Baseball Outlook Better As Stickwork Improves. 40 Out for Frosh Team

Pitching Presents Greatest Problem. Outfielders Not Picked As Yet. First Game With Colby April 19

With the baseball training season now in full swing, the outlook for the spring term is by far more promising than was first reported. In fact, Coach Brice feels confident that this year's team will be better than any Maine has had for several seasons.

The practice sessions have so far been limited almost entirely to indoor work, but the squad is slowly beginning to round into shape. Last Saturday a 10-inning game was played in the Armory, during which nearly every man was given an opportunity to show his abilities.

The squad on the whole has found its batting eye well, and seems to possess great offensive strength. The pitchers, however, are as yet an uncertain element. They have thus far been given little opportunity to do any fancy work, but have been limited to straight ball pitching with change of pace.

Wells and Palmer, both veterans of last year, are likely aspirants for the catcher's berth, with Sezak and Kingman as reserves. The most promising pitchers at date are Perkins, Solander, Perkins, and Black. "Rip" Black, who has not played baseball since his freshman year, is now eligible only for this sport, and his work up to this time has been anything but mediocre.

The first base position will in all likelihood go to either Smith or Horne, both of whom are good men. Of the aspiring second basemen, Wescott, who played regular in this position last year, is by far the best man, while McCabe seems the most logical player for third base. The shortstop position will be ably handled by Henry Plummer, captain of the nine, who is doing his customary good work.

Little can as yet be said about the outfielders, since the greater part of the practice sessions have been held indoors, but Hinks, Corbett, Lathrop, Brockway, Battles, and Donahue loom up as good batters and fielders.

The first game of the 1930 season takes place at Waterville against Colby on April 19. This is also the first game of the State Series. The team then goes on its annual southern trip to play Harvard and Rhode Island.

The freshmen started practicing late last week, and it is yet too early to make any comment upon their squad. Approximately 40 men, among whom are many well-known high- and preparatory school stars, are out for the team.

Judge Allen Speaks On Institutions

Rather an unusual opportunity was accorded Maine students Sunday night, April 6, when Judge Florence Allen of the Supreme Court of Ohio spoke in chapel on *The Value of Institutions*.

The message Judge Allen had for us as undergraduates was that as future citizens it would be up to us to keep in office men of honor to uphold the time-honored institutions of the country rather than to seek personal gain. Also, as future voters, we should promote legislation to remedy government rather than entirely rely upon those higher up.

Her speech was made highly entertaining by anecdotes such as that relating to her unusual experience in visiting an English court.

Judge Allen's career has been a remarkable one. She started out to study law before women were generally accepted as law students, but was finally admitted to Chicago University. After her admittance to the Bar she advanced rapidly. She has been a prosecuting attorney, a trial justice, and is now a judge of the Supreme Judicial Court of Ohio—an honor never before attained by a woman.

By the latest ruling of the Student Senate, fraternities can pledge after 5 p.m. on Tuesday, April 15.

Women's Debating Team Wins Laurels On Extended Trip

The women's debating team of the University of Maine composed of Margaret Hammel, Caroline Cousins and Florence Ward with Alice Houghton Bagley as manager and Miss Alma Johnson as chaperon had its most successful season this year. The Maine girls tied with Radcliffe in a two-judge decision, won 2 to 1 over American International College of Springfield, and received a unanimous decision at Pembroke College. The debate at Hunter was arranged so that one New York and one Maine girl were paired on a side.

The question used was: Resolved That Modern American College Education Is a Failure. The Maine team upheld the negative side at every debate.

Radcliffe and the University of Maine women met in debate for the first time on March 18. The visiting girls were honored by a formal dinner given by the dean of women and the president of the debating council. After the debate a dance was given the University of Maine group at the Radcliffe field house.

Wednesday the debating team were the guests at dinner of President McGowan. That evening was the third time that Maine and the Springfield college team have debated each other and it was the first time that Maine has been victorious. The president gave the University of Maine people a reception after the debate. Several members of the International College gave folk dances in the costumes of their native countries. It was rather novel to hear a Russian youth play on the "bellilarka" which is a stringed instrument that resembles most the American banjo. The American International College always tenders the Maine people a cordial welcome.

On Thursday the Pembroke girls in Providence gave the visiting team a theatre party and a dinner as the Dean's guest in Alumnae Hall.

At Hunter College in New York City the Maine girls were the honor guests at a dinner before the debate. On Saturday the University of Maine team was given a dinner at the Panhellenic Hotel by a group of sorority women.

Maine's superiority in its women's debating team may well be noted. The team won two of its three debates, and tied for the other one.

"Wild Life in Maine" Subject of Talk by A. L. Grover '99

One of the largest crowds of the year attended the assembly Monday morning when Mr. Archer L. Grover, Deputy Commissioner of Inland Fisheries and Game, spoke on the subject "Wild Life in Maine." Taking as his topic the great resources which the forests of Maine possess, he sketches the work of the department in maintaining and developing the wild life.

