Skillful Boxing and Plenty Of Real Action Feature Maine's Preliminary Fight Tournament

Louis Asali and McLaughlin Win Their Bouts Through Technical Knockouts: Ray Smith And Richardson Fight Torrid Three Rounds to Draw in Heavy- weight Division

Maine's Memorial Gymnasium and the Madison Square Garden Corp. Stadium at Miami, Florida, vied for honors through their boxing cards last Thursday night and Bill Daley's amateurs of the tin ear industry pushed Maine to the top. At least there were no fluky third round fouts inside the hempen cords of the squared ring here, while down south under the palms and in the very center of all the hullyballoo that goes with an embryo championship bout an eminent pretender to the heavyweight throne from beyond the seas was disqualified for claiming a foul.

As predicted there were plenty of fireworks in the first tourney of the elimination series that will close with the choosing of the champs in the four divisions. Ray Smith and Richardson, fighting in the heavyweight division, gave the big crowd present plenty of thrills as they hit each other frequently and with force enough to put away a rhinoceros or two. The judges decided on a draw and as a consequence Smith and Richardson will battle it out in the semi-finals.

In the light-heavy division Asali, last year's champ, won over Robertson through a technical knockout after about a minute and a half in the first round of their bout. Asali looked like the champ that he is, handling himself well, and giving the fans a fine exhibition of body punching. Bob Whitten fighting Butler in the featherweight class won the judges decision at the end of the three rounds, though it is the opinion of the writer that a draw might have well been awarded these boys. Hagan and Avery fighting in the same class gave perhaps the best exhibition of scientific boxing. Hagan was awarded the decision with an apparently good margin. Both boys showed plenty of speed, clever footwork, and the ability to send the lightning-like jabs in that count so much in the fighting amongst the smaller boxers.

McLaughlin won by a technical knockout over Murphy in the lightweight class early in their bout which had given plenty of promise. McLaughlin whipped over a terrific right that found its mark—Murphy hitting the boards with his head in falling, which left him in no condition to go on with the bout.

Steve Kosciolk took a decision over Burgess in the same class after a some.

Co-eds' Varsity Hoop Team Plays at Storrs And Boston on Trip

The co-ed's Varsity Basketball Team left today for a trip to Storrs, Conn. and Boston, Mass. Maine will play Connecticut first, on Friday night and returning to Boston will meet Posse Nissen Saturday afternoon. Both these games are expected to be particularly difficult ones for the members of Miss Lengyel's team, because as yet, they have had no inter-collegiate games this winter.

The freshman-sophomore games played on Monday night were one deciding factor for the line-up, to start the games with Connecticut. Tuesday night's workout also helped in determining the first string but nothing definite will be known until Friday night.

Of the two games to be played, the Posse-Nissen one will be the more difficult. Maine has met Posse-Nissen in former years on the basketball court and has found her a strong rival.

The girls who made the trip to Connecticut and Boston are:

Hazel Parkhurst, '31, Captain; Carrie Williams '30, Manager; Dot Ross '30, Goldie Modes '31, Priscilla Noddin '32, "Spud" Churchill '32, "Red" Findlen '32, Polly McCreedy '32, Stubby Burrill '32, "Chip" Lewis '32, Louise Washburn '32, Ikey Montgomery '32.

Phi Gamma Delta Wins Southern League Crown in Hoop Prelims

The concluding week of the Intra-Mural basketball preliminaries has been full of exciting playoffs and closely contested scrimmages for first place. Phi Gamma Delta, defeating Alpha Tau Omega is the winner of the championship of the southern league having a clean slate for the season. With the sudden illness of Red Hagan, their star forward, they have lost a player that will impair their chances for the championship of the campus considerably.

Phi Eta Kappa and Sigma Alpha Epsilon lined up for a final battle Monday night where both teams were evenly matched and it looked during the first half that S.A.E. was out for a decided win. The green and white were able to rally in the last half, however, to defeat their opponents 30-17.

Tau Epsilon Phi forfeited to Delta Tau Delta during the week and Beta Kappa forfeited a game to Phi Kappa. Saturday afternoon Alpha Gamma Rho took Phi Kappa Sigma into court 20-17. During the Track Meet Theta Chi tackled Phi Eta Kappa in a flashy exhibition of court work where a win for Phi Eta meant a chance to tackle Beta House for the championship of the Northern League. Theta Chi took the lead at the start and held it by one point at the quarter and by a basket at the half. In the last half clever floor work on the part of the MacMichaels and Gillespie's fine

M.C.A. Sends Four Freshmen to Meeting At Poland Springs

Chester S. Ramsey, associate secretary of the M.C.A., was in charge of the Maine delegation which attended the Eastern New England Student Conference at Poland Springs, Maine, last week. The students who accompanied him are R. W. Gamage, H. L. Geroni, A. L. Merrifield, and T. W. Prescott, all members of the freshman class.

The purpose of the conference was to discuss the needs and problems of modern life, and to determine their relationship to college men and women. The leaders were Sidney Lovett, pastor of Mt. Vernon Church in Boston and John Kingman, associated with the Lincoln House in Boston. The chairmen in charge of the committee were W. J. Kitchen, student secretary of the Y.M.C.A. of New England, and Miss Katherine Butler, national student secretary of Y.W.C.A. for New York and New England.

There were twenty-three colleges and schools from Maine, Massachusetts, and New Hampshire represented at this conference, with about 150 students and student secretaries attending. Mr. Ramsey of Maine was the leader of one of the discussion groups.

RED HAGAN STRICKEN WITH APPENDICITIS

On Sunday evening, Wilbur "Red" Hagan '33, winner of his fight in the 120 pound class in the preliminary boxing bouts, was stricken with appendicitis. He was taken to the Eastern Maine General Hospital in Bangor on Monday morning, and was operated on that evening. His condition is satisfactory, and he is resting as well as can be expected. Hagan, in addition to being a clever boxer, was a strong member of the Phi Gamma Delta basketball team, and helped materially in hanging up its record of no defeats in the Southern League.

Maine Alumnus Made Dean of The Towne Scientific School

Dr. Robert H. Fernald, Whitney Professor of Dynamical Engineering and Director of the Mechanical Engineering Department at the University of Pennsylvania, has been appointed Dean of the Towne Scientific School of the University, it was announced by Provost Josiah H. Penniman. The appointment became effective February 1.

