Two Women Win Debates Last Night

Two girls walked off with top honors in the Intramural Debating Tournament last night, winning the final held in South Stevens before a small audience.

June Swanton and Kay Kennedy, who defended the affirmative side of the question, Resolved: That labor should have a direct share in the management of industry, defeated Donald Waring and Tom Stotler by a 3 to 0 decision.

Speaker ratings were Kennedy first, Swanton second, Stotler third, and Waring fourth. Judges for the event were the Reverend Charles O'Connor, Paul Bennett of the English department, and Ruth Flood, instructor in speech.

This brings to an end the tournament which started last fall and consisted of twenty-two debates with twelve teams participating. Each team had an opportunity to debate at least twice, as two defeats were necessary for elimination.

The winners, Swanton and Kennedy, debated five times, three negative and two affirmative, losing none. They had met Waring and Stotler once before.

Reading Tests Will Be Given Wednesday Night

Reading tests will be given on Wednesday evening, Jan. 22, at 7:00 in French, Spanish, and German.

Students who have had two college years of a foreign language or the equivalent through contacts in homes where foreign languages are spoken or through foreign experience are considered eligible.

Students who thus qualify and who desire to fulfill the language requirement by this means should register with Dr. Starr in 1 Stevens North before 5:00 p.m. on Tuesday, Jan. 21. The place of examination will be announced later.

New Store Is Now Operating In North Dormitory District

A new store has been set up in the North Dormitory area for supplying the 700 residents with a local service of refreshments and toiletries.

Located in building #15 in the North Dormitory district, the new branch of the University Book Store has been opened for business since January 2, 1947, the first day of classes following the Christmas recess.

At the present time three clerks are on the job during the rush hours between 8 p.m. and 10 p.m. Only one clerk is needed to care for the usual afternoon business, while a second worker is added later in the afternoon.

The store opens daily at 2 p.m. and closes its door at 10 p.m. On Sundays the clerks work from 5 p.m. to 10 p.m.; Saturday is their day off.

Articles of confection are offered, as well as toiletries, ice cream, candy, hamburgers, hot dogs and soda pop. Doughnuts, potato chips and crackers are available, too.

The Maine Campus Polls Campus Women On 'Teacher Rating'

Seeking to establish the popularity of a teacher-rating system for the University, THE MAINE CAMPUS this week conducted a broad straw-vote of women on the campus. Our investigator could find no women opposed. If there are any women opposed, please contact the CAMPUS office, Ext. 52, so that our scores can be changed.

Result of straw-vote: 100% University women in favor of a teacher-rating system.

THE MAINE CAMPUS is now polling the men and will report results of this poll next week.

Guatemala Offers Several Courses For Summer Study

The Universidad de San Carlos (founded in 1676) of Guatemala City, Guatemala, will offer a Summer School for North Americans from July 3 to August 14, 1947. Many undergraduates will want to attend for the courses will be of high quality, the climate is delightful (4910 feet), and Guatemalan scenery is magnificent.

Courses will be on the undergraduate and graduate level. Subjects offered will include: Elementary Spanish, Spanish grammar and composition, Spanish history and literature, Hispano-American history and literature, Methodology and Inter-American Workshop, Guatemalan and Mayan specialties (Archeology, etc.).

Staff members will include professors of the Facultad de Humanidades (College of Liberal Arts) of the Universidad de San Carlos, Nora B. Thompson (formerly of the Women's College of the University of North Carolina), and Arturo Torres Riosco (University of California and outstanding authority on Latin American literature).

Living with private families in homes approved by a Guatemalan-North American committee will be possible, if desired, at minimum cost, probably three dollars per day.

Ralph Barnett Is Appointed To Union Post

Ralph E. Barnett, President of the Sophomore Class, has been appointed chairman of the Organization Committee for a student Union Building Fund campaign at the University of Maine. His appointment was made by James Donovan, chairman of the Student Campaign Committee.

The committee of which he is chairman will be responsible for developing necessary plans and organization, and for conducting student campaign, which was voted by an advisory council composed of 57 presidents of undergraduate organizations.

Barnett was manager of the Varsity football team last fall. He is vice-president of the Men's Senate, and a member of the Maine Christian Association cabinet. He is a member of Phi Mu Delta.

The members of this Organization Committee serving with Barnett are as follows: Elizabeth Baker, John Ballou, Donald E. Crossland, Priscilla Dodge, Evelyn Foster, Frank Haines, Jean Hufnagel, Fay Jones, Frank Moore, Willard Moulton, Elaine Perkins, Saralyn Phillips, William Skolfield, Edward F. Snyder, Pauline True, Winslow Work.

SAE Crossing Safe, Tested Daily By MOC

The ice between the SAE House and the ski slope was thoroughly tested Monday, and no weak spots were found. If any dangerous areas develop they will be immediately marked for your safety.

—The Maine Outing Club

Rev. W. E. Wimer Will Be On Campus Sunday And Monday

Visitor on campus this Sunday and Monday is the Reverend William E. Wimer, New England Minister to Students for the Congregational Christian Churches, Student Life Department. Students who have met him know that he has much to contribute in the way of stimulating and provocative ideas.

First opportunity to hear him will be at the Sunday Service at 11:00 in the Little Theatre. At 4:30 Sunday afternoon he will be honored at a reception for Congregational students and faculty members at the MCA.

Bill Wimer comes to us from Boston, where he is on the staff of the New England Student Christian Movement. Farther back in his career was Ursinus College, the Theological Seminary of the Evangelical and Reformed Church, Lancaster, Pa., and work for the degree of Doctor of Philosophy in the field of Religion in Higher Education at Yale.

Women's Forum Meets To Hear Edward Young

The Women's Forum will hold its next meeting on Thursday, January 23, at 4:30 in Room B, North Estabrooke.

Edwin Young spoke to the group January 8 on labor, and the history of unions.

Immediate Action Is Necessary For Scholarships

All scholarship application blanks for next year must be filed at the office of the Director of Admissions by this Saturday, January 18. Forms may be obtained in the offices of the academic deans.

It is urgent that applicants act immediately upon reading this notice.

Many New Offices Are Now Located In Maine Library

There have been several changes in the location of various offices on campus with the partial completion of the New Library Building. For some time now, the offices of the Dean of Men, the Signal Corps, F.P.H.A., the Housing Office, and the Social Affairs Committee have occupied the western end of the third floor.