"Fishermen," he declared, "spent upwards of \$12,000,000 in this state last year, and they are coming in ever-increasing numbers. In order to take care of this increasing demand the commission maintains twelve hatcheries, and is planning to increase the number of pools for the growing of fish, and are now stocking the streams of the State yearly with trout and salmon."

"Many deer are killed annually, but they are effectively protected from extinction by wise laws. Many moose were killed last year, and it is not expected that another open season will be allowed on them for many years."

Freshman Banquet To Be Held Friday, Shea Toastmaster

The annual Freshman Banquet will be held Friday evening, April 11, in the city hall in Old Town. The banquet will begin at 6:30 and five special cars will follow the regular 5:40 car, leaving the campus waiting room at about 5:50 o'clock. Freshmen planning to take these cars should be at the waiting room not later than 5:45.

The committee has ordered an especially appetizing menu, and has arranged a varied and interesting program of speakers. Appropriate programs in the Maine colors have been ordered, and everything has been done to make the affair a success. The Freshman Banquet is the one time when the class is together, and it is desired that all the freshmen be present.

Tickets may be obtained at the ticket window in Mr. Pierce's office in Alumni. Thursday and Friday; as was announced at the class meeting Wednesday. There is no charge for these.

Frank Shea of Phi Kappa will be toastmaster. The committee in charge of arrangements consists of Coleman Randall, chairman; Rosamond Cole, Horace Lovell, Frederick Burke, Henry Conklin, and Theodore Prescott.

Track Club Elects MacKenzie President

At the monthly meeting of the Club the resignation of Charles Hardy as president was accepted and Vice-President Donald MacKenzie assumes the new role of president of the club. The following committee heads were chosen to make plans for the Track Club Cabaret: Refreshments, Leo O'Neil; Music, Alfred Perkins; Entertainment, Maynard Draper; Table Arrangements; Eugene Brooks; Advertising, George Berry; Decorations, Roland Zottoli; Waiters, Norman Webster; Tickets, Paul Nason.

The Track Club announces May 3rd as the date of the annual Track Club Cabaret, to be held in Alumni Hall. Plans are under way for the best cabaret that has been given by the Track Club in years. A program of specialty numbers by way of entertainment is under way and a hot jazz team being bargained for.

A few surprises will be handed out in the way of novelty numbers and entertainment that have not been featured at any of the campus functions this year and no pains will be spared in the securing of pleasing music. Following on the heels of the Junior Prom, the Track Club Cabaret will close a busy week-end that out-of-towners will not find boring.

Faculty adviser A. K. Gardner and Dean Corbett made lengthy comments on the feasibility of holding the Annual Track Interscholastics at Maine this year and the possibility of the plan was talked over by the club. It becomes a problem under the new reimbursement method for the school to finance the Interscholastics this year and there is another thorn in the path due to the fact that Final Exams start this year on May 23rd and the date of the Meet is May 24th. This will be decided upon in the meeting of the A.A. Board Thursday night.

NEW OFFICERS OF Y.W.C.A. ELECTED

The members for next year's Y.W.C.A. cabinet were recently announced. The following officers and committees were elected:

President, Grace Lemoine '31; vice-president, Hildreth Montgomery '32; secretary, Grace Quarrington '33; treasurer, Priscilla Nodding '32; freshman chairman, Estelle Burrill '32; literary chairman, Mary Sewall '33; religious chairman, Hildreth Montgomery '32; social service chairman, Mary Carter '31; deputation chairman, Lucille Nason '33; publicity manager, Evelyn Winslow '31; vespers, Katherine Trickey, '32; socials, Ernestine Merrill '33, Pauline McCready '32.

MISS WIGGIN SPEAKS AT BALENTINE

Miss Ann Wiggins, international representative of the Y.W.C.A. from the United States was the speaker at the Y.W.C.A. meeting at Balentine last evening.

The program consisted of a hymn by the group, a cello solo by Evelyn Randall accompanied by Dorothy Baker, two vocal selections by Myrilla Guilfoyle accompanied by Margaret Hammel, a piano (Continued on Page Four)

Summer Session Is To Be Directed By Prof. Roy Peterson

Under the direction of Dr. Roy M. Peterson of the Spanish department, plans are being made for a very successful summer session this year. 8,500 folders have been sent out, and 5,000 bulletins are now being sent to various parts of the United States. A large number of inquiries have been received, not only from the teachers in Maine, but also from the southern New England and middle Atlantic states. Several of the students now registered in the University have also indicated that they will take advantage of the summer session to make up work lost during illness or for credits to hasten the time of graduation.

