## Hunter College Head To Keynote Embassy

### Winter Fades As Spring Vacation Rolls In Again

It's that time again! Tomorrow at noon the University's 2000 and some odd students will depart from the campus for home and other destinations to enjoy the 10-day spring recess.

Some will go no farther than South Apartments to spend the vacation, but for others the recess will provide the first opportunity to go home since Christmas vacation.

Special bus service to Boston for students has again been provided by the SRA. A Trailways bus will leave the Book Store tomorrow at 12:15 p.m. and will make stops at Estabrooke Hall, The Elms and at other points if needed. The bus will travel via Lewiston and Portland and the Maine Turnpike. Tickets may be purchased at the SRA Building.

Response to the Maine Campus ride pool during the past week has been comparatively meager. The few students who did sign up were mainly in search of rides, and the following list is published for the benefit of those who may be able to make arrangements between the time this newspaper is distributed and Friday noon.

#### RIDES WANTED

To Hartford, Conn.: Cyrus C. Miller, 212 Oak Hall.

To New York City or Long Island: Jay Walsh, Delta Tau Delta; Joan

Gillette, Balentine Hall.

To Poughkeepsie, N. Y.: William D. Gritman, 11 Peters Street, Orono.

To Boston, Mass., or Providence, R. I.: Neil Pelletier, 206 Oak Hall.

To Portland: Charlotte Moreshead and Sylvia Johnson, 314 Balentine Hall.

#### RIDERS WANTED

To Fairfield: John E. Buker, 412 Hannibal Hamlin Hall.

### Atomic Energy Display Planned Here In May

The largest public exhibition of atomic energy and the only one of its kind in the nation will go on display in the Memorial Gymnasium May 7-9, it was announced this week by Prof. George T. Davis of the Education Extension service.

The display, whose appearance here will be sponsored by the extension service through the American Museum of Atomic Energy, will be the main highlight of the annual High School Week End which will be held concurrently with the exhibition.

The display consists of two dozen exhibits of atomic energy designed to explain to the layman the facts behind the almost universally misunderstood potentialities of nuclear science.

The huge exhibition, which will arrive here May 6 in the big van used to transport it around the country, will occupy nearly the entire floor space of the spacious Memorial Gymnasium.

State and University officials will be featured in an opening ceremony at 7 p.m. Thursday. The display will be open to the general public following the send-off program and will be shown Friday afternoon and evening (Continued on Page Two)

William Warfield

### William Warfield To Sing Here April 6 As Third Concert Artist

William Warfield, internationally famous baritone, will be the third attraction in the 1952-53 University Concert Series Monday, April 6, at 8:15 p.m. in the Memorial Gym.

A relatively new star in the entertainment field, Warfield has gained the greatest part of his popularity during the last three years. His current rise in fame and popularity began during the last week in March of 1950 when he made his debut at New York's Town Hall.

#### Unusual Booking

The rave reviews he received from the critics resulted in his immediately being signed for a series of appearances throughout Australia under the

auspices of the government-controlled Australian Broadcasting Commission. This tour was unprecedented in many respects. Quickly following his debut it was the first time the Australian Government had ever imported an artist who had not first won an international reputation.

Returning to the United States Warfield almost immediately began work in the motion picture role that was to introduce him to many more millions of people, that of Joe in Showboat.

#### Toured Europe

Following this he was chosen to play the leading role in the revival of (Continued on Page Two)

### 1953 Event Will Begin On April 13

By BARBARA WIGGER

The University's 13th annual Embassy Week will begin Monday, April 13, with an assembly at 9:25 a.m. Keynote will be Dr. George N. Shuster, president of Hunter College, New York City.

The subject of Dr. Shuster's assembly address will be "The Last Question Man Can Ask." An outstanding Roman Catholic layman, he is the author of many books on Modern German history and English Literature, as well as religious works including The Catholic Spirit In America, and The Vatican As A World Power.

Dr. Shuster put in many years of duty with the United States State Department, worked with UNESCO and was Land Commissioner of Bavaria under John J. McCloy.

A well-known lecturer, Dr. Shuster has appeared frequently on radio programs including Invitation to Learning, Town Meeting of the Air, and the University of Chicago Round Table.

Other Embassy Week guest speakers will be: Rabbi Herschel Levin, Temple Emanuel, Lawrence, Mass.; the Rev. Henry Hayden, director of the Christian Association at the University of New Hampshire; and the (Continued on Page Three)

### Penny Carnival Plans Comic Fun

Micky Mouse, Goofy, Porky Pig and others are going to step out of their comic strip homes April 11, to attend the annual WAA Penny Carnival in the Women's Gym.

The theme of the carnival, if you haven't already guessed, is "Comic Strip Characters," and all functions of the evening will be centered around this theme. The booths set up around the dance floor will feature everything from darts to horse racing, ring toss to penny pitching. Refreshments will also be sold at some of the stands for a small fee.

Entertainment will be provided by the Modern Dance club, the Tumbling club and other organizations within the WAA. Looney tunes and merry melodies will be provided by Bob Jones and the Bobcats.

### Proctor And Junior Resident Work Open

All men students wishing to hold dormitory proctor positions and all sophomore women interested in position of junior resident of West Hall for the school year 1953-54 should file applications for the positions as soon after spring vacation as possible.

Applications for junior resident of West Hall should be filed with Dean Edith G. Wilson, 74 Library, immediately after the spring recess.

Deadline for the proctor applications is Tuesday, April 14. Application should be made directly to the office of the Dean of Men, 205 Library.

## Distribution Of Good Will Drive Funds Outlined In Allocations Committee Plans

By RONALD DEVINE

With the kick-off for the annual Good Will Chest drive for funds scheduled April 19-27, the allocations committee is busy compiling a list of the organizations to receive donations.

One of the major contributions, according to committee plans, will be made to the World Students Service Fund, an organization established for the purpose of giving financial aid to students. This fund also helps refugees and displaced persons obtain college educations, in addition to giving scholarships and scientific equipment for the purposes of research.

#### Aid To Negroes

The United Negro College Fund, which helps support 32 Negro colleges and universities in the United

States, has also been approved as a recipient of Chest money.

A fund has been established to give financial aid to foreign students attending the University. Although many foreign students have their way entirely paid by scholarships, others are in need of monetary assistance, says Chet Cambell, president of the Chest and student member of the allocations committee. "It benefits both them and us if we here at Maine can be helpful to them," he added.

Save The Children Federation is another charity slated to receive help from the Chest this year. The Federation was started as an organization to serve underprivileged children without regard to race, color, or creed. It works in foreign countries as well as in the United States, pro-

viding food, clothing, schooling and medical help to needy children.

#### Crippled To Benefit

An organization which provides care and treatment for crippled and handicapped children and adults in this state, the Pine Tree Society, has been approved by the committee.

The Orono Twins, which helps finance the Orono Community House and Hi-Y activities in the town, has also been put on the list to receive donations.

