Harland Ladd To Speak At Graduation

Midyear Degrees Expected By 165

BY TOM JOHNSTON

If the groundhog sticks around for a few hours after coming on deck February 2, he will see more than his shadow. He will see approximately 165 seniors and graduate students march into Memorial Gym, at 8:15 p.m., to receive degrees.

The official list of those to receive degrees will be posted on the bulletin board in Alumni hall on February 2, at noon.

Harland A. Ladd, commissioner of education for the state of Maine, will be the commencement speaker.

Alumni Dinner in Cafeteria

The General Alumni Association will give a dinner for the graduates in the New Cafeteria on the day of commencement, at 6 p.m.

Here is a breakdown, by colleges, of those seeking degrees: Arts and Sciences, 64; Technology, 54; Agriculture, 24; Education, 16; Graduate, 7. Twenty are women.

Almost 60 per cent of the graduates are veterans. The Veterans Education office indicated that 98, including two women, expect degrees. Two seek master's degrees.

The University will confer no honorary degrees at this time. It will, however, award Certificates of Merit to approximately 55 wives.

Summers Succeeds Staub In Military

Lt. Col. William M. Summers, who joined the staff at the University Armory last summer, succeeds Colonel Leslie J. Staub as unit commander and professor of military science and tactics. Col. Staub, head of the ROTC unit here, has been transferred to Fort Totten, Long Island, N. Y.

Colonel Staub left last Thursday to assume command of the 80th Anti-Aircraft Group. This group, with headquarters at Fort Totten, is presently assigned to the defense of New York City from enemy air attack.

Col. Staub came here as senior artillery instructor in May 1949. He assumed command of the ROTC unit upon retirement of Col. Francis Fuller last June and was promoted to full colonel the following month.

Latest Military News Available In Stevens

Latest information on military services as it concerns the student will be posted on the bulletin board outside Dean Murray's office in Center Stevens, according to Wilmarth H. Starr, representative for Arts and Sciences Faculty Committee on Military Service. "Liberal arts students should make it a habit to consult the bulletin board periodically," he said.

Winter's here again, and with it comes Winter Carnival. The great outdoors calls, and Carnival King and Queen candidates prepare to join the week-end festivities. Queen candidates, left to right, are Nancy Kelly, Jan Hovey, Frances Willette, and Jackie Thomas. King candidates are Harry Easton, Greg MacFarlan, Russ Meade, and Larry Mahaney. Men students will choose the Carnival Queen in tomorrow morning's election, and women students will cast their votes for the King.

Senate Names Lydon, McKaig To Office As Veep, Treasurer

Tom Lydon and Joan McKaig will take over the duties as vice president and treasurer of the General Student Senate next semester. They were elected at the last Senate meeting, Jan. 2, to replace Greg MacFarlan and Margaret Murray, resigning in February. The Senate also named Bill Hirst and Howard Foley to confer with Dean Joseph M. Murray on a student-faculty calendar committee.

Approve Constitution Committee

The Senators approved a committee which will consider the constitutions of Maine's three student government bodies. Each branch will name two members to the committee. These six

Draft Anniversary Has New Meaning

Andy Orr was a sophomore at the University of Maine in 1946. That is until he got his "we choose you" greetings from the armed forces. His draft date was Feb. 19, 1946. He reported to Fort Devens as a buck private.

Upon discharge from the service, Andy resumed his studies at Maine. With an eye to the future, he enlisted in advanced ROTC and got his second Lieutenantcy in the armored corps. He expects to graduate in February.

Last week, Lt. Orr got another letter from the armed forces. It was his orders to report for active duty. The place, Fort Devens; the date, February 19, 1951—exactly five years to the day from his first trip to Massachusetts in uniform.

Bear Games On WABI

Maine's home basketball games will be broadcast from the Memorial Gym again this year, with Maine grad George Gonyer handling the play-by-play account over station WABI.

will recruit three more from the student body at large.

The General Senate, Men's Senate, and WSGA voted to submit their constitutions to Mr. Gerald Grady of the Government Department for analysis and criticism.

Vera Edfors was named senior member of the Freshman Handbook committee, and Tom Lydon junior member.

Gives To Chest

The Senate voted to contribute \$20 to the Good Will Chest, while the Campus Citizenship Committee was asked to investigate the possibilities of obtaining a larger meeting room for the General Senate.

The Campus Citizenship committee conferred with the University Business Office in an effort to obtain further repairs and redecorations in parts of the Carnegie Hall lounges. In an informal report, chairman Greg MacFarlan said the committee hoped to bring a new atmosphere and appearance to the lounge.

Students Elect Officers Friday In Oakes Room

The Elections Committee of the General Student Senate has announced that arrangements for class elections have been completed. Elections will be held tomorrow morning in the Louis Oakes Room of the Library. The polls will open at 7:30 a.m., and will close at 12 noon because of the elimination of classes for Winter Carnival week end.

Candidates for class officers are listed.

Freshman: President—Lloyd LaFountain, Stanley Lavery, Nelson Luce; Vice President—Betty Brooks, Gorham Hussey, Ronald Perry; Secretary—Arlene Kidder, Lynne Love, Jane Stevens, Barbara Wigger; Treasurer—Doris Casey, Edwin Pert, Norbert Rose.

Sophomore: President—John Curry, Robert Ellingwood, William Hirst, Bingham Murray, Ted Tocci; Vice President—Raymond Cox, Dennis

Grad Student's Baby Makes Firsts All The Way 'Round

Some people spend their lives trying to make "firsts."

They wait to be the first to cross a new bridge or a tunnel. They even try to be the first to leap from bridges. But little Karen Brower, daughter of Mr. and Mrs. K. R. Brower, made an encouraging start.

