Frosh Will Throw Banquet And Dance This Friday Night

The Froshman Class Banquet and Dance will be held Friday, May 17, in Memorial Gymnasium at 8:00 p.m. The banquet, under the sponsorship of the class itself, is open only to its members. The dance is being arranged by the Frosh Club, and all students are invited. The committee, which is under the general chairmanship of Fred
class president, is composed of: John Calabrese, Joseph Cramm, Arthur A. Hauck, W. Robert Bowers, and Fred Calabrese. Gaunt is the head of the committee and is in charge of arrangements.

The committee is responsible for the success of the event, which is expected to be a great attraction for students of all classes.

Maine Will Honor University's Dead On Sunday, May 26

The University will hold a memorial service to honor the memory of those who have passed away during World War II. The service will be held at Memorial Gymnasium at 3:00 p.m. More than 160 students and graduates of the University of Maine who gave their lives will be honored during the event. The service will be conducted by President Charles B. Davis, and the Reverend Gerald A. Killian will give the sermon. The ceremony will be attended by a large group of people, including state and local officials.

Students At Theatre Hold on Your Pants

The Manager of the Strand Theatre has made an announcement that he will not allow any clothes to fall below the waist of the audience. The Manager has been quoted as saying, "Students, please keep your pants up, or you may not be admitted to the theatre."

Maskie Hard Luck Version Of 'You And I' Opens Mon.

The play "You and I" has been produced in Maine and is currently being performed on Broadway. The play has been the talk of the town and is expected to run for at least six months. The production has received high praise from critics and audiences alike. The play, written by方针, is directed by David Merrick and produced by Joseph Papp.

War Vets To Push Fall Enrollment Near 3,200

University enrollment is due to take a fifty per cent jump to a near thirty-thousand students next fall, according to Director of Administration Perry R. Crandall. Officials in all departments are busy making plans to cope with the new problems. Reports from the various deans' offices show that, while conditions certainly will not be normal, the situation will be bearable.

In Arts

Ike Turner and His Satin Dolls, University Coordinator for Veterans' Affairs, has stated that next fall's enrollment will include over two thousand re-enrollments.

Of this number, approximately three hundred will be the men of the A.P.I. A majority of them will be freshmen. The exact number remaining fall of the veteran re-enrollment that this group contains is impossible to determine here.

Girls As Usual

Although next year's freshman continuation of girls will be slightly smaller than usual due to the housing situation, the interest of our seniors, which will remain around the same, due to the small number of the senior class, will further add to the freshman influx. The enrollment for the fall of 1950 will include about one hundred new girls.

was held last night at the Colby Banquet Hall. The dance was attended by about two hundred students, all enjoying themselves to the music of the band led by Mr. Paul McNeely. The dance was considered a success,

Students Will Tap Sophomore Owls At Game Thursday

The Sophomore Owl Society will be in two new members during the Colby-Maine baseball game on May 23 at Memorial Field. The society has not met with required success in the last three years, but this year it is expected to grow.

The Sophomore Owl Society was founded in 1939 in the hopes of preserving Maine Student Spirit, to help build the reputation of the school in athletics and academics, and to give the students a chance to enjoy the University and for the life ahead.

The society is now open to the highest standards of the University in athletics and academics, and is expected to grow significantly this year.

Committees Named For Newman Club

The Newman Club Tuesday evening named three different committees which will become active at once. The committee chairman, who was appointed by the board of directors, met at a recent meeting to decide upon the various committees.

The Newman Club, which is a religious organization, is very active on the campus, and is expected to grow significantly this year.

The committees and their named leaders were: Membership Committee, under the direction of Leon Holtsclaw; Social Committee, under the direction of Bob Rendall; and Religion Committee, under the direction of David O'Connor.

The committee chairman and three named leaders will be chosen by the membership of the Newman Club, who is a religious organization, and is expected to grow significantly this year.

Specialized Courses Offered
To Advanced ROTC Students

Specialized advanced ROTC courses will be offered in Infantry, Defense's Artillery, and Signal Corps training beginning in the spring. At present, all men in the advanced course are taking Infantry training.

In order to obtain admission to the advanced course, the applicant must have had one year of military service, be between 21 and 27 years of age, have a score of at least 120 on the Army General Classification Test, and have two full years of college remaining.

The course requires five hours a week for one hour, and leads to a commission as a second Lieutenant in the Regular Army. Interested students must agree to complete the schedule, accept the commission, and attend a six-week summer camp.

While tuition is the same for each individual, the student is encouraged to take advantage of the many opportunities for traveling expenses from his school to and from camp.

Guid to Present Student Original As Final Project

The University of Maine Radio Guild will present an original radio script written by John Williams, "Two Sides to a Story," as the last in a series of six radio dramas produced by the guild. The script is written around a young radio producer and his belief that "subjective" radio listeners who "listen to the radio." Worked into this theme is a forecast of the long and fertile period that the story is an amusing climax.

