The University of Maine, located in Orono, is the largest campus in the statewide university system. There is plenty of open space on its 1,200 acres, where students are offered the diversity and the challenge of a large university in an invigorating atmosphere of a small college. The campus at Orono is in a classic New England setting, located 10 miles north of Bangor, Maine’s third largest city. The region is conveniently located close to ski slopes, outdoor recreation areas and the beautiful Maine coastline.

The University, with a variety of exciting and challenging course opportunities, offers an outstanding faculty. Baccalaureate degree programs are offered through eight colleges: Applied Sciences and Agriculture, Arts and Humanities, Business Administration, Education, Engineering and Technology, Forest Resources, Sciences, and Social and Behavioral Sciences. The campus houses the expansive Raymond Fogler Library and a number of respected research facilities to give the student an excellent learning environment.

Student activities at the University create an important balance between the classroom experience and the personal life of the individual scholar. There are seven scholastic honor societies, four non-scholastic honor societies, 37 states and 36 countries studied at the University last year, and more than 20 percent of the total enrollment of 13,200 is admitted from outside the state of Maine.
ties, 22 departmental honor societies, 56 associations, clubs and organizations, and six religious groups. Twelve fraternities and seven sororities have chapters in Orono. In short, a variety of opportunities exists for students, both academically and socially, outside the classroom. The Maine Center for the Arts, host to concerts, comedy, theatre, recitals and other popular entertainment, is located on campus and features nationally and world renowned entertainers.

The University offers its students, the community and the state an outstanding athletic tradition. Several Black Bear teams have excelled to regional and national prominence.

Included on Maine’s athletic staff is a full-time academic coordinator responsible for closely monitoring the progress of each of the 600 varsity student-athletes. Coaches also monitor and advise their student-athletes, frequently holding meetings specifically to discuss academic situations. Study halls and special tutorial sessions are scheduled daily as a way to enhance the learning process. This support and close scrutiny has been a significant reason the overall grade point average of student-athletes has been higher than that of the general student body. The primary goal of the University and the athletic department is to see each individual reach his or her academic potential.

The recreation and intramural department offers organized competition in a number of events throughout the year. Students can participate in a variety of sports from basketball, softball and soccer to waterpolo, mountain bike racing and broomball. Open facilities are also available to students for informal play. Maine’s 19 Division I athletic teams entertain more than 100 intercollegiate events on campus each year. The University offers students a wide spectrum of opportunities to enhance the overall college experience.
Dr. John C. Hitt, 50, was named interim president of the University of Maine July 1, 1991.

In making the announcement of Hitt's appointment, University of Maine System Chancellor Dr. Robert Woodbury described Hitt as possessing "the right combination of qualities to lead the campus during this demanding time in the life of the institution."

Hitt replaces Dr. Dale Lick, who left after five years to become president at Florida State University.

Hitt, vice president of Academic Affairs, has held the number two administrative position at Maine since 1987. He also holds an appointment at Maine as professor of psychology.

Hitt came to Maine after serving 10 years as Provost and Vice President of Academic Affairs at Bradley University in Peoria, Ill. From 1969 to 1977, he was affiliated with Texas Christian University, where he was associate dean of the University, dean of the Graduate School and vice president of the Research Foundation.

A 1962 graduate of Austin College, where he obtained his bachelor's degree in psychology, Hitt earned his master's in 1964 and Ph.D. in psychology in 1966 from Tulane University. It was at Tulane that he began his career as a member of the faculty.

While at Maine, Hitt has worked closely with former President Lick, and has seen applications for admission rise 15 percent in 1988 alone. During that same time, the standards for admissions have risen as well. Athletic programs have grown toward national prominence during their tenure.

"I am honored and pleased to be asked to take on this important responsibility," said Hitt at his appointment in April. "I appreciate the confidence the chancellor has shown in me. During my four years here, I have been privileged to work with Dale Lick and our deans in improving the quality of faculty and our students. With the help of the entire University community, I look forward to maintaining that direction."

Hitt and his wife, Martha, live in Bangor.
Michael Ploszek, 36, was chosen director of athletics August 20, 1991. He began his first year of leadership at Maine on September 19.

Ploszek had worked as assistant athletic director for development at Rutgers University in New Brunswick, N.J. since 1986. He was responsible for all fund-raising activities related to Rutgers' 30 intercollegiate sports. While at Rutgers, he achieved athletic fund-raising records amounting to over $10 million.

According to Maine Interim President Dr. John Hitt, Ploszek was the most qualified applicant to maintain and bolster the energy and enthusiasm needed for a strong athletic program, and to help move the University toward the recommendations of a recent national report calling for a new model of college sports governance.

