Hagan and MacLaughlin Crowned New Intramural Boxing Champs

Asali Beats Stone To Retain 155 lb. Title.
MacLaughlin-Vernon Bout
Goes Extra Round

Before a capacity audience in the indoor gym, which had come to witness the finals of the basketball tournament, the final bouts of the intramural boxing championship were staged Saturday afternoon.

In the 126 lb. class, Frank Hagan, Phi Gamma Delta, knocked out the defending champion Robert Whitten, Phi Eta Kappa, in the second round. The going was fast throughout, with Whitten finally succumbing to the cleverness and skillful boxing of Hagan. The first round was fast, but in the second round Hagan drove a hard left to Whitten's face, which knocked him down for a count of nine. Shortly afterwards, Hagan delivered a fierce deluge of blows to knock Whitten out for the count.

Louis Asali easily maintained his title in the 140-155 lb. class by gaining the judges' verdict over Lee Stone, the dormitory contender for the crown. The Phi Kappa man proved too experienced a boxer for the challenger who tried his utmost to penetrate Asali's defense. In the early part of the fight, Asali centered his blows on his opponent's body, but in the final round changed his tactics, effectively jabbing Stone's face. Stone rallied somewhat in the second round when he completed a few thrusts to Asali's neck and chest.

MacLaughlin, representing Alpha Gamma Rho, dethroned Vernon, Alpha Tau Omega champ, in the 126-140 lb. division, after an extra round was necessitated by a draw. MacLaughlin was the aggressor most of the time, while Vernon seemed content to fight defensively. The judges called a draw at the end of the three rounds, and the extra session found MacLaughlin landing some hard blows to Vernon's face and body. MacLaughlin was awarded the decision. In the exhibition matches, Attridge and Romero, both of the dormitory, staged a snappy bout. Both boys mixed willingly, and in the third round "Mitt" Attridge jabbed a stinging blow to Romero's face, the latter going down for a short count. The bout ended shortly afterwards with Romero in a slightly groggy condition.

The Tracy-Feeley bout was obviously an uneven match, Tracy of Alpha Gamma Rho having the advantages of height, weight, and reach over his opponent from

Liberal Club Is Formed On University Campus

A liberal club, which will have no officers or roll of membership, was started in the M. C. A. building Friday under the leadership of Chester A. Ramsey of the M. C. A. and Prof. Albert A. Whitmore of the history department. The club has taken as its purpose the discussion of problems of present day importance, and at its next regular gathering will discuss whether or not the United States should recognize Soviet Russia. This meeting will be held in the M.C.A. building on Thursday, April 9. A chairman is to be appointed for each meeting, whose duty it will be to introduce the subject, and every person present at the meeting will be considered as a member of the club.

FRESHMAN RIFLE TEAM DEFEATS BANGOR HIGH

In a three-position, shoulder-to-shoulder match fired last Saturday afternoon in Bangor against the Bangor High School Rifle Team, the frosh riflemen defeated Bangor by a total score of 2402-2306. This is the first time in the history of the freshman rifle team, which is being coached by Sergeant Strothers, that it has ever been able to overcome the queen city crew.

The following men fired for the freshmen: Crowley, Ludden, Jones, K. E. Lull, Hodson, Small, Young, Parsons, P. S. Grey, and Leadbetter.

Summary:

	Maine Frosh	Bangor H.S.
Standing	680	654
Prone	925	868
Kneeling	797	784

HOW NEAR DO YOU COME TO THIS?

The average man sleeps entirely too much, and four hours sleep each night is a plenty, according to Dr. Wilson A. Allen, of Rochester, who says he has not slept for more than four hours out of the 24 in 58 years.

Since he celebrated his 97th birthday the other day, his argument was not disputed by reporters who like to spend a good share of their time snoozing at police stations.

The doctor recommends the four hours sleep for business and professional men. Those who work with their bodies may need more, he admits.

Maine Team Loses Debate To N.Y.U.

Foster and Gehring Support
Affirmative for Repeal
Of Prohibition

Maine and New York University debated upon the question: Resolved that the Eighteenth Amendment should be repealed, in Alumni Chapel on Monday evening.

The Maine team supporting the affirmative argument was represented by Kenneth Foster '34 and John Gehring '31. The speakers from New York for the negative were Mr. Gettelson and Mr. Gold.

Points stressed by the Maine speakers were the illicit manufacture and traffic in liquor, pitifully inadequate enforcement of the law, and the rise of the aristocracy of drinkers making prohibition the "noblest experiment and greatest force" ever attempted.

The negative argument was based upon the necessity of equality among states in the liquor problem, the necessity of time to perfect such a social reform, and the fact that this progressive economic and industrial age demands complete efficiency.

The decision was in favor of New York University. Mr. Mark Bailey acted as chairman and the judges were Mr. Robinson, principal of the Old Town High School, Mr. Prescott, debating coach of Bangor High School, and Mr. Glaser, a prominent Bangor lawyer.

