Coach Sam Sezak Returns As Assistant In Athletics

Coach Sam Sezak has returned from a year leave of absence to take over the Assistant Faculty Manager of Athletics position. The popular mentor has been coaching football and teaching Physical Education at East Orange, New Jersey, High School. "Sam" came to the University in 1939 from Fayhaven High School, where he was Director of Athletics. He became Assistant Faculty Manager here, and started on a long list of coaching assignments.

"Sam" began coaching the freshman baseball and basketball teams, a position he held until he left last year. The following year he added freshman football to his schedule and, in 1941, took over the varsity basketball assignment. When he left in 1944, "Sam" had completed a busy year with the varsity basketball team, the varsity football team, and the freshman baseball team.

At East Orange, "Sam" coached a great high school team through a successful season, the team earned the title "Giant Killers" after beating three State Championship contenders.

At the present time, "Sam" is assisting Coach Allen with the basketball team, and he will direct the Junior Varsity encounters. The question of a JV line-up is difficult to state at this time, says Sezak, and due to the inexperience of the entire squad, JV participants will be interchangeable.

The University is glad to have Sam Sezak back, and his opinion is well expressed by his own words: "Coaching at East Orange was good experience, but I'm a Maine 'Hick' and I'm glad to be here."

McGouldrick Heads Planning Group For March Conference

Of major interest among coming campus activities is the Intercollegiate Conference to be held in March.

Participants in this convention will gather from "Maine," Bowdoin, Colby, Bates, University of New Hampshire, and Dartmouth to discuss and draw a model of a constitution for a Federal World State, substantially patterned after our own Federal Government. The constitution will be designed to replace the present U.N.O., yet it is not meant to wholly dissolve it. The chief aim of this organization is to spread propaganda favorable for an effective world government by ending irresponsible powers of national sovereignty. This worthy endeavor will be sponsored by five very active campus organizations: the International Relations Club, Maine Christian Association, *Maine Campus*, Political Breakfast Club, and the Women's Forum.

The committee superintending the preparation for this conference consists of the following: Paul McGouldrick, chairman; Dot Foran, Sandy Adams, Don Thomas, Rip Haskell, Virginia Merchant, Cecil Pavey, John Clement, and Dwight Moody.

Supplementing this committee will be the Finance Committee headed by Willard Pierce; Housing and Entertainment under the co-chairmanship of Virginia Merchant and Cecil Pavey; Secretariat under the chairmanship of Clair Chamberlain. All committee heads will appoint their own members.

Anyone who wishes to work in any way with this group should get in touch with Chairman Paul McGouldrick or any other member of the various committees.

SAM SEZAK

Ashman Appointed New Forestry Head Demeritt Resigns

President Arthur A. Hauck has announced the appointment of Robert I. Ashman, of Chelsea, Maine, as head of the Department of Forestry here at the University of Maine.

As head of the department he will have charge of teaching forestry in the College of Agriculture and of research work in forestry in the Maine Agricultural Experiment Station. Teaching and experimental work in the conservation of wildlife are also conducted by the department of forestry.

Prof. Ashman was born in Sloan, New York, and is a graduate of Cornell University. He studied at Yale under Dean Graves, one of the leading foresters in America, and received his M.F. degree in forestry in 1929.

Since 1930, Prof. Ashman has worked in the forestry department at the University of Maine, except for the past two years when he has been doing special work for the Maine State Department of Forestry, the Maine Agricultural Extension Service, and the Lumber Division of OPA. For fifteen years he has been in charge of the University winter camp at Princeton where students in forestry get actual woods practice in forestry work.

Prof. Ashman succeeds Prof. Dwight Demeritt who has resigned to become woodland manager for a large Maine lumber company. He will assume his new duties here near the end of January.

Skating Party

Chemistry Seminar will give a skating party on the river Friday, January 11, at 7:30. This party is the first of the evening meetings and everyone interested in the Seminar, chemist or otherwise, is invited to come. There will be a continuous supply of refreshments. If the weather makes skating impossible, the party will be canceled.

NOTICE

This Friday night the Sophomore Class will sponsor the weekly Stag Dance to be held in the Women's Gym. This is the first time this year that an individual class has arranged a sport dance of this sort. Hal Blood's orchestra will play.

The chaperons will be Dr. and Mrs. Runion, Dr. and Mrs. Bennett, Reverend and Mrs. Charles O'Connor.