The Placement Bureau, formerly located in Fernald Hall back of the Bookstore, has recently moved to Room 51-E on the second floor of the new library building, eastern side. Upon interviewing the Director of Job Placement, Mr. P. J. Brockway, in his new office, I quote his words:

"The new office gives us a little extra space and an additional conference room for interviews with employers."

Midst sawdust, shavings, hammering, and various other noises related to construction, the Drawing Department from the College of Technology has moved into Rooms 113 and 222. The former room is occupied by Professors Kent and McNeary, and the latter is used by the following instructors: R. L. Baxter, G. E. Clifford, A. B. Crabtree, and G. C. Treat. These technical drawing classes are greatly relieved by the fact that new classrooms have been obtained, since several of the classes have been held evenings during this semester.

The Veterans' Administration and Veterans' Education Offices have moved from the second to the third floor in the new building.

Student Group Approves Share In Union Costs

The student body of the University has been asked to subscribe one-ninth of the total cost of building and furnishing the Student Union Building, the Memorial to the Maine men who died in the Second World War. This will amount to \$100,000.00, the same amount raised by the students in 1923 for the Alumni Memorial Gymnasium.

This sum would cover the cost of building, for example, the Maine Lounge, on the first floor of the Student Union, a room to be well used by all the students.

The student share in the total costs was approved recently by the Student Advisory Committee, made up of the presidents of University student organizations, clubs, societies, and classes totalling about fifty student leaders.

Divided by 3,200 (three times the 1923 student body), the \$100,000.00 can be raised by each student pledging thirty dollars. No quota for individuals will be set, and students are asked to give as much as they are able.

Subscriptions will run over six semesters, and can be broken down into five dollars each semester if the subscriber wishes.

Modern Dance Club Will Sponsor Dance This Friday Night

Friday night, Jan. 17, the Modern Dance Club will sponsor a Stag Dance. The dance will be highlighted by a selection of dances put on by the Modern Dance Club.

Ester Wing is chairman of the dance committee. The publicity is headed by Barby Vaughn with Marilyn Toby and Helen Buzzell assisting. Phyl Pendleton will supervise the sale of tickets and Jean Wallace and Pat Palmer will act as co-chairman in charge of decorations. The dance will start at 8:00 and will last until 11:30. There will be an admission of fifty cents.

University Hears Speakers On Atom Bomb, Atomic Energy

While speaking to a University of Maine assembly Tuesday, Dr. Edward Purcell, Harvard physicist, likened the process of atomic fission to the chain letter craze which has swept the country in recent years.

The relatively small number of letter exchanges, which if pursued by faithful participants will increase to astronomical proportions, is similar to the internal reaction of the atomic bomb. A smashing of atoms occurs in one uranium group and it is transposed to other uranium units in its vicinity. This change of atoms increases the overall activity by tremendous proportions and instigates the "chain reaction."

In his opening address, inaugurating a two-day program devoted to the discussion of the physical and political aspects of atomic energy, Dr. Purcell outlined three major points. Speaking

(Continued on Page Eight)

"The world state will be headed for ruin if we cannot control atomic energy by education," said Dr. William V. Elliott, Chairman of the Department of Government at Harvard University, in his address to the students in an assembly Wednesday morning. Dr. Elliott held the position of Vice Chairman of the War Production Board during World War II and is at present a consultant to the House of Representatives on Post-War Planning.

Dr. Oliver Garceau, Associate Professor of Government on the U. of M. faculty, introduced Dr. Elliott, who spoke on the topic "Social and Political Aspects of Atomic Energy."

"The students are trying to bring about a solution to the vital problem concerning this monstrous weapon through guidance and fellowship," said Dr. Elliott, who conceives from Russian literature that the Russians

(Continued on Page Eight)

Campus Society

Phi Mu Delta held a sleighing party last Sat. night. Thirty couples attended the sleigh ride and then returned to the house for refreshments and a vic dance. Chaperons were the housemother "Ma" Yale and Mr. Henry Plummer.

Beta held a Tea Dance last Saturday from 4:30-7:30 with a buffet supper being served. Dr. and Mrs. Cornell and Mr. and Mrs. Harold Woodbury were chaperons.

Beta, Phi Mu, and Lambda Chi boys have been busy hanging their pins this week. Jim Dana hung his on Barb Woodfin, and another Beta, Merle Goodall, hung his on Guylene Smith. Ginny Snow is wearing the Phi Mu pin of Jim Goodwin. Evan Johnson of Lambda Chi pinned June Swanton.

Edited by
Bonnie Andrews and Jo Look

One new diamond is being worn on campus this week—that of Harry Brown of Houlton by "Cal" Randlett '48.

Jack Woodworth and Kay Ward were married last Saturday in Bangor. Another marriage of interest is that of Jim Sprague and Jean Fleming. They were married at 3:00, Monday. The Kappa Sigs gave Jim a stag party at Dave Hall's house last Sunday night. A reception was held Monday evening in Veazie for the couple. Mary Davis '49 and Kenneth Bailey were married Christmas Eve.

Mr. and Mrs. Kenneth Zwicker (Marilyn Coy) are now the proud parents of a baby.

An optimist is one who thinks his wife has stopped smoking cigarettes when he finds cigar ashes in the house.

Peephole To Politics

The year is 1947. The 80th Congress has convened and a new chapter in American political life has begun.

The Capitol is now stirred by the milling and jockeying of umpteen prospective candidates for the highest office this free and democratic citizenry may bestow. Every passing hour brings November 1948 that much nearer. The factions are lining up.

Oddly enough, this activity appears to be almost wholly within the Republican camp. Although Stassen, Taft, Dewey, and almost every other GOPster above the rank of Lt. Governor, have either announced (or been accused of harboring) a desire for the supreme honor, no Democrat has evidenced a like eagerness. Most of them appear to be leaning over backward to avoid any chance of being nomi-

nated.

Apparently, the wise boys in Washington have already conceded a Republican victory. A few disillusioned New Dealers are groping about with some faint idea of establishing a third party. Most of the more reasonable Democrats are casting about for jobs in private industry. Republicans on the other hand are taking out six and ten year leases on vacated property.

This unfortunate state of resignation is making the Old Guard, reactionary Republican leadership very happy. What a set-up! No competition, and no need to worry!