Farm Week To Have Prominent Speakers

Many subjects of interest to rural people will be discussed this year at the 25th annual observance of Farm and Home Week at the University of Maine. The extension, agricultural and experimental departments will furnish the greater number of the speakers. The names of speakers from the College of Technology, College of Arts and Sciences, and others not connected with the University will also appear on the program.

Prominent visiting speakers are Frank P. Washburn, Rev. John Nical Mark, Harold E. Horton, Mrs. Julian A. Dimock, Ella K. Gardner, C. G. Woodbury, W. E. Lewis, C. E. Dow, Ralph K. Adams, Charles S. Wilson, T. B. Charles, W. Gerald Holmes, Dr. J. A. Chucks, Dr. D. W. Folsom, Verne C. Beverly, E. L. Newdick, W. R. Thompson, D. W. Reed, President F. W. Johnson of Colby College, Dr. Olive Cooper, Edward E. Chase, F. C. Sears, Dr. J. H. Waring, Dr. D. M. Folsom, Harry B. Crawford, V. A. Rice, M. Tucker, C. H. Crawford, R. M. Kooi and Charles L. Shand.

An interesting program of entertainment has been provided, one of the features of which will be the milking contest. Bert Gould of Milo will strive to

Tech Seniors Leave For Inspection Tour

Will Tour Industrial Plants
Near Boston. Return
Tomorrow

A hundred and eleven students in the College of Technology left Orono Sunday night for the annual inspection tour to industrial plants in and near Boston. Each day they visit two or three plants and upon their return must write a paper covering the things observed during the trip.

The thirty-two men from the Department of Mechanical Engineering visited the Boston Gear Works and the Ford Motor Assembly Plant on Monday. On Tuesday they inspected the factory of the American Steel and Wire Company, the Wyman and Gordon plant, and the Worcester Pressed Steel factory. Yesterday they went through the Ramshead Mills, the Lowell Electric Light Corporation, and the General Electric Company. Today they will visit the International Engineering Company, and the Dennison Manufacturing Company. Tomorrow, the last day of the tour, they will visit the plants of the Boston Woven Hose Company, the Quincy Power Plant, and the Boston Edison Company. This group will be under the direction of Prof. W. J. Sweetser.

The thirty-seven Civil Engineers visited the Edison Company heating plant and the Ford Assembly Plant on Monday, the Boston Bridge Works and the Edison Company on Tuesday, and the bituminous laboratory of the Warren Brothers and the Cambridge Water Filtration Plant on Wednesday. Today they are inspecting the bridges of Boston, and the Charlestown Navy Yard, and tomorrow they will go through the Worcester Sewage Disposal Plant, the American Steel and Wire Company, and the W. P. I. Hydraulic Laboratory. This section will be headed by Prof. E. H. Sprague.

The chemists and chemical engineers spent Monday touring the United Drug Company, the Boston Varnish Company, and the American Solvents and Chemical Corporation. On Tuesday they went through the Mystic Iron Works, the New England Fuel and Transportation Company, the Colonial Beacon Oil Company, and the DuPont Viscoid Company.

They inspected the General Electric Company and the General Baking Company yesterday, and today they will visit the Bird and Son roofing plant and the American Sugar Refining Company. Prof. C. A. Brautlecht is in charge of these men.

The electrical engineers, under the direction of Prof. W. E. Barrows spent Monday at the plant of the New England Telephone and Telegraph Company

Mrs. Ruth H. Allee Gives Chapel Talk On Maine-in-Turkey

Mrs. Allee, formerly Ruth Hitchings of the class of '27, spoke in chapel Monday on the subject of "Maine-in-Turkey." Mrs. Allee is well qualified to speak on this subject, having just returned from three years of teaching at a girls' school in Smyrna.

Speaking first of how the money sent from this University is used, Mrs. Allee explained that the greater part of these funds goes toward the construction of schools, and to provide opportunities for educational work. Interest in dramatics and in physical activities has been stimulated by means of the extra money that has been sent from this college.

Maine comes second only to California in giving aid to Turkey. California pays the expenses of a scholar each year at one of its universities.

Mrs. Allee also spoke very interestingly of the beauty of Turkey and the present day culture as compared with the ruins of the old civilization.

In closing, Mrs. Allee brought a message of thanks from the other Maine graduates in Turkey, Mr. Frederick Thompson and Mr. and Mrs. Lee Vrooman, for the interest the alumni and student body have shown in the work. Mrs. Allee also stated that there might be an opportunity to have a Turkish student on the campus next year.

While at the University, Mrs. Allee was a guest at the Tri Delta sorority house, of which sorority she is a member.

This chapel address is the first step in the Maine-in-Turkey financial campaign which is to be held this week.

Presque Isle Wins Tournament Title

Comes From Behind To Score
Deciding Points In Last
Minute of Play

With a sensationally powerful defense that held the offensive Bangor team from scoring a point during the entire second half, Presque Isle squeezed a victory from the crimson five by a score of 15-13 to cop the finals of the annual interscholastic basketball tourney held here last Saturday afternoon.

Although the title appeared definitely settled to be going to the queen city crew who had amassed a seven point lead at half-time, Sweetser, Presque Isle's rangy center, came through to score the crucial points necessary for a win.