"Mike and I are in complete agreement that the University of Maine will be a leader in pursuing the principles enunciated in the Knight Commission," said Hitt at a news conference announcing Ploszek's appointment. "In their essence, these principles direct us toward a goal we all seek instinctively: to provide teams the Mainers can be proud of - competitive teams whose successes are grounded in personal, academic and fiscal integrity."

Ploszek says he plans to utilize the recommendations of the Knight Commission as he leads the UM program through the nineties.

"During the next decade there's going to be a movement to put the student back into the athletic program," said Ploszek. "We have to make sure the athletic program enhances a student's experience. That's what a university is all about. The University of Maine will be a model program."

A 1977 graduate of the University of Notre Dame with a bachelor's degree in business administration, Ploszek was a backup center for the Fighting Irish football team for two seasons.

Following graduation, he spent seven years working in sales, marketing and management for United States Steel Corporation. He then accepted a job as regional director of development for Notre Dame in the Chicago area, a position he held until his appointment at Rutgers in 1986.

Ploszek and his wife, Karen, and their five children will reside in the Orono area.
1990-91 Athletic Highlights at Maine

**Baseball**
- John Winkin's team wins a school-record 48 games and is selected as the host of the NCAA Northeast Regional. All-American Mark Sweeney is one of five Black Bears selected in the Major League Baseball draft.

**Basketball**
- Rudy Keeling's team posts a career best 7-3 record in North Atlantic Conference. The Black Bears play in their first conference championship, televised nationally on ESPN.

**Field Hockey**
- Terry Kix takes the reins of the Maine field hockey team, which placed 10 players on the conference's academic honor roll.

**Football**
- Kirk Ferentz's squad boasts All-American Claude Pettaway, who tied as the nation's interception leader.

**Hockey**
- Shawn Walsh's team reaches the NCAA Tournament for the fifth consecutive year. Junior Keith Carney and sophomores Jim Montgomery and Jean-Yves Roy earn All-America accolades.

**Soccer**
- Jim Dyer's team finishes among the New England Top Ten for the eighth consecutive year and qualifies for the NAC playoffs for the first time.

**Swimming and Diving**
- Coach Jeff Wren's women's team hosts the New England Championships, while the men's team finishes fourth at the New Englands.

**Softball**
- Janet Anderson's team, which will compete in the North Atlantic Conference this year, posts a 20-win season for the first time since 1989.

**Track**
- Jim Ballinger's team will compete on the new Clarence Beckett Family Track and Field Center completed this past summer.

**Women's Basketball**
- Trish Roberts' team captures its second consecutive North Atlantic Conference title. District I All-American Rachel Bouchard, an Academic All-American, closes her storied career with 17 University of Maine records and New England scoring records.

**Women's Soccer**
- The team completes its first season at the Division I level.
When Margaret Zillioux attends a University of Maine basketball game she sees more than a team of athletes. Her sights go beyond athletic achievement and into the academics and personalities which lie beneath the blue and white uniforms.

As Associate Athletic Director for Academics, Zillioux’s responsibilities include making the student aware of existing support services on campus like the tutoring service, the career center or the faculty advisor program. She also makes sure the student is attending classes on a regular basis.

“I work extremely close with first-year students,” says Zillioux. “I wear many different hats. Some students need help with time management. Others need faculty advice or mediating with coaches. I try to ensure that the athletes get off to a good start.”

This season, Zillioux has already been working with freshman basketball players months before their first practice.

Men’s basketball coach Rudy Keeling realizes the importance of an education and the guidance an Academic Support Coordinator can provide. Zillioux feels Keeling’s interest in academics is genuine, making her job more rewarding.

“He’s very involved with his kids academically, “ says Zillioux. “There’s a lot of pressure on coaches around the country to say ‘academics are our first priority,’ but from my experience thus far, I think Coach Keeling is very sincere.”

Two years ago, Keeling’s leading scorer earned honors for both his academic and athletic accomplishments. Dean Smith, a 1990 graduate in electrical engineering, was awarded the NCAA Walter Byers Postgraduate Scholarship. The scholarship is awarded to the nation’s top scholar-athlete who is planning to continue his education.

Last year, Maine’s all-time assist leader Marty Higgins was named to the NAC All-Academic team with a GPA over 3.0. He is a physical education major.

Zillioux sees her role as a communicator with the student. She prefers working face-to-face, rather than writing memos or making telephone calls.