Dr. Fernald has a national reputation in engineering circles and is a member of a family which has long been prominent in educational affairs. He received the degree of Bachelor of Mechanical Engineering from the University of Maine in 1892, was a graduate student in Architecture at Massachusetts Institute of Technology, and holds the degree of M.E. from Case School of Applied Science, the degrees of M.A. and Ph.D. from Columbia, and the honorary degree of D.S. from the University of Pennsylvania.

Beginning his teaching career as an instructor at the Case School in 1893, Dr. Fernald later was made assistant professor of mechanical engineering at that institution. In 1902 he went to Washington University, St. Louis, as professor of mechanical engineering, but in 1907 he returned to the Case School to hold a professorship there.

In 1912 Dr. Fernald was appointed Whitney professor of dynamical engineering and director of the department of mechanical engineering at the University of Pennsylvania and he has remained a member of the University Faculty.

Pat Loane Among First to Travel Over New Air Route

And another Sigma Nu has risen to fame!

It so happened that during the course of the past week an old friend of Pat Loane's, hailing from the empty wastes of the great northern potato country, dropped in on Pat to renew old acquaintances. During the course of the conversation he disclosed the fact he had felt the call to live a higher life and had now become a full-fledged aviator, flying from the Bangor airport. Then he invited Pat to accompany him on a little jaunt to Rockland the following week-end. And thus it happened that our ever popular xylophone player was numbered among the passengers on the first flight of the newly organized Bangor-Rockland daily flying service.

After bidding a fond farewell to his many friends Saturday, Pat set out for Bangor and the great adventure. Following a preliminary flight over the campus and its environs, to take one last look at the scenes of his many happy memories, he returned to Bangor and took off for Rockland. The trip was accomplished without mishap, and it was planned to start back to the Queen City early the next morning. But at this juncture old Jupiter Pluvius wept upon the scene of action and it was decided that Monday might be a more auspicious day to launch the new feature. Consequently Pat soared through the fleecy clouds of the smiling heavens, while his less fortunate classmates wallowed through the murky fog of the usual round of Monday preliminaries. But all's well that ends well, and Monday evening Pat's name was emblazoned forth from the front page of the Bangor Commercial, along with that of the mayor, the chief pilot, and a few other celebrities. Just a few more men like Pat and "Rudy" Valle, and Maine will be on the map yet.

MAINE DEBATE TEAM MEETS N. Y. U. HERE TUESDAY

The University of Maine debating team will officially open its debating season next Tuesday evening, March 11, in the chapel, when it meets with the strong New York University trio. The question will be, resolved: That the emergencies of women into public life has been detrimental to this country. Three veteran debaters will represent Maine. They are Asa V. Waggatt of Bar Harbor, Edward J. Greeley of South Portland, and George Ankeles of Peabody, Mass.

Herschel L. Bricker, director of debate at the University, and Parker Spear, manager, have arranged this debate, and

Eight Sororities Make Announcement Of Recent Pledges

The sororities announce the following pledges: Alpha Omicron Pi, Caroline Averill '33, Elizabeth Barrows '33, Evelyn Gleason '33, Elizabeth Hilliker '33, Margaret Humphrey '33, Jeanne Kennedy '33, Lucille Nason '33, Grace Quartrington '33.

Phi Mu, Priscilla Bell '33, Beulah Bradbury '32, Emily DeWitt '33, Gertrude Dorr '33, Barbara Harvey '32, Blanche Henry '33, Marion Ladner '33, Margaret Lovely '33, Katherine Mead '32, Josephine Muttly '33, Doris Smart '33, Lucia Umphrey '33.

Delta Delta Delta, Polly Brown '33, Ruth Callaghan '33, Edna Richards '33, Mary Sewall '33, Elizabeth Tryon '33, Eloise Thompson '33, Eleanor West '33, Eloise Young '33.

Pi Beta Phi, Margaret Davis '33, Margaret Denton '33, Doris Hutchinson '33, Marjorie Moulton '33, Ruth Nelson '33, Janet Young '33.

Chi Omega, Virginia Berry '33, Dorothy Blair '33, Katharine Calder '31, Geraldine Chase '32, Rosamund Cole '33, Eulalie Collins '33, Alys Grua '33, Louise Hill '33, Helen Hilton '33, Dora Jamieson '33, Eloise Lull '33, Hester McNair '33, Evelyn Pollard '33, Elizabeth Roberts '33, Mary Scott '33, Martha Smith '33.

Kappa Psi, Mildred Boynton '32, Josephine Carbone '32, Carolyn McIntosh '32, Evelyn Mills '33, Marjorie Moores '31, Ethel Smith '33.

Delta Zeta, Florence Williams '33. Sigma Tau, Pauline Cohen '33, Ann Rosenstein '33, Rose Snider '33.

Varsity Track Team Meets Bates Saturday In Dual Competition

The varsity track team journeys to Bates Saturday to tackle the strong track aggregation in Lewiston in a dual competition. The Maine lineup has been weakened considerably thru the loss of Richardson in the two mile run, the absence of Stiles in the hurdles and the fact that Lufkin, another promising hurdler, will not compete.

From the exhibition that Lindsay staged Saturday in the two mile run, Maine should be able to take this event, however, which will leave Gunning to hold up his end of the contest in the mile run. The loss of Black in the 35 lb. weight should be ably taken care of by Captain Gowell who bids fair to score a first in this event and the discus throw as well. Webber will be Maine's bet in the shot put and Gowell should be able to place. There are a bevy of discus throwers available in Fickett, Curtis, and Sweetser.

Charles O'Connor should take both the high and broad jumps with Chase a likely prospect and Cuozzo a good bet for a place in the high. The pole vault is considerably weakened thru the loss of Beckler, and Wescott and Burnham will be the scoring threats here. With the injury of Dill, Bates has no especially capable pole vaulters and Coach Jenkins hopes for a first or second in this event. Bates will be exceptionally strong in the hurdles with Yerxa the only bet.

Bates will be stronger than ever in the dash events. Maine is practically sure of a first in the 40 yard dash with Raymo White, New England champion in running togs with Knox of Bates his strongest opponent. The ineligibility of Dekin will be a sore spot for Maine in the 600 and 300. Maine has a bevy of dash men, nevertheless, who may come thru to take some of the Bates dash men from their props. Stymiest, Berenson, Tolman, Wendell, Chase, Riley, Battles, Wescott, and White will all be safe bets as point winners from the 40 yd. thru the 600 yd. dashes. Perkins will be the best bet in the 1000 yd. run with Gunning a prospect and Wendell a runner up.

