DEFEAT WATERVILLE
BY 35 to 27 SCORE

The Frosh "A" hoopsters, after many unsuccessful games, took over Waterville High School by a score of 35 to 27.

Tapley, Smith, and Plair starred for the frosh, scoring 12, 10, and 8 points respectively. Tapley excelled in floor work.

The frosh "A" lost to Rumford High School Friday night to a score of 44 to 32, in one of the fastest games of the season. The team was greatly handicapped by the loss of Russell and Thompson and the absence of Keegan.

The frosh "F" team bowed down to John Bapst High School Friday night and to Monson Academy Saturday night to scores of 21-10, and 26-13 respectively.

COMPULSORY PRE-RUSHING MEETING HELD

A meeting of all eligible freshman women was held in 30 Coburn, Thursday at 1:00 o'clock. Louise Milliken, president of the Pan-Hellenic Council, explained the rushing rules to be observed this year and answered a few questions. Representatives from all the sororities were present. Beginning with Friday, no eligible woman may say more than the "Maine Hello" to a sorority woman.

BOYS' DORMS PRACTICALLY DESERTED

MANY GAY HOUSE PARTIES PREDOMINATE

Eventful Week-End

Fraternity rushing for Freshmen has begun on the University of Maine campus with the customary holiday spirit and excitement. The dorms have been practically deserted all through the past week due to dinner and supper engagements at various fraternity houses. The art of pipe smoking has adopted a typically countryfied technique in the introduction of corn cob pipes at the numerous smoker's. However, corn cobs are not the only attraction at smoker for some have presented minstrel show and all kinds of refreshments.

Several houses have already held dances and S.A.E. has already held a sleigh ride and dance in Stillwater Saturday night.

Pushing will continue two more weeks and the date for pledging has been set at February 27.

The contrast between the period of freshmen rules and rushing time is most noticeable. Frosh are treated as kings and are royally entertained wherever they go on campus.

NEW SPORTS COLUMN TODAY

Sport Chats, a new sports column devoted to the latest sports events of the University will be a regular feature of this newspaper. It will be edited each week by "Red" Swab of the Class of '37.
CAST FOR MASQUE PLAY CHOSEN

With the exception of one part, the cast of characters of the Maine Masque play, "Both Your Houses", has been chosen and rehearsals begun.

Following is the cast of characters: Marjorie Gray-Helen Buker; Bus-Margaret Snow; Eddie Wister-Alfred Sweeney; Solomon Fitz Maurice-Mark Bailey; Mark Arne Menton; Simon Gray-Forrest Martin; Leavitt-William Whiting; Berton-Kenneth Nash; Doll-Francis Lord; Sneden-Paul Woods; Miss McMurtry-Bettina Sullivan; Wingblatt-Almon Cooper; Peabody—not chosen; Farmum-Robert Laverty; Allen McClean-Herschel Bricker; Eber-Earl Brown.

Due to rushing, basketball, and numerous other activities, the presentation of the play will be postponed from February 28 and March 1 to sometime in the middle of March.

There are three freshmen in the cast—Margaret Snow, Robert Laverty, and Forrest Martin. All three have had previous experience in the Masque, having played in "Conscullor at Law".

SNOWBALL CABARET TO BE HELD SOON

The long-anticipated Snowball Cabaret is to take place Friday the sixteenth. It is sponsored by the honorary education fraternity, Kappa Delta Pi and promises to be a big affair. In spite of the many rushing parties a good crowd is anticipated. Larry Miller's Bears will furnish their usual grumbling and there are rumors of an unusual floor show.

FROSH CO-EDS DEFEAT SENIORS

Saturday morning the freshman girls met the Seniors in their fourth game of the season. The game got away to a start which showed that the freshmen were determined to win. Elizabeth Ashby scored the first basket for the freshmen. About 25 of the freshmen squad reported and substitutions were made so that every one might have a chance to play. When the final whistle blew, the freshman score was 20 while the seniors only had 17. Both sides put up a good fight and at the half the seniors were tied 12 to 12. During the last quarter Isabel Ashworth succeeded in making 4 baskets and the seniors were only able to make two. Much may be said of the brilliant passing and shooting of the freshmen team. This is the fourth consecutive game that they have won and we hope they maintain the fine record.

