Students Will Go To Polls Tuesday

CAMPUS MAYOR CANDIDATES

Chet "Thumbs up for Little Caesar" Keefe and Diane Wiseman

Paul "Little Max" McGuire

Ronald Hurd And Robert Gardiner Will Vie For Student Senate President

University students will flock to the polls Tuesday as another general election gets underway. Voting will take place on the mall, weather permitting, from 8 a.m. to 5 p.m.

Appearing on the ballot will be the names of nominees for officers of the General Student Senate, Student Religious Association Cabinet, and Associated Women Student's Judiciary Board, as well as candidates for Campus Mayor, Washington Watch Awards, and senior class parts.

The two juniors campaigning for Senate presidency are Robert (Bob) Gardiner and Carleton (Ron) Hurd. Gardiner is a History and Government major, and a member of Kappa Sigma fraternity. He was a candidate for Mayor in 1956 and a member of the freshman track team. He has served this year as a Senator, representing his fraternity. In addition, he held the following Senate posts: Executive Committee, Committee Coordinator, and the Judiciary Committee. He has also served on the Mayoralty Committee and is the coorganizer and present secretary of the Fraternity Caucus.

Hurd is majoring in foreign languages and is a member of Sigma Alpha Epsilon fraternity. He was Campus Mayor in 1956-57 and is presently the Vice President of the Senate. He has served as a Senator for two years, representing his fraternity. In addition, he has served on the Memorial Union Governing Board, and the following committees: High School Weekend, Nominations, Social Affairs, Maine Day, Elections (chairman), and the Mayoralty committee. As Senate Vice President, he has served as United States National Student Association Coordinator for Maine, New Hampshire, and Vermont.

Chester Keefe, freshman, has announced his candidacy for the post of Campus Mayor.

Keefe is running under the title of "Little Caesar" and is being sponsored by Phi Gamma

Richard F. Barter, Gene Carter, James R. Hamblen, William F. Lynch, and Robert E. Worthing have been nominated by the Senate as candidates for the Washington Alumni Watch Award.

The Washington Alumni Association Watch Award is presented annually by the Alumni Association of Washington, D. C., to the male member of the graduating class who, in the opinion of the students and the University Administration, has done the most for the University during his course.

Richard Barter, of Bangor, is a

member of Phi Kappa Sigma. He has been a head proctor for two years, president of the Maine Debate Council, vice president of Newman Club, and a member of the Student Senate.

Hauck Accepts A New Position In Washington

Dr. Arthur A. Hauck, president emeritus of the University of Maine, has accepted a position with the American Council on Education in Washington, D. C.

The Center is operated by the Council for orientation to the United States of foreign leaders brought here by various U. S. government agencies. More than 4,000 leaders from most of the countries of the free world are given a week-long orientation to the U. S. at the Center each year.

Long interested in international educational and cultural exchange, Dr. Hauck is a member of the U. S. Advisory Commission on Educational Exchange, Council on Foreign Relations, and the Canada-United States Committee on Education. He is a past president of this association and of the National Association of State Universities.

He has also been a member for several years of the advisory committee for Vocational Rehabilitation and Education, Administrator of Veterans Affairs.

Dr. Hauck, who retired in February from his University post, will become director of the Washington International Center on May 1.

Seniors should order caps and gowns for graduation from the University Book Store by May 16.

NEW A.W.S. OFFICERS—elected last Thursday are from left to right front row: Ellen Shibles, secretary; Joellen Anderson, president; Martha Butler, vice president; back row: June Adams, treasurer; Ann Hastings, Assembly chairman, and Jean Toothaker, social chairman. (Staff photo by Banning)

Alpha Chapter Of Pi Beta Phi Holds Founders Day

Maine Alpha Chapter, Pi Beta Phi, held its annual Founders Day dinner on Monday evening at Penobscot Valley Country Club.

The dinner commemorated the founding of the fraternity at Monmouth College, Monmouth, Illinois, on April 28, 1867, and honored the new initiates.

Approximately 68 actives, alumnae, and initiates attended. Miss Dale Starbird was toastmistress. An award was given to the outstanding pledge, the highest ranking pledge, and the senior service award.

New initiates attending were: Kay Allen, Ann Corbett, Nancy Kennedy, Eleanor Turner, Cornelia Proctor, Marcia Meade, Mellissa Boomer, Carolyn Sleeper, Roberta Davis, Marilyn Leslie, Enid Marshall, Nancy Woods, and Jane Goode.

Committee chairmen for the program included: June Adams, social chairman; Barbara York, programs; Bonny Brown, placecards; Ann Hastings, table arrangements; and Marcia Meade and Marilyn Leslie, entertainment chairmen.

"The Length of the Arrow" is to be the central theme of Parents' Day to be observed Saturday. There will be a coffee in the Union in the morning where fraternity materials will be displayed. At 12:30 p.m. a banquet will be held at the Oronoka. Helen Inman, president will be the toastmistress.

Mrs. Frederick Hutchinson, president of the Eastern Maine Alumnae Club will extend a welcome to the parents. Miss Edith G. Wilson, dean of women will be the guest speaker.

The afternoon program will be held in the Main Lounge of the Union.

The committee for the Parents' Day includes: June Adams, social chairman; Sally Springer, dinner chairman; Jeanne Zoidis, displays; Judith Webster, serious ceremony; Molly Inman and Patricia Twitchell, morning coffee and afternoon refreshments; and Judy Adams, entertainment.

