Respectfully submitted,

Charles W. Harding,
Treasurer.
Auditor's Report.

I hereby certify that I have carefully examined the accounts of the Selectmen, Collector and Treasurer of the Town of Gorham for the year ending February 10th, 1912.

All accounts presented have been properly classified, and orders drawn by the Selectmen for payment in accordance with the various appropriations. These accounts have been examined in detail, and verified with the orders drawn, and found in every instance to be correct.

The accounts of the Collector and Treasurer as shown by his books have been carefully and accurately kept; payments have been made to conform with the orders drawn; proper receipts have been received for all expenditures; and there is a balance, on deposit and in his hands, to the credit of the town amounting to $12,681.32.

Your attention is respectfully called to the foregoing report, which, with the usual estimates, shows the present financial condition of the town.

Respectfully submitted,

Charles E. Cobb,

Auditor.

School Report.

To the Citizens of Gorham:—

In submitting our annual report we touch only upon work done by the Committee, leaving details for the Superintendent.

At White Rock, the sides of the building have been clapboarded and the building has been painted.

At the Frederick Robie School hard wood floors have been laid in the upper rooms, a good many minor repairs have been made, and the building has had one coat of paint. The old desks taken from the High School were repaired, furnished with new tops, and put into this school. There should be something done to the grounds as they are in a very bad condition.

Some new seats have been added to the Longfellow School.

New seats have been put in in one room at the High School and in other rooms the old ones have been repaired.

Owing to the poor condition of the grounds at this school, we had a cement walk put in, and the grounds graded to a certain extent, making a needed improvement. Electric lights have been installed in the High School, the expense being met by the Charles Robie fund.

With two exceptions, the school buildings are in good condition.

We believe it wise to unite with Westbrook in hiring a superintendent of schools, and we believe no mistake will be made in retaining Mr. Keyes for that position.

We recommend the following appropriations for the use of schools for the ensuing year:—
High School, $2,300.00
Supplies and Repairs, 1,000.00
Common Schools, 1,800.00
Manual Training, 100.00
Text-Books, 300.00
Superintendent, 400.00

J. M. Chase,
S. E. Patrick,
Rose C. Johnson.
Report of the Superintendent of Schools.

To the Citizens of Gorham:—

I have the honor to submit to you for consideration my fourth annual report of the condition and progress of the public schools of your town.

In the preparation of this report, I have endeavored to present a brief and concise review of the year's work, and also to call your attention to some of the needs of these schools.

A study of the financial statements given in this report shows that the school department has kept well within the appropriations granted by the town at its last annual meeting, with the exception of the High School, and could we have received the money from the State on account of a free high school, due last December, $500, this account, too, would have to its credit a good balance.

Teachers.

I am pleased to be able to report but few changes for the year in the corps of teachers. There were only two vacancies at the end of the school year, caused by resignations; all the other teachers were retained, since their work for the previous year had been sufficiently satisfactory to warrant their re-election.

The new teachers this year are Miss Edna A. Smart, a recent graduate of the Portland Training School, and Miss Mary Coyne, who was graduated from the Gorham Normal School last June. Miss Smart is in charge of the Wescott School, and Miss Coyne, the Blake School. Both of these schools are satisfactory.
THE YEAR'S WORK.

From the fact that Gorham has employed the past year good teachers, all except two of them having taught the same school the previous year, we reasonably expected good schools, and we have not been disappointed. Some of the schools in progress in this town today can well be rated excellent, and none are poor. The advance made in the entrance requirements to the High School and the system of examinations put into use in the common schools to test the pupil's preparation for higher work have had the tendency to raise somewhat the standard of educational work.

In most of your schools there is a very well defined outline of graded work, which is being followed as closely as possible with the idea of having pupils complete a definite amount of work in a given time.

At the close of the summer term there were from the rural and village schools 27 pupils able to pass the required entrance examinations, prepared by your superintendent, and to these pupils were given entrance certificates allowing them to enter Gorham High School. Several presented their certificates to the Westbrook High School and they were admitted.

It appears from inquiry and observation that a very large percentage of the pupils enrolled in the rural and village schools are working with the intent of entering high school as soon as satisfactory preparation can be made.

ATTENDANCE.

The total enrollment for the last fall term was 516, and the average attendance was 456. From teachers' registers on file in this office, I find that the whole number registered for the fall term of 1910 was 489 and the average attendance was 424. By a comparison of these figures, we find that for the corresponding term this year there was a gain in the enrollment over last year of 27 pupils, and the average daily attendance has also been increased.
While the average attendance has been, on the whole, very good, it could have been much better, had some parents taken a deeper interest in their children's education, and had that interest been made manifest by keeping their children constantly at school. It does seem too bad, when towns make ample provision for good, public schools, for school officials to be obliged to take legal measures to force pupils into school.

The School Census.

There were in Gorham, according to the school census taken the first of April, 674 persons between the ages of five and twenty-one years, and the town received from the State to be expended for common schools $5108.51. It is fair to say, however, that $2445.62 was apportioned to the town on the basis of valuation, and $2662.89 on the basis of the school census.

