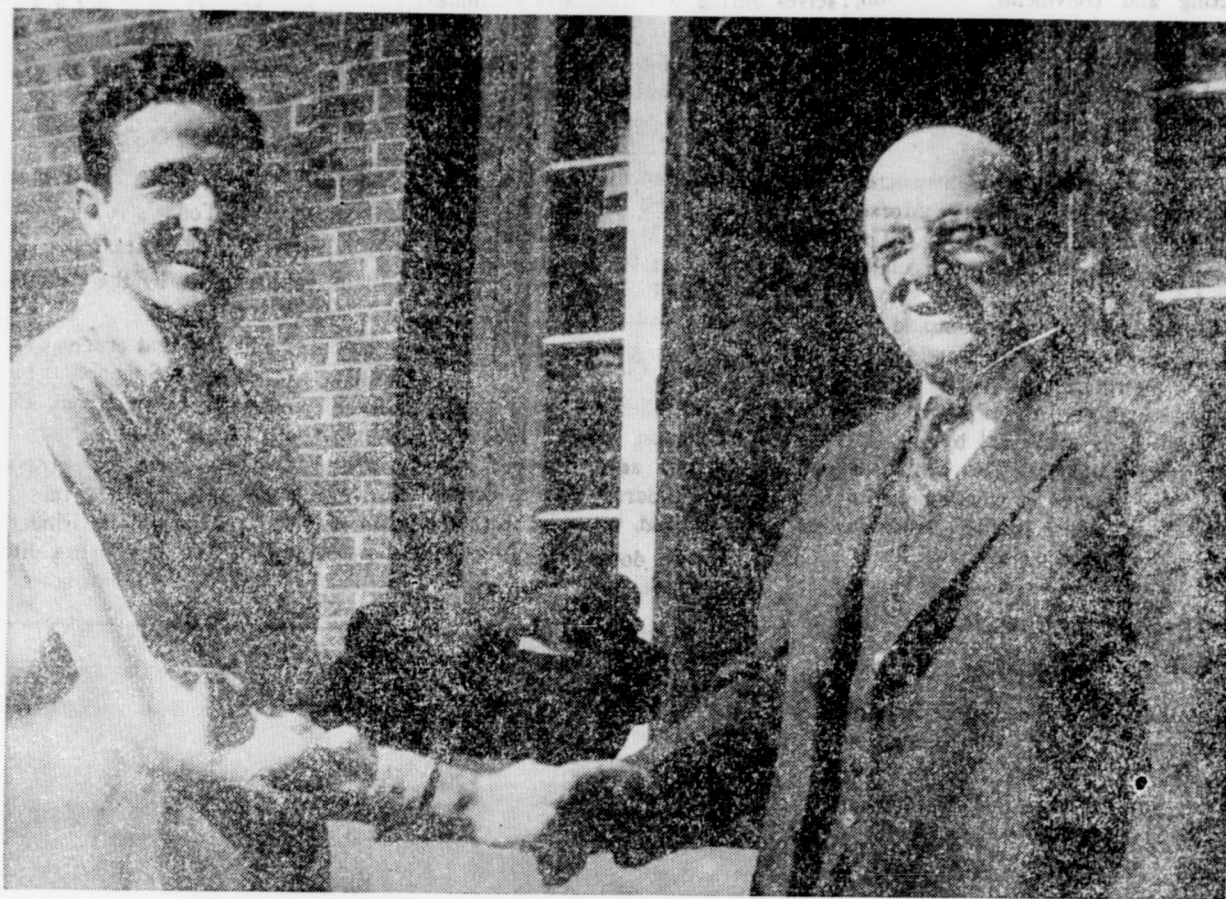

In the final half of the dramatic eleventh Gray reached on an error by the third baseman, and Clark walked after watching four balls just miss the plate. With two on and none out, Wilson belted the third pitch over second base and that was the ball game. It was as near a story book finish as one could hope to see.

The only regrettable part about the whole thing is that FAITHFUL Maine fans have found out just how dispensable some of those high-winded, iron-lunged guffaws and boos really are.

Congratulations on a new P.A. system. If you acoustic majors would rig up loud speakers so that the first base fans could hear the announcer's words instead of a muffled roar then everybody will be satisfied. This isn't a complaint but just a suggestion given to me by a number of GOOD MAINE FANS.