The United Defense Fund, some of which goes to the USO, the remaining portion given to support other services of the people in the armed forces and civilians whose defense work has created problems for them, has also been chosen as one of (Continued on Page Three)

### Jan Hovey Wins English Honors

Jeanette A. Hovey is the winner of the Milton Ellis prize, given each year to the senior getting the highest ranks in the English comprehension examinations.

The award, given annually by the English department, is derived from the interest from a fund set up by students and friends of Dr. Ellis, former head of the University English department.

The comprehensives are divided into three parts, with the first section being administered in the junior year. The other two, in English and American literature, were just completed.

All senior English majors completed the tests satisfactorily, with the following students receiving honors for their work:

Jeanette A. Hovey, Joan M. Dunton, Dorothy A. Leonard, Margaret J. Hall, Gertrude E. Harriman, Beverly C. Pettengill, Barbara M. Anderson, Susan L. Chase, Janet Hanna, Joyce I. Dobson, and Dorothy B. Tracy.

### Campus Posts Open

Applications will be received until April 16 for the positions of editor and business manager of The Maine Campus for the coming year.

Candidates for the positions are asked to submit their qualifications in writing to Paul F. Butler, secretary of the Student Publications Committee, at 2 Fernald Hall

## Union Set To Open April 15 Entire First Floor Ready

In reply to a letter by Charles E. Crossland, chairman of the Union Building Committee, building contractors have set April 15 as the date on which the Memorial Union will be turned over to the University. It will immediately be opened for student use, Crossland said.

Furniture is now under order and will be available by the 15th. China for the snack bar and cafeteria is also all ready.

These two sections of the Union, however, the snack bar and the cafeteria, will not be completed until April 22.

### Regular Meals

When these sections open both will be equipped to serve regular meals in addition to fountain specialties.

At the April 15 opening the entire first floor will be available for use as well as parts of the game room on the ground floor. Three lounges will be open, a men's lounge, a women's lounge, and a large main lounge.

The main lounge will be the scene, eventually, of parties and dances. It will also be made available to groups needing a large amount of space for shows or dances. It will be equipped

with television, according to present plans.

### Meeting Rooms

The first floor will feature seven large meeting rooms for use of the various campus organizations. The University Placement Bureau will have offices on the first floor supplemented with a conference room.

The game room on the ground floor will not be finished for some time but will be equipped with ping-pong and billiard tables.

The Memorial Room, honoring University alumni who died in the service of their country, will also be open.

Meanwhile the Union Building committee has set up a sub-committee to prepare a constitution for the Memorial Union organization.

Our State Police suggest that a brief rest is relaxing on a long trip. Don't try to set an endurance record behind the wheel. Such action endangers your life and the lives of everyone else on the road. Be sure to take a rest BEFORE you start feeling drowsy or tired.

## Senior Class-Owls To Sponsor Talent Program April 24

The annual University Talent Show has been scheduled for Friday, April 24, at 8 p.m. in the Memorial Gymnasium, according to Preston "Duke" Walters and Winship "Chip" Moody, co-chairmen of the show.

Sponsored this year by the Senior Class and the Sophomore Owls, the show will feature acts of all kinds. Prizes for the outstanding acts plus a Grand Prize will be awarded.

Auditions for the show will be held the week following spring vacation. The chairmen have urged all interested individuals and organizations to participate in the competition and to sign for the try-outs.

The 1952 talent show was the largest in school history, according to Walters and Moody, and they have stated that they hope this year's program will create even greater enthusiasm.

Members of the committee are: Hoppi Taylor, Earle Stevens, Zeke Mavadones, Helen Strong, Al Walden, Will Freeman, Charlotte Trough, and Jack Carasualo.

## Atomic Energy Display Scheduled Here May 7-9

(Continued from Page One)

and again on Saturday.

The exhibition originated in the work of the Atomic Energy Commission at Oak Ridge, Tenn., and the American Museum of Atomic Energy. The display has been traveling around the country visiting college campuses under the sponsorship of the national Education Extension Division, and it comes to Maine through the work of Dean Mark R. Shibles of the School of Education, director of the State Extension Service.

## Final Plans For High School Weekend Finished By Committee

Final plans for the High School Week End, to be held at the University May 8-9, have been completed, Paul Butler, committee chairman, announced at the March 17 meeting of the General Senate.

Every high school in the state will be invited to attend the functions.

The program includes group meeting with the faculty, tours through the dormitories, Library, and other University buildings.

### Program Outline

Outline of the program is as follows: registration, 9:00-10:30; group meetings with the faculty, 10:30-11:45; tours of the campus and meetings with the Deans, 11:45-12:15.

Afternoon tours will begin at 1:30.

## Warfield To Sing On Campus April 6

(Continued from Page One)

the Hayward-Gershwin classic folk opera, Porgy and Bess, when the Department of State undertook a tour of this production throughout Europe where it has constantly played to record-breaking crowds.

It was only two weeks ago that Warfield returned from this tour of Europe. Following a series of about fifty concerts he will return to the production when it undertakes another Broadway run.

Born in Arkansas, Warfield grew up in Rochester and attended the Eastman School of Music there. He became so fluent in languages that his four years of Army service were spent in Military intelligence. He also became the master of a wide repertory ranging from thirteenth century to contemporary compositions, from opera to current pops.

Students will be admitted to this concert by their blue concert series cards. The doors to the gym will be closed during the first number on the program.

Among the University buildings to sponsor open house for the students are Crosby Laboratory for the boys and Merrill Hall for the girls. The atomic display will be visited during the afternoon. A baseball game is scheduled for 3:30.

### Freshman Handbook

Also at the Senate meeting, Vaughn Martin reported that Emory Howard and Jean Meserve have been appointed by the executive board of the Freshman Club to be co-editors of the Freshman Handbook. The staff of the handbook have been chosen from the class as a whole according to talent based on high school activities.

Patrick Dionne announced that a process of changing the system of electing the Owls is now underway. The organization is open to suggestions, and it is hoped that advice will be given by anyone interested.

The Senate voted unanimously to have the spring elections on Tuesday, May 12.

### Traffic Laws

It was brought to the Senate's attention that action should be taken to enforce traffic laws in regards to speeding in the South Apartment area. It has been noticed that both students and faculty abuse these laws.

Chet Cambell, chairman of the Good Will Chest Drive, announced that the drive will be conducted April 19-27. Organization is now complete. The quota this year is \$3,000.

Prof. Gerald Grady's proposed improvements of the budgeting and accounting procedures for the General Senate were approved. These revisions of the financial procedures will go into effect after the present budget expires. Grady is the Senate adviser.

## Malenkov Poses Peace Threat Warns Wolfe

While Russia's new premier, Georgi Malenkov, "may possess all of Stalin's ruthlessness and cruelty, there is no reason to believe he enjoys his predecessor's ability to understand the intricate science in the great aggression of empire building. It is in this area where lies the greatest threat to world peace."

This is the opinion expressed by Henry C. Wolfe, world traveler and lecturer, who spoke at an assembly here last Thursday morning.

