Auto Permits For Students Climb To 700

So far this year approximately 700 University students have received permits to operate automobiles on campus. Considering that only 900 or so obtained permits during the whole of last year, the ratio is climbing. At this time last year, about 600 permits had been granted.

The chief reason for this abrupt climb is the large freshman class, according to officials. There are more veterans in this year's freshman class than have been admitted in one class in quite a few years. The many veterans are due primarily to the Korean conflict.

Among the freshmen, the only persons that can have cars on campus are either veterans or persons over 21 years of age. There are nearly 200 freshmen in this category. Out of the total freshman class of 900 and some, these 200 eligibles represent a comparatively large percentage. Much larger than the freshman class of 1957.

With such an infiltration of vehicles the parking situation has become more acute, the spokesman said. The parking lots furnished by the University are being filled to overflowing and some cars are even being parked outside of the allotted parking zone.

A University official stated that 50 requests for permits to keep cars on campus have been allotted to Dean of Women Edith G. Wilson. This number is higher than the coeds have received in previous years, he stated.

When the two-year agriculture students invade the campus to start their classes this fall, there will be an upward surge in the issuance of permits, since all these students are allowed by the University to operate cars on campus.

75th Anniversary Celebration Planned By Beta This Week End

It will be a banner occasion this week end when Beta Eta chapter of Beta Theta Pi, the oldest fraternity at the University of Maine, celebrates its 75th Anniversary.

Years of progress, years of prosperity—as well as years of strife and years of strain, will be reviewed by hundreds of Betas expected from all over the East coast.

One of the highlights of the week end will be the Anniversary Banquet at the Penobscot Valley Country Club.

Columbus S. Barber of Kensington, Md., veteran editor of the Beta's national magazine, will be the main speaker at this affair.

Other speakers include University President Arthur A. Hauck, Former President Harold S. Boardman of Waterville, Beta Eta '95, District Chief Weston B. Haskell, Beta Eta '42, of Waltham, Mass., and House President David E. Smith '55 of Houlton.

Also expected to be present is Harry M. Easton, Pennsylvania, of Winchester, Mass., national vice president.

Guests of the fraternity will be Dean and Mrs. John E. Stewart, Mrs. Hauck, Faculty Advisor Gerald E. Grady, Lawrence '43, and Mrs. Grady, Alumni Advisor John T. Maines, Beta Eta '43 of Old Town.

Stephen R. Buzzell, Beta Eta '20, of Old Town, will be toastmaster.

Forty years after the founding of Miami University, Oxford, Ohio, the first chapter of Beta Theta Pi at

Plans Nearly Completed For Leaders' Conference

Plans for the first joint General Student Senate-Women's Student Government Conference are nearly completed, Chairman Mary Atkinson announced today. The all-day session will be held Saturday, Oct. 16, in the Memorial Union.

A noon luncheon featuring Pres. Arthur A. Hauck as speaker will be one of the features of the program.

The session will open with a keynote talk at 9:30 a.m. by Dr. Milton M. McGorrell, pastor of the Universal Fellowship Church in Orono.

Participation Urged

Letters and registration cards have been sent to the dormitories and fraternity houses urging students to participate in the program.

During the morning session discussion groups led by faculty and student members include such topics as Techniques of Leadership, Qualities of Leaders, Cost of Leadership, Group Dynamics, Leadership—an Honor or a Service? and Leading a Group Discussion.

"We are honored to have Pres. Hauck speak to us at the noon luncheon," the committee said, "and we hope students and faculty will plan to attend immediately following the morning discussions." At that time Winship Moody, president of the Senate, and Cynthia Nelson, president of WSGA, will also speak.

Discussions Planned

Two afternoon sessions are scheduled. The first one will include individual discussion groups on the duties of officers. The other session will be concerned with discussions on campus problems.

Former 'Campus' Editor Is Appointed By University And Alumni Association

Walter P. Schurman, Jr., of Dover-Foxcroft and Northeast Harbor, a former editor of the Maine Campus, has been named associate editor of the Maine Alumnus and assistant publicity director at the University, Pres. Arthur A. Hauck announced today.

Schurman, who will be employed jointly by the University and the General Alumni Association, has been connected with the Piscataquis Observer in Dover-Foxcroft since his graduation from the University in 1952. He will assume his new duties late this month.

Two Jobs

In his new position, Schurman will devote part of his time to the editing of the Alumnus, which is published nine times a year by the General Alumni Association, and is mailed to graduates of the University. He will also be given additional responsibilities in the alumni office, where he will work with Donald V. Taverner, executive secretary.

For the University, Schurman will

assist with writing and editorial work in the publicity department, where he will work with Howard A. Keyo, publicity director.

While a student here, Schurman was a member of the Maine Campus staff for three years, and served as editor during his senior year. A member of the varsity golf team, he was awarded his letter in golf.

I D Cards Here

All students not issued a laminated identification card at registration should report to the Registrar's office sometime Friday, James A. Harmon said this morning.

Students can pick the cards up from 8:30 a.m. on, he said.

Student I.D. cards—or temporary athletic passes—must be shown at the gate for admission to Saturday's game.

Rally At Gym Friday Night To Spark Student Spirit For N. Hampshire Game Here

Nearly 3,000 Maine students are expected to jam the Memorial Gym Friday night for a big football rally which will touch off the season's second home-game week end.

"Pioneer" Mayor Kelley Elliott will lead the cheers for the Black Bear gridders as they prepare for their Yankee Conference meeting with New Hampshire.