Attention all track men! Here is something that might develop within the next few years or so. Our field house, which competed with the best in the country before the war, has a better-than-average chance of being reinstated to its former condition.

Pale Blue Ends First Series Round This Week

After many years in handing out sweaters, Harold Bruce, head of the University store company, is finally getting one of his own from John Wallace, president of the University "M" Club. Although active in athletics while an undergraduate, the balding Bruce was voted an honorary membership and the resulting sweater because of his support of athletics and athletic teams in general during the many years he has been connected with the University. (Newhall Photo)

Pastimers Face Bobcats Today, Bears Saturday

Coach Mike Lude's Pale Blue pastimers will wind up their first round of state series action this week, facing Bates at Lewiston today and Bowdoin here Saturday.

This afternoon's go with the Bobcats, undefeated in state series competition thus far, having downed Bowdoin and Colby, will be the first meeting of the year between the two clubs. An earlier exhibition game was cancelled.

Lude said that either Vic Woodbrey or Marty Dow will start on the mound for the Bears, depending upon the results of yesterday's set-to with the New Hampshire Wildcats.

Second With Bowdoin

Saturday's game with the Polar Bears will be the second meeting of the season between the clubs, Bowdoin having edged Maine, 3-2, in an early-season exhibition go.

The Pale Blue mentor said that whichever one of his two ace right-handers, Woodbrey and Dow, did not start against Bates would take the mound against Bowdoin, thus making the second start of the week for one of them.

Last week end found the Black Bears splitting a pair of games, snipping the Rhode Island Rams, 6-5, in 11 innings Friday, and losing to Colby, 2-1, Saturday. Speedballer Woodbrey was superb for Maine, going the distance and striking out 16 batters. Wildness and poor control of his fast ball caused him trouble at times.

Wilson Single Wins

Catcher Red Wilson broke things up in the eleventh when he made up for some early-game bad throws by lining a sharp single into right center, scoring Capt. George Gray from second base.

Things went against the Bears the following day, however, as they went down to the Mules in one of the best-played ball games of the season.

Marty Dow had great poise and coolness in his seven-inning stint, allowing only three hits.

Righthander Jim Keefe was equal to Dow in the clutches, however, as he spaced seven Bear hits, coming through with several strikeouts in the late innings to stem Maine's futile rally efforts.

Women's Sports

BY ROBERTA PACKARD

Archery practice will start afternoons next week, for both men and women. Men must supply their own equipment. If interested, contact Shirley Johnson at the Elms or watch the schedule posted in the Women's gym.

Managers of the different sports have been announced. They are Isabelle Burbank, hockey; Elizabeth Zaitlin, basketball; Ann McKiel, soccer-softball; Martha Pratt, volleyball; Nancy Knowles, winter sports; Joyce Chipman, archery, and Frances Russell, tennis-badminton.

Assistant managers are Evelyn Green, Frances Litwinowich, and Ida Moreshead, hockey; Jeanne Frye and Harriet McKiel, basketball; Dorothy Booth and Jean Libby, soccer-softball; Gertrude Harriman and Helen Strong, volleyball; Cynthia Cowan and Lois Hunter, winter sports.

Netsters Set For YC Matches This Week End

A hustling University of Maine tennis team will make a serious bid for top honors tomorrow and Saturday at Durham, N. H., as the Pale Blue netmen enter the annual Yankee conference matches.

Thoits is seeded as number one man for Coach Bill Small's courtsters, and the Westbrook senior has already shown well this season in besting the top men on teams from New Hampshire, Rhode Island, and Connecticut.

The squad making the trip this year will be larger than it was a season back. Besides Thoits, there will be Ben Blanchard, Bob Avery, Paul Peterson, Frank Potenzo, and Dick Edes.

The Rams of Rhode Island are the defending conference champs this season. Maine has faced the Rhody netmen once this season, but rain forced the cancellation of the matches when the Bears were leading 3-0.

Connecticut and Massachusetts will also be represented at the tourney, and Small said that there is a possibility that Vermont may participate.

While Rhode Island, in the role of defending leaders, will be tough, Small poitined to the UConn as a big threat. "Connecticut has strength to watch for, especially in the doubles play," the Maine coach asserted.

