Maine Campus Staff
Tickets Go On Sale
Next Thursday For
Music Night Program

Band Will Feature Coeds
At Music Night April 16

University Musical Organizations
To Present Victory Benefit Program

Music Night, Friday, April 16, in the Memorial Gymnasium. Music
Night this year again presented by the University glee clubs,
andorchestra, and as a part of the Victory Benefit sponsored by the
Emergency Service, this year it is a part, will be used for emergency
and relief purposes of international,
national, and local importance.

Another feature of interest on
the program will be a reprisal presentation of "Queen Me Conquers"
by the Men's Glee Club, the choiring
department of the University. The
second part of the program will
be devoted to the use of the organ,
by Dr. Harry Simon, professor of
music, and a master in his art.

Ticket Sale Next Week
Tickets will go on sale April 11 at 9 a.m. in the
Emergency Service Building. Tickets will sell for
25c to students and faculty, and students and faculty
will take in that faculty and students will take
in that faculty and students only.

The proceeds from the sale
will be used for the purchase of the
organ. Tickets will be sold in small
batches, until they are sold.

Mr. Allen, Kemall, Head MCA Group For Opinion Poll

Blanks Will Be Distributed On Campus Friday

A group of M.C.A. members, under the direction of
President David Blossom and Blumen, will distribute
opinion blanks to the students in the American Opinion Poll,
designed to get intelligent answers to vital
questions affecting the post-war
year.

The blanks will be distributed
in a series of surveys of opinion.

In the first survey, a series of
questions will be asked about
the war, the situation, and the
future.

Among the questions to be asked
in the first series will be:
1. Do you believe that the
new method of attack will
be more or less effective than
the old?
2. Should representatives of
the United States and Japan
be included in post-war
conferences?

In the second survey, a
series of questions will be asked
about the future.

Among the questions to be
asked in the second series will be:
1. Do you believe that the
new method of attack will
be more or less effective than
the old?
2. Should representatives of
the United States and Japan
be included in post-war
conferences?

In the third survey, a
series of questions will be asked
about the future.

Among the questions to be
asked in the third series will be:
1. Do you believe that the
new method of attack will
be more or less effective than
the old?
2. Should representatives of
the United States and Japan
be included in post-war
conferences?

In the fourth survey, a
series of questions will be asked
about the future.

Among the questions to be
asked in the fourth series will be:
1. Do you believe that the
new method of attack will
be more or less effective than
the old?
2. Should representatives of
the United States and Japan
be included in post-war
conferences?

In the fifth survey, a
series of questions will be asked
about the future.

Among the questions to be
asked in the fifth series will be:
1. Do you believe that the
new method of attack will
be more or less effective than
the old?
2. Should representatives of
the United States and Japan
be included in post-war
conferences?

In the sixth survey, a
series of questions will be asked
about the future.

Among the questions to be
asked in the sixth series will be:
1. Do you believe that the
new method of attack will
be more or less effective than
the old?
2. Should representatives of
the United States and Japan
be included in post-war
conferences?

In the seventh survey, a
series of questions will be asked
about the future.

Among the questions to be
asked in the seventh series will be:
1. Do you believe that the
new method of attack will
be more or less effective than
the old?
2. Should representatives of
the United States and Japan
be included in post-war
conferences?

In the eighth survey, a
series of questions will be asked
about the future.

Among the questions to be
asked in the eighth series will be:
1. Do you believe that the
new method of attack will
be more or less effective than
the old?
2. Should representatives of
the United States and Japan
be included in post-war
conferences?
Music Night Proceeds Give New Hope To War's Victims

Since World War II, young women have been accepting the military in U.S. Navy Reserve (V) or U.S. Coast Guard Reserve (W). Cadets are now training in the service at Orono, at the U. S. Merchant Marine Academy at Kings Point, N. Y., and at the U. S. Coast Guard Academy in New London, Conn. Until completion of the college course, the student is known as a "student cadet." Only seniors possessing a scholastic standing of 2.00 or higher will be accepted.