(Stream of consciousness in mind of GOP Elephant):

"The Democrats are going to let some stooge carry the ball, so we can win with anyone. Maybe we'll run Landon again, or good, grey Wallace White of Maine, or Joe Pew—what the Hyde Park. Disregard the liberal Republicans. Forget Stassen and the other Radicals. This is the year of the solid citizen. The Demmys won't fight!"

Forecast for '48: Presidential campaign will pit Taft and Saltonstall versus Pepper and Bilbo.

—RIP HASKELL

All Women Veterans Will Hold Meeting In No. Estabrooke

There will be a meeting of all Women Veterans on Wednesday, January 22, from 7:30 to 9 p.m. in room B North Estabrooke.

An A.V.S. organizer will speak. A report of the Veterans Affairs Committee will be given. Elections of officers will take place followed by a discussion of future plans.

It Will Be Done, In Memoriam

Together, we'll build the Memorial. Thirty dollars or more is a lot of money, but it is needed. Even then, we will be giving only one ninth of the total expense.

It's lots of money in one lump. But, over a period of six semesters, it can be worked out. For six semesters, it will split up into five dollars each semester.

Broken down even further, about a quarter a week will approach the goal. Less than five cents a day.

Together, we will do it, in memoriam.

About Frosh Comp . . .

In the last few semesters that I have been teaching at the University, I have been beset with the problems confronting the instructor and the students of the Freshman English courses. The problems in general are three: inadequate preparation in the fundamentals of English grammar in high schools, the lack of intelligent reading, and (perhaps most important) the lack of student interest in the course.

At the outset, no attempt is made to separate students who are inadequately prepared in the fundamentals of English, from those who have mastered them. This mixture of different levels is probably democratic, but it introduces both confusion and boredom into the class and doesn't work to the benefit of either level. The course as organized is largely a rehash of high school English. Students who expect something more of a college course discover immediately that it's just "more of the same old stuff." Most of the class time is spent wading through a well-known *College Handbook* although occasionally a light dawn and a copy of *Harper's* makes its dreary way into the lethargic atmosphere of the classroom. It's no wonder that little improvement in writing results and that students are rarely inspired by the course.

I should like to repeat for student consumption and reaction the same changes I suggested to the English Department. First, separate the potential "D" and "E" students from the average and above average by means of examinations at the beginning of each course. Put those students who seem obviously in need of special attention in classes where they can have the benefit of that attention. Second, the bulk of the students could then proceed with a course in Composition and reading.

A book of modern readings (not necessarily literature) concerned with current problems of the world would not only give opportunity for direct application of the principles of clear concise writing, but would also stimulate class discussion, and most important of all, individual thinking.

Well, how do you students feel?

Students Generally Pleased; Want Rathskeller, Guestrooms, No Offices

Dear Editor,

In the last issue of your Campus Union you mentioned that the Student Union Planning Committee was open to suggestions about the new Union building.

How many noses would turn up if one mentioned that it would be a good idea to have a Rathskeller located in the ground floor of this new building. Not only would it be popular; it would also provide an excellent source of profit.

How about it?

To the Editor:

Last week, the article said several facilities were cut on account of costs. On the second floor, alumni offices, placement offices, and the like are planned. These belong in the Ad-

ministration Building, not the Student Union. The college needs guest rooms for students' parents, faculty guests, and visiting alumni. Also, it needs a campus. A well-run Union is needed here. Who will run it?

To the Editor:

Will the Student Union be a MCA affair? Or will those offices on the first floor be filled with a staff hired by the students or their representatives? The plans are good, but the administration of the building will determine the success of its use on campus. A well-run Union is needed here. Who will run it?

Not yet definite, but we believe there will be a student advisory board which will be representative of the student body.

That's all we know as yet.—Ed.

MARK BAILEY

The students and faculty of the University of Maine who grew to love and admire Dr. Mark Bailey during his many years of teaching in the Speech Department here were deeply moved when word was received that he passed away in a Bangor Hospital Saturday morning after a long illness.

Dr. Bailey came here in 1920 as an Associate Professor and Head of the Speech Department. Under his leader-

ship the department grew to include four men. Many new courses in the theater and public speaking were offered.

He soon took over the direction of the Maine Masque, which improved steadily under his guidance until it became the noted college theater group of New England that it is today. He built up the Secondary School Contest of Interpretive Reading and Speaking held here annually.

PALE BLUE FASHIONS

The Pale Blue Key semi-formal last Friday was a colorful event not only because of the decorations, but also because of the attractive array of winter gowns. Bustles, peplums, ruffles, and sequins could be seen in every corner of the dance floor, setting a new pace of fashions on the Maine campus.

Jan Scales wore a lovely gown with a turquoise faille top and a marquisette skirt designed with faille applique. Folds of the skirt hung from a large cerise bow in the back, and she wore cerise elbow length gloves. Punky Perkins was seen in a black evening blouse trimmed with gold sequins, and a full black faille evening skirt. Jan Brown's formal was a lovely bright green faille.

Helen Noyes' colorful aqua taffeta gown with matching mitts was adorned with a gold mesh belt and wide gold bracelets, while Barbara Stewart's formal which had a white jersey bodice and a black net skirt was trimmed with black sequins. East Hall's Barbara LaBonte wore a smart pale blue dress with a mesh like bodice and a sweeping net skirt trimmed with a wide silver studded belt.

Elaine Lockhart's darling silver lame bodice and full white net skirt was tucked at the hips to give the smart bustle effect. Judy Denison's sophisticated fuchsia bengaline formal had drop shoulders and push up sleeves.

Marilyn Jones wore a smooth black faille gown with cap sleeves, unpressed pleats in the skirt, and a wide gold studded belt at her waist. Esther Watson's dress had a wine velvet bodice with cap sleeves and a dusty rose skirt tucked with a large wine bow. She wore long dusty rose gloves to match her skirt.

Mickey Libbey's cerise and black striped taffeta skirt was topped by a black velvet bodice. Connie Howe wore ivory, the bodice of brocade satin, the skirt of net. Babs Hayden's lovely scarlet velvet gown was cut out double triangular shaped in the back. The bodice and skirt were cut by a wide gold mesh belt.

These are but a few of the stunning gowns which caught our eyes at the affair. Every gown added a touch of gaiety and glamor, and to say the least, we definitely approve of the Maine girl's choice of gowns and accessories for winter formals.