SORORITIES HOLD OPEN HOUSE

Open House was held last Friday and Saturday afternoons in Colvin Hall. Freshman women "rushed the sororities" during these two days. They visited the various rooms assigned to the different sororities in that way becoming acquainted with the upperclassmen. This was the only time the freshman women could talk to sorority women. On Monday invitations were extended by the sororities to their various 'informals'. Parties will be held all this week, and preferential bidding will take place next week.
The Freshman track team will again swing into action next week against a strong aggregation from Bridgton Academy. Undaunted by the shellingack handed out by South Portland High, the mighty men of '37 will again strive to uphold the honor of the class. The Freshmen will undoubtedly be considered the underdogs. They have been working hard under the tutelage of Coach Chester Jenkins, and are planning to come through with a victory.

It should be a tough afternoon for Bridgton if "Rabbit" Veho, one of the most versatile men on the team and Bill Hunnewell of national fame get going along with the rest of the boys. Keep your eye on "Tarzan" Heisel who hails from the wilds of Pennsylvania, and Ding Dong Bell, the ploughboy from Denneville.

Ralph has been doing fine work in the shot put this winter, while Alton developed over night into one of the best javelin throwers in the school, as well as an excellent pole-vaulter and shot-putter.

If one should inquire as to the weather, this chicken would say it is fine weather for "Tennesias. If you see any of the fellows walking around on crutches or with their arms in slings, you may be sure in saying they are just a couple of ski-jumpers who can't take it.

Philip Bower is the outstanding man on skis. Ski-jumping and Slalom are his favorite events. Incidentally he was the Freshman to make the trip with the varsity Winter Sports team to the Dartmouth Winter Sports Carnival. Hats off to Bob Ohler who is doing great work in the two mile snowshoe event. In the recent try-outs Bob just barely missed making the grade after breaking trail for over half the course. Robert Patrick Iaverty, the rugged Irishman from Massachusetts, is doing fine work in the cross-country ski event. Paul Woods is another mainstay in the snowshoe event who may be seen practicing every day.

The wrestlers under coach Reese are making firm progress. Many freshman candidates make up the nucleus of coach Reese's squad, Bob (Sonny Boy) Nivison is one of the outstanding men in his class. It's a real treat to watch this boy work out. The annual intramural wrestling meet will be held sometime in March, with the winners of the various classes seeing action in the State Meet.

Coach Crockett has his boxers practicing strenuously three times a week in the Memorial Gym. Seth (C (Chesty) Williams and "Tommy" Thomas are showing fine work in the many art of self defense. As soon as all the boys get into shape, they will be ready to take on Primo Carnera, or any other prominent mitten-man in the cauliflower ear industry.

Can't you fool it in your bones? It's football time again! At least it is for a few of the boys who are working under Coach Price during his mid-winter practices which are held in the Armory. Maine has won the state championship in football for the last three years. It is up to '37 to furnish good material to keep Maine at the top of the heap.

FRATERNITIES
In choosing your fraternity, permit us to offer this important suggestion. Naturally the decision to join this house or that one is influenced largely by the desire to live the remaining three years of college with the group of men you select as being most in accord with your interests and ideals. You may especially admire the Seniors of a certain fraternity, but remember you will never live with them. It will be the Juniors and Sophomores that will be your brothers. Look them over carefully; but particularly look over your fellow Freshmen pledges. They are the ones that you will have the closest associations with, and will determine the popularity or disfavor of your fraternity three years from now.

ANOTHER "TRASHMAN"
Each year it is customary for the "Freshman" staff to publish a humorous edition of the "Freshman" entitled the "Trashman". Last week saw the annual one printed. There have been many requests for another and better "Trashman".