COMPETING TEAMS IN HOOP TOURNEY ANNOUNCED

The following teams are to participate in the annual basketball tournament to be held March 16-17 at Maine. Bangor, Waterville, Dexter, Monson Academy, Brooks, Gilman, Northeast Harbor, Washington County Normal, Jonesport, Calais, Beals, and Houlton or Presque Isle.

Phi Eta Kappa Wins Intra- Mural and Charlie Rice Cup As Four Records Fall

Bud Lindsay Shatters State and New England Record for Two Mile Race; Rip Black Breaks Hammer Record; Gowell Breaks Discus Record and Charlie O'Connor Makes Great Leap to Better Broad Jump Record

Kappa Sigma Breaks Indoor Relay Record To Win Intra-Murals

Kappa Sigma flashed thru in fine form Monday night to break the indoor relay record and cop the Intra-Mural relay cup. The record established by the winning team last season, Lambda Chi Alpha, was 1.44 flat. The Kappa Sig quartet shattered this by one-fifth of a second setting a new time of 1.43 and four-fifths seconds.

Kappa Sigma was favored to win from the start but both Lambda Chi and Phi Eta Kappa put up a fine fight. Lambda Chi drew the pole and took the lead at the start with Kappa Sigma in the second lap and Phi Eta Kappa on the outmost edge. Lambda Chi lost their lead when White crashed thru near the tape to place Kappa Sigma in the lead and in the third lap Wescott of Phi Eta nosed around the Lambda Chi runner and finished the tape almost neck and neck with Chase of Kappa Sigma. In the next lap and a half Kappa Sigma stayed out front with Phi Eta a close second and Lambda Chi nearly neck and neck with the green and white. McKinery of Kappa Sigma broke loose in the last quarter lap and Tolman of Phi Eta battled vainly to cut down a too stiff lead.

The winning team of Kappa Sigma consisted of White, Battles, Chase and McKinery; Phi Eta Kappa, Tolman, Wescott, Wendell, and Dekin; Lambda Chi Alpha, Stymiest, Means, Twombly, and Beechler.

University Rifle Teams Hold Handicap Shooting Match

Four university rifle teams, women's varsity, women's freshman, men's varsity, and men's freshman, are entering into a match from now until the end of the season, which finishes March 21. In previous matches this season the women's varsity has had high score, so that the handicaps are as follows: women's varsity none, women's freshmen 55, men's varsity 225, and men's freshmen 325. The fact that the men's teams are under greater handicaps may be because they shoot in four positions, prone, kneeling, sitting, and standing, while the girls shoot only in prone position.

Erma Barton '31 has set the high score of the women's varsity team at 100; she is also the only girl on the team to have placed in every match this year. The following girls have placed in interscholastic matches: Avery 1, Barton 6, Copeland 3, Culley 2, Ewan 2, Gross 3, Lang 4, Pooler 1, Roney 2, Ross 1, Sawyer 3, Somers 3, Sparrow 5, Stevens 2, and Watters 2.

STUDENT SENATE FIXES DATES FOR SOCIAL EVENTS

At a meeting of the Student Senate held Tuesday evening the following permanent dates were fixed for the major social events: Military Hop—Friday, week before Christmas vacation; Intra-Mural Ball—evening before Washington's birthday (or Friday); Sophomore Hop and Freshman Banquet—Friday two weeks after Easter vacation; Junior exercises and Prom—Thursday, Friday, and Saturday, the first week in May.

The first announcements of elections to Phi Beta Kappa will be made in chapel on Monday, March 10.

Phi Eta Kappa upheld their track prestige Saturday afternoon when they copped both the Charlie Rice Cup and the Intra-Mural Track Cup by a large score.

The Charlie Rice Cup was won with 41 points, Sigma Alpha Epsilon, the nearest contender scoring 24 points. The Intra-Mural Cup was easily taken with a tally of 51 points while Kappa Sigma seized a second place cup with 31 points. This makes the 11th consecutive year that Phi Eta Kappa has won the Intra-Mural track cup and the Charlie Rice Cup has been won by the same fraternity for 7 years out of 10 years, Delta Tau winning it in 1920 and S. A. E. in 1925-26.

BUD LINDSAY

Four records were slashed in the meet that bid fair to stand unbroken for a long period. Friday afternoon Captain Gowell broke the indoor discus record by tossing the platter 135 ft. 5 ins. This breaks the old record that was established by Gowell of 135 ft.

Rip Black, ex-captain of Maine's 1929 New England Championship Track Team and one of Maine's Olympic stars, shattered the 35 lb. hammer record by one inch, heaving the big weight 50 ft. This breaks his own record which he established last season of 49 ft. 11 ins.

"Bud" Lindsay turned in the feat of the meet when he ran the two mile, due to the illness of Richardson and shattered the time of both the state record and the New England record for this event, breasting the tape as the clock ticked 9.27 and two-fifths seconds. This shatters Richardson's old indoor record of 9.34 and three-fifths. The state record in this event is 9.44 and the New England record 9.29 so this feat of Lindsay's gives him the prestige in the New England states as a two miler.

Charlie O'Connor got back into form and began landing out in the sawdust at

(Continued on Page Four)

Maine Students Find Smith's Prohibition Talk Too Emotional

Following an address on Prohibition given by the Rev. Frederick W. Smith, superintendent of the Christian Civic League of Maine two Maine students complained to Dean James H. Hart, stating that the highly emotional stories told by Mr. Smith in connection with his talk had underestimated the intelligence of college men, and they also charged him with "waving the flag." Mr. Smith upheld Prohibition on the grounds that it is in the American Constitution and therefore should be obeyed. He quoted many of his experiences in this country and in foreign lands.

MONDAY ASSEMBLY FOR WOMEN ONLY

Assembly on Monday morning, March 10, will be for women students only for the purpose of presenting nominations for the Women's Student Government Association. There will be no assembly for men during that week.

BOXING HAS COME TO STAY

That boxing has come to stay at the University of Maine was indicated last Thursday evening when a large audience of men and a few women enthusiastically applauded the prelims of the interfraternity boxing tournament.