The large cast of characters under student director Larry Jensen include Pat Reilly, Desi Alfreed, Anne Young, Phyllis Eldridge, Ralph Martin, Don Deering, Bill Goodwin, Dick Irvin, Lee Davis, John Kelly, Ralph Higgin, and Mary Ann Diven. Springfield College will be the audience at the "video," and Kay Plante will be assistant director.

Omion Nu Honors Home Ec Students

On the Omion Nu Honors Home Ec students were hosted at a tea Saturday afternoon from 3:30 to 5 p.m. in the President's Room. In North Endwod in recognition of all the Home Ec students on the Dean's List during the fall semester. The tea was in special recognition of the students with honors to encourage the continuation of their early efforts. Among the honorees were Lida Appleby, Mary Reynfield, and Anni Ann Dersey. Margaret Jackson was the hostess.

Mrs. Mary Snyder, the faculty advisor, presided over the program. And girls in the audience were heard to say, "Mommies have great fun also!"

MCA Starts Drive To Collect Pledges

All around there are to be collected by the Maine Christian Association, in a drive to be completed before the end of May. There is still $500 needed to complete the drive.

The MCA has planned and carried through the year the cause of the students, but the students are the ones who do the work. A school is for its students. And the end of the school year is a time for students to do their part.

We'll have to use this noise.

Two New Enlisted Instructors Have Enlarged ROTC Staff

Two new military instructors have been added to the rapidly increasing military staff of the University of Maine. They are 2nd Lt. Kenneth L. Russell, of Boston, Mass., a veteran of the United States Army, and 2nd Lt. William Klein, another New England resident from Man-
chester, N. H., who is a veteran of these years and a hero in the Armed Forces.

M/ Sgt. Russell, in addition to his duty as an instructor, will also serve as Supply Chief. He was a former Captain with the 43rd Division in the Southeast Pacific for 28 months.

Sergeant Russell enlisted in the Army in June, 1944, being the Massachusetts National Guard for Camp Elwood, Florida, that summer. After winning a direct promotion to 2nd Lieutenant, he went overseas with the 43rd Division (New England National Guard), and served in three major engagements as an infantryman with the 155th Infantry Regiment. He was wounded on the Invasion of the Solomon Islands when he led his troops in establishing a strong beachhead in addition to the Purple Heart, he wears the Asiatic-Pacific ribbon with the campaign stars, the Pre- Pearl Harbor ribbons, the Philip- piine Liberation Medal, and the Victory Medal. He was discharged in March of this year, but re-enlisted as a master sergeant.

T/ Sgt. Klein, enlisted in the Army in the fall of 1942 and served with the Provost Marshall Section of the 9th Service Command on the West Coast.

He came to the University recently appointed to the Registrar's office, in addition to his instructor's duties. He is a graduate of the Adjutant General's School in Washington, D. C.

M/ Sgt. Russell's enlistment is for three years, and he plans to make the Army career. T/ Sgt. Klein, on the other hand, re-enlisted for 28 months until, quote, "things sort of settle down for a bit."

Both men are enthusiastic about their new army post here on our Maine campus, but Klein will be happier when he finds an apartment in town for his wife and their five-month-old daughter.

Picnic Planned For Maine Wives Club

The Wives Club will hold its last meeting of the spring semester in the form of a picnic at Stillwater on Saturday, May 29th, from 2 to 6 p.m.

All married students are invited and are asked to bring their own sandwiches or water. In case of rain the picnic will be postponed until May 30th.

The meetings of this group will continue through the summer months.

The first of these meetings will be held in the chapel, usher attendance.

The leader at the meeting will be Mrs. Geraldine Bart- rett.

Aggie Men Plans Softball, Barbeque

The Annual Agriculture Club Picnic will be held at the Stillwater Picnic Grounds on Wednesday, May 22, from 11:30 a.m. to 1:00 p.m., under the direction of the Club. All agricultural students are invited to participate. The food, including a large picnic basket, will be under the leadership of Joe Conlon, with the tables set in accordance with the Club's by-laws.

All members of the faculty, as well as the students, are invited to a barbeque at the house of Ed Keith, in Estabrooke, on May 23, from 6:45 to 10:00 p.m., under the direction of Mrs. Madeline Duffy, who was the star of the Aggie Men's recent barbeque, with bright blue hair and a bright blue dress.

The Aggie Men's Club President, M. Platt, will announce the winners of the best barbeque element prize and the best picnic basket prize.

Gear contest will have opened for Global Shots

The Marine Onling Club will hold a photographic exhibit in the South Street Art Gallery from May 29 to May 28.

