## Campaign For Campus Mayor Is In Full Swing; 20th Annual Maine Day Scheduled For The 11th

Cast as the Troll King in the Maine Masque's production of 'Peer Gynt' which opened Wednesday night is Donald McAllister. Tickets are still available by calling 330 Stevens or by purchasing them at the door. (Photo by Strossman)

### 'Peer Gynt' Is Rated Big Success

By JOE RIGO

From Arabian dancing girls to tape recorded day dreams, "Peer Gynt" has them all.

Easily the biggest thing the Masque has attempted in recent years, the whole excellent and entertaining production seems, at times, to be a constant battle for top honors between the technical end and the acting side with both winning. In this area, chances were excellent that the play itself would be overlooked while the audience marvelled at the technical aspects. However, the best acting job the Masque has turned in this year helped keep things in proper perspective.

There is no question that Jack Hardy in the title role deserves about every plaudit in the book for what must be an exhausting part. Appearing and bouncing around the stage in every scene, he constantly seemed to keep his heart in the role. An accomplished Masque veteran, he gives one of his best performances.

Innovations to Masque plays include the use of projecting specially painted and photographed slides from the rear of the stage to a backdrop (Continued on Page Twelve)

### Three In Mayor Race

Three mayoralty candidates began active campaigns today in the race for the 1955-56 campus mayor position.

Bud Leavitt, Joe Boomer and Joe Dyer announced their candidacies late Tuesday when it looked for a while that there would be no mayoralty campaign this year.

The annual Mayor's Rally will be held Monday night, May 9, at 7:30 in Memorial Gymnasium.

#### Campaign

Campaigning is limited to the ten minute breaks between classes today, Friday and next Monday and until 7:30 p.m. after classes.

Meanwhile, working with the theme, "Let's Keep Maine Day Alive in '55," the committees planning the annual Maine Day have announced final plans for the day of work and relaxation, Wednesday, May 11.

The day will begin bright and early with the University band marching through campus waking students for exchange breakfasts, which will be served from 7:30-8 a.m. at the men's and women's dorms. Anyone wishing to participate in the exchange breakfasts should contact Grace Libby at Colvin Hall.

#### New Mayor

Following breakfast there will be an opening assembly on the Library steps, where the new mayor will be announced. Workers will report at 8:20 for the assembly and will go from there to the various projects. The refreshment truck will visit the work projects at about 10:00 serving ice cream and cold drinks.

After lunch, the float parade will be held. The parade, slated to begin at 1:30, will start at the parking lot in back of the New Cafeteria. The Float Parade Committee announced 24 entries in the parade. The ROTC band and drill team will march in the parade. The drill team will do a formation in front of the judges' stand.

Betty Kononen, chairman of the float parade, reminds entrants of the rules governing floats, especially one stating "The name or symbol of the sponsoring organization should not appear on the float, but a two-foot by two-foot card should be displayed bearing the number of your float. To differentiate between divisions the following colors should be used: Black numbers for Men's Division, Red numbers for Women's Division, and Blue numbers for Non-Resident division."

Following the Float Parade, Maine's baseball team will meet Colby in a State Series contest. The game begins at 3 p.m.

The Student-Faculty skit will be staged at 8 p.m. in the Memorial Gym. Following the skit there will be a dance with a student orchestra furnishing music.

### IFC Committee Is Studying Plan For Judiciary System

By JOE RIGO

The committee studying plans for a proposed Interfraternity Council judiciary system has called for student help through ideas.

"The committee has talked over several ideas and has not settled on any yet. Now we would like to see if there are any more before making recommendations to the IFC," Bruce Arnold, member of the committee, says.

#### Appointed

The committee, Blake Bartlett, Clayton Sinclair, Milton Christie, and Arnold, was appointed during the last IFC meeting when the subject of an IFC judiciary came up.

So far, members have written to four other colleges for their plans. Only University of New Hampshire has answered at present. According to Arnold their judiciary works on cases of fraternity violations reported to the Dean of Men's office.

This plan is, according to Arnold, not acceptable to the Maine group.

#### Main Goal

According to Bartlett, one of the main goals of the committee is to help make fraternities as much self-governing as possible. He says much friction that sometimes appears between them and the University administration could be erased or eased if fraternities handled more of their own administra-

tive matters including punishment.

The most definite plan discussed by the committee so far calls for an IFC committee which would act as judge and jury in cases involving fraternities breaking University rules. Some other board would be investigator of reported violations and, at the inquiry before the judiciary board, would act as prosecutor. The fraternity would be allowed to present any case it might have before the IFC voted and set punishment, if any.

#### Face Problem

Chief problem facing the committee concerns the nature of the investigating body, according to Arnold. It is chiefly on this score that the committee would like to hear suggestions.

On this note Arnold corrected an impression given in last week's report of the last IFC meeting where the judiciary was brought up. He said that he does not advocate a police force as such. He said that discussion of it was only a minor part of his talk on the judiciary—that the IFC trying cases and setting punishments when needed was his chief consideration. He added that opinions expressed then were only those of himself and a few friends and not of the whole Phi Eta Kappa Fraternity as reported.

The committee will continue to work on present ideas with the hope of having a report ready for the next IFC meeting about the middle of this month. However, Arnold and Bartlett both emphasized a need for student suggestions.

As yet, though, nothing final is ready.

### Woodbury To Coach Basketball

The University today named Harold M. Woodbury, 43, a veteran member of the coaching and physical education staff of the University, as head basketball coach to replace Russell DeVette, who resigned recently.

#### Butterfield Named

John "Jack" Butterfield, 26, a former University football and baseball player, now coaching at Foxcroft Academy in Dover-Foxcroft, was named to replace Woodbury as coach of the freshman basketball and baseball teams. Butterfield will also replace DeVette as assistant varsity football coach.

Dr. Rome Rankin, director of athletics, said, "It gives me a great deal of pleasure to know that these two capable University of Maine graduates will be coaching their respective teams. Both men have outstanding coaching and teaching records. We are happy that they accepted these coaching positions and confident that they will do a fine job with the teams."

#### Westerman Comments

Head football coach Harold Westerman said, "We are very happy that Jack Butterfield is joining our football coaching staff. He proved himself a great leader as co-captain of the 1952 team and a fine coach and instructor of young people since leaving college. He knows the football system we use here at Maine, and we know he will help us greatly," Westerman added.

Woodbury, an associate professor of physical education, joined the University staff in 1937 shortly after graduating from Maine. As an undergraduate, he played baseball three years and was captain in his senior year.

Basketball was reactivated as a varsity sport at Maine during Woodbury's

Harold M. Woodbury

senior year, and he was acting captain of the team. He previously had played basketball and baseball at Deering High School in Portland.

#### Once Varsity Coach

He coached the Maine freshman basketball team in 1938-39 and took over the varsity basketball reins during the latter part of that season when the late Bill Kenyon was ill.

Between 1939 and 1953, Woodbury coached freshman teams several years and served in the U. S. Navy from 1944 to 1946. He received a master's degree in education at Maine in 1948.

In 1953 he was named freshman basketball and baseball coach. His basketball teams have won 19 while losing one in the past two years. He is the national membership director for Maine of the American Association of Health, Physical Education, and Recreation. He is married to Henrietta Cliff Woodbury, also a University graduate. They have two children.

#### Outstanding Back

Butterfield was graduated from Westboro (Mass.) High School where he was a three-sports athlete. He was one of Maine's outstanding football backs in recent years and was co-captain of the team with his brother Philip "Jim" Butterfield in his senior year. He won three varsity letters in both football and baseball before graduating in 1953.

As an undergraduate, he was a member of the Sophomore Owls honor society and of Kappa Sigma fraternity.

After graduation, Butterfield became coach of football, basketball, and baseball at Foxcroft Academy. He proved himself an outstanding coach and leader while at the Piscataquis County school.

His teams were among the best to represent the school in recent years, and he is credited by Foxcroft Academy officials with raising the spirit of good sportsmanship and good living among the youth of the school, as well as the caliber of the athletic teams.

He is married to the former Patricia Hughes of Westboro, Mass. They have two children.

#### Library To Close

The University library will be closed all day Maine Day, Wednesday, May 11. Tuesday, May 10, library hours will be 8 a.m. to 5 p.m. Reserve books may be taken out Tuesday afternoon to be due Thursday morning.

## Eight Students Compete In SRA Executive Race

Eight student candidates are competing for four positions on the S.R.A. Executive Board in the General Campus Elections.

The candidates are Joan Anderson, Connie Douglas, Barbara Kelly, Diane Livingston, Marjorie Livingston, Margaretmary McCann, Judith White and Richard Alper.

Joan Anderson is a freshman and a member of Alpha Omicron Pi sorority. She is chairman of the Union Music Committee, a Freshman House Council member and active in the Maine Masque. She has served as an S.R.A. committee member and has participated in women's athletics.

Connie Douglas is a member of the junior class and Delta Delta Delta sorority. Her activities include president of East Chadbourne Hall when she was a freshman, executive committee of her class her sophomore year, band, glee club, and M.C.A. She has also served as chairman of Brotherhood Week.