In the final analysis, three championships will be decided. In addition to the team score, singles and doubles winners will be scored.

IMAA Officers

The newly elected officers of the IMAA are as follows: president, Norman Cummings; vice president, Bob Donovan; secretary, Walter Dagdigan; and treasurer, John Beeckel.

Pale Blue Trackmen To Journey To Rhode Island For YC Meet

Maine's newly crowned state championship track squad will head south and into rough competition when it invades Kingston, R. I., for the Yankee conference meet this week end.

The Pale Blue finished last in the event last year, and with present-champion Rhode Island once more installed as the favorite and an additional team, Vermont, entered, most experts are picking the Bears to finish no higher than fourth place.

Rhody has most of last spring's squad back, including Bob Black, who looks like a sure thing in the one and two mile jaunts.

New Hampshire edged Maine in a

Bear Golf Squad At Watertown

Coach Charlie Emery's golf team leaves Friday for Watertown, Mass., and the New England tournament.

Maine will compete against about 25 New England universities and colleges, including Connecticut, New Hampshire, and Vermont, all of which beat the Bears in last week's Yankee conference tourney.

Veterans Don Brown and Andy Bunker will head the six-man team which Emery plans to take to the New England tourney. The others are Joe Gordon, Connie Bosworth, Dick Sturtevant, and Walt Hewins.

The individual titlist will be determined on medal play and the team will be rated on the five best scores.

At Norwich, Conn., last Monday Connecticut retained its Yankee conference title with a score of 812. Vermont was runner-up with 828 and New Hampshire third with 833. Massachusetts, with 842, and Rhode Island, with 901, trailed Maine.

Maine scores were Brown, 163; Sturtevant, 164; Bunker, 169; Bosworth, 171; Gordon, 172; and Hewins, 178.

dual meet a couple of weeks back and Vermont won a four-cornered meet with Middlebury, Colby, and Bates.

UConn's Usually Strong

The other entrant, Connecticut, always has good outdoor track cinder squad and a strong showing by the UConn's would be no great surprise.

The Bears seem sure to pick up some points in the weights, where New Hampshire should provide the toughest opposition, but the running events are a different story.

Black is an odds-on favorite to take the long runs, and Russ Mahony of UVM has been posting faster times than any of Coach Jenkins' men in the middle distances.

Sherman In Pole Vault

Art Sherman, who has been clearing 13 feet consistently, will probably have no difficulty winning the pole vault, and he may be the man that the Bear's Jerry Haynes will have to beat out in the broad jump.

In Saturday's state meet, the Bears took nine first places in the fifteen events and squeaked past the Polar Bears, 64½ to 61½, on the strength of nine points garnered by Green and Harry Marden in the last event of the day, the 220-yard dash.

Freshmen Battle MCI In Opener

Coach Harold Westerman's freshman baseball squad will make its debut here tomorrow afternoon at 3 o'clock against Maine Central Institute.

Westerman said that either Gordon Cram, John Dana or Bob Feeney will start on the mound for the frosh.

Monday afternoon at 3, Ricker college will be here for a go with the junior Bears. Hank Woodbrey will probably get the nod as starting pitcher.

4 Candidates Gather Crews As Race Begins

(Continued from Page One)

Recent mayoralty campaigns on campus have shown these four days of red-hot stumping to be among the wackiest days of the year. Anything, at least almost anything, can be expected.

Big Night

The big blow-off comes Monday night when students, faculty, and young fry cram into Memorial gym for the annual monster rally. At this time the candidates make their final appeals for the vote. Each candidate will stage a half-hour rally, and history has shown that the most sensational stunts and campaigning are saved for this occasion.

One has only to recall Hal Jack's great motorcycle panorama in 1948 to attest to this fact. At that time the gym was a scene of utter confusion—roaring motorcycles, carbon monoxide, exploding firecrackers, and bawling youngsters. This was but one stunt in one of the hardest fought campaigns in years.

Tuesday will be the day of decision when students march to the polls. On Maine Day, next Wednesday, the present incumbent, Mayor Robert "Tiny" Fletcher, will turn over his office to the new executive.

Have you seen the new Campus office? Drop in.

