Conservation Of Shrinking Power Urged

President Arthur A. Hauck has appealed to students, faculty and University employees to redouble their efforts in the battle to conserve the state's shrinking hydro-electric power.

Administrative action has been taken by the University, but a great deal can be done by individual persons. Lights and other power units should be used sparingly, especially between the hours of 4 to 6 p.m.

Stop the Presses

Henry Doten, business manager, announced that linotype machines in the print shop would shut down at 4 p.m. Employees in the print shop will cut their lunch period one-half hour in order to cooperate.

Plans are also being made to re-schedule classes in welding and similar subjects where electrical power is used to a considerable extent. Lighting in dormitory corridors has been reduced.

About two months ago the University took steps to reduce its consumption of electrical power, and as a result of President Hauck's appeal additional reductions are anticipated.

President's Message

Dr. Hauck's memorandum to all departments of the University read as follows:

"Officials of the Bangor Hydro-Electric Company have appealed to the University to exercise every practical means to conserve electrical energy. The power situation is extremely critical because stream flow and the various storage basins have shrunk to an all-time low. Unless a large rain fall occurs, no relief can be expected until spring and conditions will become increasingly serious. To add to the difficulty, additional power formerly purchased from the Central Maine Power Company is no longer available.

"In order to avoid rationing, the University must join with others in adopting every reasonable means to save electricity. It will be especially helpful if items of equipment using large amounts of current, such as large motors, heating units, welding machines, electric ovens, etc., are used as little as possible at any time and especially during the hours of four to six in the afternoon. Please see that all lights are turned off when not in use. If a smaller wattage lamp can be used, arrangements should be made to obtain substitute bulbs.

"Conservation now may make rationing unnecessary later. Your full cooperation will be greatly appreciated."

Dick Hill To Speak To Off-Campus Women

Off-Campus Women will hold a mass meeting Thursday, January 22, from 5:30 to 7 p.m., at Carnegie Hall. Dick Hill, humorist, will be guest speaker for the evening.

Members are asked to bring their own lunches and dues. All Off-Campus Women are cordially invited to attend the meeting.

First Cut Proposal Is Stymied

Sitting out a number with the Juke Box in the Carnegie Hall Lounge are Bus Sproul, Jean Campbell, Dick Foster, and Mary Bachelder.

Annual Glee Club Cabaret Features Varied Entertainment

A dance pantomime of the ballad "Frankie and Johnny" will be one of the features of the annual Glee Club Cabaret to be held in the Memorial Gymnasium Saturday at 8 o'clock. A stag dance, with music by Sammy Saliba, will follow the entertainment. Admission is 75 cents per person.

Performers in the pantomime are Carol Carr as Frankie, Stan Adley as Johnny, with Peg Millington completing the triangle as Nellie Bly. Jim Demetriou is the bartender, John Thomas the sheriff, and George Cooper a "man about town."

Other numbers to be introduced by Master of Ceremonies Phil Craig include a duet from "Porgy and Bess" by Paul Payson and Priscilla Goggins, Harriette Watson's singing of "Bill," "Golden Earrings" by Ken Closson, Marilyn Jones' interpretation of "Somebody Loves Me," numbers by the Varsity Singers, and a Victor Herbert medley by the Glee Club.

Carnival Candidates Chosen By IAA

Five candidates for Winter Carnival Queen were named by the Intramural Athletic Association.

The girls are: Carolyn Foley, Cynthia Hayden, Elaine Lockheart, Nancy Jane Ryan, and Marguerite Waterman.

Fred Bigney Elected Frosh Club President

Fred Bigney, North Dorm 3, was elected president of the MCA Frosh Club Wednesday, January 14.

The other permanent officers are: Janet Bannister, vice president; Nancy Whiting, secretary; Barbara Grover, social chairman; Jo Josselyn, refreshment chairman; Betty Heselton, program chairman; Pat Murphy and Russel Mead, publicity chairmen.

Hildreth Announces Resignation Of Trustee Edward E. Chase

On January 14, Governor Horace Hildreth announced the resignation of Edward E. Chase as a Trustee of the University, effective next July 1.

Graduated from the University in 1913, Mr. Chase has served on the Board of Trustees since 1929, and has been its president since 1936. He is at present a member of the Maine legislature.

Concerning the resignation of Mr. Chase, President Arthur A. Hauck made the following statement:

Mr. Edward E. Chase has served the University with unusual devotion and leadership. Even before his appointment to the Board of Trustees, his interest in his Alma Mater prompted him to sponsor and secure the passage of the Mill-Tax Act by the 1929 Legislature. This legislation has

been invaluable in stabilizing University income and enabling long-range planning. During Mr. Chase's eighteen years of membership on the Board, the University has gone through many difficult periods, the depression of the 1930's, World War II, and the recent post-war period of rapid and great increase in enrollment. Mr. Chase's labors and counsel as member and president of the Board have contributed greatly to the maintenance of stability in times of stress, and to the development of the University's physical plant and educational program.

Administrative officers, the faculty, and students join in expressing grateful appreciation to Mr. Chase for his devoted and effective service.

ARTHUR A. HAUCK
President

Administration Committee Suggests More Study

A proposal that the 24 hour penalty for cutting classes be eliminated was turned back by the University Committee on Administration to the General Senate's sub-committee with the suggestion that "further investigation be done and other solutions to the problem be submitted."