Wolfe went on to explain that "Premier Stalin was doing so well in the cold war there was no reason to risk all his winnings in an all out shooting war. Malenkov's probable inability to juggle nations as successfully as Stalin may soon result in another world war."

Wolfe was speaking before an audience of about 1000 in the Memorial Gym. He was preceded by four selections by the Varsity Singers. In the absence of President Arthur A. Hauck, he was introduced by Dean Joseph M. Murray of the College of Arts and Sciences.

## Russell To Speak To 4-H As Club Organizes Here

Dr. Garland B. Russell will be the principal speaker at an organizational meeting of the University 4-H club to be held in the Louis Oakes Room of the Library, Thursday, April 9, at 7:30 p.m.

Dr. George N. Shuster

Rabbi Herschel Levin

The Rev. Henry Hayden

## Assembly To Open '53 Embassy Week

(Continued from Page One)  
Rev. William Scar, pastor of Lutheran Students in New England, Boston.

The men will participate in panels and seminars during the week, and hold group discussions in dormitory, fraternity, and sorority meetings.

The representative from the Newman Club, the Rev. Nugent, CSP, was unable to postpone the date of his appearance on campus when Embassy Week was moved ahead from March to April.

**PROGRAM**  
**Monday, April 13**  
6:45 a.m.—Roman Catholic Mass, Newman Hall  
9:25 a.m.—Assembly, Memorial Gym  
12—Embassy Luncheon, North Estabrooke

3:45 p.m.—Coffee Hour "Where Does God Come In?" Louis Oakes Room, Rabbi Elefant, Mr. Scar, Mr. Hayden

Evening—Dorm, fraternity and sorority discussions with leaders

**Tuesday, April 14**  
6:45 a.m.—Roman Catholic Mass, Newman Hall

7 a.m.—Breakfast for leaders, committee, Estabrooke

1:45 p.m.—Coke Hour "Joe Doakes, What About You?" Carnegie

3:45 p.m.—Skeptics Hour, Louis Oakes Room

Evening—Dorm and fraternity discussions with leaders

**Wednesday, April 15**  
7 a.m.—Breakfast for leaders, committee, Estabrooke

2:45 p.m.—Seminar "The Heck With the Church?" Louis Oakes Room

4 p.m.—Embassy Tea, President Hauck's Home

7:30 p.m.—Faculty Panel Discussion, Louis Oakes Room

Embassy Week is sponsored by the SRA. This year's committee chairmen are: Joanne Staples, Canterbury Club; Ester Cohen, Hillel; Ruth Bartlett, MCA; and Ernest Sutton, Newman.

Other workers include: Nancy Cation, hospitality; Leon Segal, house discussions; Joan Reed, tea; Gerald Hallee, assembly; Nancy Hodgkins and Elizabeth Hopkins, book display; Norma Cummings, breakfast and luncheon; Sally Bartlett, worship; Paul Royte, publicity; and Don Poulin, finance.

## President Hauck Receives Eighth Honor Degree

President Arthur A. Hauck was recipient of his eighth honorary degree Thursday, March 19, when the University of Florida presented him with the Degree of Doctor of Humane Letters.

The occasion was the University of Florida's Centennial Celebration. The degree was conferred upon him by J. Hollis Miller, president of the university, at the Centennial Convocation.

Earlier in the program Dr. Hauck had given the opening address of the centennial program. His topic was "Higher Education Today and Its Relationship to the Land-Grant College Program."

A total of seven honorary degrees were given during the four day program. Dr. Hauck's was the first to be presented. Recipient on the program with him was John A. Hannah, U. S. Assistant Secretary of Defense, also awarded a Doctorate of Humane Letters. The remainder of the degrees were given at a later program.

Dr. Hauck's last previous degree was from Bates College in 1950. He also holds honorary degrees from Boston University (1948), Bowdoin (1947), Reed, from which he graduated in 1915, (1946), New Brunswick (1943), Rhode Island State College (1943), New Hampshire (1937), and Lafayette (1936).

## Pat Wilson Tops Class

Patricia L. Wilson received the highest rank in a comprehensive examination for juniors taking English, it has been announced by Prof. A. Morton Turner, head of the English department.

## Good Will Allocations Set As Drive Date Nears

(Continued from Page One)  
the recipients of funds from the Chest.

**Other Organizations**  
Other organizations, such as the March of Dimes, Salvation Army, Red Cross, Heart Association, and Cancer Society, will also receive money from the Good Will Chest.

Cambell explained that all these recipients of Good Will funds are non-political, non-sectarian, and non-profit.

Money from this annual fund drive will also be used to send the Maine Campus to students who have left the University to serve in the armed forces.

A campus emergency fund out of which comes financial aid in the event of any misfortune such as fire on campus receives a share of the Chest allocations.

"This emergency fund," says Cambell, "is a part of the Good Will Chest which the students are most sympathetic to, and understandably so."

**Cites Emergency**  
He went on to cite a typical emergency case where Chest funds were

needed. During the year 1949-50 a fire in the North Dorms caused serious loss to several students. The Chest gave \$300 from its emergency fund to the burned-out students.

"This fund has continued to grow in past years," said Cambell, "and we hope it will continue to grow even more, for if something serious such as a dormitory or fraternity fire were to happen, allocations of over \$300 would be necessary. The Good Will Chest would come through."

Cambell reports that the average contribution in proportion to the Chest's quota in the past five years has been less than 50% of the required amount. "It has been hoped," he said, "that a reduction in the individual contribution to \$1.50 for the Good Will Chest will meet with everyone's approval. Every student, as well as every faculty member and organizational group, will be con-

tacted.  
**Time Considered**  
"The time of the drive has also been considered," he continued, "so that we will solicit from the students and faculty at a time shortly following a vacation rather than before. This timing, we hope, will bring the desired results."

"The biggest objective in the drive this year is 100% student participation," stated Cambell. "Donations asked for have been reduced from last year. However, our quota is \$3,000. To reach this, everyone must give his share."

**Counselors.** Men and Women, over 19, for positions in fine co-educational camp, Ridgefield, Conn. 65 miles from New York City. ## Editorial

### About Drinking On Campus

There is a persistent buzz around campus this week and from what this newspaper has been able to deduce, the buzz is the offspring of a letter appearing in last week's issue of the Campus.

The letter, of course, is the one which concerns drinking on the campus premises. And those who have read the letter, we feel certain must agree, that if every other male and co-ed on this campus were in favor of a strict non-alcoholic beverage rule—there is at least one who is not.

The problem concerning drinking on this campus is an old one. Like a rash it has broken out off and on over the past three years, and with no misgivings it seems safe to assume it made its urgency felt many times in the past.

To our knowledge the letter appearing in last week's paper is the first open declaration of this problem during the past three years. And for this reason, if for no other, we must admire the student for her integrity. It is obvious she feels the "farce" has gone far enough and some remedial action should be taken.