Student-Faculty Skits Highlight '58 Maine Day

Glenn Philippon

Maine Day Student-Faculty skits have had a long and hilarious history on this campus. It all began in 1935, thanks to the efforts of President Emeritus Arthur A. Hauck and enthusiastic faculty and students.

For years, the skits have been built to feature Prexy Hauck. This year, however, he will not be here. Although this means the loss of a great star, "the show must go on." And it will. This year's skits have been well planned to compensate for the loss.

Other stars of past years are with us. Such sparkling personalities as these from the 1955 skits: "Squeak" Bennett, "Young-Man-with-a-Horn" Grady, "Bix" Barnes and other scattered luminaries will appear.

Faculty enter into the festivities wholeheartedly and fill the ranks as advisors, actors and carpenters. Responsible for getting the show on the road are Nonni Hilchey and Pete Muzeroll with aid of the everpresent and ever-helpful faculty.

IFC Releases New Pledge Reports

The following pledge reports have been recorded by the Interfraternity Council:

Alpha Tau Omega has dropped Carl Baker, and Forest Stevens as pledges. Tau Epsilon Phi has released Richard Nadeau from his pledgeship.

New fraternity pledges are as follows: Beta Theta Pi, Robert Lee Mil- lay, non-resident; Delta Tau Delta, Ronald Thomas Marcoux, non-resi- dent.

IS THE SLIDE RULE MIGHTIER THAN THE PEN?—or will the god of the Liberal Arts come to the rescue in time? It's all in fun as Edward Holmes and Robert Supple rehearse for the annual Faculty-Student Skit to be presented on Maine-Day night. (Staff photo by Banning)

Float Parade To Be Held On Maine Day Afternoon

This year's Maine Day float parade will have an international theme—"World-Wide Whing-Dings."

Each float is to portray a holiday in some part of the world. Some suggestions are "July 4th" (U.S.), "Bastille Day" (Fr.), "May Day" (U.S.S.R.), "Coronation" (Eng.), and "Fiestas" (Mex. or Sp.).

The parade will start at 1:30 p.m. on Maine Day, May 7. It will begin in the parking lot behind the Men's Cafeteria, head south along the west side of the mall, and pass the judges' stand in front of the Library. The Drill Team will leave the parade here and begin their performance.

The parade will proceed along the east side of the mall, circle the gymnasium and field house, march back along the east side of the mall, and pass in front of the judges' stand again. Then they will circle the Library and march to the parking lot behind Stevens Hall where the parade will stay until the float winners are announced.

Four runners from the freshman track team will start the activities by running down the mall bearing torches. The parade will be led by a motoreade with acting president Charles E. Crossland in the lead. He will be followed by out-going mayor Ernie "Humphrey Pennyworth" Parks.

Next will come the newly-elected mayor, followed by the four City Managers of Orono, Old Town, Bangor, and Brewer. This year's campus queens, dressed in gowns and riding in new sports cars, will follow. They are Melissa Boomer, Homecoming Queen; Ruth Robinson, Calico Queen; Gail Carter, Winter Carnival Queen; and Shirlene Heath, Honorary Lieutenant-Colonel.

Next will come the floats followed by the University Band. The R.O.T.C. Drill Team will come last.

After the parade, the new mayor will be introduced, and the four city managers will present him the keys to the cities. He will also be presented a trophy. Next, the band will play several selections, and the queens will be presented bouquets by their individual sponsors. The float parade winners will be announced, and the program will end with the Stein Song. Ron Hurd will be master of ceremonies.

Floats will be judged on originality, aptness of the theme, craftsmanship, and the effectiveness of the float itself. Seven faculty members will be judges.

Floats will compete in three divisions: a women's dorm division, a men's division, and a division made up of all other campus personnel. Each float will display a card with its number and the color of its division.

Doris Chapman Wins Ellis Prize

Mrs. Doris V. Chapman has been awarded the \$50 Milton Ellis Prize in English.

The award goes to the senior English major who ranks highest in the junior and senior English comprehensive examinations.

The Milton Ellis Prize was established in honor of the late Dr. Milton Ellis who headed the Maine English department for many years.

Second place went to Warren Loveless.

A FAMILIAR SIGHT on Maine-Day during the past years was Arthur A. Hauck with shovel in hand, who was the founder of Maine-Day. This year he won't be here to participate, but the tradition still lives on.

Tomorrow Starts Kick - Off For Mayoralty Campaign

By Bill Farley

In keeping with Maine tradition, candidates will kick-off another Mayoralty campaign tomorrow at 7 a.m. Crazy capers, zany costumes, cheering students, music, speeches, and frivolity will set the pace as the candidates vie for the highly-touted post of Mayor of the Land.

In the past, candidates have been known to include in their titillating tomfoolery such fabulous fiascos as silly solos from the breezy balcony of our lovely Library, dizzy dissertations in the dark, dank, doldrums of dormitory "dungeons," rip-roaring revelry on the rear of vintage vehicles, sonorous snoring from a bunch of "bums" camping under camouflage on the moonlit Mall, and ticklish tricks atop the Center Stevens spire.

The PA system will be blaring between classes tomorrow and Monday, as candidates announce to the world their quaint qualifications with quick quotes and quackish quips. Monday night, candidates will make their last

bid for the position at a 7:30 p.m. rally in the Memorial Gym.

