SCHOOL REPORT

In compliance with the laws of our State, I herewith submit the following report of the condition of the schools, also a financial statement of the school department of Greene for the year ending Feb. 28, 1918.

Seven schools have been maintained the entire year, and I believe have been successful.

During the winter term the attendance has been irregular due to an epidemic of measles, also the bad traveling and severe weather. The Hill school was closed at the end of sixth week, winter term, on account of small attendance, and it may be advisable to close this school and convey scholars to some other school.

While the Greene Corner school has not maintained an average of eight it seems to me that the cost for maintenance has not exceeded the cost for conveyance.

Some of the schools have too many tardy marks, I feel that this may be laid partly, to not starting for school quite early enough, this is a very serious matter for if your boy or girl have have formed the habit of being late to school, unless there is some radical change brought about, this habit in many cases will follow them through life.

Try next year and have your children always on time, and by so doing, you will be assisting the teacher in her daily routine.

Again I would urge everyone to visit the schools frequently so that teacher and scholars will feel you are interested in their work and your visits will add to their zeal, and will spur them on to do even better work.

Should you have occasion to criticise the teacher,

never do it before your children, for you little realize what may be the outcome.

Better by far go to the teacher and approach her with words and eyes, as you would wish her to use upon entering your home. Teachers are human and they deserve to be treated as such.

The teachers are doing and have done every thing possible for all, and that their work deserves praise is proved by the excellent reports we hear from those who are attending secondary schools.

Few repairs have been made the past year. Would recommend that the coming year try and make one room modern.

Following is a list of some of the most noticeable needs.

MORSE SCHOOL

The ceiling, walls and wood-work especially the ceiling should receive attention, also blackboards.

PATTEN SCHOOL

The interior and chimney need repairing, also the out-building.

MOUNTAIN SCHOOL

New blackboards and a few minor repairs are needed.

RIVER ROAD SCHOOL

This house remains in very good condition.

CORNER SCHOOL

A few minor repairs will keep this comfortable.

HILL SCHOOL

New desks were bought during the spring term, the

back end has been fixed. The blackboards are in poor condition.

LANE SCHOOL

The S. S. Committee intended to make extensive repairs the past year. As they could not buy any land adjoining for what they considered a reasonable price, their plans were not carried out.

During the spring term a class of fourteen passed the State examination for entrance to secondary schools. These fourteen took part in the graduation exercises held at Androscoggin Grange Hall, June 23, 1917, and I have failed to hear anyone speak of the twenty-five dollars as money wasted, that the town granted for this purpose.

Greene, Leeds and Turner have been classed by the State Superintendent as a union, and this union must be formed on or before July 1st, 1918, to hire a Superintendent of Schools who will have charge of the three towns.

I fully appreciate the hearty co-operation of all while I have had charge of the schools of Greene and I have tried to do my duty as I understood it.

Whether my work has been a success or failure I leave for you to judge.

In conclusion, I wish to extend to all my sincere thanks.

Respectfully submitted,

LINDLEY G. PARKER,

Superintendent of Schools.
