WARRANT FOR TOWN MEETING

Androscoggin, ss.

State of Maine

To L. C. Mendall, Constable of Greene in said County,

GREETINGS:

In the name of the State of Maine, you are hereby requested to notify and warn the inhabitants of said Town of Greene, qualified by law to vote in town affairs to assemble at the Town House in said Town on the 9th day of March 1925 at ten o'clock in the forenoon to act on the following articles to wit:

Art. 1. To choose a moderator to preside at said meeting.

Art. 2. To see if the Town will vote to accept the reports of the Town Officers.

Art. 3. To choose all necessary Town Officers for the ensuing year.

Art. 4. To see if the Town will choose one or more Road Commissioners.

Art. 5. To see if the Town will grant and raise such sums of money as may be necessary for the maintenance and support of schools, current expenses and cost of poor, repairs of roads and bridges, and defray all other town charges, for the year ensuing, including the snow bills for the past year.

Art. 6. To see what sum of money the Town will grant and raise to pay for High School tuition for the ensuing year.

Art. 7. To see if the Town will vote "yes" or "no" on the question of appropriating and raising money

necessary to enable the town to State aid as provided in Section 19 of Chapter 25 of the Public Laws of 1916.

Art. 8. To see if the Town will appropriate the sum of \$533.00 for the improvement of the section of State Aid road as outlined in the report of the State Highway Commission, in addition to the amount regularly raised for the care of ways, highways and bridges; the above amounts being the maximum which the town is allowed to raise under the provisions of Section 18, Chapter 25 of the Public Laws of 1916.

Art. 9. To see what sum of money the Town will grant and raise to pay on debt and interest for the ensuing year.

Art. 10. To see what sum of money the Town will grant and raise for Memorial Day, for the ensuing year.

Art. 11. To see what sum of money the Town will grant and raise for the salary of the Superintendent of School for the ensuing year.

Art. 12. To see what sum of money the Town will grant and raise for a Grammar School graduation.

Art. 13. To see if the Town will vote to authorize the Treasurer to make a temporary loan.

Art. 14. To see if the Town will vote to raise money and what sum for the maintenance of State and State Aid highways within the limits of the town under the provisions of Section 9 and 18 of Chapter 130 of the Public Laws of 1913.

Art. 15. To see what sum of money the Town will grant and raise for repairs of schoolhouses.

Art. 16. To see what sum of money the Town will grant and raise for text books and supplies; also cleaning schoolhouses.

Art. 17. To see what sum of money the Town will grant and raise to aid in controlling the White Pine Blister Rust in Greene.

Art. 18. To see if the Town will vote to grant and raise the sum of (\$10.00) ten dollars for the purpose of compulsory education.

Art. 19. To see what sum of money the Town will grant and raise for the purposes of physical education.

Art. 20. To see what action the Town will take in accepting the sum of Three Hundred Dollars (\$300.) from Charles J. Nichols and Ethel M. Swett, to hold as a trustee and as a separate perpetual fund, the income only to be used for the perpetual care of the lot in Greenwood Cemetery known as the Nichols-Manson lot, in accordance with the terms of a written agreement submitted to the Town by Charles J. Nichols and Ethel M. Swett, under the date of October 21st 1924, and authorize the Municipal Officers to enter into such an agreement.

Art. 21. To see if the Town will vote to accept the sum of (\$200) Two Hundred Dollars as a perpetual fund, the interest of which is to be used for the care and maintenance of the James B. Packard lot in Valley Cemetery.

Art. 22. To see what sum of money the Town will vote to pay a man, and a man and team per day for labor on the roads; also compensation for all Town Officials.

Art. 23. To see what action the Town will take regarding the public watering tub at Greene Village.

Art. 24. To see what sum the Town will vote to raise and appropriate for advertising our natural resources, advantages and attractions, under the provisions of Chapter Four, Section Fifty-nine of the Revised Statutes of Maine, the same to be expended by the Maine Development Association.

Art. 25. To see if the Town will vote to grant and raise the sum of two hundred dollars for the repair and painting of the fence in the old section of the Valley Cemetery.

Art. 26. To see if the Town will accept the list of Jurors as prepared by the Selectmen, Clerk and Treasurer.

The Selectmen give notice that they will be in session for the purpose of revising the voting list at the town house at nine thirty o'clock in the forenoon of the day of said meeting.

Given under our hands the 20th day of February A. D. 1925.

REMARKS

In reviewing the work done the past year we are sorry to say that in several departments there are bad overdrafts which we did not recommend. We were obliged to purchase a new road machine for R. A. Wing out of his road appropriations. We now have two high grade machines one for each side of the Town and with proper care they should last for a long time.

We built 800 feet of State Aid Road at a cost of \$1,197.08 or \$1.50 per foot. This road was built by R. A. Wing.

We built 1,725 feet of Third Class Road at a cost of \$2,199.78 or \$1.25 per foot. This road was built by P. V. Rose, and we wish to say it is a splendid piece of road which is a credit to the builder and the Town and is highly approved by the State.

It is for the interest of the Town that our Third Class Road is very thoroughly built in the first place as it falls to the Town to maintain it. We will probably receive a larger amount from the State for this road the coming season.

There has not been as much done as there should have been on our State Aid Road for maintenance which we regret and there should be much more done the coming season.