The Mayoralty campaign tradition was started in the late thirties and has become closely associated with the Maine Day program.

University students will have their first look at their new Mayor, Wednesday morning, Maine Day. His duties will start with an inaugural address, after which he will accept keys to the cities of Orono, Bangor, and Brewer.

The Maine Day program will officially start as this year's Campus Queens, and the new and retiring Mayors lead a parade from Carnegie Hall to the Library.

The chief duties of the Mayor will be to conduct five football rallies during the fall. He will be assisted by an eight-member committee, formed last April, which will function as an aid in organizing talent for the rallies and giving advice on any problems which might arise.

The committee, headed by the Mayor, includes eight members appointed as follows: one each Owl, Eagle, All-Maine Woman, and Skull, and four students appointed by the General Student Senate.

The Senate, in addition to having four members on the committee, will finance all the rallies.

Campaign, Sing, Skits, Reign Throughout Maine Day Week

Murrie MacDonald

The annual rejuvenation of the campus arrives Wednesday, May 7, with the advent of the 23rd Maine Day.

Students will rise to the clamour of the University band at 6:30 Wednesday morning to begin a day centered around work projects. The annual custom, started by Dr. Arthur A. Hauck, Present Emeritus, 23 years ago, has had less and less participation by students over the past few years.

Week Long Activities

Week long activities, centered around Maine Day, begin Monday evening with the mayoralty rally. Candidates campaigning to succeed present Mayor Ernie "Humphrey Pennyworth" Parks will present skits during the evening's entertainment, to be held in the Memorial Gym at 7:30 p.m.

Thirteen fraternities will vie for top singing honors at the Interfraternity Sing Tuesday, 7:30 p.m., in the Memorial Gym. The tapping of Sophomore Owls and Senior Skulls will also take place at this time.

Groups working on approximately thirty projects will gather Wednesday morning for breakfast in the various cafeterias and dining rooms.

After attending the announcement

of the new Mayor at 8:00 a.m. on the Library steps, the groups will follow their project leaders to such activities as painting, planting, digging, cleaning, and general maintenance of the campus.

The float parade, with this year's theme of "World-Wide Whing-Dings," begins at 1:30 p.m. Led by the University band, the parade will begin in back of the Men's Cafeteria and progress around the Mall.

A program after the parade includes a review by the R.O.T.C. Drill Team, inauguration of the Mayor, presentation of banners to sponsors of the winning floats, and presentation of keys to the Mayor by the local town managers.

Maine Day eve will see students assemble in the Memorial Gym for another Student-Faculty Skit. This skit, long noted for clever comedy, will be lacking only its traditional star, Dr. Arthur A. Hauck.

The annual ROTC review will be held Thursday afternoon at 1:00 p.m. at Alumni Field, with the entire ROTC parading.

General Elections will be held on Tuesday from 8 a.m. to 5 p.m. on the Mall, weather permitting. Should it rain, the polling will be held in the Main Lounge of the Union.

Student's Court Possible Issue On Election Day

Students may be asked at Tuesday elections to allow the Senate to establish a Student Judiciary. The motion would be in the form of an amendment to the Senate Constitution.

Request for the move came at Tuesday's Senate meeting from the Judiciary Committee. Not enough Senators were present at the meeting to vote on the proposal. Senators will be polled by mail. If they approve, the measure will be included on a separate ballot for voting Tuesday.

The motion will read: "I move to amend the Senate Constitution to allow the Senate to establish a Judiciary System. Any Judiciary System to be effective shall be adopted by 2/3 vote of the Senate membership and a majority of the women membership, and must be approved by the Committee on Administration. This plan shall incorporate the A.W.S. (Associated Women Students) Judiciary as established by the women students.

If the motion does go for vote Tuesday, and if it is approved, it would mean that the Senate, working with the Committee on Administration, could establish a Judiciary without further vote of the entire student body.

Up to this time the Senate Judiciary has no definite proposal to present for student vote. The proposal made two weeks ago for creating a three-level, two-branch court system is now under study by the Committee on Administration and the Judiciary Committee.

The Committee hopes, that by getting student approval allowing the Senate to create a Judiciary, a plan, acceptable to the Senate and the Administration might be put into effect next year.

To Discuss Dean's List Plan

A movement is underway in the University Faculty Council to change the requirement for Dean's List students from the grade average of 3.0 to a ranking in the upper 10% of the student's college.

The proposal would also stipulate that the 10% shall not include anyone with a grade point lower than 3.0. The proposal, made at the last Faculty Council meeting, was tabled awaiting more detailed information from the individual department heads.

If the proposal is put into effect the number of students making the Dean's List will be reduced. For example, last semester there were 251 on the Dean's List in arts and sciences, but only 112 in the upper 10%. That means that under the proposed system some 139 students would be ineligible for Dean's List rating.

Hardest hit would be the college of education, in which only 85 of the 251 making the List would be on it under the 10% system. In technology only 48 out of the 160 making it would be excluded. In Agriculture some 36 out of the 101 making honors would be ineligible.

Universitywide, 659 were on the Dean's List last semester, but that number would be virtually cut in half if the proposed measure was in effect. Their ranks would be thinned to 351 under the 10% system.

New Bicycle Stolen
From Student's Son

Nine year-old Dickie Cogswell lost his new, red, Columbia light-weight bike last Sunday.