The school census for 1910 showed that there were resident 681 persons of school age, and the amount of money received from the State for common schools was $5134.43.

From the foregoing we note that the number of persons of school age decreased 7 from April, 1910, to April, 1911, and the receipts from the State also decreased $25.92.

Conveyance of Pupils.

Probably no part of school administration presents more perplexing problems to school officials and to patrons of rural schools than that of conveyance of pupils who reside at too great a distance from school for them to attend conveniently without being conveyed. It is next to impossible to consider each individual case and make provision for conveyance that will be satisfactory to all, since there are so many different conditions to be met.

The School Committee has authorized the conveyance of children to and from school whose residence is more
than one and one-half miles distant from the school which they are to attend, provided, however, that such children are not more than twelve years old. The expense of conveyance is to be borne in part by the town. The number of pupils conveyed the past year is 22 and the cost of conveyance $306.10. The number conveyed the previous year was 17 and the cost of same $217.00.

Eye and Ear Test.

By law the teachers are obliged to make tests of sight and hearing, once each year, of all pupils enrolled in their schools. This law has been complied with, and the following statements will give the results of tests given in the winter term.

Repairs.

Your school committee has improved the school property very much the past year by making substantial repairs to several buildings. The clapboarding and painting of the school house at White Rock, the painting of the Frederick Robie building and new hard wood floors for the same; the repairs and improvements at the High School, altogether required a considerable expenditure of the appropriation made for such work. All the buildings have been kept in very good condition.

The coming year several of the school houses should be painted. New black boards should be put into the building at White Rock and at the Frederick Robie, also one room in this building should be provided with new seats, since those in use will not permit the children using them to touch their feet to the floor in many cases. The grounds directly in front of the Frederick Robie building should
be graded, as they are in a very bad condition. The fences around several school house lots should be repaired.

The Babb School.

This school, situated in the corner of the town bordered by Buxton and Scarboro, is one of the smallest that Gorham has been maintaining the past year.

In studying the makeup of this school, we have found that of the eleven pupils enrolled for the fall term, but six are residents of Gorham. The others come to this school from the adjoining towns. We are informed that two pupils are sent to the Babb school from Scarboro and three from Buxton.

The reasons given for this condition are that Gorham has here a good school and it is much more convenient for these pupils to attend than the nearest school in their home town.

All the expenses of this school are met by Gorham even to the furnishing of text books to those who come from out of town. It would seem right for these towns to share in the maintenance of this school, and I have been advised by the school superintendent of one of them that his town will do so. From the other town I have not received a reply so favorable. If satisfactory arrangements cannot be made, it seems necessary to close this school and convey the pupils to the Elmwood School.

The High School.

I am pleased to report that your High School is in excellent condition. The registration is considerably larger than last year and the attendance has been good.

The improved course of study, adopted more than a year ago, seems to fit the needs of these boys and girls very much better than the less elastic outline of work that was formerly in use.

The raising of the standard of this school has necessi-
tated a better preparation for entrance and harder work to make each grade.

I find the spirit of the school excellent. The zealous work of the teachers and the co-operation of pupils and friends of this school have been the agencies that have brought it up to its present good standing.

There have been several improvements made in and about the building the past year, all of which are very much appreciated by those who are working here.

The greatest need of this High School at present is better accommodations for laboratory work.

Last June there was graduated from your High School a class of 14. The exercises were held in the Congregational church which was filled to its capacity by parents and friends of the school. I believe I shall be sustained when I say that this graduation was a decided credit to the school.

The Village Schools.

The village schools have had a prosperous year. I have visited the schools in the Normal building frequently and have had at all times the hearty co-operation of principal and teachers.

These schools are well graded, and I believe they are well taught. Under such close supervision, it is hardly possible for other than good work to be done. The pupil teachers put forth their best effort to succeed in their chosen work and after observing the methods of those who are to direct their efforts, they readily begin their teaching, being all the while supervised by a critic teacher.

The Department of Manual Training, supported by the town in conjunction with the State Normal School, has had nearly the same number of pupils enrolled as last year. Pupils from the High School have not taken this work since the beginning of the fall term, as the arrangement of studies and the work incident to the regular course of study would not permit them to do so.

The number of pupils from the rural schools, who have
availed themselves of the Saturday sessions of the Normal School that they might take manual training, has been 21, and there have been 25 boys enrolled from the village schools. Much good work has been done by the boys who have been enrolled in this department. The drawing, cutting, and carving have been well done.

**Conclusion.**

In concluding this report, I desire to express my sincere thanks to the members of the School Board for their council and co-operation during the year, to the teachers for their excellent work, and to all who have taken an interest in the education of the boys and girls of this town.

Respectfully submitted,

Prescott Keyes,
Superintendent of Schools.

CLASS ODE G. H. S., 191.

