Herb King Leader
Of MCA Retreat At Camp Roosevelt

Mr. Herb King, outgoing camp director for the next MCA retreat, was named chief of the national YMCA by the May 6 and 7 MCA convention last week. Members of the present and past years' MCA cabinet enjoyed a weekend of recreation and discussion of the problems of a wartime camp. Herb King brought valuable suggestions to the group on the projects, experiences with students, organizations and presented objectives for the 1945-46 cabinet. He was named as the national YMCA to strive for in the 1943-45 general program.

Mr. King has been a successful camp leader for the past four seasons, and his group is a success.

They are the ones who have come out ahead in the stiff competition offered here at the University. To all of you—men, women, others—our sincere congratulations. We are proud of you.

Postwar Training

A rigid postwar physical training program for the nation's youth designed to provide mass participation and patterned on present army-navy standards is advocated by Prof. Leon Kranz, head of Northwestern University's physical education program. "We've become too soft," said Prof. Kranz in referring to the high percentage of physical rejections in selective service. He outlined a tentative peacetime program which would (1) set aside one hour a day, five hours a week for physical education; (2) establish standards of body condition, and (3) institute health instruction in elementary schools and high schools.

"We have learned our lesson as a nation after World War I," Prof. Kranz said. "Instead we returned to a life of ease and luxury almost immediately following the armistice. We were unable to escape the necessity for conditioning during the war, but that awareness was lost with the return of peace."

"Postwar training will be a challenge to American educators," he declared. "Years ago our youth developed stamina by doing chores on the farm and walking miles to school. Today, they lost that opportunity. Children are coddled by riding to school in automobiles and playing chores by pressing buttons."

Maine Women Set Record In Southbridge War Plant

It was a team of Maine women—Jean Clark, Darce Ewing, Kay Jackson, and Jenny Bridges (now in the Massachusetts—California) who broke a world record at the American Optical Company in Southbridge, Massachusetts, last season. In an eight-hour period they generated more power than any team of men or women had ever generated before.

Something worth talking about in the present of two weeks from Eugene O'Neil's "A Wilderness" gives this Friday. In the first scene, Pat O'Keefe, as Richard Miller very exceptionally portrayed the part of a native boy in the chorus of a mercenary camp, played by Glora Robinson. Richard was saved by the appearance of a man about town, played by Roger Hamman. The furtiveness was portrayed very realistically by Karl Bartolommei. The scene was presented Richard's secret meeting with his true love, Mary, played by Cecil Perry, and all ends happily.

"Romance for a Nickel," an original play by Joan Greenwood, was heard by radio listeners who tuned in WLED Friday night at 8:15. The play presented an unusual way of buying romance—for a nicked telephone call—thought up by those girls looking for excitement during their vacation. The cast included Pat Bento as Twink Gelberkleigh, Louise Davis as Gladie Bradlin, Norema Queen as Ellen Hissom, Dick Fuller as Bert Manson, and Bob Chaffin as the dogn. In charge of some special effects were Frances McMeen and Pat Swift; technicians were Hank Hamann and Bill Richford. The sound effects record was made by the Boresons.

The program for the Music Box show Wednesday, May 17, will include "Ginga," a play to the students King's Samba, "The Swan," Mendelssohn's "Spring Song," Tchaikovsky's "Watts" from Serenade for Strings," and Strauss' "Voice of Spring." After the recorded program, Brinthea Ross, Ellie Fogg, and Lila Reed will play several selections on the flute, clarinet, and piano.

**Bear Facts**

By Bob Kranz

It appears that this Saturday night will be a big day on the University of Maine campus. In the morning the students, to all lateness and purposes, will clean up the school. In the afternoon the baseball team will attempt to do the same thing as regards the University of New Hampshire. The proceedings are scheduled to start at 2:00 P.M. This appearance of the Wildcats at Orono will mark the first time that a team from that school has played Maine during this school year. The Durham institution was forced to give up athletics this spring due to the fact that the army had been practically making the college a combat training camp. With the school year in full swing, Maine is determined to make a good showing in the football season. Both Johnny Cleon mon and George Dox have proved themselves more than adequate as successful south- erners. Silken Johns has had more than one of giving the enemy a good big game—which might be caused by a broken back after try- ing to hit the Dox “Dantee.”

Kenyon finds himself in a unique position. In all his years at Owatonna, Bill has been looking for “lefties,” as he usually had an emptier supply of right-handers. Now the situation is reversed. The coach is now on the hunt for somebody who can throw out all about this on Saturday afternoon.