Under ordinary circumstances it seems only natural that the campus newspaper should make comment concerning campus issues in hot dispute. Most assuredly the issue is a "hot" one, but are the circumstances ordinary?

We are all students at this University and regulations, alleged or otherwise, apply not to a group of students but to the student body as a whole. It is therefore, the student editors of this newspaper who are voicing their opinion on an issue which concerns them as much as it does you.

The adage that rules are made to be broken is "bunk." This outlook is no more than a rationalist's means of vindicating himself for a thing which he knows to be wrong.

That the administration at this University should "throw out" any previous ruling concerning drinking on this campus simply on the theory that if the "urge" is there the rule will be disregarded is a gross mistake.

The many laws which have been enacted and are now being enforced in this country, as well as in other countries, have been proposed to "curtail" as much as to "outlaw" wrongdoing.

And it is our belief that the administration at this University does not for a moment think it has abolished drinking on this campus simply by writing into the books a law forbidding such a practice.

We believe that the administration feels such a law will "curtail" drinking on this campus and until a better remedy comes along—it is content to allow the present ruling to stand.

A. F. S.

### In The Right Direction

In these days of almost wartime suspicion when men propose investigations of our schools, churches, and libraries, it is more important than ever that we pause to re-examine our basic values. It is more important than ever that we try to understand each other.

This year for the 13th time Embassy Week will give us the opportunity to hear speakers of different religions and philosophical outlooks. Embassy Week is another way the University helps to teach students to understand the community and nation they live in. To understand a community on the whole, one must understand its component parts.

Embassy Week gives us the chance to learn about the cultural background of our neighbors.

It is certainly the function of the University to bring us this opportunity since it is such an important part of our education for life. But the University can do nothing but bring us the opportunity. It cannot force us to take advantage of it.

People outside the school, if they are sincerely interested in understanding each other, have to go out in search for the understanding. Perhaps in the long run we all do. Certainly Embassy Week cannot bring us in one sugar-coated pill a complete cure for the world's ills.

But attending Embassy Week sessions is a good way to start on the road of better understanding.

H. F.

## Opinionettes

Question: What do you think of the University's Radio Station, WORO?

**Robert Bruce, '56**—The idea of a campus station is a very good one. I haven't heard the station as yet because we aren't able to receive it in Corbett Hall. We've tried several times, and I don't think it is the fault of radio we have.

**Beverly Heal, '54**—I think the station is very good. In South Estabrooke, we can receive all the programs most of the time. I would suggest something to be done about the sound of the announcers' voices. They sound as if they have frogs in their throats.

**Dana Baggett, '55**—Potentially, station WORO can serve as a link for students all over campus and through discreet programming, its services may become irreplaceable.

**Evelyn Barnes, '56**—We'd like to hear the station in West Hall, but as yet we have not been able to receive it. I haven't heard it at all. I do think that it is a fine idea, though.

**Lyman Tracy, '55**—I haven't been able to receive the station, living in Hannibal. If we should be able to get the station, it would be good for local University news.

**Richard Reynolds, '55**—I enjoy the station. It has good musical programs. I especially enjoy the "Boyd's Nest" by Mike Boyd. The programs are all good and well planned.

## Letters To The Editor

### Stitch Reiterates Charge

To the Editor: In last week's Campus (March 19), the lead story on the front page could easily give the impression that the charge of "whitewash," made in the senate concerning the Winter Carnival was completely refuted. Nothing could be further from the truth. I would like to state once more as I have stated in the past that the carnival committee was whitewashed.

But, never did I name anyone as the perpetrator of this act. I merely said that it was a unilateral action. Now if the shoe fits anyone they should put it on by all means. If some individual has a guilty conscience over his conduct in this matter indeed he should advance and be recognized. If the full truth is ever known, my action in the senate will be looked upon as appropriate and just.

My charge was not an emotional outburst or a brazen accusation. On the senate floor I fully substantiated the charge as follows: 1) The chairman of the committee which was supposedly being investigated was not even consulted, or questioned, 2) Several members of the executive committee were not even consulted or contacted, 3) The "whitewash" as released to the Maine Campus of Feb. 26, was merely a unilateral statement and not the result of the action of the whole committee. These points were proven by statements of several members of the executive committee and of the carnival committee at the March 17 senate meeting. Other senators joined in the cross examination. The evidence of "whitewash" was full and absolute.

Furthermore, a statement which I made at the previous senate meeting deploring the existence of a carnival committee deficit of more than \$100 (a statement for which I was practicing)

was proven correct in the treasurer's report. Now that the truth is known to all, we find the deficit \$135 plus. The students of this University will pay this deficit through the General Student Senate Treasury. Is it wrong that the truth be known? Should the facts be concealed? Should the public receive "sugar coated statements" of great accomplishment?

Why were there only 375 out of 1500 programs sold? How late were these programs sent to the printer? From the testimony of the Winter Carnival Committee Chairman, we learned that all was not well in the planning of the week end. That is word enough for me!

DON STITCH

### Concert Plans Lauded

To The Editor: Anyone who has tried to get into a movie in this vicinity on the night before classes begin after a vacation must be more than mildly amused at the controversy raging over bringing William Warfield here April 6. If you have not tried, let me remark that the University students are in evidence in quantity.

If this concert had been scheduled two weeks earlier, the complaint would have been that no exams should be scheduled the day after a concert. Are we to hear these complaints before all the concerts which we are lucky enough to hear. The Assembly Committee should be complimented on their obtaining of fine artists at reasonable times.

It seems to me that a moment of relaxation before returning to classes is an excellent idea. It will not interfere with studying and those who are not interested can return late.

JANET DANA HEAD

## Off-Campus Comments

### An Apology And A Demand

BY BOB OSTREICHER

This hurts... but I suppose everyone has to break down and admit that they're wrong once in a while.

It seems that the Campus received and published a letter last week from Mark Lieberman. Mark asked us, among many things, to initiate a series of weekly features on various campus organizations, highlighting the "purpose, program, and progress" of each... and, at one point, he asked for what I thought at the time was a "plug" for the Off-Campus Men's organization.

"Ah-hah!" I said to myself. "This boy is being too obvious; he is being motivated by nothing more than sheer love of his name in print." So, I went to see Mr. Lieberman... to give him a chance to exonerate himself before I cut his throat.

I wuz wrong. Mr. L., it is true, was once president of the OCUMMO... and, during his term, a lack of funds, members, etc., made the organization nothing more than a name on the books. But, Mark seemed sincere when he explained that the purpose of his recent letter was not to apologize for his poor showing... but to expose the present-year farce that calls itself the Off-Campus Men's organization. Much to my surprise, I found that Mr. Lieberman and I were in complete accord on this matter, since I am also a disgruntled dues-paying member of the OCUMMO.

So, upon Mr. Lieberman's suggestion, let's take a look at the OCUMMO, its "purpose, program, and progress."