Among those who will teach here for the first time are: Harold Hungerford Scudder—English, B.S., Dartmouth, 1903, Professor of English University of New Hampshire; Elmer Harrison Wilds—Education, B.A., Alleghany, 1910; M.A., Chicago, 1917; Ed.M., Harvard, 1928, Professor of Secondary Education, Western State Teachers' College, Kalamazoo, Mich.; Florence Louise Jenkins—Home Economics, B.S., Simmons, 1915, Maine State Supervisor of General and Vocational Home Economics; Edith Phillips—French, B.A., Goucher, 1913; Docteur de l'Université, Paris, 1923, Associate Professor of French, Goucher College; Mary Jenkins—Home Economics, B.S., Purdue, 1921; M.S., Chicago, 1929, Foods and Nutrition, College of Industrial Arts, Denton, Texas; Harold Bradford Frye—Education, B.B.A., Boston University, 1923; Ed.M., Harvard, 1926, Vocational Guidance Department, City School, Boston, Mass.; Alfred Carleton Andrews—Latin, B.A., Bowdoin, 1926; M.A., Pennsylvania, 1929, Graduate Student, University of Pennsylvania; Verna Payson—Home Economics, B.S., Minnesota, Asst. State Supervisor of Home Economics, Mass.; Mildred Swift—Home Economics, B.S., Russell Sage College, 1927, New York State College of H. E., Cornell University.

Classes in music will be conducted under the leadership of Mrs. Dorothy Dean, supervisor of music, public schools, Bangor, Maine, and Galen Veayo of the class of 1931, U. of M.

Professor Scudder, who was graduated from Dartmouth in 1903, will offer courses in literature at the summer session. Professor Phillips, who will teach French, has the doctor's degree from the University of Paris. During the academic year 1928-29, she was the holder of a Guggenheim fellowship. She has published several volumes upon French literature and history, being especially concerned with French interest in the (Continued on Page Four)

F. J. Claffey, in Canoe, Shoots Rapids at Night

When friends and fraternity brothers of Francis J. Claffey of Holyoke, Mass., a senior at the University of Maine, refused to believe that he had shot the rapids at Chemo Stream, Orono, while on a Sunday afternoon trip, he took up the bet of one of his fraternity brothers and went to the stream about 1 o'clock Monday morning and sailed his canoe boldly through the rapids much to the surprise of his friends who accompanied him to the stream.

Several men in Orono who have piloted canoes through these rough waters said when they heard that Claffey was going to try to go through in the dark of night, that he would never make it.

But in his own words, "he owes his success in navigating the fast running waters more to luck than to skill in handling a canoe."

2ND PLATOON, CO. B, WINS R.O.T.C. COMPETITION

The final competition of the R.O.T.C. prize platoon contest was held Saturday forenoon in the Indoor Gym with the 2nd platoon of Company B, commanded by "Bill" Wells, emerging victorious. The third platoon of Company C, Joe Schultz commanding, was second, the 3rd platoon of Company D led by "Red" Fogg placed third and the 1st platoon of Company "A", commanded by "Duke" Hargreaves, was fourth.

A trophy will be decided upon by Scabbard and Blade which will be awarded to the winning platoon. Each man in the winning platoon will receive a bonus of three (3) points to bolster up his rank.

Dr. O. S. Lutes Will Direct New School of Education; Has Had Wide Experience

School of Education Will Be Open To Arts and Sciences Juniors; Will Confer Degree of Bachelor Of Science

DR. O. S. LUTES

College Paper Flays Maine "Stein Song"

"To the strains of the new collegiate anthem, the 'Stein Song' of the University of Maine, we vainly endeavor to grind out these few bits of wisdom. Aside from the fact that the song has doubled the registration of the institution at Orono, we can see little merit in it. When the singers rattle along to the point where they shout, 'To the eyes, to the lips, etc.,' we feel like calling 'To the boats, men, we've struck a rock.'"

The above-quoted passage is taken from "The Hatchet," a newspaper published by the students of George Washington University, in Washington, D. C. This paper informs the reader of it that since it has a circulation of 6500, it has the largest circulation of any college newspaper.

Girl Basketball Players To Be Awarded Letters

Among those who will receive their M's for girls' varsity basketball there is but one senior, "Dot" Ross and one Junior, Hazel Parkhurst. The rest of the first team was made up of Sophomores, who have showed a marked interest in athletics since entering college. In the class of '32 those who will definitely be awarded their letters are: "Stubby" Burrill, "Ike" Montgomery, "Red" Findlen, "Polly" McCready, and "Chip" Lewis.

Outside of these seven awards there may be a few more but as yet they have not been definitely announced. The additional awards will be determined when Miss Lengyel returns from New York.

In "Dot" Ross the varsity basketball team loses an excellent guard. The squad however, should be unusually strong with the addition of '33's basketball players to the remaining members of this year's varsity.

BIG POOL TO BE FORMED AT CASTINE

Professor Evans of the department of Civil Engineering has been employed by a development corporation which is making a survey of a project to be undertaken in Castine. It is proposed to build a dam across one side of a cove formed by the peninsula on which the town is located. Thus the ocean water will be held back and will become warm providing a pool to permit swimming and canoeing. The pool will have an area of about three quarters of a mile. A clubhouse is to be erected near the pool and will be completed (Continued on Page Four)

At the March meeting of the Board of Trustees, it was voted to establish a new department of the University, to be known as the School of Education.

Students will register in the School beginning with their junior year, and will be allowed to continue academic majors and minors in Arts and Sciences.

The new school will include at first, the departments of education and psychology. Other subjects and additional instructors will be added as time goes on.

The School will award to its graduates the degree of Bachelor of Science in Education.