The evening will get underway with a torchlight parade at 7 p.m. The parade will assemble at Carnegie Hall with the varsity band leading in uniform. The parade will make the rounds of the women's dorms, march down fraternity row, past the men's dorms, and on to the gym.

Men with old cars are urged to join the parade.

Lively Program

Cheers for the Maine team will be led by the mayor and cheerleaders. In addition to the usual band numbers,

The Maine Student Chapter of the American Society of Civil Engineers will sponsor a stag dance tomorrow evening, Oct. 8, at the Memorial Gym following the rally. Music will be provided by Mel Tukey and his band.

The program will be highlighted by words from Russ DeVette, new head basketball coach. Jack Moran of The Bangor Daily News sports department will also address the rally.

Specialty numbers by the drum majorettes, a skit by the freshman class with Pete "Agronomy Al" Burbank as announcer will round out the program.

Special Section

A special section of seats in the south balcony of the gym will be reserved for the class of 1958. Dana Baggett will M.C. the rally with Elliott.

A dance will follow the rally program with Mel Tukey's orchestra furnishing the music.

Assisting the mayor on the rally committee are Del Boutin, Dana Baggett, Bill Calkin, Charlie Hussey, Nancy Caton, Mert Robinson, John McGregor, Pete Burbank, Marilyn Lounsbury, Cyn Nelson, Frank Fenno, The Senior Skulls, Sophomore Owls and Eagles, and All-Maine Women.

Historian Opens Lecture Series Here Oct. 14

Dr. Henry Steele Commager, American historian, author and lecturer, will be the first speaker on the 1954-55 University-Community Lecture Series on campus Oct. 14 at 8 p.m. in the Women's Gym, it was announced this week.

Dr. Commager, who is internationally known as an authority on American History, is professor of history at Columbia University. Following graduation from the University of Chicago, from which he also holds a doctor's degree, he studied at the University of Copenhagen.

In 1926 he was appointed instructor in history at New York University, where he remained until 1938 and attained the rank of full professor. He has been a professor at Columbia since 1939.

In addition to his regular teaching duties at Columbia, he has taught summers, delivered endowed lecture series, or while on leave taught at many other institutions, including Duke University, Harvard, University of Chicago, University of California, Boston University, University of Virginia and Pittsburgh University. In 1942-43 and again in 1947-48 he was lecturer at Cambridge University, England.

Prof. Commager is much in demand as a speaker because of his preeminence in the field of American history both as a teacher and author.

There is no admission charge to the lecture series, which has been made possible by an anonymous gift to the University.

Alpha Omicron Pi sorority will sell chrysanthemum corsages at the Maine-New Hampshire game, Oct. 9. Donations will be 75¢. Proceeds will be used for philanthropic projects.

Shown at the annual tea sponsored by Phi Mu sorority in honor of the foreign students at the University are Saw Saing, Chang Chi, Jean Turner, John Girard and Pat Twomey. Name tag flags of the various countries represented were given the guests at the tea, which was held in the Memorial Union Sunday. (Photo by Meinecke)

WSGA Elects Off-Campus Advisers

At a regular business meeting of the Women's Student Government Association held at the home of Dean Edith Wilson, Frances Roderick and Frances Hanson were elected to serve as student advisers in the re-organization of the Off-Campus Women's group. The council desires to stimulate a closer relationship between the W.S.G.A. and the Off-Campus organization.

The standard University of Maine women's blazers made possible through the efforts of the W.S.G.A. are now available at the Bookstore. It was reported that various sizes are in stock.

Mary Atkinson, social chairman, gave a progress report on the Student-

Faculty Tea which is scheduled for Nov. 20. Committee chairmen are Sue Bogert, arrangements; Mary Bigelow, service; Marjorie Mealey, publicity; and Evelyn Whitney, name tags.

Other business on the agenda included a report by Evelyn Whitney concerning the fall assembly, a summary of the discussion groups of the New England W.S.G.A. Conference, and a discussion of the proposed budget.

Refreshments were served after the business meeting.

Arthur A. Hauck has been president of the University for 20 years. He came here in 1934.

Good Will Drive To Be Held This Fall

The annual Good Will Chest Fund drive will get underway on Dec. 5, according to Delano Boutin, president of the board of governors. The goal has been set at \$2,500. Last year 92 per cent of the goal was reached with 59.2 per cent of the students contributing.

Serving on this year's board with Boutin are Pete Werner, vice president; Maude Kinney, secretary; Ralph Keef, treasurer; and Reginald Bowden, Jim Varner, Anne Rubin, John Buker, Norm LaPointe; Prof. Richard Hill, Prof. Theodore Weiler, Rev. Richard Batchelder, and James A. Harmon, adviser.

Debate Topic Announced

Prof. Wofford Gardner, head of the Speech Department, announced that the topic for collegiate debates this year will be: "Resolved: that the United States should extend diplomatic recognition to the Communist government of China."

Officers of the Maine Debating Council are: Frank Grant, president; Zane Thompson, vice president; Joan Williams, secretary; and Jessie Sargent, treasurer.

Officers of Pi Kappa Delta, honorary speech society, are: Stanley Clish, president; Barbara Knox, vice president; Joan Williams, secretary-treasurer; and Carl Brooks, reporter.

What's new? Please tell us.

Beta To Celebrate 75th This Week End

(Continued from Page One)

Beta Eta chapter was founded at Maine through the now non-existent Alpha Sigma Chi Alliance.

The Maine chapter's beginning dates from Sept. 25, 1875, when 13 students met in an Orono Hall and formed a society of Eternal Companions, or "E.C." as it became known.

The first plan was to secure a charter from Delta Kappa Epsilon, in which they were strongly supported by all the Bangor members of that fraternity.