Colonel Fuller Returns To Maine; New Course Opens

Colonel Francis R. Fuller, formerly the commander of the University of Maine ROTC, has returned to Orono, following a period of foreign service in Europe, to serve again as Professor of Military Science and Tactics and Commanding Officer. Col. Fuller previously headed the Reserve Officer program from September, 1941, to March, 1943.

Following Col. Fuller's return, Lt. Col. Newton Alexander will continue on the staff at the University assisting Col. Fuller.

A graduate of the U. S. Military Academy at West Point, Col. Fuller, a native of Pawtucket, R. I., has been serving in the European theatre with Sixth Army group headquarters. During this service he was awarded the French Croix de Guerre, Degree of Army, by the French Commander of the Army Detachment of the Alps. He was cited for meritorious achievement in the ceremony which took place in Heidelberg, Germany. Col. Fuller is a specialist in infantry field equipment and small arms, and for several years headed the department of experiments at Fort Benning.

Plans are progressing for the reactivation of the ROTC Advanced Course at the beginning of the second semester, February 11th. This course, at present, is open only to veterans. Interested veterans are urged to call at the Military Department office for details concerning eligibility and advantages of enrollment.

Any male citizen who served on active duty as a commissioned officer in the Army of the United States or any component thereof at any time between 7 December, 1941, and the date of enactment and was not separated therefrom under other than honorable conditions is eligible for appointment under the provisions of Public Law No. 281.

Captain Willis H. Tracy, Jr., has been transferred to Rogers High School, Newport, R. I., as PMS & T of the Junior ROTC unit.

First Lieutenant James D. Shorb has been transferred to Boston University as commanding officer of the AST Medical Unit.

First Sergeant Harry N. Chase was transferred to Harvard University and Technical Sergeant Frederick S. Conquest was transferred to Yale University. (Continued on Page Four)

Corneal, Worthing To Represent Maine In Debate, Jan. 17

University of Maine debaters will meet Rhode Island State College before the Brewer Kiwanis Club on Thursday, January 17th, as part of the program for that organization's annual Ladies' Night. Those representing Maine are Phyllis Corneal '46, history and government major, and Clifford Worthing '48, history and government major. Maine will uphold the negative side of the proposition which is: *Resolved: That the foreign policy of the United States should be directed toward the establishment of free trade among the nations of the world.*

Dr. Howard L. Runion is coaching the debaters and the style of debate will be orthodox with ten-minute main speeches and five-minute rebuttals. Arrangements for accommodating the visiting team are being made by Gladys Friedler.

Several other debates have already been scheduled by Maine for the present year including debates with Boston College and M.I.T.

Leasing Of 32 Trailers Eases Housing Strain

A new "human interest" element has been added to the Maine way of life during the last few days, with the addition of 32 trailers leased from the Federal Public Housing Agency. The lease is for the duration, and that means as long as the University has need of them for its Veteran student group.

Argentine Pianist To Present Recital Wednesday, Jan. 16

The Assembly Committee of the University of Maine announces the visit of Raul Spivak, Argentine pianist, for a program in the Little Theatre on the campus at 8:15 p.m., Wednesday, January 16. The public is cordially invited.

Mr. Spivak will present a varied program of piano selections including works of Beethoven, Chopin, and Debussy, and also several lesser known pieces by Latin-American composers. Two of the latter group of compositions were dedicated to Mr. Spivak by the composers.

First heard in America in New York in 1944, he was widely praised especially for his treatment of Latin-American works. He has subsequently played at Carnegie Hall and other concert appearances in this country. In his native Argentine, Mr. Spivak has achieved distinction with orchestras in Buenos Aires, Rosario, and other cities. He holds the chair of Advanced Piano and Chamber Music in the National Conservatory, the most important musical institution in his country. He has also been known as a conductor and has directed the Philharmonic Orchestra of Rosario and symphonic concerts on the radio. He has been heard widely throughout Europe.

(Continued on Page Two)

Dr. Dow Announces Thesis Contest On Constitution

The 1945-46 Percival Wood Clement Prize Contest for the best Thesis in Support of the Principles of the Constitution of the United States has been announced by Dr. Edward Dow, Professor of History and Government.

This prize, established by the will of the late Governor Percival Wood Clement of Rutland, Vermont, is open to undergraduate men and women students of the junior and senior classes of the following New England colleges in curricula leading to the first academic degree: Amherst, Bates, Brown (including Pembroke College), Bowdoin, Wesleyan, Tufts (including Jackson College), Colby, Massachusetts Institute of Technology, Dartmouth, Middlebury, Harvard (including Radcliffe College), Trinity, University of Vermont, Yale, Williams, Boston University, Norwich University, University of Maine.