Barbara Kelly, a freshman, has served on the House and Nominating Committees of Canterbury, as secretary of the Off Campus Women, and on S.R.A. committees. She is a newly elected Eagle and is a member of the Freshman Camp committee.

Diane Livingstone, a member of Chi Omega sorority, is a junior. She served as Chairman of Religious Emphasis Week last year, was on the Brotherhood Week Committee this year and is a member of the Student Senate. Miss Livingstone has also been active in the International Club.

Marjorie Livingston has been active in Hillel activities. She has served as an Hillel chairman, Hillel representative to S.R.A., and as corresponding secretary of Hillel. She also was a member of the planning committee for Religious Emphasis Week.

Margaretmary McCann, active in Newman Club activities, is a sophomore. She is a member of Chi Omega sorority and secretary of her class.

Last year she was a member of the East Chadbourne Dormitory Council. Miss McCann has served on the Religious Emphasis Week Committee and is secretary of the University Press Club.

Judith White is a sophomore and a member of Alpha Omicron Pi sorority. She is secretary-treasurer of the Modern Dance Club and a member of the Maine Outing Club. She sings in the Chorus and has served on S.R.A. committees.

Richard Alper, a junior, is a member and past chancellor of Tau Epsilon Phi fraternity. He has served as a member of the Brotherhood Week Committee, Chairman of Religious Emphasis Week, and has served as president and vice president of Hillel. He is a member of the I.F.C. and the S.R.A.

### Foster Shibles Elected President Of Phi Kap

Foster S. Shibles was elected president of Phi Kappa Sigma last week.

Other officers elected were John Hodgkins, first vice president; Kenneth Hendrickson, second vice president; Gordon Bryant, recording secretary; John Buzzell, treasurer; Myles Brown, pledge trainer; Herbert Elliott, corresponding secretary; Garret Van Wart and Ben Day, sergeants-at-arms and William Sterritt, social chairman.

Thirty-nine per cent of the deaths and 35 per cent of the injuries due to motor vehicle accidents last year occurred on Saturdays and Sundays.

Five of the eight student candidates competing for four positions on the SRA Executive Board in the General Campus Election on May 10 are shown above. First row, left to right, Judith White, Richard Alper, and Marjorie Livingston. Standing, same order, are Joan Anderson and Connie Douglas. Absent were Barbara Kelly, Diane Livingstone and Margaretmary McCann. (Photo by Strossman)

### Sing Scheduled In Gym Tuesday

Maine Day festivities will begin Tuesday evening at 7:30 in the Memorial Gym with the eleventh annual Interfraternity Sing in which fraternities will compete for the Col. Joseph C. McCusker trophy.

Last year's winner was Theta Chi.

Thirteen fraternities will enter this year's competition, according to the committee. A new rule change permits a house to be out of competition for three years and still be eligible to retire the trophy. The previous ruling allowed a house to miss only one year to make it ineligible to retire the cup.

The trophy, presented by Col. McCusker last year, is a ten year award, the fraternity winning it the most times during the decade taking permanent possession of it.

Bruce Arnold, chairman of the sing, will be master of ceremonies. Honorary judges, who will tabulate the decisions of the judges, will be Pres. Arthur A. Hauck; James Harmon, registrar; and John E. Stewart, dean of men.

### University Canoeing Institute Staffed By Group Of Experts

The University Canoeing Institute this year will be staffed by a group of experts who are recognized throughout the East for their skills in guiding trips through the lakes and rivers of Maine and Canada.

#### Open To All

The Institute will be held May 13, 14 and 15 and is open to all student and faculty men and women who are interested in learning and improving the canoeing skills needed for trip work.

The General Extension Division of the University is sponsoring the program.

Henry "Hank" Small is co-director of the St. Croix Voyageurs. This is a boys' summer camp which takes pride in its practice of travelling "in canvas by day" and living "under canvas by night."

Their camp takes the form of an eight week's canoe trip which starts at the south of Maine and ends at the Canadian border. "Uncle Hank," as he is known to hundreds of boys throughout the country, teaches at Bath High School.

"Mac" Murphy is a Canadian by birth and is thoroughly familiar with the waters of the northland. He is a member of the faculty at Governor Dummer Academy in Massachusetts.

For many years he has been in charge of the training program at Camp Blazing Trail where leaders and instructors in the Maine Junior Guide program prepare for summer camp work.

"Larry" Plummer is the canoeing specialist at the American Red Cross Smallercraft School which is held annually at Camp Kiwanis in Massachusetts. He is a coach at Rockland High School.

Plummer will handle the regular safety aspects of canoeing, and Murphy and Small will be in charge of white water canoeing, poling, and the general trip program.

### Officers Are Elected By Honor Society

Kappa Delta Pi, the School of Education honor society, elected officers for the coming year at the Union Building last week.

Jessie Sargent was elected president; Evelyn Whitney, vice president; Judith Pasetto, secretary; Gwenyth Bryant, treasurer; and Jane Edwards, historian.

A pledging ceremony was also held. Brenda Dennison, Philip Dugas, Mary Murray, Roger Sprague and Sylvia Thompson are the new pledges.

Miss Jessie Frazier, member of the Board of Trustees at the University and English teacher at Bangor High School, spoke at the meeting.

She related many of her own personal experiences in the teaching field.

### Six Students Elected To Forestry Society

Six students were named to Xi Sigma Pi, national honorary forestry society, and Emerson W. Shedd was named the highest ranking junior in forestry at the fourth annual Forestry and Wildlife Supper.

Students elected to Xi Sigma Pi were Shedd, Donald Funking, Gerald Wright, Charles Thoits, Wilfred Mitchell and Maxwell McCormack.

# Society: Kappa Sig And ATO Parties Are Very Colorful Events

BY BEVE FOWLIE

Last Friday evening Kappa Sig held its Carnival party. It was quite a party. Everyone knew about it, too, because the music coming out over the loud speaker Friday afternoon on into the night put everyone in a jazzy mood. People all over campus were trying to figure out a way to "drop in" and catch a little carnival spirit.

Outdoors a giant Wheel of Chance, five concessions, game booths, and pennants and more pennants were strung up all around. A "Liveland" sign flashed on and off.

Inside found dance pavilions and casino and refreshment stands. The walls were covered with carnival murals. Harry Peterson was roulette caller. Philip Lebet was the clown. Robert Cecchini was head barker.

Brad Sullivan and his quintet provided the music for dancing.

Chaperons were Mr. and Mrs. Charles G. Werner and Mrs. Hamilton, housemother. Guests were Sgt. and Mrs. Reginald G. Gould.

Entertainment was presented by the pledges. It was unique with skit and chorus line.

The other big party was held at ATO that same evening. Daisy Mae flitted in and out and was the belle and theme of the ball. Everything from sawdust-padded floors, log seats and woody green made it just a little more like the spot where Daisy hangs out.

Lew Pearson and his band provided the music for dancing. Chaperons were Mr. and Mrs. Robert K. Sherk and Ma Meeks.

Sunday evening six girls were initiated into Omicron Nu home economics honor society at the home of Mrs. Ingeborg MacKellar. Initiates were Mary June Renfro, Bernice Fender-son, Elizabeth Smith, Carol Scott,

Working on decoration for the Junior Prom which is scheduled for Friday night, May 6, are these five juniors. They are, left to right, Jacqueline Boutin, Ellen Hay, Mary Jane Keith, Gerry Pankagis and Frank Hickey. (Photo by Reed)

Annette Dodge, and Alice Creighton.

Sunday morning at 5 a.m. at the Ledges 16 new initiates of Delta Delta Delta prepared breakfast for members. This event, called the Pansy Breakfast, marks the beginning of Delta Week for Tri-Deltas all over the country.

This event was followed by the Delta Week Tea in the Women's Lounge of the Memorial Union.

## University Junior Gets Four-Week Fellowship

Joseph C. Dell, Jr., has been selected to receive a four-weeks Danforth Foundation Fellowship for the summer of 1955, according to an announcement by Associate Dean Winthrop C. Libby of the College of Agriculture.

Dell is a junior at the University, majoring in animal husbandry.

## Scholarship Awards Made Yesterday At Assembly

Seven students were awarded scholarships and the winners of the Interfraternity and Panhellenic Scholarship awards were announced at the annual Scholarship Award Assembly yesterday morning in Memorial Gym.

President Arthur Hauck announced the scholarship winners.

The Kidder Scholarship awarded to a student whose rank excels in his junior year went to Richard Myer.

### Gerry Awarded

Harold R. Gerry was awarded the Merritt Caldwell Fernald Scholarship given to the student in the junior class, who, at the end of two and one-half years of study at the University, has attained the highest rank in his class.

Stephen Getchell won the Class of 1905 Scholarship. This is awarded to a man of the Freshman class pursuing a regular curriculum, whose deportment is satisfactory, and who attains the highest rank in mid-year examinations.

Four other scholarships were awarded to high ranking juniors. Janett Smith received the James Stacy Stephens Scholarship, Lee Murch won the Harold Sherburne Boardman Scholarship, the Leon Stephens Merrill Scholarship went to John Hesketh, and Joan Johnson was awarded the Charles Davidson Scholarship.