There were some real good fights on the Thursday night card, and Coach Bill Daley, the fighters, and all who had any part in making arrangements for the bouts are to be congratulated upon their fine work. There was a noticeable improvement over the exhibitions put on in the interfrat tourney last season in that the men seemed to be in much better condition this year, and they all knew something about fighting, some of the contestants putting on exhibitions that would have been well appreciated in many a professional prize ring.

The new ring is a great improvement over the makeshift affair that held the fighters last year, and in spite of the fact that it has a very hard floor, a fact well known by one of the contestants who took a flop last Thursday evening, the ring is a good one and serves its purpose well.

The decisions in the preliminary bouts seemed, as a whole, satisfactory to the audience, and the four judge system with the referee having a vote from the ring proved very efficient.

All are looking forward to the semi-final and final rounds and according to coach Bill Daley there will be some real scraps that will be well worth attending.

Portland papers have stated that Colby has a boxing team and wants to fight Maine. This would be an excellent way to start intercollegiate competition.

MORE PROGRESS

The arrangement of a regular schedule for major social functions on the campus made by the Student Senate is another one of the progressive steps that have resulted from the efforts of this student organization which has been unusually active this year in fostering many things that have come to be of real benefit to the student body.

The new system will do away with a great deal of trouble in arranging dates. It will make it possible to hire orchestras in advance, and also to make plans for the affairs long before they are actually held.

WHERE TO

Now that the fifty or more women who were eligible to be pledged to sororities are all settled and wearing their little bows we wonder where they will go for their affection. They surely will not get it from their upperclass sisters unless a radical change in the order of affairs at Maine takes place this season.

As the frost comes out of the ground the roads on the campus get rougher and more muddy. Most of the passages are kept in good condition, but the road from the waiting room to the corner at Fernald Hall seems always to be in bad condition. Whatever the foundation of this road is composed of we do not know, but if the top is any indication we would say it was jelly.

The civil engineering department should experiment with some of their extra concrete and build a suitable road on this much traveled thoroughfare.

Next week the high school basketball teams will invade the campus. Most of the fraternity houses will have, at least, one team to entertain over the tournament week-end. This will be the first real trial for the new plan of reimbursement.

Fraternities are urged to remember that they will be paid only for the visitors who they are requested to lodge, and not any number of men who happen to come with a team.

BE SURE AND SIGN YOUR NAME

During the past three weeks it has been a common practice for students to send correspondence to the *Campus* without a signature. In the future, letters may not be printed if they do not bear the writer's full name. If you do not desire your name printed and wish to adopt a pen name that is permissible, but all letters must be accompanied by the author's signature.

Correspondence

Editor, *Campus*:

Numerous complaints have been printed in your paper concerning the apparent indifference on the part of the assistants in the Book Store in their manner of handling patrons, to which I wish to add my grievances. I have worked in stores where a boss used to keep me on

the alert and on the jump whenever a customer poked his head into the door.

We students are patrons and our money is welcome in any store we may choose to spend it. Why can't we get a little service when we have to, because of necessity, buy from the Book Store.

The only spot that credit may be given

Read 'Em And Weep

A green little freshie in a green little way
Mixed some green little chemicals up one day.

The green little grasses now tenderly wave
O'er the green little freshie's green little grave.

"Mother," asked little Jack, "is it correct to say that you 'water a horse' when he is thirsty?"

"Yes, dear," replied the mother.

"Well, then," said Jack, picking up a saucer, "I'm going to 'milk the cats'."

Co-ed, shouting to well known football hero: "Oh, Lymie!"

"OH, LYMIEEEEEEE!"

"Oh, Lymie."

"Ooooh?"

Hoaxer—I once knew a man who fell off a window sill on the top floor of a ten story building, and never hurt himself beyond a few bruises.

Coaxer—Nonsense, how could that be? Hoaxer—Luckily he fell inside the room.

Teacher of Astronomy Class—"Freshboy, can you give me the name of any star that has a tail?"

Freshboy—"The only one I know is Rin-Tin-Tin."

Cynical Sam—The trouble with many of the books that are published today is, that they are too true to be good.

I fell for her in the Maine room.

It was dark and stormy outside:

Oh, yes, of course, I took her home

That evening from the Libe.

She was blue eyed, blond and rosy,

Rosie, I think, was her name.

She had red lips and everything

That camouflage a Jane.

But the best thing of all about her—

Better than all her good looks—

She was plump and warm

And filled my arms,

Yes, filled my arms—with books!

Little—"How can I get rid of a miss in my car?"

Joe—"Insult her, and she'll get out of her own accord."—*Catalina Islander.*

The Patron—"How much for steak?"

The Waiter—"Twenty-five and thirty cents."

The Patron—"What's the difference?"

The Waiter—"You get a sharp knife with the thirty-cent one."—*Le Pele-Mele, Paris.*

"Sir," wrote the indignant father to the schoolmaster, "you mustn't whack my Tommy. He isn't used to it. I never hit him at home except in self-defense."—*Tit Bits*

"I've just been reading some statistics here—every time I breathe a man dies."

"Gosh, man! Why don't you use listerine?"—*Catalina Islander.*

The Lady—"Justine! See, this chair is all dust!"

The Maid—"No wonder, ma'am, when nobody has sat in it for three weeks!"—*Le Pele-Mele, Paris.*

A mile in a minute

Thundered the lightning express,

And he said, "I can beat it!"

But he missed his guess.

—*Catalina Islander*

because of speed in making up orders is at the soda fountain. There the chap is on the jump every second. It is a pleasure to order a drink from him. The young ladies who wait on us think that they are doing us a favor when filling orders. In any other business place such practices would be stopped very promptly, otherwise the name of the establishment would appear in the column of those who have turned over their goods to receivers.

Therefore, in the name of all that is good, let us have a little more service and attention. Here's hoping we will not have to yell for stuff, where it is possible for the clerk to ask us what we would care for, and in a courteous manner.

Sincerely,

X. Y. Z. '22

Social Happenings

ALPHA OMICRON PI RUSHING PARTY

Alpha Omicron Pi sorority held its rushing party at the Bangor Y.W.C.A. Friday evening, February 28.

As the guests entered, each was given a bag of money, for the party was in the form of a circus, and each had a certain amount to spend. There was much competition and gaiety in the accomplishing of the various games of strength and skill. Prizes were given the winners. The fortune teller was perhaps the most popular feature of this jolly circus.

