## Maine Wins Over Bates And Colby; Advances One Notch In State League Standing

### Heavy Hitting by Bricemen Trims Bates 11-3; Horne Shines by Exceptional Batting; Maine Ekes Victory Out of Colby 7-6

The Maine Bricemen traveled to Lewiston last Saturday to play Bates for the second time this season, and found little trouble in taking the bears into camp to the tune of 11 to 3.

Bates at first showed some real opposition, and it looked to be anybody's game until the fifth inning, when the score stood 4-3 in Maine's favor. Then, with two on and two out, Wells made a beautiful drive over left field for a home run. The 7-3 lead was increased to 9-3 in the next inning, when Horne hit a triple with two on. Two additional runs in the eighth accounted for the rest of Maine's scores.

Bates' big threat came in the last of the eighth. Two passes and an infield hit filled the bases with two out in this inning, but Murphy fanned and brought the rally to an end.

Horne of Maine was by far the outstanding player, with two singles, a double, and a three base hit in four trips to the plate. Wells was not far behind, however, with two singles and a home run. Hinks, who has thus far proved himself to be by far Maine's best outfielder and one of Fred Bric's most valuable men, was a bit overshadowed by these performances, but he played his usual excellent game and crossed the plate twice for tallies.

Another feature of the game was the downfall of Marston, the Bates pitcher, who for the past two seasons has been much of an eyesore to Maine. Wells and Horne's smashes in the fifth and sixth spelled his finish, and he was relieved by Chick, who soon gave way for Anderson. Perkins pitched the entire game for Maine, allowing seven scattered hits.

On Wednesday Maine played Colby for the third time this season. Colby, who has previously beaten Maine twice, was expected to show strong opposition, but the game was at first very much of a surprise. For seven innings Colby went scoreless, while Maine, with four runs in the sixth and three in the seventh, seemed to have the game salted away for keeps. Then Colby awoke, and with a multitude of errors by Maine, passed balls, lucky breaks, and hits, tallied four times before the side was retired. The Waterville pastimers again came back in the ninth, when two passes, a hit, a passed ball, and an error caused Maine's lead to be further cut down. A pop fly and a strike-out then ended the game with the score 7 to 6, still in favor of Maine.

Solander started in the box for Maine, but injured his knee in the third inning and was relieved by Nutting. This was his first game for Maine, and he pitched somewhat loosely, striking out twelve.

#### W.A.A. OFFICERS ELECTED

At the W.A.A. election held on Monday, April 12, the following officers were elected: President, Elizabeth Livingston; senior representative, Grace Lemoine.

#### SOPHOMORE OWLS TO BE REORGANIZED

The Sophomore Owls will for the forthcoming years be a much more exclusive organization than it is at present, according to a decision made at a meeting of the present Owls last Tuesday. The new organization will consist of twelve members pledged in the spring, and six additional ones after the mid-year examinations. Fraternity preference is to be left out entirely in choosing the men; attention will be paid more to popularity, campus activities, and character. To be eligible a freshman must win his numerals. In this manner it is thought that the organization will be better able to carry out its purpose, that of instilling Maine spirit into the two lower classes and of working for harmony and sportsmanlike rivalry between them.

## Varsity "M" Given To Rudy Vallee At N.Y. Alumni Dinner

Rudy Vallee, famous radio crooner and former University of Maine student, was presented with a varsity "M" at a banquet in Brooklyn, N. Y. Tuesday evening.

The banquet which was run under the auspices of the New York Alumni of the U. of Maine had as guests all the alumni in New York who have won their "M". Charles Crossland, general alumni secretary, journeyed to New York for the occasion and made the presentation speech. After the presenting of the sweater, songs were sung and Rudy Vallee led in the singing of the Stein Song and of other Maine songs. Mr. Vallee in his speech of acceptance reviewed the happy days he had spent at the U. of M. and exchanged reminiscences with the old-time graduates.

That the sweater will not be forgotten is assured by the fact that Vallee will wear it while appearing on the stage with his famous broadcasting band.

This is one of the rare instances in the history of the school where a varsity "M" has been awarded as an honorary letter to other than an athlete.

## Editors of '32 Prism Selected By Sophs

John T. Barry of Bangor was unanimously elected editor-in-chief of the 1932 Prism at a meeting of the officers and executive board of the Sophomore Class, Thursday evening. Peter J. Kuntz of Treichler's, Pa. was chosen as business manager, and Rebecca Spencer of Biddeford, art editor. The remainder of the board will be chosen by Mr. Barry and Mr. Kuntz.

This is the first year that these officers have been named during the spring semester, and it is thought that by giving the new board a chance to get organized and start work before the vacation begins, a better Prism will result, and with less strain on the editors.

Approximately fifteen applicants for the three positions appeared before the board and Edward H. Kelley, faculty advisor of the Prism.

## Maine Noses Out Crusaders By Three Points In Dual Meet Sat.

Only an overzealous school-boy reporter, intent on what he considered a good newspaper story, is responsible for the wide publicity given an extremely minor discussion over the alleged foul committed by Jensen, javelin thrower for Maine, whose three points for second place decided the close dual meet victory for the Pale Blue, 69-66, last Saturday. Chase, a sophomore, earned his letter by tying for first place in the high jump.