This is the first of a series of these events, the arrangements of the exhibit for the past three weeks. In the first place, it will be an exhibit, not a contest. The division of the exhibit is as follows: A. Enlargements, 4 in. by 6 in.; B. Oversized, properly mounted portrait prints, 2 in. by 3 in. or larger; C. Albumen prints, 2 in. by 3 in.; D. Portrait prints, i.e., people, animals, etc.; E. Miscellaneous.

B. Contact prints, mounted securely on 9 in. by 7 in. white cardboard, for uniformity. I. Black and white, with same classes as above; 2. Color, with same classes above.

There is no limit to the number of entries that can be made. Each MDC member and non-members are invited to participate, since the object of the exhibit is to stimulate interest in photography.

All entries should be submitted to the Marine Onling Club or the discretion of the Club. Students living off-campus or at Dow Field must submit three photographs in any to any Pack and Pine member, or dorm representative.

Joedalaa E. Wills '15 has been named Assistant Club Transport, a civilian position.

The meetings of this group will continue through the summer months.

The first of these meetings will be held in the chapel, usher attendance.

The leader at the meeting will be Mrs. Geraldine Bart- rett.

WAA Playday Plans Are Made; High School Girls Participate

Girls Play Day, which is sponsored by WAA, will be held Saturday, May 18, this year. If the weather is good the events will be held outdoors from 10 a.m. to 4:15 p.m.

Invitations have been sent out to the local high school girls from the surrounding towns of Bangor, Brewer, Her- manson, Bucksport, Ocean, and Otis.

WAA Sets Spring Retreat On May 28

A retreat will be held at the Maine Christian Association on Saturday, May 18, at the Stillwater Flume Gardens. Installation of the new officers and cabinet will be presented by the retiring president, Harriet Stent- nette.

Charlie O'Gorman, general secretary of the MCA, will lead a discussion on the highlights of the MCA Program, followed by a worship service.

A picnic supper will be served at 3:30. Don Crossland, new president, will then speak on "Planning Activities for the Coming Year."

The group will leave from the MCA building at 1:30.

WAA Banquet Will Feature Cameron

The Women's Athletic Association banquet which is to be held May 20 at 6:45 in Estabrooke, will feature Prof. Anne Cameron, the woman who was a member of the faculty at Radcliffe College, formerly on the staff at Bang- or College, as guest speaker.

Posters have been put up in the dormitories and all girls wishing to go are urged to sign their names and get their tickets from their dorm representa- tives as soon as possible.

FOR NEW Come in and see the new lines of Colored Sportswear for Grade '47. The new colors, the latest styles, and the best of materials make these suits good. The FRED'S uniform will be worn by the high school girls and will be made in the colors of the school flag. The girls will be the guests of Maine students for the day and will participate in sports and play.

Clarice "Holl" Easter will be in charge of color groups, and a group of freshman girls will act as team captains and fanatics.

The following program is planned for the day. These games will take place outdoors unless weather condi- tions prevent it. In such case the games will be moved and the program will go as planned.

From 9:30-10:30 will be registration and informal games. 10:00-10:45 will be relays by color teams. 10:45-11:45 will be space dance, 12:00-1:00 lunch for freshmen and Sophomores, 1:00-3:00 games, 3:00-4:00 outdoor events.

Beartettes

The Square Dance Club had a particularly lively season last Tuesday night from 7 to 9 in the Women's Gym. Madeline DeLong was the first caller for the dancing, and a "solder" hired for the occasion. The women's team was able to play off their matches as soon as weath- er permitted. Among those calling the dances were S. Carver, B. McNel, Mary Hubbard, and Roy Noyes. Refresh- ments were served by Ruth Haines and Mary Hubbard.

TENNIS

The women students participating in the tennis tourney were awarded several prizes as matches as soon as weath- er permits.

Keaney And Rhody Squawk
Way To 6-5 Win Over Maine

By Bill Brennan

Frank Keaney and his Rhode Island Rams batted and argued their way to a 6-5 win over the Maine Bears Friday afternoon in a contest that had the spectators wondering just who was running the game. umpire Arthur Lee or coach Keaney.

Following Coach Keaney's example, set in the early part of the game, the Rhode Island team kept up a continual complaining campaign, topping it off with a 20 minute argument about a ball called by Jim Stonew, Maine's baserunner. Finally breaking through umpire Lee's stern resolution that no ball had been committed, Keaney talked the run, which proved to be the winner, in third base.

Stonew, who was released in the eighth by Bill Bradley, allowed only six hits and five bases on balls. Five errors were made by Maine, but only one run resulted from them. Heavy stick man for Maine was Harry Angelides who knocked out two singles and a triple, breaking a third base.

The third inning saw Bowdoin score four more runs as Whiting, Clark, Taussig, and Wooden shelled McNeil-ly from the mound.