“I like to work closely with the students,” says Zillioux. “I want to work first hand with their problems. If we’re going to solve any problems, the athletes need someone to trust.”

One way of earning that trust is by attending basketball practices, or by sitting near midcourt on the night of a Black Bear basketball game.

“If I talk to a player about his position, a good game he’s played, a nice scoring play, a good assist, he may open up,” says Zillioux. “It’s important that I’m not always sitting across a desk.”

In addition to her work with the freshmen, Zillioux is involved with upper-class students with marginal grades, any students with questions, and students involved in the mandatory study hall.

“It’s important the students are actually studying in study hall,” she says. “We need to teach them not only to play basketball, but how to play the academic game.”
RUDY KEELING
Head Coach

Rudy Keeling, 42, enters his fourth season as head basketball coach at Maine. Last season, Keeling and his squad enjoyed their most successful season thus far, reaching the North Atlantic Conference Championship. Although Maine fell in its first conference championship game ever, the Black Bears enjoyed another first with nation-wide television exposure on ESPN. Maine finished second in the conference final standings.

In 1991-92, Keeling welcomes back 10 letterwinners and four of his five starters. In addition, Fritz Marseille, a junior college transfer, Dana Doran, 1991 Maine Gatorade Basketball Player of the Year and Jerome Johnson, a walk-on will join the team in 1991-92. Maine's four-year coach has increased his win total every year to a cumulative 33-52 mark.

Prior to arriving at Maine, Keeling served two years at Marquette University as the team's primary recruiter. The 1986-87 recruiting class was rated the 26th best in the nation. He was also involved with scouting and floor coaching, in addition to being the program's principal liaison with the media.

From 1980-86, Keeling was the first assistant coach at Bradley University, where he also served as recruiting coordinator. He signed eight players, including standout Hersey Hawkins, to a Bradley team that went 32-3 and advanced to the NCAA tournament in 1985-86.

A native of New York City, Keeling attended Bishop DuBois High School where he earned All-New York City honors as a guard, while graduating fifth in his class in 1966. He played freshman basketball at Notre Dame before transferring to Quincy College in Illinois, where he played both basketball and baseball. He obtained a bachelor of science degree in mathematics in 1970.

In 1976, he became assistant basketball coach at Bergan High School in Peoria and took over the head coaching duties there in 1977. In three years at Bergan High, his teams compiled a 61-19 record. His 1979-80 team finished as the Illinois Class A runner-up, and Keeling was named Illinois State Coach of the Year.

Former Maine Athletic Director Kevin White cites Keeling's excellent knowledge of basketball, and his commitment to academics as factors in Keeling's hiring. Last season, all the seniors on the team were on schedule to receive their degree from the university. Two years ago, Dean Smith was named a first-team Academic All-American.

"Academics and excellence go hand-in-hand," says Keeling. "This academic commitment can be seen in the athletic department where our staff, with the assistance of an academic support coordinator, has vowed to provide every University of Maine basketball player the means needed to graduate."

Keeling is married, and he and his wife, Jane, have four children: Kara, 20, a junior at Notre Dame; Tina, 17; Kip, 16; and Cory, 6.

The Coaching Staff

Rudy Keeling led the Black Bears to their first NAC Championship game, and Maine's best conference record (7-3) in league history.
Mike Jaskulski, 37, is in his fourth season as an assistant with the Black Bears. Jaskulski is the senior member of the basketball staff having served with Keeling three seasons. His responsibilities include floor coaching, recruiting and practice preparation. He also serves as the academic liaison to Margaret Zillioux's academic support staff.

A 1976 graduate of St. Norbert College, Jaskulski earned his master's degree in education in 1984 from the University of Wisconsin-Milwaukee.

Jaskulski brings to Maine a reputation for coaching aggressive, hard-nosed defense. He was previously head basketball coach at Loras College from 1984-88. His 1987-88 team finished as the top defensive team in the Iowa conference and was ranked third nationally by the NCAA in team defense. From 1982-84, Jaskulski was an assistant basketball and football coach at Loras.

Prior to his position at Loras, Jaskulski was an assistant coach at St. Norbert College in Depere, Wisc., where his teams made the NAIA tournament in four of his six seasons. In 1981-82, the Green Knights were ranked 10th defensively in the NCAA.

Jaskulski and his wife, Marcia, reside in Veazie. They have a daughter, Katie, who was born last spring.

Mike LaPlante, 24, joined the Maine staff as an assistant coach during the summer. LaPlante played for the Black Bear basketball team from 1985 to 1989.