The petition, however, did not win the backing of the Maine chapters of D.K.E.

One of the graduates of "E.C." going to Cornell for advanced work, learned of Alpha Sigma Chi, with the ultimate result that June 22, 1878, the members of the "E.C." were admitted into that fraternity. The following year, that fraternity was assimilated by Beta.

Four other chapters were taken into the fold of Beta Oct. 9, 1879, the same time the Beta Eta Chapter was granted.

The hall in Orono used by the original group was destroyed by fire in 1877. The movement toward the erection of a chapter house came shortly thereafter.

In 1886, the chapter leased from the University a residence on campus (now the infirmary). The present house, the first fraternity house on campus as well as in the state, was

SRA Notes

The chaplains of the four campus faith groups together with the Student Religious Association director urge those who wish counselling in academic and social problems or who would just like to talk to visit them in their offices. The chaplains also urge those who are not of any faith group to come to them.

Cornelia Douglass has been chosen by the SRA Cabinet to head this year's Brotherhood Week. She will serve as chairman of the spring event.

Richard Alper was recently elected by the Cabinet to serve as chairman of Religious Emphasis Week also held in the spring.

Anyone interested in committee work for either of these events should contact either Miss Douglass or Alper. Work on the programs will begin this week.

constructed in 1905.

Tribute To Members

The 1907 edition of the Hand Book of Beta Theta Pi carries this tribute to the early members of the fraternity:

"The Maine house is a monument to the loyalty of the alumni of that chapter. Suddenly realizing the need for new accommodations the alumni with a small nucleus of \$2,000 raised nearly \$10,000 more in 10 weeks, and built the house in a remarkably short time.

The account then goes on to give a description of the dwelling and its facilities.

During World War II all fraternities on campus closed their houses on campus. The first year they were converted back to fraternity houses instead of dormitories, Beta was among them. The war years saw the house used as an infirmary.

Theater Group Has Open House Party

"Open House—Backstage" was the theme of the annual reception for the freshmen given by the Maine Masque Theatre last Sunday night.

Patricia Gill, social chairman, headed the committee on arrangements for the reception, and Pauline Hilton was in charge of the refreshments.

After a welcome and introduction of the officers by Miss Gill, President Norman Andrews outlined the program for the year.

The program was then turned over to Prof. Herschel Bricker, Masque director, who explained the meaning of the phrase "Commedia dell'Arta," and outlined the plot of the story. A poet, Allardyce, played by Donald McAllister, has come between the happiness of Horace, played by Howard Danner, and his wife Marybell, played by Claire Lewis.

In preparation for the "Commedia dell'Arta," Charles Snell and Andrews prepared the scenery, Roger Frey, Roger Bowman, and Beth Bedker made-up the actors and Miss Hilton was in charge of the costumes.

Maine Sorority Representatives Attend National Conventions

BY HILDA STERLING

During the summer sorority conventions in various parts of the United States were attended by official delegates from five chapters at Maine. The representatives participated in business meetings, round table discussions, and banquets. They enjoyed meeting and exchanging ideas with sorority sisters from all over the United States and Canada.

Pat Twomey, president of Pi chapter, was the delegate to the 23rd biennial convention of Phi Mu held at The Huntington Hotel, Pasadena, Calif., July 11-16.

Toured Hollywood

In addition to convention meetings, the chapter delegates enjoyed a tour of the U.C.L.A. campus and Hollywood, which included a visit to the famous Grauman's Chinese Theatre. Members of the delegation saw a TV show in which some of the girls participated.

Approximately 300 delegates from 76 college chapters of Delta Zeta attended the 23rd national convention held at the Chase Hotel, St. Louis, Mo., June 28-July 2. Betty Tucker, president of Alpha Upsilon chapter, was the official delegate.

Many of the ceremonies featured Julia Bishop Coleman, a founder of the sorority, Miss Tucker reported. The national officers, alumnae advisers, province directors, and alumnae delegates were also present at the convention.

Pi Beta Phi held its 39th national convention at the Roney Plaza Hotel, Miami Beach, Fla., July 5-11. Barbara Knox, president of Maine Alpha, acted as the chapter delegate.

By granting two new charters, Pi Phi has increased its number to 102 active chapters throughout the United States and Canada.

Oldest Sorority

Evidence was also presented definitely establishing Pi Beta Phi as the oldest national Greek letter sorority in the United States. It was founded April 28, 1867. John Neal Campbell, 36th Grand Consul of Sigma Chi, was a convention speaker.

The 29th biennial convention of Chi Omega was held at The Greenbrier, White Sulphur Springs, W. Va., June 24-28. Constance Lewis, president of Xi Beta chapter, and Hilda Sterling were the delegates.

An outstanding feature of the convention was the banquet speech "Fraternity In A Non-Fraternity World" delivered by Sigma Chi's John Neal Campbell.

During the formal banquet chapters from Vanderbilt University, College of Puget Sound, and North Texas State College were granted charters. By such presentations, Chi Omega has established 116 chapters on college campuses throughout the United States.

Tri Delt Sends Five

Kathleen Black, Nancy Sinclair, Eleanor Turner, Joan Mason, and Laura Little, president of Alpha Kappa chapter, were the delegates who attended the 66th anniversary convention of Delta Delta Delta held at The Greenbrier, White Sulphur Springs, West Virginia, July 12-16.

Approximately 450 delegates representing 96 college chapters attended the convention.

As part of the convention, one evening was devoted to fun and entertainment. Represented chapters presented a variety of skits for the convention delegation.

Dr. Krueger Given Grant For Research In Optics

Dr. George C. Krueger, assistant professor of physics, has been awarded a National Science Foundation grant to help finance a two year research program in optics.