### Receive Awards

Winner of the Panhellenic Silver Scholarship Plate was Pi Beta Phi sorority, while Alpha Gamma Rho received the Fraternity Scholarship Cup.

Members of ten honor societies, Alpha Zeta, Kappa Delta Pi, Neai Mathetai, Omicron Nu, Phi Beta Kappa,

Phi Kappa Phi, Sigma Pi Sigma, Sigma Xi, Tau Beta Pi, and Xi Sigma Pi, were listed on the program.

Prof. Henry Margenau, Prof. of physics and natural philosophy at Yale University, spoke at the assembly. His topic was "The New Faith of Science."

Music was provided by the University orchestra.

## First Class Rating For Maine Campus

The Maine Campus has received a "First Class" rating in a national critical service recently completed by the Associated Collegiate Press.

The rating is based on the first semester of the 1953-54 school year. The Campus was entered in the class of schools having an enrollment of 4000-2001 and having a weekly paper.

The Campus received the following grades in its departments: coverage, very good; treatment of copy, excellent; creativeness, good; news stories, excellent; style, excellent; leads, very good; editorials, very good; editorial page features, very good; sports coverage, superior; sports writing, excellent; front page, very good; editorial and sports page makeup, very good; headlines, superior; typography, very good; photography, very good; printing superior.

## Editorials

## Let's Go, Candidates, Voters!

After a slow start, the Mayoralty Campaign is beginning to shape up.

It's a regrettable situation when so few students are public spirited enough to volunteer as a mayoralty candidate. The passive attitude of most students towards the campaign in general is indicative of a definite lack of interest.

Let's wake up and get behind the students who *have* become candidates. They deserve credit for taking on the responsibilities of a campaign and the potential duties of the Campus Mayor.

The candidates deserve your support and cooperation. They have to spend plenty of time working out campaign tactics and to provide entertainment for YOU, the voter. Active campaigns require student participation and this is a chance for everyone on campus to pitch in and help make the Mayoralty Contest the best one in years!

## Campus Welcomes Criticism

A recent editorial on the Vet's Bonus drew comment from several quarters. Yippee! People do read editorials!

We are much obliged for the comments and criticisms. Particularly, in one case, we were informed of an error in a reasoning of our idea on the Vet's Bonus. We picked up quite a little data from our critic on economics, in general.

Just goes to show that you never know where or when useful information will appear.

Constructive criticism never hurt anyone, although sometimes it goes down the gullet pretty hard. We appreciate the letters to date and the interest of the senders.

Keep 'em coming!

## Coeds Enjoy The Sun

Glancing around the campus on a sunny day brings several interesting sights into view.

For instance, the girls at Estabrooke sunbathe behind the building. So what you say. So what's the matter with you, bud? Take a glance and you'll see what we mean. The rear of Phi Mu looks like a giant mirror with the reflections off all the binoculars, spy glasses, magnifying lenses in use by fellows straining their eyeballs towards Estabrooke.

The crowded sundeck at Balentine is also one of the pleasant vistas of the campus. All automobiles slow down to a respectful two miles an hour when passing—(to make the sharp curve, no doubt). It appears that all the young ladies want a healthy tan. More power to 'em! We are all in favor of young ladies getting tanned.

These sunny days are sure nice here at Maine!

## The Scratch Pad

## Miss White To Lewiston

BY ED PERT

Miss Ruth White, Instructor in the English Department for the past six years, has accepted a very attractive offer and has been named head of the English Department at Lewiston High School. The very popular English teacher will be greatly missed by a large segment of the student body. The Lewiston School Department is fortunate to have obtained the services of this personable and competent teacher.

This year's Prism cover looks real good...ads claiming beer isn't fattening are misleading according to a recent ruling of the Alcohol and Tobacco Tax Division of the Internal Revenue Service...there'll be no place on the mayoralty ballot for write in votes...gremlins were responsible for the jumbled paragraphs in last week's Scratch Pad...and many thanks for your comments and contributions...a recent survey shows that the average male Maine student spent \$32.33 on textbooks this semester.

Ray Thibeault's address is EMGH—Ward 4, Bangor, Maine...why not drop him a line...or drop down to see him...visiting hours are from 2 to 3 and from 7 to 8.

Seniors have engaged Neal Hefti and his orchestra for Graduation Ball...you may have heard him at the

Pier in Old Orchard Beach...and the site of the ball is not yet determined...the Job Placement Bureau still has many summer job openings...and they've placed quite a few graduating seniors...many students were disappointed that the name of Robert "Barney" Oldfield was removed from the list of nominees for President of the General Student Senate...and students wonder why the President of the Union Activities Board is not elected by popular vote of the student body...we hear that the Newman Club is seeking to get Governor Muskie to speak at their May Communion breakfast.

Sigma Nu's are considering holding their stock car racing weekly...all comers invited...Kappa Sig's "Live-land" has been named "Party of the Year"...the Bucket is featuring fights every Friday night...and no TV.

The Masque extended an invitation to Governor and Mrs. Edmund S. Muskie to see *Peer Gynt*...and we hear that music critics from Portland and Boston papers were present on opening night... "This Is Cinerama" is really worth a special trip to Boston...we have been wondering why it wouldn't be a good idea for the University to have a color-sound movie showing campus life for use at high

school assemblies throughout this part of the country... Memorial Day assembly speaker will be Assistant Secretary of the Navy Raymond Fogler.

Unguentine sales show a sharp increase...rumors become more frequent that there will be another candidate for president of the General Student Senate on the ballot...via petition method.

Of whom does Pamela Livingstone (Robert Cummings Show, WABI-TV, Sunday nights, 10:30) remind you?...about this time of year we begin to wonder if perhaps there shouldn't be steps taken to make the position of mayor more attractive...or if perhaps there couldn't be found a way to recreate interest in the contest...or maybe lack of candidates is really a myth...we hear that if the Legislature approves funds for a new women's dorm, it will be built behind Chadbourne Hall facing College Avenue...new owners of some of the North Dorms have already begun the process of dismantling...telecasting of Sunday baseball live by W-TWO television in Bangor is a healthy indication that we may soon be enjoying more live network features in this area...have you noticed the Colby students appearing at the Station's Waterville studio?

president executive committee, senators and students may we gain and utilize the interests and ideas of the students. The proposed amendment in the constitution, if passed, would facilitate the contact between Senators and their constituents.

"The Senate can only be democratic if it serves the opinions of the student and is expressed so as to aid the Senate to better decide on the proper course of action in controversial issues. If elected, I will devote myself to working on problems of sufficient challenge to merit the interest of the students of the University."

Horse Trading  
Modern Style

BY C. &amp; W.

The tradition of pinning at this and other eastern universities frequently resembles the old Indian custom of buying a squaw with several dozen horses, bargain revocable by the purchaser. However, the modern ceremony is slightly more ritualistic. Usually involving some costume jewelry stamped with Greek letters (token

substitute for the horses), an after-hours serenade by several properly alkylated fraters, and, most distressing of all, public congratulation of the lucky female by her predatory sisters in the dining hall.

The authors, representing the two predominant sexes on campus, have made a casual study of the motivations of the pinning fetish.

We have, perhaps arbitrarily, decided that the girls in these contracts agree mainly for either or both of two reasons, which are derived from the young woman's desires for security and for freedom. Acceptance of the pin guarantees an escort for all campus functions, and edible Friday suppers. Moreover the concept of "being pinned" is a sort of moral infirmity Special, a psychological handful of pink aspirin to raise the pain threshold of the conscience. "After all, Jimmy and I are engaged to be engaged..."

Nevertheless there was a girl just before French class many Mondays ago, praising the previous week end at the Dartmouth Winter Carnival, where she had "worked hard to get me this pin."

## Candidates For President

Candidates for president of the General Student Senate are shown above. Left to right they are: Edric (Rick) Starbird, David Foster and Denis McCarthy. (Photo by Strossman.)

## President Post Sought By Three

Three juniors running for president of the General Student Senate for 1955-56 are Dennis McCarthy, Eric Starbird, and Dave Foster.

All three candidates have been active in the Senate.

Eric (Rick) Starbird, a member of the Sophomore Owls his sophomore year, member of Leadership Conference committee 1953-54 and 1955-56, chairman of constitution committee of General Student Senate this year, vice president of Intramural Athletic Association 1953-54, president of the Intramural Athletic Association this year, and is a proctor in Dunn Hall. He is a member of Phi Kappa Sigma fraternity and is majoring in geology.

Dennis McCarthy served on the Freshman Handbook committee, a member of the Freshman Club his freshman year, Interfraternity Council representative 1954, and Senate Maine Day Committee. He is a member of Kappa Sigma fraternity and has held various house positions. He is majoring in history and government.

David Foster, is a member of the Agricultural Club and Calico Ball committee, played freshman baseball, served on Senate Calendar and Campus Citizenship (chairman) committee, vice president of

Senate 1954-55, N.S.A. Coordinator 1954-55, Senate representative in 1953-54, and a member of the Memorial Union Governing Board. He is a member of Phi Kappa Sigma fraternity and is majoring in dairy husbandry. He is a proctor in North Dorms.