Masque 'Mice' Is Entertaining

(Continued from Page One)

audience.

Veteran actors Bob Arnold, Jerry Matus, and Dave Simonton were amusing and convincing. Simonton, as the senator, proved his versatility in character roles.

Bob Chase, Dave Brezger, Dave Beppler, and Norm Anderson were also well cast.

The scenery, which was constructed under the direction of George Morse, showed hard work and ability. The staircase and fireplace were especially graceful.

Costumes for the production and the make-up were very suitable and added much to the comic mood of the play.

The over-all production proved very entertaining, as evidenced by the applause and laughter. The consensus is that the Masque is winding up its 44th season with another laudable production chalked up to its credit.

Council Announces Five New Pledges

Lynwood Hill, secretary of the Interfraternity Council, has announced that five men have been pledged to fraternities and one has been released.

Pledged to Sigma Phi Epsilon are Lehan A. Edwards, James G. Gordon, John W. Kelley, and Donald J. Van Dusen. Phi Gamma Delta has pledged William G. Whitlock, and released Waldo J. Gagnon from his pledge.

First 15 Students In English Orals Named By Turner

The English department has announced the names of fifteen students who especially distinguished themselves during comprehensive examinations.

1. Lloyd Skiffington; 2. Sylvia K. Jordan; 3. James E. McNiff; 4. Joyce I. Wilson; 5. Jean Burnell; 6. Kenneth Closson; 7. Langdon Wood; 8. Robert Dagdigian; 9. Frances Lubovitz; 10. Richard Dillon; 11. Theodore Caras; 12. Mary E. Gildersleeve; 13. Janet Pettee; 14. Robert Snelling; and 15. Louis LaFleur.

Change Of Address

All veterans should go to the Veterans' Education office, 108 East Annex, as soon as possible to make out change-of-address forms, according to Betty Reid, veterans' secretary.

This must be done in order to receive June checks.

Maine Day Skit To Feature New Songs, Hauck And Niven

Editor's note: This report was handed us by an Entomology professor who said he had been given it by the cast of "Today's A Holiday," the skit which will be presented Wednesday evening, May 17, at 6 and 8 p.m. We print it to appease the faculty members in the play. Besides, it takes up space.

BY EUSTACE O'TOOLE

Things are going along swimmingly with the cast of "Today's A Holiday." We expect a box office stampede that will be excelled only by the rush for diplomas in June.

The play will star that ever-popular favorite, Art Hauck. Supporting him will be a newcomer, Lewie Niven. Hal Harmon will supply mood music.

Features of this three-act extravaganza will be three original tunes—"By the Sea," "The Organ Grinder's Serenade," and a new nonsense ditty entitled "Pomp and Circumstance."

The cast includes, besides Hauck and Niven, Squeaky Bennett, Ed Bogan, Eileen Cassidy, Chass Crossland, Flossie Dinsmore, Hilda Fife, Ken Fobes, Terry Gamber, Vince Hartgen, Dick Hill, Howie Keyo, Babs Libby.

