FRESH TRACKMEN SWAMP BRIDGTON FOR SECOND WIN

Don Favor Stars as Team Takes Easy Victory, 66-24 In Armory Saturday

The Freshman track team conquered Bridgton Academy Saturday afternoon in the Armory by the score of 66-24.

Don Favor was the outstanding winner for Maine, coping two firsts and tying for two. For Bridgton Olleie Borden starred with two firsts and a second. Considerable excitement was caused by the 300 yard dash in which Borden (B) nosed out Warren (M) by a couple of yards, covering the distance in 34 seconds.

Summary:

SNOWBALL BREAKS OAK HALL WINDOW

Apparently our editorial "Bridge Frenzy" published two weeks ago had a different effect from what we expected for one night last week someone procured a group of bridge players on the second floor of Oak Hall, and proceeded to stop the whole building's operation through the windows. Bridge was naturally, and the men arrested.
SOMETHING TO THINK ABOUT

WEY The Class of 1934, have just been released from freshman rules much earlier than the freshman classes of previous years, and are now wondering in what will be the fate of the Class of '35. Ideas and customs change each year. Maine is not behind in this respect. Colvin and Merrill Halls with new equipment have recently been built. If the material aspects of the college are to keep pace with the advancing times, why then should not policies regarding freshman rules be kept in harmony?

Up-to-date colleges are beginning to realize that hazing is a thing of the past, and especially lacking which continues for a long period. When such a condition exists, the real value of rules soon is lost. They become hard to enforce, and those trying to enforce them are shown disrespect. Bates, Colby, and Dartmouth have found that restrictions of short duration prove much better. Let us keep Maine space with her sister colleges.

YEA! RAH! RAH! RAH! MAINE!!!

Whenever material is lacking for an editorial in a paper such as this it is customary to editorialize school spirit in some way or another, either by praising it or by criticizing it. Therefore we don't like to start this subject for fear of seeming trite.

However, it has been remarked by numerous persons, many of them observers, that cheering at the freshman basketball games has been noticeably lacking. Only when some Maine man makes a most spectacular shot is a cheer sent out. In smaller schools where the teams get more support the fans are continually cheering their men. Possibly the size of the Armory has something to do with it, but we certainly think that there should be a lot more noise at the games.

What effect will Bobby Jones' retirement have upon tournament golf? Will Bobby Jones ever strike another shot in anger? These questions are answered by "Outlook" and "Independent," Feb. 11, issue.

Contrary to the usual size-up of 1930 qu "a thoroughly bad year," some very optimistic comments are made in "Appraising 1930" in Outlook and Independent, Feb. 11, number. It wasn't such a bad year after all. "Business did not go to wreck and ruin in 1930; it carried on.'

"Racing Death at 245 m.p.h."

"We forget even the wonders of "Just Imagine" when we read the wonders revealed by "Ten Years From Now" in the "Readers Digest" for February."

For an interesting evening tonight tune in on your radio go the Maine-Fordham debate on "Unemployment," which is being broadcast from New York at eight o'clock. Barker and Vickery representing Maine ought to be interesting, and Fordham undoubtedly has a good team.

A very important class meeting is being held in Alumni Hall next Monday noon at one o'clock. A matter of extreme importance to every one of us will be discussed and decided. We hope it will be unnecessary for us to have to lament the poor attendance in next week's issue, because everyone should be there. It is hoped especially that the girls will attend, because the matter to be discussed is of such importance to them as it is to the boys. DON'T FORGET.

MONDAY NOON AT ONE.

"We still need women reporters. If possible we wish to have one reporter in each dormitory, in order to completely cover the activities of the class. Come to the meeting Wednesday noon at one o'clock.

BASKETBALL TEAM CONQUERS RICKER

Show Considerable Improvement
In Passing and Shooting
And Win Game 30-16

With the A team clicking on passes and shots a path was paved for an easy win for the freshman basketballers when they beat Ricker in the Armory Thursday night by the score of 30-16. With the score at a 15-2 margin shortly before the half Coach Bill Kenyon sent in the rest of the squad, which he used for a good part of the time.

COOL ON
HOPES LIBERAL CLUB WILL START

Prof. Albert A. Whitmore of the department of history and government addressed a group of freshmen in the Recreation room of Hannibal Hall last Monday evening on the topic "Truth in History". In his usual interesting manner Prof. Whitmore traced the various motives in writing history, and showed how exaggerations and opinions creep in. Before he closed he mentioned the Liberal Club, which was once an actuality on the campus, but which has died a slow death, and expressed the hope that such an organization may be started again.

Several of the girls went home last week-end. Among them were: Dorothea Temple, Genie Austin, Winifred Cushing, Madalene Dunker, Ruth Vaughn, and Hazel Peero. Gwen Humphrey came to visit her sister, and Arlene Archambault visited her sister at Colby.

A literary club, consisting of four members has been recently formed at Mt. Vernon. Meetings are held every Friday evening, at which time books are discussed. This last week G. K. Chesterton's "Magic" was reviewed. Dues of five cents are paid each week. At the end of the year this money is to be used to buy a book for each member.

A certain young gentleman has proved to be so much bother to the girls on door duty at the dorm that they are giving him permission to remain there permanently. Will the above mentioned person please call at Mt. Vernon to make these arrangements?

SPANISH CLUB MEETING TONIGHT

The Spanish Club will meet this evening in the M. C. A. Building at 7.30. A discussion of the proposed dance will follow an interesting entertainment.