The project, called "Phase Contrast Analysis on Non-Homogeneous Transient Phenomena," will be done by Dr. Krueger in addition to his regular teaching duties.

Awards Made To 16 Students

Sixteen University students were awarded scholarships this past week.

Joseph G. Bergomi, Jr., received the Fred C. Boyce student award by the Northeastern Division of the American Pulp and Paper Mill Superintendents Association. Bergomi, a senior, attended Northeastern University before enrolling at Maine.

Bergomi has been active in student affairs including the Student Council, Student Union Building, and Student Chapter of the American Institute of Chemical Engineers. He received the Ford award in 1953.

Nine students have been given Sears-Roebuck Agricultural Foundation scholarships for the present academic year, according to Associate Dean Winthrop C. Libby of the College of Agriculture.

The \$200 award based on character, scholarship, qualities of leadership, and financial need, were awarded to Kermit Allard, Kenneth Eaton, Richard Keirstead, Charles Knowlen, Linwood Lufkin, Mary J. McCarthy, John Palmer, Stanwood Pullen, Jr., and Winthrop Richards. The scholarships are available to Maine farm men en-

tering as freshmen in the four-year agriculture course and also to women entering home economics as freshmen.

The Charles H. Hood Dairy Foundation has given \$100 scholarships to five students enrolled in the two-year agricultural program at the University.

Receiving scholarships were Robert A. Brett, James C. Edgerly, Gene A. Harjula, David A. Luce, and Hugh C. Smith, Jr.

Enrollment At 3,009

With 3,009 students already enrolled at the University for the fall semester, officials announced this week that the total would be about 3,060 when the two-year agricultural students register Oct. 25. About 575 of the students are veterans of the Korean War and 46 veterans of World War II.

Registration figures now break down like this: graduate students 92, seniors 518, juniors 596, sophomores 766, freshmen 933, special students 46, and three-year nurses 58. There are 2,248 men and 761 women enrolled.

AOPi Will Present Balentine Portrait

A portrait of Mrs. Elizabeth A. Balentine will be presented by Alpha Omicron Pi sorority to the University on Homecoming, Oct. 30.

Mrs. Balentine served the University in many capacities from 1894 until her death in 1913. Balentine Hall, the first wing of which was built in 1914, was named after her.

The ceremony will take place in Balentine Hall at 4:15 p.m. following the homecoming game. A tea beginning at 3:30 in South Balentine will precede the formal presentation.

Miss Estelle Beaupre of Bangor is

chairman of the alumnae committee on having the portrait made. Serving with her are Mrs. Lloyd Carroll and Mrs. Robinson Spiers, also of Bangor.

After the death of her husband who had been professor of agriculture at the University, Mrs. Balentine was appointed secretary to the president of the University in 1894.

Two years later she was elected secretary of the faculty in addition to her other duties. In 1906 she retired as secretary to the president and devoted her entire time to being secretary of the faculty.

STUDENTS!

Got a Lucky Drooodle in your noodle?

SEND IT IN AND

MAKE \$25

Want to pick up \$25? Make up a Lucky Drooodle and send it in. It's easy.

If you want to find out just how easy it is, ask Roger Price, creator of Drooodles. "Very!" Price says. Better yet, do a Drooodle yourself, like the ones shown here.

Drooodle anything you like. And send in as many as you want. If we select yours, we'll pay \$25 for the right to use it, together with your name, in our advertising. We're going to print plenty—and lots that we don't print will earn \$25 awards.

Draw your Drooodles any size, on any piece of paper, and send them with your descriptive titles to Lucky Drooodle, P. O. Box 67, New York 46, N. Y. Be sure your name, address, college and class are included.

While you're droodling, light up a Lucky—the cigarette that tastes better because it's made of fine tobacco . . . and "It's Toasted" to taste better.

Progress Report

Our administration provides many services to ease the problem of fraternity existence—one of the most valuable being the tremendous help during rushing. There are many examples on both sides already and, we hope, more to come.

WORO Scores On Game

Maybe someone could help this problem immeasurably by conducting a poll to find out once and for all just what the majority of us want when we troop over to the gym for one of those Friday night sessions.

The Maine Campus

Praise, Pans

The Interfraternity Council of the University of Maine extends hearty congratulations to Beta Eta Chapter of Beta Theta Pi Fraternity on the

Name Withheld

Free Press Rings Loud

At the University of Connecticut last week President Albert Jorgensen went to Washington to discuss the loyalty certificate with officials.

IFC Announces Initiation Dates

Midnight Wednesday, Nov. 17, to midnight Saturday, Nov. 20, will be the dates for this year's informal fraternity initiations, the Interfraternity Council voted last night.

This will be the period when the fraternities put their pledges through traditional Hell and Greek Week programs before making them formal members.

In charge of seeing that initiations do not violate IFC rules will be this committee of IFC members: Albert Searway, Lambda Chi Alpha; George Davis, Tau Kappa Epsilon; and Richard Herrlin, Phi Kappa Sigma.

Dean of Men John E. Stewart, IFC advisor, told the group he believed the adoption of a rule requiring freshmen to have a point average of 1.5 before they could pledge was largely responsible for a large decrease in the number of pledges flunking out after their first year.

He cited figures showing that 31

fraternity pledges left school because of low ranks in June, 1952 compared with only 13 last June. Of the 13, ten had not been eligible for rushing last February but entered after the middle of spring semester when they qualified by bringing their averages to 1.8.

Dean Stewart chided fraternities for having University property in their houses without proper authorization.