Dr. Olin S. Lutes, head of the department of education, was made dean of the new School of Education, by a vote of the Board of Trustees at their meeting held last Thursday. Dr. Lutes was born in Coal Center, Pennsylvania, in 1892. He was graduated from the State Normal School at California, Penn., in 1909 after which he taught for three years in a high school.

In 1912 he went to Ohio from where he received his A.B. degree in 1915. He taught in the high school at Rochester, Minnesota, for three years before he resigned to enter the army. He served for a year and a half in France. On his return, he taught for one year in the high school at Faribault, Minn. The following year he was promoted to superintendent of schools at Medford, Minn. which he held for four years.

In the meantime he studied for his master's degree at Iowa State College, Iowa City, during summers and in 1923 was awarded the M.A. degree in Education. From 1924 to 1926 he continued his studies for the Ph.D. degree. After receiving the degree, he came to Maine. He has taught during summers at the Indiana State Normal, Terre Haute, Indiana, and the University of Rochester. Dr. Lutes has been head of the department of education since 1926.

He has been directing a survey of higher education in Maine, which is being conducted by the University of Maine in conjunction with the other colleges in the State, for the past two years and will be finished this spring.

"Problem Solving in Arithmetic" and "The Rating of Text Books" are the names of two monographs written by him and published by Iowa State College.

Bates Frosh, by Singing Stein Song, Cause Fight

Since Rudy Vallee introduced the Stein Song two months ago it has become increasingly popular. In fact, even the freshmen at Bates were heard whistling the catchy tune a short time ago. Upon which the sophomores, with true Bates spirit, warned the yearlings that their next utterance of the Stein Song would bring dire penalty. The freshmen thought it over, decided that they were as good as the lordly sophomores, and a small group of them congregated on the outskirts of the campus where they lustily began to sing the Stein Song to their hearts content. This was too much for the sophomores, who bore down upon the frosh with a wealth of numbers, and the brawl that followed was fully as interesting as any of the fights of last Rising Night.

All the nation recognizes the Maine Stein Song as a good song. The fact that it can start civil war on a rival campus is further proof of this fact.

The Trustees of the University recently voted to buy 53 acres of land adjoining the campus to replace the land taken up by the building program that is under way. This newly-acquired land will be used for farming purposes.

The Sophomore Hop will start promptly at 8:30 p.m.

NEW SCHOOL OF EDUCATION

The new school of education will fill a long-felt need in the State of Maine. Heretofore those desiring to take a course of study that would enable them to enter the field of secondary school teaching have had to take a hodge-podge of subjects, the correlation of which was not always as great as could be desired. Now, with a separate school and all that it implies in the way of a unified curriculum, the person graduating from the course of study in that school will be far better fitted to teach the youngsters of the state. An especially commendable feature of the new plan will be the practice that students of the school will receive in teaching in Orono and other high-schools in the vicinity. This feature, followed out in some of the courses in journalism offered by the University, proved of great value and there is no reason to suppose that it will prove of any less value in this new field. The new school cannot but result in an eventual improvement in the training of high-school graduates in the state and a consequent rise in the calibre of those desiring to enter college after attending a high-school within the state. The Board of Trustees is to be heartily congratulated upon this move.

SENIOR SKULLS

The Senior Skull society is the most select of all the numerous honorary societies on the campus. The Skulls have distinctive hats which set them apart. Why don't they wear them? If they were to wear them, in a short time most people on the campus would know who belongs to the society. As it is now, many people cannot name over six of the members. Is this hat-wearing of the Skulls another traditional Maine custom destined to relapse into innocuous desuetude? As long as the weather was cold, there was some excuse for the putting-by of the hats. But now, with the coming of warmer weather, this excuse no longer exists.

Correspondence

Dear Editor:

Much has been said lately on the subject of rising night for girls. Of course we realize when we get down to brass tacks that rising night is all a "mess of bolony" anyway. But if we are going to have one at Maine why not give the girls their just due, too. They are just as much a part of the freshman class as the boys and quite as essential a part, even if some upperclass women don't seem to realize it. Some feel that freshman caps and ties should be done away with, but I think they should be retained. It surely doesn't hurt anyone to wear one for a while. The benefit derived from the wearing of the tie or hat, although not always obvious, is there just the same. Why, we could not pick out freshmen if it weren't for those beautiful caps and ties! It is an actual truth that the morning after rising night, on going into my geometry class, I thought that I had gotten into the wrong room. For a moment I didn't recognize the freshman boys in their more or less flashy and obvious neck-ties that they were so proudly flaunting.

Freshman ties and freshman rules are all right but why overdo them? If I had the say in this matter I certainly would make a few changes. Why not have rising night shortly after mid-years? At this time all ties and caps would be done away with. All rules for women regarding men would be lifted and the seven-thirty time restriction for women would be lifted from all those making two point, this suspension to be in force as long as the student kept this two point average up.

Sophomores wouldn't have to worry about the freshmen realizing how inexperienced they were in comparison with their superiors with such rules as these being carried out, and the freshmen would have something to look forward to. The girls would have a special incentive to make rank and at the same time would appreciate the friendly spirit and good will of upperclass women toward them.

