PROFESSOR BUCHAN SPEAKS ON SOCIAL SERVICE
Professor Evelyn Buchan of the Sociology department gave a short talk on the social organization and the "blunting of Social Service" Mon.-Fri. morning here in the Social Science building. "Any work whose purpose is to change the status of the social order is tried by a mobile group whose primary purpose is its social work," said Miss Buchan. She impressed upon the girls that there is a great need for social workers who will go to the people and use their leisure time profitably in helping those needs; the girls and other social work projects must be tried and the social order must continue.