He said that campus authorities last summer recovered about seventy-five University chairs from six houses.

Canterbury Club Holds Camden Work Project

Members of the University of Maine Canterbury Club spent last week end in Camden at St. Thomas' Diocesan Church Camp. The group was organized into a work party and closed the camp for the season. Mr. and Mrs. William Stone were chaperons.

Next Wednesday evening's speaker at the regular meeting of the club at Canterbury House will be Prof. Thomas Parker of the History and Government Department. The meeting will be at 7 o'clock.

University To Study Pulp Waste

Dr. Ashley S. Campbell, Dean of the College of Technology, has announced the signing of a contract between the University and the National Council for Stream Improvement (of the Pulp, Paper and Paperboard Industries, Inc.) under which the University will conduct research to develop waste treatment methods applicable to the Maine pulp and paper industry.

Specifically, the University will study methods for treating liquor from sulfite pulp mills with particular reference to river conditions in the state of Maine. This problem has baffled researchers from industry and research institutions for many years.

While for many years each pulp and paper mill in the state has carried on its own investigations of its individual position, this is the first time that all of them, acting together within the structure of the National Council, have subjected their overall waste dis-

posal problems to cooperative large-scale, state-wide, intensified study by a Maine institution.

It is hoped that the research at the University will point the way to a solution of this important industry's stream improvement problem in the state. Not only is the pulp and paper industry the largest manufacturing industry in the state, but also its importance in the national economy is indicated by the fact that in paper and paperboard production, Maine ranks sixth among all the states.

To Present UN Film

A public showing of "World Without End," a new United Nations film which depicts the story of UNESCO, and three other UN agencies in action, will be presented at the Memorial Union Building next Wednesday, Oct. 13, at 3 p.m.

Fraternities Pledge 31 New Members

Thirty-one more pledges to nine fraternity houses were recorded this week by the Interfraternity Council.

New pledges listed by the IFC include Dean Cooper, Richard Fitzgerald, Richard Gleason, Richard Lowry, Ronald Mavor, Rodney Ross, Lawrence Warren, and Robert Wiklund, all of Delta Tau Delta; Richard Irwin, Phi Eta Kappa; Paul Hester and Loren Sibley, Phi Gamma Delta.

Carl Beaulieu, Nicola Calandrello, William Lord, and Robert Gormley, Sigma Phi Epsilon; Henry Brodersen, Robert Hosking, George Lahrmann, Edward Powers, and Richard Schofield, Sigma Phi Epsilon.

Ronald Mooers, Sigma Nu; Irwin Hyman, Tau Epsilon Phi; Charles Grant, Tau Kappa Epsilon, Carleon Chapman, Donald Hoxie, Donald Marsh, William Paul, Blaine Plummer, Neil Troost, Gunther Utzart, and Robert Vuillemot, Theta Chi.

MacKinnon Named Varsity Band Leader

Donald MacKinnon is the new student leader of the Varsity Band.

Other elected or appointed officers are Arthur S. Allen, drum major; Roy Cummings, president; Donald Mairs, vice president; Faith Wixon, secretary; Nicholas Khoury, treasurer; Erlon Varney, business manager; and James Turner and Chester Curtis, properties.

The librarians of the club are Carol Shoemaker and Jean Ann Davidson and the publicity director is Bruce Corwin.

WORO Will Broadcast Away Football Games

The University Store Company has contracted with campus radio station WORO to broadcast all away football games this year.

First of these games was the Maine-Vermont game broadcast directly from Burlington last week. Stan Milton and John MacGregor were the announcers.

A group of Maine co-eds getting some first hand information about photography from Daniel M. Maher, Jr., of the Bangor Daily News, whose exhibit was opened by the Journalism Department at a coffee Tuesday afternoon. Left to right are Maher, Joan Reynolds, Geneath Boulter, Elaine Walts, and Hilda Sterling. (Photo by Dexter)

Hartgen Announces Variety Of Exhibits

An average of three art exhibitions a month and a total of 29 exhibitions will be presented at the University this school year.

The art gallery, which will feature all original works, is open week days

from 9 to 5, Saturdays from 9 to noon, and Thursday evenings from 7 to 10. The Thursday evening period has been arranged for business people and others who can not visit the gallery during the daytime, Hartgen said.

A CAMPUS-TO-CAREER CASE HISTORY

"All the answers aren't in the book"

W. D. Garland, E.E. '52, Univ. of California, is working for the Pacific Telephone Company. We thought you'd be interested in what Don told us about his first assignment.

(Reading time: 45 seconds)

Here Don Garland makes noise distribution measurements with a Level Distribution Recorder

"My job is to help solve problems of noise and other interference on telephone lines due to power interference. Inductive co-ordination is the technical term for the work.

"First thing the Chief Engineer explained to me was that 'all the answers aren't in the book.' He was right. Most of the problems have required a combination of electrical engineering, a knowledge of costs and generous amount of ingenuity. I like it that way. It's given me an immediate opportunity to put into practice the theory I learned at school.

"In addition to this on-the-job experience, I have attended several special training courses conducted by the company. Now I'm breaking in a new man, just like when I started."

Don Garland's work is typical of many engineering assignments in the Bell Telephone Companies. There are similar opportunities for college graduates with Bell Telephone Laboratories, Western Electric and Sandia Corporation. If you'd like to get more details, see your Placement Officer. He will be glad to help you.

BELL TELEPHONE SYSTEM

Series Games Spur Quick Action For TV In Corbett And Dunn

BY JOHN LITTLEFIELD

While many University students had to be content to listen to last week's World Series baseball games on radios in their rooms, or crane their necks to see the games on television from a back row seat at the Memorial Union, the men in Dunn and Corbett Halls watched the series in the relative comfort of their lounges. The sum of 75 cents per student brought the games to the boys via two brand new T V sets.