A mere freshman woman is giving her

opinion. It seems high time that someone did.

Respectfully yours,
A Freshman

Editor of the Campus:

Dear Sir:

A while ago in this column the question, "Have the Freshman girls any class spirit?" was answered in an affirmative manner, giving as an argument their splendid cooperation.

In the rebellion of three weeks ago the Freshman girls did not cooperate. They didn't remain united even after a vote had been taken in which they all had a part.

The girls who deserted their class are no better than deserters in warfare. A soldier, even though he may not believe in the cause for which he is fighting, is loyal enough to his country to fight until the finish. Did the performance of three weeks ago show either loyalty or cooperation? It did not. However, it did show clearly how lacking the Freshman girls were in that necessary thing called "Class Spirit."

An Observer

STORIES SELECTED FOR INTERCOLLEGIATE CONTEST

The stories, poems, and essays that will represent the University of Maine in the Intercollegiate Contest have now been selected from the large number of papers submitted. There are nine altogether,—three examples of each sort of writing, but in several cases a student was successful in winning more than one place. The authors of the nine papers were Louise A. Bates of Portland; Philip J. Brockway of South Hadley, Massachusetts; Arthur A. Brown of Bangor; Frances A. Busse of Belfast; and Linwood S. Elliott of Woodfords. The other competitors in the Intercollegiate Contest are the Universities of New Hampshire and Vermont, and the judges are outsiders.

TECHNOLOGY NEWS

James F. Booker '30 and Paul M. Elliott '31 made a point average of 4.0 at the spring mid-semester grade period.

Dean Paul Cloke will attend the educational conference in Boston April 24 and 25 which is sponsored by the University Club.

The Maine Water Utilities Association will hold their annual meeting at the University of Maine on April 23. There will be a dinner at Alumni Hall at 12:00 M. Students and Faculty Members who are interested in attending, are cordially invited and should see Dean Cloke by April 16.

Dean Paul Cloke is to be the speaker at the Twentieth Century Club on April 14. His subject will be the Industrial Revolution.

At the Conversation Club which meets at Prof. M. D. Jones' April 18, Dean Paul Cloke will be the leader in a discussion on the subject of Maine Water Power.

As a delegate of the University of Maine Dean Paul Cloke will attend the dedication exercises of the new Materials Testing Laboratory of the University of Illinois at Urbana, Illinois, May 2 and 3.

SON BORN TO MR. AND MRS. FIELDER

Mr. and Mrs. Cecil Fielder are receiving congratulations on the birth of a son, Allen Howd Fielder, born Sunday, April 6, at the Eastern Maine General Hospital. Both mother and son are doing well.

INTERNATIONAL RELATIONS CLUB FORMED

A newly organized International Relations Club will hold its first regular meeting on Friday, April 11, in room 370 Arts and Sciences Building, at 9 A.M. The subject for discussion will be "Modern China." All persons interested are invited to attend. If sufficient public interest is evinced, the Club will hold its meeting at an hour more convenient to the general public.

DOROTHY SCOTT NEW A O PI PRESIDENT

At a meeting at the Swiss Chalet last week the Alpha Omicron Pi Sorority elected Dorothy Scott as president for next year. Miss Scott has been a prominent member of the sorority for three years and is a member of the Home Ec Club, Rifle Club and the Glee Club.

PI PHIS TO HOLD INFORMAL DANCE

Pi Beta Phi sorority will hold an informal dance Saturday evening, April 12, at the Knights of Pythias Hall in Old Town, from 7:30 until 11:30 P.M. Professor and Mrs. Watson and Professor and Mrs. Bray will chaperone. Music will be furnished by the Crescent Troubadours of Bangor.

KAPPA PSI INFORMAL DANCE

Kappa Psi sorority held an informal dance Friday evening at Monitor Hall for their initiates. Dr. and Mrs. Steinmetz chaperoned the dance. The Lucerne-in-Maine orchestra furnished the music.

SOPHOMORE EAGLE STAG DANCE

The Sophomore Eagle stag dance was held on Friday evening, April 4, in the gym. The proceeds are to be used to finance the Freshman-Sophomore Banquet. Captain and Mrs. Hugh Wear, and Lieutenant and Mrs. Richard McKee chaperoned. Music was furnished by Harold Lloyd's Harmoniacs.

CO-ED VARSITY RIFLE TEAM HAS SUCCESSFUL SEASON

The co-ed's varsity rifle team has had a very successful season, losing but one match and that to the men's rifle team. Letters will be given to five girls for their skillful participation in this sport. They are: "Pat" Barton, Inez Watters, Irma Gross, "Kay" Lang, and "Dot" Culley.

PROF. RICE PUBLISHES MONOGRAPH

The January number of *Physiological Zoology* contains an article on *The Permeability of Collodion Membranes Impregnated with a Protein or with a Lipoid*, by Associate Professor Kenneth S. Rice, of the Department of Zoology. It is illustrated with nine drawings and contains 18 pages. A number of tables and curves make the paper more intelligible to the average reader.