The Student committee studied the present cut system at great length and asked the representatives of the faculty for a complete explanation of the functioning of the cutting program now in effect.

No Penalty

The General Senate sub-committee proposed that the administration institute a non-penalty vacation cutting plan for one year on a trial basis. This proposal was brought before the Committee on Administration and was sent back with a request that further study of the situation be made by the Student and Faculty committees.

A member of the Faculty committee agreed that the penalties involved in vacation cutting were too severe. He unofficially stated that a compromise might be reached by lowering the student's rank by one grade when he cuts before-and-after vacation.

Misunderstanding

Both committees feel that the entire student body seems to have a definite misunderstanding of the present attendance regulations. The operation of the system is outlined in the University's administrative publication, "Information for the Guidance of Students."

The attendance requirement states that "each student is expected to be present at every college exercise for which he is registered. Students whose names appear on the Dean's List shall be exempt from a penalty for unauthorized absences during the following semester unless their work is seriously neglected but are not excused from any assignment."

The approved list of authorized absences includes those incurred by "members of university organizations while on official trips (members of non-athletic groups may not be absent on trips aggregating more than three and one-half days per semester); students on trips arranged by departments; illness, and exceptional cases approved by the dean of the college concerned."

Losses Privilege

The present ruling also states that "if a student does not obtain or fails to present the necessary authorization within the specified time, he loses the privilege to make up such absence. Excessive unauthorized absences may be considered sufficient cause for requiring the student to drop a course or to withdraw from the University. No instructor may excuse a student from attending class."

Professor Weston Evans, head of the Civil Engineering Department, Professor Maynard Jordan, professor of Astronomy, and Dean Loring, Assistant Dean of the College of Agriculture represented the faculty and administration at the meeting.

Six Sororities Pin New Girls

At bow-pinning Tuesday night seventy-three girls were pledged to the six Maine sororities. They are:

Alpha Omicron Pi

Freshmen: Julia Lee Black, Roberta Joan Craig, Martha Louise Given, Margaret Jane Knight, Mrs. Charlotte Marie Knowles, Nancy Jane Ryan, Patricia Marie Simmons, Gwendolyn MacDonald Small, Mary Dean Yates.

Sophomores: Paulyn May Cheney, Betty Friedler, Betty Priscilla Jordan.

Juniors: Betty Louise Allan, Jean Lillian Harding.

Delta Delta Delta

Freshmen: Janet Norton Bannister, Duveen Ruth Bryant, Marilyn Frances Dennett, Winnifred Frances Hilton, Marilyn Alicia Hoyt, Nancy Kathleen Hubbard, Elizabeth Harthorne Littlefield, Gennette Elizabeth McNair, Mary Geneva White.

Sophomores: Beverly Ruth Currier, Joyce Marie Henderson, Margaret Mary McDonnell, Joyce Irene Wilson.

Juniors: Helen Isabel Carlin, Barbara Ellen Haney, Barbara Annette Thompson.

Chi Omega

Freshmen: Carolyn Cole, Joan Cunningham, Barbara Louise Grover, Elizabeth Ann Heselton, Joyce Ann McGouldrick, Patricia Jane Murphy, Eleanor Murray, Joan Meade Pray, Emily Helen Smaha, Ellen Estelle Stratton.

Sophomores: Gladys Carol Carr, Carolyn Nancy Colwell.

Delta Zeta

Freshmen: Marie Ellen Bean, Marguerite Ruth DesJardins, Charlotte Nancy Jordan, Maxine Ann Keene, Mary Elizabeth Putnam, Winifred Marie Ramsdell.

Seniors: V. Elizabeth Goodwin, Barbara Vaughan.

Pi Beta Phi

Freshmen: Mary Rose Carrillo, Olive Ella Cline, Margaret Leavitt Flint, Margaret Ruth Hobbs, Peggy Ann Sewall, Natalie Eleanor Tarr.

Sophomores: Nancy Beverage, Ann Wright Dibblee, Shirley Deacon Johnson, Ruth Anna Pearson.

Juniors: Mary Elizabeth Hatt, Jacqueline Howell, Judith H. Newton.

Phi Mu

Freshmen: Florence Mary Berube, Phyllis Marion Burrill, Joyce Aldean Chipman, Virginia Nickerson, Judith Plumly.

Sophomores: Ruth Lyman Blenkhorn, Jane Taylor Cowen, Barbara Merrill Poor.

Juniors: Dorothy Ann Averill, Beverly Babb Green.

Five More Speakers Announced For Embassy Week In March

Ralph Barnett and Martha Coles, co-student chairmen of this year's Embassy committee, have announced five more speakers and leaders who will come to the Maine campus to lead discussions on the general theme—What Can We Believe? This year Embassy Week is March 13-19. The chairmen also announced the students who will head the various committees.

The first speaker is James L. Storer, director of University Christian Missions throughout the U. S. This is the national association which the MCA has combined with to bring a bigger, better program to the campus this year. Other speakers are Dr. C. M. McConnell, School of Theology at Boston University, who is an expert in rural church work; and Winifred Wygal, who has travelled widely throughout the world and is the author of many books. She has spent most of her professional life as Secretary of the Student Christian Association Movement.

Father John F. Conoley will lead Catholic student discussions during Embassy Week. Fr. Conoley is at

present chaplain to the Catholic students at Hebron Academy and formerly held the same post at the University of Florida, Crane Hall. Rabbi Lilyveld, national director of B'nai Brith Hillel Foundation, will lead discussions for the Jewish students.