She was the first baby born in Bangor in 1951, proclaiming the New Year with a protesting wail at 12:05 a.m. on Jan. 1. Karen is the Browsers' first child. And she is the first grandchild in her family. Her parents were both first-born children of their families.

For the distinction of being the first

baby born in the New Year, Karen's parents received gifts of blankets, a bassinet, one month's diaper service, fuel oil, free decoration of the nursery, taxi service from the hospital, and flowers. The gifts were presented by Bangor merchants.

Karen's father, Kay Brower, is a graduate student here studying chemistry. He attended M.I.T. on a Pepsi-Cola scholarship and was graduated in 1948. This fall, after two years' research with the Standard Oil Company in Texas, he entered the University.

Karen weighed six pounds, eight ounces at birth.

Classes Cut Friday Noon For Carnival

Events To Include Ice Revue, Skiing

BY SID FOLSOM

Thanks to a heavy snow fall this week, a highly successful week end appeared in prospect for Maine students on the eve of the annual Winter Carnival.

Arrangements for the festival have been made by a Carnival committee which has been working vigorously to plan a gay time for one and all. The Alpine Holiday week end, so-called, begins tomorrow with the official cancellation of Friday afternoon and Saturday classes.

This year's festival will feature intercollegiate and intramural ski events, plus the twin social highlights of the season, the Intramural Ball and the Ice Revue.

King And Queen

Reigning over the festivities will be the King and Queen of the Winter Carnival. To be chosen at the general election tomorrow morning, the royal couple will be honored at outdoor coronation ceremonies Friday night.

The coronation will be held at the skating rink in connection with the Ice Revue. Candidates for King are Larry Mahaney, Greg MacFarlan, Harry Easton, and Russ Meade. Vying for the title of Queen are Nancy Kelly, Frances Willett, Jackie Thomas, and Jan Hovey.

The Alpine Holiday gets off to a flying start Friday afternoon with Intercollegiate slalom and downhill ski events at Bald Mountain, and intramural ski events across the river on the MOC slope.

Busses For Spectators

Busses will provide transportation to Bald Mountain for observers of the collegiate competition. Teams from Tufts, Colby, and University of New Brunswick will be on hand, and may be joined by Harvard and Bowdoin.

(Continued on Page Five)

Seven Units Reach Good Will Quotas

With reports in from all but four teams, the Good Will Chest drive has received a total of 2,044 gifts, amounting to \$2,653.31. Some of the faculty are still contributing to the campaign.

Seven units on campus scored 100 per cent in donations. They were: West hall (East section), Dot Stone, captain; Home Management, Miriam Bull, captain; Cabins and Trailers, Mike Labun, captain; Delta Tau Delta, Greg MacFarlan, captain; Phi Mu Delta, Chet Cambell, captain; Sigma Nu, Norm Anderson, captain; and North Dorm 23, Stan Lavery, captain.

A breakdown of the donations by groups shows the following results:

Students	1,915—\$2,216.81
Faculty and Staff	108— 273.50
Organizations	21— 163.00

Total \$2,653.31

German Journalism Major Has Busman's Holiday In New York

By TOM JOHNSTON

What does a foreign student of journalism in the United States do with time off? Like his American counterpart, he probably takes a busman's holiday.

At any rate, that's what Werner-Dietrich Tismer of Berlin, Germany, did with his Christmas holiday in New York. He is a student at the University of Maine under the auspices of the Institute of International Education.

The same fundamental curiosity about everyone and everything which is the stock-in-trade of journalists everywhere urged Tismer along into finding all sorts of interesting persons and places.

Malik, at the United Nations Council chambers in Lake Success; Eleanor Roosevelt, at Hyde Park; the press room of the *New York Times*—all came under the scrutiny of this

reporter "on the prowl."

Whether from hunger or the same old curiosity we don't know, but Tismer also managed a visit to the experimental kitchen in the *New York Times* building where all recipes are tested before publication.

Asked to compare Christmas here with that in Germany, he said, "Christmas is the same family affair the world 'round." He did "miss the burning candles," however.

The Greater New York Council of Foreign Students sponsored Tismer's holiday visit.

"Duke" Directs SRA Hour

Preston "Duke" Walters has been appointed director of the weekly radio show to be presented by the Student Religious Association.

The new show will be heard over WORO beginning early next semester.

University Face-Lifting Job Is Reported Near Completion

Face-lifting operations took place on the physiognomy of the campus during the Christmas holidays, the University Business Office announced this week.

Work was done on the floor and walls of the south lounge in Carnegie Hall; Dean Deering's and Dean Libby's offices in Winslow Hall were re-shuffled and re-decorated; the film loan division of the Extension Service was moved next to Dean Libby's office in Winslow Hall; extensive alterations were made to the offices of the Military Department in the Field House Armory; and previously unused space behind the rifle range has been turned into a military publications office with equipment for printing and mimeographing.

Construction of the North Hall infirmary is reported near completion, with painting and finishing forming the bulk of the remaining work. According to the Business Office, the

infirmary will probably be completed by March.

The new brooder house, located in the College of Agriculture area, is also nearly done. It will probably be ready for use in mid-January.

Fruit Of Tropics Shown In Plant Science Foyer

Pineapples, papayas, avocados, pumelos, giant-size oranges, kumquats, limequats, citrangequats, citrons, grapefruit, tangelos, coconuts, and many other exotic fruits and fruit nuts bring a welcome breath of the tropics to the foyer of the Plant Science Building this month.

Procured and arranged by Prof. James H. Waring, head of the horticulture department, a colorful and varied display of Florida and California fruits has brought forth much favorable comment.