## Maine's Varsity Baseball Teams Win Their Share Of Ball Games

By DAVID A. CAREY

With baseball talk filling the air, we decided to investigate the age-old saying that "Maine baseball has always been below par".

In State Series baseball competition since 1888, Maine has participated 67 times, winning 17 championships. With four colleges competing for the title each year, the Pale Blue have come through with more than their share of the victories.

Until recently, the Maine baseball team could not start serious practice until the basketball season ended because one coach handled both sports. Now separate coaches are hired for each sport and the baseball team is able to start working out long before the close of the basketball season.

Bill Kenyon, Maine coach for 23 years, will long be remembered for the outstanding teams he produced during his reign from 1926 to 1949.

In 1933 Al Lefty Perkins went to the Boston Braves. At Maine he was noted for his speed and knuckle ball, besides being clever and calm on the mound.

Alton Bell, class of '37 was one of the most outstanding athletes ever to attend the University. He is the only man in the history of the school ever to be elected captain of two sports in one season. In 1937 he was elected to captain outdoor track and baseball.

He batted a torrid .412 in State Series competition in 1937, besides winning the IC4A javelin championship. In the Olympic tryouts, he threw the javelin a phenomenal distance of 211' - 2 1/2". Bell later signed to play baseball with the Boston Red Sox.

The year 1936 saw two Maine men picked to try out for the Olympic baseball team. They were Clarence Keegan of Mars Hill, outfielder, and Harold Woodbury of Portland, infielder.

## Paper Study Planned By Chem Engineers

The Department of Chemical Engineering is planning a long-range study of the problem of paper coating, according to Dr. Ashley S. Campbell, dean of the College of Technology. The research study will be financed by the Technical Association of the Pulp and Paper Industry.

The purpose of the research study is to obtain detailed information about the chemical and mechanical events that take place during the paper coating process.

Knowledge about these events is expected to lead to new and more extensive production of coated paper.

Prof. Weston S. Evans, head of civil engineering, will address the national convention of the American Society of Civil Engineers in St. Louis, Mo., June 14, on "Engineering Education Since the War."

Prof. Evans is chairman of the Society's committee on Engineering Education.

ASCE is the oldest national organization of engineers in the country.

## Vice Presidency Sought By Four

Four sophomore men are running for Senate vice president in the May 10 elections. They are Eben (Ed) DeGrasse, Herbert Elliott Jr., Earle Simpson, and E. Paul Taiganides.

Eben (Ed) DeGrasse, president of the Sophomore Class and Sophomore Owls, has served as president of the Men's Central Dormitory Council, and president of North Dormitory Council. He is a member of the Veterans' Affairs Committee, the Glee Club, and has been a member of the Senate for two years. In addition, he is treasurer of Phi Gamma Delta.

Herbert Elliott Jr., current Campus Mayor, is a Sophomore Owl, a member of Sigma Pi Sigma and the Maine Masque. He was a member of the Glee Club last year. He is also a member of Phi Kappa Sigma Fraternity.

E. Paul Taiganides, vice president of the class of '57, is also president of International Club

Vice presidential candidates for the Student Senate are, left to right, Paul Taiganides, Eben (Ed) DeGrasse and Herbert (Kelley) Elliott. Absent when the picture was taken was Earle Simpson. (Photo by Strossman.)

and a member of the Sophomore Owls. In addition, he belongs to Alpha Zeta, agricultural honorary society, and the student branch of the American Society of Agricultural Engineers. He is a representa-

tive to the Student Senate and is a member of Sigma Chi fraternity. He served on the Brotherhood Week committee.

Earle Simpson, a veteran, a member of the sophomore class, is a

pledge to Kappa Sigma fraternity and a member of the Senate. He is also a member of Newman Club and has served as a past team captain for the Good Will Chest in the South Apartment area.

## Jerry Loucks asks:

What sort of work would I do on my first assignment with Du Pont?

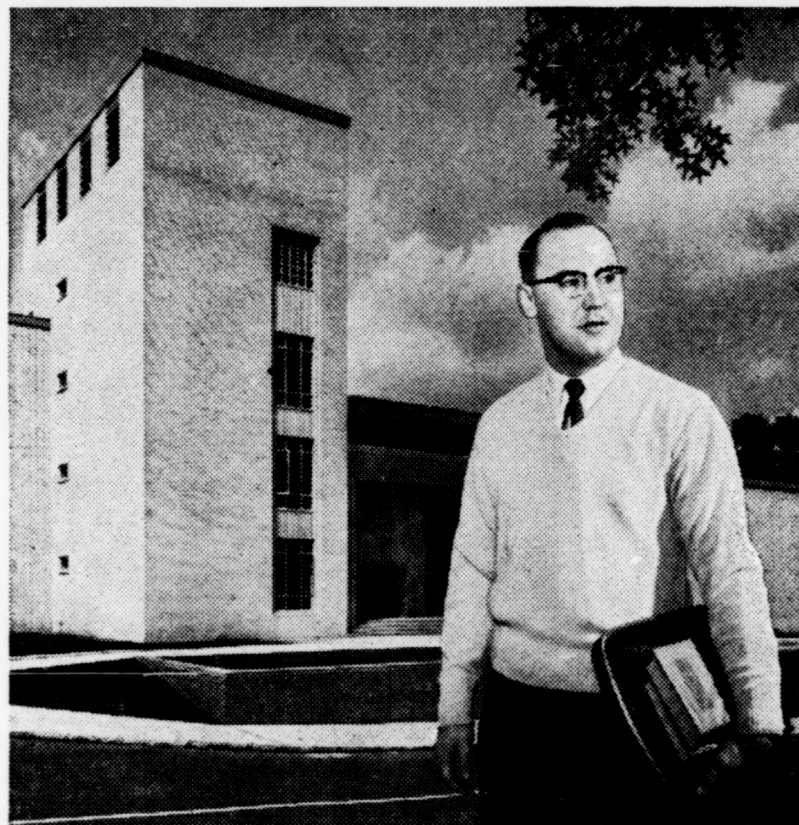

**CHARLES W. LOUNSBURY, Jr.**, worked at Du Pont's Chambers Works for three summers before he received his B.S. in Chemical Engineering from Rensselaer Poly. Inst. in 1940. Since then he has taken an M.S. from Carnegie Tech., and has been continuously employed on interesting assignments at various Du Pont plants. Today Charlie Lounsbury is Technical Superintendent of the Grasselli, N. J., plant of Du Pont's Grasselli Chemicals Department.

**WANT TO KNOW MORE** about working with Du Pont? Send for a free copy of "Chemical Engineers at Du Pont," a booklet that tells you about pioneering work being done in chemical engineering—in research, process development, production and sales. Write to E. I. du Pont de Nemours & Co. (Inc.), 2521 Nemours Building, Wilmington, Del.

BETTER THINGS FOR BETTER LIVING... THROUGH CHEMISTRY  
WATCH "CAVALCADE OF AMERICA" ON TELEVISION

**R. GERALD LOUCKS** is currently working toward his M.S. in Chemical Engineering at Carnegie Institute of Technology. Jerry has served as president of his student chapter of A. I. Ch. E. and participated in intramural sports—besides finding time to play the trumpet in the R.O.T.C. and Kiltie bands. Right now, Jerry is giving a lot of thought to the selection of an employer.

## Charlie Lounsbury answers:

There is a great variety of first assignments at Du Pont, Jerry, depending on a man's field of training and the general area of work he has selected. For example, I understand you're interested in plastics, and you might start in *development work* on plastics, as I did. I worked with a team of more experienced engineers to increase the capacity of equipment used in producing "Lucite" acrylic molding powder. This was a natural prelude to my next major assignment, where I acted as a liaison between Du Pont's *Design Division* and the plant group—on the design of a new plant for making another form of "Lucite" plastic.

Or take *research work*. Here a new man is generally assigned to minor research problems until he becomes familiar with the general features and requirements of an industrial research program.

A young man interested in *sales* may start in a plant or laboratory dealing with the products he will later sell; or he may join a group of trainees to learn selling techniques right from the start.

A man aiming for *production supervision* may first spend a year or so in laboratory or plant development work. Or he may start as an operator—in a plant producing nylon or "Dacron" polyester fiber, for example. In this way he obtains firsthand knowledge of his process, and establishes a bond of mutual respect with the men he'll be working with on his major assignments later.

In general, Jerry, a man is chosen for a specific job within the scope of his major field of study. His first assignment is intended to help him make the best use of his abilities as promptly as possible.

## Dean Mark Shibbes Announces Annual Summer Session

As part of the regular Summer Session program at the University, 28 three-week courses will be offered this year, Dean Mark R. Shibbes, director of the session, said today.

The regular six-week program will extend from July 5—August 12, with about 160 courses available to students.

The first series of three-week courses will be held from July 5-July 22.

### Many Subjects Covered

These will cover the following subjects: The Plant World, The Economy of Maine, Teaching Basic Skill Subjects in the Elementary School, Classroom Management in the Elementary School, Unitary Teaching, Teaching Geography in the Elementary School, Education for Intercultural Understanding, The Local Government and the School.

Also, Geology, Seminar in Home Economics Education, Supervision of Student Teaching in Home Economics, Problems in Maine History, Mechanical Drawing for Teachers, The Great Religions, Educational Psychology, Introduction to Speech Correction, Speech for Teachers, and Social Problems.