"The Beneficent Bear", a comedy in three acts by Goldoni, will be given Thursday, April 17 by the three Act Play Class.

The setting of this play is laid in the mid-eighteenth century. The play has been ably coached by Miss Mary Crowley.

The cast is as follows:
Geronte, Stanley Protas; Dalancour, Herbert Stanley; Darval, Milton Sims; Valere, Ewart Rawnsley; Madame Dalancour, Violet Morrison; Angelique, Caroline Cousins; Picard, Thomas Baylek; Marthon, Bertha Landon.
Admission 25 cents.

Social Happenings

A O PI DANCE

Last Friday evening the Penobscot Valley Country Club was arrayed in all its splendor to receive the members of Alpha Omicron Pi and their guests. A most attractive dinner was served in the tea room. During dinner the croonings and melodies of the Troubadours could be heard from the nearby ballroom.

Dancing followed the dinner. One of the special features of the evening was a "Rose" dance. The letters AOII were pinned to the wall with red roses in them. For this dance each girl had a rose which had a fellow's name on it. This dance gave a little variety to the usual dance program.

The chaperones were: Mr. and Mrs. Kenneth S. Rice, Mr. and Mrs. Frederick G. Fassett and Mrs. Marion Sawyer.

CHI OMEGA GIVES INITIATION BANQUET

The annual initiation banquet of Xi Beta chapter of Chi Omega was held April 4 in the banquet room at the Bangor House. Clara Richardson, toastmistress, arranged the speeches in acrostic form spelling the word "carnation." This was symbolic as well as unique, as the white carnation is the Chi Omega flower. The president, Alice Bagley, welcomed the freshmen; her talk was followed by talks by Eulalie Collins, Myrilla Guilfoil, Rebecca Spencer, Helen McLaughlin, Jean Cambell, Charlene Ellis, Priscilla Noddin, and Mabel Lancaster.

Many alumni were present and a delegate from Colby brought greetings from Beta chapter. Clara Richardson was chairman of the committee.

A O PI INITIATES EIGHT

Eight freshman women were initiated into Alpha Omicron Pi last Thursday evening. They were: Caroline Averill, Betty Barrows, Evelyn Gleason, Elizabeth Hilliker, Margaret Humphrey, Jeanne Kennedy, Lucille Nason and Grace Quarrington.

The initiation and banquet were held at the Bangor House. Thelma Gibbs, toastmistress.

Jeannette Roney gave a welcome to the new members, and Sibyl Leach represented the alumnae. The freshmen were also given opportunities to prove their skill in impromptu speeches.

SOPHOMORE-FRESHMAN HARE AND HOUND CHASE

The Sophomore-Freshman Hare and Hound chase was held Saturday morning. About eighty turned out and the Hares laid a tough trail for the Hounds to follow. Hot dogs, doughnuts and coffee were eaten in the great open spaces of Piney Knoll. After everybody had eaten their fill, they sat around and had a good sing.

FOUNDERS DAY BANQUET OF CHI OMEGA

The Chi Omega served a breakfast in the Chalet, April 5 to commemorate their Founder's Day. At this time Mary Soule was pledged to the sorority.

There will be a meeting of the Contributors' Club on Monday, April 12, at Balentine Hall. Doris Gross and Margaret Hammel are to be the hostesses.

SIGMA CHI GIVES BRIDGE PARTY

A bridge party of four tables was held at Sigma Chi Saturday evening. Professor and Mrs. Chadbourne chaperoned. Refreshments of fruit salad, sandwiches, and punch were served. Mrs. Chadbourne received a prize for holding the highest score.

ARTS CLUB TO MEET

The Arts Club will meet on Saturday, April 12, at the home of Dr. and Mrs. R. R. Drummond. Dr. C. M. Chase, of the Bangor Theological Seminary will speak on Egypt.

PI BETA PHI PLEDGES

Pi Beta Phi sorority pledged the following girls Wednesday evening: A. Lora Brown '33 of Lubeck; Ruth Erwin '33 of Springfield, Mass.; Muriel Holmes '33 of Augusta; Helen Peabody '33 of Levant; Margaret Thompson '32 of Kennebunk.

PI BETA PHI ENTERTAINS

Maine Alpha chapter of Pi Beta Phi entertained the Pi Phi mothers, patronesses and alumni at a bridge party in the cabin Saturday afternoon. Refreshments were served. The guests were: Mrs. Boardman, Mrs. Bray, Mrs. Watson, Mrs. Blanchard, Mrs. Buck, Mrs. Daggett, Mrs. Gilbert, Mrs. Garland, Mrs. Pooler, Mrs. Waring, Mrs. Young, Mrs. Turner, Miss Catherine Buck, Miss Ruth Daggett and Miss Ruth Densmore. The committee was: chairman, Hazel Sawyer, Rae Gilbert, Doris Baker, and Jenny Hutchinson.

5000-kilowatt turbine-generator installed in 1903 at the Fish Street station of the Commonwealth Edison Company, Chicago

When Small Machines Were Big

MORE than a quarter century ago, the Commonwealth Edison Company, prophetically alive to the immense possibilities of the future, ordered from General Electric a 5000-kilowatt steam turbine—in those days a giant of electric power.