—PAULIE MARCOUS

The Maine Cubs

You've all heard rumors pertaining to a new band being formed on campus and now those rumors have taken on a more tangible aspect under the title, "The Maine Cubs." The "Cubs" were organized by Neal Martin, an up and coming musician whose talent dates back to his high school days when he had a band in Lewiston. His experience does not end here, however, for he also played in several bands in and around Lewiston, so his musical accomplishments are well founded. The main purpose in the organization of the Maine Cubs is to satisfy the campus need for a band small enough for dorm and frat dances.

This 6-piece band affords additional talent in Dick Cutts, who plays sax. Dick is arranger for the band and played in a service unit overseas.

Sherm Cole, tenor sax, and Lee Tournier, drums, have both had experience in "combo" playing. Charlie Partridge, trumpet, played in one of the leading service bands of the country and Will Kennison, baritone sax, played with Lennie Lizotte, a name familiar to you Lewistonites. And last but not least, we have Neal Martin, the aforementioned, tickling the ivories. There you have the nucleus of what sounds like a good band.

Incidentally, those who enjoy John Kirby specialties, contact the Maine Cubs for your next dance. It'll be worth it!

—JAN SCALES

Car Campers

The know-how, technical ability, and industry of the manufacturers who build our automobiles are nearly unsurpassed, even in this age of mass production and streamlining. But in my opinion, there is something essential lacking in the making of cars, something that has been causing motorists a good deal of grief, practically from the dawn of automobile history.

I refer, of course, to the abominable personality instilled in cars at their nativity. No one will deny that cars have personalities, yet I have yet to meet a motorist who knows a car with a beneficent one. What, for instance, causes lights (which have been functioning perfectly for months) to conk out in the middle of a foggy night when you're fifty miles from nowhere, and when you have to be home two hours ago at the very latest? Why do you get two flat tires in the same day, after going without a change for eight months? Any motorist will tell you it's because your faithful jalopie has been waiting to catch you with your figurative pants down to give you the business.

These traits a man can tolerate in his car, the way he does in his wife, if it wasn't for the fact that, unlike his wife, the bally thing is also clairvoyant. As long as you carry enough money in your pocket to buy a new fuel pump, the pump will work like a daisy, but just slip sometime, and take too large a bite out of this week's allowance last week, and find out how quickly your car will guess your condition and ream next week's allowance out of you, too.

The car I drive, in addition to being innately precocious, has had the benefit of advanced education before I acquired it. It always knows, for instance, what days I have prelims. It starts beautifully, through warm weather or cold, until the day I have to get to school on time, or else. I take great precaution to conceal the fact from my car. I saunter out nonchalantly giving every indication that I have not the least doubt in the world of its starting ability.

Of course, I have by this time checked the temperature, and know for certain there is nothing organically wrong with the little beastly, and certainly no reason for starting failure. So I step on the starter and get a tired groan. Then I get an angry groan, sometimes even an indignant sputter. Then I don't get anything at all, and me I'll car chalks up another victory.

But someday I'll get even and have the last word. I'm working on a deal where I can trade even for a good used bicycle. The trouble is, though, I can't seem to locate one that hasn't been driven by anyone except sober old ladies.

—BERNARD MARSH

Fire System?

What's wrong with the pressure on Balentine's sprinkler system? Twice so far, we have heard of false alarms in Balentine Hall, interrupting sleep or study.

1947 Indoor Track Season Opened Saturday In Fieldhouse

BY ED KISONAK

The 1947 edition of the indoor track season opened Saturday afternoon before a small group of spectators who braved the dampness of the fieldhouse to cheer the boys on. Three meets were run simultaneously, the Charles Rice, the Intramural, and the Dormitory.

The Charles Rice trophy was taken by Kappa Sig, largely through the efforts of iron-man George Marsanskis who chalked up a total of 25 points by himself. Marsanskis grabbed first place honors in the discus, the 12 and 16 pound shots, and the 28 and 35 pound weight throws. Tied for second place in the Rice meet were Phi Gam and ATO with 26 points.

In the Intramural meet the victor with 42½ points was SAE, with Kappa Sig, Phi Gam, the Betas, and ATO runners-up in that order. Varsity men were not eligible in this meet.

In the race among the dormitories,

the North Dorm group took the honors with 55 points. Oak Hall with 31 and Hannibal Hamlin with 21 were the second and third place teams.

The stand-out performance of the day was of course turned out by George Marsanskis, Bob Emerson of Bangor won the pole vault and broad jump, and did well in the high jump, Martin Hagopian tied the college records in the 40 and 60 yard dashes, a real speedster, Hutchinson, hampered by a sore knee, still placed in the dashes and in the javelin, Vickery can still toss the javelin just about as far as he wishes, "Rabbit" Dombkowiak ran as well without the football gear, taking first in the two mile, second in the mile, third in the 40 and the 300, after all that, he even started the 1000, Elmer Folsom was by many yards the best in the mile and 1000 and didn't seem to be running under full steam, Wally Brown grabbed firsts in the 300 and 600, Al Clements superb in

Conspicuous among the spectators was President Hauck. Dr. Hauck mingled with the students, occasionally stopping to chat, and to comment on the dampness of the surroundings.

Women's Sports

BY HELEN BUZZELL

In a recent meeting of the W.A.A., Morna Kimball was named by the president, Evelyn Foster, to be chairman of all the committees for the Penny Carnival. Betty Friedler was recently elected by the freshman class to represent them on the council. The meeting was in the form of a New Year's party and refreshments were served and games were played.

Outcome of the interclass games played in the women's gym this past week:

Junior Blue 44—referee Miss Rogers
Senior Blue 28—umpire Miss Carroll
Senior White 34—ref. Clarice Easler
Junior White 30—ump. Barby Vaughn
Soph. White 25—ref. Clarice Easler
Senior White 17—ump. Jean Dennison
Junior Blue 39—ref. Barby McNeil
Soph. Blue 12—ump. Clarice Easler
Soph. White 28—ref. Evelyn Foster
Junior White 13—ump. Polly True

Girls' Interclass Basketball Schedule

The following is a schedule of women's interclass basketball games that will be played up to Jan. 23.

Blue league schedule:

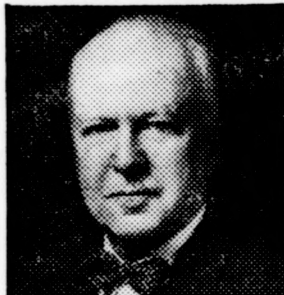

Wed., 3:30, Jan. 15—Soph. vs. Frosh
Fri., 3:30, Jan. 17—Senior vs. Frosh
Sat., 9:30, Jan. 18—Junior vs. Frosh
Tues., 4:30, Jan. 21—Senior vs. Soph.
Sat., 9:30, Jan. 25—Junior vs. Frosh.

White league:

Mon., 4:30, Jan. 13—Senior vs. Frosh
Wed., 4:30, Jan. 15—Junior vs. Frosh
Fri., 4:30, Jan. 17—Soph. vs. Frosh
Mon., 3:30, Jan. 20—Junior vs. Frosh
Tues., 3:30, Jan. 21—Senior vs. Soph.

Cub league:

Mon., 3:30, Jan. 13—Soph. vs. Frosh
Tues., 4:30, Jan. 14—Soph. vs. Alumni
Thurs., 4:30, Jan. 16—Frosh vs. Alum.
Sat., 10:30, Jan. 18—Soph. vs. Frosh
Wed., 4:30, Jan. 22—Soph. vs. Alumni
Thurs., 4:30, Jan. 23—Frosh vs. Alum.

WALTER S. GIFFORD
President of the American Telephone and Telegraph Company. Started as a clerk with the Western Electric Company in 1904.

CHESTER I. BARNARD
President of the New Jersey Bell Telephone Company. Started with the Bell System as a clerk in Boston in 1909.

WILLIAM C. BOLENIUS
President of the Wisconsin Telephone Company. First telephone job was in New York City as a traffic inspector in 1921.

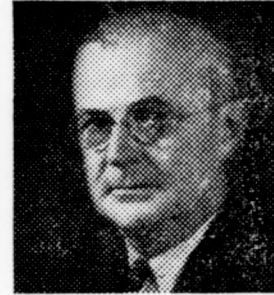

ALLERTON F. BROOKS
President of The Southern New England Telephone Company. Started as engineer's assistant in New Haven in 1911.

VICTOR E. COOLEY
President of the Southwestern Bell Telephone Company. Started his telephone career as a clerk in San Francisco in 1911.

HAL S. DUMAS
President of the Southern Bell Telephone and Telegraph Company. Started as a traffic student in Atlanta in 1911.

RANDOLPH EIDE
President of The Ohio Bell Telephone Company. First telephone job was as a special inspector in New York in 1911.

JOE E. HARRELL
President of the New England Telephone and Telegraph Company. Started with Bell System as a clerk in Atlanta in 1913.

RUSSELL J. HOPLEY
President of the Northwestern Bell Telephone Company. Started as collector in Fort Madison, Iowa, in 1915.

WILLIAM A. HUGHES
President of the Indiana Bell Telephone Company. Started his telephone career as a ground man in Kansas City in 1917.

Up from the Ranks

These are presidents of operating telephone companies of the Bell System. They all started at the bottom of the ladder . . . Nine years ago the Bell System first published an advertisement like this, except that there are now thirteen new faces in the pictures. These new presidents also started at the bottom.

★ ★ ★

The Bell System aims to keep the opportunity for advancement open to all.

One of its traditions is that its executives come up from the ranks. That has been true of the business for many years and nowhere is it better illustrated than in the careers of the men who now serve as presidents of Bell Telephone Companies.

As a group, they have put in 611 years of telephone service, an average of 36 years each.

PRESIDENTS OF BELL TELEPHONE COMPANIES AND THEIR FIRST JOBS

Name	Company	Date	Place of Start	First Pay	First Job
Walter S. Gifford	Amer. Tel. & Tel. Co.	1904	Chicago	\$10 week	Clerk, Payroll Dept.
Chester I. Barnard	New Jersey Bell Tel. Co.	1909	Boston	\$50 month	Clerk
*William C. Bolenius	Wisconsin Tel. Co.	1921	New York City	\$28 week	Traffic Inspector
*Allerton F. Brooks	Southern New England Tel. Co.	1911	New Haven	\$12 week	Engineer's Assistant
*Victor E. Cooley	Southwestern Bell Tel. Co.	1911	San Francisco	\$60 month	Clerk
*Hal S. Dumas	Southern Bell Tel. & Tel. Co.	1911	Atlanta	\$50 month	Traffic Student
Randolph Eide	Ohio Bell Tel. Co.	1911	New York City	\$15 week	Special Inspector
*Joe E. Harrell	New England Tel. & Tel. Co.	1913	Atlanta	\$14 week	Clerk
*Russell J. Hopley	Northwestern Bell Tel. Co.	1915	Fort Madison, Ia.	\$40 month	Collector
*William A. Hughes	Indiana Bell Tel. Co.	1917	Kansas City	\$60 month	Ground Man
*Thomas N. Lacy	Michigan Bell Tel. Co.	1905	Philadelphia	\$10 week	Installer
*H. Randolph Maddox	Chesapeake & Potomac Tel. Cos.	1921	Washington, D.C.	\$30 week	Student Engineer
*Graham K. McCorkle	Illinois Bell Tel. Co.	1902	Eminence, Ky.	\$20 month	Office Boy
*Floyd P. Ogden	Mountain States Tel. & Tel. Co.	1911	Kansas City, Mo.	\$40 month	Student-Clerk
Philip C. Staples	Bell Tel. Co. of Penna.	1904	Baltimore	\$12 week	Salesman
*Mark R. Sullivan	Pacific Tel. & Tel. Co.	1912	San Francisco	\$50 month	Clerk
*Carl Whitmore	New York Tel. Co.	1910	San Francisco	\$65 month	Field Man

*Asterisks indicate new presidents since December, 1937.

BELL TELEPHONE SYSTEM

THOMAS N. LACY
President of the Michigan Bell Telephone Company. With Bell System since 1905. Started in Philadelphia as an installer.

H. RANDOLPH MADDOX
President of The Chesapeake and Potomac Telephone Companies. Started, student engineer, Washington, D. C., in 1921.

GRAHAM K. MCCORKLE
President of the Illinois Bell Telephone Company. Started with Bell System as an office boy in Eminence, Ky., in 1902.

FLOYD P. OGDEN
President of The Mountain States Telephone and Telegraph Company. Started as student-clerk in Kansas City in 1911.

PHILIP C. STAPLES
President of The Bell Telephone Company of Pennsylvania. Started with Bell System as salesman in Baltimore in 1904.

MARK R. SULLIVAN
President of The Pacific Telephone and Telegraph Company. Started as a clerk in San Francisco in 1912.

CARL WHITMORE
President of The New York Telephone Company. First Bell System job was in San Francisco as a field man in 1910.

Bear Facts

BY FRED McDONALD

It will be a very slender sports menu for the stay-at-homes this weekend. All three of our teams, basketball, winter sports, and track, will be on foreign ground. Friday will be the opening date for coach Ted Curtis's ski team at Lewiston in their Hexagonal meet. The track and basketball squads will be at Bowdoin Saturday to tangle with the Polar Bears. Exams will then hold the spotlight until Connecticut invades the campus for a basketball tilt Feb. 1.

Won 1, Lost 2

The basketball squad returned from their New England trip with one victory and a brace of defeats. Both Connecticut and Rhode Island were too strong for the Bears, as expected, but the win over the Huskies of Northeastern salvaged something from the trip. Northeastern was not as weak as had been previously reported. Our prediction of a 25-point win for the Bears may have led some of you to believe this. After the *Campus* had gone to press we saw in one of the dailies that Northeastern had trounced Boston University—which means something.

Goddard at Center

Every member of the 13 man squad saw action in each of the three games. Although some members of the team were not up to the form that they had shown in the three previous games, a few of the hitherto lesser lights really looked good. Charlie Goddard appears to have won over the starting center berth by his fine performance on the trip.

Boynton's 28 points against Rhode must have served warning to the other state series teams that he can really rack up high point totals in addition to playing a superb floor game. White, according to all reports, really did a fine job replacing Al Burgess at one of guard positions, after Al was injured in the Northeastern game. It is certainly handy for a coach to have men like that around. The way basketball is played today a team is no better than their reserves. It is really sort of silly to refer to the "varsity," as meaning only 5 men.

Two-Team System

The ideal situation for a Coach would be to have at least two teams which were evenly matched in playing ability and alternate them in a game. It is interesting to note, however, that Frank Keaney, Rhode Island mentor, did not use the team substitution method as had been previously reported he would do. We wonder if he still feels that his team "couldn't hit the Atlantic ocean with a basketball." We note that the Rams are currently rated as the #6 team in the nation.

Predictions Again

Our predictions again were on the beam as we hit 3 for 3, making a season total of 8 correct forecasts out of 8 attempts. In view of the coming games we feel that we should retire from the business but that would be the easy way out. Colby at Maine; the Mules varsity hasn't won any type of a contest since the Vermont football game last fall. The Bears should win by about 15 points to keep the Mules in this unenviable category. Bates at Bowdoin; Jack Joyce is back with the Bobcats. His return should mean at least 15 points to the Garnet score over Bowdoin. Maine at Bates; here is the one we would like to duck! The proverbial flip of a coin decides that the Pale Blue should squeeze out a 2 or 3 point win. Bowdoin vs. Colby; a chance for an upset here. Taking a long flyer, we pick the Mules by a basket.

University Bows To Colby College, 52-45

Maine Winter Sportsters Ready For Lewiston Meet

BY BUD HALE

Unhindered by biting cold weather and by the fact that the nearest satisfactory slope is 20 miles away, Ted Curtis' winter sports team has been working out daily in preparation for its first competition, a hexagonal meet, which will get underway tomorrow at Lewiston. There, Maine will meet seasoned teams from Bates, Bowdoin, Colby, Brunswick campus of the U. of M., MIT, and Dartmouth on the Bates cross country course and the Auburn ski jump. Saturday all teams will travel to Bridgton, where the downhill and slalom events will be run.

The Bears are the only team which has not been entered in a meet to date. Some of the teams got their first taste of competition in the Intercollegiate at Lake Placid during Christmas vacation, in which meet Dartmouth placed fourth and Bowdoin sixth. Dartmouth is noted particularly for its ski teams, and many of the leading names in the

ski world today are former Dartmouth men.

Coach Curtis is particularly pleased with the turnout of 60 men for his team, although he faces a large problem in picking eight men to compete in each meet. In addition, he says that he is working in conjunction with The Brunswick Campus team which has several fine skiers, any of whom are eligible to compete with the Maine varsity. He also expressed praise for splendid interest and attitude shown by the candidates in their workouts.

The Rumford-Mexico area, which has long been one of the centers of skiing activities in Maine, is well represented by a group of fine skiers including Benny Bernard, Kim Stanwood, Charles Broomhall, and Vic Mortenson.

Included among other leading candidates are Mike Roy of Norway, a member of Curtis's pre war teams and who skied on an undefeated American Army team in Europe last winter; Jan Willoch, a Norwegian who has done much competitive skiing; John Chapman of Bangor; Win Hibbard of Bridgton; Gil Leclair of Gould Academy; Dave Newton, Don McCobb, and Dave Allen, all of Auburn; Tom McKay of Hebron; Ed Woodbrey of Sebago; Charles Barr of Kents Hill; Marvin Adams of Orono; Bill Rogers of Lisbon Falls; and Fred Kline and Howard Bronson of Newton, Mass.

The remainder of the Maine schedule Jan. 25 Colby at Orono Feb. 7 and 8 Bates Carnival at Lewiston Feb. 14 and 15 State Meet at Orono Feb. 22 Bowdoin at Orono Feb. 28 and Mar. 1 ISU meet in Canada under auspices of McGill University (location undetermined as yet)

Bears Have Lost Speed, Timing Outplayed By Colby Mules

BY MURPH LINEHAN

Last night at Memorial Gym, Colby College basketball sprang a startling upset, when they handed the Bears their first defeat in State Series competition by a 52-45 score.

Black Bear Cagers Win One Of Three On N. E. Jaunt

The varsity basketball team returned from a three game invasion of southern New England last week with a record of 1, and 2 losses.

In the opening game with Connecticut, the UConn's led by Maloney trounced the Bears 51-38 to snap the Maine win streak at 3 straight. Maine scoring was fairly well divided with Ted Boynton's 9 points high total. The Bears trailed 28-16 at the half.

Rhode Island poured on the heat in the last half to outscore Maine 99-66. Ted Boynton was high scorer in this game with 12 baskets and four foul shots for a 28 point total. The win was the sixth straight for Frank Keaney's Rams.

In the final game of the trip, the Pale Blue turned on Northeastern and downed the Huskies 67-56. George O'Donnell and Charles Goddard led the Maine attack each with 17 points. The Bears held a 34-25 lead at the half and maintained it throughout the remainder of the game.

NEW BARBER SHOP

The University Barber Shop, formerly located in the room next to the Bookstore, has recently moved to the office formerly occupied by the Job Placement Bureau. When entering Fernald Hall through the little-used front entrance on the Stillwater River side of the building, the barber shop is now the first door on the right.

The visitors played a heads-up brand of ball all the way and capitalized on every break. Conspicuous by its absence, was Maine's sizzling, fast-scoring offense that had been so characteristic of the first round of Series play.

Colby grabbed an early lead, but Maine stayed right on the heels of the Mules, and the partisan crowd waited with expectant calm for the deluge to come—but it never came. Tall man Charley Goddard was high man in the first half with ten markers. Clark of Colby made several beautiful set-shots, mostly from the left-hand corner, to cop first-half scoring honors for the Watervillians.

In the final stanza, the floor play was patterned very closely after the first. The visitors were masters of their own backboard, and only Ted Boynton's accurate shooting kept the Bears within arms' reach. Ted, incidentally, was high man in the scoring department for the night with 19 points.

In the preliminary fracas, the Colby J.V.'s dropped the junior Bears from the undefeated ranks when they came up with a thrilling 46-45 win. The game had plenty of zip, and was battle to the bitter end.

It has often been quoted, that a good team will profit more by losing to a less powerful adversary, than by winning over the weaker club! 'Nuff said.

Three Varsity Teams In Action Away Over Weekend

Maine's three athletic teams, basketball, track and winter sports, will all be playing away from home this weekend. The basketball team will be at Bowdoin Saturday night for the second meeting of these two teams this season. The Pale Blue won the first encounter 81-54 in their game played at Orono.

The Winter Sports team will make its debut Friday at Lewiston when they compete in a hexagonal meet with Dartmouth, Bowdoin, Bates, Colby, M.I.T. and The Brunswick Campus. Coach Chester Jenkins will take his track squad to Brunswick Saturday for the first Intercollegiate track meet of the season for his squad. In the recent meet held at the field house several men showed promise as potential scorers in coming varsity meets. George Marsanskis looks like a certainty to bring in points in the weight events. Earle Vickery, Martin Hagopian, Bob Emerson, Wallace Brown, Joe Leclair, Al Clements and Elmer Folsom showed up well in these events and should see service in the coming meet. "Rabbit" Dombkowski, of football fame, looms as a power because of his showing in the Intramural meet.

Get Your Teams Ready For Winter Carnival

All fraternities are urged to begin thinking of the coming Winter Carnival, Feb. 22, and four winter sports teams to compete in the Intramural events. All men not on the varsity Winter Sports team will be eligible to represent their frats. A complete schedule of the various events will be published at a later date in the *Campus*.

Wieman Is President Of Football Coaches

Dean Elton E. "Tad" Wieman was recently elected president of the American Football Coaches Association at that group's annual meeting in New York City.

Last week's report of the event in the *Campus* incorrectly listed Dean Wieman as having been elected president of the National Collegiate Athletic Association.

Dean Wieman succeeds Richard C. Harlow, of Harvard, as president of the American Football Coaches Association. This year's President of the National Collegiate Athletic Association is Karl E. Lieb of the University of Iowa.

Phi Gam Pulls Upset In Hoop Tourney

BY LEN HARLOW

Phi Gamma Delta, just a fair team in the Southern Fraternity League, pulled the major upset of the intramural season last week by swamping a previously unbeaten ATO team, 62-42. In a rough game, Phi Gam bottled up Parsons and company and had things pretty much its own way. John Hussey of Phi Gam dropped in 16 points.

Beta Theta Pi slipped into a first place tie with Kappa Sigma in the Northern Fraternity League by edging out a determined Phi Eta Kappa quintet, 43-38. Carl Wheaton led the victors by scoring 12 points, while Jim Beaudry of the losers racked up 15 counters.

In other contests last week, barracks 16 maintained its unbeaten record and moved into undisputed possession of first place in the Prexy Hauck League by defeating its nearest rival, barracks 7-9, 39-31. Gerry Poulin was individual high scorer for #16 with 17 big points. Bill Walker played a good game for #7-9 and contributed 14 points in a losing cause.

West Oak ran into some surprisingly strong opposition from barracks 12-15, but collected its sixth straight victory by a 45-38 count. Scoring honors for the freshmen were pretty evenly distributed, with Watson and Sfarus playing fine floor games.

In the Dean Wieman League, North

Hannibal Hamlin won a nip and tuck battle from Off Campus, 39-30. The lead changed hands several times, but in the last minute North Hannibal pulled away and clinched the contest. Bud Berry starred for the winners and sunk a number of shots at crucial moments.

Phi Mu Delta, probably the strongest team in the four leagues, won a convincing victory over ATO by a 40-26 score.

Carl Hill of barracks 2-5 scored 101 points in his team's six games to date, and took over the individual scoring leadership. Bill Bonville of Phi Mu Delta was second with 75 points in five games, while Southard of Phi Mu, Parsons of ATO, and Childs of Kappa Sigma all had 74. Other scores:

Wednesday

#1-3 54 vs. South Hannibal 42; East Oak 52 vs. #2-5 31; West Oak 53 vs. #8-10 22; #16 41 vs. #4-6 34; #12-15 39 vs. #19-21 36.

Thursday

Phi Gamma Delta 33 vs. Sigma Chi 24; #18 62 vs. #11-13 24; Phi Kappa Sig 81 vs. Alpha Gamma Rho 18; Kappa Sig 59 vs. T.C. 15; L.C.A. 28 vs. T.E.P. 23.

Club Notes

Handicraft Club

The MCA is now organizing a Handicraft Club for students. Any persons interested in joining should see Mrs. Morla Timberlake in the MCA office. Plans are made to include many fields and more will be added if they are desired.

Metalwork, leather tooling, whitening, book binding, and costume jewelry making are among the items on the program now. Materials will be procured at cost. Any persons having experience and desiring to lead one of these projects will be welcomed.

300 Club

Dorothy Ansell gave an interesting talk at the 300 Club last Sunday night. The subject was her recent trip to France, Luxembourg, and Belgium, with a work-project group of the Youth Hostels Organization. Contrast of the soldiers' impressions of Europe with those of the more recent visitors were shown when the group joined in the discussion.

A short business meeting conducted by President Phil Craig preceded the program. Refreshments were served at the closing. The next meeting will be held on January 29.

Home Ec Club

Home Economics and Aggie Clubs are sponsoring a get acquainted party January 16, at Merrill Hall.

John Kelly, magician, will entertain, and refreshments will be served.

Sleighs will pick up boys and girls, making trips to Balentine, Oak, Esta-

brooke, North Dorms, and Phi Mu starting at 6:45.

Prospective members of both clubs are welcome, and opportunity to sign up will be provided at the party.

German Club

The January meeting of the Deutscher Verein will take place at the home of Dr. and Mrs. Kenneth Miles, Riverview Apts., Sunday, the 19th at eight o'clock. Dr. Miles will project his Leica views of some of the interesting places he has visited and give a commentary in German. There will also be games and singing.

Chem Club

The Chemistry Club will meet Friday, January 17, at 3:45 p.m., in 362 Aubert Hall.

Dr. Douglass, Head of the Department of Chemistry, will show slides on Yellowstone National Park, and tell of his summer work there as a Ranger.

All interested are invited to attend the meeting.

Education Club

Carroll Dean, State Grange Master, will speak in the lounge of the MCA Building on Tuesday night, January 21, at 7:30 on the subject of Education and Taxation. He will appear at the University under the auspices of the Education Club.

Recently, the Maine State Grange has expressed a great interest in the related subjects of education and taxation. Grange proposals regarding them

Popular Camden 'Snow Bowl' Will See MOC Fans Saturday

Next Sunday, January 19, the MOC will sponsor a trip to the popular Camden Snow Bowl. Several members have reported excellent conditions there.

Skiing, of course, is the principal sport, but they also have facilities for tobogganing and skating. Both the slope and the rink are floodlighted, so the MOC plans on staying well into the evening. There is a ski-tow, and lodge.

Buses will leave the bookstore at 9:30 a.m. and will return by 10:00 p.m. Special "pers" will be obtained for the girls. The charge will be one dollar for the two meals that will be served, and the transportation charge will be

\$1.50. Total \$2.50. A charge of \$1.00 will be collected at the slope by the ski-tow operators.

All those interested are asked to sign up in the book store before noon on Saturday. The new "mail-box system" will make this procedure convenient.

It has been difficult to contact the married veterans living in the South Apartments, but a sincere welcome is extended to both the veterans and their wives. The membership fee for a couple is \$1.00 (rather than \$1.50 as previously stated). MOC hopes to see some of the married couples on the Camden trip.

'Memorial Room' Will Be Set Aside To Honor War Dead

To emphasize the fact that the proposed Union Building was conceived first as a memorial to the 175 University of Maine men who died in World War II, the Memorial Room in that building is to be the room of beauty—by contrast the finest room in the entire building.

Although no working drawings have yet been prepared, it is the wish of the University and of alumni that the room shall be simple but of finest materials and arrangement. No reasonable expense will be spared to make the room one of the most distinctive of its kind. Plans contemplate that the walls will be paneled with Maine wood. The lighting, the furnishings and arrangement will all blend so harmoniously that one will be struck by the simplicity and beauty, which will give the room a pleasing and appropriate atmosphere.

The central feature of the room will be the Book of Tribute, or possibly two books containing a picture and brief biography of each of the gold star men. On another pedestal will be a volume containing the names of all University of Maine men and women who were in the Armed Forces in World War II.

Such will be the room which is to be the shrine where the memories of our 175 men may be perpetuated for years without number. Its simplicity, dignity and fine character will reflect the life and deeds of those whom it will honor.

CLUBS

(Continued from Page Six)

will be presented to the State Legislature now in session.

It is expected that Mr. Bean will make clear in his talk the specific position of the Grange in these matters. All students in the University who are taking at least three hours of education are cordially invited to attend.

IRC

At the International Relations Club meeting last Wednesday, Mr. Matthew J. Cullen spoke on international control of atomic energy.

The next meeting will be held Wednesday, January 22, at South Estabrooke Rec. Room.

Riding Club

The University Riding Club has now completed its organization and election of officers, under the direction of its faculty adviser, Louis Thibodeau.

Dues are \$5.00 per month and allows each member four rides per month at Cowan's Stables in Orono.

An hour of riding every week is required, and anyone riding over the

Kellogg To Speak On January 23 About Soil Science

The annual Sigma Xi lecture will be given January 23 at 8:00 p.m. in the Little Theatre. The speaker will be Dr. Charles E. Kellogg, Chief, Division of Soil Survey, U. S. Department of Agriculture, who will lecture on "Modern Soil Science." The lecture is open to the public.

In his lecture Dr. Kellogg will not only deal with technological developments in soil science but will also discuss soils as dynamic landscapes that represent a unique synthesis of the physical and biological forces of the whole environment. Attention will be given to the social and economic importance of soils.

required hour will receive the rate of \$1.00 per hour. Instruction is given free of charge.

PURCELL

(Continued from Page One)

about the first of these, that there is no secret about atomic energy, he said, "The important thing is that a chain reaction can be made to go. We have no monopoly on scientists, and we do not have a sufficient industrial monopoly to restrict the production of atomic energy to our own nation." He believes that, in time, other nations' scientists will develop the processes now used in America.

Secondly, he stated that there was "no defense to the atom bomb." England's planned defensive action against the German V-1 and V-2 weapons was cited as an example of one defense a country could conceivably employ against one type of atomic attack. "England," he said, "was only able to destroy 80 percent of the German rocket missiles during the final weeks of their use. One atom bomb which hit its target out of five launched by this method would make a big noise."

Thirdly, the speaker stressed the point that a nation cannot win a war solely by the use of the atom bomb. He referred to "the other forms of

warfare which have not yet been discussed" and pointed out that it is always necessary to hold a conquered nation after it has been subdued.

Dr. Purcell's answer to the problem of atomic control was, and he emphasized the fact that he was speaking for all scientists, international control of atomic energy. He said, "It is technically possible that control can be achieved."

This control system would not consist of merely an international inspection unit, but it would be an authority with "more than police for influence."