The second series of three-week courses will be held from July 25-August 12. They will cover these subjects:

Teaching Content Subjects in the Elementary School, Workshop in Conservation (elementary and secondary), Development of Materials and Programs in Intercultural Understanding, Projects in Maine Government, Methods of Advanced Clothing Construction in the High School, The Mature Mind, and Speech Correction Methods.

## Fogler Will Speak At Pulp-Paper Day

The banquet speaker for the Open House and Research Day program, sponsored by the University and its Pulp and Paper Foundation May 6-7, will be Raymond H. Fogler, assistant secretary of the U.S. Navy. J. L. Ober, vice president of the Scott Paper Company, Chester, Pa., who is president of the U. of M. Pulp and Paper Foundation, said that Mr. Fogler would address the *Research Day* group at Lucerne Inn Friday, May 6, at 6:30 p.m. Other events on the two-day program will include a student-faculty discussion, laboratory demonstrations of various research projects in the fields of chemical engineering and pulp and paper, consultations with staff members and students, and laboratory inspections.

Don't forget to bring your student identification card when you vote at the campus elections on May 10.

This is your community. This is your local newspaper.

## Candidates For Secretary

In the running for Senate secretary are these four sophomore women. They are, sitting, left to right, Barbara Berce, and Sarah Kappas. Standing, same order, are Dorothy Butler and Doris Richards. (Photo by Strossman.)

## Senate Secretary Has 4 Candidates

Four sophomore co-eds are candidates for secretary of the Senate. They are Barbara R. Berce, Dorothy J. Butler, Sarah Kappas and Doris Richards.

Barbara Berce, president of the Sophomore Eagles, is a representative to the General Student Senate, and served on her dormitory council last year. A member of Chi Omega sorority, she also belongs to the Glee Club and the Home Economics Club.

Dorothy Butler is dormitory representative to the Women's Athletic Association and is assistant social chairman.

Sarah Kappas, Sophomore Class secretary, is a Sophomore Eagle, a member of the Glee Club, the Modern Dance Club and the Maine Masque. She belongs to Alpha Omicron Pi sorority.

## L. Bowles Elected Tau Beta Pi Head

Leonard W. Bowles was elected president of Maine Alpha chapter of Tau Beta Pi last week.

Other officers elected were Everett J. Harriman, vice president; Ralph C. Keef, recording secretary; Russell A. Gray, corresponding secretary; Matthias Marquadt, Jr., treasurer, and Burnham W. Ragon, Jr., cataloger.

Prof. Richard C. Hill was elected chapter advisor for a four year term.

Who are you voting for? Voting where? At the May 10 campus elections of course.

## Local Youngsters Help Educate Maine Home Economics Students

By SANDY KING

"Hello, Billy, I will be right over. Bye."

The receiver clicks.

This is a typical telephone conversation overheard in the nursery school in Merrill Hall. Imaginary conversations are only one way in which children entertain themselves.

A course in the pre-school child is part of the home economics curriculum. Students taking this course help manage the nursery school. At the same time they observe and study the habits of the children. These children come from Orono and the vicinity.

Students spend two hours in class, one hour in nursery participation and one hour in observation.

Students observe the children through a screen which extends the length of the nursery school. Students can see the children but the children cannot see the students. The theory is that it is distracting for children if they have people watching them.

The course is planned by Dr. Katherine Miles to train the stu-

dent to learn about the stages of child development. During the semester the children learn and improve social skills. Students observe and note the changes in the children at the beginning and the end of the semester.

The school is well equipped. There are cots for rest hour, paints, a piano, a record player, blocks and a miniature kitchen which both the boys and girls enjoy.

Twelve children go to the school from 9 to 1 o'clock. Their ages range from 2½ to 3½ years of age.

The school is run on an exact schedule. A certain time is allotted for sleeping, storytime and playtime. The children are allowed time to play by themselves.

## A WHOLE CABOODLE OF LUCKY DROODLES!

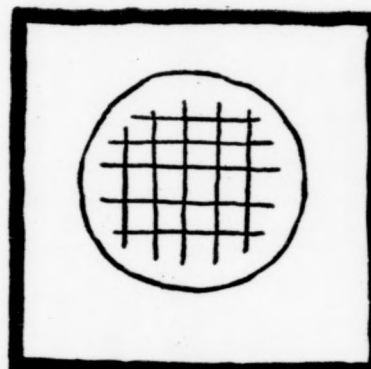

**A WONDERFUL SLANT** on smoking! You'll find it in the Droodle above, titled: Tourist enjoying better-tasting Lucky Strike while leaning against tower of Pisa. If your own *inclination* is toward better taste, join the many college smokers who prefer Luckies. From any *angle*, Luckies taste better. They taste better, first of all, because Lucky Strike means fine tobacco. Then that tobacco is *toasted* to taste better. "*It's Toasted*"—the famous Lucky Strike process—tones up Luckies' light, good-tasting tobacco to make it taste even better. Little wonder that Luckies tower above all other brands in college popularity!

## Campus Has Well Organized Fire Dept.

By CAROL SCOTT

A Fire? At the University?

If you were the first to spot one what would you do?

Chances of this ever happening to anyone on campus are very slim, for there have not been many fires here. But in past years, some of the fires that have occurred on campus have been serious ones.

### Treasurer's Job Has 4 Candidates

Four Freshmen women are competing for the position of treasurer of the General Student Senate in the General Senate Elections.

Virginia Freeman, a member of Pi Beta Phi sorority, was recently named to the Neal Mathetal, high scholastic society for women. Her other activities include M.C.A. and the Home Ec Club.

Deborah McInnes, has been active in many activities. She is a member of Chi Omega sorority, a senate representative from West Chadbourne Hall, and a member of the Chadbourne Dormitory Council. Other activities include the Education Club and Newman Club.

Marilyn Tarr, is a member of Alpha Omicron Pi sorority. She is president of West Chadbourne Hall, a member of the band, and a W.S.G.A. member. She was recently elected secretary of this latter organization.

Doris White, is a member of Chi Omega sorority, is social chairman of Chadbourne Sorority and a member of the Chadbourne Hall Dormitory Council. She belongs to Newman Club and is on the advisory committee for Maine Day.

Therefore, it's important to know just what to do in the event one should break out. If you should spot one between 7 a.m. and 5 p.m., the place to call is the University operator at 6-4441. If it should happen, after 5 p.m., or on Sunday, the number to call is 6-2740, the Heating Plant.

#### Established During War

The University Fire Department will soon be on the scene. The department was established during the war when there was a shortage of young men.

It is made up of about 20 men who hold full-time jobs on campus. Eight or ten are from the Maintenance Department, the rest from the faculty.

The chief is a herdsman at the barns, and under him are a captain and two lieutenants, who head the department.

The University department is an auxiliary of the Orono department. Our fire department is in charge until the Orono fire-fighters arrive at the fire. When a fire is rung in at the University, the

operator or the heating plant first notifies the University volunteers, and immediately after, the town's Department.

When the Orono department is out fighting a fire, the university fire-fighters are on guard for fires in Orono.

The men are paid quarterly. They receive their salary even if they are not called upon to put out a blaze. Their salary is approximately the same as the men in the Orono department, and both groups are covered by a joint insurance plan.

Some of the more spectacular fires include the Wingate Hall fire in the middle thirties. When it was reconstructed, it was made into the two story building we know today.

### "First Nighter" Theme Of Prom; Juniors Slate Dance On May 6

"First Nighter" is the theme of the Junior Prom to be held Friday evening, May 6, from 9 p.m.-1 a.m. in the Memorial Gym. Music for the affair will be furnished by Al Corey and his twelve-piece orchestra.

The invited chaperons include Mr. and Mrs. George A. Billias, Prof. and Mrs. William Szek, Prof. and Mrs. Stanley M. Wallace and Mr. and Mrs. Charles G. Werner.

Pres. and Mrs. Arthur A. Hauck, Dean and Mrs. John E. Stewart, Dean Edith G. Wilson, Mr. and Mrs. Charles E. Crossland, Dean and Mrs. Arthur L. Deering, Dean and Mrs. Joseph M. Murray, Dean and Mrs. Ashley S. Campbell, and Dean and Mrs. Mark R. Shibles will be among the invited guests.

The receiving line will consist of Pres. and Mrs. Arthur A. Hauck, Dr. and Mrs. Edward N. Brush, Dean and Mrs. Winthrop C. Libby, Mr. and Mrs. Charles E. Crossland, class advisor, and Jerry Pangakis, class president.

The junior class officers and executive committee have made the arrangements for the prom. Committee chairmen include Mary Jane Keith and Frank Hickey, publicity; Diane Livingston and William D. Johnson, decorations; Stanley Furrow and Jan Saleeby, refreshments; Margaret Flynt, entertainment, and Jean Partridge and Jerry Pangakis, tickets and arrangements. Tickets for the prom may be purchased at the door.

### Resignation Of English Professor

Dr. George Sanderlin, associate professor of English at the University, has submitted his resignation from the University to accept a position as lecturer in English at San Diego State College, San Diego, Cal.