The game was deadlocked 2-2 until towards the end of the initial period, when Bangor broke through for a spurt which added five points to their total. In the second canto through the brilliant efforts of Bradbury, Bangor crept ahead to end the half with the count stretched to 13-6. Apparently the jinx 13 was too big a barrier to be passed by the Mulvaney men. Presque Isle effectively stopped the battle of Bangor's offense, and playing furiously, slowly advanced their score to 10 at the three-quarters mark.

The final period saw Sweetser toss in a basket closely followed by a foul shot which tied the score, and sent the crowd-stands into an uproar. With a minute to play, Sweetser dropped in the winning basket which gave to the Aroostook team the coveted Harmon Cup. Epstein though too closely guarded to score, played a fine game for the losers, while Sweetser was without doubt the mainstay of the team from the northland.

In the first round of the tournament, held Thursday, Caribou eked out a 20-17 win from a battling Cony High team, while Presque Isle easily captured her ticket to the semi-finals by whipping Calais Academy 42-24.

A.T.O. Plans To Build House On Lot Next To Phi Gamma Delta

As soon as their insurance adjustments have been completed, Alpha Tau Omega fraternity plans to put on a drive among their alumni to raise funds for a new house. They plan to build during the summer so that the new building will be ready for the fall term next year. The plans for the house, which will be located on the fraternity's lot on the Phi Kappa Sigma side of Phi Gamma Delta, are already drawn up.

The present addresses of the A. T. O.'s are as follows: Allen E. Savage, 1 Bennoch Street; Everett Teague, Delta Tau Delta; Charles Cushman, Delta Tau Delta; Willard Farris, Phi Gamma Delta; John Lane, Elmors in Orono; Paul Bennett, Ulysses Walker's home; Donovon Marble, Sigma Nu; Richard Loring, Sigma Nu; Richard Whitten, Sigma Nu; James Elliot, Delta Tau Delta; Norman Webster, 23 Park Street; Austin Fittz, Theta Chi; Ronald Young, Phi Gamma Delta; Malcolm Buchan, Phi Gamma Delta; Hubert Vernon, Phi Gamma Delta; Fernald Bagley, Howland's home, Island Avenue; Eustis Sullivan, Kappa Sigma; Ray Smith, Kappa Sigma; Edgar McCobb, Sigma Chi; Malcolm Long, 1 Bennoch Street; Willis Randall, 1 Bennoch Street; Arthur Lufkin, 1 Bennoch Street; Vincent Ashton, 81 Mill Street; Carl Hand, 81 Mill St.; George Elmanorff, Russell's house, Pine Street; James Cook, 1 Bennoch Street; Gilbert Robertshaw, 1 Bennoch Street; Earle Traynor, Sigma Chi; Keith Wilson, Phi Kappa Sigma; Stanley Prout, Phi Kappa Sigma; Clarence Smith, over Goldsmith's store; Bill Walker, receiving mail at Kappa Sigma, but living in the Horticulture building.

A. T. O. APPRECIATES AID

The members of Alpha Tau Omega Fraternity wish to thank most gratefully all the fraternities and members of the Faculty and all the people who have shown such wonderful hospitality during our recent trouble.

Members of Alpha Tau Omega

MAINE DEFEATS BATES 60-57 IN INDOOR TRACK MEET HERE

Pole Vault Decides Final Issue of Contest.
Chapman Sets New Record In
1000 Yard Run

By Harold Seigal

UNIVERSITY PRESENTS TEACHER WITH FOOTBALL

Upon hearing the Stein Song over the radio recently a school teacher of the fifth grade in a small Mississippi school received a brilliant inspiration as to where she could procure a much needed football for the pupils in her class. She wrote to Ted Curtis, faculty manager of athletics, asking if he had an old worn out football that he would be willing to send her. As a reward for her trouble the woman received a brand new football with the compliments of the University.

Despite the loss of several sure point-winners through ineligibility and illness, the Maine trackmen emerged victorious from the annual dual meet with Bates, held in the Memorial Gym last Saturday evening, by the close margin of three points, 60-57.

Three records were smashed during the evening, and the meet provided a thrill, when at the time the last scheduled event, the pole-vault, was to take place, the meet was a toss-up, with the count 54-54. Hill, of Bates, holder of the state title for two successive years, was eliminated early in the competition, and Meagher, a freshman, was unable to duplicate the feat of Webb, who pulled himself over with the bar at 12 feet 2 inches.

Raymo White, in spite of his injured ankle which forced him to limp when he walked, flashed over the 40 yard stretch in 4 3/8 seconds to better his own dual meet record by 1/8 of a second. Bates' star, Chapman, easily took first place in the two events in which he participated, winning both by a wide margin, and breaking the indoor track and dual meet time for the 1000 yard run by covering the course in 2 minutes 18 3/4 seconds. The old record of 2-19 was held by MacNaughton of Maine. Charlie O'Connor was forced to relinquish his indoor track record for the broad-jump to Knox, who stretched himself over 22 feet 4 inches.