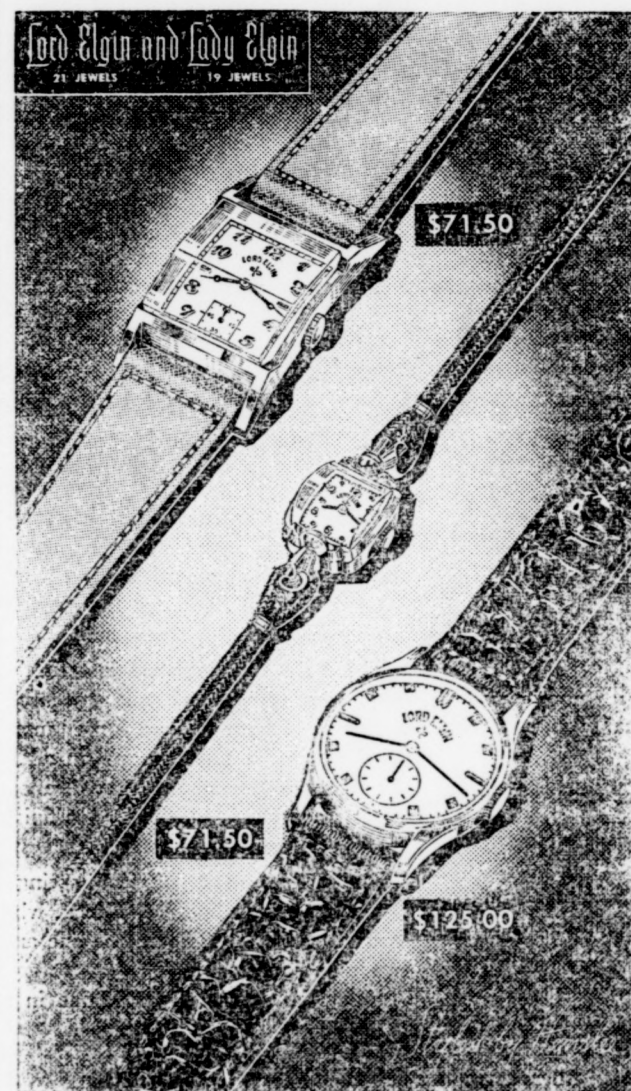

Fred Loring, John Lyman, Fred Martin, Fran McGuire, Herb Morrill, Joe Murray, Charlie O'Connor, Sam Pritchard, Jesse Rodgers, Wentworth Schofield, Terry Shelton, Mark Shibles, Willie Stallworthy, Charlie Virtue, Harry Watson, Ted Weiler, Tad Wieman, Edie Wilson, Russ Woolley, and Bob Worrick.

Students in the cast include Norman Anderson, Arthur Bowker, Chester Campbell, Robert Fletcher, Marguerite Floyd, Emma Given, Harold Harmon, David Haskell, Lois Hunter, Nancy Knowles, Elaine Lockhart, Shirley Look, Dorothy McCann, John Stimpson, Carroll Totman, Scott Webster, and Keith Fowles.

"With Mother's good taste... Dad's good sense... it's sure to be an Elgin!"

*Made of "Elgiloy" metal. Patent pending

Elgin is the watch you'll be happiest to wear. For with an Elgin you have assurance of style correctness—style endorsed by America's "best-dressed". There's extra satisfaction, too, in an Elgin's consistently faithful performance... the result of such exclusive advancements as the DuraPower Main-

spring. This is the most dependable power for accurate timekeeping ever put into a watch!

For four generations an Elgin Watch has been the traditional graduation gift, a faithful companion and constant reminder of the great day. Now is the time to suggest that the gift you want most is an Elgin.

MAINE DAY SUPPLEMENT

Orono, Maine, May 11, 1950

1300 For Maine Day Projects; Late-Comers Are Still Welcome

Nearly 1300 students and faculty members signed for Maine Day projects before the April 28 deadline, according to Mary Whitcomb and Eugene Gammon, co-chairmen of the projects committee.

It was necessary to set the early date, according to the chairman, so that the committee and project leaders could know how many workers would be available for Maine Day.

Still Welcome

"Of course there are many students who may have missed the deadline," Gammon said. "Any of these are still welcome to join the projects groups. It will not be necessary to pass in an assignment card. Just come to the exchange breakfast in the morning and go to your project with the rest of the group."

In explaining the assignments, the chairman said that it was necessary to reassign some of the workers. This was brought about by requests for the different projects.

Even Distribution

"For example," Gammon said, "some projects had as many as 100 applicants. Others received only 10 or 11. In all cases it was necessary to distribute the workers evenly, so that each project group now numbers from 30 to 40 students."

The work projects and assigned workers are as follows:

PROJECT NO. 1

Planting Elms on College Avenue

Leaders: Miriam Bull, Leroy Rand Blaine Beal, Philip Chenard, Keith L. Day, Bill Duplisea, William Findlen, Roy Haskell, Sewall Hobson, Coburn Johnson, Raymond C. Le-maire, Mary Jane McLean, A. C. Mitchell, William Perry III, Robert Rooney, Owen M. Smith, Dexter Stowell, Emile Theberge, Ben Tucker, Merlin J. Wallace, George Wathen, Ralph Webb, Richard Wood.