The student committee chairmen are: recording secretary, Marjorie Bragdon; treasurer, Bruce Folsom; program co-chairmen, Connie Thomes and Phil Craig; worship, Jean Lynaugh; seminars, John LaPointe; classroom appointments, Florence Bruce; organized houses, Una Jean MacDonald; fraternities, Dick Dennison; men's dorms, Norm Whiting; personal conferences, Sue Beisel; arrangements, Libby Tufts; and publicity, Ed. Snyder.

Dean Cloke To Be Guest

Dean Paul Cloke of the College of Technology, will be a guest of honor at an Executive's Night dinner of the Portland Chapter, Number 46, of the American Society of Tool Engineers.

News In A Nutshell

Correction: Truman Would Reduce Taxes, Not Incomes

By TRAPPER

What a difference a little four letter word can make! Last week this column read, "President Truman proposed the reduction of incomes by forty dollars." Corrected, it should have read, "...the reduction of income taxes by forty dollars"... See? The news is never quite as bad as it sounds.

Last Monday Bernard Baruch left his park bench temporarily to tell Congress a few home truths. Since the infallible Baruch is admired by conservatives and liberals alike, it was a jolt to Republicans when he proposed lowering farm prices, with government subsidies to make up the difference. The G.O.P. position was not made easier when he advised Congress to avoid tax cuts for two more years, and further advised the passage of the seven billion ERP; but he reached the most startling point of his speech by proclaiming that the U. S. should make a pledge to wage war against any aggressor nation...

Henry A. Wallace was enthusiastically endorsed for President by the

PCA at the first annual convention of that organization in Chicago last week... As commentator Elmer Davis pointed out, Wallace's platform on foreign policy, which was announced at that time, could have been written by Molotov himself.

Republican leaders are now proposing a bill to ration meat. The initial proposal came from Senator R. E. Flanders (R.) of Vermont and even Senator Taft agrees.

In Greece, neither the communists nor the government forces have made important gain... Evidence has come from Greece that military aid is being given to the communists from across the border, and in the U. S. reactionary forces are crying for the halting of U. S. funds which are being used for military purposes by the Greeks.

Each day in Palestine the violence grows more intense. Although it has not yet reached the point where it can be called war, civil or otherwise, expert observers believe it is only a matter of time.

Civil Service Exams Open To Two Classes

The United States Civil Service Commission in Boston has announced that examinations will be given for employment of Sophomore and Junior students during the summer vacation period for duty in federal agencies in the New England states.

Appointments are available in Civil, Electrical and Communications, and Mechanical Engineering, and in Chemistry, Physics, Mathematics, Biology, and Medical Technology.

Pay rates for the grade of work offered are \$2168 per year for Sophomores and \$2394 per year for Juniors.

Students wishing to file applications for these opportunities must send application card form 5000AB to Boston, not later than February 4, 1948. Application card forms and detailed information on the examination can be obtained at the Placement Bureau, Room 76, New Library.

Theta Chi Members Respond To Appeal

In response to a radio appeal last Tuesday night, twelve men from Theta Chi fraternity each donated a pint of blood Wednesday for a four-year-old Mattawamkeag boy who was seriously burned by hot water.

The twelve men called the Eastern Maine General Hospital shortly after hearing the appeal, which came during a station break at 11:30 p.m., and were asked to report at 5 p.m. Wednesday.

The more arguments you win, the fewer friends you'll have.

Entered as Second Class Matter at the Post Office, Orono, Me.

It Can Happen Here

This business of losing life and limb is not always connected with the battlefield. It can happen right here.

It can happen right here on the Maine campus, especially with students walking in the middle of the road eight abreast, and especially with car drivers hampered by snow and ice.

Pedestrians can't always depend on the humanistic feelings of the car-driver either. After all, he has insurance. It's only his nerves he worries about.

If the jay-walkers get too thick, some irate horn-pusher is apt to plow right through and let John Hancock take care of the remains.

Get the point?

We Need Teachers!

The nation faces a severe shortage of qualified teachers during 1948. Along with wheat and meat, teachers have become "musts" on the demand list. Like a checking-account that has vanished quicker than you can say "John Dewey," thousands of teachers have gone to the four winds of more lucrative employment, a condition brought about by the combined rising costs of living and the throes of a nation at war.

It is true that the past year has seen an average rise of \$400 in teachers' salaries. Average salaries, based on a fifty-two-week year run about \$2,424, or about \$47 a week, as compared to last year's annual income of \$2,026, or about \$40 weekly earnings. This increase has been more than offset by the rising cost of living. The best scholars are not attracted, as a general rule, to the field of education. Medicine, law, dentistry, and business, as well as many other vocations still claim the best blood and still claim greater prestige and higher incomes.

There is a definite rise in school enrollment throughout the nation. An estimate from the United States Office of Education places the need for teachers to cope with the increased enrollment (between 2,000,000 and 4,000,000 children during the next six years) as about 350,000. All states estimate the teacher requirement (to replace those teachers now teaching with emergency certificates) as an additional 110,000 teachers, if increased classes in our schools are to be reduced to normal size and if the 30 to 40% of our primary and secondary students who are now receiving poor educational advantages, are to receive the greatest benefit from their education.