Confirming the dopesters, Maine showed her strength in the field events by capturing five of six first places, while Bates held the upper hand on the track. Summary:

One mile run: won by Viles, Bates; second, Booth, Maine; third, Hayes, Bates. Winning time: 4-27.

600 yard run: won by Chapman, Bates; second, Lory, Bates; third, Adams, Bates. Winning time 1 min. 14 3/4 secs.

45 yard high hurdles: won by Purinton, Bates; second, Eaton, Bates; third, Stiles, Maine. Winning time, 6 3/4.

40 yard dash: won by White, Maine; second, Means, Maine; third, Knox, Bates. Winning time 4 3/4. Rec.

2 mile run: won by Whitten, Bates; second, Gunning, Maine; third, Furtwengler, Bates. Winning time 9 min. 57 secs.

300 yard run: won by Adams, Bates; second, Knox, Bates; third, Chase, Maine. Winning time 33 3/4 secs.

1000 yard run: won by Chapman, Bates; second, Cole, Bates; third, Mank, Maine. Winning time 2 min. 18 3/4 secs. Rec.

Discus: won by Curtis, Maine; second, Webber, Maine; third, Sweetser, Maine. Winning distance 129 feet 11 ins.

35 lb. hammer: won by Webber, Maine; second, Gonzals, Maine; third, Douglas, Bates. Winning distance 41 ft. 9 1/2 ins.

Broad jump: won by Knox, Bates; second, Chase, Maine; third, Sampson, Bates. Winning time 9 min. 57 secs.

(Continued on Page Four)

New Campus Board Elected for Coming Year

The Campus board for the coming year was elected Friday noon at an election held in the M.C.A. building and begins its work with this issue. W. Whidden Johnson '32, news-editor last year, was elected editor-in-chief, replacing Norman A. Porter. Rebecca Spenser '32 who was a feature editor on last year's board, was elected associate editor, taking the place of Fanny Fineberg. William V. D. Bratton '33, managing editor on last year's board, was re-elected. Other officers in the editorial department are: News (Men), Edward DeCourcy '34; News (Women), Evelyn Randall '32; Sports (Men), Harold Seigal '34; Sports (Women), Betty Barrows '33; Society, Eleanor Meacham '32; Features, Josephine Muttly '33 and Bernice Woodman '32.

The new business department is headed by Gordon Hayes '32, business manager, with Reginald Hargreaves '32 as assistant business manager, and John Palmer as circulation manager.

POLICY OF THE CAMPUS

With this issue, the first for which the newly installed *Campus* Board is responsible, we feel that it might be of interest to readers of the *Campus* to outline our policies for the coming year.

As the *Campus* is conducted under the name of a college newspaper, we feel that its primary purpose is the publishing of all news of interest to students, faculty, and alumni. A true and complete account of all activities carried on within, or effecting in any way, the University is the first aim of the present board. In addition to doing all in our power to secure a complete account of these matters, we will also welcome any contributions which might be of general interest and which may have escaped our attention.

In the matter of correspondence, we will welcome letters from anyone sufficiently interested to write, discussing any phase of student life or activities on the campus. We hope to make this department, in fact as well as in theory, the "voice of the student body." Any condition which is generally unsatisfactory can best be brought to light in this column, and an accurate and unbiased statement of conditions is the surest method of bringing about a change. It is the intention of this board to print all letters of some importance to our readers, which are not merely an expression of personal grudge.

The editorial policy of the *Campus* is intended to be of constructive value. Any worth while movement, of benefit to the University or students will receive the support of the paper. Any suggestions or criticisms of the *Campus* will be gladly received, and every effort will be made to produce a paper satisfactory to all our readers.

Another example of Book Store service: Government post cards are no longer carried in stock. Probably the management considers the capital tied up would be too great.

Correspondence

Editor of the "Maine Campus"
Orono, Maine

Dear Sir:

I through oversight the names of freshmen who were excused from the regular first-year course in English last fall on the basis of excellent performance in the Freshman-Week English tests was not made public. I am accordingly sending you for publication the following list of students so excused and admitted to either the History or English Literature or Second-Year Composition:

Eva Myrtle Bisbee, Portland; Kent Fairhead Bradbury, Fort Kent; Willard Stearns Caswell, Gray; Hope Wilkinson Clark, Orono; Paul Johnson Corban, Hartford, Conn.; James Edward DeCoursey, Darien, Conn.; Ralph Miller Dougherty, Houlton; Everett Clifford Laoni, Rockland; Rita Elmor Lanco, Spragfield, Mass.; Frances Jordan Lord, Old Town; Ruth Esther Lord, East Lebanon; James Kodolph Morin, Old Town; Herbert Granville Porter, Palmerton, Pa.; Mary Wilson Sproul, Livermore; Martha Ilona Tuomey, Monson; Ruth Sherlock Walenta, South China.

Six of these students in sophomore courses in English received "A" grades for the fall semester.