PROJECT NO. 2

Planting Elms on the Mall

Leaders: Richard Butler, Virginia Stickney

Anne Berman, Connie Berry, Bob Brown, Richard Brubaker, Rita Conti, John Dineen, George Dusty, Bob Dwelley, Marilyn Goldman, Al Haines, Donald Higgins, Marjorie Hill, Nancy Kent, Joe Kirk, Paulina Robbins, Kenneth Simpson, Joanne Spicker, John Sweet, Frank Tillou, Jean Tourtillotte, Eugene Van, Jr.

Schedule

FRIDAY, MAY 12

Campaigning begins

MONDAY, MAY 15

7:00 p.m.—Final speeches,
Memorial gym

TUESDAY, MAY 16

All Day—Mayoralty and general
elections

7:00 p.m.—Interfraternity sing,
Memorial gym

WEDNESDAY, MAY 17

7:30 a.m.—Exchange breakfast

8:20 a.m.—Work projects

1:30 p.m.—Float Parade

2:15 p.m.—Inauguration

2:30 p.m.—Maine-Bates Game

6:30 and 8:30 p.m.—Student-
faculty skits

8:30-12:00—Free stag dance, on
Library steps and mall.

PROJECT NO. 3

Replacing Missing Cedars, North Hannibal Hamlin Hall

Leaders: Ivan Edgerly, Nancy
Whiting

Sam Allen, William Annis, Walter Arseneau, Adelbert Beedy, Laurence Boyd, Jean L. Brewer, John O. Bryson, Frank A. Butler, Philip Butterfield, James Chalmers, Nancy Cousins, Allen Cuthbertson, D. B. Wharff, Milton Wood, Arden Young.

PROJECT NO. 6

Planting at New Engineering Bldg.

Leaders: JoAnne Libby, Philip Lord
Janice M. Cogswell, W. S. Evans,
William R. McGorriell, A. S. Hamm,
Jane Ingraham, Ray Keough, Aphro-
dite Lekousi, Frances Lubovitz,
Eleanor Mahaney, Herbert Peterson,
Rita E. Porter, Karl H. Stiles, Signe
Swanholm, Frank M. Taylor, Ormond

The oldest student at the University of Maine is here shown sitting at his desk before donning his old clothes for Maine Day work projects. Art Hauck this year will lend his talents to the task of planting around the Plant Science building. His schedule next Wednesday promises to be a full one. He will work in the morning, attend the inauguration of the new mayor and the float, and star in the two performances of the evening skits.

PROJECT NO. 9

Construction of Walk, Stevens Hall

Leaders: Luther Amos, Winifred
Ramsdell

Ralph Applegate, Joseph Arsenault,

Float Parade Will Introduce New Tradition

Once again tradition seems to be in the making. Sixteen years ago Prexy Hauck started the tradition of Maine Day with a mayoralty race, work projects, and a student-faculty skit. Since then many frills have been added. This year the added touch is the highly touted float parade.

Its success was assured shortly after the announcement of the Maine Day committee's intention to make plans for the parade. To date sixteen campus organizations have filed their intentions to enter the contest, and have announced their themes.

Perhaps one of the most spectacular will be that entered by Phi Kap. Their theme is to be a tree-raising ceremony with a small band playing from a replica of the proposed Student Union building.

West Hall will present a hand carried float, the four sides of which will be symbolic of the University's four colleges.

Sig Ep's creation will be a cave man from the year 1 million B.C. marching through Stevens hall. He will exit in the year 1951 A.D. as a cave man still, but will bear a mortar-board and stein.

Theta Chi will sport an enormous bear complete with a stein and pennant.

The faculty also has announced its intention to enter the parade. Their theme, however, remains a dark secret at this writing.

The parade will get under way at 1 p.m. at New Dorm #3. It will proceed past the Library and be on the mall by 1:30. It will circle the mall by the judges stand on the Library steps, and the winning float will be announced at 2:00. At 2:15 the new mayor will be inaugurated.

The judges selected so far are Herschel L. Bricker and Vincent A. Hartgen.

PROJECT NO. 11

Construction of Walk, East Annex

Leaders: Phyllis Atwood, Albert
Waitt

W. S. Bartley, Norman Cable, Fred-
erick Carroll, Robert P. Ford, David
S. Hale, Robert Hampson, Philip E.
Johnson, Nancy D. Libby, Frances P.
Lynch, Stephen Mitchell, Robert G.