Dr. Sanderlin joined the staff of the University in 1938, after receiving his Ph.D. from the John Hopkins University, where he held a University Scholarship for three years.

In 1942 he resigned from the University to accept a position as professor and head of the English department at Queens College, Charlotte, N.C. In 1943 he returned to the University to teach English and mathematics in the Army Specialized Training Program.

## Maine Debaters Enter Tourney

Maine Freshman debaters will join with students from Bowdoin and Bates Colleges this Saturday at Bowdoin for the annual Maine Freshman Debate Tourney.

Four Maine students will travel to Brunswick for the debates.

Richard Barter and Walter McIsaac will represent Maine as affirmative debaters while negative debaters will be James Conley and Lester Reid.

Last week end Maine debaters took part in the annual Eastern Forensic Association Tournament at Fordham University. The Maine negative team, Dana Devoe and Zane Thompson, won debates from Fordham, William and Mary College, Pennsylvania State, Barnard College and Princeton. They lost one debate to West Virginia.

The negative debaters, Frank Grant and Stanley Clish, won only one debate. They defeated Pittsburg while losing to Dartmouth, Bates, Pennsylvania State University, St. Peters, and Fordham University.

### Three Made Pledges

The Interfraternity Council received the following pledge reports last week.

Kappa Sigma: Charles W. McGowan and Charles A. Thibodeau.

Theta Chi: Paul E. Tibbetts.

Lambda Chi Alpha has released Keith Diffin from his pledge.

## Sophomore Owls Will Be Announced

Members of the Sophomore Owls Society for 1955-56 will be tapped at the Interfraternity Sing on May 10. Invitations will soon be extended to men of the freshman class asking them to meet with this year's Owls for interviews.

The Sophomore Owls were established here at Maine 46 years ago. Election to the Owls was then and remains today about the highest honor that can be bestowed upon a freshman man.

## Elections Held By SAE

Officers for the fall semester were elected this week by Sigma Alpha Epsilon fraternity.

Barney Oldfield is the new president. Duncan (Mac) MacLeod will serve as vice president and Lester Fogg as secretary.

Time of Examination	TUES. May 31 2:00							

Please report conflicts to the Registrar at once.

NOTE: By the Time of Exercise is meant the time the first lecture or recitation exercise of the week is held in any given course. For example: if a course is given Monday, Wednesday, and Friday at the third period, it is said to be given Monday the third period. By referring to Monday, third period, in the schedule, it will be seen that the examination falls upon Thursday, June 2, at 8:00 A.M.

Note the following changes from the above:

## Students Will Talk On Radio

Four University students will appear on WLBY's program "Feature Story" at 6:30 p.m. Thursday, May 5.

Mary Jane Kilpatrick, Betty Kononen, Stanley Milton and Duane Dow will talk on *Maine Day*, an annual event here at the University.

Miss Kilpatrick will cover Maine Day history and an outline of scheduled events. Dow tells the story on the mayoralty race and interfraternity sing, followed by Miss Kononen on float parade and projects and Milton on the student-faculty skit.

Last night, Professor Lyle Jenness spoke on "Research Days sponsored by the University Pulp and Paper Foundation."

Other recent guests on "Feature Story" have been Prof. Herbert Wood, Assistant Dean, and Prof. Wofford Gardiner, Head of the Speech Department.

On May 17 at 6:30 p.m., Prof. Arthur Randall of the Forestry Department will be interviewed concerning the University "Hotshot" Fire Crew. The "Hotshot" Fire Crew is a group of students who are prepared to assist in fighting forest fires.

So far a total of 16 people from the University have appeared as guests on "Feature Story." The programs are usually tape-recorded on the campus.

## F.T.A. Will Convene Here Next October

The University Chapter, Future Teachers of America, will co-sponsor with Husson College of Bangor the State F.T.A. Convention which will be held on campus and in Bangor next October.

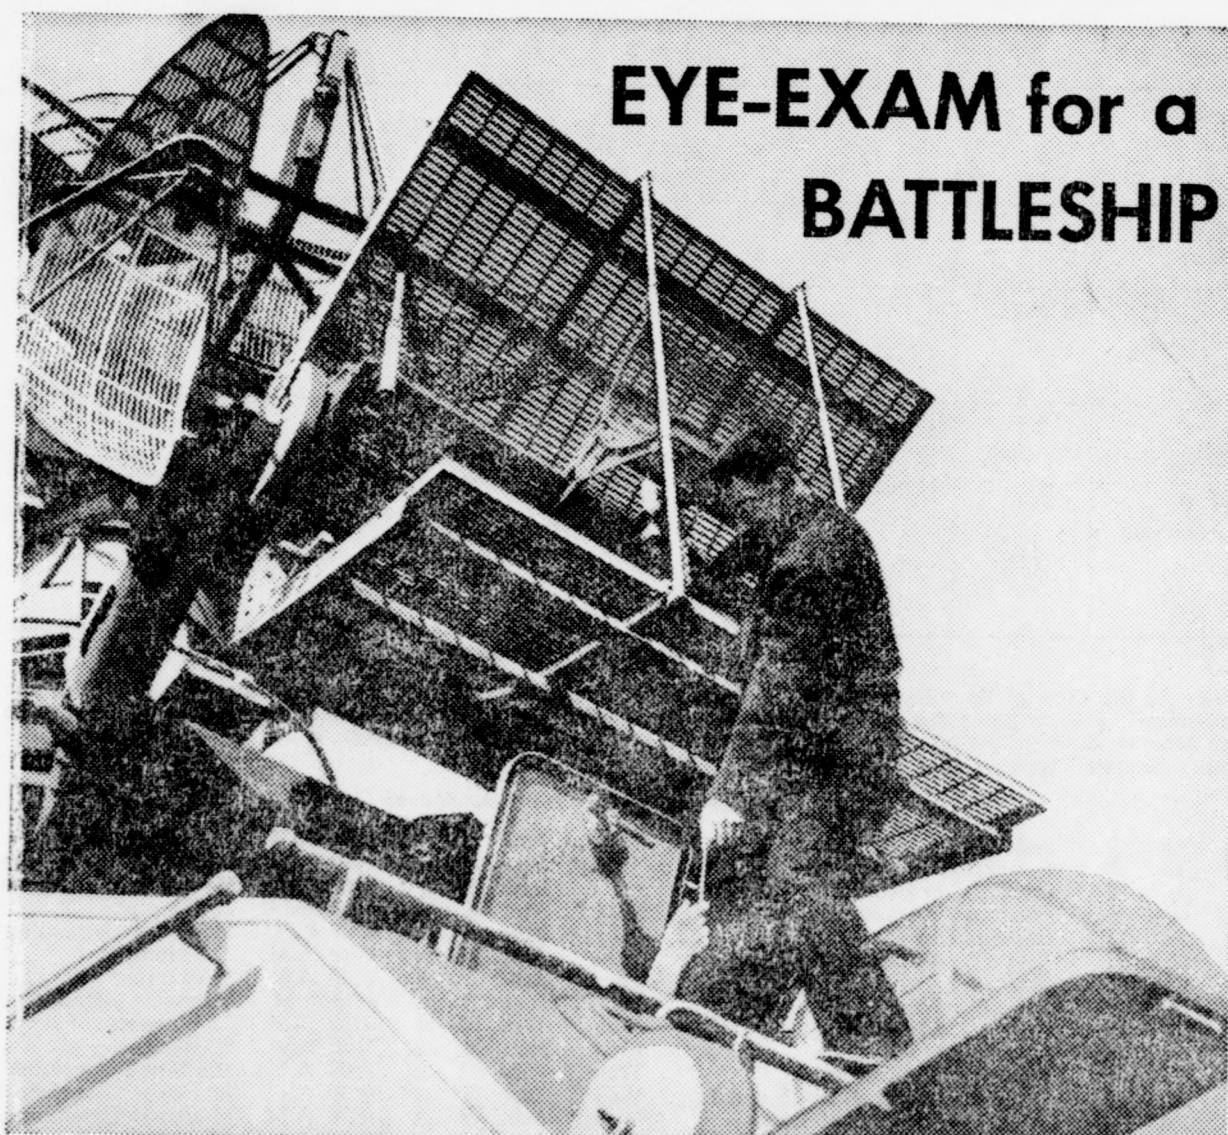

President Carl Wood and Darrold Mitchell, historian, represented the Maine chapter at the meeting in Augusta last week end when the date was announced.

Last week the local chapter heard Mr. Lawrence Bagley, Field Executive of the Maine Teachers' Association, contrast teaching conditions of 1855 with present day conditions. In his speech Mr. Bagley also outlined the requirements that he believes teaching must have to be a profession. A short question and answer period followed Mr. Bagley's talk.

## George E. Ainsworth Resigns Position

George E. Ainsworth, assistant director of the Department of Industrial Cooperation at the University, has resigned to accept the position of assistant to the director of the service department of the American Hotel Association.

A graduate of the University in 1949 with a B.S. degree in chemical engineering, Ainsworth later received his M.S. degree in business administration from Maine. He also holds an associate B.S. degree in engineering from Graceland College, Lamoni, Iowa.