SCOTCH AND SODA

By BIFF SHALEK

In greater Russia they have the salt mines of Siberia. Sabatini wrote of the horrors of slavery in the Kings colony at Port Royal. Well, brother, we have got them beat seven ways to breakfast. We have mid-semester exams.

These particular horrors were drawn to my mind vividly when a Psychology professor related to me the dream one of his students had. The Professor called it a persecution complex.

The dream started, oddly enough, with his Philosophy instructor leering down at him from an enormous pulpit of stainless steel. The instructor was dressed in the grand robes of the Spanish inquisitor. He pointed at the student and jeered, "Your book report is late! D!" Then he laughed Hehehe.

Both the laugh and the inquisitor disappeared in a bluish haze and their place was taken by a gigantic figure clad in Elizabethan attire. This figure

cast a disdainful look at him and then, rapid fire, asked him, "Shakespeare and Marlowe, identify; The Lady of the Lake, clarify; Henry IV, stupify, briefly, and with illuminating comment." Then he reached up as if to pull an invisible light chain, and vanished.

From the distance he seemed to hear the rumble of kettle drums. They grew stronger and stronger. The tramp of marching soldiers and the clank of heavy armor became audible as the sounds came closer.

Suddenly there was a bolt of lightning and before him stood a figure of great austerity, clothed in the flowing robes of a Roman Senator. It is a distinguished looking man with pure white hair and a white mustache. Then the other two reappeared carrying placards with huge, dripping red letters, F and E printed on them. As they danced gleefully around him, the togaed figure pointed toward a yawning Hell, and said, "Go!"

University Society

By Jo Look

Sigma Nu held an informal winter sports party Friday night. The theme of the decorations was winter sports equipment. Thirty couples attended. Mr. and Mrs. Nathan Rich and Mr. and Mrs. Winston Pullen were chaperons.

SAE had a comic strip dance Friday night. The house was decorated with comic strips and individual silhouettes of comic characters. During the evening an impromptu band was organized to provide music.

A military "brawl" was the theme of the **ATO** party Friday. Everyone came dressed in military costumes—some in dress uniform and some in rather mixed dress. Humorous signs were the decorations for the party.

The **Elms girls** were entertained Friday evening by the **Alpha Gamma Rho** boys. An informal buffet supper was held. Several members of Alpha Gam entertained the girls with tricks. An evening of dancing followed. Sunday afternoon the girls played basketball against the boys.

Recent engagements are being announced. They are: Betty Flint and Jerry Hilton, Ruth Preble and Bob Finney, Peg Stackpole and Otto Wallingford, Bea Pooler of Oakland and Arthur Eugene Levensailor, Lois Deering and Al Starbird, and Jean deRoza and John deFrancis.

Polly Curtis recently received the pin of Earl (Trapper) Clifford of Phi Mu Delta. Ralph Flynn hung his Sigma Chi pin on Jo Kelleher.

THE NEW LOOK

Dance, Ballerina dance in yard after yard of swishy material, and you will look oh-so-right for the midwinter season. Pirouetting in a black faille ballerina skirt, Nancy Jordan stole the show at Delta Tau. To top it all off she wore a white cotton blouse tucked vertically below the tailored a collar finished neatly with narrow grosgrain tie. The full sleeves gathered dramatically into deep French cuffs. Echoing this Miss Gibson Girl Look of 1948, North Estabrooke's Connie Thomes has selected the same style basic black skirt to emphasize a small waistline.

I'm Usually Wrong But

For months now, this column has been yapping about the General Senate and how ineffective it has been in almost everything that it has undertaken. But we have the feeling that not too many people have agreed with us.

At long last, however, that sterling group which has done so much for the school, the General Senate (and if this sounds cynical it's not a mistake) has given us something with which we can prove our point. The proof is the recent drive for relief of forest fire victims.

Two weeks ago in this little tabloid, the first lead story was about the "unqualified success" which the General Senate, and its special committee for fire relief, had attained in raising funds. That was on January 8th, a full month and more after the fires were put out.

On December 4th the committee, headed by Lou Bouchard, had set as a goal a total of one thousand dollars. This, incidentally, was after a dance and a bring-back-toys-from-Thanksgiving-vacation-plan had fallen through; and more than two weeks after this column had claimed that the only real way to help out was to have a campus-wide drive for funds.

So eventually, the committee of our "governing body" did have a drive, collecting in about two weeks the great sum of four hundred and six (406) dollars, not even fifty per cent of the goal which had been set. Yet, this was "an unqualified success!"

The General Senate's answer to this may very well be—"well, we at least tried." Yes, but before the fires at Bar Harbor had even stopped burning, five members of the student body had met, and were ready to guarantee at least fifteen hundred dollars if allowed to handle the drive. They were referred to the General Senate's envoy, Bouchard, who said that he thought the Senate could handle the situation without any trouble. Of interest is the fact that the previously mentioned group of five students had said they could have the money within a week after they started the drive, which would have been by November 10th at the latest.

The thing that really makes one perturbed is that the handling of the fire relief drive is typical of the General Senate. They are working under difficulties, as most of us know, but that still is no excuse for stalling around, and then eventually only half doing the job.

What's to be done? Simply this. The members of the Senate are apparently working for the good of the school and the students (we wonder which comes first). In some cases, certain members would probably be helping out both the school and the students more if they resigned their positions and let someone take their place who was truly interested and not afraid of rubbing the fur the wrong way.

—BILL BRENNAN

Monty Higgins Says:

The girl in the bookstore asked for my order. I told her, "Cuppa coffee, please."