Frankly, it's hard to say just where to begin. But after spending several hours and much footwork (a chore, indeed) I have come to the conclusion that an "open letter to John W. Daly, OCUMMO prexy," is in

order:

Dear John, I am sure that you will agree with me that the purpose of the OCUMMO is to provide information, entertainment and a voice in campus affairs for the hundreds of men who live off the premises.

And, as you have outlined it several times, the program of the OCUMMO called for a monthly bulletin (for info), some informal or formal get-togethers (for fun).

However, this leads to the embarrassing word progress.

Now, sir, could you-all please tell us poor, bewildered souls just what happened to all those fancy promises of yours... you know, those wonderful things you repeatedly—and in a firm voice—swore would be done for the OCUMMO members who elected you...

Frankly, John, I hate to bother you... but, as one of the 204 dues-paying members of the Off-Campus Men, I sort of think that you oughta give us something for our money—in addition to those four monthly bulletins which you managed to mail to some of us—or, if it's too much strain upon your time, couldn't you just quietly fold up yo' little ol' tent?

A little coaching from the audience: there is exactly \$72.24 in the bank at the present moment. If nothing else, that money could finance a fair-to-middling off-campus party before graduation, couldn't it? Or, if my suggestions don't show you nothin'... well, 10 minutes on the phone can load the suggestion box with ideas from at least 40 other paid-up members, many of whom have dropped in recently to tell me that they would be glad to add their names to this letter. Positively Sincerely, Bob.

Hold it, please, says the RKO-Pathe cameraman as Marion Young plays her part in the television show which was photographed on the campus last week. The show is to be part of the "Omnibus" program to be televised nationally soon. Photo by Crosby

## Cunningham Stars In TV Show

Production for the television show, "Omnibus," featuring the University's pulp and paper department, has been completed. RKO-Pathe was on campus last week to film the activities of the department. The program will be televised on a national basis April 5.

Gene Cunningham, the only graduating senior this year in the five-year pulp and paper course, had the leading role. The television program will show him in the activities of the campus and in the laboratories of Aubert Hall.

Other students in the program will include Marion Young, Dan Edgerton, Erhard Lenz, and Maung Shwe-Htoo.

The program will show Cunningham at his daily routines. The cam-

era follows him from the Library to Aubert Hall, where he and the other students demonstrate the use of various instruments and machines in the pulp and paper department.

Several scenes of campus buildings are included in the program.

## Aggie 'Octagon' Now Used As A Cattle Pavilion

Have you ever noticed the eight-sided building behind Winslow Hall? According to dairy cattle officials, the building serves as a place where students learn to classify and judge cattle by actual experience.

Built around 1912, the stock judging pavilion has been used for everything from storage to a wood dryer for the forestry department.

Classes now held twice a week in the building are designed to give the student experience by actually working with the cattle.

The procedure in judging cattle is first to make a general survey. This includes noting how close the animal resembles the ideal beef cattle. A general survey is made of the front, side, and rear views of the animal.

Secondly, a closer inspection of the various parts of the body is made, beginning at the head and proceeding over the whole body.

## Beaux Arts Plans Well Under Way

With five weeks remaining before the doors of Memorial Gym swing open for the fourth annual junior class Beaux Arts Ball, co-chairmen Fred Breslin and Barbara Wigger announced this week that committees are hard at work completing preparations for the event.

This year's theme will be announced following vacation. Committee chairmen are: orchestra, Tim McManus; programs and tickets, Janet Lu Oliver; refreshments, Jean Grindle; decorations, Emerson Colby; posters, Charles Goodwin; publicity, Mike Boyd and Ralph Clark; chaperons, Joan Reed.

## News Seminar Slated

Telegraph and city editors of Maine newspapers will meet on campus May 15 for a news seminar with representatives of The Associated Press.

Final plans for the affair have not yet been announced, but a luncheon is planned to precede the news discussion.

## 1953 Episcopal Meeting Slated For Next Month

The 1953 Episcopal convention will be held April 10 through 12 at the Canterbury house. All colleges having Canterbury clubs in Province, I (Vermont, New Hampshire, and Maine) will attend.

The convention will get underway Friday with registration and supper at the local Canterbury house. The speaker will be announced.

A Communion breakfast will be had Saturday morning followed by a luncheon and business meeting in the afternoon. Supper will be served at 6 o'clock with entertainment and recreation scheduled to follow.

Members of the general committee are Karlene Graham, Dee Livingston, and Betsy Puller.

Others on the committee are Marian J. Bugbee, food chairman; Sally Carroll and Dee Livingston, entertainment, and Karlene Graham, registration chairman.

## Barns Smell Better With New Treatment

The University barns smell better now than ever before. The "ill winds" have received a little medicine.

The process of producing this "sweetened atmosphere" began last summer when a new process of treating silage with sulfur dioxide was used. This gas, which has a dehydrating effect, is believed to unite with water to produce sulfuric acid, a preserving agent, and inhibits the production of the vile smelling butyric acid.

The result is a "sweeter" silage which is more pleasing to human nostrils, and the cows like it better, too.

A second dose of medicine was the installation of fans this fall and winter to control temperature, moisture, and odor. (Cows have the worst cases of halitosis of domestic animals.)

During cold weather there is a complete change of air in the barns every 26 minutes—during warm weather, every nine minutes.

## Debate Team To Compete In National Tournament

Two University students will compete in the National Debate Tournament of Phi Kappa Delta at Kalamazoo College, Kalamazoo, Michigan, April 5-9.

Bertha P. Norris and Carol E. Prentiss will compete in the women's debates, arguing four questions, both affirmative and negative sides.

Miss Norris will also enter extemporaneous speaking on the subject "Expansion of Federal Power." She will speak four times on this topic.

Miss Prentiss will compete in original oratory, writing her own speech, and appearing in four contests.

Representatives from most of the forty-eight states will compete in this national tournament.

## Committees Named For Maine Day

General chairman of Maine Day, Don Stritch, announced the appointment of committee heads at a progress meeting last week, and preparations began for the 19th annual student-faculty events.

Projects chairman, John Randall, will be assisted by Bill Hirst, who handled arrangements last year. Preston "Duke" Walters has been chosen mayoralty chairman in view of previous experiences.

For the second successive year, Phil Haskell, and Barbara Wigger have been chosen to handle the student-faculty skit in cooperation with Russell Woolley, faculty representative.

## Outing Club Members To Scale Mt. Katahdin

The sheer cliffs and snowy peaks of Mt. Katahdin will be invaded for five days during the spring vacation by a group of male members of the Maine Outing Club.

Skiing, winter mountaineering, and rock climbing will occupy the five

days of the club members. The group will leave Friday.

Arriving at Millinocket, the MOCers will hike 16 miles to Chimney Pond at the base of the mountain. They will leave Katahdin Thursday, April 2.

## Low-Priced Living Is A Reality In University's South Apartments

BY RALPH CLARK

Dear Mother,

We have a four-room apartment on campus. It takes us only five minutes to get to class from where we live. It costs us \$37.00 a month and this includes our fuel, water, electricity, and the removal of our garbage.