1. For the year 1945-46, in accordance with the provisions of the will, the prize is to be awarded by a board of judges consisting of the Presidents of Boston University, Norwich University, and the University of Maine, or, if a majority of the board shall fail to agree, by the President of Columbia University.

2. Essays should be of not over three thousand words in length, and competitors are advised to select some portion of the entire field to which they may do adequate justice within this limit.

(Continued on Page Two)

The trailers are divided into two groups: 25 of them are standard-sized trailers and 11 are expansive size and open up to almost three times standard size. The trailers are equipped with kitchen facilities, tables, chairs, and day-beds.

It looks as though something is being done, at last, about the acute housing shortage that was the topic of so much discussion only a few short weeks ago. It will give the married veteran, who otherwise would have felt incapable of seeing his way through further education at an accredited school, another chance. For many of them, too, it will mean a chance to remain in one place and really settle down. This traveling around the U. S. with a family isn't the ideal way of life as any ex-service man will tell you. The cabins may look like "just another trailer" to you who are uninitiated, but it's going to mean more than that to them—it's going to mean no more train rides to destination "x"; it's going to mean no more hurried moving, it's going to mean stability.

University authorities have done a great deal more, too. Among other things, they have acquired 4 two-room apartments, have found rents for veterans, and plans are under way to convert at least one other building for student requirements.

Work along this line has meant much extra labor on the part of all concerned. It's a relatively new experiment in human relations. And there's more to come!

Prism Organized And Those Women Want Your Photos

Well, had a pretty good time New Year's Eve, didn't you? Along with caps, balloons, and the such you probably ushered in the New Year with a host of resolutions and wonderful new ideas—well, that's what I'm getting at—new ideas. Yep, it's time for the *Prism* again—that book which is a novelty for the freshmen, inspiration for sophomores, an affliction on the juniors, and a treasure to the seniors. The *Prism* staff has already been organized and that group is beginning to make a definite headway toward production. The staff is as follows: Lois Ricker, Editor-in-Chief; B. J. Durgan, Assistant Editor; Kay Bridges, Literary Editor; Dot Foran, Class Editor; Evie Foster, Women's Sports; Bob Johnston, Men's Sports; Gerry Small, Activities; Jean Richie, Editorials; Shirley Sibley, Advertising; and Harvey Holbrook, Photography.

Subscriptions for the *Prism* must be entered to your dormitory representative before Saturday, January 12th. And where are those informal pictures you had taken? Jean Richie, North Estabrooke, is waiting!

Rifle Team

At a Rifle Team meeting Monday night Mal Colby and Tom Coulton were appointed co-captains and plans were made for coming matches. Practice will begin Monday afternoon, January 14, and a second meeting will be held that night at 7:00 o'clock in the Armory.

Marching Money...

Once again the March of Dimes is about to make its annual appeal for funds to be used in the prevention and treatment of infantile paralysis. Since the founding of The National Foundation for Infantile Paralysis in 1937, such a drive has taken place yearly all over the United States, headed by the late President Franklin D. Roosevelt, and has proved to be one of the foremost means of financing continued research and treatment in the field.

Infantile paralysis, a disease which strikes down more children than does any other cause of orthopedic deformity, occurs most frequently among children of the 5-9 years of age bracket. There are, however, nearly as many cases occurring during the entire span of years from birth up through the twentieth year of age. In 1944 there were nearly 20,000 reported cases of infantile paralysis in the United States, alone. That year marked the second highest number of reported cases since such figures have been recorded, topped only by the year 1916. This fact, in itself, shows the importance of continued research in the field, research which must be in great part financed by the March of Dimes.

This year, more than ever before, it is important to make an unprecedented success of the drive, if only to commemorate the work of the founder of The National Foundation for Infantile Paralysis, the late President Roosevelt. Afflicted by this disease, himself, he had always led the way in aiding other infantile victims, being among the founders, too, of the hospital at Warm Springs, Georgia. With the words, "Go ahead—and keep up the fight—keep going," President Roosevelt is still pointing the way to victory over infantile paralysis.

The 1946 March of Dimes drive for the state of Maine is headed by Pres. Arthur Hauck. It is hoped that the entire student body of the University of Maine will back Dr. Hauck, his committee, and the national infantile paralysis authorities with all-out support.