LaPlante's duties include floor coaching, practice preparation, scouting and recruiting. In addition, he will assist with Friends of Maine basketball fundraising activities and media relations.

LaPlante played in over 90 games at Maine. He earned his bachelor's degree in education with a concentration in management. The 6-6 former forward last coached at Yale in 1989-90. His responsibilities there included scouting, assisting with practice preparation and recruiting. For the last three years, he has worked with Five Star Basketball Camps.

A native of Holyoke, Mass., LaPlante is married to Suzanne Hussey, a former captain of the Maine cheerleading squad in 1988. They have one daughter, Courtney, who is two and a newborn son named Jackson.

Scott Benzie, 35, joined the UM staff as a volunteer graduate assistant during the summer months. Benzie, working on his master's degree in physical education at the University of Maine, will assist the Maine basketball staff. He previously coached the Rockland High School girls team for 11 years. His teams at Rockland advanced to the Eastern Maine playoffs seven times, including Eastern Maine runner-up honors twice, most recently in 1991.

Benzie graduated from the University of Maine in 1978 with a degree in physical education. On Keeling's staff he will assist in pre-game preparation, including film exchange and scouting. In addition, Benzie will help with practice instruction and some recruiting.

An Orono native, Benzie has a wife, Kate, and two children: Taylor, a five-year old son and Gabrielle, a two-year old daughter.
After a second place finish in the North Atlantic Conference, one win shy of a NCAA Tournament berth, Rudy Keeling and his staff are even more excited about 1991-92. The Black Bears lose one starter from last season in Curtis Robertson, but return eight of nine players who saw over 300 minutes of action last season.

Though the Black Bears still feature more sophomores and freshmen than juniors and seniors, they enter the season with high expectations. Street and Smith’s College Basketball Preview, and the NCAA Basketball Preview predicted Maine would win the conference championship. Another reason to be excited about 1991-92 is the anticipated move to Alfond Arena.

Last year, the Black Bears finished 13-16, 7-3. The 7-3 NAC mark was Maine’s best in the history of the league. Maine then received a first-round bye in the conference playoffs before advancing to its first NAC championship game. Maine may have lost the title game, but won a lot of hearts with its national television (ESPN) debut. The 13 wins were the most since 1987-88.

In addition, the Black Bears hoarded conference rookie awards led by Co-ECAC and NAC Rookie of the Year Francois Bouchard. Kevin Terrell and Ken Barnes teamed with Bouchard to capture three spots on the NAC All-Rookie team. The three also garnered Rookie of the Week honors nine of the 12 times the honor was awarded, setting a new conference standard.

Senior captain Marty Higgins continued his floor-general ways on the court as Maine’s point guard. In 1991-92, he will again be expected to provide leadership and direction.

In addition to the loss of Robertson, Jamal Williamson graduated and joined the football coaching staff. He played on the Maine basketball team last winter after ending an impressive four-year career on the football squad. Greg McClaire, a freshman guard last season, transferred.

Front court:

Curtis Robertson, a three-year starter at center and last year’s captain is on campus finishing up his last class for his degree. Robertson, who helped keep this young team focused a year ago, provided rebounding and a physical presence under the basket. Dan Hillman (Rutherford, N.J.) will receive first dibs on the pivot position. A 6-foot 8-inch, 260-pound junior, Hillman has displayed the ability to control the inside game when he is healthy. Hillman has battled an ankle injury and tendinitis in his knees.

Francois Bouchard (Old Orchard Beach). The 6-8 wide-body led the team in rebounding with 6.2 boards a game. Bouchard, who was second in scoring with 13.3 points a game, came on strong in the latter part of the 1990-91 season, averaging 17.6 points in his last 12 games. He scored a career-high 31 points at Boston University Jan. 30, and grabbed a personal-best 15 caroms versus Vermont.

Ken Barnes (Limestone) is a 6-7 member of the NAC All-Rookie team, can provide depth in the front court, or at 6-6, 223 pounds, create a physical duo with Bouchard. Barnes was twice named Rookie of the Week. He scored a career-high 21 points against SW Texas State.

Rossie Kearson (Irvington, N.J.) emerged in the NAC Championship scoring a team-high 12 points. A transfer from Alcorn State, he joined the Black Bear attack late in the 1990-91 season. The 6-6 forward finished the season strong and coach Keeling is

Marty Higgins, already the career assist leader, is within reach of the Black Bear career steal mark of 184 thefts.
hoping that his play continues to improve.

Tim Dennis (Pompton Plains, N.J.) started 24 games last season in the small forward position. He finished fifth on the team in minutes played and fourth in assists with 38. The 6-8 sophomore handled the ball well committing only 40 turnovers.