So writes the new bride to her mother. She and her student husband are one of 190 families currently living at the South Apartments.

The apartments are always a center of activity. It is a city within itself. **Busy Life**

Any afternoon finds the closelines full of laundry and the busy sounds of housecleaning. In the evening, during a break in the studying, the Smiths pay a visit to the Blacks for a hand of bridge.

There are a total of 196 apartments in the South Apartment group. Twenty-three buildings comprise the development. The buildings were acquired from the Federal Housing Authority in 1946.

There are four types of apartments.

Thirty-two of the apartments are one room affairs. It costs only \$25.00 a month to live in these. There are 80 three-room apartments costing \$32.00 a month for rent. Four room apartments are \$37.00 monthly, while the largest apartment with five rooms brings \$40 to the University treasury. There are 80 four-room apartments and four five-room apartments.

One of the amazing things about the apartments is the fact that the monthly rental rate includes the basic rent, fuel—either coal or oil—electricity, water service, and garbage removal service.

### Well-Equipped

No furniture is furnished in the apartments, but each group of rooms is equipped with a kitchen range and a space heater. Each apartment has a private bathroom.

At very reasonable rates furniture may be rented from the University. On a monthly basis, the cost of a twin bed, for instance, is only \$.87. A chest of drawers is \$.62; chairs, \$.14; mirrors, \$.14; and desks, \$.40.

The apartments are available only to married students or faculty members within the faculty quota. The quota for faculty living in the development is 18.

### Used In Summer

During the summer, the apartments are used for the summer school students. Many of the quarters are subleased, with the approval of the Housing Manager during the summer sessions. But many of the summer students use the quarters vacated by the graduating seniors and the University furnishes a minimum of furniture.

At a time when prices are high for apartment life, the married student can be thankful that such a development as the South Apartments exists for them to use.

## Education Official Talks At Society Initiation

Ermo Scott, deputy commissioner of education for Maine, was the principal speaker at the initiation banquet of Kappa Phi Kappa, honorary education society, held last week.

Ten students were initiated in special ceremonies at the banquet.

The initiates were Arthur S. Beals, Earl D. Bragdon, Vaughn B. Curtis, George A. Ricker, Richard A. Simmons, Walter F. Soule, Robert L. Dunham, Maurice E. Aspinall, Alberto Clark, and Ronald H. Dow.

## MY QUESTION TO THE G-E STUDENT INFORMATION PANEL:

*"How does your business training program prepare a college graduate for a career in General Electric?"*

...CHARLES O. BILLINGS, Carnegie Institute of Technology, 1954

The answer to this question, given at a student information meeting held in July, 1952, between G-E personnel and representative college students, is printed below. If you have a question you would like answered, or seek further information about General Electric, mail your request to College Editor, Dept. 123-2, General Electric Company, Schenectady, New York.

R. J. CANNING, *Business Training Course* . . . General Electric's business training program offers the college graduate the opportunity to build a career in the field of accounting, finance, and business management in one of the most diversified companies in the country.

Since its beginning in 1919, more than 3,000 students have entered the program—one of the first training programs in business to be offered by industry.

The program's principal objective is to develop men well qualified in accounting and related business studies, men who can become administrative leaders in the financial and general business activities of the Company.

Selection of men for the program is based on interviews, reviews of students' records, and discussions with placement directors and faculty members. Selection is not limited solely to accounting and business administration majors. A large number of men in the program are liberal arts graduates, engineers, and men with other technical training.

When a man enters the program he is assigned a full-time office position in accounting or other financial work and enrolled in the formal evening education program. This planned classroom work is a most important phase of the program. The material presented is carefully selected and well integrated for the development of an adequate knowledge of accounting and business theory, procedures and policies followed by the Company, acceptable

accounting and business practices of the modern economic enterprise, and as a supplement to the practical experience provided by the job assignment.

In general, the program trainee is considered in training for three years during which time advancements are made to more responsible types of accounting work. After completing academic training the trainee's progress and interests are re-examined. If he has demonstrated an aptitude for financial work he is considered for transfer to the staff of traveling auditors or to an accounting and financial supervisory position. From here his advancement opportunities lie in financial administrative positions throughout the Company. Trainees showing an interest and aptitude for work other than financial, such as sales, purchasing, community relations, publicity, etc., are at this time considered for placement in these fields.

Today, graduates of the program hold responsible positions throughout the entire organization. Management positions in the accounting and financial field throughout the Company, such as Comptroller, Treasurer, finance managers, secretaries, and others, are held in large part by graduates of the course. Men who have transferred to other fields after experience in financial work include public relations executives, managers of operating divisions and departments, presidents of affiliated Companies, officials in personnel, employee relations and production divisions, and executives in many other Company activities.

This partial list of positions now filled by former business training men is indicative of the career preparation offered by the business training program, and of the opportunities that exist for qualified men interested in beginning their careers in accounting and financial work.

*You can put your confidence in—*

GENERAL  ELECTRIC

## Bear Facts

BY MOE HICKEY

This column is usually headlined Bear Facts. This week, however, I think it would be more appropriate to name it Very Bare Facts. The lull that was on the "sports scene" last week is still with us.

During this past week we see that Phi Mu Delta's potent cage team closed its basketball season undefeated in 17 games. Phi Mu certainly showed the fraternity leagues' class when they whipped Dunn 2, 93-50, for the campus crown. This evened the score somewhat for the lacing the Fraternity All-Stars took from the Dormitory All Stars during Winter Carnival week end.

We'd like to correct a mistake in last week's Campus that was brought to our attention by a reader. Dave Bates, Maine's varsity third baseman, should have been included in ATO's championship handball team. We expect that Dave will continue his championship play on Tubby Raymond's baseball squad this Spring.

Maine's boxing hopefuls who have been working out at Memorial Gym all year will get a chance to show their wares when the State of Maine AAU Amateur boxing tournament gets underway in Bangor on April 24. Contemplating on entering the tournament which is sponsored by the local Bangor American Legion post are John Kostopoulos, who fought out of Biddeford in previous amateur tournaments; Frank Freeman, a featherweight; and Don Shields and Clark Sundin, middleweights.

A final note on Ellsworth High's Eagles. The Eagles, although eliminated in the first round of competition in the New England Basketball tournament, have no reason to be ashamed. They gave New London of Connecticut, which were tourney champs, their toughest battle, losing by only an eight-point margin. Flashy Jack Scott who pumped in 31 points for the Eagles added more prestige for Ellsworth when he was unanimously selected for the all-tourney team. That was quite an honor, for Scott only played one game.

If anybody is around here during spring vacation he might find the 15th annual Eastern Maine Sportsmen's Show which opened in Bangor Wednesday very interesting. The show ends Saturday.

We met head football Coach Hal Westerman for the first time Monday while in search for a story on spring football practice. Although the conversation lasted only a few minutes, it was plain to see that Hal was all he was said to be, a very sincere person. His cooperativeness in giving us a story in his earnest manner was appreciated. As a matter of fact that goes for all the other athletic heads on campus who are always willing to help us poor bungling sports writers.

