The past school year has been, on the whole, successful and progressive, though much broken up by changes in our teaching force. There have been changes of teachers in 8 of the 11 schools in town during the year, and while changes in many instances finally resulted in improvement, at first it has tended to interfere with the progress of the school. The year's work in the Gorham High School has been very satisfactory. The attendance has kept up to that of previous years and the character and amount of work done has been fully up to the past high standard of the school. Mrs. Glover resigned her position as asst. teacher at the close of the summer term and Miss Ellen F. Snow was elected to fill the vacancy. Miss Snow is a graduate of Bates College, has had a long experience in teaching and has proved a capable assistant.

There is a most urgent demand for a second assistant in our High School, if we wish to maintain our High School on a par with the best High Schools in the state. At present our two teachers are overworked to such a degree, that not only are they unable to give sufficient time to the various recitations, but they are also compelled by lack of time, to omit certain valuable class exercises, notably class correction of written work, etc. It is most earnestly recommended that sufficient money be appropriated this year to enable us to employ another assistant.

At the graduation, June, 1903, diplomas were granted to the following pupils:

COLLEGE COURSE.

Ina Victoria Brown, Grace Lillian Gordon,
Elizabeth Marion Whittier.

LATIN ENGLISH COURSE.

Clara May Bachelder	Katherine Anne Doyle
Edith Louise Bartlett	Ralph Henry Files
Annie Fogg Clement	Eva Leonora Hamblen
Bessie Cleveland Jones	

ENGLISH COURSE.

Ira Clifford Alden	Harry Knight Rowe
Philip Charles Clement	Arthur Haskell Sampson

At the Frederick Robie School, Principal Dole completed a very successful year's work and graduated the following class.

Ethel Harris	Irene Noyes
Fred Bartlett	Percy Shaw
Ella Anderson	Lawrence Ward
Albert Morton	Lillian Richardson
Elizabeth Mabry	

Mr. Dole resigned his position as Prin. of the Frederick Robie School, at the end of the summer term, and Mr. Tozier, a graduate of Bates College, was elected to the position. Miss Davis, so long assistant teacher in this school, had resigned in the spring and Miss Hinkley, who took her place, resigned in the fall, giving place to Miss Usher.

These many changes have somewhat interfered with the work in this school, but during the latter part of the year, progress has been more satisfactory.

This is one of the largest schools in town, and the school building is not suitably arranged to accommodate the pupils that must attend here.

The arrangement and condition of the outhouses, also, is such as to demand immediate attention. No satisfactory improvement can be made until more land is acquired at the rear of the present grounds. It is urgently recommended that suitable appropriation be made to provide for these needed changes.

At the Levi Hall School, Prin. Lube, closed a successful

year's work and graduated the following class:

Geneva Libby	Cora Moses
Ethel Smith	Marion Moses
Mary Toft	Harland Moses
	Fred Child

The graduating class presented the school with an unabridged dictionary and stand. The lessening attendance and the small number of pupils in this district compelled the School Board to consider the advisability of maintaining a High and Grammar grade in this school as had been done in the past, requiring an assistant in the upper grade, 3 teachers in all for only 35 pupils. It was decided to cut out the High School work, thus dispensing with one teacher.

At the commencement of the fall term the school was put in charge of Miss Coffin, with Miss Douglass in the primary and intermediate department, and the new arrangement has been successfully established. The White Rock School has maintained its excellent standing under the charge of Miss Varney and Miss Files. Some repairs have lightened and improved the main room, the pupils have placed pictures on the walls and the whole appearance of the school is bright and cheerful. The Blake schoolhouse has been repaired considerably—new seats put in and a successful school maintained throughout the year. The work done in the other ungraded schools during the year has been very satisfactory except where hindered by change of teachers. The Longfellow School has suffered particularly in this respect, having had 3 different teachers during the year.

The heating apparatus at the Gorham High School needs repairs before another fall and the School Board would recommend a special appropriation for that purpose. It would also recommend a special appropriation for improvements at the Frederick Robie School.

For regular appropriations it would recommend the following.

For Common Schools,	\$3,000 00
For High School,	1,500 00
For Supplies and Repairs,	1,000 00
For Text Books,	400 00