Fritz Marseille (Chicago, Ill.) is a talented junior college transfer. He ranges 6-6 and 205 pounds and averaged over seven rebounds a game. Marseille scored 17 points a contest at South Suburban Community College in Illinois.

Backcourt:
The UMaine backcourt is bolstered by seniors Derrick Hodge (Bath) and Marty Higgins (Nutley, N.J.). Higgins, the captain, will lead the team from his position at the point. The 5-11 guard is Maine's all-time leading assist man and holds the school mark for assists in a season. In addition, he was the squad's third leading scorer and one of the conference's best true point men. He shot 44 percent from the field and 39 percent from three-point range. At the foul line he was Maine's best, shooting 77 percent, including a game-winner versus Vermont with three seconds left.

Hodge was Maine's leading scorer pouring in nearly 14 points a game. On the boards, he was good for 4.4 rebounds per contest. He should be one of the conference's greatest three-point threats after sinking 51-121 (42 percent) last season. The 6-3 Morse High School graduate was named second team All-Conference and made the NAC All-Tournament team. He will miss the first semester portion of the schedule in order to concentrate on his academics. He is eligible to play but will not see action until the end of the fall semester.

The Maine backcourt duo of the future features sophomores Kevin Terrell (Chicago, Ill.) and Deonté Hursey (Bloomington, Ill.). Terrell was named to the NAC All-Rookie team after being selected NAC Rookie of the Week three times during the season. The lefty dribbler showed great quickness and the ability to create offensive opportunities. Hursey played with more control and could be Maine's point guard in years to come. The 5-11 guard was third on the Maine squad with 34 steals, which ranked him ninth in the conference. He was one of four freshmen to play in every game. The highlight of his season may have been his six steals against Loyola (Chicago) in the Rosemont Horizon.

Jerome Johnson (Bridgeport, Conn.) will try out this fall for the basketball team as a walk-on. He most recently played at Maine Central Institute after a promising high school career ended with reconstructive surgery on his knee. The 6-4 small-forward/guard was a member of the undefeated (23-0) state champion Bassick High School (Conn.). In 1989, he was named WTIC Co-Connecticut Player of the Year.

The Schedule:
The Black Bears open the 1991-92 campaign at Northern Arizona on Nov. 23. Maine then plays in the San Juan Shootout, an eight-team tournament in San Juan, Puerto Rico, Nov. 29-Dec. 1.

American University of Puerto Rico, Eastern Kentucky, Florida Southern, Iowa State, Miami, Middle Tennessee State, Tennessee and Texas Christian University fill out the tournament field.

Prior to the new year, Maine will play in the Shootout Spokane, hosted by Gonzaga University in Spokane, Washington. Maine opens the shootout against Gonzaga Dec. 27. Yale and Vermont will also play in the tourney. The NAC schedule begins with Vermont in January. Drexel and Delaware are added to that group as new conference members in 1991-92.

In addition, Maine plays a home and home series with Rider and Wisconsin-Milwaukee.

The NAC Tournament takes place March 7-11, and the NCAA Tournament begins March 19-21.

Francois Bouchard, ECAC Co-Rookie of the Year, will be counted on for more rebounding and scoring in 1991-92.

DANA DORAN  
Center  
6-9, 235  
Belgrade, Me.  
Messalonskee High School  
Freshman  

1990-91 Maine Gatorade Player of the Year... averaged 15.1 points, 11.7 rebounds, and nine blocks for his 6-12 Messalonskee High School team... selected Best Rebounder last two seasons at MHS... first team Kennebec Valley Conference Division B selection... member of the track team at MHS... chosen Best in Field Events sophomore, junior and senior seasons... KVAC Champion in the discus and shot put... placed fourth in shot and fifth in the discus at the state championship... born July 14, 1973... a secondary education major... son of Lois and Peter Doran.

Doran's coach at Messalonskee, Jim Clarkson says, "I think Dana will do well at Maine. He will need some time to develop, but he will be strong around the boards as a rebounder and offensively. Dana has the potential to run the floor, and once he's around stronger players, he will rise up to that potential."

JEROME JOHNSON  
Forward  
6-3, 222  
Bridgeport, Conn.  
Maine Central Institute  
Sophomore  

Johnson is a walk-on who tried out for the team this fall... went to MCI in 1989-90 and is now a sophomore at Maine... averaged 24 points, 10 rebounds and five assists at his 23-0 state champion Bassick High School team in Bridgeport... BHS finished the 1988 season ranked first in New England and eighth in the nation... had surgery on his knee when he injured it prior to the high school state finals... selected WTIC Co-Connecticut Player of the Year as a senior... was All-American, All-State and All-Conference for three years... born Dec. 12, 1969... a child development major... son of Ruby Johnson.