Idea's Origin Unknown

According to Dana Baggett, head proctor of Corbett Hall, the origin of the idea to purchase the sets is rather hazy, but he believes that Dormitory Manager William Wells' suggestion that the dorms rent sets for the games started the chain of events that brought TV to Dunn and Corbett.

Baggett said that after Wells' suggestion had been made, he discussed it with Barry Millett, Dunn's chief proctor. After this meeting all the proctors in the halls were called together and later the same evening, Tuesday, individual section meetings were held where the final decisions to buy sets were made and the 75 cent contributions begun. In all, only about four or five hours elapsed between the time the idea was suggested and the time the two dormitories had collected enough money to purchase the sets.

They were ordered the same night and set up Wednesday morning just in time for the opening game of the series.

Prove Popular

Both Baggett and Millett think the sets have proven very popular with the students so far but neither believes that studying has been affected to any appreciable degree.

Both proctors have experienced

some difficulty with the sets on the technical side, however. Friday Dunn's set went out and a new one had to be brought in, and Saturday, with the series over, Corbett's set went on the blink.

The University got into the swing of things by contributing \$50 toward each set and also arranging to buy the sets at a wholesale price.

Home Ec Club Aims For Closer Ties

The University Home Economics club told representatives from Farmington State Teachers College and Nason College Saturday that it feels it must strengthen its state affiliations before taking part in New England-wide provincial meetings.

Among the activities on the day-long program were a luncheon talk in North Estabrooke by Rev. Dr. Milton McGorrell of the Universalist Church in Orono. The program got underway with registration followed by an open house at Merrill Hall where various displays of the University department's work were shown.

University students planning the meeting were Mary Ginn, Mary June Renfro, Betty Durling, Jean Spearin, Elsie Colby, Dorothy Jewell, Susan Ashton, Pamela Thompson, Joan Fuller, Frances Smith, and Byrl Haskell.

Bears Meet New Hampshire At Home

Vermont's Eddie Beck, left, is shown as he neared the goal line on his 87-yard runback of the opening kickoff of the second half in last Saturday's game at Centennial Field, Burlington. The Catamount halfback got some key blocking (pile of players in center) at midfield and then outraced the Maine players into the end zone for the day's most thrilling run. Bear Facts

The Great Vermont Comeback

BY PAUL FERRIGNO

It was a shame that Hal Westerman's much improved eleven had to give one of their most startling and exciting performances in recent years before an unappreciative Vermont homecoming crowd at Centennial Field in Burlington, Vermont, last Saturday afternoon.

Just a handful of Maine rooters were on hand, braving a network of winding Vermont roads and a cold misty day spotted with intermittent rains, to watch the Black Bears of Maine smash to a scintillating 23-20 triumph.

In all four seasons we have been watching the Pale Blue perform on the gridiron never have we witnessed a more electrifying win. Three times it looked as if the Catamounts were pounding nails into the Bears' coffin, but Maine was not to be denied and fought back like a real champion.

Twice in the first quarter, the Catamounts led by the strong right arm of quarterback Mike Seemans, tallied on pass plays to take the lead 14-0.

The speculation at that time among the handful of University press and radio correspondents scattered throughout Vermont's spacious press box was another Maine defeat was in the brewing.

Fumbles, which plagued our Bears in the opener against Rhody, were the decisive factors in the two Vermont scores. Oddly enough, both fumbles by Maine occurred early in the first stanza and both were recovered by the enemy on the Maine 37 yard marker.

Maine received its first break early in the second period as Tom Golden roared through the Vermont line and batted down a would-be Catamount boot. Right end Don Douglas scooped up the loose ball and bulled his way to the Vermont one. Two plays later Johnny Edgar smashed off left guard for the score.

A few minutes later the Green Mountain Boys miscued again and the Bears were seemingly on their way. The Maine hopes were really enlightened as Edgar again skirted left end down to the Vermont five.

However, when halfback Ernie Smart was stopped short of the line on Maine's final try from the one, memories of Rhode Island's fatal goal-line stand a week before came into plain sight.

If that wasn't bad enough Maine was suffering badly through injuries

to key men throughout the entire half. Earlier in the quarter Jack Small was flattened and had to be carried from the field for the remainder of the afternoon.

Golden, who displayed one of the greatest exhibitions of fortitude and raw-boned courage, was flattened four times throughout the game, but each time scraped himself off the deck and hustled back into the Maine lineup.

At the outset of the second half, a Vermont halfback, Eddie Beck, completely stunned the stout Maine ground defense and sprinted 87 yards to a score. However, in what we term the turning point of the contest, the Vermont placement was wide and the Catamounts held a 20-7 lead.

It seemed to be a lost cause for the Maine club as they dragged themselves back to await the kickoff. Another defeat for our Bears was whispering over dark and dreary Centennial Field at that moment.

Six minutes later the Bears looked like a new squad as never-say-die Golden again smashed his way through the heavier Vermont line once more to snare a fumble on the Catamount 27. Seven plays later, Larry Griffin cracked over from two yards out and the disadvantage was cut to 20-14 as Golden added his second kick.

Here in the third quarter it was almost heartbreaking to see the Maine injuries mount. Sometimes for two or three plays in succession, a Maine man would be stretched out on the turf.

Continuing on with the game, Pete Kostacopoulos, a converted center from last year's frosh team, tossed to end Thurlow Cooper, who took the pass thrown from the Vermont thirty-five on the ten yard stripe, and with a running leap, dove from at least five yards out into the end zone.