—Doris Stickney

Offer New Courses In French, Spanish

Reading tests in French and Spanish will be given Saturday, January 12th, at 10 in room 19 North Stevens. All students now in Fr 17 and those with a grade of C plus or better in Fr 5 are eligible. The Spanish test will be open to all students in Sp 9.

The new courses to be offered in the second semester in the department of Romance Languages are: Sp 1, an elementary course in Spanish; Sp 26, current literature in the Spanish language; Fr 8a, which is listed as "Additional Conversational Practice" in the Time Schedule, will deal with French phonetics. Fr 12, listed as "Oral French," will be an elementary course in conversational practice and composition open to students who have had a good record in either Fr 3 or Fr 5.

Off-campus students who are interested in subscribing to the *Prism* please contact Ray Clark, Phi Gamma Delta, or off-campus representatives.

Prism proofs must be returned to Mr. Pierce or to Box 52 in the Administration building before January 17.

Hey Weather Man! Pack and Pine Pines Let It Snow! Snow!

At the Pack and Pine meeting Tuesday afternoon plans were made for a meeting of the entire MOC Thursday, January 18th. At this time the movies of this fall's football games will be shown. There will also be shown a reel of the nation's best football plays. This meeting will be held at 7:00 in 15 Coburn Hall, and if it proves successful, regular monthly meetings of the club will be conducted. The rules for the snow sculpturing contest to be held in conjunction with the Winter Carnival will be announced soon.

Since the weather man continues to be uncooperative, it seemed unwise to count on the ice being safe enough for a skating party this week end. However, it is hoped that everyone will take advantage of the skating rink located near the Memorial Gym.

If wishing would make it snow, we ought to have two feet of good skiing snow by Saturday afternoon. The tow will start running and the ski lessons will begin as soon as snow conditions permit.

Dear Sir:

In spite of numerous relief drives and the allocation of new funds to UNRRA, millions of men, women, and children continue undernourished and in danger of actual starvation in Europe this winter. It is not yet too late to alleviate, to some extent, their distress. Mr. Lehman reports that UNRRA still lacks millions needed to do the job, but the private agencies listed below afford an opportunity for us to supplement the work of the government agency by sending packages containing vitamins, powdered milk, sugar, canned meat, coffee, tea, needles, pins, thread, wool yarn, warm serviceable clothing—the goods most needed. Packages sent direct to Europe are at present limited to eleven pounds and should be marked GIFT so that the recipient will not have to pay duty on them. Because of the troublesome postal regulations it may be more convenient to ship through agencies on this side of the Atlantic.

Dear Editor:

Somebody here on campus is losing a battle. It is a battle which concerns us all. It is the battle of a faith.

Only small numbers of people have been turning out to the Church Service on Sunday mornings. Why? At other universities students pour into the chapel service. Why not at Maine?

It is because there is nothing to miss by staying away. Why can't we have the high caliber speakers whom students in other colleges hear? We could get men like Rev. Anderson from Portland, Rev. Karl Heath Kopf from Boston, Dr. Zerby from Bates, Dr. Cumming from Bangor Seminary, Douglas Horton from Boston—men with ideas which appeal to people who have grown up through crashes, depressions, war, reconversion.

We students can think. Somebody here is losing a battle, killing our interest in church attendance. Why? Beaver

Indoor Track To Resume Schedule

After a two-year layoff, Maine is again supporting a Varsity Indoor Track Squad for intercollegiate competition. With many successful pre-war track seasons behind him, and two years of instruction in the Chemistry Department, Coach Chester Jenkins is anxious to start the ball rolling with a varsity squad which is open to all undergraduates, including freshmen. All students who are interested in going out for track may meet with Coach Jenkins any afternoon at the Gym and draw a suit.