Very truly yours,

Milton Ellis

Head of the Department of English

Editor of the "Maine Campus"
University of Maine
Orono, Maine

Dear Sir:

Miss F. F. sounds mighty good to me. If something only could be done to put an end to the fustianable rules which we have to obey, wouldn't life be a little more cheerful? Why, just the other night I happened to come in less than one minute late by the house clock (which by the way was and still is over five minutes faster than even the University time). The weather was the cause of this unfortunate incident. I left the library a little too late to wade through the slush, that our sidewalks are hibernating under, in time for the bell. It matters not where I live or who was on door duty that evening. At any rate, for being late, I received just another demerit, when by the slightest degree of human kindness which that person on door duty might have had, that demerit could have been

saved for a more deserving case. Those cases do occur. Tonight for instance. Another girl, suddenly was seized by that common girls' dormitory disease "claustrophobia." Her friend was on door duty. The few who were sharers of this knowledge didn't report to anyone that this girl came in almost an hour after the time allowed her. Few of us would be mean enough to report any girl who had courage enough to do a thing like that. The only wrong she did was to disobey a few foolish rules composed by a very few people, who knew little enough what they were doing when they did it. In fact, I do not believe that that was wrong, or anything else for that matter. More good than harm was done, for she had plenty of time to enjoy a walk in the fresh air to Orono and back again.

If either of us, this girl who deliberately came in over half an hour late or me, who came in less than one minute late should be given a demerit, I think that the other girl should, but what do you think about it?

Now, about the rules, or rather restrictions. Just suppose that a girl disobeyed rules right and left. Let us say that she went out and came in at any hour of the day or night she pleased. What then? She would be brought up before the Council in short order, and no doubt, compassed. Now let us suppose that she continued to disobey rules even while compassed. What would happen then? Nothing as far as I can see, for the Council cannot prohibit a girl from going to the University of Maine. So, aren't the rules of the Council, and the Council itself almost a superfluous ornament around here?

Half past seven! Are we three-year old babies that we must be in by that time, or are we still living in the blue law days? It is true enough that the curfew law never was repealed, but how many people still observe the curfew, even though the whistle still blows at nine o'clock every night in Orono. Still, a nine o'clock curfew is not quite as bad as a half past seven curfew.

Who are all these restrictions and regulations for? The women of Maine, of course. But who makes and enforces these laws? Still it is the women of Maine. But, how many of the women of Maine who do the actual making of

Many Years Ago On This Campus

1902-1906

Records at the library show an average evening attendance of five.

The new Beta house is nearly finished and members of the chapter will move in Saturday.

The endeavor to create a disturbance during chapel exercises Wednesday was not a great success. The owner of the alarm clock may obtain it by calling at the college office.

The pump for the drinking water on the campus has been out of order for some time past, and the students have been treated to Stillwater with the usual amount of pleasure.

The fact is being made more and more apparent every day that the popularity of the game of American football is slowly but surely on the wane.

Note: there will be no issue of the *Campus* next week; editors are all plugging for exams.

The students were given a cut in chapel exercises last Thursday. This is the first cut that has been given for nearly ten years.

Intercollegiates

The University of Denver has summer rushing of co-eds. This would be one way of increasing our summer school attendance.

The *Varsity*, undergraduate newspaper of the University of Toronto, has been indefinitely suspended by the student administrative council following the publication in its columns of an editorial on atheism.

University of Arizona students who like to ride on automobile running boards or sit three or four in the driver's seat, are going to pay fines to the city if they don't take to riding like normal beings, announced the chief of police of the city. In other words, those who don't board the chariot first are going to have to walk to class.

The latest course at Rollins College at Winter Park, Florida, calls for a class in "Love Making." This institution shocked the educational world recently by abolishing professors, textbooks and other well known college implements.

A new idea for "cutting in" at dances has been inaugurated at Brigham Young University. Instead of tapping the shoulder of the fellow on whom you are cutting in, you just hand him a nice yellow lemon, and dance away with the fair one. Better beware of getting a "lemon" in return.

Notice

All members of Contributor's Club are asked to be present at the election of new members, which will be held in 200 Arts and Sciences on Thursday, March 19, at 7:30 P.M.

The volley ball tournament group games for co-eds will begin April 2 at 7 o'clock in Alumni Gym. The schedule will be posted after vacation.

Practice for the girls' indoor meet starts April 2 in Alumni Gym after the volley ball game at 7 o'clock. This meet will include all apparatus work. All four classes may enter in this meet.

Laws have enough strength in their heads to act on their own beliefs? Not many! If a vote were taken upon whether to raise the time from seven-thirty to ten, or even nine o'clock, practically all of them would agree that seven-thirty was a ridiculous time to set as a limit. Not only freshmen, I mean the sophomores, juniors, and especially the seniors, who by the way are usually highly represented. No wonder the advantages of later hours rest with the higher classes. Last year, the freshman girls got up enough courage to ask for better treatment, and all went well until they were panic-stricken by the very oily talk of some of their supposed "leaders." Now, with a class of freshmen such as we have now, it would take very little provocation to arouse every freshman girl. Soon, unless some plan for making our condition better is made, something will happen. Our house is as one body in this respect, and before very long, other groups will have met, and then, the Lord help the Council. So come on Council, and give us a "break," as our brothers say.