As Ben Bernie, that genial maestro of radio-land says, "Come on all youse guys and all youse gals---and let's make the next "Trashman" a real treat. Let's hear from you all. Let's have more people represented in the next one---more jokes, more stories,---more fun! Let's hear from you all. Contributions may be either left in the M.C.A. office door mail box or in the mail in the Treasurer's office in Alumni Hall,--addressed to the "Freshman".

SPEAKER ON SOUTH AMERICA

On Friday, February 9, an assembly was held in the Memorial Gym at 8:00. Hubert C. Herring lectured on "How South America Feels". Mr. Herring is interested in South American affairs and took part in the seventh Pan American Congress as a representative of the Foreign Policy Association. Herring also made a tour of some of the South American states by airplane and he spoke on how these countries felt towards our country.
Several young fellows from Bates went out one day to hunt as the frost was in the eye and the brown earth was white with snow.

Their homes were far and near, one from Williams, Arizona; Houston, Texas; Palmer, Leboody, Lowell and Turner, Mass; Lancaster, W.M. and Bradley, Brewster, Harrington, Hitchley, Lee, Hitchfield, and Robinson, Maine.

Perry, the person's son, took Oswood, Thomas, Thompson, and Norris in his Priscot; Martin, the proctor, took Albert, Harry, Evans, and Dunton, the son of a miller. In his Dodge; Clark and Sumner had a Ford; and the cousins, Gordon and Davis, not rich, came up in the rear in an Austin. As they started, Albert said "What will the weather be?" and Dunton allowed it would be fair. They passed Frewer with its church that resembled a temple and wished they might hear the bell peal. In Dennis, they looked for the old homestead with the antique davenport, within its gates. No Simmons beds there! Passing the green hall they turned a corner down a lane and crossed the ferry to Lennox, following the Shannon River towards the woods. Each parked their carr near one of the small brooks and started walking, their packs "within me." Going to some knowleds in a little field near a sort of green box, they camped there. They appointed Perry as foreman, Evans as cook and Martin as carpenter while Albert and Oswood set out for a stand, asking Norris if he "can see" too. Evans and Martin took off their coats, and gathered some wood, making a crane without staples over the fire made with flint, and put the water on to boil. Evans cooked some bran muffins to go with Mack's bread, in a baker they brought with them. Alas, the hunters only shot some hawks on the wing, so it was lucky they had plenty of ham and currie, to say nothing of dill pickles. "It's a cunning ham," said Evans, and Martin said "Don't Burnett," Evans answered "I won't but Calderwood," to which Martin replied "Don't be cross." As they sat around the fire, Gordon a good if not frue story teller entertained them with tales of the redman, while Harry whom they named the "Pied Piper of Priscot," because he sings, sang their favorite "Thru the Fields of Fortune." Thomas urged him to "chop up" some more but just then Clark said "Whose's calling set?" as a scream seemed to pierce the air. Norris had the misfortune to trip over some marble at the edge of a cliff, which would have meant a coffin for him. He was white, as he said "thanks to that dinknell, I did not land on those rocks," and "Don't tell lumber." Gordon next cropped his plate and "stover" all to pieces, and he was warmer than old Mother Hubbard when she found her cupboard bare! Thompson was pronounced a lawless man because he wanted to "crane" a bear and was told it was folly, twice folly, to factor such a thought. Suddenly Thomas exclaimed, "See that Oak," but Sumner frigidly replied, "That is not an oak, but a raincoat." After discussing many famous men, as Thomas Partiale, Bishop Hughes, Emerson, Shaw, Lausac, Grant, Niles, Jackson, Johnson, Edwards, and Corbet, Perry announced it was time for the hound to leave. As they started their cars, they heard a horn loudly honking and found Martin out of gasa.

With no more than these troubles to mar their day, they parted next planning trips to Phillips Lake, Bryant's Pond, Jordan Pond, and Prout's Neck.