Dinner was served at seven-thirty o'clock. The beautifully decorated tables were lighted with tall red tapers. The A. O. Pi cake and ice cream, and the A. O. Pi salad were attractive features. During the dinner a Western Union messenger boy delivered a clever telegram to each girl. The reading of the telegrams and the singing of A. O. Pi songs made the meal a very gay and happy one.

Katherine Jackson read some of Edna St. Vincent Millay's charming little poems from "When I was Very Young". Thelma Gibbs, "Peg" Merrill, Isabelle Robinson, Anna Lyon and Muriel Truman put on a humorous parody on "Macbeth", and June, the tiny sister of Miss Alice Webster, A. O. Pi '29, gave a rollicking clown dance, which brought many expressions of praise for the little girl.

After the entertainment a huge barrel of favors was rolled into the room. The gifts were hand painted door stops cleverly cut in the forms of pigs, bears, and clowns.

SIGMA THETA RHO HOLDS FLOWER PARTY

Sigma Theta Rho held a flower party at the American Legion Hall in Orono Thursday evening, Feb. 27. The hall was attractively decorated in the sorority colors—pink and blue—and with pink carnations. Dinner was eaten by candlelight. During the evening games and songs were enjoyed. The favors were pink water sets. Edith Bowen, Evelyn Kennard and Myrtle Walker were the alumnae guests.

DEMOLAY FRATERNITY ORGANIZED AT RENNSALAER

A Demolay fraternity has been organized recently at Rennsalaer Tech., Troy, N. Y. under the name of Delta Mu.

M.C.A. DEPUTATION TEAM GOES TO MT. DESERT ISLAND

The Maine Christian Association deputation team consisting of Miss D. G. Eisnor '30, Miss M. H. Carter '31, L. E. Savage '32, and H. G. Conklin '33 made a trip to Mount Desert Island Saturday, March 1.

Saturday evening a community social was held at Somesville. Miss Carter spoke on "The Value of a College Education."

Sunday morning two members of the team spoke at each of the churches. Sunday evening Leon Savage spoke at the Mount Desert Young Peoples' Fellowship League on the topic "Should I go to College?" A community "get together" was then held at the Neighborhood House.

The subject was "Follow the Glean." This subject was approached by the three-fold life—body, mind, and spirit. Rev. Wilson, the head of the Mount Desert Larger Parish, is a graduate of the University of Maine.

2015 Foster Ave.,
Brooklyn, N. Y.

The Editor,
Maine Campus,
Orono, Me.

Dear Sir:

I am enclosing two clippings which I thought you and brother "Mainiacs" would be interested in. One is from the Feb. 21st copy of the "N. Y. Sun", the other from the magazine "New Yorker".

The Stein Song has become very popular in these parts, and when played by Rudy Vallee at the Brooklyn Paramount you can depend on an encore.

Very truly yours,

H. "Larry" Wooster '28

From the New York Sun:

THE STEIN SONG
Maine's stein song has all the elements of an inspiring march—zest, verve, fire, flowing continuity, joyous gusto, a smashing climax punch. With old established college songs being borrowed or plagiarized every year by institutions which lack the originality to "roll their own," it is a wonder that some enterprising school hasn't adopted "A Toast to Maine."

College lyrics are usually banal, wishy-washy affairs unworthy of their music, but the words of Maine's stein song breathe a lusty gusto compatible with its stirring refrain. The theme, delightfully bacchanalian, won't please blue nosed prohibitionists, but who wants to please them? With the wine-inspired bard we can raise our voices and our glasses in that boisterous command—"drink to the careless years."

SIGMA CHI HOLDS INFORMAL HOUSE PARTY

An enjoyable evening was spent by the members of Sigma Chi and their guests at an informal party held at the chapter house on Saturday evening, March 1.

Captain and Mrs. Hugh Wear and Lieut. and Mrs. Richard McKee chaperoned. Music was furnished by Harold Lloyd and his Harmaniacs.

SIGMA PHI SIGMA HOLDS PLEDGE PARTY

Sigma Phi Sigma entertained at a pledge party at their house Friday evening. Professor and Mrs. Leigh Gardner and Professor and Mrs. Arthur Hill were chaperones. Pooler's Orchestra of Old Town furnished music for this event. Dexter Avery, Robert Vickery, and E. Winslow comprised the committee in charge of the affair.

BETA PI THETA MEETS MONDAY

Beta Pi Theta, French honorary society, will hold a meeting in 215 Arts and Sciences at 4:15 P.M. March 14. All members are urged to be present. A short program is to be given by the initiates.

SIGMA CHI HOLDS INFORMAL DANCE

Rho Rho Chapter of Sigma Chi held an informal dance Saturday evening, March 1. Music was furnished by Harold Lloyd's Harmaniacs. Patrons and Patronesses were Capt. and Mrs. Hugh Wear and Lieut. and Mrs. Richard McKee. The committee in charge of the party consisted of Philip Weymouth, chairman, Richard Page, Henry Booth, and Frederick Burk.

ALPHA ZETA PLEDGES TWO MEN

Maine Chapter of Alpha Zeta announces the following pledges: Richard Blanchard, '31; Elmer Hodson, '31; Frank Evans, '32; Maynard Hincks, '32.

The spring initiation will be held in Winslow Hall, March 12, at 5:30 P.M. The annual banquet will follow at 8 o'clock in the same building. The charge will be \$2.00 per plate. Will all alumni members who plan to attend please notify Lawrence Boothby, Sigma Phi Sigma House, before March 10.

BOOK REVIEW

The Whirlwind

by

William Stearns Davis

William Stearns Davis, author of A Friend of Caesar, A Victor of Salamis, and several other superior novels, recently had published an historical romance entitled "The Whirlwind". The story is concerned with the French Revolution as it was seen by René De Massac, deputy to the National Assembly and general of the Republic.

Massac was present at the assembling of the States General at Versailles, the capture of the Bastille, the storming of the Tuilleries, the decisive battle of Wattignies, which saved France from Austria, the death of Danton, and finally at the overthrow of Robespierre. Massac was fortunate in surviving the Reign of Terror, although many of his close allies were mercilessly guillotined.

Massac was M. de Chevalier to his own class, the nobility, and especially to his friends Queen Marie Antoinette and King Louis XVI. But his heart and thought had root among the masses. He fought for the people.