It appears, that two men threw the spear after Jensen, and not until the distance of 174 feet 2 inches had been announced, was the argument raised by the manager of the visitors, but not by the coach or any of the contestants, that the Maine man's throw was not fair. Coach Jenkins claims that the foul board either should not have been in its place, the regular chalk mark substituted, or it should have been buried flush to the ground. Jensen had completed his throw, and, while in motion, tilted forward so that his fingers touched the side, but not the top of the board. According to the rule book, he had not committed a foul, which states that an error is only made when the foot or any other part of the body touches the TOP of the white chalked width.

Lindsay won a close mile race with Madden, who ran second to MacNaughton last year at the New England, right on his heels to the finish. Richardson took the two mile event with ease, Gunn coming in a close second, followed by Brennan of Holy Cross, who trailed almost a hundred yards behind. Brennan was the lone entrant from Holy Cross in the event.

Daley was Holy Cross' strong man, taking a first in the century and furlong, and a second in the running broad jump, making him high point man of the meet. Although handicapped by a bad leg, he exhibited some fine speed to finish in 9:45 seconds. Stymiest and White finished close behind the indoor collegiate sprint champion.

Maine took everything in the running

## Romansky Strikes 12 Men Out As '33 Bows To E.M.C.S 7-5

The freshman baseball team played three games during the last editorial week; one at Kents Hill, which resulted in a close win; one with the New Hampshire freshmen at Durham, which resulted in the first defeat of the year; and the last one with the Eastern Maine Conference Seminary here yesterday, the outcome of which was another defeat for the yearlings.

The game yesterday against E.M.C.S., which the freshmen lost, 7-5, was marked by the excellent pitching of Romansky and the relatively poor supports which he received. In eight innings he fanned twelve men, gave three walks, and allowed but five hits. Alley pitched the last inning.

The freshmen scored twice in the first inning, but the Bucksport pastimers surged ahead in the second with a three-run rally. The freshmen again gained the lead in the fifth with two runs but E.M.C.S. immediately regained the supremacy in the sixth, when four errors and a hit enabled them to score four.

(Continued on Page Four)

## Jones, Maine, Wins Oratorical Contest

Winslow L. Jones representing the University of Maine was awarded the first prize of sixty dollars and Rivera Ingle of Colby the second of forty dollars at the State Intercollegiate Oratorical contest held May 8 at Alumni Hall. Dean George D. Chase was chairman, and introduced Norman Dunbar Palmer as first speaker whose topic was "The Truth Shall Make You Free." Rivera Ingle had as her subject "Unfinished Business." The last speaker on the program was Winslow Jones, and his subject was "War and Science." The State Oratorical Contest was sponsored by the Intercollegiate Peace Association. The University of Maine, Bates, and Colby were the colleges represented at the contest. The judges were Professor Marion J. Bradshaw, Professor Calvin N. Clark and Professor Charles D. Cumming.

## Maine and Bates Picked As Two Leading Contenders For Title in Brunswick Meet

### Bates' Strength in Track Events Balanced By Maine's Power in Field Events; Knox and Chapman of Bates Expected To Star; Lindsay and Richardson Sure Point Winners

#### Bradstreet Elected President of Maine Masque for 1930-31

E. Raymond Bradstreet of West Peabody, Mass., was elected president of the Maine Masque for the coming year at a meeting held at the home of Professor and Mrs. Mark Bailey Sunday evening. He has taken leading parts in nearly all the important plays that have been produced on the campus during the past three years, and his election to the presidency was unchallenged. He will take a prominent part in "The Swan" which is to be presented for the second time this year during Commencement week. He is a member of the Sigma Nu fraternity.

E. RAYMOND BRADSTREET

Other officers elected at the same time were John Barry, vice-president; Eunice Copeland, secretary; Peter Kuntz, business manager, and Blakely Gallagher as his assistant. Frank Currie will be stage manager, Leslie St. Lawrence electrician, and Mary Soule property manager, with Charlene Ellis and Ward Ellis as her assistants.

(Continued on Page Four)

#### Play Production Class To Present "Tweedles"

The Play Production class is to present "Tweedles," Wednesday evening. It is a clever three-act comedy presenting Booth Tarkington at his best. The play takes place at a tea-room situated on the Maine coast where Julian, son of Mr. and Mrs. Castlebury, aristocratic summer people, falls in love with Winsora, daughter of the old coast family, the Tweedles.

The cast is exceptionally well chosen starring "Ben" Holmes as Julian, a well-meaning youth who gets into considerable difficulty. Asa Wasgatt takes the part of the old settler, Adam Tweedle. The part of the pretty young tea-room waitress is taken by Mary Crowley, while Thelma Gibbs does justice to her part as the talkative spinster lady in charge of the gift shop. The whole play affords plenty of laughs.

All the members of the cast have appeared before in numerous productions and many of them have appeared in Masque plays.

Remaining members of the cast are: Mrs. Ricketts Ernestine Merrill, Mrs. Castlebury Eleanor Meacham, Mr. Castlebury Charles O'Connor, Ambrose, Philemon Edward Berry

The State of Maine will have her annual track feast when the four colleges meet on Whittier field in Brunswick for the thirty-fifth annual Maine Intercollegiate Track and Field Meet, Saturday, May 17. As the situation appears, it will be closely contested by Maine, Bates and Bowdoin, with Colby hopelessly out of the running. Competition is keener this year than it has been in a number of years. Each college has its strong points, Bates in the middle distances and dashes, Maine in the field events, dashes, and long distances, and Bowdoin in the hurdles, broad jump and the hammer.

Bates may win if Bowdoin can take many points away from Maine in the field events.

With the training situation at Colby very restricted during the winter, they have small chances of coming thru in any special events, although they are dangerous in quite a few.

The hundred and two twenty yard dashes are any man's race. Billy Knox, colored Bates flash, won the hundred last season from Stymiest of Maine by a scant two inches. He remains unbeaten this season so far. Johnson of Bowdoin is exceptionally fast as is Giles of Colby. Incidentally, Knox ran a hundred last year in 9:35 seconds,—but on a remeasure, it was ten yards short. However, Stymiest finished but a yard behind Jimmy Daley in 9:45 on a poor track last Saturday in the dual meet with Holy Cross.

The same group together with Berenson of Maine, will likely take the places in the furlong. Stymiest romped home last season in 21:45 seconds, five yards ahead of the field, while Berenson took an easy third. Knox of Bates is clipping off seconds this year in the longer dash and may prove an upset. Johnson of Bowdoin is also dangerous.

The quarter mile will be one of the greatest races of the meet. Ossie Chapman, college's greatest half miler and conqueror of Phil Edwards has been hitting around 50 seconds for the quarter this spring as a side issue of his feature event, the half. Arnold Adams, another Bates flyer, did 49:45 two weeks ago, but college authorities ruled freshmen out of college competition, so as to have them available for their senior year in the New England and National meets. Tolman, second place winner for Maine last year, is good for 50 seconds and may

(Continued on Page Four)

#### PHYLLIS GOULD WINS ARCHERY HONORS

At the Kennebec Archery Tournament held recently at Waterville, Maine, Miss Phyllis Gould, a Junior at the University of Maine, won the championship of the state. She went with the Bangor archers association which sent about four more women and six men. Miss Gould's score was 224 while the runner up made 187 points. Her work showed, exceptional skill for many of the best archers in the state took part in the contest.

Miss Gould has charge of this sport at Maine and under her guidance it has been making rapid strides. There are classes in archery which are taken for physical training credit, as well as a varsity team of archers. The latter has had no matches as yet but is scheduled to compete with a number of women's colleges.

THERE WILL BE NO CLASSES ON SATURDAY, THE DAY OF THE STATE MEET AT BOWDOIN.

## THE DATE OF PLEDGING

At the next meeting of the Student Senate, the date of the pledging of freshmen next Fall will be discussed and settled upon. Opinion is divided upon the subject. Apparently the point that counts the most with those in favor of an early date for pledging is that of cost. Some fraternities seem to feel that if pledging does not take place until shortly after Easter vacation, they will expend a needlessly large amount of money in rushing throughout the year until that date.

As the system worked out during the past rushing campaign, there was comparatively little rushing until a few weeks before pledging was to take place. We are unable to see the force of the argument of those who say that rushing should take place in the Fall for no better reason than to avoid expense. No house is compelled to rush throughout the entire year; it was not done this year and there is no reason to suppose that it would be done next year.

Against this argument of doubtful value, there can be placed several positive arguments in favor of a late date for pledging.

A freshman who waits until after Spring vacation to pledge has more chance to look the various fraternities over, and decide on the merits of each. He is less likely to be rattled by the attention he would receive under a concentrated period of Fall rushing. By the time that Spring rushing is to take place, he is far better acquainted with the houses. Therefore, fewer mistakes would be made by the various houses or their pledges.

Other points might be raised. The men who were pledged this Spring will not be initiated until next Fall. If pledging takes place in the Fall, the fraternities will have to hold pledges over for a whole year, a condition that is not desired either by the fraternities themselves or the freshmen who accept their pledge pins. With Fall pledging, one class, the Sophomore class, would be initiated, while the freshman class would be on the outside looking in. This would not make a good impression on the new pledges. A freshman will be less eager to accept a pin if he knows that he cannot be initiated for a whole year. For a whole year, he would be in, but not of, a fraternity. We feel that it would not be conducive to good feeling in the fraternities if one class is initiated while another is kept for a whole year as pledges.

To sum up, on the side of early pledging, there seems to be only one argument worthy of notice—that of cost. But no fraternity is going to rush freshmen for a whole year. We believe that the system would work out the same as it did this year—the houses would abstain from all intensive rushing until a few weeks before the day of pledging. If pledging were to take place in the Fall, there is a great probability that rushing would extend over just as long a period as it does in the Spring; this would even up Fall and Spring rushing if there were no other advantages that could be found in favor of Spring pledging. But there are advantages that accompany Spring pledging. The biggest of these points is this—with a late pledging date, both parties to the pledging will be less likely to make a mistake. This should be the deciding factor in favor of a Spring pledging date.

## CO-EDS AND SMOKING RULES

The problem of co-eds' smoking has been coming to a head for some time. Regardless of how the authorities feel, they must realize that some co-eds will smoke in spite of all the rules that may be passed forbidding them the practice. The Dean of Women recently sent letters to the parents of the girls in an endeavor to find out whether it was the wish of the parents that there should be a rule forbidding co-eds to smoke. The letter makes it plain that the authorities are not trying to find out the opinion of the parents on the subject of girls' smoking, but simply whether the parents deem a rule advisable. This seems like passing the buck to the parents.

It has been pointed out that the authorities do not object to smoking 'per se' but to the fact that when a co-ed smokes she is breaking a rule promulgated by the University authorities. This is absurd. If the only purpose of the rule were to give the co-eds another restriction, the rule would be altogether unjustifiable. The statement that the authorities object to the breaking of the rule forbidding smoking rather than the smoking itself will be received with a grain of salt by the students and possibly the parents as well.