Calendar

THURSDAY, JANUARY 11

- Basketball—Maine vs. Bates, away
- Frosh Basketball—Portland Junior College, Orono
- 4 p.m.—Politics and International Relations club, Carnegie lounge
- 7 p.m.—Agriculture club, Little Theatre
- 7 p.m.—Income tax exam, 50 South Stevens hall
- 7 p.m.—Debate club, 6 South Stevens hall
- 7:30 p.m.—Philosophy club, Carnegie Committee room
- 7:30 p.m.—Forestry club, Plant Science building, room 101
- 7:30 p.m.—Tumbling club, Women's gym
- 7:30 p.m.—OCUMMO, Carnegie lounge
- 7:30 p.m.—Scabbard & Blade, 11 Coburn hall
- 8 p.m.—Sailing club, 32 South Stevens hall

FRIDAY, JANUARY 12

- 7:35 a.m.—4:35 p.m.—Class elections, Louis Oakes room
- 12:45 p.m.—Winter Carnival holiday begins

SATURDAY, JANUARY 13

Winter Carnival

Track—Bates at Orono

SUNDAY, JANUARY 14

- 9:15 a.m.—Episcopal services, SRA Little Chapel
- 11 a.m.—Protestant services, Little Theatre
- 8-9-10-11 a.m.—Catholic services, Our Lady of Wisdom Chapel

TUESDAY, JANUARY 16

- Basketball—Colby at Orono
- 6 p.m.—A and P scholarship dinner, North Estabrooke hall, room B
- 6:30 p.m.—Signal Corps Radio club, Library, room 209
- 6:45 p.m.—Varsity Singers, SRA
- 7 p.m.—General Student Senate, Carnegie Committee room
- 7 p.m.—Square Dance club, Women's gym
- 7 p.m.—Ski Patrol, 22 Wingate hall
- 8 p.m.—Pack and Pine, 11 Coburn hall

WEDNESDAY, JANUARY 17

- 7 p.m.—Modern Dance club, Women's gym

THURSDAY, JANUARY 18

- 4:45 p.m.—Graduation rehearsal, Little Theatre
- 7:30 p.m.—Tumbling club, women's gym
- 7:30 p.m.—Scabbard & Blade, 11 Coburn hall

Recorder Reveals What's In A Name

Is it possible for you to get a parking ticket even though you don't own or have access to an automobile? If so, then you are one of the many individuals on campus who has a "double."

According to a list issued by Addie M. Weed, University recorder, there are no less than 52 pairs of students having the same first and last names. The list begins with two men named Robert Adams and ends with a pair of Robert Youngs.

The name Robert Brown is more likely than any other to get its owner into odd situations. At the present time, there are five students enrolled with this name. In addition to that, "triplets" occur with Robert Davis, James Brown, Robert Smith, Robert Stevens, and Robert Coffin.

Only 18 of this list of 124 persons are women students.

Be Happy - Go Lucky!

When finally that last bell rings,
I rush out in all haste,
For at the end of every day,
There's Lucky's perfect taste!

*Edith Kirsch
Queens College*

My brother goes to college, too,
He's taking chemistry—
His formula for relaxed nerves
Is L.S./M.F.T.

*Arthur Reben
Northwestern University*

ENJOY YOUR CIGARETTE!...
If you're not happy with your present brand (and a 38-city survey shows that millions are not), smoke Luckies! You'll get the happy blending of perfect mildness and rich taste that fine tobacco—and only fine tobacco—can give you. Remember, Lucky Strike means fine tobacco. So get complete smoking enjoyment. Be Happy—Go Lucky today!

If you want to be a campus wheel,
A guy all fellas like,
Then steer them straight on what to smoke
Just tell 'em Lucky Strike!

*William P. Tucker
Wake Forest College*

Harland Ladd To Speak Feb. 2 At Midyear Commencement

(Continued from Page One)

These certificates state in part: "Be it known that the Faculty and Administration of the University of Maine recognize and appreciate your contribution, expressed in so many ways, to your husband's post-war academic achievements..."

President Hauck and the dean concerned sign each of these Certificates of Merit.

Special graduating exercises began in January, 1943. They have been held during both summer and winter months. This will be the eleventh such exercise.

They were established primarily for the benefit of veterans whose studies were interrupted by war. They also serve transfer students and those who have completed requirements during summer sessions.

Special Commencements If Needed

Asked if there would be further special commencements, the offices of both President Hauck and Registrar James A. Gannett stated that there would be, "If the need arises." Just what number would be critical here was not learned.

Commissioner Ladd has been in office since 1947. He is a former deputy commissioner of education for the state, and has served as high school

principal or superintendent of schools in a number of Maine communities.

Born in Sebec, commissioner Ladd received his B.A. from Maine in 1925 and his M.A. from Columbia in 1938. He pursued a course of social studies at Harvard in 1945 and is a member of many educational organizations.

Admission to the special commencement exercises will be by ticket. Each senior or graduate student must indicate the number of tickets desired.

The Associated Students Memorial Union Building is one of the favorite on-the-campus haunts of students at the University of Washington. That's because the Union Building is a friendly place, always full of the busy atmosphere of college life. There is always plenty of ice-cold Coca-Cola, too. For here, as in university gathering spots everywhere—Coke belongs.

Entered as second class matter at the Post Office, Orono, Me.

Action Sustains Democracy

An Introduction to Despairing of the American Democracy will not be offered here next semester.

We're glad of this. Ours is a young country—too young for despair. Despair is more dangerous than the H-bomb.

Blunders? Sure, America has made a lot of them. And we'll make a lot more. Youth has to learn. Youth is the period for sowing the "weeds of jackassery." But we grow in crisis; we learn by mistakes as well as by study.

In the philosophy of John Dewey we are not schizophrenic creatures in a bifurcated world. We Americans are still adhering to the principle of continuum of inquiry.

And as we here dig in our academic sandbox we can still raise our heads occasionally and take part in the world around us. We should not be alarmed by, but rather alert to, what is going on.