"Cream and sugar?"

I nodded, and she moved on to the guy sitting next to me. "Well, let me see," the guy said, "I guess you can bring me a cup of coffee too, please. And, uh, just a wee bit of cream. You know, just a splash. And, one and one-half teaspoons of sugar, if you please."

Gad! What a gourmet. Now, I myself prefer coffee without sugar, but it's easier to let the waitress get it the way she is used to. All I expect of coffee, especially in public places, is that it be hot, slightly muddy in color, and brackish. Well, maybe that attitude is a bit carefree, but let's not make the waitresses measure out fourteen-sixteenths of a teaspoon of sugar into our coffee. The girl has other things to think about.

Students in our public speaking classes have learned it well to use devices for getting attention. If you tell funny stories or set off flares, the audience will listen better. I hear that one GI father from the South Apartments decided upon the topic "Changing the Baby" for a five-minute speech. I understand he brought a king-size diaper, one that would fit him, to class for demonstration purposes. Also, for good measure he brought a Sparkle Plenty doll to demonstrate the best method for burping the baby. He got attention. And no doubt he gave useful information to the audience. These days classes are full of GI husbands who are infan-

Snow Sculpturing Contest To Feature Frontier Life

The Maine Outing Club will again sponsor a snow sculpturing contest as part of the Winter Carnival. All dormitories and houses are urged to enter the competition to make this year's contest the biggest and best yet. The theme of the sculpturing this year will be, "The American Frontier Pioneer—his life, work, and hardships."

The M.O.C. cup will be awarded at the Rhody game to the winners as judged by five faculty members. The cup is retained by the winner for one year, and will be permanently awarded to the group winning it the greatest number of times during a five-year period. In the event that no one wins more than twice in the five-year period, the five winners will be judged separately the sixth year. The cup is now one year old.

1. The sculpture must be either of ice or snow; structural bases may be used, but must be entirely concealed. Coloring may be used. Night lighting is recommended, but will not be judged. No props other than ice and snow may be used.

2. There shall be no work done on the sculptures after 8:00 a.m. Saturday, February 21.

3. The judging will start at 9:00 a.m. Saturday.

4. Applications must be in by February 11.

5. The following points will be considered by the judges: Appropriateness, Originality, General appearance from a distance, Detailed appearance.

Marshall Poll

The Maine Christian Association, International Relations Club, and the Politics Club are sponsoring polls to measure the political consciousness of the student body. The following questionnaire was circulated in connection with the IRC's Panel discussion on the Marshall Plan. The results really represent two separate polls, one of the student body selected at random, the other of the audience at the IRC meeting. Questionnaires on other important political issues are being prepared for release in the near future.

1. Are you familiar with the general outlines of the Marshall Plan for aid to Europe?

Random Sample	Instructed Group
Yes 50	37
No 8	5

2. Do you think that the Marshall Plan should be administered by a special agency of business experts or by the State Dept.?

Random Sample	Instructed Group
Special Agency 24	15
State Dept. 32	21
Combination 0	3
Didn't answer 2	3

3. Do you feel that the reconstruction of Europe could better be administered by the United States or the United Nations?

Random Sample	Instructed Group
United States 26	26
United Nations 31	16

Beta Moves Into Top Spot Of Fraternity Hoop League

Beta Theta Pi swept into the top spot in the Fraternity Division of the Intramural basketball league by toppling Phi Mu Delta from the undefeated ranks by a score of 55-43 in one of the week's better duels. Carl Wheaton and Bill Chesley were the big men in keeping Beta in the unbeaten ranks while Bill Bonville, of Phi Mu, was the game's high point man. The other first division teams kept pace with the leaders as Phi Gam was led by "Red" Norwood to a 69-42 win over ATO despite Emerson's great work for the losers; Kappa Sigma rolled up an 83-38 score on Sigma Chi as Romano and Childs scored high; Tau Epsilon, with big Mickey Schwartz hitting the hoop consistently, edged Phi Kap. 50-44; and Phi Eta posted an easy win over Theta Chi, with Ev Beals leading the way.

The Corbett Hall Eagles continued on their unbeaten way in the Gold Division as they dropped the Redmen by a 50-42 tally in a closely contested game. Leonard and Byers were the mainstays of the Eagle squad while Redman poured 20 points through the hoop for the losers. The Dunn Hall Minutemen remained close on the heels of the pace-setters with a 57-28 triumph over the Dunn Phantoms as Bert Goddard found the nets for 26

points and was ably assisted by Al Panarese. The Defeatists of Dunn Hall eked out a 36-33 win over the Corbett Prowlers as Shaw and Hal Thurlow played well for their respective teams.

North Dorm #1, current league leaders of the Blue loop, remained unbeaten by virtue of a 35-29 victory over Dorms 3 & 5. Lewis was the winners' best performer. The remaining circuit leaders, the Frosh in the Green League and Dorm #16 in the White division, were idle and maintained unbeaten records.

Other games during the week found Bill Walker setting the tempo in Center Oak's 39-28 victory over East Oak despite Frank Potenzo's efforts for the defeated; Delta Tau Delta dropped Alpha Gam; Beta defeated Sigma Nu; Phi Eta downed Alpha Gam; Lambda Chi tripped up Sigma Chi with Vern Gray leading the winners; Dunn Phantoms won from the Corbett Shamrocks; and Dorms #4 & 6 triumphed over Dorm #2.