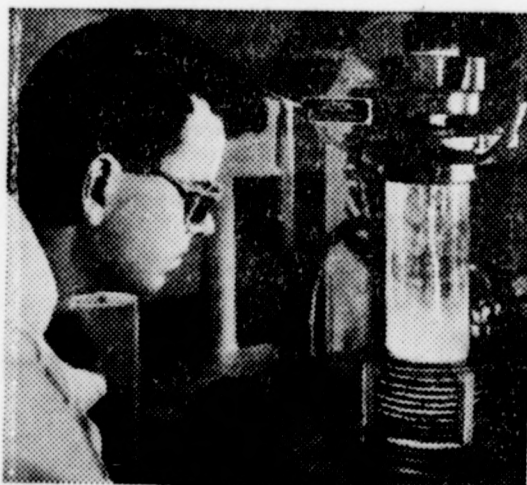

## EYE-EXAM for a BATTLESHIP

### Western Electric field engineers supervise installation of complex electronic equipment made for Armed Forces

Marco Polo had nothing on Western Electric's field engineers. They travel the world to advise on use, installation and maintenance of the electronic equipment we produce for the Armed Forces... like radar bombing systems, anti-aircraft fire control systems, and the Nike guided missile control system.

Western Electric is called upon to make these things because of its vast experience with highly complex electronic equipment as the manufacturing unit of the Bell System. It's a job that presents an unending challenge to our engineering staff.

Western product and development engineers are responsible for turning out some 50,000 different items annually for the Bell System—everything from tiny transistors to giant bays of electronic switching equipment. Shown is one stage of transistor manufacture.

# Maine Favored In State Meet Saturday

## Bear Facts

BY MAX BURRY

Two weeks ago Bear Facts carried an evaluation of the varsity baseball team, based mainly on the southern trip. This week we will try to correct this report which has since suffered a number of drastic changes.

First, we rated the Maine pitching as poor. Obviously, with one-hitters as abundant as rainy days, this is no longer correct. Charlie Otterstedt, Gus Folsom, and John Dana have developed into a powerful starting trio and Dan Dearborn along with five other sophomore hurlers is providing plenty of top-notch support.

Next, we listed the Bear hitting as the team's biggest asset. However, the past weeks have made evident the fact that the team batting has taken a definite slump. We hope that the Bears will be able to shake off this batting problem soon, but the trend is definitely on the downgrade.

Third, the Bear fielding which we rated "good" has also been off during the past few games. Although the fielding is by no means poor, it's not as good as it was at the first of the season.

The overall picture does not look good, but we're keeping our fingers crossed and hoping for the best. It's not too late for the Bears to get hot and go places in both Yankee Conference and State Series play. Here's hoping that Coach Anderson and his squad can shake off the present batting slump and go on to take the State Series Championship.

**Just Jottings:** Lacrosse is a major sport in many New England colleges and doesn't even have minor standing here at Maine. By the amount of lacrosse sticks we see on the fraternity lawns and athletic fields these days it may be only a matter of time before the University adds lacrosse to its athletic program.

It's rumored around campus that ineligibility may have a drastic effect on the Bear football squad next fall... speaking of football, the new football jackets look great; too bad the warm weather is putting them in mothballs. It might be a good idea if the University gave a course in sports appreciation and made it compulsory for women students.... Both Bowdoin and Colby have started work on artificial ice rinks and at Maine we have a tough time getting our pond kept free of snow.

Your writer spent the week end in Boston and had the pleasure of watching the M.I.T. sailing team work out on the Charles River. The dormitory team which won the non-fraternity volleyball championship last week consisted of six Presque Isle boys.

Sorry that the Canoe Institute sponsored jointly by the Phys. Ed. department and the General Extension Division of the University didn't get more attention on campus; we think it's a great program.... As far as we're concerned Bob Turley is the best twirler in the major leagues... and speaking of the major leagues, we're picking Brooklyn to take the National League and New York to win the American League pennant.

## Women's Sports

BY JOANNE STURTEVANT

The WAA is sponsoring a high school play day this week end with Sally Rand as chairman.

Committee members are Mary Litchfield, Linda Blackwood and Doty Jewell. Twenty schools have been invited from eastern Maine.

The program consists of softball, volleyball and relays out-of-doors in the morning and demonstrations by Tumbling Club, Square Dance Club and Modern Dance Club will follow in the afternoon.

Rounding third base and heading for home is Bear infielder Joe DiGiovanni. DiGiovanni raced all the way home from first when pitcher Gus Folsom drove a Texas League double into right field. Maine defeated New Hampshire, 6-0. (Photo by Pease)

## Varsity Baseball Squad Home For Three Games

BY PHIL MERRITHEW

The University of Maine baseball squad will travel to Brunswick to meet the Polar Bears of Bowdoin College tomorrow afternoon, and then return to open a three game home stand against the University of Connecticut Saturday afternoon at 2:30 on Alumni Field.

The Bears will meet Colby next Wednesday and Bates on Friday to close out their only long home stay of the season.

### Poor Base Runners Problem

So far this season one of the team's worst weaknesses seems to be its poor base running. To this point there hasn't been much chance to correct this point. Bad weather not only has caused the cancellation of games but also has put the damper on any practice sessions.

Back in the line-up after a week lay-off is Dawson List. Last year List led the Maine men with a .375 average and a total of 23 RBIs. With List roving the outfield once more it should be a boost to Maines power at the plate.

One of the most improved members of the squad is Kevin Cadieux of Fairhaven, Mass. Cadieux playing first base in a great manner is also doing well at the plate. In the past two games Cadieux has picked up four hits in seven times at bat.

Old Man Weather opened his bag

of tricks this past week end and threw every thing including wind, rain, and cold weather at the varsity baseball team.

The State Series opener with Bowdoin was postponed twice and the game is now scheduled for May 17. The Yankee Conference game with Rhode Island has been cancelled.

### Maine Loses

In the only game of the week, the Pale Blue nine lost a heartbreaker at Waterville when the Mules cashed in on poor fielding by the Maine squad and ruined a great one-hit game by Charley Otterstedt. Colby won 2-1.

Probably one of the best pitched games in the State Series this season, the only hit off Otterstedt was a 340 foot drive by Jimmy Jamieson. The ball fell just short of home run territory and was the only extra base hit of the game.

The pedestrian record reflected the 4th consecutive year of improvement for motor vehicle accidents in 1954.

## Travel To Waterville For Meet With Bowdoin, Colby, Bates Thinclads

BY SAL SCARPATO

Maine, Bates, Bowdoin and Colby all will be vying for championship honors this Saturday when the 57th annual Intercollegiate Track and Field Meet will be run off at Waterville.

## Cub Pastimers Face Husson Here Monday

Freshman candidates have been working out under Coach Harold Woodbury since the end of Spring vacation in preparation for their six game schedule.

The Frosh hopefuls will see action Monday at 2:30 p.m. when they host Husson College here at Alumni Field. The freshmen played MCI Tuesday but the results were too late for this week's Campus.

Coach Woodbury said "The team looks good so far." He particularly praised the efforts of pitchers Dave Pressley, Don Rogers, Paul Hopkins, Lou Cook, Bill McEvoy, and Dick Davis; catchers George Newhouse and Bob Suomi; infielders Bill Harvey, Don Keith, Pete Pepin, Dave Waite, Ernie Lamb, and Ken Kinney. Outfielders Dan Orino, Ronnie Ranco, Fred Brueck, Vaughn Anthony, and Bob Kelly were also commended.

Although Coach Woodbury was not positive, he expects to use Lou Cook, Bill McEvoy, and Dick Davis on the mound against Husson.

All Freshman games will be played here with game time scheduled for 2:30 p.m. except the Ricker game which is set for 2:00 p.m. a week from tomorrow.

## Bear Golfers Here Saturday

Golf Coach Charlie Emery's varsity linksmen are facing a full schedule for the next few weeks.

Today the Bears met Bates at Lewiston. On Saturday they will host Bowdoin on the Penobscot Valley Country Club course at 1:30 p.m. On Thursday they will journey to Waterville for a match with Colby.

After the Colby match the Emerymen will head for Watertown, Mass., for the three-day New England and Yankee Conference Championships slated to start on Friday.

The Frosh golfers will taste their first action Friday, May 13, when they meet Waterville High School on the P.V.C.C. course at 1:30 p.m.

The Maine Bears are hoping to repeat their 1954 performance on the basis of adequate depth and necessary balance. They have lost only 15 of the 48 points they scored last year. This year's competition will again see the efforts of Bill Calkin, Paul Firlotte, Dave Smith, Tom Shea, Chellis Smith, Bill Johnson and Stan Furrow.

### Bears Strong In Most Events

Last year Bill Calkin won both the high and low hurdles in spite of a leg injury, and now, with two sound legs he could easily run and place in the 100 and 220 yard dashes.

Paul Firlotte who did a fine job last year will be a big man in the mile run. Firlotte has turned in exceptional performances since the outset of the season and recently won the Patriots Day Marathon in Portland. In Dave Smith Maine has a very capable weight man. He picked up a second in the shot put and a third in the javelin last year.