Coach Keeling noted, "He's kind of an enigma. We know he's good and we thought about recruiting him in high school. He didn't have a great first half of the year at MCI. He'll end up playing some forward, but it's hard to sit out a year and then come in and play, so we'll go slow with him. Whatever he can give us, we'll take."

FRITZ MARSEILLE  
Forward  
6-6, 205  
Chicago, Ill.  
South Suburban CC  
Junior  

Should immediately challenge for playing time or a starting forward position... has the ability to play the three or the four forward position... comes from South Suburban Community College in Illinois... averaged 17 points and seven rebounds a game at SSCC... captained the team as a senior... went to Mather High School in Chicago where he averaged 25 points, 16 rebounds and five blocks a game... selected team MVP in 1988-89... set school records for points, rebounds and block shots... selected Chicago Sun Times Player of the Week... born April 15, 1970... a physical education major... son of Marie Noel and Fritz Marseille.

Marseille's coach at South Suburban Community College Lloyd Batts says, "He can shoot the three-pointer, and he can also post up. Fritz has good jumping ability and strength around the hoop."

---
1990-91 Highlights

■ INDIVIDUAL HIGHLIGHTS

• Marty Higgins set records for most assists in a career (457) and season (168). The 5-11 guard led the conference with 5.8 assists per game and was third on the Maine squad with 8.9 points per game. His steals (1.9 per contest) and free throw percentage (.767) placed him second and third in the league.

• Derrick Hodge was selected second team All-Conference, NAC All-Tournament and UCF Classic All-Tournament. He was second in the league in three-point field goal percentage (.421), tied for fifth in steals (1.3 per game) and seventh in scoring with 13.9 points a contest.

• Francois Bouchard was selected Co-ECAC Rookie of the Year and NAC Rookie of the Year. His ECAC recognition is most noteworthy because he was chosen from over 78 Division I schools on the East Coast, including the Big East and the Atlantic-10. He placed fourth in the NAC in both FG percentage (.521) and free-throw percentage (.758). The 6-8 forward was sixth in rebounds (6.2 per game) and eighth in scoring (13.3 per game).

• Kevin Terrell and Ken Barnes joined Bouchard on the NAC All-Rookie team. Both players saw action in all 29 games. Terrell was fourth on the team in scoring (8.1 ppg.). Barnes was Maine's fourth leading rebounder (3.1 rpg.).

• Terrell, Barnes and Bouchard earned NAC Rookie of the Week honors nine times in 12 weeks setting a new conference standard. In addition, Bouchard (twice) and Terrell were named ECAC Rookie of the Week.

■ TEAM HIGHLIGHTS

• The Black Bears completed their most successful league season by reaching the NAC Championship for the first time ever and making their national television debut on ESPN.

• Maine's 7-3 conference record was its all-time best, placing Maine second in the final regular season standings. The Black Bears' 13-16 record was its best since 1987-88 and the third season in a row in which Maine increased its win total.

• Black Bears were runner-up at the UCF Classic in Orlando, Florida. Maine withstood a strong second half by Liberty to win the opener 78-70. The following day Central Florida took the UCF Classic Championship with an 86-79 win despite Hodge's 23 points.

• A contingent of Black Bears return home to Illinois as Maine takes an 83-65 win from Loyola in the Rosemont Horizon. Terrell led an offensive attack that included five Black Bears in double figures with 18 points. Deonte Hursey dished out five assists and recorded six steals, one shy of the school mark. Maine trailed 32-28 at the half, but outscored the Ramblers 55-33 for the win.

• All but one Maine player scored and the Maine defense accounted for 14 steals in an 87-62 win over Drexel. The 25-point margin of victory was the largest for Maine since Feb. 21, 1981, when Maine defeated Marist 96-67.

• The Black Bears captured the BIW Classic with a 71-68 win over Eastern Illinois in Portland. Robertson scored a career-high 20 points with 9-11 shooting.

• The Black Bears opened the conference schedule in Bangor against UNH. Hodge once again led the 85-64 barrage with 20 points.

• Bouchard begins his emergence with 24 points in leading Maine to a 79-76 win over Fairfield. Bouchard and Co. held Fairfield's Harold Brantley to 11 points and 11 boards.