Well, here's hoping that when we return from spring vacation that things will be popping on the "sports scene."

### Curtis Named To Post On NCAA Rules Group

Faculty Manager of Athletics, Theodore "Ted" Curtis, was named this week to the NCAA Rules Committee on skiing. Curtis will serve on the committee with five other officials.

Chairman of the committee is Paul Wright, director of athletics at Western State College. Other members named to the group are Friedle Lang (Cornell), Allen J. Bovard (Michigan Tech), Tom Jacobs (University of Colorado) and Gene Gillis (University of Washington).

# Varsity Teams Head South On Spring Trips

Ernie Sutton, veteran, of the 1952 tennis squad, will be one of the top men Coach Garland B. Russell takes into the Southland for the annual spring trip.

## Racqueteers Hit Southern Teams In April

BY KEITH RUFF

Maine's varsity tennis team will leave this week end for its annual spring vacation southern trip during which it will meet four college net squads in the Washington area and the University of Maryland racquet crew.

Coach Garland B. Russell will take a nine-man squad on the trip, eight of whom are veterans of the 1952 Maine team.

Those picked to make the trip are: Ernie Sutton, Irving "Duffer" Pendleton, Ken Barnard, Gene Drolet, John Bridge, Preston "Skip" Hall, Dunc Pearson, Mark Lieberman and Robin Upton. Upton is the only non-veteran team member making the trip. Another promising Sophomore performer, Brooks Whitehouse, was unable to join his teammates on the vacation jaunt.

According to Coach Russell, the southern trip should serve as an excellent warm-up for the fast-approaching regular schedule of State Series and Yankee Conference matches. Although the Black Bear netmen have been holding daily workouts on the outdoor courts, competition in warmer climates will give them more of the out-of-doors practice they want so badly.

Here is the schedule of the spring vacation tennis matches:

- Mar. 30—Catholic University (at Washington)
- Mar. 31—Wilson Teachers College (at Washington)
- Apr. 1—American University (at Washington)
- Apr. 2—U. of Maryland (at College Park, Md.)
- Apr. 3—George Washington University (at Washington)

Coach Russell and his squad will leave Saturday and stay overnight in Boston before continuing on to Washington.

Coach Russell is beginning his second season as Maine tennis coach. He took over the reins from Dr. G. William Small last spring after the latter had brought the net game to its present place as a major sport at Maine.

Al Card, husky catcher for Coach Harold "Tubby" Raymond's baseball nine, is shown as he prepped for the southern trip which the team makes each year. Photos by Dickson

## Raymond Plans To Take 17 Men On Annual Trip

BY BOB CHADBOURNE

Coach Harold "Tubby" Raymond will take a 17-man baseball squad south this week end on the first leg of a 7-game spring vacation jaunt.

Seven pitchers, six infielders and four outfielders will make up the roster for the southern trip. The first game on the vacation schedule will be played at West Point on March 30 against the Military Academy team.

### Pitchers To Get Workout

With seven games slated for the Raymondmen in the short space of eight days, the Bear mound corps should get plenty of work. The following hurlers have been picked to make the trip: Fred Clark, Chan Codrington, Glen Dean, John Dana, Charlie Otterstedt, Dick Vose, and Hank Woodbrey. Raymond has not yet decided upon his starting pitcher for the opener at West Point, but is expected to use either Dana or Woodbrey against the Cadets.

### Line-up Set

Raymond has his line-up pretty well set with Mal Speirs at 1st base, Wally Gagnon at 2nd, Ellis Bean at short stop and Dave Bates in the hot corner. John McGuire, Al Hackett and Dave Wiggins will patrol the outer garden. Also making the trip are Don Arnold and Paul Bradstreet, both of whom should see considerable action before the Bears head for home. Al Card will handle the catching chores.

### Lots Of Hustle

According to Raymond, spirit on the 1953 Bear diamond edition is very high. "All of the boys have been working hard and have shown lots of improvement," said the Maine mentor. "Tubby" Raymond is starting his second season as Maine baseball coach and has a lot of confidence in his team's chances for a good season.

Here is the schedule of ball games for the Bear pastimers:

- Mar. 30—Army (at West Point)
- Mar. 31—Bainbridge Naval Training Station (Bainbridge, Md.)
- Apr. 1—Maryland State College
- Apr. 2—Fort Meade (Maryland)
- Apr. 3—George Washington Univ. (Washington)
- Apr. 4—Quantico Marine Base (Virginia)
- Apr. 6—Upsala College (New York)

## Phi Mu Captures Campus Hoop Title

The Intramural Basketball league ended last Thursday night when Phi Mu Delta put the finishing touches on a successful season, walloping Dunn 2 by a one sided 93-50 margin for the campus championship.

Dunn 2, which thrashed North Dorm 5, 80-48, for the Dormitory championship the night before, offered some opposition the first half, trailing only 44-36 at the half.

Phi Mu showed its class, however, the second half with Harry Stearns setting the pace. Stearns hit the nets for 42 points on 16 baskets and 10 foul shots. The high scoring forward was backed up by the fine play of Mal Speirs who popped in 15 points. Kenny Woodsum, Bob Toth, and Ken Parady chipped in with eight points apiece.

## Footballers Begin Training In April

Maine's Black Bear varsity football hopefuls will report to Coach Hal Westerman for spring practice April 9, two days after vacation. Players will draw equipment Monday or Tuesday before going outside.

Westerman said spring practice will be carried out on a voluntary basis. "We will be out there to help each man to improve his individual game," he said. He also mentioned that men who are playing other varsity sports such as baseball and track will not necessarily jeopardize their chances by not taking part in spring practice.

Maine will follow NCAA spring practice rules which allow colleges to practice 20 days within a 36 day period. Westerman and his aides will work out their charges according to the weather.

# Kappa Sig Leads In Intramural Race

Although its team came in second in the intramural basketball league, Kappa Sig still has amassed the greatest number of points and is leading 16 other fraternities in the quest for the Benjamin C. Kent all-point trophy for intramural sports.

Kappa Sig has earned a total of 279 points according to figures recently released by intramural sports head, Sam Sezak. Kappa Sig won the football crown for 65 points and the handball championship for an additional 46 points. Second place in basketball netted it 140 points and it picked up another 28 in track.

With intramural volleyball, tennis and softball remaining Kappa Sig will have to produce topnotch teams to keep its lead which Phi Mu Delta is slowly cutting down.

Phi Mu, by copping the basketball crown, gained 155 points. It had previously picked up 50 for second place in football, 35 in handball and a comparatively poor 8½ markers for track for 248½-points total.

These two well-stocked athletic houses are expected to be in the thick

of the remaining sports. Defending Benjamin C. Kent champion Phi Eta dropped into third place as the result of a mediocre basketball season. Phi Eta earned only 95 points on the cage court. A healthy 57 points in track, 25 for football and 29 for handball gives Phi Eta 206 points and still a chance to overtake Kappa Sig and Phi Mu.