BEAR FACTS

by
Cliff Whitten

The 1945 football season closed officially New Year's Day when 397,000 fans turned out for the 13 bowl football games. In the Rose Bowl, at Pasadena, Harry Gilmer led Alabama to a 34-14 victory over Southern California for the Trojans' first defeat in nine appearances in the Bowl. In the Sugar Bowl at New Orleans, Bob Fenimore and the Oklahoma Aggies cashed in on their extra power and reserves to defeat Herman Wedemeyer and the St. Mary's Gaels, 33-13. The East All-Stars and the West All-Stars played to a 7-7 tie in the Shrine Game at San Francisco. Miami defeated Holy Cross, 13-6, in the Orange Bowl, but had to score a touchdown after the game had officially ended in order to win. An intercepted pass and an 89-yard run on the last play of the game was the deciding factor. In other bowl games: Texas defeated Missouri, 40-27, in the Cotton Bowl; Georgia took a 20-6 win over Tulsa in the Oil Bowl; New Mexico won over Denver in the Sun Bowl, 34-24; Wake Forest beat South Carolina, 26-14, in the 'Gator Bowl; Drake edged out Fresno State, 13-12, in

the Raisin Bowl; Tennessee State 33, Texas College 6 in the Vulcan Bowl; Bethune-Cookman 32, Albany (Ga.) Teachers 0, in the Coconut Bowl; Knoxville 13, Florida N & I 0, in the Azalea Bowl; and Louisiana Normal 19-0 over Lane College in the Flower Bowl. In the Atom Bowl in Nagasaki, Bill Osmanski, former Holy Cross and Chicago Bears star, led his Nishahaya Tigers to a 14 to 13 victory over a team led by Angelo Bertelli, former Notre Dame star.

Along with the rising popularity of the bowl games, it has been suggested that Alumni Field be christened the Potato Bowl and an annual post-season game played, presumably between the winner of the State Series and a southern team to be invited.

The national collegiate basketball race is well under way with most of the major teams already started on their schedules. Wyoming moved to the front with nine straight wins, followed closely by Indiana 8-0, and Iowa, West Virginia, and Notre Dame, all with 7-0 records. DePaul dropped its

Upsets Featured In Intramural Hoop Schedule

The intramural teams swung into action again this week in games which featured thrills and upsets galore. In the opening game, a well-balanced Phi Gam quintet suddenly came to life in its game with Lambda Chi. With Clement and Jinks popping them from all angles and Murdock controlling the backboards, the Phi Gam team played its best game of the year. Smaha and Boutilier were outstanding for Lambda Chi.

Hannibal Hamlin, Chantal & Co., managed to stay in the unbeaten ranks with a 23 to 10 victory over Theta Chi. The entire Hannibal team played a brilliant defensive game. Chantal continued to pare the winners on the offense with his one-hand looper shots.

Once beaten Phi Kap was the winner over the Occumo team by 36 to 28. The lead seesawed back and forth throughout the contest with the Phi Kaps putting on a last burst of speed down the home stretch to clinch the

The University of Maine basketball team, still limping from wartime maladies, swings into action tonight against Rhode Island State at Kingston in the opening battle of a three-game invasion of Southern New England. Tomorrow the Bears will be pitted against the University of Connecticut, and on Saturday they will wind up their journey in a game with Northeastern University.

Coach "Eck" Allen hasn't chosen a definite lineup; however, in diligent practice sessions he has indicated those who have shown most promise. At the center position Gates will probably get the starting nod while Burgess will hold down one forward position and Murray or Buckley at the other. At the guard posts Coach Allen will choose from three hoopsters who have been giving a good account of themselves in daily scrimmages. Poulin on his scoring ability will probably start at right guard with Henderson or Wilson at the other guard post.

Rangy "Danny" Danforth after three years of service reported to practice last week. He has already shown his oldtime scoring ability, and there is a possibility that he may break into the starting lineup.

After the New England jaunt the Bears will meet Bates on Jan. 15 in the first home game of the state series. Little is known about Bates' court strength and at the present time the game looms as a toss-up. The preliminary game will get underway at 6:45 with the varsity teams scheduled to jump off at 8:00.

Athletic director Ted Curtis has announced that the Military Band will play at all home games. Maine students will be admitted to the game in the same manner as during the football season.

The men that Coach Allen has chosen to go on the New England trip are: Forwards, Burgess, Murray, MacDonald, and Buckley. Centers, Gates and Rafford. Guards, Poulin, Wilson, Henderson, and Vickery.

Telephones

on Wheels

and Afloat

The Bell System plans an extensive trial of two-way radio in providing telephone service to vehicles in a number of large cities.

Connections with other telephones will be made through the nearest of several receiving and transmitting stations operated by the telephone company. It is generally similar to the existing ship-shore radio telephone service for vessels in coastal and inland waters.