A college nurse of an accredited college will be available for at least one hour each day during the month of June to give instruction as to care of those injured in the service. Both the "student cadet" and the "actual" cadet will be welcomed. But women are not accepted in the Reserve Forces for training in the armament of guns. The training will be for the hospital corps. The nurse's training will be provided by the Red Cross.

Senior Women Are Eligible For Navy, Coast Guard Reserves

Some of the 350 Westminster girls might find themselves in the service of the nation-wide cooperation of Bell System people in fulfilling their ideal—service to the nation in peace or war.

Many of the least expected places are now being utilized in the different buildings of the University constitute one of the major transitions from war to peace. Dismissal wages for soldiers, government superintendence of the colleges and universities, end of the individual fraternity houses, building janitors, and maintenance staff. It is a grave responsibility.

It would not be worth the risk of a single life to disregard the warning. But not before they had filled the cold hole corn

The caution has been exploited, and the company is taking measures to prevent it from happening again.

Perhaps the Winslow girls are expecting their next letter to bring the news of another autumn fire. This would be the time to show the students and faculty that fire is a serious matter.

Such a period used to be set aside on this campus. It was called "Pyrotechnic Night." But not before they had filled the cold hole corn

But not before they had filled the cold hole corn

"FIRE!" is the warning front arson experts is both startling and challenging to the students and faculty of the University. The University is not alone in its concern over the safety of its students during the transition from war to peace.

Pastimers Prep For Bowdoin Game; Tracksters Are Active

Juventa
By Helen Clifford

The Maine Campus
April 8, 9431

As a result of last week's snow when school was scheduled to open, Coach Bill Kenney has been working out his women's basketball squad daily in the fieldhouse. Warm weather and indoor facilities have caused numerous problems, but work has progressed. Four or five practice sessions have been on hold recently. Newcomers, a factor which has proved a problem, are being used more in the mix to combine with the returning players. Thestraits as to how far their teams have learned. Pastimers will have meets Saturday, April 17, against Bowdoin at Brunswick, and then the tourney for the second consecutive year.

In 'Mural Spotlight

For the third consecutive week, the Bangor Nursery Flower Shop has been featured in the 'Mural Spotlight.' The shop, located at 38 Park St., Bangor, Me., has been chosen for this week's spotlight because of the excellent service it offers its customers. The shop is open from 8 a.m. to 5 p.m. Monday through Friday, and from 9 a.m. to 2 p.m. on Saturday. Customers can find a wide variety of flowers and plants, and the staff is always happy to help.

10 Freshmen vs. Seniors

The first cut was made on April 2, and the remaining ten will be cut on April 9. The first ten were chosen for their ability in the sport, and the last ten will be chosen for their ability in the sport. The first ten were chosen for their ability in the sport, and the last ten will be chosen for their ability in the sport. The first ten were chosen for their ability in the sport, and the last ten will be chosen for their ability in the sport.

Red Cross Drive
Way Over Top
Dame spit up the special war
Red Cross drive over top ever yet. I
Lawrence Kelly and this week
were concluding results. Students have
raised $57,804 through the Big Red Cross with a total
of $576.

Many organizations and departments,
contributing toward the success,
include the alumni and the college,
student body, the faculty, and the
students working in the community.

The success of this drive is
attributable to the efforts of
various organizations and the
student body, who worked
hard to achieve the goal.

Dr. W. F. Davis, president of
the University of Maine, was
presented with a citation for his
services to the University and
the nation.

Rut H. Southard

Head of ROTC

Col. Dr. B. B. Southard has
recently been named head of
the ROTC program at the
University of Maine.

Southard has been a
member of the faculty for
many years and has
played a significant
role in the development
of the ROTC program.

The University of Maine
has a long tradition of
military preparedness,
and Southard’s appointment
is a testament to this
commitment.

We are proud to support
student veterans and their
success at the University of Maine.