It may well be that the lifting of the ban will render the act less 'smart' and pleasant in the eyes of those co-eds who indulge in it. It would seem that the sensible thing to do would be to admit that the rule is unenforceable, repeal it, provide the co-eds with a smoking room so that they will not have to smoke surreptitiously, and let the co-eds decide for themselves whether they wish to smoke or not.

## Read 'Em And Weep

Have you any old fashioned views, Nancy?

I should say so, several in the family album.

"Nurse," said the patient soulfully, "I love you. I don't want to get well."

"Don't worry, you won't. The doctor is in love with me and he saw the kiss you gave me this morning."

Joe—Are you the man who gave the kitty to my li'l sister last week?

Big-Heart—Yes, my son, why?

J.—Ma says for you to come right over and take them all back again.

The woman may pay, but she will use someone else's money.

Many a man who embarks on the sea of college life, wishes that he had missed the boat.

One thing about Old Dobbin—the family didn't have to have a new one every time he got a scratch on the outside.

When someone else does it, it's sin; but when you do it, it's experience.

## GRADUATE PATENTS VOLTMETER

The following item recently appeared in Electronics, the new magazine dealing with vacuum tubes.

Voltmeter. A gas-filled cell, pair of electrodes in this cell and a means of producing an initial ionization of the gas. Apparently the voltage put upon the cell causes ionization and the extent of the ionized column is used as an indication of the voltages involved. Herbert E. Bragg, assigned to Bell Telephone Laboratories, Inc. No. 1,753,330.

Mr. Bragg will be remembered by those on the campus some years ago as an unusually gifted student of electricity.

## MAINE GRADUATE WRITES ON TELEPHONE

In the April number of the Bell System Technical Journal there is an article on the Words and Sounds of Telephone Conversations by Norman R. French of the class of 1914. Mr. French took his B.A. and M.A. in physics and spent one year as an instructor at Princeton University.

## BOOK REVIEW

### THE WOMAN OF ANDROS

By Thornton Wilder

Readers who gave such a glorious welcome to Thornton Wilder's *The Bridge of San Luis Rey* two years ago are eager to read his third and newest novel, *The Woman of Andros*. The latter is, like its famous predecessor, a philosophical tale having a colorful and interesting setting. It may not, however, win such popularity as the tale of Peru, but for those people who read mainly for the story, it will no doubt be equally as fascinating. Its philosophy is as interesting as that of the other story, although, of course, of a different type.

It is the story of Chrysis, an intellectual courtesan, who brings her household to, and settles on, the quiet island of Brynos in the Aegean Sea. Her banquets, which turn out to be intellectual symposia rather than what the gossips had expected, attract many of the younger men of the island. Among them is Pamphilus, a quick youth with whom Andrian falls in love. He, however, meets and loves her sister, Glycerium. Here the rather cold but very rigid philosophy of the woman is put to a test. Shortly afterward, she dies and is mourned for not only by her household of unfortunate old men and women whom she had cared for and protected, but also by the young men of the town who appreciated her philosophy and superior knowledge.

Pamphilus, who has been greatly influenced by her thought, does not find in his love for Glycerium the spiritual content he expected, and it is only after he incorporates Chrysis' philosophy into the key phrase "I praise all living, the light and the dark," that he is happy.

## Social Happenings

### PHI MU INITIATES GIVE PARTY

The Phi Mu initiates gave their upper-class sisters a picnic at the "Ledges", Thursday afternoon. Short speeches were made by Evelyn Winslow, Josephine Mutty, and Blanche Henry.

This party is an annual event in Phi Mu sorority.

The party ended up by the singing of Phi Mu and college songs.

### SIGMA CHI FORMAL

A most attractive formal was held at Sigma Chi last Friday evening. Larry's "All Stars" played. The favors were Sigma Chi bracelets and necklaces. Saturday evening the week-end was continued by an informal. Sigma Chi entertained at an informal dinner Sunday. The chaperones were: Mr. and Mrs. Jenness, Mr. and Mrs. Chadbourne.

### A.T.O. HOLDS SPRING HOUSE PARTY

Alpha Tau Omega fraternity held their annual Spring Houseparty last week end. The social committee was headed by "Dick" Loring. Saturday night was informal and "open house" was held with the neighboring fraternity houses.

Sunday the guests were entertained at dinner. The chaperones were Major and Mrs. Oliver. The music was furnished by the Troubadours.

The Kappa Psi sorority held its banquet May 8th at the Penobscot Exchange Hotel.

### PHI KAPPA SIGMA FORMAL

Phi Kappa Sigma entertained on Friday and Saturday evenings at its annual spring house party at the chapter house from 8 to 1. Music was by the Troubadours. Refreshments were served at intermission. The favors were silver vanity sets. The chaperones were Mrs. Carrie Newman, Mr. and Mrs. Dunham, and Professor and Mrs. Bray.

### SIGMA ALPHA EPSILON PARTY

Sigma Alpha Epsilon entertained at a two-day house party the week-end of May 9th. Professor and Mrs. J. N. Huddleston, Professor Kenneth S. Rice and Mrs. Edith McCollum were the chaperones for the formal dance Friday evening. At the informal Saturday evening Captain and Mrs. L. P. Stewart and Mrs. Edith McCollum were the chaperones.

The decorations were in very modernistic designs. The ceiling was made of interwoven black and white strips of crepe paper and the walls were paneled in black with white rectangles at intervals. Trellises with flowers intertwined were placed at the doors.

Music was furnished by John S. Fogg and his Doctors of Rhythm of Brockton, Mass.

Those in charge of the dance were John P. MacCaffrey, chairman; Horace R. Gowans; Arthur S. Fairchild; Joseph S. Seville and Prescott B. Baker.

### SODALITAS LATINA ELECTS

Mary Carter was elected president of Sodalitas Latina for the coming year at the last meeting of the Club. Priscilla Noddin is vice-president, and Marion Davis is Chairman of the Executive Committee. The secretary and treasurer are to be elected next fall.

### BETA THETA PI SPRING HOUSE PARTY

The Beta Theta Pi spring house party was among the numerous parties on the campus last week-end. The house was appropriately garbed in spring-like attire. The festivities started Friday evening with a formal dinner and dance, the music being furnished by the Bucksport Serenaders. Saturday evening an informal dance was held. Sunday the party motored to Bar Harbor, where a picnic concluded the week-end's program. The favors were black suede purses.

## Faculty News

### DR. BRAUTLECHT TO WRITE FOR "CHEMICAL ABSTRACTS"

Dr. C. A. Brautlecht, formerly an abstractor on the staff of "Chemical Abstracts", has arranged to join this staff again. He will abstract some foreign and American journal articles especially those pertaining to cellulose chemistry and technology.

Deans Cloke and Hart will leave Monday for Aroostook County to visit the high and preparatory schools.

Dean Cloke will attend the twenty-fifth reunion of his class at Lehigh University.

### MISS BUCHAN ATTENDS SOCIOLOGICAL MEETING

Miss Evelyn Buchan spent the week-end at the first "Conference of Eastern Sociologists", held in Providence, Rhode Island. Unlike the American Sociological Society, this group proposes to deal chiefly with problems connected with the teaching of sociology. The state of Maine was represented by one member from Bowdoin College; Professor Wilfred Crook, and one from the University.

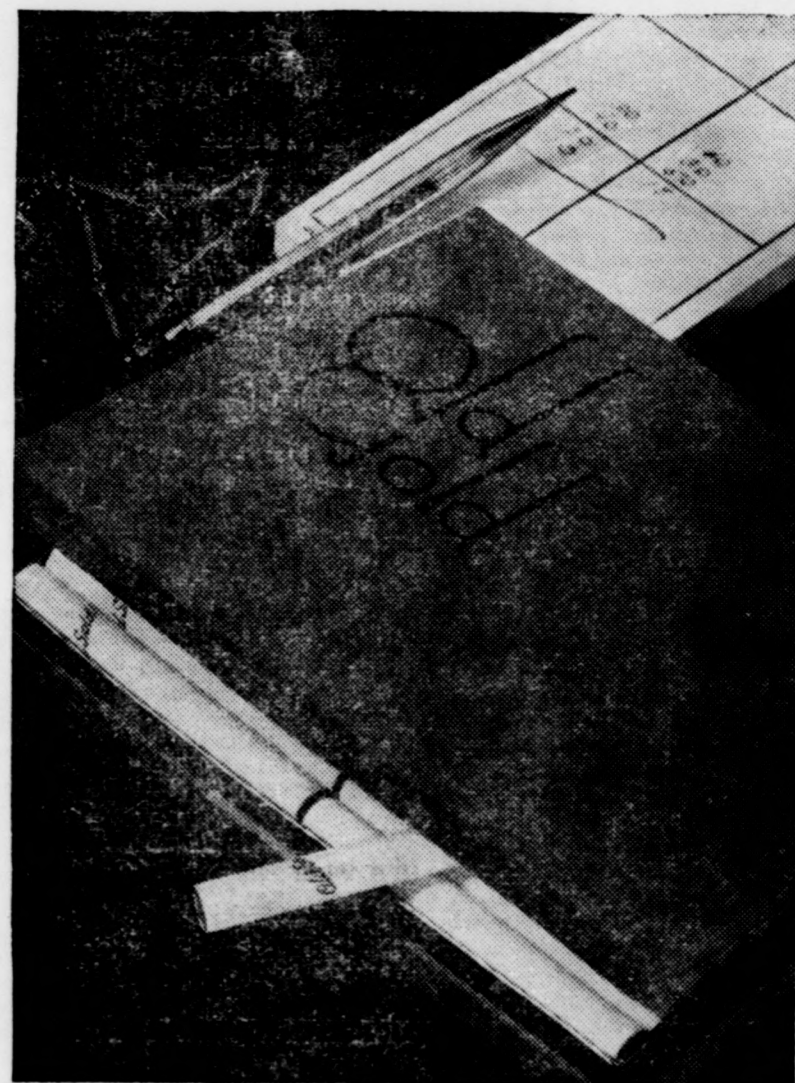

### DR. DRUMMOND AT LANGUAGE CONVENTION

Dr. R. R. Drummond attended the meetings of the Modern Language Association on Boston on Friday and Saturday, May 9 and 10.

### DEAN STEVENS TALKS TO DICKENS CLUB

Dean J. S. Stevens gave a talk on A New Theory of Edwin Drood at a meeting of the Dickens Fellowship held Tuesday, May 13.

Lyle C. Jenness (with H. Walter Leavitt)—The Effect of Iron on Mortar Strength; The Effect of Aluminium on Mortar Strength; The Effect of Hydrogen on Mortar Strength.

H. Walter Leavitt (with J. W. Gowen and L. C. Jenness)—Paper No. 8, Influence of Aluminium on Mortar Strength; Paper No. 9, On the Joint Influence of Iron and Aluminium in Native Sands on Mortar Strength; Tech. Experiment Station Bulletin No. 22, Test Specimens for Portland Cement; (with W. S. Evans)—Tech. Experiment Station Bulletin No. 23, A Study of the Reliability and Prognostic Value of the Standard Tension and Compression Tests for Sand Mortars; (with J. W. Gowen and W. S. Evans)—Tech. Experiment Station Bulletin No. 24, Some Additional Factors in the Prediction of the Tensile Strength of Sand Mortars.

Irving H. Pragman—Industrial Designer for Ka Var Varnish Corporation in New Jersey.

William J. Sweetser—Investigation of the Action of Soft Steel under applications of stresses beyond the Original Yield Point; Gave discussion of paper on the Elastic and Inelastic Behavior of Spring Materials at annual Am. Soc. of Mech. Engrs. Meeting.

Harry D. Watson—An Investigation of the Change in the Crystalline Structure of Mild Steel Subjected to Intermittent Repeated Stresses Beyond the Proportional Limit.

## Intramural Tennis

In the Interfraternity Tennis matches being played off, the following are results to date:

Semi-finals:

Theta Chi beat S.A.E. 6-2, 6-3.

Phi Mu Delta beat A.T.O. 6-2, 6-1.

Beta-Sigma Nu game not played.

Lambda Chi-Delta Tau game forfeited by Delta Tau.

Today Phi Gam and Phi Mu play for the winner of the Southern League, and Beta and Sigma Nu play in the Northern League. The winner of the Beta-Sigma Nu game plays Theta Chi on Monday for the winner of the Northern League. Kappa Sigma plays Lambda Chi for the winner of the Central League.

## PLAY PRODUCTION CLASS PRESENTS "FICKLE FORTUNE"

"Fickle Fortune" was presented by Ray Bradstreet's class in play production in chapel Tuesday evening, and showed evidence of both talented acting and skilled coaching. Edna Grange interpreted the difficult character part of Roxanna Blossom, an old family servant, with more ability and animation than is usually apparent in productions of this nature. The work of Evelyn Gleason as Gloria Warren, the lazy and self-centered daughter of the household was also deserving of merit.

Other members of the cast were Doris Ballard, Priscilla Noddin, Richard Burnham, Bertha Landon, Dorothy Blair, Philip Cohen, Madeline Riley, Ethel Thomas, Rosamond Cole, and Herbert Stanley.

## PHYSICS STAFF VISITS COLBY

On Saturday, May 17, the teachers of physics in the Maine colleges will meet at Colby for their semi-annual convention. This movement originated here at the University of Maine in the fall of 1926. It has been a big factor in producing a more kindly feeling on each campus towards the work of the others. It is interesting to note that other departments have more recently found it profitable to meet together.

"The College Graduate and Religious Service" was the subject talked upon at Assembly Monday morning, May 12. The students were very fortunate in being able to hear such interesting speakers as Reverend Amos Wilder, Harvard University; Miss Grace E. McConaughy, Boston, secretary, Congregational Board of Foreign Missions and Miss Helen Morton, Boston, American Red Cross.

## First Annual Senior Smoker Big Success

The first annual senior smoker was held Wednesday night in Alumni Hall with over 100 seniors and faculty guests present. The first speaker of the evening was Dean Corbett who complimented the class on their achievements during the past four years and brought the best wishes of the administration for future successes. Prof. Fassett representing the Arts and Sciences College in the regrettable absence of Dean Stevens proved an agreeable substitute and kept the crowd in continuous laughter with stories and wise-cracks. "Red" Hagen demonstrated his ability to make the best kind of music come out of a common saw. The high light of the evening was an original poem by Prof. Weston, who compared the journey through college with the charge of the Light Brigade. Bill Daley and Red Avery put on a boxing number. The evening's entertainment was concluded by Pat Loane on his xylophone who was accompanied by Neil Calderwood. Then all joined in the Stein Song.

All during the course of the evening everyone was plentifully supplied with eats, punch and smokes by Harry Moyer, "Hen" Plummer and Frank McCann. The success of the evening was due to a large measure to the work of Bill Daley and his efficient committee and everyone hopes that it will be an annual custom from now on.

## PLAY DAY FOR HIGH SCHOOLS

Play Day of the Women's Athletic Association for the nearby high schools will be held on Saturday, May 24. There will be a picnic lunch at Gilman Falls. It is free to the women undergraduates. That evening a banquet will be held, the Maine students paying 50 cents and the Athletic Association the rest. Sign up today on the posters in Balentine if you are positive you can attend either or both affairs.

## KAPPA SIGMA FORMAL

The Kappa Sigma formal held Friday night had a slightly different significance than usual due to the fact that it was to be the last formal held in the house with Mrs. Mason as the matron. Mrs. Mason has been at Kappa Sigma for twenty years, and to show their appreciation and esteem the boys dedicated the whole week-end to her. Music for the affair was furnished by the Hudson-Essex orchestra. Mr. and Mrs. Jenkins, and Mr. and Mrs. Sprague were the chaperones. The favors consisted of beautiful hand bags of various colors. An informal dance was held Saturday night.