To-day, a General Electric turbine-generator of 208,000-kilowatt capacity sends out its vast energy to the Chicago Metropolitan District.

College-trained men played a responsible part in the engineering and manufacture of both machines—just as they serve in important capacities in the engineering, production, and distribution of all General Electric equipment, large or small.

208,000-kilowatt turbine-generator installed at the State Line generating station

W.A.A. Asks Girls To Discuss "Play Day"

The Council of the Women's Department of the Athletic Association asks the women students to consider the following proposition: "Would it be advisable to discontinue intercollegiate games for women?"

As the managers know, it costs five or six hundred dollars to send the basketball team to Connecticut. In the case of a hockey team, the number and the cost are nearly doubled. Is it fair for the University to spend eight hundred dollars on fifteen or sixteen girls, for a trip which is all over in three days?

Partly because of the expense, and for obvious other reasons, such a team can make few trips each season—perhaps only one or two. By contrast, those few teams with whom we have a chance to play have usually played several contests—sometimes six or eight. As a result, they are in such good form that we are no match for them.

Many schools which have abolished interscholastic games are substituting "Play Days." A play-day gathers together a number of girls from several colleges not too far apart. It costs much less than a game, and takes in many more girls. They come prepared for a varied program involving three or four sports. They seek not to win a game, but to find wholesome exercise, relaxation, and fun, at the same time getting acquainted with girls from several colleges.

Would it be feasible to replace the interscholastic program by a play day, or series of play days? Comment is invited in any form—by letter or verbally. Please talk it over as much as you can, and let the Council know what you think about this.

CIVIL SERVICE COMPETITION FOR ASTRONOMERS

The United States Civil Service Commission announces the following open competitive examination:

JUNIOR ASTRONOMER

Applications for junior astronomer must be on file with the Civil Service Commission at Washington, D. C., not later than May 20, 1930.

The examination is to fill a vacancy in the Naval Observatory, Navy Department, Washington, D. C., and vacancies occurring in positions requiring similar qualifications.

The entrance salary is \$2,000 a year. Higher-salaried positions are filled thru promotion.

Competitors will be rated on mathematics including algebra, geometry, trigonometry, plane analytics, calculus, and mechanics; elementary questions in general and spherical astronomy and related branches of physics; and practical computations including the use of logarithms.

Full information may be obtained from the United States Civil Service Commission at Washington, D. C. or the Secretary of the United States Civil Service Board of Examiners at the post office or customhouse in any city.

At the meeting of the Student Senate held Tuesday night, the following men were nominated for officers for the coming year: For president, Conant, O'Neil, Lapworth; for vice-president, Elliott, Kilby, Farrar; for secretary-treasurer, Spencer, Henderson, Joy.

SCREEN

"Hit the Deck," with Jack Oakie and a featured cast is playing Friday and Saturday at the Strand Theatre. It is an all-talkie, singing and dancing picture, and is based on the musical comedy of the same name which had such a long run on Broadway.

Two new song hits are introduced in "Their Own Desire," Norma Shearer's all-talking picture which is playing at the Strand Theatre, Monday.

They are "Blue Is the Night," written by Fred Fisher, and "She's Got the Boy Friend Blue," by Reggie Montgomery and George Ward.

Robert Montgomery plays opposite Miss Shearer in "Their Own Desire," and the supporting cast includes Lewis Stone, Belle Bennett, Helene Millard, Mary Doran, Cecile Cunningham and June Nash.

E. Mason Hopper and James Forbes directed the picture which was adapted from the Sarita Fuller novel.

Three members of the original com-

pany of "The Shannons of Broadway" when it broke all records at the Martin Beck theatre in New York with a run of 39 consecutive weeks are in the supporting cast of the Universal all-talking picture of the comedy which is coming to the Strand Tuesday. They are Harry Tyler, Gladys Crolius and Helen Mehrmann, James Gleason, author of the play, and Lucile Webster Gleason, star of the stage play, have the title roles in the picture, which Emmett Flynn directed.

If Madeline Riley '31 and Edward Milne '33 will present this page at the box-office of the Strand Theatre, they will receive a free pass to any performance.

SENIOR CANES ARRIVE

The Men's Senior Cane Committee wishes to announce to seniors that the canes have arrived. Orders can be given to any member of the committee. Those on the committee are Mansur, Sigma Alpha Epsilon, Hanscom and DeCoster at Phi Gam, Knight at Phi Mu, and Hunt at Phi Kappa Sigma.

JUNIOR PROM ANNOUNCEMENT

Don't forget that the Junior Prom is May 2 and the tickets are five dollars. This amount of money includes tickets, favor and dance program. Additional information will be given later.

A challenge to the imagination

To provide telephone service of national scope, to manage and develop properties valued at more than three and three-quarter billion dollars, to maintain an organization of more than 400,000 people at highest efficiency—such work spurs the creative thought of men of the highest calibre.