## Women's Sports

BY PEGGY GIVEN

The semi-finalists on the winning side of the ping-pong doubles tournament are Sally Allen and Barb Knox, Ruth Barker and Joan Sturtevant, Ruth Thompson and Shirley Bostrom, and Joan Gillette and Bella Frazier.

Pat Adams, volleyball manager, has announced that volleyball practices will start Monday, April 13.

The W.A.A. will be hostess for two playdays to be held here at Maine this spring. Mary Small is chairman of the high school play day, May 2, and Alice Rinehart is chairman of the May 9th college playday.

Any one interested in being a member of next year's W.A.A. Council please sign up before March 27.

## Schedule Set For Volleyball

Intramural volleyball will get underway April 7 after spring vacation. All 17 fraternities have entered teams, and the dorms have seven entries.

The Fraternity Division has been divided up into northern and southern leagues, while the dormitories are in a single league.

A 16-game slate starting at 6:30 p.m. is on tap the first night. The three-week schedule will find every team playing each team once in its respective league.

Phi Kappa Sig is the defending volleyball titlist. However, it will be given strong opposition from other frats which are vying for the all-point trophy.

The Northern League champs will meet the Southern League winners April 27 for the fraternity championship. The following night the fraternity champ will face the dormitory victors for the campus championship.

The best news is new news. Call Ext. 242.

## University Society

By MARGIE THOMAS

It is plain to see that spring is well on its way. Outings are beginning to be the highlight of week-end festivities. There has been a steady stream of cars going from the campus to Bar Harbor and Pushaw. Another good sign that spring is here at last is the scene that can be seen on the Balentine Sun Parlor roof.

Phi Gam held its annual Fiji party last week end. The occasion got under way Friday night with the Fiji Island party. The house was attractively decorated according to the theme. Music was provided by Bob Jones and his orchestra. There were approximately 70 couples attending; refreshments were served. Chaperons for the dance were Capt. and Mrs. Salvatore A. Casale and Major and Mrs. Hugh M. Wendle. An outing was held Saturday.

Phi Eta held a Buccaneer's Brawl Friday night. The house was decorated with fish nets, maps, and sea chests. Nat Diamond's orchestra provided the music. There were approximately 70 couples attending and refreshments were served. Chaperons were Mr. and Mrs. Phillip Parsons and Ma Cook. Mert Robinson was in charge of the affair.

Saturday the Phi Etas held an outing at the Camden Snow Bowl. There were 50 couples attending. The group had a hamburger roast which was followed by games and dancing.

Chaperons were Mr. and Mrs. Phillip Parsons and Ma Cook. Special guests were Mr. and Mrs. Glen Frank.

The members of Phi Kap put on a Shamrock Party for the new pledges Friday night. There were 45 couples attending. Music was provided by a vic and entertainment was provided by the active members. Refreshments were served. Chaperons for the party were Mr. and Mrs. George E. Ains-

## Coeds To Be Feted During Vacation

Undergraduate women in the Portland and Lewiston-Auburn areas have been invited to attend alumnae functions during the spring recess.

Invitations have been extended by the Lewiston-Auburn alumnae for a tea to be held Saturday, March 28, from 3-5 p.m., at the home of Mrs. Oscar Hahnel, 16 Russell Street, Lewiston.

A week later, on April 4, the Portland alumnae will entertain at the Y.W.C.A. in Portland with a program starting at 2:15 p.m.

When in Bangor stop at

## Sixth Tri Delt Fashion Show Held Saturday

The sixth annual Delta Delta Delta Fashion Show was held Saturday at 2 p.m. in the Louis Oakes Room of the Library. Approximately one hundred and fifty adults and students gathered to watch the display of latest spring fashions.

Twelve coeds, representing the six campus sororities, modeled clothes from Old Town and Bangor merchants. Those modeling were: Helena Melhorne, A O Pi; Jeanette Hovey, Pi Beta Phi; Donna Richardson, Delta Zeta; Jean Leveille, Phi Mu; Nancy Kelley, Chi Omega; and Pat Parsons, Margaret Paton, Jean Eastman, Barbara Mason, Connie Douglass, Joan Leach, and Barbara Graham, Tri-Delt.

The proceeds from the show will go toward a scholarship for a deserving woman student on campus.

## Speech Contest Set For April 25 Here

The University's annual speech contest for high school students will be held here Saturday, April 25, according to Prof. Wofford G. Gardner, head of the speech department.

Prof. Gardner said that any high school in Maine is eligible to enter. He said invitations have already been sent to 250 schools.

The purpose of the contest, first held in 1903, is to encourage better speech habits and to stimulate interest in speech training.

There will be eight divisions: extemporaneous speaking, humorous reading, group discussion, original oratory, oratorical declamation, poetry reading, radio newscasting, and serious reading. Only one student from each school may enter in each division.

If you want everybody to know about it, bring it in to 4 Fernald Hall. Or call Ext. 242.

## Classes To Run On New System Beginning In Fall

Classes next year will be run on an eight-hour day, James A. Gannett, Registrar, has announced. The decision was made March 2 at a joint meeting of the committee on admissions and the schedule committee.

The eight period day was discontinued in 1946 with the beginning of the fall semester due to increased post-war enrollment.

Class schedules starting in the fall semester will be changed to fit under the new system. Morning classes will begin at 8 a.m. and will last the usual 50 minutes. The final morning class will begin at 11 a.m.

A class-free lunch-hour will be followed by the first afternoon class which will begin at 1:10 p.m. The remainder of the day's classes will follow 10 minutes after the hour, the last beginning at 4:10 p.m.

You hear it in the coed dorm:  
You hear it on the green—  
"L.S./M.F.T.," they shout,  
"They're milder and they're clean!"

Betty Lou Gauss  
Ohio University

**LUCKY STRIKE**  
"IT'S TOASTED"  
CIGARETTES

The taste that's in a cigarette  
Is just what counts with me—  
If you're the same, then look no more,  
Try Lucky Strike and see!

Richard S. Bunnewith  
Boston University

Nothing no, nothing-beats better taste  
and **LUCKIES**  
**TASTE BETTER!**  
Cleaner, Fresher, Smoother!

Ask yourself this question: Why do I smoke?

You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette.

Luckies taste better—cleaner, fresher, smoother! Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco.

So, for the thing you want most in a cigarette... for better taste—for the cleaner, fresher, smoother taste of Lucky Strike...

**Be Happy-GO LUCKY!**

**Where's your jingle?** It's easier than you think to make \$25 by writing a Lucky Strike jingle like those you see in this ad. Yes, we need jingles—and we pay \$25 for every one we use! So send as many as you like to: Happy-Go-Lucky, P. O. Box 67, New York 46, N.Y.

I love to bowl, but seldom strike;  
It takes good luck you see.  
But Lucky Strike, the smoke delight,  
Sure made a hit with me!

Rose G. Starr  
Creighton University