The polar Bears scored three more runs in the eighth on two walks, a double by Taussig and Whiting's fourth hit. The other Maine tally came in the sixth on an infield

The University of Maine football team will complete its spring training program with two regular game-scrimmages this week. The matches will be held at Alumni Field, Saturday, May 13, and Sunday, May 14.

This scrimmage will vary a little from a regular game-scrimmage in that coach "Eck" Allen, assisted by Windy Work and Bill Irving, will be on the field to give advice and instruction to the players whenever needed.

This does not mean, however, that the scrimmage should not be interesting to watch. The fact that the coaches will be on the field will give the onlookers a good opportunity to learn a few of the finest points of the game and also to appreciate the amount of work that the players have put into these practice sessions.

Coach Allen, planning to use the "T" formation next fall, has stressed the need for speed in the backfield. batting, with taunts and jers. A ball club should be able to hold its head, and should be able to take a loss, even if they do think they are getting a raw deal.

"T" formation next fall, has stressed

Aside from Vickery and Hutchinson, the players have put into these practice sessions.

Heavy stick man for Maine was

Harry Angelides who knocked out

one run resulted from them.

McNeily was in his usual crowd

pleasing style Friday afternoon, as he raved back and forth between the Rhode Island bench and home plate.

Tourney or off -campus bowling team

McNeily's 122 was second and was ably supported by a three string total of 208.

Team will be in the highly

plane.

The Maine ROTC team, of which

The Maine J.V. baseball team rolled on its second consecutive victory this season with a thrilling 5-2 win over a strong Husson nine at Alumni Field, Friday, May 19. Marty Dow pitched a masterful 2-hit ball and was ably supported in the field by his teammate who combined those three double plays.

Today the J.V. play the Maine Maritime Academy Bears at 3:30 p.m. The Midshipmen are fresh from a win over Bowdoin's Varsity by a 6-3 score.

Junior Bears Win Over Higgins Nine

America Learns to Make Its Own Camphor

For years, the Japanese mainland has had a tight hold on the world's camphor supply. Americans had to have camphor to keep up their increasing capability for the manufacture of photographic film, celluloid, plastics, perfumes, medicines, lacquers and disinfectants. But they were forced to pay whatever price the Japanese chose to ask. And even at $3.75 a pound, they were never sure of a full supply.

Men of Du Pont undertook to make our country independent of such an unsatisfactory source. They knew that camphor could be synthesized, but to make it at low cost and in large quantities was an entirely different matter. Long years of experiment, research and disappointment were required. But in 1932, a way was found to produce low-cost chemical camphor on a commercial scale that matched nature's product in color, texture, scent and usefulness.

C₇H₁₄O from Turpentine

Basic material from which Du Pont camphor is made is pinoe, obtained from turpentine from southern pine trees. The formula of pinoe (C₇H₁₄O) seems to differ but little from that of camphor (C₁₅H₂₄O), but the structural difference is considerably greater than is indicated by the simple names of oxygen. Although the chemical conversion of pinoe to camphor is not difficult to accomplish in the laboratory, to do so economically on a commercial scale taxed the ingenuity of many Du Pont chemists and designers.

World War II completely shut off the supply of natural camphor. But within a few months Du Pont production men were able to step up the output of the man-made product to take care of medical, military and civilian needs. Today this supply is going into the manufacture of hundreds of products that will bring men more comfort, more satisfaction, more joy into the lives of millions.

All the men at Du Pont—chemists, mechanical engineers, civil engineers, and hundreds of others who worked on this development—feel great pride that they were able to free their country from foreign sources for such a vital material in our industrial life.

SYNTHESIS OPENS NEW ERA

IN PERFUME MANUFACTURE

Some of the most interesting discoveries at Du Pont have come from "fundamental" research groups assigned to develop new scientific facts without regard to immediate commercial use. Synthetic musk is an example. Musk is the most important single ingredient used in perfumery, a fact leading many noble odors into one fragrance and making it lasting. Until recently its only source was the musk deer of Tibet, an animal near and similiar in physical structure and its recent habitat. But to make it at low cost and in large quantities was an entirely different matter. Long years of experiment, research and disappointment were required. But in 1932, a way was found to produce low-cost chemical camphor on a commercial scale that matched nature's product in color, texture, scent and usefulness.

Du Pont organic chemists, in their long-time study of giant mole-cules, noted that a group of ring compounds called macro-ketones resembled musk more closely than had previously been supposed. The structural difference is consider-able greater than is indicated by the simple names of oxygen. Using a chemically different but closely related chemical, the Du Pont chemists made a product that is more joy into the lives of millions. All the men at Du Pont—chemists, mechanical engineers, civil engineers, and hundreds of others who worked on this development—feel great pride that they were able to free their country from foreign sources for such a vital material in our industrial life.