Within the Bell System many have achieved outstanding success. Their work

is not only in pure science and engineering, but in organization and management, in salesmanship, financial administration, economics and the many other fields vital to the growth of so great an enterprise.

Because of these men the Bell System is able to furnish the best all-around telephone service in the world. A progressive policy puts at their disposal every aid that a great organization can give.

WOMEN'S VARSITY ARCHERY TRYOUTS

Workouts for women's varsity archery took place Tuesday afternoon, April 1. As yet the team has not been selected, but it is probable that it will be chosen from those who have taken up the sport in previous years. There is a large number of veterans in this sport, so that there should be some close and exciting matches this season. Formerly the matches have taken place in the home college and the results telegraphed; but this year's schedule includes a trip to Storrs, Conn.

(Continued from Page One) Miss Wiggin Speaks at Balentine

solo by Dorothy Baker, and two vocal selections by Violet Peterson accompanied by Grace Quarrington.

Miss Wiggin spoke on the work that has been, and is being done by the international student association.

"Much was done to help reorganize the school system in central Europe just after the World War when thousands of students were starving. There is still much to do although here in our comfortable United States it is hard to realize that in China, South Africa, Wales and many other places of the world, there are actually people of student age suffering from hunger and lack of medical attention. It is the aim of the student association to promote the welfare of all nations, and it is the duty of every college woman to make herself acquainted with what is going on in other countries as well as our own, and being well informed to go out into the community where she will take up her residence after graduation and make herself a leader of a group of women intelligent in world affairs.

The program was concluded by singing *Follow the Glean*.

Following this, Miss Wiggin met the members of the two cabinets and had a more personal talk on her experiences in conducting student pilgrimages and helping foreign college students in America. Refreshments were then served.

(Continued from Page One) Big Pool to be Formed at Castine

plete with tennis courts and other recreational facilities. The present nine hole golf course will be moved from the center of the town to the shores of the lake and will be enlarged to a course of eighteen holes.

The pool, if completed, will border on the old ship canal built by the British and used by them in colonial days to sail from one side of the peninsula to the other.

If the project is successful it will mean a great deal to the summer colony and to the residents of Castine. The resort has long been noted for its natural beauty and for its historical significance. With this added development it is expected that the residential section of the town will become much enlarged.

TRACK MEET TO BE HELD AT NIGHT

The nationally famous West Coast Relays, to be held in the Fresno State College Stadium, California, on April 26 in connection with the Raisin Day celebration, is to be a night event this year. This will permit the automobile races to be held that afternoon, and will make the track meet the first major one ever held at night.

A battery of floodlights that will give an intensity of five foot-candles over the entire area is being installed at the stadium, and in the fall the projectors will be adjusted so that an intensity of eight foot-candles will be projected on the football field alone for night games in that major sport.

The lighting installation includes sixty General Electric projectors with 1000-watt incandescent lamps, mounted in batteries of ten atop six 90-foot steel towers. Power is supplied by an underground cable system. Each lamp will be individually fused and provided with a disconnect device at the top of the tower. A master switch with fuses will be provided to control the whole system.

PHI KAPPA PHI INITIATES

At a meeting of Phi Kappa Phi held in Wingate Hall, Wednesday evening, April 9, the following people were initiated into the fraternity; from the faculty Olin Silas Lutes, Irvin Henry Prageman, and Ferdinand Henry Steinmetz. From the student body the following were chosen: Frances Harriet Babb, James Francis Booker, Laurence Buzzell Boothby, Roland Doughton Butler, Kenneth Richardson Haskell, Harold Howard Inman, Ferd Lincoln Lamoreau, Lillian Frances Lovett, Rosella Adeline Lovett, Rebecca Matthews, Elizabeth Florence Murphy, Horace Asa Pratt, Thomas Boyd Smith, and Warren Atwood Stickney.

NEW SORORITY PLEDGES

New members have been pledged to the various sororities on the campus.

Pi Beta Phi: Ruth Irvin, Muriel Holmes, Helen Peabody, Laura Brown, Margaret Thompson.

Phi Mu: Ruth Young, Estelle Wiseman, Dorothy Murphy, Edna Granger.

Delta Zeta: Berla Smythe, Ethne Worcester.

Sigma Tau: Bertha Rose Landon, Marcia Adelman.

Kappa Psi: Alicia Tracy.

Alpha Omicron Pi: Violet Peterson.

On March 29 the Portland Alumnae Association of University of Maine Women entertained the undergraduate women who live in Portland and vicinity at a bridge and tea in the Sunrise Room of the Eastland Hotel.

Crabfluke—I say, old fellow, why on earth are you washing your spoon in the finger bowl?

Codpiece—Do you think I am going to get egg all over my pocket?

"SO, MY PROUD BEAUTY, YOU WOULD REPULSE ME, EH?" barked DALTON

"I would indeed," said the fairest flower of the countryside. "And how!"

"What is there about me, gal, to bring this disfavor down upon my head?" he demanded.

"Your voice, sir," she answered him haughtily. "The man who wins my heart must smoke OLD GOLDS in kindness to his throat—and to his listeners."