March Of Dimes Dance

The annual March of Dimes dance sponsored by Chi Omega will be held in the Memorial Gymnasium on Saturday, January 31.

The proceeds from the dance will go to the Infantile Paralysis Fund. Admission will be \$50. Contribution boxes will be placed throughout the dorms and in the bookstore during next week.

Bear Facts

By MURPH LINEHAN

Man o'man, what a team. The blue chips were on the table last Tuesday night, and the Bears answered the \$64 quiz with 64 points. Picking a Maine man to credit with the victory would be sheer folly....every one of the seven who participated in the triumph played his best game of the year in Memorial Gym, and the team work exhibited in the battle was the best yet...Maine's screen plays and backboard recoveries were marvels to behold. With spirit and excitement reaching a crescendo, it was no game for those with weak hearts, so here's to a team that has IT....Get that gold-plated mug, guys!

Guided Missiles, No Doubt!

Consistent...that's the word for it! Them B'ars never let up against Bowdoin last Saturday p.m., and once the Allenmen got the range they were never headed. It would be a joy forever to see the Maine club play like that for the remainder of the season...the State Series title would never be in doubt. Bob Gates had the fans' eyeballs-a-poppin' in that first half, it was a one-man show, and how he showed 'em! With Al Hopkins in the role of playmaker, Gates looped in nine field goals in the first two periods, plus a pair of foul tallies for an even twenty points. Ted Boynton gave another lesson in ball handling to the Brunswick invaders, and Charley Goddard did a commendable job of policing the backboards. All in all, it was a very satisfactory night, and let's hope it'll happen many more times. Amen.

Too Much Talent For One Team... So

On the "home hill," Maine's divided ski team had more competition among themselves than the entire Colby squad of barrel-stavers could offer. In two groups, 'A' and 'B' respectively, the Pale Blue skiers compiled 572.4 and 530.74 points, while Colby brought up the rear with 475.85 markers. As expected Charlie Broomhall in the jumping department, Jan Willoch in the cross country, and Benny Bernard in the downhill event were the big point-getters for the Maine cause. Johnny Harriman was the big gun for the Mules in winning the slalom and the combined slalom-downhill contests. It was plainly evident that the Bear snow men need better competition than this, and if New Hampshire comes to town later on this month, they'll certainly get it. So give a whistle and cheer for a classy Maine winter sports aggregation...they look like champs!

Statistically Speaking

Figures tell the story, so let's look at that Maine-Bates struggle from the mathematical standpoint. The Bears tallied 27 field goals while Bates chalked up a total of 23. Both clubs were even in foul points collected at 10, and Maine committed 15 personal fouls, while the Bobcats were charged with 16. It all gets down to the old adage that you gotta get there with the mostest to win...that difference of four field goals is just what we mean. Another factor that doesn't show up in the scorer's sheets is how the team will perform under pressure, and that's where Maine is rated par excellence... Bates hoopmen on the other hand seem to carry their coach's disposition into the game...that ain't healthy breathing... it just ain't

Bates Falls Before Series Leading Bears

Phi Eta Kappa Takes Rice, Frat Crowns

Phi Eta Kappa notched a double victory last Saturday by winning the Charles A. Rice Meet and the Fraternity competition for the All-Point Trophy. North Dormitories took first place in the Intramural Meet, closely followed by Phi Eta and SAE.

In the Rice Trophy Meet, Phi Eta had little difficulty in defeating their closest rivals ATO and SAE, taking firsts in the mile, discus, two-mile, and the 65-yard low hurdles and placing a number of men in the other events. Carroll Taylor of SAE set a new record for the 280-yard distance, winning the event in 30.2 seconds to knock four-tenths of a second from the old mark.

The North Dorms scored a point total of 30½ in running off with the Intramural Meet in which only non-lettermen were eligible for competition. Haynes and Tripp each accounted for ten points of this total. Bruce King of Phi Gamma Delta led the point getters in the intramurals with 15 to his credit to give his team a fourth in the meet and third in the Fraternity competition.

In placing second in the Intramural Meet, Phi Eta was led by Harry Hawkes and Jim Beaudry. Beaudry showed up well by tying for first place in the two-mile event with Al Norwood of Phi Gam in the fast time of 10 minutes and 37 seconds. The New Dorms finished second in the Dormitory division.

Picked Group Of Track Men Leave For K Of C Games In Boston Saturday

Fresh from the successful intramural meet of last week, Coach Chester Jenkins and a picked group of Maine track men will leave this week to participate in the K. of C. games in Boston on Saturday. One of the bigger events of the year for the Pale Blue cinder trodders, this Boston meet is one of the chances that the hard-working squad has of displaying their abilities amid top-flight competition and much time has been involved in pointing for this event.

Two relay teams make up the bulk of the group. A mile-relay team consisting of Sam Silsby, Ken Vennett,

Bowdoin's Captain Deane (4), Charley Goddard, and Bob Spiers all have an interest in the action during last Tuesday's game.

Hoop Bears Drop Colby Tilt, Give Bowdoin Sound Spanking

Intramural Hockey Gets Under Way

The Intramural Hockey Tournament got away to a good start last weekend with two first-round games being played off on the University rink. The South Apartment sextet outskated the combined team of Phi Eta Kappa and Kappa Sigma to gain a 7-3 win and the SAE & ATO pucksters earned a hard-fought victory over Corbett & Dunn by the score of 3-2.