• Maine defeated Hartford 64-63 for the second time in the history of the 14-game series. Bouchard sank one of two free throws in the final seconds for the difference.

• The Black Bears continue to grow up by overcoming a boisterous crowd and a 14-point first-half deficit to defeat the University of Vermont 85-84 in Burlington, Vt. Despite two UVM timeouts, Higgins sank two free throws with three seconds left to seal the win. Terrell scored 23 points. Bouchard added 17 points and a career-high 15 rebounds.

• Maine shoots a remarkable 38-44 from the charity stripe for an 88-81 victory over Boston University at Walter Brown Arena. Bouchard scored a career-high 31 points, including 11-11 from the foul line.

• The Black Bears handle the pressure of Guaranteed Win Day in New Hampshire, site of the NCAA-record longest home losing streak. Responding to the promotion, the fans came, but saw Maine hand UNH its 32nd straight home loss, 71-68. Maine outscored the Cats 9-2 over the final four minutes. Hodge and Bouchard each poured in 18, while Robertson collected 10 boards.

• The Black Bears won their fifth straight conference game, 84-63 over BU. Bouchard scored 24 and Hodge threw in 21. Robertson hauled down 12 boards.

• Maine needed a victory over Vermont to clinch a first-round bye in the NAC playoffs. The Black Bears responded with a 59-52 win and a second place finish in the conference. Bouchard accumulated 22 points, while Hodge gathered nine boards.

• The Black Bears meet BU in the tournament semifinal in Orono. For the third time in 1990-91, Maine came away on top 71-58. Bouchard and Hodge score 17 apiece. Higgins shot 9-10 from the line enroute to 14 points.

• Maine met Northeastern for the nationally-televised NAC Championship. The Black Bears shot 35 percent in falling 57-46. Rossie Kearson led Maine with 12 points, while Tournament MVP Ron Lacey scored 18 for NU.

The North Atlantic Conference has endured numerous transformations in its first decade, but the league enters its 13th year of existence with a strong foundation established and a bright look toward the future. In 1991-92, the league features an eight-team alignment comprised of: Boston University, Hartford, Maine, New Hampshire, Northeastern and Vermont, and new members Drexel and the University of Delaware.

Originally founded in 1979 as the ECAC North, the league involved 10 teams competing in men's basketball for an automatic bid to the NCAA Division I Tournament. The 1987-88 season marked a turning point for the conference when league administrators made a commitment to establish new championships, with the goal of building a broad-based athletic conference. Stuart Haskell was named the league's first Commissioner on January 1, 1988.

League roots can be traced to the 1974 formation of the New England Conference, in which the five charter members of the NAC were aligned. Canisius, Colgate and Niagara combined with NAC charter members BU, Maine, NU, UNH and UVM to make up the ECAC North for the 1979-80 season. The league's first men's basketball tournament was held that year. In 1984, the league expanded with the addition of Siena and Hartford, and became the "ECAC North Atlantic Conference." Following the 1988-89 season the league trimmed to seven schools with the departure of Canisius, Niagara and Siena, and became its own entity, no longer under the auspices of the Eastern College Athletic Conference. Colgate was the final school to depart following the 1989-90 season.

In only three years, the NAC has expanded to sponsor 20 championships. Men's teams compete in baseball, basketball, cross country, golf, indoor track and field, lacrosse, outdoor track and field, soccer, swimming and tennis.

The 1991-92 season will mark the third in which women's sports will be sponsored by the NAC. Women's teams compete for championships in basketball, cross country, field hockey, indoor track and field, outdoor track and field, swimming, soccer, softball, tennis and volleyball.

Men's and women's basketball teams compete in a double round-robin regular season schedule, concluding with the annual post-season tournament. The men's tournament champion receives the league's automatic bid to the NCAA Tournament.

In 1991, Northeastern was crowned the NAC champion and represented the league in the NCAA East Regional. Since the inaugural NAC men's basketball tournament in 1980, Northeastern has won seven of the 12 titles, with Boston University collecting three championships, and former members Holy Cross and Siena each winning one.

NAC basketball teams are not the only ones to enjoy success in post-season tournaments. League teams have achieved success on all areas. Men's soccer in the NAC has moved steadily to the forefront in New England and now enjoys an automatic bid to the NCAA post-season tournament. Boston University advanced to the second round of the tournament in 1988 and 1990 while Vermont went to the third round in 1989, and made the first round in 1990.

League teams have established a tradition of post-season tournament participation in field hockey, another sport in which the NAC enjoys an automatic bid to NCAA post-season competition. In the first year of NAC field hockey play, three of the five league teams received berths in the NCAA Tournament. League champion New Hampshire was joined by Boston University and Northeastern in the 12-team field. The three schools have all appeared in the NCAA Field Hockey Final Four in recent years.