Dickie and his older brother parked their bicycles in front of South Estabrook dormitory while they played in the field and bushes below the dormitory. When they came back, around 4:30 p.m. Dickie's bike was missing.

Dickie won the bike last fall in a grocery store contest, and according to his father, it is one of the few possessions the boy has not had handed down from his two older brothers.

Dickie is the son of Norman Cogswell, 9D South Apartments, a senior in Mechanical engineering.

Fraternities Prepare For IFC
Sing Scheduled For Next Tuesday

Ronald Knight

Sonorous reverberations are shaking fraternity houses throughout campus this week as 13 choral groups wait far into the night preparing for the IFC Sing on Tuesday. And Delta Tau Delta, winner of last year's Sing and holder of the McCusker trophy, is vailing the loudest and longest in an effort to retain the symbol of their harmonic superiority.

The fraternity winning the award the greatest number of times in a ten-year period will gain permanent possession of it. Since 1954 Theta Chi has won it twice, Phi Kappa Sigma once, and Delta Tau Delta once.

The evening's festivities in the Memorial Gym will touch off Maine Day activities with the tapping of new Sophomore Owls and

Senior Skulls and the presenta-
tion of the McCusker trophy.

The program begins at 7:30 p.m. with 13 of the 17 fraternities competing. Fraternities taking part in the Sing, their songs, and directors are: Alpha Gamma Rho singing "Psi of Alpha Gamma Rho" and "Gospel Ship", directed by Richard K. Dorr; Alpha Tau Omega singing "Rip Roaring Reprobates" and "The Drinking Song", directed by Forrest Meader Jr.; Beta Theta Pi, pending; Delta Tau Delta singing "Delt Medley" and "There is Nothing Like a Dame", directed by Greyson S. Your Vote Has Meaning - Use It!

The coming General Student Senate elections are of great importance. The Senate has finally managed to get into gear and the new officers will mean the difference between continued activity and more lethargy.

The Campus supported a candidate last year. The favored man lost, and the paper was roundly criticized. This year, although we have every right to support a candidate, we are not going to do so.

Will the man that I vote for have the time to do a good job? For this reason a student with a good scholastic average should be elected.

Will the man I vote for have the imagination and persistence to recognize worthy issues and keep them alive?

Will the man that I vote for have the good of the student in mind rather than self-glorification?

Will the man that I vote for have the innate qualities of leadership which will be strong enough to inspire support among the other members of the Senate?

Will the man that I vote for have and continue to have the respect and trust of the student body?

Does the man that I will vote for have a thorough knowledge of Senate procedure? This includes a knowledge of campus politics.

Does the man that I vote for have the interest and will he continue to have the interest of the Senate and University at heart?

There is one thing further to keep in mind. If you don't vote, don't criticize! Next year it might be well to give the Senate a little support.

Don't Let Maine Day Die

An old and popular Maine tradition may come to an end next week. It could die of starvation in a land of plenty. It does not need to happen.

Since President Hauck introduced Maine Day, thousands of University students have dug ditches, raked leaves, planted trees, and gotten wet and dirty and cold, and have had a whale of a time doing it.

Maine Day has a purpose. It is intended to provide a release from the routine that is school. It amounts to a little physical work and a lot of play.

We would like to suggest that both the work and the play be given a fair chance this year. Six thousand hours of work (two hours apiece from three thousand students) would go a long way toward making a neater and more livable campus.

Before you deny this day your support, remember this: A lot depends on you.

CAMPUS QUOTES

By Harmon Banning

June Richards - I think that Maine Day would receive better participation if President Hauck's name were stressed as the founder of Maine Day.

Joseph Dombek - If the projects could be put on a competitive basis and some reward be presented by the president, a better turn-out might result.

Sheila Chouinard - The students should be made to realize that Maine Day won't be continued in the future unless the students participate this year.

Henry Powell - The various projects should be broken down into units consisting of fraternities and dorms.

Jean Callnan - One possible way to keep students on campus for Maine Day might be to have "Committee Teams" play games such as softball against one another in the afternoon.

Bee Hive Judiciary Legal?

There are a few things that must be considered before we vote for or against the proposed Student Judiciary.

Should the Judiciary be passed, we are accepting a type of social group work mechanism and not a legal entity. We would operate in a "non-legal" atmosphere, the same as we operate our Student Senate.

Since we would not be forming a legal court (legal, in the true sense of the word), any decisions rendered by that court would, in turn, not be legally valid, whether the decision be rendered on drinking, morals, cribbing, or what have you.

Although one aim of the court would be to mete out just punishment on behalf of the Administration and the students, another aim, of necessity, becomes an integral part of the system - that is, to determine the guilt of the accused party.

If a defendant is found guilty in court - remember, a court at the college-level is just a practice in social adjustment, not a legal function - it seems possible for a student to turn right around and sue the University for libel or slander. Here is why: In the final analysis the University is responsible for the formation of such a system.

Though not legally a matter for public record, the decision of the court would travel by word-of-mouth through most of the University's 4,000-student population.

Further, for all legal purposes the charge which led to the "conviction" would not be true, for TRUTH is defined, legally, as that which can be proved in court - a bona fide court!