Throughout the book the reader catches and thrills to that tremendous spirit which surged over France, integrated her chaotic masses, and urged the comparatively small but dauntless armies to victory—that spirit which is embodied in the famous song beginning "Allons, enfants pour la patrie . . ."

FRANCES H. BABB RANKS HIGHEST IN ENGLISH EXAMS

Frances Harriet Babb of Bangor received the highest rank in the senior English major exams held last week. Others receiving high rank were Charles Munro Getchell, Oakland; Pauline Marguerite Dunn, Bangor; Mary Theresa Quinn, Bangor; Marguerite Louise Lewis, Stillwater; and Jenney Annis Waterman of Buxton.

In the English minor exams Frieda Wardwell Hatch, Castine, a history major, secured the highest rank, followed in order by Marthe Cleo DeGagne, Portland, majoring in German; Miriam Sylvia Anderson, Monson, majoring in French; Rebecca Mathews, Hampden Highlands, history; and Athalie Pearl Sweatt, Andover, majoring in French.

Miss Erna Christine Norwood, a major in French, has accepted a position teaching French and Latin in the high school at Gardiner, Maine.

Faculty News

GRANT G. LAVERY SPEAKS AT PHYSICS CLUB MEETING

Grant G. Lavery who is doing graduate work in physics spoke on Quartz Crystals at the meeting of the Physics Club held in the Physics lecture room Monday afternoon. Besides the property of conducting light, fused quartz does not expand when heated which makes an ideal substance from which to make vessels to which great heat is to be applied as it will not crack. For this reason it is used to make the large reflecting mirrors of the large telescopes. Mr. Lavery then spoke of the more recent uses of the quartz crystal. A slab cut in a certain way from a quartz crystal can be used to measure pressure as piezo electricity is set up between its surfaces when pressure is applied. The most useful property of these quartz slabs now known is their ability to control the frequency of a current passing through them so that they are used to control the wave length of radio broadcasting stations. These crystals will also produce supersonic waves which have the same frequency as radio waves. Mr. Lavery is working on the problem of determining the relation between the electric current applied to the surfaces of these crystals and the intensity of the sound produced. Mr. Lavery has succeeded in developing some rather elaborate apparatus to carry out his experiments, and is now gathering data.

Dr. Ronald B. Levinson addressed a joint meeting of the Sigma Xi Club and the Biological Seminar at Coburn Hall on Wednesday. His subject was The Problem of Purpose, an exemplification of the relations between Philosophy and the Sciences.

Mr. W. B. Van Arsdale of the Brown Company, Berlin, N. H., was at the University February 25 recruiting senior chemicals for his firm.

After attending the American Pulp and Paper Convention in New York February 17-20 Professor P. D. Bray went to Philadelphia and inspected the new cylinder paper making machine made by the Moore and White Paper Machinery Company for the Department of Chemistry at the University of Maine. This machine is to be shipped here shortly and will be ready for use in laboratory courses by the time Summer Session opens.

Announcement is made that Mr. J. Krauss, representative of the Du Pont Company, will visit the University some time early in March to interview senior chemicals.

As a member of the Mill Service Committee of the American Pulp and Paper Superintendents Association Dr. C. A. Brautlecht has been requested to prepare a bibliography of important articles and books of interest to managers and superintendents of pulp and paper mills.

F. S. Stickney, Instrument Design Engineer for the Westinghouse Electric and Manufacturing Company, graduated from the University of Maine receiving the degree Bachelor of Science in mechanical engineering with the class of 1923.

He accepted a position with Westinghouse Electric and Manufacturing Company immediately after graduation and has been in the employ of that company continuously. The Westinghouse Type R. F. Frequency Recorder was designed by Mr. Stickney.

He also assisted in the design of thermocouple temperature indicators for electrical machinery and studied instrument control springs with regard to design, material, and manufacture. Much of the design and development of the recent centrifugal frequency recorder is due to Mr. Stickney.

He has written many articles, some of which are: "The Centrifugal Frequency Recorder"; "Sensitivity, A Feature of Centrifugal Frequency Recorder"; "Spring Story"; and "A Direct Reading Thermocouple Temperature Indicator for Electrical Machinery."

Mr. Stickney is a member of Tau Beta Pi, Phi Kappa Phi, and Sigma Nu. He is an enthusiastic follower of water sports, boating, and fishing.

His home address is 75 Cobane Terrace, West Orange, New Jersey.

NOTICE

To Engineering Freshmen, Sophomores, and Juniors

If there is doubt about your returning to college next fall because of financial difficulties, please make it a point to have a conference with Dean Cloke at his office before you leave for spring vacation.

SCREEN

Virginia Valli and Jason Robards for lovers, Noah Beery in his finest "heavy" role, and at least a baker's dozen of film favorites in support are to be seen in "The Isle of Lost Ships", coming to Strand Theatre Saturday.

Irvin Willat directed the big special film, which explores with cinema sight and sound the hitherto untraversed Sargasso Sea. Fifty-two kinds of derelict ships of many centuries, with derelict humans of as many races, form the colorful background for this First National-Vitaphone thriller.

Against this background, an equally colorful cast portrays a thrilling dramatic story.

Robert O'Connor, stage and screen star, is one of the most prominent in the supporting cast. He plays the role of the detective who is bringing the hero back from Porto Rico to New York on a charge of which the latter is innocent, when their big liner is wrecked and drifts into the Sargasso Sea.

Manager Goldsmith of the STRAND THEATRE wishes to announce that he has secured "ROMANCE OF THE RIO GRANDE" for Monday. It is a picture well worth seeing and has for its setting the beautiful Rio Grande River down on the Mexican border. Warner Baxter, Antonio Moreno and Mary Duncan have the leading roles.

Harry Green, Hebrew dialect comedian, made such outstanding successes with his supporting roles in "Close Harmony," "The Man I Love" and "Why Bring That Up?" that Paramount has cast him in the leading part of his newest picture, the all-talking comedy-romance, "The Kibitzer" which comes to the "STRAND" Tuesday.

"SUNNY SIDE UP" is coming Friday and Saturday, March 14th and 15th. It is well worth seeing again.

If Eloise Lull, '33, and Frank Austin, '32 will present this page at the box-office they will receive a free pass to any performance.

"I'll bet, if I was married, I'd be boss and tell my wife where to head in," says Sissors.