Sincerely yours,

Marjorie W. Owen

Social Happenings

MRS. BANGS BECOMES TRI DELT MATRON

Mrs. Bangs who has been matron at the A T O house since September, is now matron at the Tri Delta house. Mrs. Hesse, formerly matron of Tri Delta, several weeks ago broke her ankle and will be unable to return to the campus this semester. She is now convalescing with her daughter, Mrs. Marion Smith, in Watertown, Mass.

PI PHI'S SHINE COOKIES

The members of Pi Beta Phi sorority gave a cookie shine at their cabin Monday evening for their pledges. Patty Barton was in charge of arrangements.

MRS. ALLEE SPEAKS ON HER WORK AT VESPER SUNDAY

Sunday afternoon Mrs. Ruth Hitchings Allee spoke at the vesper service in Alumni Hall. She described some of her experiences at the American School in Smyrna and succeeded in giving the audience a flavor of the Near East. Ruth Hamor gave a vocal solo accompanied by Mr. Smith at the close of Mrs. Allee's talk.

FROSH "Y" CABINET MEETS IN M. C. A.

The freshman cabinet of the Y.W.C.A. held a meeting Tuesday afternoon in the M.C.A. building. Plans were discussed for future meetings. The cabinet also suggested methods of presenting "Y" work to the freshman class of 1935.

PI BETA PHI INFORMAL

Saturday evening the Pi Beta Phi sorority held a Pledge Dance at the K. of P. Hall in Old Town. The dance took the form of a St. Patrick's party and the ladies came dressed in very attractive green and white costumes.

For the novelty dance the men drew small shamrocks on which the ladies' names appeared, from a large shamrock basket.

Mr. and Mrs. Bray and Mr. and Mrs. Kenyon chaperoned. Larry's Bears furnished the music. The committee in charge was Hazel Sawyer, Margaret Denton, and Lora Brown.

KAPPA PSI HOLDS PLEDGE DANCE

Kappa Psi sorority held a pledge dance at Monitor Hall Friday evening, March 13. Attractive novelties gave to the occasion an atmosphere of a St. Patrick's party. Several invited guests were present.

Music was furnished by Harold Lloyd's orchestra. The party was chaperoned by Mr. and Mrs. Bertrand Brann and Mr. and Mrs. Lyle Jenness.

SIGMA MU SIGMA HOLDS INITIATION

Sigma Mu Sigma held initiation in 105 Arts and Sciences, Monday evening, March 16.

The following members were initiated into the honorary psychological fraternity:

Joseph Seneschal, Rebecca Spencer, Eleanor Meacham, Arthur Fairchild, Marguerite Lincoln, Richard Munce, Marjorie D. Stevens, Philip R. Cohen, Jeanne Kennedy, Miss Helen Lengyel, and Bernice Hopkins.

CHI OMEGA HOLDS INFORMAL AT COUNTRY CLUB

The Chi Omega sorority held their informal pledge dance Friday evening, March 13, at the Penobscot Country Club. A unique feature of the party was the White Carnation novelty dance. Rosamond Cole was chairman of the committee. Major and Mrs. Oliver, and Mr. and Mrs. Fred Youngs chaperoned the party.

PI PI KAPPA INITIATES

Pi Pi Kappa, the honorary Economics Society held an initiation of pledges on March 11, at 7:30, in the M.C.A. Building. Those initiated were: Katherine Jackson, Estelle Burrill, Hildreth Montgomery, George Packard, Paul Williamson, William Johnson, Arthur Stearn, Clark Abbott and Reginald Hargreaves. Abbott and Hargreaves, the only sophomores elected, had the highest rank in their class in the Economics Department.

The annual banquet of the society will take place very soon after the spring vacation.

MANY GUESTS ATTEND MT. VERNON TEA

Approximately one hundred guests attended the freshman tea which was held at Mt. Vernon last Thursday afternoon. Mrs. Merrill, matron of Mt. Vernon, Miss Louise Campbell, secretary of the Y.W.C.A., and Miss Martha Tuomi, house president of Mt. Vernon, were in the receiving line. Those in charge of the tea were Helen Beasley, Marjorie Brackett, Enid Humphreys, Dorothea Temple, Inez Gary, and Martha Tuomi.

MT. VERNON HOLDS ST. PATRICK'S DANCE

Mt. Vernon was very prettily decorated in green last Saturday evening for the St. Patrick's dance. Those on the committee for this informal were: Marjorie Brackett, Ruth Hamor, and Dorothea Temple. Mrs. Merrill, Mr. and Mrs. Jenness, and Mr. and Mrs. Moreland were chaperons. Harold Lloyd's orchestra furnished the music.

EAGLE STAG DANCE APRIL 4

The stag dance given by the Sophomore Eagles will take place in Alumni Hall on Saturday evening, April 4.