In addition, the Campus or WORO could not, in the face of possible legal repercussions, report the outcome of the trials, and therefore could not assist the Judiciary in one of its functions... that of a social deterrent.

the principals involved in any time, they may be given the opportunity for a second chance. If, on the other hand, they break a law (again, in the true sense of the word), then they must, of course, be ready to suffer social indignation.

The Administration has the legal right to initiate any type of discipline program, one of which can be a student, self-discipline Judiciary. But, although the Administration can legally grant these judicial powers to the students, and although the students may use these powers in the best of faith when they pass judgment on other students, the social setback that may be suffered by the defendant might make the Judiciary something to be feared rather than favored.

How many students can you name who have, under the present system, been placed on censure, suspended, or expelled? This is information that just doesn't get around, and if you do hear about such an incident, the facts are probably deformed.

Those students have broken a University rule, but most of them have not suffered social degradation because of it. At another

It is clear that the "open-court" clause, on our level, is dangerous. It has doubtful value. At the same time, the value of a Judiciary with a "closed court" also seems somewhat doubtful, for what good is a Judiciary that does not act as a social deterrent? Further, what guarantee is there that a just verdict or sentence will be administered? No outside parties can be present in this type of court. Hence, no reporting, no pressure on the jury - no constructive criticism.

(I must say, here, that I was reluctant, as I wrote this column about a college-level court system, to use such terms as convicted, sentence, verdict, etc.) Last week, I mentioned something about possible ramifications of the proposal. This week, I have pointed out one or two such ramifications.

Christianity, Judaism and Buddhism will be expressed in music, dance and literature in the third annual Religious Arts Festival this Sunday. The Student Religious Association, in co-operation with the departments of music, speech, art, and physical education, is presenting this program.

"This festival attempts to show how real religion both demands and enjoys the use of all man's senses, imagination and mind: in short, the whole life of the whole man," says SRA director, Harvey Bates.

The program opens at 7:00 p.m. Sunday evening with the University Singers, under the direction of Lewis Niven, and the modern dancers, under the direction of Miss Eileen Cassidy.

These groups will be accompanied by readers and musicians in an expression of the Christian holiday, Christmas. A Jewish holiday, Succos, next unfolds in varied color, sound and sight. Motion, words and song then convey the beauty of the Flower Festival of Buddhism, Loy Kratong.

The second part of the program is a play presenting a contemporary view of personal religion. A confessed murderer is about to be executed. The name he uses is known to be an alias. No one knows his true name. . . . Members of the Maine Masque appearing in the play are Carol Quigg, James Beedy, Michael Dolley and Michael Bukanc.

In conjunction with the festival is an exhibit of prints of paintings on the theme: Religious Holidays. A few original works by student artists will be included in the display. The prints and paintings will be in the Union through May 4.

Survey Shows Maine Faculty Salaries Low

According to an article appearing in the spring issue of the AAUP Bulletin, the University of Maine faculty ranks in the lower half of the national minimum salary scale of the four academic ranks.

The article, outlining a program for the improvement of the economic status of college professors, compiled the table from pay-scale figures of colleges and universities throughout the country; and published it to serve as a means of comparing existing pay scales with the national average.

The scale is broken down into six grades—A through F—containing the minimum salaries of each academic rank — professors, associate professors, assistant professors, and instructors. Grade A minimum salaries are professors \$12,000, associate professors \$8,750, assistant professors \$6,750, and instructors \$5,000. Minimum salaries for grade B are \$10,000, \$7,750, \$6,000, and \$4,500. For grade C they are \$8,750, \$6,750, \$5,250, and \$4,000; for grade D, \$7,500, \$6,000, \$4,750, and \$3,750; for grade E, \$6,250, \$5,250, \$4,250, and \$3,750; and for grade F, \$5,250, \$4,500, \$3,750, and \$3,250.

The Maine faculty salaries are scaled in the D, E, and F categories, with salaries for professors in the F scale.

The Economic Welfare Committee of the University is now studying the faculty pay scales and is expected to make recommendations to the faculty which, if approved, would perhaps result in raising the present scale.

Billy Butterfield At Junior Prom

Trumpeteer Billy Butterfield comes to Maine Friday for the Junior Prom.

Butterfield will bring a fifteen piece band to play at the Prom. A former sideman with Bob Crosby, Artie Shaw, Benny Goodman, Butterfield has had his own band since 1946.

Specializing in college dates, Butterfield's band features vocals by Dottie Dare (Mrs. B.) and intermission music by a special seven piece Dixieland combo.

Members of the Junior class executive committee under President Irving King have been planning the prom.

The Prom is semi-formal with dancing from 9 p.m. - 1 a.m.

Members Elected To Union Board

The Activities Board of the Memorial Union for next year has been elected.

Members are: Eric Bolen, president; Barry Smith, vice president; Nomi Hilchey, secretary; committee chairmen: Bob Everett, Games and Tournaments; Frank Moxin, Public and Campus Relations; George Casavant, Fine Arts; Walt Hoyt, Movies; John Burr, Dances and Music; Barry Smith, Research, Evaluation and Recruitment.

This last committee has recently been set up for the purpose of appraising and evaluating spe-

cial Union functions such as the Ace of Spades, the Bear Flings, etc. The committee will decide whether or not the functions were worthwhile and how they can be improved.

The Memorial Union Activities Board will hold their annual recognition banquet for all active Union members Saturday, May 10 in North Estabrooke dining hall.