This time Golden, sore from the constant pounding he had taken all afternoon, was not in the game. So off the bench came Roger Miles, the place kicking specialist of two years ago.

The first kick was squarely through the uprights, but the referee signaled that both sides were offside and the play would have to be done over. With the tension mounting every second, Miles promptly belted the ball through the uprights again and Maine was home.

A great victory for the Black Bears in the wild Green Mountain State.

Firlotte Leads Harriers Over Springfield, 21-37

BY SAL SCARPATO

Paul Firlotte led the way as Maine's crack cross-country team garnered a well deserved 21-37 win over Springfield College last Saturday at Orono.

In winning, Maine's thinclads placed one, two, five, six, and seven to insure the victory. Paul Firlotte, Stan Furrow, Paul Hanson, Joel Stinson and Phil Emery finished in that order.

Wet Course
Although the race was run over a very wet and slippery course, the winning time of 21:33 for the four and a half mile race was good, considering this was Firlotte's first race of the season. He is last year's Yankee Conference champion.

Close on his heels, however, was Stan Furrow who has developed tremendously since last year. Furrow was clocked at 21:52, which was about 1:15 faster than his best time last year over the same grind.

With more practice and experience Coach Jenkins feels that Furrow will soon be pushing Firlotte for the team's number one position.

Of the others who placed in the meet, Joel Stinson and Phil Emery will bear watching. Stinson has had trouble with his knees in the past but through constant condition proved to be in fine shape Saturday.

Emery A Surprise
The surprise of the race was Maine's Phil Emery who ran his initial varsity meet finishing seventh.

Coach Jenkins said "Phil Emery is coming along fine and will be a valuable asset if he continues to develop and gain experience."

Paul Hanson, another of Maine's standouts, should soon round himself into top shape and again to be one of Jenkins' top men.

Frosh Host To Higgins Eleven

Coach Sam Sezak's Bear Cubs will inaugurate their 1954 pigskin season Saturday, October 16, when they play host to a visiting Higgins Classical Institute eleven.

In the 2:00 p.m. opener, the Frosh will be battling to equal the performance of last year's team which crushed Higgins with a lop-sided, 45-0, victory.

Early this week Coach Sezak said that his squad was "slowly molding and shows lots of promise." He also remarked that some of his men could get to only three or four practice sessions a week because they had late classes, and this of course is slowing the team down. In spite of this difficulty, however, "Sam" was confident that his team would be well prepared for the Higgins game.

Practically every position is still wide open and the competition is keen. Men who are showing outstanding ability and providing a lot of stiff competition for starting positions are ends, Jim Carroll, Jerry Davis, Ed Shimmin; Tackles, Walt Abbott, Dick Dunn, Lee Wetzel; guards, Carroll Denbow, Don LeBlanc, Jerry Michael; centers, Al Merritt, Al Potvin; quarterbacks, Phil Pollard, Frank Kutz, Bob DeRoche, John Gurga; halfbacks, Gene Arsenaull, Wayne Champeon,

Within The Walls

The Intramural Touch Football league got underway last Sunday, with the big upset of the day being Beta's surprising 8-6 triumph over Kappa Sigma in a Northern Division contest.

Paul Leathers of Beta intercepted a Kappa Sig toss and skirted into the end zone for the winner's touchdown. However, the winning margin of victory was provided when the Kappa Sig quarterback was trapped in his own end zone for a safety.

In other games in the northern half of the league, Tau Ep defeated Delta Tau 6-0, on a pass play from Bob Smith to Bob Stack.

SAE, with Barney Oldfield scoring

three times, rolled over Theta Chi by a 30-8 count. Oldfield, Phil Hale and Sumner Cahoon sparked the SAE offense.

In another game TKE, with Don Kimball pitching for most of the yardage, took Sigma Nu, 18-0.

In the Southern Division, Alpha Gamma Rho took Sig Ep 8-0, as Al Duthie scored his team's only T.D. on an end around play.

Phi Kappa Sigma, paced by David Schlieper and Mike Brown, defeated Lambda Chi, 12-6. Schlieper scored both markers on passes from Brown.

Phi Gamma Delta shutout Sigma Chi 8-0.

Maine Faces Tough 'Cats On Saturday

Fresh from a hard fought 23-20 victory over the Vermont Catamounts, the University of Maine Black Bears return home Saturday at 1:30 to play host to a strong New Hampshire eleven.

The Maine team was at its very best last Saturday as they came from far behind to defeat the Green Mountain State squad.

Sophomore quarterback Pete Kostacopoulos pitched a thirty-five yard touchdown heave to end Thurlow Cooper late in the third quarter to climax a belated rally. Maine snapped back from a 20-7 deficit to win the contest.

No Easy Game

The Bears will have no breathing spell this Saturday, for it will take all their big guns to hammer back the dangerous Wildcats from New Hampshire.

This strong New Hampshire aggregation had an easy time last Saturday with a good Rhode Island team, taking the measure of the Rams, 33-7. This same Rhode Island combine upended the Bears 14-7, two weeks ago at Orono.

However, the Pale Blue should be up for this one as there is plenty riding on the outcome. Not only will they be out to avenge last year's 21-6 loss to the Wildcats and regain the Brice-Cowell Musket which has been resting in Durham for the past year, but a Maine victory would give the Bears the sunspot in the scramble for Yankee Conference honors.

Pappas Sparks Wildcats
The biggest obstacle for Coach Hal Westerman's outfit to overcome on Saturday will be the powerful passing arm of Billy Pappas, last year's all Yankee Conference quarterback.

