The Freshman Track Team Overcomes Brewer and Oldtown

The frosh tracksters easily topped both Oldtown and Brewer in the triangular track meet held at Alumni Field last Saturday afternoon. Gathering a total of 59 points to Oldtown’s 36 and Brewer’s 15, the yearlings showed themselves especially powerful. In the track events, they lost only one first place to Thompson of Oldtown in the 880. Earle and Crosby made an exceedingly fine showing in the mile, coming in hand in hand, 15 yds ahead of Martin of Oldtown who came in 3rd. O’Connell succeeded in taking 1st place in the 220, and tied with Hildreth for first in the 440. Oldtown proved its strengths on the field, taking 26 of the 36 points in these events.

The frosh showed a well-balanced outfit, more than holding its own in the track, and only slightly weaker on the field. A closer test of the trackmen’s powers will be shown next week in the battle with the more experienced performers from Portland.

Editorials

Old Custom Returns to Maine

We have learned that in many colleges, co-eds have adopted a new kind of conveyance around campus, and have returned to the custom of bicycle-riding. We are returning to the "nineties." We see one or two of these vehicles occasionally on our own campus, though they are still scarce. We should like to see more of them. The next time you go home, girls, bring back the "bike" and perhaps we'll have a "bike" party.
FROSH TAKE LACING FROM VARSITY

Playing under very poor weather conditions for a baseball game, the varsity handed the freshmen ball-tossers a severe drubbing last Saturday noon at Alumni Field.

The best the freshmen could do against the opposing pitchers was to secure but two hits, while the varsity collected several. These, mingled with many errors, totaled the score nearly to twenty runs. The pitchers who seemed to make the best showing for the freshmen were Gray, Gredinsky and Hields.

The team that started the game: Searles, Pitcher; Blanchard, Catcher; Rice, First; Osgood, Second; Fascanelli, SS; Karakekas, Third; Topolosky, LF; Peersen, CF; Bartlett, RF.

Numerous substitutions were made by Coach Kenyon, and nearly the whole squad saw action.

The opening game takes place Friday afternoon and is played against Kents hill.

“Y” INSTALLATION

The M.C.A. installation of officers took place Sunday evening at the M.C.A. building at 6:30. This included the officers of the Y.M.C.A. and the Y.W.C.A.

The service was a short one this year, with music, prayer, and the installation ceremony.

President Boardman was present.

The officers of the Y.M.C.A. are: Hildreth Montgomery ’32, president; Grace Quarrington ’33, vice president; Margaret Davis ’35, treasurer; Francesca Dean ’34, secretary.

The officers of the Y.W.C.A. are: Leon Savage ’32, president; Lovell Chase ’32, vice-president; Howard Stevens ’34, secretary; Francis Hicker ’32, treasurer.

VACUUM TUBES

On Thursday evening, April 25, at 7:00 P.M., in Room 306 Aubert Hall, an interesting lecture will be given on “Vacuum Tubes” by Dr. Oliver Eyer, of the Research Laboratories of the General Electric Company, Schenectady, New York. This is an unusual opportunity for students, scientists, and industrial men to learn from one actively engaged in the work of vacuum tubes of the future developments in radio communication, industrial applications, etc. Dr. Eyer, in his talk, will show that in the last twenty years startling changes have been made in the “tools” usually called vacuum tubes.

This lecture will be held in the Chemical lecture room instead of the Physics lecture room where previous lectures have been held. The public is welcome.

“Y” TO BE ENTERTAINED

Miss Campbell and Ernestine Serrill will entertain both the old and new cabinet of the “Y” at the home of the latter on Wednesday, April 27.

“Y” SECRETARY RESIGNS

Alice Dyser, ’34, has resigned her position as secretary of the Y. W. C. A. for next year.

Francisca Dean has been voted for the position.

We are all delighted to hear that Fritjie Shubert, who has been confined to her room by illness, is gaining very rapidly.