Looking over the rest of the entries Bowdoin seems to be a very strong contender. In Bill McWilliams Bowdoin has not only the best shot put man in the state, but also a very much improved discus and hammer man. Again in the weights they have another capable man in Steve McCabe who placed one-two in all three weight events in a meet with M.I.T. and Tufts last week.

Another standout for the Polar Bears is John Herrick who ran the half-mile in 2:03 and two mile in 10:13 last year as a freshman.

### Bates To Use Freshmen

Bates will have freshmen in competition. This added strength will give them about nine good men in the hammer, shot, hurdles, and dashes. The Bobcats will also field a host of seasoned veterans from last year's squad.

For Colby only a few men seem to stand out as possible winners. Don Vollma, high jump winner last year, Larry Zullinger, javelin star, and Dave Olsen, a talented middle distance runner, are Colby's best men.

## Varsity Racketmen At New Hampshire For YC Title Race

BY WALTER IRWIN

The University of Maine Varsity Tennis team travels to Durham, N. H., today for the Yankee Conference matches which run through tomorrow.

At the present moment either Rhode Island or Connecticut appear to be favorites to walk off with winning laurels.

Maine will be hampered in these matches by the loss of Neville Bittar who will be absent due to medical examinations. This will cause Coach Russell to present a new lineup for the Yankee Conference matches.

### Rained Out

After being rained out of the home opener against Rhode Island Friday afternoon Maine traveled to Lewiston Saturday where they were downed by the Bates Bobcats, 6-3.

Joel Kates and Richie Alin won singles matches for Maine while partners Alin and Lou Janicola won Maine's only doubles match.

Last Saturday morning the Maine yearlings started their season by thumping Portland High School, 9-10.

## Within The Walls

## Delta Tau Captures Volleyball Crown

After whipping Phi Mu in two straight games for the Fraternity championships, Delta Tau shut the Faculty out in two successive games to annex the campus title last Monday evening.

The champs had reached the finals in the Fraternity division by beating Beta in a playoff while the Faculty had to win a playoff set from the Cabins to capture the dorm title. Here are the final standing for all four leagues.

Fraternity Division			
Arctic League			
Won	Lost	GBL	
*Delta Tau	8	1	
Beta	7	2	1

Phi Kap	6	2	1½
Phi Gam	4	4	3½

\*decided by playoff.

Antarctic League			
Won	Lost	GBL	
Phi Mu	7	0	
ATO	5	2	2
Sigma Nu	5	2	2
Phi Eta	4	3	3

Dormitory Division			
American League			
Won	Lost	GBL	
Dunn 2	5	0	
Dunn 1	3	2	2
Dunn 3	3	2	2

National League			
Won	Lost	GBL	
*Faculty	4	0	

Cabins	3	1	1
Center Oak	2	2	2

With the volleyball season by the boards, intramural attention will now center on the softball tournament which began Tuesday evening, but the results were not available for this week's Campus.

Games on tap tonight include Tau Ep meeting the winner of the Phi Eta-ATO game, the victor of the TKE-Sigma Nu, and Lambda Chi-Delta Tau meeting, the winners of the Beta-Alpha Gam and Phi Kap-SAE games playing and the winners of the Phi Gam-Sig Ep and the Phi Mu-Theta Chi games battling.

## Mu Alpha Epsilon Awards Are Made At Annual Music Night

BY JOHN LITTLEFIELD

Presentation of Mu Alpha Epsilon awards highlighted an outstanding Music Night program last Friday evening in the Memorial Gym.

A small but highly appreciative audience saw over 200 student members of the band, orchestra, and glee club perform in the annual event which closed the University's concert series for the year.

Charles Fassett, a glee club member, received the Mu Alpha Epsilon award for his contributions to music at Maine during the past four years.

Mu Alpha scholarship awards were won by Priscilla Pfeiffer and Jane Ernst.

New members named to Mu Alpha, honorary campus music society, were Jean Ann Davidson, Jane Ernst, Sylvia MacKenzie, Sarah Chipman, R. Donald MacKinnon, Henry Broaderson, Chester Curtis, Dave Grundy and Bradford Barton.

Prof. Lewis Niven, head of the Department of Music, announced the award winners and new members of the society.

### Orchestra Versatile

The University orchestra under their new director, Earl R. Melendy, showed extreme versatility, especially in their first selection, Symphony No. 5 in C minor, Finale: Allegro by Beethoven. Selected themes from Rachmaninoff's Piano Concerto No. 2, and Waltz of the Flowers from the Nutcracker Suite by Tchaikovsky were also well presented.

Mr. Melendy showed his ability as a violinist in a solo selection accompanied by the orchestra.

An outstanding feature of the program was a duet from "La Boheme" sung by Patricia Gill and Fassett. Miss Gill also sang a solo from the same opera.

The Glee Club added a degree of lightness to the all classical program with the four choruses from "Patience."

The band under the direction of Francis Shaw played the three movements of Gossec's Military Symphony in F and concluded the program with Overture to Phedra by Massenet.

### Millett New President

Sigma Mu Sigma have elected the following officers: Barry Millett, president; Mary Bailey, vice president; Caroline Locke, secretary; and Patricia Damour, treasurer.

Plans were made for the annual spring banquet and a tentative date was set for Sunday, May 15.

## Campus Elections

General campus elections will be held Tuesday, May 10, on the Mall.

In case of rain, they will be held in the Memorial Union Building. Polls will be open from 8 a.m. to 5 p.m.

Identification cards will be required in order to vote.

A proposed amendment to the General Student Senate will also be voted on by students.

Do you understand the proposed amendment for the Constitution of the General Student Senate? If you don't understand—consult your Senate representative or dorm bulletin board. Make sure you understand the issue before you vote May 10.

## Fifteen Ag Students To Graduate Friday

Fifteen Two-Year Agriculture students will receive graduation certificates at ceremonies Friday afternoon in the Little Theatre. President Arthur Hauck will preside at the graduation program which will begin at 4:30 o'clock.

Allan Manchester, District Agent for Farm Management at the Agricultural Experiment Station on campus, will be the speaker. His topic is "Farming In the Age of Revolution." Music will be provided by Prof. Harry W. Smith, Emeritus, organist. Rev. Richard Batchelder will deliver the invocation.

A banquet honoring the graduates will be held at 6:15 Friday evening in Balentine Hall.

Dean Arthur L. Deering will serve as toastmaster and Assistant Prof. Gerald J. Grady will be the featured speaker.

David Luce, president of the Two-Year Agriculture Club, will give remarks for the graduates and George E. Lord will welcome them into the General Alumni Association.

Friends, parents and faculty members will attend the banquet in addition to the graduates.

Admission to the graduation exercises in the afternoon will be by ticket only. Tickets are available at the Registrar's office.

Saturday, April 30, marked the 35th anniversary of Pi Beta Phi at Maine. Looking over the sororities' display counters in the Union was Virginia Freeman, a sorority pledge. (Photo by Reed)

## Dr. Johnson Speaks At IFC Banquet

The college fraternity offers its members living experience of democracy in action. Dr. Clyde S. Johnson, executive secretary of Phi Kappa Sigma fraternity, told members of the Interfraternity Council and the Council of Fraternity Advisers at their annual banquet Monday evening.

Dr. Johnson, author of many articles on the fraternity system, and former assistant dean of students at the University of California, cited as recent trends in the Greek-letter fraternities a growth in number of chapters as well as in total membership. He also stressed the trend away from rough hazing and toward community and civic service.

Winship (Chip) Moody, retiring president of the IFC, acted as toastmaster at the dinner. He presented the new IFC president Milton Christie and introduced Dr. Robert York, president of the Advisers' Council. Richard Herrlin, past president of Phi Kappa Sigma, introduced Dr. Johnson.

### Win Second Place

Two of the University's four Contract Bridge champions placed second for New England in the National Intercollegiate Bridge Tournament.

## 'Peer Gynt'

(Continued from Page One)

screen to replace usual background scenery. Also new is their use of tape recorded music, chiefly by Norwegian composer Edward Greig, in the background.

Director Herschel Bricker takes honors in many areas. For one, the planning that must have been required for the massive production would do credit to a Pentagon general. It seems almost miraculous that the production bypassed so many opportunities to trip over its own size.

One area where the play suffers a little from its own scope is in the opening scenes where the numerous scene changes too frequently interrupt the flow of the story. Whatever problem this causes is forgotten, however, when halfway through the first act the action shifts to the cave of the troll king.

To give proper credits to all deserving would take several more columns. On the technical end, all concerned should be well satisfied with their work individually and collectively. Physically the many hours of work that went into everything from the scenery and makeup to costumes complete with special appropriate stitching on aprons were well appreciated.

## BIG LETTER MAN

praises Jockey brand underwear

Alphabet 26, who collects the biggest letters of anybody, says, "J will always stand for Jockey, in my book. I like things BIG... and there's no bigger comfort value anywhere than Jockey shorts! Why not try 'em for a spell?"

You don't have to be a letter-man to enjoy that casual, at-ease appearance that comes from wearing Jockey shorts! Better drop into your dealer's soon... buy a supply of Jockey shorts and T-shirts, and feel as good as you look.

it's in style to be comfortable... in

**Jockey** underwear