We noted with approval last month that two of our faculty, Prof. Richard K. Stuart and Dr. Thomas King, took the initiative to comment rather vigorously in public print on the final report of Governor Payne's 56-member Tax Revision Committee. Their comments may not block a sales tax or force the 95th Legislature to broaden the state's tax base, but that is not the important point.

The important point is that these two gentlemen acted voluntarily and from what we believe to be intelligent and unselfish motives. Such is democracy in motion. And if a sales tax is tried and found to be unsatisfactory, that too will be democracy in motion.

Beyond Augusta, beyond Washington, beyond the Atlantic and the Pacific, are other problems which need both philosophical thinking and trial and error application.

There will be more "jackassery," particularly in global relations—wherein we are painfully young and obviously naive. But these blunders are no cause for despair. From such blunders comes the natural "growth of enlightenment." All cause and effect cannot be thought out ahead of time. Philosopher Dewey found "no fixed distinction between the empirical values of unreflective life and the most abstract process of rational thought."

Time is the major element, the fundamental tool of all accomplishment. We now all have a whole new year of it. May we utilize it in action, not waste it in despair.

—BOB WILSON

McCarthy Hasn't Been Here

A recent survey conducted by the American Civil Liberties Union on the status of academic freedom in the nation's colleges has left us feeling decidedly pleased at our own university's showing.

The questionnaire sent here contained an imposing list of queries. Though even on first glance it was apparent to us that the U. of M. would not be found guilty on all counts, we were prepared to discover at least a few instances of McCarthyism on campus.

Our researcher's results, though, were most gratifying. They revealed a couple of briefly unsavory incidents but no unsavory policies. The only question that had to be answered here with a reluctant affirmative was one concerning loyalty oaths for University employees. That, it appears, is a Federal requirement for land-grant colleges.

Fire And Brimstone

BY AL MERSKY

I see that the General Senate's Election Committee has scheduled another popularity contest for tomorrow—they call it class elections.

It's a cinch that the guy or gal with the toothiest smile, the loudest ha ha ho, and the most powerful backslap will be landslided into office. Traditional popular referendums at Maine have had it so in the past—and who among us is strong enough to fight tradition?

It's too bad that leadership ability and classmate concern can't replace athletic prowess and extrovertish chuckling when it comes to making our vote choice.

With conscientious class officers backing the wishes of the majority of their classmates, perhaps the Xmas vacation petition results would have been different. And perhaps our student government groups and honorary societies would not be the laughing stock that they are and have been. Not to mention the numerous important campus organizations which have practically ceased functioning due to in-

competent leadership.

It's gotten to a point where the Prism class officer pictures would be more suitable as happy-family prints than administrative groups. The mistaken notion is now taken for granted that the harder a guy can throw a gridiron block or a gal can Charleston, the better his or her chances of winning an election.

But let's rewrite history when we stop at those ballot boxes tomorrow. When we pick up that voting slip, let's ask ourselves what the candidates have done for our school; and what guarantee we have that instead of sending out "big wheel" letters to their families and friends, they will send letters to us on how and what and why they are doing with the responsibility given them at the polls.

World atmosphere unquestionably dampens any super-seriousness which we may attach to class elections. But as citizens of a campus community, it is still our duty to vote tomorrow; not for the best known candidate, but for the best.

Passing Notes

BY WALT SCHURMAN

We note that one Nat Low, a sports-writer for the Communist People's World of Los Angeles, has recently blasted U.S. college football as "the brutal product of predatory capitalists" (meaning college trustees) following an earlier example of *Pravda*. Wrote Mr. Low, "Under the pressure of the big-time operators, football is becoming more savage, vicious and dangerous each season...leading to a brutalization of players and spectators alike."

To illustrate the savage and vicious brutalization of which he wrote, he recalled a cheer used by his own high school (Brooklyn Tech, Brooklyn, N. Y.) which contained the words ram, bam, rock, sock, hit 'em hard, hit 'em low, etc.

The short, explanatory, bold-face sub-heads that editors use to break up long columns of small print

would scare the wits out of anyone not familiar with sports jargon.

For example, in reading about this year's Sugar Bowl game, we saw the sub-head BID DIES AT 17 followed by several paragraphs of small print, then the sub-head MCFADIN RECOVERS and some more small print.

Upon examining the small print we found that BID DIES AT 17 had nothing to do with the tragic death of a 17-year-old youth, but rather denoted that a Tennessee touchdown drive had been foiled on the 17-yard line; and that MCFADIN RECOVERS was not the heartening news that someone had cheated death, but only the announcement that a Mr. McFadin had recovered one of the opponent's fumbles.

Yes, football is certainly rough, Mr. Low, but baseball is the Ruth-less game.

Mail Bag

Here's How, Brown Cow

To the Editor: In response to your article in The Maine Campus of December 7, 1950, "How Now Brown Cow," I have this to say: I was very glad to note you have recognized this end of the campus with the very good editorial about Leila, one of the high-producing Holsteins in the U. of M. herd. However, to me, Prudence is the cow who should be commended. Prudence not only made the selected group by producing over 100,000 lbs. of milk, but has also contributed to the female population of the campus by giving birth to nine female calves in eight years, including a set of twins.

Prudence's older daughters are making very creditable records, the most outstanding being U.M. Dauntless Crete Prudy, with a record of 17,043 lbs. of milk as a four-year-old. Prudy was consigned to the New England Holstein Sale, held at Northampton, Mass. She topped the sale at \$1,000.

Prudence comes rightly by her high production and reproductions, including twins, because her mother, Pauline Valdersa Shepard, produced 20,000 lbs. of milk in one year, gave birth to 6 heifer calves and a set of twin bulls in her lifetime. Likewise, Prudence's grandmother, Pauline Hengerveld Shepard, produced 20,798 lbs. of milk in one year, and gave birth to 8 heifer calves including two sets of twins in her lifetime.