"Yes," retorted his married friend, "And I suppose when you get to a railroad crossing, you honk your horn to warn the oncoming express to get out of your way, don't you?"

RATINGS OF CAMPUS OFFICES UNDER POINT SYSTEM

The following schedule gives the regulations for students holding campus positions under the point system:

POINT SYSTEM

First Class Positions
(One only and none under the other classes)

(Except any number of fourths)

President: Girls' Student Government, Men's Student Senate, Intramural A. A. Manager: Girls' Hockey, Basketball; Varsity Baseball, Basketball, Cross Country, Football, Track, Relay.

Editor-in-Chief: Campus, Prism.
Business Manager: Campus, Prism.

Second Class Positions

(Two or one second and two third class)
(Any number of fourths)

President: Senior Class, Junior Class, Senior Skulls, Sophomore Owls, Athletic Association, Girls' Athletic Board, Track Club, Men's Rifle Club, Women's Rifle Club, Instrumental and Glee Club, Masque, Balentine Hall, Mt. Vernon, M. C. A., Y.W.C.A., Eagles, All Maine Women, Dormitory Council.

Manager: Instrumental and Glee Clubs, Band, Men's Rifle Club, Women's Rifle Club, Tennis, Freshman Teams.

Editor-in-Chief: Maine-Spring.
Business Manager: Maine-Spring.
Secretary: Intramural A. A.
Treasurer: Intramural A. A.

Members: Girls' Hockey, Girls' Basketball, Varsity Baseball, Cross Country, Football, Freshman: Girls' Hockey, Men's Football, Men's Cross Country, Relay and Track Teams, Debating Teams, Head Cheer Leader, Casts for Plays.

Managing Editor: Campus, Maine-Spring (no such office), Prism.
Circulation Manager: Campus, Maine-Spring.

Third Class Positions

(Four at one time)

(Any number of fourths)

President, Secretary or Treasurer:

Sophomore Class, Freshman Class, Alpha Chi Sigma, Scabbard and Blade, Xi Sigma Pi, Sigma Delta Chi, Phi Sigma, Kappa Phi Kappa, Civil Club, Contributors' Club, Economics Club, Electrical Club, Forestry Club, Agricultural Club, Home Economics Club, Latin Club, Mathematics Club, Mechanical Club, Spanish Club, Debating Council, North Hall, Delta Pi Kappa, Delta Sigma Mu, Circle Francais, Deutscher Verein, Circulo Espanol, Outing Club, Sigma Mu Sigma.

Candidate for Manager: Varsity Athletic Teams, Freshman Teams, Girls' Athletic Teams.

Cabinet Members: M. C. A., Y.W.C.A. Staff Members (not mentioned above): Campus, Maine-Spring, Prism.

Officers other than President: Senior Skulls, Sophomore Owls, Senior Class, Junior Class, Balentine Hall, Mt. Vernon House, Women's Student Government, Eagles, All Maine Women, Dormitory Council, Student Senate.

Committee Members: Senior Class Day, Senior Ball, Senior Cane, Junior Prom, Junior Week, Sophomore Hop, Freshman Banquet, M. C. A. Hand Book.

Members: Rifle Clubs, Instrumental & Glee Clubs, Band, Athletic Association, Girls' Athletic Board, Assistant Cheer Leader, Student Senate, Women's Student Government Council.

Managers of Girls' Minor Sports: Archery, Tennis, Baseball, Soccer, Volley Ball.

Fourth Class

Any number of 4th class, also 4th class may be held simultaneously with positions in any other class.

Officers and Members: Not listed in any other class.

Miss Elizabeth F. Murphy, a major in Biology, left the campus at midyear to teach Biology and General Science in the high school at Eastport, Maine.

P.S.

HE GOT THE JOB..

WE had a smooth pair of fox trot numbers we were eager to stamp on a new record. One—hit of a great talkie; the other—cramped with irresistible rhythm—BOTH memorably melodic and smartly new.

They deserved the baton of a master handsman—to be molded into toe-tantalizing form by the deftest of syncopators. So of course someone said "Whiteman."

P.S. He got the job...

NEW MAJOR COURSES OFFERED IN AGRICULTURE

Students in the College of Agriculture, University of Maine, may choose additional major studies in Botany, Entomology and Agricultural Economics at the beginning of the fall term in 1930, it was announced today by Dr. Leon S. Merrill, dean of the College, in a statement about the courses offered.

Major studies in these subjects have never been given and they are offered now in response to the desire of students and the demand for men trained in these fields. Sophomors next year will be eligible to choose any one of the new courses. Previous to this announcement major studies have been available only in horticulture, agronomy, animal husbandry, poultry husbandry, dairy husbandry, forestry, agricultural education and home economics.

Dr. F. H. Steinmetz is head of the de-

JUDGES OF ESSAY CONTEST ANNOUNCED

Waterville, Me.—The Christian Civic League today announced its judges in the College and Normal School Essay contest in which it offers prizes of \$100 and \$50 for the two best essays written by students of Maine colleges and normal schools on "Ten Years of Prohibition". The judges of the contest as announced are:—President Franklin W. Johnson of Colby College, Principal W. G. Mallett of the Farmington Normal School, and the Rev. Cymbrid Hughes of Portland. The contest closes on June 1, 1930.

Ross P. Spear has secured a position for the second semester as a teacher of Mathematics in the Belfast High School. Dr. C. H. Merchant is head of the department of Botany and Entomology. Dr. C. H. Merchant is head of the department of Agricultural Economics.

Typing by wire—an adventure in communication

The telephone typewriter, a new Bell System service, has commercial possibilities as yet barely realized.

For example, a business house can type-write a message over telephone wires, and this is retyped instantaneously and simultaneously in any number of branch offices. The advantage is obvious—in

knitting together far-flung organizations and in quickening the pace of business.

Here is still another extension of telephone service which has already proved its value. The telephone typewriter promises even greater things as industry discovers new uses for this instrument of convenient communication.

BELL SYSTEM

A nation-wide system of inter-connecting telephones

a distance that points him out as the logical winner of the New England this spring when he broke the indoor broad jump record with a nice leap of 22 ft. 2 ins.

