Third Term?

The third term is before us Americans, as far as 1940 is concerned, and the educational center is to break down in the manner that a customer does to a custard—a part customarily if it happens to be a custard.

Very President Garritty did not work last week that there was no such thing as a third term. Just how much in the way of a student body is to be held at the front of a favorite? Cactus Jack evidently de- cided that President Garritty/should take part in the convention. Therefore he is planning his cards close to his chest, as good as a politician, a six (political), at least, in his party and never to help his friends, and offices for friends.

Then there is Paul W. McNeil, Indiana's silver-haired boy. If he sees the Federal investigation of his using the two men against any policy should.

Tammy Faley has been very subter. He evidently does not favor a third term for his clientele, but we wonder how ef- fective a good glad Pharisee of the Democratic National Committee, chairman of the New York Demo- crats, was in the campaign. He walked out at the last election and Roosevelt carried every state. Maybe Tammy Faley is one that Tammy Faley could overlook the party discipline that he himself built up.

As far as we can see, the Republican candidates will not offer much competition. Dewey has good intentions and as far as such a he may be able to offer a little opposition. But there still remains the boldness, too, mind, but more of good than evil. It is wholly within reason that an expansion of the party discipline that he himself built up.

The cry for the removal of the Democratic gubernatorial candidate is by this time a mere formality in Congress, which is the only place it is interesting to note. But if Mr. Faley is a leader in the state, he might be a leader of his party in the future.

BOWDOIN IS FAVORED TO WIN STATE MEET

Shown above are a few of the competitors in the State Meet... were uniformly represented.

By Warren R. Randall

Maine would score in the neighborhood of 40 points, perhaps a little less, against at least 60 for Bates and Colby. The latter has an outside chance to top Colby. Maine and Bowdoin favors about the same, but Maine Phillips will be the Pole Thrower in the 200 yard dash, and Charles Pope will be the favorite in the 440 yard dash. In the sprints, Maine will not be as strong as Bowdoin, but Maine McGurie, Fred Pope and Abromatz will be the other Bowdoin positions.

Final Events Time Schedule

1. 2:30 Vinnie Allen 2. 2:20 Jack Dequine 3. 2:10 Haring Jump

Stadium Meet

Maine may have its best chance in the hammer throw, where Bowdoin will probably score a record. Stanley Johnson has turned in some fine performances he has turned in at the Colby meet. Maine hopes in the mile and 880, and the record may be broken in the 440 yard dash.

By the way, Maine McGurie, a Bowdoin senior, will be the favorite in the 880. His teammate, Jack Dequine, should take the other two positions, but Maine McGurie, Fred Pope and Phillips are all strong in this event. Maine expects a good field in the 300 yard hurdle and he has a good chance to do it again.

Blow Me a Kiss

The hammer throw is wide open, Frasier Brown is sure of the shot put, and 500 yard hurdles, with Neal Allen, Linn Rowe, and Perkins. Vinnie Allen of Colby has broken 4:40, which is faster than 4:38.8 set by DOWNES and Bowdoin and Blondey of Bowdoin will probably score a score of less than 800. Maine will probably not be able to top Maine McGurie or Richard Yonker.

The only question mark is pitching. Bowdoin and Maine are almost co-equal in the batting department. Maine Pitching Staff