You gave a good story about the milk going to the bottom of the lake so here is a story about ancestors. Some people have a different view of ancestors.

A clergyman at a dinner had listened to a talkative young man who had much to say on the Darwin theory. "I can't see," he argued, "what difference it would make to me if my grandfather had been an ape."

"No," commented the clergyman, "I can't see that it would, but it must have made a great difference to your grandmother."

I hope you have room in one of your future editorials to again recognize one of the outstanding cows in the U. of M. herd. This information will make a very interesting editorial.

JOHN SMILEY

Clarification Requested

To the editor: I feel that the time has come to question the efficiency of our campus health service.

On Saturday I sustained an injury which took four hours to attend to. Directions at the clinic indicated that all emergency cases after 11:20 a.m. Saturdays should be referred to the infirmary, and so I went to the infirmary. There I was referred back to the clinic. Though the campus physician was on campus, he could not be reached, and though an X-ray machine sits quietly within the confines of the clinic, it was not available.

The end result was that a private physician was called and that considerable time was spent driving over hazardous and crowded roads to the Eastern Maine General Hospital.

I should like to suggest that a revision of clinic and infirmary policies be made, and that a clear and complete time schedule be kept available, with additional information concerning where immediate medical aid may be obtained.

ARTHUR PARTRIDGE

The oldest building on campus is Fernald hall.

Classes End Tomorrow Noon For Alpine Holiday; Winter Carnival Features Indoor, Outdoor Events

(Continued from Page One)

Should poor skiing weather disrupt the intercollegiate ski plans, the meet will be cancelled, but exhibitions will be presented by the Maine team on the MOC slope.

The Ice Revue, scheduled for 6:45 p.m. at the skating rink, will feature a 60-person cast with music by the Varsity Singers, Maine band and soloists. Produced in Alpine costume and setting, the colorful Ice Revue will feature the skating of Anne Dutilleul and Ina van Hee, and songs by Dick Ayotte.

Royalty At Ball

The Winter Carnival King and Queen, to be crowned at the Ice Revue, will also make a later appearance at the Intramural Ball. Featuring the music of Roger Carrier's orchestra, the semi-formal Ball is to be held in Memorial gym from 9 p.m. Friday until 2 a.m.

Judging of the Snow Sculpture will be conducted Saturday morning, with the official board of review made up of President Hauck, Prof. Vincent A. Hartgen, Prof. Catherine F. Shaw, and Miss Inez-Lois Smith of the Physical Education Department.

Announcement of the winner will be made during the Bates track meet which will be held in the Field House in the afternoon.

Intercollegiate cross country competition will take place Saturday morning, and will be followed in the afternoon by intercollegiate jumping at the MOC jump.

Ski-Tog-Stocking Dance

A ski-tog-stocking dance is to be held in Memorial gym from 8 to 12 p.m. Saturday to the music of Ray Downs. Sleigh rides will also be scheduled Saturday night, with trips leaving from Memorial gym.

Programs for the general week-end events may be obtained from dormitory representatives. A 50-cent tag will gain entrance to the ski events, provide bus transportation at no extra cost to and from the ski events, and will admit bearer to all of the week-end social functions except the Intramural Ball.

Tickets for the Ball, at \$4, are being sold separately by representatives of the Intramural Athletic Association.

Chairman of the Winter Carnival committee is Jay Winter. Other members are Nancy Knowles, Martha Pratt, Bob Cormier, Bob Donovan, George Morse, Sewall Hobson, and Don Waterman.

Complete schedule follows:

FRIDAY, JAN. 12

- 12:35 p.m.—Classes end
- 1:30 p.m.—Collegiate Ski Events, Bald Mountain
- 2:30 p.m.—Intramural Ski Events, across river
- 6:45 p.m.—Ice Revue and Coronation of King and Queen, Skating Rink
- 8:30 p.m.—Ski Films, Louis Oakes room
- 8:30-11:30 p.m.—Refreshments, MOC Skating Cabin
- 9 p.m.-2 a.m.—Intramural Ball, Memorial Gym

Memorial Gym

SATURDAY, JAN. 13

- 9 a.m.—Snow Sculpturing Exhibition
- 9:30 a.m.—Collegiate Cross Country, from Memorial Gym. Intramural Cross Country, from Memorial Gym.
- 10 a.m.-12 noon—Intramural Ski Events, Women's Athletic Field
- 1:30 p.m.—Collegiate Jumping, across river
- 3 p.m.—Intramural Jumping, across river
- 3:30 p.m.—Indoor Track Meet with Bates, Field House; Snow Sculpture winners announced
- 8-12 p.m.—Ski Tog-Stocking Dance, Memorial Gym
- 8:30 p.m.—Ski Films, Louis Oakes room
- All Evening—MOC Cabin to be open
- 9-11 p.m.—Sleigh Rides, leaving from Memorial Gym

SUNDAY, JAN. 14

- Morning—Church Services
- 2 p.m.—Hockey game, Skating Rink

Four Singers To Solo At MCI Presentation

Four University students have solo parts in the coming concert held by the Varsity and Madrigal singers at MCI on Tuesday, Jan. 9. They are Bernadette Stein, Helen Friend, Paul O'Neil, and Jean-Paul Roberge. James Gordon Selwood will conduct.

Tax Revision Panel Slated

A program of "Revision of the Tax Structure in Maine" will be presented next week by the Politics and International Relations Club, on Wednesday, Jan. 17, at 7:30 p.m. in the Little Theatre. Speakers will be the Rev. Milton M. McGorrell of Orono, Dr. Edward F. Dow, head of the Department of History and Government, Dr. Thomas King of the School of Education, and Dr. George Ellis

WORO Is Almost Ready

Work is continuing on the campus radio station, WORO, Bruce Schwab, WORO's engineer, reports that some of the transmitter parts are still on order; however, the major part of the broadcasting transmitter is assembled. The soundproofing for the station's temporary studio in Room 275, Stevens hall, was completed before Christmas vacation.

LOOK!

HERE'S an illustration of a lovely, luscious candy . . . and a "pic" of a luscious, lovely lady. When you haven't the one take t'other. They're both sweet. Right! A TOOTSIE ROLL is delicious . . . tasty . . . chewy . . . with a chocolate flavor all its own. In the dorm, on the grounds, elsewhere . . . enjoy a TOOTSIE ROLL.

Vera Andrus' Art Is Appealing; Lithographs Show Gaspe Region

Have you been to the Art Gallery yet this month? If you haven't you're missing something.

Vera Andrus' lifelike impressions of coastal scenes are lifelike and full of feeling.

To one familiar with the Gaspe peninsula in Canada, the scenes in

"Last Port of Call" and "Fisherman's Cove" will seem like old friends.

After attending the University of Minnesota, Miss Andrus studied at art schools in Minneapolis and St. Paul. She is a member of the National Association of Women Artists, the Gloucester Society of Artists, Creative Art Associates, The American Artists Group, and the Hudson Valley Art Association.

BY MARILYN HOYT

The New Year is certainly getting off to a good start. It seems as though half our coeds came back from vacation either pinned or engaged.

As a matter of fact, I was in such a quandary about getting a complete list of all the names, that one helpful Annie suggested I just draw up a list of all the so far unattached. I was tempted, but things happen quickly around here, and I know by the time the column came out, someone would have spoiled it by hanging his pin.

Anyway, I've collected quite a few names. To the following go best wishes and many, many congratula-

tions.

Pinned:

Rhoda Kaprow to Bill Matson, TEP; Joan McCranie, Manchester, N. H., to Frank Haley, Sig Ep; Georgene Wight, Syracuse University, to Ray Lamoreau, Phi Eta; Jean Brown, Bangor, to Olin Condon, Phi Eta Kappa; Connie Twitchell, Norway, to Ernie Martikainen, Phi Mu; Pauline Turner, Farmington State Teachers College, to Al Brown, Phi Kap; Joyce Elvin, Gorham State Teachers College, to Dick Hess, Phi Kap; Janet Bannister to Dick Reilly, Kappa Sig.

Dawn Miller to Hank Woodbrey, Phi Mu; Pete Paul to Calvin Beal, Phi Eta; Beth Chick to Dana Warren, Phi Eta; Pat Perkins to Clarence Bunker, Lambda Chi; Terry O'Reilly to Bill Russell, Phi Gam; Louise Snow to Norman Cummings, Phi Gam; Ruth Ahern, Portland, to Jim Conley, S.A.E.; Lois Jenkins,

Presque Isle, to Paul Flaig, S.A.E.; Marilyn Meserve, Scarborough, to Jim Ward, S.A.E.

Engaged are:

Rita Conti to Roland Murdock; Maxine Gray to Jerry Robbins; Mary Manon Dickey to Lee Cox; Joanne Mayo to William Wolf; Joyce Tardiff to Rod Footman; Flora Additon to Dave Ramsey; Barbara DeCormier to Dick Porter; Barbara Venner to Bob Phillips; Peggy Knight to Stan Christianson; Anne Mehlhorn to Vic Pooler; Carolyn Nickerson to Seymour Card.

Marilyn Seavey to Bill Reilly; Jane Hinkley to Robert Hanson; Elizabeth Shaw to Phil Stackpole; Emily Dyer to John Dana; Joan Rossi to Eth Martin; Pat Murphy to George Bragdon; Joanne Minott to Bob Harris; Marie Gringras to Bill Ottmann; Barbara Smith to Dick Crowley; Carolyn Simpson to John McBride; Elaine O'Grady to Merrill Butler; Betty Heselon to Dick Bachelder; Joan Bryant to Oliver Yaton; Ronnie Hammond to Harold Swain.

Radio Guild To Present "O'Halloran's Luck"

"O'Halloran's Luck," a humorous Irish folk tale by Stephen Vincent Benet, will be broadcast by the University of Maine Radio Guild on Friday, Jan. 12, at 10:30 p.m. over station WLBZ.

THE DU PONT DIGEST

On the road and in the laboratory, Du Pont scientists are writing

The Inside Story of Engine Deposits

Engineers have long known that deposits which accumulate in gasoline engines have a direct bearing on engine performance. Even now, however, no way has been found to eliminate these deposits or their effects.

As a manufacturer of chemicals used by the petroleum industry, the Du Pont Company has a particular interest in this problem. It is currently the subject of a comprehensive research project, conducted both on the road and in the laboratory.

When Du Pont engineers began their studies, some aspects of the relationships between engine, fuel, lubricant, operating conditions and deposits were known. But to understand how and why deposits form and to develop corrective measures, they needed additional information.

Engineers take to the road

To get these facts, Du Pont engineers are supervising tests in a fleet of passenger cars and trucks that travel hundreds of thousands of miles yearly under carefully controlled conditions. The effects of deposits on octane number requirement, valve performance, spark plug condition and other performance characteristics are measured. After each test, the deposits are weighed and examined physically and chemically.

In the laboratory, other engineers study the effects of the same variables on multicylinder engines. Here, where closer control of the engines is possible, greater attention can be paid to specific fuel or engine operating effects. Performance factors, such as power output, can be more conveniently measured.

A third group of Du Pont engineers uses single cylinder engines in laboratory studies of deposit formation, adhesion, removal and harm. Exploring new fields, these men had to design complex instrumentation for measuring factors such as surface condition and deposit thickness.