We must linger here no longer,
Our High school days are past;
We must leave our Alma Mater,
Tho' its memories will last.
Just as long as one's remaining
Of the fourteen gathered here,
Our thoughts will turn to Gorham
As time rolls on year by year.

And so today, as classmates dear,
We are gathered here once more;
New fields are stretched before us,
New paths we must explore.
But as we are struggling onward,
Leaving friends we love behind,
Our motto "to be, not to seem"
We will always keep in mind.

Farewell, dear classmates, kind and true;
The parting hour draws near,
We must break the ties which bind us
To our Alma Mater dear;
But tho' we may not meet again—
After we have said goodbye—
In memory ever we will keep
Our classmates in Gorham High.

REFRAIN

Ever to Gorham our fond hearts will turn,
Tho' scattered far distant for Gorham days we'll yearn.

REPORT OF THE LIBRARIAN.

From February 13th, 1911, to February 10th, 1912, inclusive, the Library was open 302 afternoons and 52 Saturday evenings. The doors were closed during the funeral of the late Rev. David S. Hibbard, and on the afternoon of February 5th, when the late Ex-Governor Frederick Robie, an honored Trustee, was laid to rest.

Application cards signed during the year number 222, of which 82 were students' cards. Total number of registrations to date, 1389.

Number of volumes accessioned was 420, of which
197 were obtained by purchase,
22 " binding,
126 " gift,
57 " deposit.

33 volumes were withdrawn from circulation. The accession book to date contains the record of 7325 Vols.

During the year the Library has been generously remembered by many persons in gifts of magazines, pamphlets, etc., as well as by those who have favored us with books.

Particular mention should be made of the very fine collection of weapons, wood carving, pipes, and basket work, brought by Miss Margaret P. Waterman from her
field of missionary labor among the Bontoc Igonots in the Philippines, and now deposited by her in the Library, as a loan exhibit. Also of the bequest of the late Dana Estes, Esq., of Brookline, Mass., by which this Library comes in possession of his valuable Soudanese collection, together with rare Grecian and Roman coins, soon to be placed on exhibition.

To all who have thus remembered us, sincere thanks are returned.

There have been sent to Little Falls Branch Library during the year, 120 books and a State Traveling Library of 50 volumes, to the North Gorham Branch, 112 books, and another State Library of 50 volumes.

The circulation of the Home Library for the year was 15,495, an increase of 940 over that of last year. Of these 11,683 volumes were of fiction.

Adding to this total circulation, that of Little Falls Branch (876), and that of North Gorham (223) we have the record of 16,594 as the combined circulation of the Public Libraries of Gorham, a gain of 1313 over last year.

The Librarian's cash account is as follows:
Balance on hand February 11, 1911, $ 3.61
Received for subscriptions, 1.40
Received for fines, book loss and damage, 52.53

$57.34

Paid to Treasurer of Trustees, $53.58

Balance on hand, $3.96

It is gratifying to report a rapidly growing use of the Reference department, and an increased attendance in the Reading rooms. It is certainly to be regretted that, as sometimes happens, the seating accommodations are inadequate.
For the greater convenience of citizens living at a considerable distance from the Village Corporation, books are now loaned to such persons, when requested, on three weeks time.

The Librarian would appreciate it, if borrowers would suggest for purchase books not now in the Library, which may be desired by them.

It would be impossible to promise that each and every such book thus mentioned could be bought, but especially in the case of practical and useful works it is very important that such wants be made known.

Respectfully submitted,

John A. Hinkley,
Librarian.

Gorham, Maine, February 14, 1912.

BAXTER MUSEUM.

REPORT OF BAXTER MUSEUM COMMITTEE.

The Baxter Museum was opened to the public for its third season on July 19th, and thereafter on Wednesday and Saturday afternoons of July, August and September.

Over 200 visitors have registered during the past season.

At a business meeting of the committee, held May 17th, Lewis McLellan was elected chairman, succeeding Roscoe G. Harding, deceased, who had been chairman since the opening of the Museum.

The resignation of Miss Mary C. Harding, the efficient secretary, who has given much time and care to the work, was accepted with much regret.

Miss Ella R. Hale and Miss Sara B. Webb were elected to fill the vacancies.

Many interesting additions to the collection have been received during the past year, the following having given or loaned articles: Samuel T. Dole, Esq., Miss Caroline Gould, Thomas McDonough, Mrs. Alex. Allen, Miss Emma Gould, Mrs. Lewis McLellan, Dr. Philip P. Lewis, Dr. Albert W. Lincoln, Miss Mary C. Harding, Miss Mary Kellogg, Miss Abbie D. Sawyer, Mrs. Edwin S. Harding, Mrs. Marilla M. Dyer, Miss Rebecca McQuillan, Miss Sue Clement, Mrs. Martin, Henry W. Spratt, Miss Annie B. Mayo, the heirs of the late Admiral George H. Preble.

The financial statement is to be found in the report of Town Treasurer Charles W. Harding.

Respectfully submitted,

MARY L. McLellan
Secretary Baxter Museum Committee.