PHI MU'S SHAMROCK PARTY

Phi Mu gave a Shamrock Party Saturday evening at the Dorothy Memorial Hall in Bangor at which about seventy couples were present. Programs were in the shape of Shamrocks, and refreshments consisted of green punch, walnut ice cream with green sprinkles, and little cookies.

A novelty Shamrock dance was introduced after intermission and Pat Huddleston's orchestra, which furnished the music, played several Irish pieces.

PHI MU ENTERTAINS NATIONAL VICE-PRESIDENT

A mock initiation of one of the members was held Friday night in the M.C.A. building for the inspection of Mrs. Radiar, Phi Mu's national vice-president. The Phi Mu girls dressed formally for the occasion. This was followed Saturday morning by a model business meeting.

STEPPING INTO A MODERN WORLD

Fitting the service to the customer's needs

Bell System service is custom-made. Each of the 65,000,000 telephone calls handled in the average day must meet the exact wishes of the person making the call.

Telephone men study a customer's communication needs, then advise the type of equipment that fits them best. For department stores they may recommend the "order turret" — a special switchboard for taking orders by telephone. Thus they enlarge the

store's service and simplify ordering for the customer. They develop equipment and plans for brokerage houses, police departments, nation-wide sales forces — and all manner of business firms.

The telephone industry continues to grow by fitting its service more and more completely to the user's needs. For men with insight and the ability to coordinate, the opportunity is there!

Lafitte the pirate.

New Summer Session
Appointments Announced

Prof. Roy M. Peterson, director of the summer session, has announced several appointments to the faculty of the session, which will begin this year on July 6 and last until August 14. Ernest Scott Quimby, English teacher of Evander Childs High School in New York and lecturer in English at the Fordham University Graduate School, will teach courses in the teaching of English in the Junior High School and in the Secondary High School.

Dr. Dennis DeWitt Brane, assistant professor of political science at Western Reserve University, will offer courses in American government, European government, and problems of the Pacific. He has travelled in Japan and China, and has taught in Japan. For two years he carried on research in England and Europe.

Miss Evelyn Buchan, assistant professor of economics and sociology at Smith College and a former faculty member at the University of Maine, will conduct courses in dependency and defect, criminology, and the family.

Miss Mary Isabelle O'Sullivan, professor of English at Rosemont College, will give advanced courses in English, Chaucer, and the romantic poets, and elementary courses in descriptive and narrative writing. Mrs. Dorothy Brown Dean, supervisor of music in the Bangor Public Schools, will conduct courses for public and high school teachers in public school and high school music methods. If the demand is great enough, Mrs. Dean will teach music appreciation in place of music methods for high schools.

Alfred Carleton Andrews, graduate student of the University of Pennsylvania, will teach courses in Latin composition, and Catullus.

Howard Watson Flack, athletic and physical director in Neptune High School of Ocean Grove, N. J., who has been a member of the summer session faculty for the past few years, will again offer courses in athletic coaching including football, basketball, and track and field athletics. A course in methods and materials for teaching physical education will be offered by Mr. Flack for those who are studying for certificate credit.

Then there was the Scot who took his children to a Communist meeting and told them it was a circus.

MAGAZINE PUBLISHES
GRADUATE'S THESIS

A thesis "Rubber Power Transmission Belting", presented by W. L. Sturtevant (University of Maine, 1908) for the professional degree of Chemical Engineer in 1929, was printed in the October, November and December, 1930, and January 1931 issues of *India Rubber World*. Mr. Sturtevant is chief chemist of the Manhattan Rubber Manufacturing Division of Rabestos-Manhattan, Inc., Passaic, New Jersey.

LEADERS' COURSE IN CAMP-
FIRE WORK TO BE
CONDUCTED HERE

A training course for leaders in Campfire work will be held here from April 13 to 17, inclusive. Girls attending these classes, which will be held in the later part of the afternoons, will be excused from their regular gym classes, and will obtain credit in physical education. Miss Edith Kepthorne, National Field Secretary of Campfire work in New York City, will have charge of these classes.

Smoke a
FRESH Cigarette!

Cigarettes in prime condition have a moisture content of about 10%. It will be seen by the Pittsburgh Testing Laboratory Chart that cigarettes in the ordinary wrapped package lose more than half of their total moisture in thirty days and that only the Camel Humidor Pack delivers cigarettes to you in prime condition

THE whole country is talking about the throat-easy mildness and the prime freshness of Camel Cigarettes in the new Humidor Pack.

The above chart prepared by the Pittsburgh Testing Laboratory tells you why.

Please examine it carefully. It is an unfailing guide to cigarette selection and enjoyment.

As you can quickly see by the three upper curves on this interesting chart, cigarettes that lack the protection of the Humidor Pack lose their moisture rapidly from the day they are manufactured.

And day by day as this moisture disappears, the smoke from these cigarettes becomes harsher, hotter, more unkind to the smoker's throat.

Not so with Camels!

The Humidor Pack is moisture proof and sealed airtight at every point. It protects the rich, flavorful

aroma of the choice Turkish and Domestic tobaccos of which Camels are blended.