Chemists synthesize deposits

Chemists, too, have an important place in this research. They study the chemical and physical characteristics of engine deposits. Among other things, they devise ways of synthesizing, in fired engines, deposits consisting almost entirely of a single chemical compound in order to study its effect on engine performance.

The results of this comprehensive research program are not yet conclusive, although the relationships between engine, fuel, lubricant, operating condition and deposit formation and harm are much better understood. In the past Du Pont scientists have licked even more difficult problems. Working as a team, they will persist in their effort to provide the motorist with improved engine performance through better fuels.

Douglas L. Schultz (center), B.S. in M.E., M.I.T. 1947, supervises installation of engine for study of deposit formation in truck operating under heavy-duty conditions.

W. E. Bettoney (left), B.S. in M.E., Maine 1939, tests installation of single-cylinder gasoline engine used in study of factors influencing deposit formation in the combustion chamber.

H. K. Livingston, Ph. D. in Phys. Chem., Chicago 1941, operates apparatus for measuring porosity and absorptivity of combustion chamber deposits taken from test engines of the Du Pont automobile test fleet.

DID YOU KNOW...

...about 60% of Du Pont's sales today consist of products that didn't exist or weren't commercially available 20 years ago.

Bear Facts

BY BILL LOUBIER

Probably the most feared black cat in the current sports world is referred to by many sportswriters as the 'sophomore jinx.'

A boxer crashes the headlines with repeated consistency during his rookie year, a baseball player comes close to matching the Bambino, or a hoop star is acclaimed the hottest thing ever to hit a court. And then it happens—the 'sophomore jinx.'

This second year in sports is just one big struggle. The individual, the coach, or the team has caught the dreaded disease and is powerless. Nothing goes right and the once brilliant glitter of the headlines turns to something less than a pat on the back.

The Maine basketball team seems to have contracted a severe case of the jinx and no amount of antitoxin seems to be doing any good. Rome Rankin brought a deliberate Kentucky Style system to Maine and enjoyed a bang-up season—in fact Maine copped the State Championship in its rookie year.

Last year's Maine squad compiled a record of 12 and six. The team won its two opening games with Bates and Bowdoin, then lost the following game to Vermont. Colby was next on the Maine casualty list.

The Bears then lost two in a row on a road trip to Connecticut and Rhode Island. Maine lost to Rhody by a close 74-70 score. Following this the Bears split two home games, winning against Bates and losing to Colby.

Then the Pale Blue hit a winning stride and the Rome system started paying off. Maine won its next five ball games. The victims were Northeastern, New Hampshire, Bowdoin, Bates, and Northeastern.

The last five tilts which rounded off the Pale Blue schedule saw Maine win three out of five. The quintet lost to Connecticut for the second time and then beat Colby for the State crown. Following this Rhody again beat the Bears, this time 51-48. The last two games were added to the win column with New Hampshire and Bowdoin the opponents.

So a Maine black horse with a brand new system of ball emerged from an inconspicuous spot to recognition.

This year the defending champs have had it mighty rough. They have equalled last year's lost column without annexing a victory, and the games coming up appear just as tough.

"They've got a lot of desire," says Doc, "but I guess we need a little height to go along with it." That probably puts the existing situation in a nut shell. The Maine club has speed to burn and can match most any team in that department, but height is taking its toll for the Pale Blue. The adage that height is getting to be a must on the basketball court seems to be more and more evident.

Since State series competition opened back in the 1937-38 season, Maine has done surprisingly well. It has won five and tied two, while Colby has won four and tied two. Bates has won one, and Bowdoin has copped neither a win nor a tie. Since 1940 the Bears have gained the title every other year without fail, while sharing it in both '40 and '42 with Colby. During the war season of 1944-45 there was no series.

Rankinmen Look For First Win Tonight

Major Sports Ousted; Schools Face Roll Cuts

An increasing call to arms since the outbreak in Korea is jeopardizing the sports status of colleges all over the country. This will be the major problem under discussion at a meeting of the National College Athletic Association this week end at Dallas.

Dean Elton E. Wieman, director of Physical Education and Athletics here and Secretary of the NCAA, will be at the meeting, along with 400 others from schools all over the country.

Cuts Enrollments

The government is talking about a service force of three-and-a-half million men, which would dig deep into potential college enrollments. The result is that war eligibility and freshman rules will take precedence over other athletic problems.

The decrease in the number of remaining males in United States colleges next fall semester may run as high as 50 per cent of the total enrollment, according to some estimates. Several schools have started dropping their major sports, and among the latest top contenders to do so is William and Mary.

The little college in Moraga, Calif., broke a 43-year playing streak on the gridiron and abandoned football as a major sport. The school also dropped baseball.

Many other small colleges have dropped their big sports. Hartwick College in upstate New York has dropped football indefinitely. Mt. St. Mary's and Corpus Christie suspended football for lack of funds. Earlier, Portland University, on the West Coast, and Canisius suspended the sport for the remainder of the emergency.

These same schools kept their status even during the hard times produced by World War II, but today's increasing tension and uncertainty have forced the decisions of many trustees.

Bob Pidacks, University skier who barely missed taking first spot in the Jackson, New Hampshire, meet last week end, is shown on his way out for some more practice.

Cross Country Skiers Shine In Week-End Meet At Jackson

Four cross-country skiers from the university traveled to Jackson, New Hampshire, last week end to compete with some of the best ski teams in the east. One man, Bob Pidacks, won high praise from coach Ted Curtis when the apparently unknown student captured individual second place from a field of over 50. The Maine man was nosed out by two seconds by the sensational Tommy Jacobs of Middlebury.