Because of the heavy snowfall, Sunday's games between the Trailers and Theta Chi and Delta Tau vs. Phi Gam & Phi Mu were postponed until this weekend, weather permitting. Two other contests are scheduled to be played on either Saturday or Sunday, pitting South Apartments against the Beta sextet and the North Dorms squad against the strong SAE-ATO

After suffering a 57-53 setback at the hands of the newly-revamped Colby quintet at Waterville on last Thursday, the Maine Bears retained their hold on the top spot in the State Series race by trouncing the Bowdoin Polar Bears in Memorial Gym on Saturday to the tune of 61-41 in what was easily their best showing of the season.

In the game against the Mules, the Maine five got off to a bad start, trailing throughout the opening half and going out at the intermission on the long end of a 23-24 count. During the final stanza, the two teams battled it out on even terms with the lead changing hands several times. The Mules got the jump on the Pale Blue in the last two minutes however and added five markers to clinch the win.

Tubby Washburn paced the Williams-coached team with 18 points while George Clark added 11 to the Mules' cause. Big Charley Goddard and Ted Boynton led the Pale Blue scorers with 16 and 13 points to their credit.

In the Bowdoin contest, it was an entirely different story as Coach Allen's quintet, sparked by the Bob Gates of old, played a magnificent game both on the offense and defense to outrun the Polar Bears from start to finish. Gates, playing one of the finest games of his career, completely befuddled the Bowdoinites in the first period with his jump shots from the bucket to lead the Bears to a 31-20 margin at the half. Gates personally accounted for 20 points of the Bears' total for the half to equal the scoring efforts of the entire Bowdoin team.

During most of the second half, the Polar Bears kept a close virgil on Gates, but Charley Goddard then helped the Blue maintain its pace by scoring five baskets

Gates Leads Point Race Against Bates

Maine moved one step closer to the State Series hoop title Tuesday night, defeating Bates in a thriller, 64-56, before a capacity crowd at the Memorial Gym.

Paced by high-scoring Bob Gates, who racked up 20 points, and by Ted Boynton and George O'Donnell, who gave the crowd a rare treat in deft ball-handling and fine play-making, the Bears led at the half, 32-26, and survived a Bates scoring burst late in the second period to break the existing deadlock, and go on to win.

In the second half, Maine led the Bobcats by fourteen points with nine minutes remaining in the game, and it looked as if the game would be a shoo-in for the home team. Then Bates' set-shooting guards, Bailey and Tibbetts, who had been hot during the first half, started popping in baskets from outside the Maine zone.

The lead was narrowed down until the score read 51-43 at the 12 minute mark, 51-47, with six minutes remaining. Bailey raced the length of the floor to score on a layup, and Bates trailed by the margin of a basket. The close man-to-man Bates defense continued to harry the Maine guards, and Burns grabbed a loose ball and laid it up against the backboard for the tying markers. Bob Gates broke the tie with a swisher from the foul line, and Charley Goddard added another basket, tapping in a Gates rebound. The Bears took a five point lead when Goddard added another from the foul line.

At this point the tension reached the boiling point, and play was interrupted by a brief encounter between the players. Officer Steve Gould put out the fire, and play was resumed. Boynton put the Bears out in front by seven with another swisher, and Gates followed him to make it 62-53. Both teams added to their totals from the foul line and the game ended with Maine more firmly entrenched in the Series number one spot.

Bob Gates led the scorers for the night with 21 points. "Ace" Bailey, Bates' diminutive high point man, added 17 points to his imposing total, and Charley Goddard hit double figures with fifteen. Big Bill Simpson kept Bates in contention in the second half with a scoring burst of his own.

Maine now has a record of five wins and one loss in the Series, and leads the Lewiston team by a 6-1 game in the standings. Bates has lost two of its five starts.

Maine Skiers Win In Colby Meet

University of Maine skiers entered two full teams in Saturday's meet with Colby and forced the Mules to settle for third place. The Bears showed plenty of power in the cross-country, downhill, and jumping, but looked rather weak in the slalom, where Harriman of Colby presented the Mules with their only individual victory.

Despite Harriman's win in the slalom, the Colby team finished third in every event. Jan Willoch, making his first appearance of the season against competition, won the cross-country, covering the five and one-half mile course in 31 minutes and 17 seconds and also finished second in the slalom behind Harriman.

Guild Dance Features 'Andrews Sisters'

Top flight entertainment plus danceable music will be the formula offered at this Friday night's stag dance, sponsored by the Maine Radio Guild.

A series of acts will be spotted on the program throughout the evening, with feature billing going to a local group, the Andrews Sisters.

Other entertainment will consist of take-offs on soap operas and the real truth behind husband-wife "breakfast programs." All skits have been written and prepared by members of the Guild.

Dancing to the music of the Pandas will last from 8 until 11:30 p.m. Admission price is 50 cents.

Proceeds from the dance go towards new equipment for Guild productions. Last year's dance resulted directly in a new double turntable, built by Guild President Hank Hagman. This year it is hoped to build a new console.

The Andrews Sisters, featured entertainers at the Radio Guild Dance this Friday. —Newhall Photo

Dr. Bogan Promoted

Dr. Edgar J. Bogan has been promoted from assistant professor to associate professor of chemistry, it was recently announced by President Hauck.