Make these tests yourself

It is so easy to tell the difference between parched dry cigarettes and fresh prime Camels that it is no wonder everybody is reaching for a fresh cigarette today.

Your fingers identify stale, dried-out tobaccos at once. While a Camel is flexible and pliant.

Your ears can tell the difference too. For a dust-dry cigarette crackles under pressure.

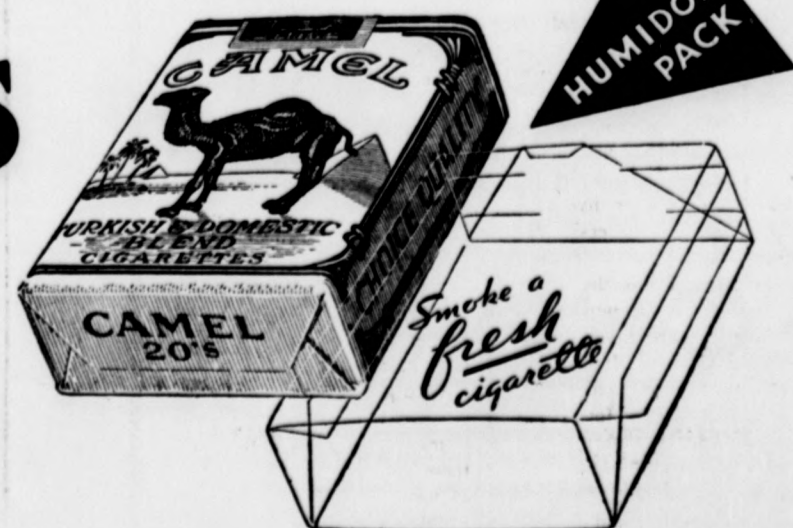

But the real test is taste and there is simply no comparison between the rich mildness of a Camel and the hot, brackish smoke from a stale, dry cigarette.

Switch to Camels just for today then leave them tomorrow if you can.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

CAMELS

Artificial heat in houses and apartments soon dries the moisture out of cigarettes wrapped the old fashioned way. It is the mark of a considerate hostess, by means of the Humidor Pack, to "Serve a fresh cigarette." Buy Camels by the carton—this cigarette will remain fresh in your home and office.

Presque Isle Wins Tournament Title

Thursday evening Orono succumbed before the defending champions from Houlton by the score of 32-14. The Houlton five proved too experienced for the Oronians, and Peabody, with the backing of Putnam and McReady pierced the opponents' defense to chalk up 14 points to his credit. Bangor High took over Gilman 33-13 to be the only remaining team in the tournament outside the boundary lines of Aroostook County.

Houlton was pitted against Bangor, while Presque Isle was matched with Caribou for the semi-finals staged Friday evening. Clark and Burnett led their team to victory by rolling up 14 points to make the total count 25-16. The 1930

winners were forced to bow to Bangor High, who grabbed the lead at the start, and never relinquished it. Way took honors for the Houlton crew, while Epstein and Burke flashed for the victors.

After the presentation of the huge Harmon Cup, the trophy plaque, and individual medals to the survivors of the three-day grind, the tournament committee made public their choice for the all-tournament first and all-tournament second teams. The men chosen were:

1st team: Bradbury, Bangor; Anderson, Caribou; Epstein, Bangor; Clark, Presque Isle; Burnett, Presque Isle.
 2nd team: Burke, Bangor; Peabody, Houlton; Sweetser, Presque Isle; Cote, Caribou; Libby, Bangor.

BOLTS

8 times as strong under super-heat as "before the war"

Trace the evolution of the bolt since 1913 and you trace the amazing post war advance of power and industrial processes... and the Crane contribution to help make it possible.

In carefree days "before the war," a steel bolt was a steel bolt. It was made of any easily obtained steel that forged easily and took threads well. Industry moved forward... stronger bolts were asked for. Ordinary steels were improved to tensile strength of 45,000 pounds. Not enough. A bolt with forged-on head and tensile strength of 50,000 pounds was developed. Still not enough. Cold rolled steel bolts with tensile strength of 80,000 pounds were offered. They had a tendency to snap.

To fully meet the demands of modern high pressure and temperature technology, Crane Co. brought out for its cast and forged steel materials their Triplex steel stud bolts, of chrome nickel steel with tensile strength of 125,000 pounds. The limit is not yet. Even now, Crane Co. can supply bolts for valve bonnets and flanges with tensile strength of 140,000 pounds and retaining strength at well past 1000° F.

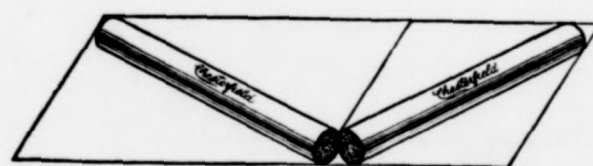

By exhaustive laboratory investigations, long carefully charted creep tests, detailed study of service conditions, Crane metallurgists have helped this development. With the same scientific methods they have as strikingly improved bodies, bonnets, discs and seats, stems, packing boxes... so that Crane valves and fittings can be supplied for higher pressures and temperatures than have yet been commercially projected.