Turner Center Bridge has been newly planked with 3 inch plank and new stringers, on the Greene section and the Town of Turner has made the same repair on the Turner end making the whole bridge in good repair.

We think the short piece of Third Class Road near Sabattus should be accepted by the Highway Commission as State Aid Road as it is on the State Aid Road location and it would very much simplify the matter of maintenance, and we would recommend that the new board of Selectmen make an effort to have this done.

We have a little more pauper expense this year and quite an expense on account of Caswell fire near Allen Pond, which has increased our Current Expenses considerably. We purchased a nearly new Victor Adding Machine subject to the approval of the Town, for the Town officials at a cost of \$45.00 and it will pay for itself in less than two years in saving in time plus accuracy.

Town orders reached past year, \$21,757.48.

Number orders drawn, 745.

We have served you to the best of our ability and wish to thank you for your support and courtesy.

Respectfully submitted,

P. A. MOWER,

R. M. HILL,

O. N. ROSE,

Selectmen of Greene.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and the Citizens of Greene, Maine:

In compliance with the laws of the State of Maine, I submit to you the following written report, which concerns the condition and proficiency of the local schools for the fiscal year now ending.

The present school enrollment is 139 as compared with about 150 at this time last year. Upon the whole, the attendance has averaged slightly better than it did during the preceding year. This may be due, in part, at least, to the fact that there has been less sickness among the pupils. I wish to make emphatic the contention that regular attendance upon the part of all is extremely essential for the best work of the school. If one pupil is absent for a day, it means that not he alone loses, thereby, but the work of the entire class is disrupted in a measure. And that measure is made greater by an increased number of absences, even to the point of being serious. Most parents do appreciate this, I am sure. I wish that all might do so.

At the present time we have the same teachers upon our force as last year, with one exception. Three are normal graduates, and the others have taken partial normal courses. I wish to commend each of them to you. All are teachers of real ability, and are doing work that testifies of a conscientiousness and a seriousness of purpose that is correct.

Conveyance routes, maintained this year, are the

same as were followed last year. The drivers of these teams have carried on their work in a very acceptable manner. Conveyance seems to be one of the modern school problems that is hard to arrange for, satisfactorily, and I have appreciated the manner in which our drivers in Greene have performed.

The steady, continued cold weather of this present winter has made necessary the consumption of a greater amount of fuel than is ordinarily required.

Altho, no new system of texts have been introduced the books and supplies account has been overdrawn, as will be seen from an examination of my financial report of the schools. However, only such texts have been purchased, as were necessary to replace those old and worn and to meet the needs of changing grades. Supplies, too, have been purchased only to meet immediate needs.

The repairs made upon schoolbuildings have been of a more or less general and minor nature. All blackboards in use were slated. Door, windows and desks were repaired as needed. The ceilings in some rooms were lightened, and so on throughout. At the present time the Hill School needs shingling badly. The same is true of the Morse School. A new cesspool is needed at the Patten School. The River Road School, altho not in use, is in need of paint. As a matter of good business the outside of such buildings should be kept in repair. It will be noticed from the accompanying financial statement that the Central Maine Power Company has given the School Department the amount of \$150.00 to cover any necessary repairs upon this River Road School during a two-year period.

The work of remodelling the Lane Schoolbuilding has been done, with the exception of building the fence about the half acre of play ground, purchased from Mr. Couturier. The materials for building the fence are bought and paid for, however. The building now meets

State Standards regarding lighting conditions and toilet facilities.

The supervision of music teaching during this fall was in charge of Mrs. Martha Low of Auburn. She will not be available for this coming spring term, but it will be possible to obtain the services of Mrs. Dawn Grant of Turner, who is splendidly adopted for the work.

During this past fall term, Dr. O. E. Hanscom visited every school in town, and there conducted a quite complete medical and physical examination of all of the school children. His findings more than justified the expense of the examination. The defects found covered a general range, with those of eyes, teeth and throat predominating. Assisted by Mrs. Mary Howe, and Mrs. Viola Beal of the local Parent-Teacher-Association, I notified each parent of the defects found in his children. At some time during this spring term, I plan to have the teachers conduct a check of the remedial measures taken.

It is proposed to hold two school meets during this spring term, coming. The first is local and includes a list of twenty-seven events of scholastic and athletic nature. The second takes place at the Leavitt Institute campus on June 5th and is in competition with the elementary schools of eleven other nearby towns. The events in this are practically the same as in the first, which is the preliminary meet.

A considerable amount of work has been done upon the course of study during this school year. I have spent much time and study upon it, in co-operation with all of my teachers, and especially teacher committees from each of the three towns in my union. In Greene, Mrs. Hodgkins, Miss Fowke, and Miss Rose especially assisted me. From an instructional point of view, I have felt that this work was the one of outstanding importance to all the schools, and have therefore spent much time upon it, even to the neglect of other things. Even now it makes no claim for being perfect or nearly so.

It is merely an instrument upon which later building can be done.

I wish to thank all of the citizens of Greene, who have evidenced so much of consideration and goodwill toward me in my work. You may be sure that it has been appreciated. I have the desire to co-operate with all the patrons of the schools, and do appreciate their co-operation in return. Especially, I would express thanks to the members of the Superintending School Committee for the kindness and help, which they have rendered me.

Below, I submit the Committee's recommendations for school appreciations at the annual March meeting:
