THE MAINE CAMPUS

Published Weekly by the Students of the University of Maine

Vol. XLVIII Z 265

Orono, Maine, May 29, 1947

Number 29

Enrollment To Increase Next Year

Enrollment at the University of Maine, this year fifty per cent larger than ever before, will get another boost next fall when nearly 4,800 students will be accommodated at the Orono and Brunswick campuses.

With less than 400 graduating seniors this year, the 700 men now at Brunswick, plus the regular number of freshman women and some off-campus freshman men will push the Orono campus enrollment to nearly 4,000. 800 freshmen, both veteran and non-veteran, will be taken at the Brunswick campus. The only freshman men to be taken here will be those who are able to live at home.

To take care of this increase, the University is adding to its facilities in many ways. Two temporary buildings are being moved from the Sanford Naval Air Base. One, a former BOQ, will be relocated at the rear of Stevens Hall, and used for classroom space. A civil engineering drawing room, zoology laboratory, several classrooms, and office space will be located in this building.

The second of the two wooden structures will be used as a mess hall, serving.

(Continued on Page Two)

Memorial Day To Honor Dead

University students will have an opportunity tomorrow to pay tribute to those former classmates who gave their lives in World War II as the University Memorial Day Services are held at the New Library steps at 10:45 a.m.

The invocation will be delivered by the Reverend Francis LeTourneau, followed by the reading of Psalm 150. Rabbi Gerald Engel will give a reading, preceding the main Address by Representative Howard Cousins. Other features of the program are "The Song of Man," by Richard Kountz and the University Chorus; Benediction by the Reverend Walter Wyman; Response by James Selwood; one minute period of silence; salute to the Flag by the Guard of Honor; bugle "To The Colors"; and the Flag will be two-blocked from half-mast.

At 11:40 the singing of the "Star Spangled Banner" will close the exercises.

Pop Concert Held At New Library

An interpretation of Pavanne-Gould's "Spring Fever" by the Modern Dance Group, accompanied by the orchestra, will be one of the features of the Pop Concert to be given tomorrow night on the steps of the New Library at 8:00 p.m.

Soloists will be Marion Keith and Richard Kimball, singing a medley from "Carousel" by Rodgers-Selwood; and Constance Campbell, playing the solo part in Weinberger's "Concerto for the Tympani; Trumpets and Trombones." Morna Kimball and Evelyn Foster will present an original dance called "High 'n Low Blues."

Willard To Address Graduates

Library Will Open Next Fall

Plans for occupation of the New Library and disposition of space in the Old Library are now going ahead at full speed in anticipation of the completion of the new building sometime this summer.

The only space not expected to be completed is the main room of the second floor, held up because of the detailed woodworking which must be done. This room will continue in use as a mechanical drawing room.

(Continued on Page Four)

Class Picture Is June 13

Traditional exercises for the 340 graduating seniors in the class of '47 will get underway at 10:30 a.m., Friday, June 13, when the official class picture will be taken. A class meeting, at which permanent officers will be elected will follow immediately.

In the afternoon, formal exercises will be held in "the oval," in front of Alumni Hall, beginning at 1:45 p.m. Malcolm Blodgett, English major, will give the valedictory.

The All-Maine Women's commencement pageant will be presented at 3:15 p.m. President and Mrs. Arthur A. Hauck will be "at home" to members of the graduating class and friends from 4 to 5 p.m.

Class Day activities will come to an end with the Commencement Ball, starting at 8 p.m.

Soph Owls Tap New Men At Game Here

Twenty freshmen men were tapped to membership in the Sophomore Owls, non-scholastic honor society, at ceremonies held during the baseball game Saturday afternoon. Six of the new Owls are from the Brunswick campus.

Men honored are as follows: Charles Barr, Robert Beal, Clair Cianchette, James Davee, Sam Jones, Robert Kelley, Edward McDermott, Douglas Morton, John Murphy, Adelbert Norwood, Norman Parrett, Edward Parkman, Raymond Rideout, Richard Spencer. From the Brunswick campus were: Donald Barron, Richard Haney, William Hopkins, Harold Peasley, Mark Shedd, and James Taylor.

The Sophomore Owl Society, founded in 1909, is charged with helping freshmen adjust themselves to campus life and promoting Maine spirit and tradition.

The men from Brunswick, not so well known as the local boys, have participated in a variety of activities.

Don Barron, proctor and Dean's List student, played varsity football. A member of the Masque, he was active

Campus Shingles Are In Editor's Office

Members of the Maine Campus staff who earned Campus shingles for work on the '46-'47 edition of the paper are asked to call for their awards.

These shingles may be had by contacting Larry Jenness or Ed Kisonak.

Trust Will Give Sermon At June 15 Exercises

BY JANET PATTEE

Dr. Arthur C. Willard, president emeritus of the University of Illinois, will deliver the commencement address, and Dr. Harry Trust, president of the Bangor Theological Seminary, will render the baccalaureate sermon at the 1947 Commencement Day, Sunday, June 15.

DR. HARRY TRUST

Three hundred and forty Maine students will receive their degrees.

Baccalaureate will be held at 10:30 a.m. in Memorial Gymnasium, and Commencement Exercises will be held at the same place at 3:00 p.m. on Sunday. Besides the presentation of honorary and regular degrees, two Watch Awards will be made to the outstanding men and women in the graduating class.

Commencement speaker, Dr. Arthur C. Willard, went to the University of Illinois in 1913 as an assistant professor in the engineering department. Four years later he was made a full professor, and in 1920 became head of the department of mechanical engineering. He was named president of the university in 1934. Dr. Willard graduated from M.I.T. with an S.B. degree, received LL.D. degrees from Northwestern and George Washington Universities, and received his Doctorate of Engineering from the Case School of Applied Science. He is a member of several honorary engineering societies and has written a number of books and articles.

Dr. Harry Trust, baccalaureate speaker, was born in England, attended the Bangor Seminary, and was graduated from Bowdoin College in 1916. He has received degrees from the University of Maine and Boston University.

Senior Ball Ends '47 Social Whirl

The Senior Ball, final social event of the college year, will be held Friday, June 13, from 9 to 2, in the Memorial Gym with music by the Maine Bears. The dance will be formal, although the committee has made dress optional for men.

A novel feature will be a photography booth. Howard and Milton Erlick of The Brunswick Campus will take pictures of all couples who desire them. Two 5x7 prints may be had for \$1.50.

Tickets and programs for the dance will be available to all seniors at the Treasurer's office from June 2 to 10, at no cost.

The reception committee will consist of President and Mrs. Arthur A. Hauck, Dean Edith Wilson, and Mr. and Mrs. Frederick Youngs.

'Book Of Memory' To Be Displayed

The University's "Book of Memory," containing the names and pictures of all but 20 of Maine's World War II dead, will be open for inspection on a special table in the Old Library beginning Friday, May 30.

This is actually a rough draft of the book which will finally come to rest in the Memorial room of the Student Union Building. The book contains a picture of each of the former students commemorated along with a short biographical sketch, written by Walter Whitney of the English department.

The book will remain on display during final examination week, and arrangement will be made for visitors at commencement exercises to view it.

Class Of 1897 To Be Honored

The traditional Alumni Day luncheon will this year honor the class of 1897, which will be holding its 50th Anniversary reunion. Each of the 1897 graduates will receive a certificate of award for 50 years of service as alumni.

Fourteen classes will hold their reunions on Alumni Day with activities including the Alumnae Tea, sponsored by the Penobscot County Alumnae, and the traditional baseball game between the seniors and alumni. The Alumni Hop will be held Saturday evening in Memorial Gym. Sunday will be devoted to class outings and picnics.

Pale Blue Key Award Named

Doug Morton, freshman two-miler with the Maine track team, has been awarded the Pale Blue Key's scholarship.

Officers of the Pale Blue Key for the coming year are: John Schmidlen, president; Bob Campana, vice president; Ralph Barnett, secretary; and Ike Webber, treasurer. The organization has ratified a new constitution.

Jan Scales Honored By ROTC

Jan Scales, ROTC's honorary Lt. Colonel, is shown receiving a loving cup from Col. Francis Fuller, while Scabbard and Blade prexy Harry Crowell looks on.

Janice Scales of Portland was presented to the campus as Honorary Lieutenant Colonel at the Military Ball last Friday evening. At intermission she was escorted to the platform by members of the ROTC unit, and awarded a loving cup.

Saturday morning Miss Scales reviewed the ROTC group at a drill held on the athletic field.

Board And Room Rates Set At \$242; Wells And Thomas Take On New Duties

Under a new policy, Mr. William C. Wells, present dormitory manager, will take over the job of F.P.H.A. representative when the University reopens in the fall. Mr. Ray Thomas, currently the F.P.H.A. representative, will become manager of university housing at the same time.

Board and room rates for the fall semester have been set at \$242.00. North dorm residents will pay \$17.00 less. Changing costs may require an adjustment of these charges.

Rooms are to be assigned by the manager of dormitories. An effort will be made to place men in the rooms of their choice as indicated on their dor-

mitory request cards with priority given as follows: (1) seniors, and present juniors; (2) juniors, and present sophomores; (3) sophomores, and present freshmen now at Brunswick or in the North dorms; (4) sophomores, and present freshmen now in Oak and Hannibal Hamlin Halls; and (5) graduate and special students.

It has been announced that a deposit of \$25.00 must be made with the University Treasurer's office prior to July 10 of this year and this sum will be applied toward the payment of room charges. Applicants who do not make the deposit will not be considered for assignment in their priority group.

Phillip Brockway Should Be Seen For Guest Space

Senior and graduate students who plan to have guests living in University dormitories over the Commencement week end are asked to make their reservations at the office of Phillip J. Brockway, 51E New Library, at the earliest possible date.

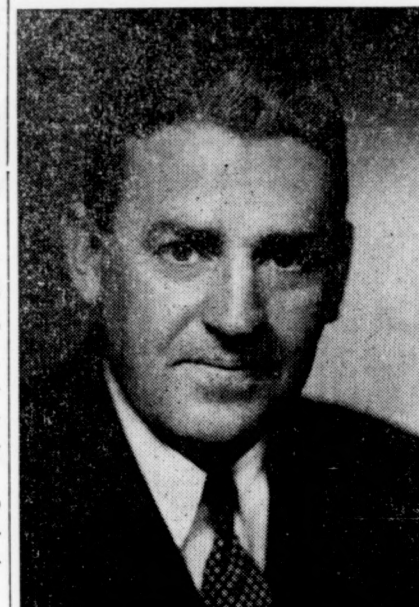

Limitations of space make it necessary to restrict the number of guests in the dormitory for each senior, to two members of the immediate family.

Off-campus seniors wishing dormitory rooms for guests should be particularly sure to make early reservations, in no case later than June 4.

Rooms will be assigned according to general policies adopted by the Commencement Committee up to the capacity of each dormitory.

Then there's the guy who had water on the brain. It froze up in the winter and everything slipped his mind.

Dean Glenn Kendall Resigns To Accept West Coast Job

DR. GLENN KENDALL

The resignation of Dr. Glenn Kendall, dean of the School of Education and director of Summer Session, was announced by President Arthur A. Hauck last Thursday.

Dr. Kendall has accepted a position as chairman of the division of Education and Psychology and director of the Summer Session at San Francisco State College.

He will leave for his new position in California in August at the close of the Summer Session at the University of Maine.

"The decision to leave the University and the state of Maine educational program has been a most difficult personal and professional one," Dr. Kendall said. "Only what seemed to be a genuine professional opportunity caused us, after much hesitation, to decide to leave a state where we have been exceedingly happy and where the educational program is destined to move ahead rapidly in the next several years."

Dean Kendall has been at the University of Maine since July, 1945. He came here from Philadelphia where he was chief of educational services for the Immigration and Naturalization Service of the U. S. Department of Justice.

A native of Tennessee, he was graduated from Western Kentucky State College in 1925. He received his M.A. degree from the University of Kentucky in 1931 and his Ed.D. degree from Columbia University in 1941.

Students Can Claim Laundry Articles

Many unclaimed articles of laundry are now being kept in the campus Laundry room and should be picked up soon, the University business manager reports. These articles may be called for during meal time or on Friday between 3 and 6 p.m.

The bundles bear the following names or initials:

W. M. Myers, B. Frost, Mary Chase, Snow, E. K. B., V. S. Pumphrey, P. C. Carnes, Russell, W. Eichorn, Basom, Frantz, R. W. Simpson, A. G. Smith, Sandy O. A. S., M. A. L., G. Warren, Wald, Burna Barnett, Jay, Eugene Therault, J. Coughlin, A. A. McNeil, Donald, R. B. Lunt, Martha B. Allen, and B. G. Harper, Jr.

NEXT YEAR

(Continued from Page One)

ing students living in the new dormitories. This building will be placed slightly to the north of the two new dorms.

Of the dormitories, the two under construction on the old football field will be completed this summer, while the third, located in front of Balentine, is not expected to be finished until next spring. The two men's dormitories at the north end of the campus will have a normal capacity of 450, but present "emergency" conditions will necessitate housing 600 there, with three men in many rooms instead of two. North dormitories will be used as usual.

Construction on the proposed Plant Science building and Engineering building, for which money has been appropriated, has not been definitely scheduled as yet. \$629,000 was set aside for this purpose two years ago by the 92nd State Legislature, and this year the 93rd legislature added \$400,000 to this sum to meet added costs in building materials and labor.

The Maine Campus

Published Thursdays during the college year by the students of the University of Maine. Subscription rate: 75¢ per semester. Local advertising rate: 50¢ per column inch. Offices on second floor front and third floor, MCA Building. Tel. Extension 51. Member Associated Collegiate Press. Represented for national advertising by National Advertising Service Inc., College Publisher's Representative, 420 Madison Ave., New York 17, N. Y. Entered as Second Class Matter at the Post Office, Orono, Me.

Your Paper

This editor, on behalf of the staff, wishes to thank the many students who participated in the recent poll The Campus conducted on itself.

The results won't cause anyone on the staff to buy a new hat. Neither will we commit suicide, as one student kindly suggested.

The one lesson learned is that all of the readers can never be satisfied at one time. For every blast against a particular section of the paper, there were two or three people who found enjoyment in it.

Fortunately for our peace of mind, a majority of students polled felt that The Campus was doing an acceptable job in meeting the needs of the students and covering University news.

More women than men were interested in having the paper carry a weekly news digest, with overall opinion running half and half. Of the fixed features, the editorials, society column, and Bear Facts averaged ninety per cent readership, with "Club Notes" lower, and "Monty Higgins Says" and "After Dark" bringing up the rear.

We received many good suggestions and helpful comments, for which the staff is duly grateful.

The problem of getting the newspaper to off campus students before it is five days old is one which we have recognized and will bend every effort to solve.

The Campus will be glad to carry more information concerning students who are running for various offices. As for "explaining or exposing" local campus politics, that's a rough one. We are just about as baffled as anyone else.

Several suggestions were made that we obtain more talented personnel. The idea is well taken; but just how do we go about it? Perhaps some of this talented personnel that apparently is lurking in dark corners will emerge and pitch in with us. Anyone interested in working on The Campus, with between one and 30 hours a week to spend on it, will always be welcomed with open arms.

Several people asked for more pictures. The answer here is in the business situation. Besides presenting news and entertainment, The Campus must make ends meet on 37½ cents per semester per student. This is not conducive to running a front page like that of the New York Daily News.

Next year, The Campus will strive more and more to present timely news, covering all student activities. More human interest features will be added. With cooperation of the student body, the staff will be enlarged.

Just as a sidelight, the Associated Collegiate Press recently issued The Campus a First Class Honor Rating with a score of 915 points. 1000 points was needed for the highest ACP rating.

Again, thanks to those who participated in the poll. And to everyone, don't work too hard this summer.

Through sickness, health, and chemistry...

After Dark

BY DENNY EVANS

Last spot of the semester... The Maine Masque Theatre....

We can always go to the moon pithurs, no matter whether they are good, bad, or indifferent; but the Masque, bless its heart, is not a week-endly feature. Since my first acquaintance with the Masque in 1943, it has always stood as a symbol of fun, laughs and enjoyment. Therefore, this column, the last of the semester, is written as a "Thank You" note to the Masque.

To be sure, you can criticize the Masque. It has indulged in petty politics, bad shows, cliques, closed-shop technique in Council administration, narrow thinking, and a multitude of sins of omission and commission. But there is one redeeming factor which almost over-compensates for all its nefarious activities. Its unending love and work for that concept of "Theater" as known in collegiate circles.

A campus has more activities than a ten-ring circus, but there is one item which always stands out: its theater group. Here, we have the Masque, and I'm grateful for it. To the campus public it has brought shows, an appreciation for the art, finesse in acting, production, and a bright spot in the fabric of our daily lives.

Hustle-bustle, sweat, tears, laughter, make-up, props, tickets, seating, lights,

rehearsals, opening night, applause, curtain calls, reviews, and the joy of being able to say, "Thank Heavens, it's all over!" This is the concept of "Theater" as those who love it know it to be. Once a person has "trod the boards," he will never be the same. It's a fever that gets into the blood, virus-like, and stays there. That love of theater stands out, whether the job at hand is props, "Dinner is served," or Hamlet's soliloquy. A true Theatopian (and there are some of these in the Masque) always does his best, no matter what his job is, what obstacles confront him, or what his personal feelings are.

The Masque may not be perfect, but before you attack that lack, remember that the Masque is an intangible concept which is in itself good, and that the lack lies not with the Masque, but with the people in it. If they fail to uphold the standards of the Masque, attack them, not the Masque. They are the personification of the Masque, they bring it to life, and if they fail, then and only then does the Masque fail in its self-assigned task. The Masque is the skeleton, the people in it are the blood and muscles that make it move and act.

Yes, I'm glad the Masque is here, fulfilling its role on the campus. Again I say "Thanks," and even more, "Always glad to see ya!"

University Society

It suddenly occurred to your society editors that a great many classmates and friends are going to be married sometime this summer or early fall. We thought you might like to be reminded of a few of them:

Betty Perkins and Don Stebbins, Joan Ambrose and Phil Shaw, Jean Archer and Ormen Twitchell, Sally Gellerson and Charlie Glover, Jackie Dean and Mill Butler, Peg Rosenberger and Robert Keniston, Judy Whitcomb and Robert Hall, Nancy Jean Atherton and Ray Peppard, Ina Anderson and Bill Hill, Marion Caster and Fleetwood Pride, Carolyn Mitchell and Elmer Franz, Lucille Power and Bud Mercer, Ruth Wentworth and Robert Gilchrist.

Polly Spear and Sherman Bardsley, Cecily Johnson and David Griffin, Jean Ritchie and Hokie Adams, Freddie Amborn and Al Morton, Mary Marvin and Bob MacQuestion, Jean Heartz and Roland Babcock, Ginny Libby '46 and Robert Purdy, Martha Roedick and Bill Horner, Bea Ross and Monty Higgins, Frances Allen and Art Buswell, Mickey Libby and John Grant, Helene Starrett and Norman Mosher, Jackie Pike and Charlie Markee, Mary Quinn and Charlie Scribner, Polly Stevens and Al Clement, Irene Barnes and Tom Young, Inez MacKinnon and Bill Rogers, Betty Calahan and Red LeClair, Mary Sherman and Bump Hadley, Eleanor True and Bob Glassen.

Emerson, and Diana Yost and Charlie Mason.

Engaged: Harriet Watson to Bob Brokaw, Delta Tau Delta; Mildred Cohen to Richard Giesburg, Tau Epsilon Phi; Vivian Lebel to Carl Wing, Alpha Tau Omega, and Louisa Bacon to Jim Duffus of Saco.

Pinned: Peg Stackpole to Otto Wallingford of Alpha Gamma Rho; Gloria Dow to Bill Pelletier of Delta Tau Delta; Louise Litchfield to Justin McIntyre of Lambda Chi Alpha; Priscilla Higgins to Bill Thurlow of Alpha Tau Omega; and Corinne Comstock to Hank Weston of Alpha Tau Omega.

News: Those fortunate couples who were able to dig up \$5.00 for the Military Ball agree that their money was well spent. The dance was unquestionably one of the best of the year. Sam Donahue proved even better than expected. The decoration theme of red, white, and blue streamers and gold army ensigns on red backgrounds was well carried out.

Alpha Gamma Rho held a formal Friday night with Watie Akins providing the music. Seventeen couples attended. **Chaperons** were Mr. and Mrs. Dorsey and Mr. and Mrs. Elliott. Saturday the boys gave a picnic.

Forty couples attended the **Sigma Chi pledge dance** which was held Saturday night. **Chaperons** were Dr. Red LeClair, Mary Sherman and Bump Hadley, Eleanor True and Bob Glassen.

Lovers, Take Note

In spring, a recent Associated Press story claims, a young man's fancy may turn to thoughts of love—but not on the University of Pittsburgh campus. It seems that coeds have received a personal letter from Dean of Women Helen Rush, asking their cooperation in keeping romance off the lawn. Some students have a tendency "to embarrass others by too personal a relationship with men in public," the dean said.

She is oh, so right!

The other night, as I walked across the campus, my tender senses were terrifically shocked. Sitting in front of the library was a young couple, barely 20 or 21, touching finger tips! Leaning against a tree about ten feet farther on, was another couple, this time engaged in conversation! And such things were happening on all parts of the campus!

Yes, I was embarrassed by seeing these tender young coeds, the fruit of American womanhood, having too personal a relationship with men in public.

As far as I can ascertain, there are only two alternatives in solving this pressing problem. One is to enclose the women's dormitories within a barbed wire fence, set up spot lights at strategic points, and have armed guards patrolling the area. This we can eliminate on the basis that too many fellows would rip the seats out of too many pairs of pants, climbing through the wire fence.

The only other way we can stop from being embarrassed is to provide each coed with a blanket and transportation to the woods near the cross country course. Here, girls and their suitors could sit and discuss Plato's New Republic; play tiddly-winks or patty cake, patty cake; and keep away from the shocked eyes of various people who haven't lived yet.

—BILL BRENNAN

On Roughing It

There is talk of starting a Rod and Gun Club on the campus. Of course the Juniors and Seniors will be required to carry guns and the Sophs and Frosh will be required to carry "rods."

Through experience I have found that the best thing to take with you on a fishing trip is a gun. The last time I tried it I came home with my pockets full of fish. I got lost and had only one bullet between starvation and survival. Knowing that, I planned for its eventual use with the utmost caution. On the third day of my wanderings in the wilderness I spied a formation of eight ducks going overhead.

Ducks have the quaint habit of flying in perfect formation, and so with one bullet I hit all eight. The ducks fell, en masse, and struck a dead limb on a big oak tree. The limb fell with a crash to the ground and struck a sleeping moose, who jumped up, and in so doing kicked a rabbit, who happened to be nearby. The rabbit flew through the air and hit me, knocking me into a stream, and I came up with my pockets full of fish.

After I had them all counted I had thirteen: twelve beautiful trout, and the one that gets away. Figuring that there might be a game warden nearby I drew an egg from my pocket, put it in my shoe, and beat it.

—IKE WEBBER

Monty Higgins Says:

Sitting minding my own business in Spruce's the other evening, I had to listen to some Joe College cracking loud about, "... the cowboy who got hot feet because he was home on the range! Yak, yak, yak! Haw, haw!" I endured it long as I could, then tapped him on the shoulder and asked to see his membership card in the comedian's union.

As I suspected, he had no card, so another paid-up brother of the Protective and Beneficial Association of Cornfield Laborers and I took him down and held his head under the Stillwater for twenty minutes.

We have to be careful nowadays. What with Congress in session, the field of humor is really crowded.

It is highly unjust to say a woman makes a fool of a man. No woman makes a fool of a man; she only gives him opportunity to develop his natural capacities.

Perhaps the drizzly weather of the springtime accounts for that remark so often heard around the bookstore: "Say, it looks like rain!" And the answer, "Yeah, but it tastes like coffee."

Mail Service Is Changed For Efficiency

United States mail, plus departmental or inter-office mail, is now being delivered to each campus building in a change from the old policy of sending all mail to the administration building for pick-up there.

One central delivery point has been designated in each building.

The post office requests that complete campus addresses be placed on all items, and that all offices place their mail at the proper pick-up points. In general, packages will not be accepted.

All mail collectors will be able to deposit U. S. mail in the Alumni Hall boxes before the U. S. mail is collected in the afternoon. As regards the morning collections, only mail on the Northern route will be collected in time to meet the outgoing morning U. S. mail.

People say—

"YOU CAN FIND IT AT"

PARK'S HARDWARE & VARIETY
31 37 WILL ST., ORONO, ME.

Summer Term Has Visitors

Visits from one American and three foreign educators, who will lecture on economic, social, and political backgrounds of education in other nations, will be a part of this year's regular summer session.

Dr. Charles E. Phillips, University of Toronto, will be here during the week of July 7. George Kabat, acting chief of the European section of the U. S. Office of Education, will be on campus about July 14. For two weeks, beginning July 28, Dr. Mervyn Pritchard and Wilfrid Hinton, both from England, will deliver lectures.

All meetings will be held in the form of assemblies.

Six Girls Honored For Rifle Scores

On the recommendation of Major Richard Healy, coach of the girls' rifle team, six girls have been awarded credit for having the highest marks in three-fourths of the matches of the M.R.T.

The girls are Nancy Dorr, Gloria McKinley, Martha Bond, Peggy Cousins, Matty Ellingwood, and manager Marjorie Grant.

Heat Plant Whistle Will Be Used As Fire Signal

Effective immediately, the whistle on the University heating plant will be employed as a fire signal for the campus. A few changes in the fire protection procedure have been effected and are here published for the guidance of all concerned.

The campus has been divided into north and south sections by a line running from the heating plant, through the President's House, the Experiment Station, the New Library, and to the Carpenter shop.

Three long blasts will indicate that the fire is on the southerly end of the campus while four long blasts will locate it at the northern end.

A short single blast at 12:45 p.m. daily except Sunday will be blown as a test and should be ignored. The test blast will begin on June 1.

In case of fire the Orono Fire Department should be called at Orono 600. Also, between 7:00 a.m. and 5:30 p.m. the University telephone operator should be notified.

Two long blasts will be used as a signal for the volunteer fire department of the University to assemble at the Orono Fire Station. This signal should be disregarded by all but members of the department.

Registration For Summer Term Will Be Held On June 31

James A. Gannett, Registrar, recently announced the procedure to be followed in registering for the Summer Session (six weeks) and the Summer Term (nine weeks) on June 30.

Registration for the Summer Session will be held in the Women's Gymnasium. Fees will be paid at the Treasurer's Office and cards will be filed at the Office of the Registrar. This is to be done between the hours of 8 a.m. and 12 noon, and 1:30 p.m. and 4:30 p.m.

Registration for the Summer Term will be as follows:

College of Agriculture, Freshmen (entered in February) will register with Mr. Loring, 11a Winslow Hall; sophomores, juniors, and seniors register with the major department in the Departmental Office.

OWLS

(Continued from Page One)

in the Union Building drive. Richard Haney, also Dean's List, has been active in the Masque, Student Senate, and Union Building drive.

Brunswick Student Senate president William Hopkins is a member of the Maine Forum and took part in the Union Building drive.

College of Arts and Sciences: freshmen (entered in February) register with Professor Stewart, 175 Stevens; sophomores who have not selected a major subject will also register at 175 Stevens; sophomores who have selected a major subject and juniors and seniors register with the major department in the Departmental Office.

School of Education: students in this school will register in the Women's Gymnasium.

College of Technology: freshmen (entered in February) will register with Professor McNeary, 113 New Library; sophomores, juniors, and seniors register with the major department in the Departmental Office.

NEW LIBRARY

(Continued from Page One)

Contemplated plans for the old library include housing the music and art departments on the first and second floors, respectively. Such plans call for converting a floor of stacks into studio and practice room space, plus 2 classrooms and a large rehearsal room on the 1st floor. On the ground floor, which now comprises the Aggie, Education, and Newspaper rooms, tentative plans are being made to provide student recreation and reading facilities.

Elaine Lockhart Named As 'Miss Maine' By WAA Prexy

Bear Facts

By MURPH LINEHAN

Scholarly appearing Frank Leahy, coach of Notre Dame's Fighting "Irish," paid a visit to Maine last week end, to make an address to the Augusta Men's Club at Cony High School auditorium. Joe Zabalski, assistant to "Eck" Allen during the grid season, and head coach at the Brunswick Annex the rest of the year, was the recipient of many words of commendation from his former mentor. Leahy coached Zabalski at Boston College back in 1941—the year the Eagles defeated the Tennessee Vols for the Sugar Bowl crown. The Notre Damer ventured that the University of Maine will profit greatly by its association with Zabalski.... Blush pretty for the boys, Joe!

Don't Miss...

The Brunswick Annex baseballers invade Orono tomorrow for a game with Sam Sezak's minions to lower the curtain on Maine's diamond activities for 1947. Sporting an undefeated record for the season, the visitors will be tough to cope with, for among their roster are players who will undoubtedly be varsity material next year. The Jayvees have posted seven wins with but a pair of reverses this spring. Consequently, the fray should produce a lot of good baseball.

Good Will Gesture

At a recent meeting, the "M" Club enacted legislation which has received a good deal of praise. It is the plan of this organization to send a gift of some sort to any player who is badly injured on a Maine field, be he friend or foe. In order to do this, however, there must be sufficient funds, so at the J.V.-Annex game tomorrow representatives of the club will "pass the hat." At the present time, the "M" Club's embarrassed treasury is not capable of carrying the burden.

Watch It, Mac!

Larry MacPhail, big mogul of the New York Yankees, is making himself a very unpopular person in the Big City as of late. Following the Leo Durocher affair, it was expected that MacPhail would speak softly and carry a smaller stick, but since he eased out of that unpleasant situation, he has proceeded to put himself more squarely behind the well-known eight ball. Because several Yankee luminaries, among them Joe DiMaggio, did not choose to pose for press photographs at a time when they were all in a batting slump, and practice was all important, Mr. MacPhail announced publicly that each "offending" player would be fined as a result. The fines ranged from \$25 to \$100, with DiMaggio getting the stiffest penalty.

Not Bad...

Now that the State Series has been decided by Colby's 6 to 5 win over Maine and puts the Bears in third place with an even record of three wins and three losses in Series competition, one can reflect on the just-ended season and decide that the Kenyon clan did not do so bad for the year with a total of seven victories and six losses. Perhaps one can add that lack of early season practice was the basis of the first setbacks, but who can explain the later reversals. All indications point towards a better season next year, for the Annex arrivals and those players uncovered this year will certainly improve by next spring.

Maine Ties For Eighth Place In N. E. Meet At Durham

With LeClair, Marsanskis, Vickery, and Emerson pulling in the points, the University of Maine tied with Northeastern for eighth place at the 60th

BOB EMERSON

Annual New England meet at Durham, New Hampshire, Saturday. Rhode Island, scoring 45½ points, easily outclassed the rest of the field.

The team point totals were: Rhode Island State 45½; Brown and New Hampshire, tied for second, 24; Wesleyan 14; Tufts 12; Boston College and MIT, tied for sixth, 10; Maine and Northeastern 7½; Springfield 4½; Holy Cross 4; Boston University and Bates, tied for twelfth, 1.

Rhode Island's win, its sixth in ten years, was dwarfed by the triple wins scored by "Boo" Morcom, New Hampshire star. Morcom leaped 6 ft. 4 11/16 inches to set a new record in the high jump, and set another record with a vault of 14 feet.

Rhode Island ran up the highest point total in its history in this meet, scoring in 12 of 15 events, and winning six individual titles, tying one record, and breaking another.

The Ram's only double winner, Bob Black, won the mile in 4:20 and went on to take the two-mile in 9:50.8.

In the 120-yard high hurdles, Dahl, of Rhode Island, took first as he equalled the record of 14.8 seconds. He

was followed across the line by Crossley of Brown, and Maine's Joe LeClair. LeClair's third garnered two points for the Pale Blue.

In the hammer throwing event, Bob Bennett, formerly of Maine and now tossing for Brown, took the honors with a 176 ft. 4½ in. throw. George Marsanskis added a point to the Maine side of the ledger with a fourth.

Vickery, defending champion in the javelin event, was bested by Hodash of Brown who came up with a toss of 186 ft. 10½ in. The three points for second made Vickery the top point-getter for Maine.

In the pole-vault, Emerson, up against some tough competition, had to be satisfied with a tie for third with Pennington of Springfield. The event was entirely in the hands of Morcom. Emerson leaped 12 ft. 3 in. for 1½ points to finish out Maine scoring activity for the meet.

Varsity Golfers Dump Upstart JV's

The Pale Blue junior varsity golfers, after challenging the varsity to a match, found themselves on the weak end of an 8½ to ½ score at the Penobscot Valley Country Club Saturday.

The match results are as follows:

Dick Smith defeated Joe Hammond, 8-6; Bill Dow defeated Ralph Stoughton, 3-1; Wendall Wilson defeated O. B. MacKellar, 5-4; Warren Wilson halved Jim Firmin; Phil Bickford defeated John Clark, 9-7; R. D. Roley defeated R. A. Stewart.

Smith and Dow won best ball, 7-6; the Wilsons took best ball, 4-3; Bickford and Roley won best ball, 8-7.

Individual scores are, varsity:

Dick Smith, 40-40-80; Wendall Wilson, 41-39-80; Phil Bickford, 40-42-82; Warren Wilson, 45-44-89; R. D. Roley, 45-45-90; Bill Dow, 51-43-94.

Junior Varsity:

Jim Firmin, 44-41-85; Joe Hammond, 47-41-88; O. B. MacKellar, 44-45-89; Ralph Stoughton, 47-48-95; Ronald Stewart, 46-55-101; John Clark, 49-53-102.

Women Must Return Locks Before June 5

All articles borrowed from the Women's Physical Education department must be returned not later than Friday, June 5.

Locks may be returned for refunds between 8 a.m. and 12 noon on June 2, 3, 4, or 5 only.

Colby Drops Bear Pastimers

By LEN HARLOW

The University of Maine baseballers dropped a close 6-5 decision to Colby Tuesday, and thereby lost its chance to tie for the state championship. Colby, with four wins and two losses, tied Bowdoin for the coveted title.

Wildness and errors hurt the Maine cause considerably. The Mules started strong by collecting four runs in the very first inning. Pierce and Clark singled, Eldridge walked, and first baseman Spinner scored all three with a long double. Norm White, this year's state batting champ, brought in Spinner with a sharp single.

The Bears came back for two runs in the second on singles by Woodbrey and Clark and a two bagger by Walker. They tied it up in the fifth with two unearned runs. Both Woodbrey and Miles scored when Spinner let Clark's grounder go through him.

Colby won the game in the seventh without benefit of a hit. A walk, two errors by Braley himself, and a fielder's choice scored two runs.

Maine tried hard to come back in the ninth on Sam Stewart's double and Ed Woodbrey's single, but it wasn't enough.

The win was Carl Wright's fifth straight pitching triumph this year, and his second over Maine. He scattered 11 hits over the distance while Braley gave 6. Batting star for the Bears was Ed Woodbrey with three hits in four trips.

Many Receive Health Awards At Banquet

Elaine Lockhart, West Hall freshman, has been chosen as "Miss Maine of 1947," according to an announcement by WAA President Bonnie Andrews.

The selection, made from the entire women's student body on the basis of health, participation in college activities, scholarship, poise, personality, and grooming, is a new one in the list of collegiate honors. WAA plans to continue the award each year.

The committee making the selection was composed of the presidents of the major women's organizations, the Dean of Women, and the director of Women's Physical Education department.

Culminating a year's activity in the WAA's health program, 27 girls received the Health M and Star award at the recent WAA banquet.

The awards are as follows:

Elaine Luce, Peggy Cousins, Nanice Crockett, Jean Cunningham, Jane Hastings, Norma McLaughlin, Ruth Wentworth, Elaine Blanchard, Jane Cowan, Elaine Lockheart, Doris Stack, Margaret Millington, Frances Litchfield, Caroline Colwell, Mary Lermond, Jean Brewer, Barbara Stewart, Laraine Malo, Carline Richards, Shirley Hughes, Beverly Spencer, Margaret Mollison, Priscilla Lord, Kay Heald, Joyce Wilson, Marilyn Mills, Shirley Wing.

Those receiving the Health "M" are: Margie Jones, Beverly Jordan, Betty Arnold, Beverly Artis, Kay Cilly, Yoma Decrow, Harriet Elwell, Edith Hayford, Shirley Jackson, Shirley Johnson, Jean Bunnell, Virginia Kennedy, Louise Litchfield, Dona London, Romona Lopez, Elizabeth Marden, Mary Mehan, Rachael Luce, Laura Moulton, Ethelyn Philbrick, Florice Pratt, Jean Thompson, Mary Whitcomb, Beatrice Wilbur, Caroline Strong.

Baseballers Take Huskies 7-6 To Close Diamond Season

Maine's diamond troupe downed Northeastern last Saturday on the local diamond by a 7-5 margin. The tilt was a pitchers duel until the sixth when the Bears pushed across four big runs to take a short-lived lead.

In the first of the seventh, the Bostonians rolled up 5 tallies, but mainly on errors. Red Norwood, a late season pitching "find," had a no-hitter up to the first of the sixth, and in the seventh appeared to have things pretty much his own way, but a couple of misplays set the stage for a Northeastern rally, and before the inning was over the visitors crossed the plate five times.

Dick Preble went to the mound for Maine for the remainder of the seventh frame and finished the hurling chore for the home team, receiving credit for the victory.

The Kenyonites, down one run when they came to bat in the last of the eighth, proceeded to do a job on the visitors. Good hits by Eddie Woodbrey and Ernie Miles plus McManus' walk started the fire, and Northeastern's infield helped the Maine cause immeasurably by booting a couple of grounders, so that by the time the last out was registered, the Bears had pushed across three big runs to sew up the ball game.

In his new role as a first baseman, Eddie Woodbrey gave a good account of himself. Eddie is a left-handed batter, and as his two hits in the fray testify, a pretty good one.

Red Norwood was plagued with just plain bad luck after the sixth.... It goes without saying that he has plenty on the ball, and we should be hearing a lot more about him next year.

Nine Maine Girls Pass Life Saving Course

Nine University of Maine girls have passed their Senior Life Saving courses at the Bangor Y.M.C.A. after six weeks of instruction.

The girls are Thelma Crossland, Jean Pollys, Mary Pulsifer, Betty Friedler, Caroline Strong, Florice Pratt, Colleen Richardson, Shirley Carle, and Pat Palmer.

WAA Positions Filled

Three more appointments to positions in the WAA have been announced by president Bonnie Andrews.

They are as follows: assistant winter sports manager, Louise Litchfield; basketball manager, Ray Seavey; and publicity chairman, Maggie Mallison.

Earle Vickery, Maine's state champion javelin thrower, took second place in the New England meet Saturday.

Phillips Moulton To Confer With Religious Leaders

Phillips P. Moulton, director of the University Christian Mission, New York, has arrived here to confer with local religious leaders regarding a religious emphasis week in the next academic year.

The University Christian Mission is sponsored jointly by the United Student Christian Council and the Federal Council of Churches. It sends outstanding speakers to universities to arouse interest in church activity.

The program includes university convocations.

Veterans Form Fraternity At Buffalo Scorning Paddling And Intolerance

A new fraternity, which, among other things, aims to "promote understanding and toleration among all faiths and nationalities," and seeks "the abolition of physical and unreasonable mental hazing as pledge curriculum for college fraternities," has been formed at the University of Buffalo by a group of ex-G.I.'s.

The veterans submitted a complete treatise of aims to the Inter-fraternity Council at the University of Buffalo, and Beta Sigma Psi was officially accepted. Since that time the chapter has been active in the affairs of the university and now has one of the largest memberships on campus.

To those who sympathize with the need for a national fraternity along the lines of Beta Sigma Psi, the members extend an invitation to join. New groups can easily be organized.

Information may be obtained by writing to Beta Sigma Psi National Foundation Committee, c/o John A. Van Etten, Director, Norton Union, University of Buffalo, Buffalo, New York.

Dr. Frederick Thompson Speaks At Final Service Sunday

Dr. Frederick H. Thompson

Dr. Frederick H. Thompson, Minister of the Woodfords Congregational Church in Portland, will preach at the final Morning Worship Service in the Little Theatre this Sunday at 11 a.m.

A graduate of Maine in the Class of 1928, Thompson was a prominent track man, a Senior Skull, president of the Athletic Association and the Maine Christian Association, and recipient of the Washington Alumni Watch Award. He is a member of Sigma Nu fraternity. For two years following graduation, he taught at Robert College in Turkey. Upon completion of the B.D. and S.T.M. degrees at Hartford Seminary, Thompson held pastorates in Wilson, Connecticut, and Easthampton, Mass. In 1944 he was Baccalaureate speaker at the Maine Commencement and in the same year received the D.D. degree from Waynesburg College.

The Chapel Choir will sing De-Koven's "Recessional" and Paul Payson '50, baritone, will render Seaver's "Just for Today" as the solo for this Sunday's service.

Trained Tech Men Are Still Needed In All Industries

"The demand for trained technology men will not be met for many years to come," said Dr. John L. Parsons, research director of the Hollingsworth and Whitney Company in Waterville, who was principal speaker at the first annual banquet of the Student Affiliates of the American Chemical Society.

Dr. Parsons told the group that the fields of chemistry and chemical engineering are wide open for young college graduates. He contended that students should train specifically and should carefully choose their fields before their junior year in college.

The banquet, held Friday night in Estabrooke Hall, was presided over by Hubert O. Ranger, president of the society. Honored graduating members of the society who were introduced included Bert Willner, Robert Petterson, and Barbara Crowell.

Du Pont Digest

Items of Interest to Students of Science and Engineering

Explosives—an essential industrial tool

INDUSTRIAL explosives are as much of a yardstick of industrial progress as sulfuric acid. They are involved in the fabrication of nearly all the products used by man. This year the United States will use over 500 million pounds of industrial explosives.

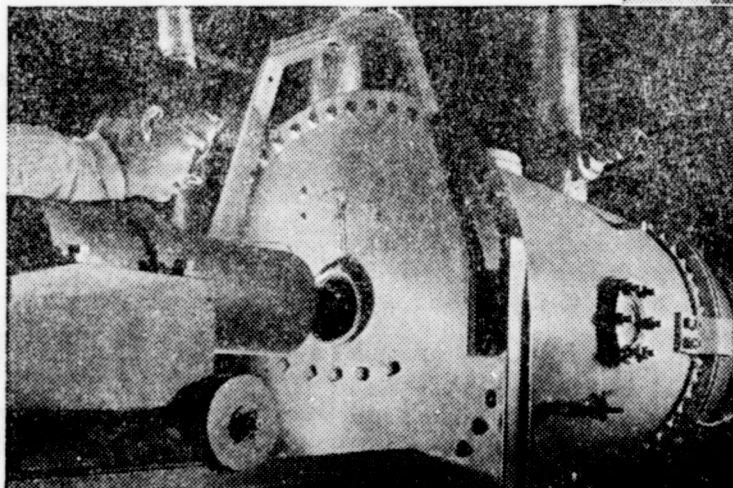

The technical problems that confront the explosives industry are many and varied. A measure of this is the fact that the Du Pont Company manufactures about two hundred dynamite formulations, each intended to do a different job, from the slow heaving action of blasting coal to the rapid, violent shattering necessary for a hard ore.

Ranging between these two extremes are a large number of intermediate grades, including explosives especially formulated for agricultural work, seismic prospecting for oil, submarine blasting—right down to the tiny charge used in an explosive rivet.

Studies in Laboratory and Field

One of the first industrial laboratories for chemical research in the United States, the Eastern laboratory of the Du Pont Explosives Department has nearly two hundred chemists, engineers, physicists and assistants. There, methods have been developed for measuring the power of explosives, the degree to which they shatter or pulverize various materials, their water resistance, their safety characteristics when exposed to shock or flame, the composition of the gases they produce, etc. As a result of studies of the influence of various factors on dynamite performance, it has become possible to formulate an explosive to meet practically any blasting condition.

In keeping with these improvements, the application of explosives has reached a new level of efficiency. Technical service men, usually mining engineers or

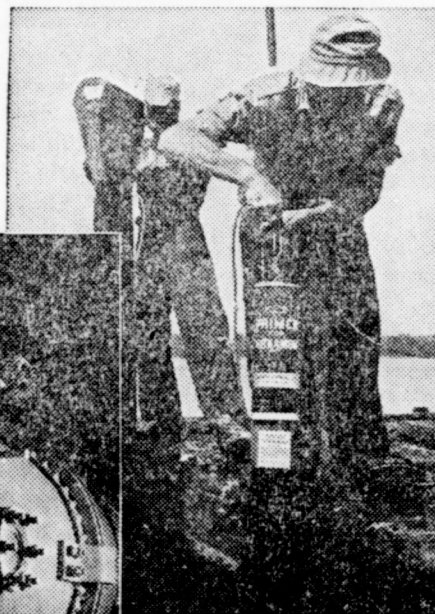

Frank A. Loving, Chemical Engineer, Texas A & M '41, prepares to fire an explosive charge into a chamber of methane or dusty air to test safety under conditions found in coal mines.

civil engineers, aid consumers in the selection and use of explosives. They also work closely with research men in solving unusual problems encountered in the field.

Research—Path to Progress

A few of the results gained through research are: (1) lowering of dynamite freezing points by nitrating ethylene glycol along with glycerol to diminish the hazards of thawing frozen dynamites. (2) Production of less hazardous dynamites by substituting ammonium nitrate partially for nitroglycerine, in spite of the greater hygroscopicity and lesser explosive power of the former. This resulted in dynamites less hazardous to manufacture and use. (3) Introduction of "Nitramon," a blasting agent containing a high percentage of ammonium nitrate as its major ingredient. It is equal in strength to the most powerful dynamites commonly employed and yet is by far the safest blasting agent available. (4) Development of explosives with a minimum of noxious gases for use in confined areas. (5) Numerous improvements in the composition, manufacture and design of the blasting caps which set off the main charge.

A. L. St. Peter, Princeton '37, supervisor blasting operation Susquehanna River Project, lowers a 5 1/2 inch "Nitramon" Primer into one of 600 drill holes preparatory to blasting a pipe line ditch.

Aside from these developments in explosives and blasting supplies, there have been many accomplishments in chemistry and engineering associated with such projects as the oxidation of ammonia to nitric acid; manufacture, granulation and drying of ammonium nitrate; substitutes for nitroglycerine and ethylene glycol dinitrate, concentration of nitric and sulfuric acids, and a host of other subjects.

Questions College Men ask about working with Du Pont

WHAT ARE THE OPPORTUNITIES FOR RESEARCH MEN?

Unusual advantages in facilities and funds are available to men qualified for fundamental or applied research. Investigation in the fields of organic, inorganic and physical chemistry, biology, parasitology, plant pathology and engineering suggest the wide range of activities. Write for booklet, "The Du Pont Company and the College Graduate," 2521 Nemours Building, Wilmington 98, Delaware.

New MCA Cabinet Appointed At Meeting Thursday Evening

Bryce Lambert, MCA president, announces the list of appointive positions in the MCA Cabinet, filled Thursday

The 1947-1948 Cabinet includes: Betty Barker and Ed Hap, church service; Ruth Preble, publicity; Martha Coles and Ralph Barnett, embassy; Thelma Crossland, Wednesday morning fellowship; Robert Rendall, W.S.S.F.; Jean Cunningham and Bernard Prescott, social committee; Mary Dirks and Nap Spenard, house committee and library; Jane Hansen and Pat Rozzi, community responsibility;

Rip Haskell, world relatedness; Betty Hempstead and Henry Wyman, deputations; Kay Kennedy and Bob Beals, personnel; Eleanor Hanson and Bob Preble, Frosh Club advisers; Teddy Powers and Ed Boggs, 300 Club advisers; and Jane Sibley, Koinonia.

Other positions will be filled by election in the fall.

Council Holds Banquet

Shirley Doten was elected secretary and Dorothy Ansell chosen treasurer of Panhellenic Council for the coming year at a banquet meeting of the present council and next year's new members.

Band And Orchestra Hold Banquet

The annual band-orchestra banquet was held at the Penobscot Valley Country Club on Thursday, May 23, with Don Crossland acting as toastmaster.

Speakers of the evening were Professor Adelbert Sprague, who spoke on the origin of the orchestra and glee clubs, Irving Devoe, and A. Stanley Cayting. Student speakers included Anna Crouse, Evan Johnson, and Jane Needham.

The evening's entertainment featured the SAE Barbershop Quartet, a quartet of clarinets with Bernard Gottlieb, Wayne Plummer, Howard Berg, and William Bodwell.

Club Notes

BRIDGE TOURNAMENT HELD

In the last Bridge Club tournament of the year, held Friday evening at the MCA lounge, Everett Johnson and Don Anderson walked off with N-S honors, while the top E-W award went to Al Lajoie and Curt Lord.

Second place in N-S went to Fred Pitman and Edgar Merrill. Mr. and Mrs. Arthur Reynolds took the runner-up position in E-W.

Consolation prizes were given to Sid Howe and Mervin Curtis.

GUILD RECEIVES SEVEN

Seven new members were elected by the Radio Guild at its final meeting of the year last Wednesday night. Those chosen were Mal Josephs, Lawrence Litchfield, Barbara McFarland,

Al Weymouth, Norma Drummond, Joan Briggs, and Pat Hutto Reynolds. They will be initiated next fall.

WAA COUNCIL HAS LOBSTER

Members of the W.A.A. council will motor to the coast for a lobster feed on May 31. All members of the council are invited.

Thelma Crossland will act as chairman of the arrangements.

KIMBALL HEADS DANCERS

Morna Kimball '48 was elected president of the Square Dance at its last meeting of the year.

Other officers elected are: Barbara Goodwin, secretary-treasurer; Lois Ann Small and Jean Wallace, co-custodian chairmen.

Maine Masque Holds Spring Installation Friday, May 30

The spring installation of new members of the Maine Masque will be held Friday evening at the Penobscot Valley Country Club from 7 to 11:15. Following the installation there will be a reception and an informal dance.

Guests of honor will be Mrs. Edith McCollum, SAE house mother, Dr. and Mrs. Howard Runion, Mr. and Mrs. DeWitt Hardy, and Mr. and Mrs. Herschel Bricker.

This will be the last formal meeting of the Masque for the 46-47 season.

Due to a mix up in the list of members, several persons did not receive an invitation. Any Masque member desiring to attend is asked to contact 330 Stevens before noon Friday.

Clothing And Books Will Be Collected In WSSF Drive

Old clothing and textbooks will be collected at the close of the World Student Service Fund drive, it was announced earlier this week by Charles O'Connor. Cartons will be left in the dormitories so that such articles may be deposited in them.

Late reports on Wednesday indicated that the drive had reached the \$455 mark with two thousand more to go.

Off-campus students and south apartment residents can make their contributions at the MCA building. Gifts from all people will be accepted at the

MCA office for a time after the first of the month.

Student workers for the drive include Eleanor Hansen, Connie Coyne, Natalie Mayo, Barbara Williams, Mary Sawyer, Jane Hansen, Evelyn Shur, Connie Thomes, Betty Hempstead, Jan Crane, Kay Mills, Martha Coles, Romaine Littlefield, Bev Packard, Mary Moore, Norma McLaughlin, Priscilla Goggin, Joan Harvey, Mary Whitcomb, Teddy Powers, Jane Morrison.

WELL, WELL, SEEMS I'M RIGHT DOWN IN THE MIDDLE AGAIN!

CHAMP IN THE GOLF BALL DERBY... THE AIR-FLITE!

LOADED WITH "HIGH-COMPRESSION" TO HELP YOU SAY THOSE THREE LITTLE WORDS, "BROTHER, YOU'RE AWAY!" WITH TRUE-SOLUTION CENTER FOR PERFECT BALANCE AND UNIFORMITY.

SPALDING SETS THE PACE IN SPORTS

NO MATTER HOW I SMACK IT... IT COMES UP SMILIN'!

TOUGHEST BALL IN GOLF... THE KRO-FLITE! WITH A COVER THAT "GIVES" INSTEAD OF CUTS... PACKED WITH POWER, TOO! TRUE FLIGHT, TRUE ROLL ASSURED BY THE TRUE-SOLUTION CENTER!

IN KANSAS CITY A THREESOME OF LADY GOLFERS CAME UP TO A SHORT HOLE AND MADE THE MADDENING GAME OF GOLF LOOK EASY! TWO IN THE CUP AND THE THIRD 4" AWAY!

I'M GONNA HAVE TO TAKE MORE OATHS THAN A GRAND JUROR!

TRIPLE SMOKING PLEASURE

"CHESTERFIELD'S MILD COOL FLAVOR GIVES ME COMPLETE SMOKING SATISFACTION."

Charles Boyer

CO-STARRING WITH INGRID BERGMAN
"ARCH OF TRIUMPH"
ENTERPRISE STUDIO'S GREAT MOTION PICTURE OF ERICH MARIA REMARQUE'S GREAT NOVEL