The main job right now is making more telephones available for those who have been waiting for regular service. But as soon as the new equipment can be built the Bell System will begin extending telephone service to vehicles

INTERDORM BASKETBALL

The interdorm basketball tournament is continuing where it left off before the holidays. Team members are requested to be present for games to keep the tournament going along on schedule.

Game results of the past week are: Colvin 30, Kappa Sigma 22; Off-Campus 46, Colvin 38; Balentine Little Bullets 42, Phi Eta Kappa 8.

Each team in the league is given a rating of 100% at the start. Each game lost means 20% is subtracted. League standings for games already played are as follows:

White League: Off-Campus 100%, three wins; Alumnae 100%, one win; Balentine Little Bullets 80%, two wins, one defeat; Colvin 60%, two wins, two defeats; Kappa Sigma 60%,

third straight game, losing to Notre Dame by one point. Oklahoma and Kentucky, each with one loss, and Bowling Green, with two, are all ranked with the top teams.

The Maine State Collegiate Series will get under way Saturday night when Colby opens the season at Waterville against Bowdoin who played two games already, losing one of them. Bates lost their opener against the Portland YMCA Tuesday night, 71-41. The Bears open against Rhode Island (5-1) tonight, followed by Connecticut tomorrow and Northeastern Saturday night.

The State high school race is so close that it is impossible to pick any one outstanding team. Waterville, defending champions, lost their first game in 66 starts in Maine competition to John Bapst and were beaten again a few days later by Stearns. This would appear to give the Crusaders and Stearns the edge over their opponents, but John Bapst had been previously beaten by Ellsworth and Stearns had played a game with Bangor which was so close that it was called no-contest because of a two-point error in scoring. The Bangor team lost to Winslow by two points, and Waterville defeated Cony 29 to 27 in an overtime period. As a result, the eastern Maine race shapes up as a mad scramble involving John Bapst, Stearns, Ellsworth, Bangor, and Guilford with Waterville Winslow, and Cony holding the inside track from their section. Just to make matters a little more confusing Ellsworth was beaten by Gilman of Northeast Harbor and Gilman was defeated by Bar Harbor. However, Ellsworth came back and beat Bar Harbor, so apparently Gilman just caught them on an off night.

Friday night games will include Bangor at Bapst, Bar Harbor at Brewer, Ellsworth at Old Town, and Lincoln at Orono.

This is hardly the time of year for baseball news, but the St. Louis Cardinals had announced the sale of Second Baseman Jimmy Brown to Pittsburgh for a reported \$30,000 to \$40,000, and of Catcher Walker Cooper to the Giants for \$175,000 cash. Cooper is still in the service and isn't expected out until some time during the summer.

two defeats; and Phi Eta Kappa 40%, three defeats.

Blue League: Elms 100%, three wins; North Estabrooke 80%, three wins, one defeat; Balentine Slick Chicks 80%, one win, one defeat; Sigma Chi 60%, one win, two defeats; Delta Tau Delta 60%, two defeats; and South Estabrooke 60%, two defeats.

NOTICE

Class leaders will leave posters at the women's dorms for those who are interested in signing up for class teams. Class practices will be scheduled as soon as suitable times are known.

WINTER SPORTS

This year's winter sports manager is Sally McNealus who is to be assisted by Janice MacDonald and Carol Denison.

Here are a few rules and regulations covering the use of the winter sports equipment:

1. Winter sports equipment is for the use of all *WOMEN* students. Use it freely and enjoy it, and take care of it.

Intramurals - -

victory. Hews and Gillis played stellar ball for the winners while Jones paled the rejuvenated Occumo club.

Beta in winning over Sigma Nu by a 25 to 15 score played its usual brand of lightning basketball. Gray and Lancaster peppered the basket with shots and kept the entire Sigma Nu team on edge as they continually shot down the floor on a fast break. Stevens was outstanding for Sigma Nu.

In the most crucial game of the evening an unbeaten ATO team won over a previously unbeaten SAE quintet by 41 to 30. For ATO, Campbell and Linehan played a bruising game on the defense while Vickery turned in a sparkling performance off the backboards. Walker and Dow played well for ATO.

2. For the benefit of all, equipment is to be returned the day it is borrowed.
3. *SIGN OUT* when you take take equipment, and *SIGN IN* in the notebook which is provided in the South Estabrooke Locker Room when you return it. Indicate the number on the material you take.

Prism Photographs Beginning Sunday

Prism group pictures will be taken in Balentine Sun Parlor starting Sunday, January 14, 1946. Further schedules will be printed in the *Campus*.