However, the Wildcats also can go via the overland route, as shown by the 320 yards grounded out against Rhode Island.

Saturday's contest will mark the forty-second meeting between these two YC rivals, in a series dating back to 1903. Maine holds the edge in the series with 19 victories to the Wildcats' 17, with five games ending in ties.

Freshman Thinclads Battle Bangor Rams

With their first meet scheduled for tomorrow, Maine's frosh cross country team, coached by Chester "Chet" Jenkins, is rapidly rounding into shape after two weeks of practice.

From last Saturday's time trials, Coach Jenkins was able to get a start on naming his team for the coming season.

The best performance was turned in by Dave Gould, a former John Baptist High School star, who toured the Maine course in 13:56. Gould, who graduated from high school in 1948, served a stint in the Armed Forces, and according to Jenkins should be one of the top runners for the frosh this fall.

Behind Gould was Dan Rearick, Cranford, N. J., with a time of 14:03.

Maine Sailors Triumph

In its initial appearance of the season, the University's sailing club braving wind, rain, and cold, opened up with a 13-11 victory over Bowdoin College on the New Meadows River near Brunswick last Saturday afternoon.

Society: Sororities Hold Teas, Outings

BY BEVE FOWLIE

The members of Alpha Omicron Pi sorority enjoyed an outing combined with business meetings Saturday and Sunday at the summer home of Diane Springer at Castine. Chaperons for the outing were Mrs. Joan Springer and Jackie Springer.

Mrs. William McConnell, Larchmont, N. Y., District President of the New England chapters of Delta Delta Delta, is visiting Alpha Kappa Chapter of Delta Delta Delta for four days this week.

Chi Omega held its third annual outing at Echo Lake Lodge Saturday and Sunday. Twenty girls enjoyed a week end of swimming, mountain climbing and "just plain fun," says Hilda Sterling. Reports concerning the entertainment furnished by Ruth Thompson are rather vague but music would be the most accurate term. Her contributions on the uke, piano, and voice were greatly appreciated by the group in one way or another, I guess. Arrangements were made by Peggy Flynn. Mrs. Harschel Bricker, chapter advisor, chaperoned the group.

Maine Alpha chapter of Pi Beta Phi held an initiation ceremony on Sunday in the South Estabrooke Rec Room. The following girls were initiated: Alice Osier, Joyce Carlson, Myra "Mike" Goldman, Lois Whitcomb, Joan Williams, and Joann Hanson.

Phi Mu sorority held its annual International Tea for the foreign students Sunday in the Women's Lounge of the Union. Name tags bearing the flags of the different countries were presented to the guests. Jean Turner was chairman of the tea. Her assistant was Elaine Walts.

Sigma Phi Epsilon held an informal dance in the chapter room Friday evening. Prof. and Mrs. Lyle Jenness and Dr. and Mrs. Stefan A. Zieminiski were chaperons for the affair. Punch and cookies were served.

The English Department entertained its senior and junior English majors at its annual picnic on Tuesday, Sept. 28 at the private picnic ground of Prof. Walter Whitney. The group enjoyed volleyball and archery in the afternoon, hamburgers, salad, coffee, cocoa, and apple and mince pies for the picnic supper, and in the evening charades, card tricks,

and songs around the campfire. The committee in charge of arrangements consisted of Dr. G. William Small as chairman and Mr. George K. Manlove and Mr. Lewis E. Weeks.

Sigma Chi held a pizza party Friday night with informal dancing afterwards. Mr. and Mrs. Parker Cushman and Mother Pray were chaperons. Bill Calkin, social chairman, was in charge of arrangements.

Dean and Mrs. John Stewart and family were the guests of Theta Chi fraternity Sunday.

The Press Club sponsored an open house Tuesday for the exhibition of news photos by Daniel M. Maher, Jr., Bangor Daily News photographer. The exhibition will be open to the public during the month of October and will be a feature in the program of the Maine Newspaper Day Oct. 22 and 23.

Pinned: Barry Millet, Phi Eta Kappa, to Frieda Smith; Al Bingham, Sigma Chi, to Jody Owen; Ed Bickerman, Phi Gamma Delta, to

Nancy Harris; Jerry Beach, Phi Kappa Sigma, to Maggy Booker; Cy Hubbard, Phi Kappa Sigma, to Barbara Meiske; Buzz Hall, Delta Tau Delta, to Jean Turner; George May, Kappa Sigma, to Gretchen Weiland; "Chazz" Rearick, Phi Eta Kappa, to Betty Brookway; Fred Huntress, Phi Eta Kappa, to Shirley Sanders; Irving Haines, Tau Kappa Epsilon, to Helen Larson; Dave Dickson, Delta Tau Delta, to Jean Cole, EMGH.

Married: Mickey Doble, Phi Eta Kappa, to Marilyn Engleman; Arlene Ortner to Steven Jacobs, Tau Epsilon Phi; Robert Poulin, Tau Kappa Epsilon, to Gloria Gagnon; Shirley Doten to William Oliver, Phi Gamma Delta; Jane Ingraham to George Diplock, Phi Gamma Delta; Shirley Clarke to Pete Brown, Phi Gamma Delta.

Our correspondence column is for your use. Take advantage of it by writing letters airing your views.

Dancing Lessons At Union Every Monday

The Social Dance Club—formed to give everyone on campus an opportunity to learn how to dance—meets Monday afternoons at 4 o'clock in the Bangor Room of the Memorial Union Building.

The club, sponsored by the S. R. A., is under the leadership of Miss Eileen Cassidy.

Object of the club is to help beginners, assist those who want to brush up.