Among the top skiing schools represented were: Dartmouth, Middlebury, University of New Hampshire and the Finnish Skiing club of New York.

Curtis stated that due to the recent 7-10 inches of snow which blanketed the state this week, the success of the winter carnival was assured. The cross country and the jumping events will go off as scheduled. The slalom and the down hill, however, will not be run due to a lack of good base.

Pucksters To Form An Informal Sextet

Hockey, once a major drawing card on the campus, is trying for an informal comeback this winter. A group of the stick-and-ice sport have formed an unofficial team under the name of Orono Hockey Club. Faculty adviser is Professor Wentworth H. Schofield.

The only possible opponent on the schedule at this early date is Colby college.

The only cost to the players will be traveling expenses. They will be allowed ample opportunity to practice on the University rink, besides having physical checkups and free use of the Physical Education's hockey equipment.

The final list of seeded players, together with the schedule, is still pending.

Within The Walls

BY HUGH LORD

BY HUGH LORD

Intramural basketball swung back into action last week after the Christmas holidays with several well-played games despite the long lay-off. And *Within the Walls* swings back into action this week with the league standings up to and including Monday night's games.

Marksmen Win Laurels In 15 Seasonal Meets

The ROTC and varsity rifle teams, who tied for first place with MIT last year in the New England College Rifle League championship and garnered a second spot in the William Randolph Hearst matches, have won 11 of this year's 15 matches.

Cellar Dwellers Oppose Bobcats In Series Tilt

BY BILL MATSON

After six straight losses Coach Rome Rankin's Pale Blue hoopsters hope to cop their first victory of the season tonight when they invade Lewiston for a State Series encounter with the Bates Bobcats. The Frosh will play Portland Junior College in a home contest.

The Bates game is the first for the varsity after an unsuccessful road trip in which the Bears were defeated by Connecticut and Rhode Island on successive nights.

In the first meeting of the two teams this year, the Bears overcame a half-time deficit only to lose out to the Bobcats in the closing minutes of a 56-53 game.

Against Connecticut, on Friday, the Bears were unable to get started. Trailing at the half, 41-24, The Blue could not close the gap and, as a result, were down 16 points at the final gun.

At Kingston, R. I., on Saturday, the Bears were no match for the classier and more experienced Rams. They were never in the ball game. At the end of the first ten minutes, the Rams were leading, 27-14, which was increased to 51-32 at half time. In the second half, the smooth working Rams, paced by Waterville's Johnny Mitchell, added 15 points to the margin and won 93-59.

On Tuesday, Jan. 16, the Bears will face Colby at home for the second time this year. The Pale Blue lost its first game on the Waterville court earlier this season, 56-49.

Indoor Track Squad Tests Bates Jan. 13

Coach Chet Jenkins and his state champion indoor track squad will open the indoor season at home with Bates this coming Saturday. The Maine mentor expressed great hopes for his squad of 28 men.

"We've got at least two good men in every event," said Jenkins, "and this depth should make the team just as strong if not stronger than in the past."

The team has an eight game schedule for this coming season including some stiff competition from both Springfield, the only team to beat the Bears last year, and Northeastern. The squad is prepared to compete in 13 events, ranging from the 50-yard dash to discus throwing.

Women's Sports

BY SALLY ARSENEAULT

All women students are urged to sign up in their dormitories for sports events at the carnival week end. Each entry among the dormitories will score one point.

Winter Sports manager is Nancy Knowles with Cynthia Cowan and Lois Hunter as assistants.

Women may draw winter sports gear from the ski equipment room in South Estabrooke at the following times: Monday, 2:45-3:15; Tuesday, 3-3:30; Wednesday, 3:45-4:15; Thursday, 3-3:15; Friday, 12:45-1:15; Saturday, 9:45-10:15.

Classes Will Elect Officers Tomorrow

(Continued from Page One)

Hawkes, Norman Roy; Secretary—Diane Draper, Pat Huddleston; Treasurer—Constance Lawley, Donald Stevens.

Junior: President—John Christie, Richard Dow, Robert Harris, Thomas Lydon; Vice President—Philip Dennis, Carl Wight; Secretary—Jeanette Pratt, Ann Preble; Treasurer—Harry Easton, Thomas Fogler.

Senior: President—James Elliott, John Glew, Floyd Milbank, Gerald Morse; Vice President—Jasper Bull, Clifford Card, Eugene Gammon, Sidney Folsom, Richard Largay; Secretary—Mary Belle Tufts; Treasurer—John Dineen.

King and Queen of this year's Winter Carnival will also be elected by student ballot tomorrow morning.

The University farms consist of approximately 900 acres divided into four farms.

Next Masque Play Is "The Tempest"

Readings for the Maine Masque's next production, "The Tempest," will be held tonight and Sunday at 7:15 p.m. in the Little Theatre.

Those who read before Christmas vacation are requested to return for a second reading.

The first rehearsal will be held after the final examination period on Feb. 5. The play will be produced March 14, 15, 16, and 17.

Three Attended Meeting

Three members of the English department, Dr. G. William Small, Dr. Hilda Fife, and Dr. Grace Moore, attended a meeting of the Modern Language Association during the Christmas vacation.

The Association is the national society of scholars in English and the other modern languages. The meeting was held in New York City.

Debaters Reach Finals

Marilyn Hoyt, Joan McKaig, Pepper Burbank, and Phyllis Jean Bruce will enter the finals of the Intramural Debate Tournament to be held next week. The two teams were victorious yesterday.

Here Is A Correction On Service Story

A paragraph in last issue regarding academic credits should have read: Second, that a student who has completed one-half of a semester's work will get a blanket credit of one-half the credit for each course in which

he has a C average or better. This blanket credit may be applied only to elective hours, or in other words, toward fulfillment of an hours requirement, but will not give the student credit in any specific subject.