## KAPPA PHI KAPPA BANQUET

Gamma Chapter of Kappa Phi Kappa met for its Banquet at the Penobscot Valley Country Club. The speakers were representatives of Delta Chapter of Colby: Prof. James F. Colgan of the Education Dept. and Mr. Jasper Foster. President Boardman of the University, Dr. Lutes of the Education Dept. of Maine, President Spencer of our Chapter also gave us food for thought. Ermo Scott was the Toastmaster and it is due to his efforts that our banquet was a glorious success.

## PURDUE DEAN LOSES OUT

Out at Purdue University, the Dean of Women has some very curious ideas. There is a place much frequented by co-eds and their escorts known as the "Hollow". To prevent parking in the "Hollow", the Dean planted poison ivy all about the spot. Now several co-eds are poisoned by the ivy, and one of them has become infected by the poison, and the joke is that the girls who were infected were there on a 'weenie roast'.

## A milestone of Telephone progress

This marker is used to show the position of a new type of underground cable line. It is also a monument to the Bell System policy of constantly improving established methods and developing new ones.

For years underground telephone cables have been laid in hollow duct lines especially constructed for the purpose. By this newly developed supplementary method they can be buried directly in the ground without con-

duit—and, under many conditions, at a saving of time and money.

To do this it was necessary to develop a new type of cable, many kinds of special equipment including labor-saving installation machinery, and to work out an entirely new installation procedure.

Progress means change. The Bell System holds no procedure so sacred that it is not open to improvement.

## BELL SYSTEM

A nation-wide system of inter-connecting telephones

"OUR PIONEERING WORK HAS JUST BEGUN"

(Continued from Page One)  
**Romansky Strikes 12 Men Out as Frosh Lose to E.M.C.S. 7-5**

times. Maine made a weak attempt to tie the score by making a lone run in the eighth, but the game ended, 7-5, in favor of E.M.C.S.

E.M.C.S. 0 3 0 0 4 0 0-7  
 Maine Freshmen 2 0 0 2 0 0 1-5

On Thursday at Kents Hill the freshmen started the ball rolling early, getting two runs in the second inning, six in the fifth, and three more in the sixth, while the Hilltoppers went scoreless. Prout, pitching his first game for Maine, found things much to his liking, but in the seventh he was touched for three runs, gave four more in the eighth, and

it was not until the ninth inning, when two additional runs had been scored, two men were on bases, and two were out, that he was relieved by Alley. Wiseman, then up for Kents Hill, grounded weakly, and the game ended with the score 11-9 in Maine's favor.

The feature of the game was a home run by Lewis, Maine's second sacker, in the second inning. Hall, Maine's center fielder, hit a double in his first time at bat and pulled a tendon in his left leg as he slid to second. This injury is still keeping him out of the game.

Maine Freshmen 0 2 0 0 6 3 0 0-11  
 Kents Hill 0 0 0 0 0 3 4 2-9

At Durham, on Friday, the Freshmen suffered their first defeat, 6-4, from the New Hampshire Freshmen. New Hamp-

**SENIOR CLASS PARTS SELECTED**

The following students will take part in the Class Day exercises, June 6, as a result of the vote cast by the Senior Class Thursday. Senior Marshal, Donald Marshall; Class Chaplain, Fred Sylvestor; Historian, Jack Walker; Presenter of Gifts, (women) Sylvia Gould, (men) Francis Lindsay; Orator, Milton Kent; Class Poet, Alice H. Bagley; Class Prophets, (women) Pauline Hall, (men) Charles Coughlin; Valedictorian, Harold Inman; Curator, Harry Richardson; Junior Marshal, William Keith.

The nominating committee was composed of Alice Bagley, William Flynt, Earle Gowell, David Marr, Jeanette Roney, Harry Richardson, Margaret Warren, John Walker, and William Daley, president of the class.

shire started scoring immediately, bringing in three runs in the first inning, and had matters much their own way during the whole game. Coach Kenyon used three pitchers, Romansky, Fine, and Alley, but to little avail. It was not until the last of the ninth inning, when New Hampshire was four scores to the good, that Maine showed any exceptional ability. Kenyon's squad then put on a rally which had New Hampshire worried considerably, but the freshmen were unable to bring in more than two runs. The final score was 6-4 in favor of the New Hampshire Frosh.

Abbott was Maine's star throughout the game, holding down his catcher's berth like a veteran and getting three hits, one of them a triple.

N. H. Freshmen 3 0 0 0 2 1 0 0-6

MAINE

(Continued from Page One)  
**Maine and Bates are Picked as Two Leading Contenders**

prove an upset as he did last season. Sid Foster of Bowdoin hit 51 and is good for even better.

Bates appears to have the half mile all counted with three of the quartet of American two mile relay champions sure of running and Viles a possible entry after the mile. All the other State colleges are as weak in this event as Bates is strong.

The mile will most likely be a Bates-Maine affair, the other two colleges being weak in the longer distances. Viles of Bates might be considered the favorite, having placed sixth in the I. C. 4 A mile last spring. Lindsay, although at his best in the two mile, is joint holder with his team-mate Richardson in the National I. C. 4 A Cross Country title, and three times co-holder of the New England Cross Country titles.

Lindsay has a mark of 4:20 in the mile and in good conditions can repeat. He has several wins over his Bates opponent, and having taken over Bartley Madden, Holy Cross plodder and New England runner-up to MacNaughton of Maine last year, will offer plenty of opposition. The next position will be a dual in itself between Brooks, Maine, and Hayes of Bates. Lindsay won the event last year.

Richardson, running mate of Lindsay, and in addition twice Maine and New England two mile champion, is the favorite in his specialty. He is well into shape again, after suffering a slight attack of blood poisoning last winter. Whitten of Bates turned in his best record at New Hampshire last Saturday of 9:43 which, running in any sort of company, bids fair to dethrone the champ. Gunning of Maine can better ten minutes easily and should take a third.

The hurdles look all Bowdoin with a slight dab of Bates, Maine and possibly Colby. With Stanwood and MacLaughlin in both events, Bowdoin has two place winners. Lufkin of Maine may break in the lows, as may Fisher of Bates in the highs.

The broad jump may go to any one of O'Connor of Maine, Knowlton or Knox of Bates, or Soule or Johnson of Bowdoin. Knowlton made a sensational leap of 22 ft. 10 1-2 in. Johnson and Soule of Bowdoin are good for better than 22 ft., while O'Connor of Maine holds the present record of 23 ft. 1 5-8 in., made last year.

O'Connor of Maine is a slight favorite in the high jump, having won the event last year. Burnham and Cuozzo of Maine are also good for 5 ft. 10 in. or better. Stanwood of Bowdoin and Knowlton of Bates can also hit this mark. The favorite has done 6 ft. 1 5-8 in. in competition against Bates last year.

The pole vault will likely go to Dill of Bates, with Wescott and Burnham of Maine and Appleton of Bowdoin figuring in the scoring.

Gowell, twice State and New England discus champion, should repeat. Houle of Bates threw 131 last Saturday and Curtis of Maine 134. Olson of Bowdoin threw nearly 130 against New Hampshire two weeks ago. Fickett of Maine can do 130 also.

Webber should take the shot for Maine, having done 43 ft. 6 in. against Holy Cross. Gowell of Maine is also getting around 40 ft., as is Gorham of Bates.

Maine appears to have the strength in the javelin, with two men throwing around 180 ft. Treworgy of Colby is

(Continued from Page One)  
**Maine by Winning Over Bates and Colby, Advances one Notch in State League Standing**

men but passing seven. Roberts, Brown, and Waite alternated on the mound for Colby. Pratt played third for Maine in the absence of McCabe, whose sprained ankle still keeps him out of the game, but his place was ably filled.

The game as a whole was loosely played with numerous errors on both sides. Rain threatened during the nine innings, but held off until the ninth, when a heavy downpour began.

Maine 0 0 0 0 4 3 0 0-7  
 Colby 0 0 0 0 0 0 4 2-6

These last two victories lifted Maine from third place in the state series standing to second, while Colby occupies Maine's former position. Bowdoin leads, with but a single game lost, while Bates, with five losses and no wins, occupies the cellar.

**STATE SERIES STANDING**

	Won	Lost	Ave.
Bowdoin	5	1	.833
Maine	4	3	.572
Colby	3	3	.500
Bates	0	5	.000

doing well and should account for a place if right.

The hammer throw brings to light another product of the famous little developer, Johnny McGee, coach of America's best at one time, Tootell. Galbraith, a big green lad, picked out last season from the freshman class is a prospect of Bowdoin. He has developed to such an extent that he bids fair to be in the class of his great predecessor, Tootell. In the absence of Rip Black, former Maine ace and Olympic star, Galbraith will find no competition in his pet event. Thayer and Chapman of Bowdoin are also good, while Moulton and Webber are doing better than 130 feet.

The following are the probable place winners: 100 yard dash: Knox, Bates; Stymiest, Maine; White, Maine; Johnson, Bowdoin; Giles, Colby. 220 yard dash: Berenson, Maine, and the above. 440: Tolman, Maine; Chapman, Bates; Foster, Bowdoin. One-half mile: Chapman, Lind, Cole, Bates. One mile: Viles, Hayes, Bates; Lindsay, Brooks, Maine. Two mile: Richardson, Gunning, Maine; Whitten, Bates; Whitcomb, Bowdoin. High hurdles: Stanwood, MacLaughlin, Bowdoin; Fisher, Bates. Low hurdles: Lufkin, Maine, and the above. High jump: O'Connor, Chase, Burnham, Cuozzo, Maine; Knowlton, Bates; Stanwood, Bowdoin. Broad jump: O'Connor, Chase, Maine; Knowlton, Bates; Johnson, Soule, Bowdoin. Pole Vault: Dill, Bates; Burnham, Maine; Appleton, Bowdoin. Discus: Gowell, Curtis, Maine; Houle, Bates; Olson, Bowdoin. Javelin: Jensen, Ashworth, Maine; Treworgy, Colby. Hammer: Galbraith, Thayer, Chapman, Bowdoin; Moulton, Maine. Shot put: Webber, Gowell, Maine; Gorham, White, Bates.

Maine is taking the following forty men to the meet: R. Austin, J. P. Ashworth, White, Stymiest, Berenson, Lufkin, Yerxa, Stiles, Dekin, Lathrop, Tolman, Wendell, Lindsay, Richardson, Gunning, Brooks, Timberlake, Sweetser, Gowell, Moulton, O'Connor, Chase, Burnham, Webber, Cuozzo, Fickett, Curtis, Jensen, Cleaves, Marshall, Masterman, Fuller, Draper, Hardy, Percival, Humphrey, Gatcomb, Robbins, Stone, and Managers Berry, Libby, and Morton.