Gunning took over Booth in the mile in 4.34 which is two seconds under the record that Booth established in this event in the Sophomore-Fresh Meet. McKinery pulled a surprise when he nosed "Rabbi" Dekin out in the 600 yd.

dash. "Phil" Yerxa pulled another when he won the high hurdles in 6.2. Webb excelled himself in one of the feats of the day when he tied Beckler, last year's New England Champion, for first place in the pole vault, topping the bar at 11 ft. 5½ ins. Calderwood pulled another surprise when he ousted Alley in the shot put. Styriest upset the dope sheet in the 100 yd. dash when he took over Raymo White in this event and Tolman started the onlookers when he breasted the tape ahead of Berenson. Phi Eta Kappa pulled a fast one when they succeeded in

**BASEBALL PRACTICE

obtaining a complete shutout in the 1000 yd. run, with Perkins leading by a goodly margin.

Black of Phi Eta Kappa was high man of the meet scoring a first in the hammer, second in the javelin, second in the shot put and second in the discus throw. Captain Gowell was second with a first in the discus, second in the hammer and a third in the shot put. O'Connor scored a first in both the high and broad jumps and McKinery nosed out eight points with a first in the 600 yd. run and a second in the low hurdles.

Chase of Kappa Sigma was high man of the Intra-Mural, non-letter man competition with 14 points and Booth of Phi Eta a close second with 12 points, Yerxa of Phi Eta and McKinery of Kappa Sigma were runners up.

**Maine Debate Teams Meets

several others which give promise of being interesting. The next debate will probably be with Colby College on the question of disarmament. The women's teams will also leave shortly on a trip through New Hampshire and Massachusetts.

**Maine Alumnus Made Dean of the
 Towne Scientific School**

ulty continuously since then.

In addition to his teaching duties, Dr. Fernald has conducted investigations in this country and Europe for the United States Geologic Survey and the Bureau of Mines, and from 1904 to 1910 he was engineer in charge of the technologic branch of the United States Geologic Survey. He was at one time a member of the Giant Power Survey Board in Pennsylvania, and he was appointed recently to membership on the Mechanical Engineering Board for the Chicago Century Exposition which will be held in 1933.

Dr. Fernald is a former Vice-President of the American Society of Mechanical Engineers. He was President of the Cleveland Engineering Society in 1912, and President of the Engineers' Club in Philadelphia in 1922-24. He is a member of the American Engineering Council, the Society for the Promotion of Engineering Education, The Franklin Institute, and the Sigma Xi, Phi Kappa Phi and the Tau Beta Pi Fraternities. He is now President of the Pennsylvania Chapter of Sigma Xi, an honorary scientific fraternity.

**Skillful Boxing Had Plenty of
 Real Action**

what slow bout. Kosciolk looks good to give Vernon a strong bid for the crown decision over Romero after a fast and in the finals—the latter having won a rugged tilt during which Vernon had to exert himself to win.

Robertshaw won the decision over Frankie Rufo in the light-heavy class after a torrid bout during which Frankie was in trouble several times. Robertshaw, sending terrific smashes to the body with both hands, gained the lead at the outset though Rufo came to the front several times with momentary barrages of devastating punches.

Peter Clem and Pomfret, in the same class, had their bout carried over to the semi-finals by the judges because of a bad cut over Clem's eye early in the bout.

Bud Hinkley won handily over Ackroyd in the light heavies. Ackroyd put up a good defensive bout, but Hinkley's harder punching kept the former always in danger.

In the heavyweight division Zottoli won over MacKenzie who showed plenty of gameness. Stone took a decision over Trask after a good bout while Michaud won over Kinney in a slow tussle during which both boys exhibited plenty of caution.

Red Avery in the light heavy and Fittz in the heavy division drew by.

The bouts drew out the largest crowd that ever attended a preliminary tourney at Maine; and from the general comment everybody was satisfied by the showing the boys made. The bouts had a happy mixture of clever boxing while some tended to the rougher slugging—mixed occasionally with a bit of gore that always graces the old fight game. Bill Kenyon did a fine job as third man in the ring, while Dean Corbett, Coach Jenkins, Coach Brice, and Prof. Gardner acted as judges. To Bill Daly goes considerable of the credit for the good showing made by the boys. Trainer Stanley "Wally" Wallace looked after the bandaging and taping of hands before the

 League Crown in Hoop Prelims**

tallying under the basket gave the Phi Eta quintet the coveted win, 25-16.

Phi Mu Delta was defeated by Phi Kappa 29-12 and The Dormitory and Sigma Alpha Epsilon tangled Monday night where in an overtime period the Council team pulled the unexpected to defeat S.A.E. Beta Theta Pi staged the concluding game of the series in the preliminary battles by defeating Sigma Nu 45-30.

Monday night Phi Eta Kappa will buck up against Beta Theta Pi in a decisive battle that will decide the winner of the Northern League. The winner of this game will play off with Phi Gamma Delta for the championship of the Intra-Mural Hoop League. Although Phi Eta has succeeded in downing Beta once this year with a tally of 32-18 the Beta quintet has improved considerably of late and the game will be "anybody's game" from the start to the concluding whistle, neither lineup possessing any appreciable odds.

fighters, and kept his usual good lookout for the welfare of the contestants.

THE BOUTS

Summary:

DIVISION 120 to 130 Lbs.

Whitten, Phi Eta Kappa, won over Butler, Delta Tau Delta.

Hagan, Phi Gamma Delta, won over B. Avery, Sigma Phi Sigma.

DIVISION 130 to 140 Lbs.

Kosciolk, Phi Kappa won over Bur-gess.

McLaughlin, Alpha Gamma Rho, won over Murphy, Theta Chi, by a technical knockout.

Vernon, Alpha Tau Omega, won over Romero, Off Campus.

DIVISION 140 to 155 Lbs.

Robertshaw, Off Campus, won over Rufo, Phi Kappa.

Asali, Phi Kappa, won over Robertson, Dorm, by a technical knockout.

Clem, Dorm, Pomfret, Dorm—Draw to semi-finals.

Bud Hinkley, Kappa Sigma, won over Ackroyd, Sigma Phi Sigma.

Avery and Burnham—bys to semi-finals.

155 Lbs. UP

Smith, Alpha Tau Omega, Richardson Alpha Gamma Rho—Draw to semi-finals.

Zottoli, Sigma Chi won over MacKen-tire, Alpha Gamma Rho.

Stone, Dorm, won over Trask, Sigma Chi.

Michaud, Phi Kappa, won over Kinney Alpha Gamma Rho.

Fittz—Draws a by.