The movie to be shown this weekend, May 2 and 3 at the Union will be *Hell and High Water* starring Richard Widmark and Bella Darvi.

"The Glass Menagerie" As Performed By The Masque Players Is A Delightful Play

Tennessee Williams, through a play, four actors, and a director, achieved effective communication to the audience at the Little Theatre last night with the opening of *The Glass Menagerie*.

Under the skillful direction of James W. Barushok, the delicate interpretation, together with the ease of performance, made the play an exciting theatre experience.

Complexity is the essence of each character in *The Glass Menagerie*. Amanda Wingfield lives in a world in which she refuses to face any part of reality. Williams sympathizes with her, though, for the reality she has to face is really quite grotesque. Anyway, sometimes she isn't very nice to have around the house.

She tries to find a husband for her daughter Laura who also lives in her own little world. Laura is like the lonely unicorn in the world of hornless horses which go to make up her glass menagerie.

Amanda's son, Tom, is a poet who works in a warehouse, and feels as though he is in a locked coffin which will surely burst if he doesn't get out.

The gentleman caller, Jim O'Connor, who is supposed to represent the world of reality, is one of those people who used to be 'well liked.'

These four people try, sometimes rather desperately, to communicate to one another, to tell each other the "so many things in their hearts that they cannot describe." However, each one of them is locked up inside of himself or herself and seems doomed to stay that way.

Suzanne Dunn plays the part of Amanda Wingfield. Her outstanding portrayal of a "typical Williams decadent Southern Woman" shows a great deal of understanding of the difficult role, for Amanda must be almost simultaneously pitiable and detestable. Miss Dunn's performance was really remarkable and approached professional standards.

Tom is played by Skip Avery who handled the role with sensitivity, competence, and in a way that makes one think it is the most natural thing in the world for him. His fine acting makes it extremely easy for the audience to empathize with him.

Laura is portrayed by Louenna Kostenbauder, a newcomer to the Maine Masque stage who shows a

great deal of promise for the future. Louenna looks just like Laura should look! Her interpretation elicits a less translucent and ethereal Laura than one might expect, but her more realistic characterization is clear and consistent throughout the play.

Don Billet as Jim O'Connor makes the most of a part that can very easily turn out to be rather empty. Billet takes the ordinary character, gives life to him, and turns him into a real person.

Mr. Barushok uses in his directing what is known as 'the method', although that is a rather vague term to use because few (including this reviewer) know exactly what it means. It involves the expression of the inner emotions of the character in the play through the transference of the emotions of the actor into his character.

It is an intricate and difficult technique from the standpoint of both the director and the actor. If 'the method' is the thing that has made the characters in *The Glass Menagerie* so real and so natural, I think that it has been used effectively and advantageously. The result was a truly beautiful play.

Clean-Up Day Is Held By Alpha Gamma Rho

The local chapter of Alpha Gamma Rho will hold its Second Annual A.G.R. Day, Saturday, "from dawn to dusk."

Donald Wood, fraternity Historian, speaking for A.G.R. Day chairman David Marshall, said the group expects to save close to \$500 in labor costs with this project.

Plans for the day, in which nearly 60 men will take part, include the construction of a baseball diamond and skating rink, building and painting of new shutters for the North and East side of the house, patching the driveway, the construction of a post fence around the parking lot, the planting of shrubs, and general clean-up and maintenance of the area.

The program was initiated last year when the members of the chapter pooled their energy to save themselves \$1,700 in landscaping costs. At that time, according to last year's chairman, Clyde Walton, the entire cost did not exceed \$300.

SWEENEY IN THE TREES

Spring is here—the season of tree-sitting contests. This I applaud. Tree-sitting is healthful and jolly and as American as apple pie. Also it keeps you off the streets.

Tree-sitting is not, however, without its hazards. Take, for example, the dread and chilling case of Manuel Sigafoos and Ed Sweeney, both sophomores at the Nashville College of Folk Music and Woodworking, and both madly in love with a beautiful alto named Ursula Thing, who won their hearts singing that fine old folk song, *I Strangled My True Love with Her Own Yellow Braids, and I'll Never Eat Her Sorghum Any More.*

Both Manuel and Ed pressed Ursula to go steady, but she could not choose between them, and finally it was decided that the boys would have a tree-sitting contest, and Ursula would belong to the victor. So Manuel and Ed clambered up adjoining aspens, taking with them the following necessities: food, clothing, bedding, reading matter, and—most essential of all—plenty of Marlboro Cigarettes.

We who live on the ground know how much you get to like with a Marlboro. Think how much more important they must be to the lonely tree-dweller—how much more welcome their fine, mild tobacco; how much more gratifying their free-drawing filters; how much more comforting their sturdy, crush-proof flip-top box. Climb a tree and see for yourselves.

Well supplied with Marlboros, our heroes began their tree-sitting contest—Manuel with good heart, Ed with evil cunning. The shocking fact is that crafty Ed, all unbeknownst to Manuel, was one of three identical triplets. Each night while Manuel dozed on his bough, one of Ed's brothers—Fred or Jed—would sneak up the tree and replace him. "How can I lose?" said Ed with a fiendish giggle to his brother Fred or Jed.

But Ed had a big surprise coming. For Manuel, though he did not know it himself, was a druid! He had been abandoned as an infant at the hut of a poor and humble woodcutter named Cornelius Whitney Sigafoos III, who had raised the child as his own. So when Manuel got into the tree, he found much to his surprise that he had never in all his life felt so at home and happy. He had absolutely no intention of ever leaving.