Dr. Bogan recently received his Ph.D. degree from Ohio State University. He has been a member of the faculty at the University since 1929.

Love starts when she sinks in his arms and ends with her arms in the sink.

Eight Agriculture Students Are Awarded Scholarships

Eight students in the College of Agriculture at the University of Maine have been awarded scholarships contributed by the Great Atlantic and Pacific Tea Company.

Students in agricultural economics who received scholarships were Richard Andrews, Roland Bouchard, Donald Spiller, and John H. Bragg. Students in home economics were Marie Bean, Bertha Clark, Donna Harrington, and Lorraine Stratton.

These certificates are made available annually by the Great Atlantic and Pacific Tea Company to four students in agricultural economics, and four others in home economics. Selections are based on character, scholarship, qualities of leadership, and interest in distribution and marketing.

French Club To Organize

The French Club will hold its first meeting of the year in North Estabrooke, Room C, on Wednesday, January 28, at 7 p.m.

The French Club is to be organized to include all students with at least one year of college French or its equivalent, and with a desire to speak French and to enjoy French culture through songs, movies, and customs. The Club will meet monthly at a time and place to be announced, and definite programs will be planned.

Officers will be elected at the first meeting, ideas for future meetings exchanged, and French music and conversation enjoyed. All interested are welcome. Anyone wishing further details may see the Club adviser, Miss Lilian Avila, in East Annex 203.

Don Danforth Will Head Physics Club

Donald Danforth was elected president of the Physics Club at a recent meeting of the group. Other officers elected were Robert Folsom, vice president; Robert Freeman, treasurer; Martha Bond, secretary; and William True, sophomore member of the executive committee.

The motion picture "Operations Crossroads," the story of the Bikini atom bombs tests, was shown at the first meeting of the Club, held before the Christmas holidays.

The next meeting of the organization will be held January 29. All physics majors are cordially invited.

Firmness is that admirable quality in ourselves that is detestable stubbornness in others.

Dr. Dickinson Appoints Groups For London Report

Dr. Charles A. Dickinson, professor of psychology at the University of Maine, who was recently named area coordinator for the state of Maine to make plans for the International Congress on Mental Health, has appointed two groups to prepare a report from this state for consideration at the world-wide conference in London, August 11-21.

Dr. Douglas A. Glanville, acting head of the department of psychology at the University, has been named chairman of the commission in the neighborhood of the campus.

GOLFERS

Charlie Emery has opened his indoor Golf School and driving range at 16 Post Office Square in Bangor. You can practice your drives, chips, and putts.

Driving practice 25¢. Now is the time to get in your practice. Lessons are available. School open 9 a.m. to 10 p.m. week days. Closed Sundays.

Campus Editor and Senate Cooperate

Campus Editor Larry Jenness, speaking before the special meeting of the Men's Senate January 14, agreed that it is in the best interests of the students at the University of Maine to have the Campus as large and informative as possible. He outlined the difficulties facing the staff of the Cam-

pus in gaining this end, citing the short-handedness of the print shop and mounting expenses as principal stumbling blocks. After hearing Jenness, the Senate appointed Bob Nisbet, Perham Amsden, and Elmer Smallwood to attempt to work around or through these

Hars To Holm Win Top Spot In Registration Lottery

Registration schedule of the Spring semester was released today by Registrar James Gannett.

To avoid discrimination between letter groups, each group was written on a card, dropped into a hat, and withdrawn by a University employee. Thus the groups will register in the order they were drawn from the hat.

Monday, February 2

Hars to Holm 8:00 to 8:30 A.M.
Tox to War 8:30 to 9:00 A.M.
Doo to Fee 9:00 to 9:30 A.M.
Su to Tow 9:30 to 10:00 A.M.
Li to McDon or MacDon 10:00 to 10:30 A.M.
Graw to Harr 10:30 to 11:00 A.M.
Curs to Don 11:00 to 11:30 A.M.
Bru to Cas 11:30 to 12:00 M.
Registration will close at 12 M. and be resumed at 1:30 P.M.
Bam to Bin 1:30 to 2:00 P.M.

Sn to St 2:00 to 2:30 P.M.
A to Bal 2:30 to 3:00 P.M.
Was to Wilk 3:00 to 3:30 P.M.
Gallu to Grav 3:30 to 4:00 P.M.
Pfi to Rich 4:00 to 4:30 P.M.

Tuesday, February 3

Knu to Lh 8:00 to 8:30 A.M.
McDop or MacDop to Mar 8:30 to 9:00 A.M.
Coli to Curr 9:00 to 9:30 A.M.
Rici to Sei 9:30 to 10:00 A.M.
Bio to Brown 10:00 to 10:30 A.M.
Joi to Know 10:30 to 11:00 A.M.
Holn to John 11:00 to 11:30 A.M.
Mas to Mos 11:30 to 12 M.

Registration will close at 12 M. and be resumed at 1:30 P.M.

Ot to Pie 1:30 to 2:00 P.M.
Fef to Gallo 2:00 to 2:30 P.M.
Mot to Os 2:30 to 3:00 P.M.
Will to Z 3:00 to 3:30 P.M.
Sej to Sm 3:30 to 4:00 P.M.
Cat to Cole 4:00 to 4:30 P.M.

Prism Schedule

The following schedule of Prism group pictures has been released by Prism activities editors. The editors request that groups be prompt in meeting their appointments.

Tuesday Night, January 27

7:00 Pale Blue Key