The NAC replaced the ECAC New England Division in baseball in 1990. Teams competed in round-robin competition, with the NAC Champion representing the league in the ECAC Division I post-season tournament. Maine won the NAC baseball title the first two years, and received a berth in the NCAA Regional Tournament both seasons.

In addition to building strong athletic programs, the member institutions are also committed to establishing and maintaining the highest standards of academic excellence. The conference selects an all-academic honor roll in each of the round-robin sports to recognize athletes who have excelled in both the classroom and the field. In addition, top scholar-athletes from each school will be recognized by the conference each year.

**1971-72 Maine Men's Basketball Media Guide**

- The 1971-72 Maine Men's Basketball Media Guide provides a detailed account of the basketball season, including records, game results, and team rosters. The guide is a valuable resource for understanding the historical context and performance of Maine's basketball team from that era. It is available in the Library of Congress and other academic libraries. The guide contains information on each game, including the score, location, and any notable events or records set during the season. The guide is an essential reference for basketball enthusiasts and historians interested in the development of the sport and Maine's athletic history.

Harold Alfond Sports Arena

The Harold Alfond Sports Arena, one of the finest all-purpose facilities in the Northeast was completed in February of 1977. Thanks to the generosity of Mr. Harold Alfond, the Arena allows for basketball to return to campus in a modern, up-graded facility.

The Black Bears have played in front of crowds shoe-horned into Memorial Gymnasium on the Orono campus. Maine spectatorship enabled the Black Bear home court to be noted in Sports Illustrated as one of the top 10 most difficult gyms to play in, in the seventies.

Mr. Alfond, who has donated over $4 million dollars to the University since 1968, contributed $2 million dollars for the expansion. Mr. Alfond's gift represents the largest one-time (non-posthumous) cash contribution ever bestowed upon the University. Over 2,000 people, headed by Mr. Alfond, contributed funds for the original construction of the complex.

The expansion created 70-foot by 140-foot additions to the east and west sides of the Arena allowing for the installation of 1,200 seats. The construction raises the capacity to 5,200 for hockey and nearly 6,000 for basketball.

Included in the Arena expansion are additional concession areas and rest rooms, locker rooms, ticket offices, souvenir stands and improved media facilities. A storage area will also be built for the new basketball court to be used in the facility.

Aside from being Maine's home court, the Arena is used by high school and youth hockey leagues, and for concerts and graduation ceremonies.

The complex is a modern facility with virtually no obstructed-view seats, and an excellent view of the court.

Michael B. and Georgia D. Latti Fitness Center

Completion of the $1.2 million Memorial Gymnasium Renovation and Addition Project has given the University of Maine some of the finest athletic facilities in the Northeast.

The Michael B. and Georgia D. Latti Fitness Center was dedicated at a ceremony on October 6, 1989. The 6,000-foot facility next to Wallace Pool contains a weight room and training facility which serves an estimated 500 students, faculty and members of the surrounding community each day. The skylighted facility is home to tens of free weights, a Universal gym, life cycles and other exercise equipment.

A modern training facility to serve the University community was completed last June. The new facility is more than double the size of the old facility. The 1,800-foot room also features top equipment to serve the 200 recreational and varsity athletes who use the facility each day. The wet area of the room includes a freezer with ice making capabilities and three whirlpools. The facility also houses seven plinths and a taping area for 30 athletes.
Information for the Media

The University of Maine Sports Information Staff extends a cordial welcome to all working media covering our home games. We appreciate the coverage you give us, and we will do everything possible to assist you in your game duties. In order to create the best possible situation, please observe the following:

CREDENTIALS: All credential requests should be directed to Joe Roberts, Assistant Sports Information Director, Memorial Gym, University of Maine, Orono, ME 04469 (207) 581-1066. Credentials to be mailed should be requested at least two weeks in advance. All other credentials can be picked up at the will-call booth at the main entrance of the Alfond Arena.

INTERVIEWS: All requests for interviews, either in person or via phone, must be approved by the Maine Sports Information office, and should be directed through the Sports Information Director. Post-game interviews will be conducted 10-minutes after the game, immediately outside the lockerrooms.

RADIO POLICY: Permission to broadcast may be obtained by calling the Maine Sports Information office. One phone line will be available for the visiting school. Other lines may be obtained by calling the Sports Information Office.

PRESS PARKING: A section of VIP parking has been reserved for members of the media.