After seven or eight years Ed and his brothers wearied of the contest and conceded. Ursula Thing came to Manuel's tree and cried, "I am yours! Come down and pin me."

But Manuel declined. Instead he asked Ursula to join him in the tree. This she could not do, being subject to moperly (a morbid allergy to woodpeckers), so she ended up with Ed after all.

Only she made a mistake—a very natural mistake. It was Jed, not Ed, with whom she ended up.

Ed, heartbroken at being tricked by his own brother, took up metallurgy to forget.

Crime does not pay.

Bear Golf, Tennis Teams Prepare For Title Meet

With the Yankee Conference title meet scheduled for May 9-10, Maine's golf and tennis teams will attempt to strengthen their weaknesses in dual meet competition during the next eight days.

Larry VanPeursem's tennis team, which has already participated in five matches, will face two more opponents before the Yankon title meet. The netmen face Bowdoin at Brunswick on Saturday, and return home to face Bates on Tuesday at 1:30 on the Maine Tennis Courts.

Triangular Meet For Golfers

Charley Emery's golfers, who have already been engaged in four meets, have a triangular meet facing them before they leave for Burlington and the Conference title meet. On Sat-

urday, Maine's golfers play host to New Hampshire and Colby at the Penobscot Valley C.C. in a match which will begin at 11:00 a.m.

The freshman tennis team will make their first appearance of the season against Brunswick High on Saturday at 1:30 at the Me. Tennis Courts. Brunswick, defending state champions, wracked the Cubs last year, 8-1.

Brewer High is the first opponent for the frosh golf squad on Monday in a match which begins at 1:00 p.m. at the P.V.C.C. Brewer was shutout by the undefeated frosh team of last year, 3-0. Fall freshman golf champion Pete Sothmann will lead his mates against the Witches and four other opponents.

Junior

We appreciate the compliment, Les. However, that cool tire is just one of the many modern features of our real gone service.

Hop a B and A bus and dig the big picture windows, adjustable foam contour seats, individual reading lights, one level floors, toilet and lavatory... what we mean to say, man, is that these buses are the most to say the least.

For a dream ride, cats and kittens, slip into a fabulous B and A bus. Just grease the palm of the man dressed in the cool front, sitting behind the wheel. And if you're short on jack, don't sweat, 'cause the low rates won't bind, man. You're nothing but hip when you take a trip in a B and A bus. Here are some schedules:

Thinclads Host Boston College This Saturday

By Ron Drogin

A big day of track activity awaits fans Saturday as the varsity and freshman thinclads host the Boston College varsity and frosh tracksquads in a double dual meet. Running events are slated to begin at 2 p.m. at the Maine Athletic Field.

Bear Varsity Favored

Maine's varsity is expected to romp over the Bostonians who recently finished last in a triangular meet with Amherst and Bowdoin. Nevertheless, in several events BC is expected to cause trouble. BC's Harvey is a 6-foot plus high jumper; and in the broad jump and pole vault BC has point potential in Chatman. Otherwise, Maine is expected to dominate.

The freshman dual is expected to be much closer. Maine's frosh will be up against their first real competition of the season. After annihilating Portland High last week, 83-30, Maine's frosh will run up against a Boston College team which easily defeated a well rated Bowdoin frosh, 74-46, in a recent meet.

BC's Barry is expected to give Maine's Terry Horne top competition in the weight events. Barry won the javelin, hammer, and shot while finishing second in the discus against Bowdoin. BC's Shields is a top sprinter and has equalled the times of Maine's Larry Safford and Arnold Baker. Another top performer for the visitors will be Hurley who is a powerful middle distance runner.

Top UNH, 81-54

Maine's varsity won their opening meet of the season last week as they upended New Hampshire, 81-54. Maine's superior strength showed in the mile, high hurdles, two-mile, javelin, and pole vault. Maine victories were turned in by Phil Haskell, Dave Linekin, Bill Schroeder, Dan Rearick, Dick Law, Thornton Ritz, and Ace Conro.

Other Black Bear points were earned by Dale Delano, Cal Bickford, Bill Donnell, Larry Jackson, Cliff Ives, Maury Dore, Dale Bessey, Chuck Thibodeau, Bob Dean, Nate Robertson, Pete Hannah, and John Mithen.

New Hampshire's John Rasmussen set a new meet record in the 880 by winning in 1:56.5, as teammate Arnie Fowler sparked in scoring 14 points for his mates.

Frosh Wrack Portland

Maine's frosh had little trouble in defeating Portland, 83-30. Terry Horne once again displayed his tremendous ability in the weight events as he dominated the discus, shot put, and placed second in the javelin. Horne, a powerfully built young man from Belfast, broke the discus record with toss of 147 ft. 7 in. Other freshman winners were Wilbur Spencer, Terry Brooks, Line Brown, Larry Safford, and Arnie Baker. Spencer won the 440, javelin, and high jump as he displayed excellent versatility. Portland got top work from sophomore Norm Cleaves who won the two hurdles events. Other frosh scorers were Greg Portnoff, Joe Feeny, Wil Smith, Earl Jette, Ed Morrison, Gardner Hunt, Pete Louridas, Mitch Cohen, and Uwe Fink.

Bear Facts

By Ron Drogin Sports Editor

Long Range Forecast:

Colby, which is presently the power in State Series competition, is aiming to develop a powerhouse hockey team which would be important nationally. Colby's stress on hockey stems from the tremendous student support that the sport is receiving, and the fine rink belonging to the school. The emphasis on the puck game is tending to de-emphasize the importance of the basketball team at Colby, as the sports conflict because of simultaneous seasons. Colby is already scheduled to play the other top hockey teams in the nation for next year. Mules' fans long for the day when a state series can be started in hockey, as do countless Black Bear partisans. Chances are that Colby will achieve a championship puck team in a few years, but chances are dim for a state series in hockey due to disinterest in the sport by the athletic departments at Maine and Bates.

Bear Jots:

Many interesting sidelites on last weekend's sporting activities for Bear teams. Trackmen gained revenge on New Hampshire for last spring's loss. Phil Haskell evened score with Fowler after losing to him in indoor meet. Phil ran 100 in 9.8 for his best time ever, but had wind on back. . . . Nate Robertson is new broad jumping star for Styra as he placed second with Finch and Johnson not competing. . . . Weights did not lose the team points for a change. . . . Ace Conro's dedication to hard work paid off with well deserved 440 win. . . . Styramen will be greatly aided next year by Safford, Baker, Horne, Hunt, Spencer, Brooks, Dubois, and several other frosh.

Maine's Men Of Promise Tangle Bowdoin And Colby

By Bob Kelleter

Jack Butterfield's Bears played their best ball of the season last weekend as they swept Rhode Island twice, 6-2, and 3-0.

The Bears now sport a 3-1 Yankee Conference record and are one slot behind the league-leading UConn Huskies.

Maine continues in its quest for the Yankon title, Monday, when New Hampshire comes to Steintown. They will also plunge into the State Series battle as they meet Bowdoin at Brun-

wick, Saturday, and Colby at Waterville, Thursday.

The 2 in-state tilts figure to be the toughest and will bear the most watching. The undefeated Colby Mules will be out to show the Bears that an early season rainout was a lucky break for Maine. Coach John Winkin leads the best, all-around club in the school's history. Bowdoin is a bit less imposing but cannot be taken lightly. The Polar Bears have taken some tough games on the chin, with close losses.

Colby has an exceptional infield and strong pitching. Their number two hurler, Tony Ruvo, threw a no-hitter at Williams earlier in the year. The Mule's top hurler is Warren Judd.

The infield is outstanding offensively and defensively. Sophomore Ed Burke is a power hitter at first base. Second sacker Tony Zash and third baseman Lloyd Cohen bat first and second in the lineup, while shortstop George Roden bats third, giving the Mules talented batting at the top of their order.

The outfield is anchored by Norm Gigon who handles the clean-up position. Of these five stars, Gigon and Cohen are juniors while the others are all sophomores making the Mules look strong for several years to come.

Bowdoin is also led by their infield. Shortstop Macey Rosenthal was Bowdoin's leading hitter last year. Three-sport all star, Brud Stover, covers first and is the most danegrous Brunswick hitter.

Bill Linscott adds to Bowdoin slugging. Linscott is a .300 hitting outfielder with power. Junior southpaw Ron Woods is the ace of coach Dan MacFayden's thin pitching corps.

Last weekend, the Bears as previously mentioned easily swept a 2 game set against Rhode Island. The key of the victories was the brilliant pitching of Bill Burke and Dan Dearborn. Dearborn hurled a shutout, while the 2 runs off Burke were unearned.

In the Friday game, Dick Hlister supported Burke's eight-strikeout performance with a triple and 2 singles, 3 RBI's, and a steal of home. Captain Roger Pepin continued his great defensive play in left field.

Dan Dearborn's amazing ERA now stands at 0.95. Junior Bill Burke is half a run behind at 1.44 but has 27 strikeouts to senior Dearborn's 15.

Cubs Facing Higgins And Maritimers

After almost 2 months of practice, Jim Butterfield's freshman baseball team has started its schedule. The team will take the field nine times, the prospective best game being the last one against Bowdoin.

The freshmen, who met Maine Central Institute in their first game of the season earlier this week, will play Maine Maritime and Higgins next week. Maine Maritime opposes the Bears on Saturday at 2:30 p.m. at the Maine Baseball Field. Higgins will be here on Wednesday for another 2:30 engagement.

Both Higgins and Maine Maritime were on the freshman schedule of last year. Higgins lost 8-1 after giving the frosh an even battle for eight innings. Maine Maritime lost two encounters, one by 6-5. Of the two teams, Maine Maritime is expected to give the frosh the tougher battle.

Getting the most attention for Maine during the remainder of the campaign will be the outfield trio of Dave Mosher, Tommy Valiton, and Ray Weed. All three are excellent varsity prospects and will get good chances next year with Roger Pepin and Ronnie Ranco graduating.

The Bear infield features Burt Payson at third base, Neal Doucette at shortstop, Tommy Soychak at second, and Larry Schiner at first base. However, the double-play combo of Doucette and Soychak must produce since Dick Rollins and Artie Miles have looked good around second.

John Boomer will probably do most of the receiving, although Fran Lessard and Jon Jacobs have looked promising. Boomer will be catching the slants of Jack Holmes, Hadden Libby, and Dick Kinney.
