## LOAN FUNDS ARE MADE AVAILABLE BY CLASS VOTES

### Student & Faculty Contributions Should Go Over \$1000 Mark

Every student at the University will become a contributor to the Student Loan Fund, it became assured yesterday when the Freshman class voted to contribute as a class a sum equal to fifty cents for each member. Previously to this each of the other three classes had also voted to do this. With the present enrollment of about 1575 students in these four classes, this means that approximately \$787.50 has now been contributed. It is expected that faculty contributions will all be received within a week.

The meeting of the Junior Class was held Friday, that of the Sophomores Tuesday, and the Freshmen yesterday. The proposal for a fifty cent contribution from each member met with unanimous approval from all classes.

Before the money will be available for loans it must be formally turned over to the Loan Fund by the class treasurers.

With all four classes having adopted the Student Loan Fund plan, attention has now been turned toward the faculty. Letters are being sent to all members outlining the need of money and the method by which it is hoped that it will be raised, and asking for voluntary contributions. Within a few days solicitors will make the rounds, and it is hoped that every member of the faculty will have been approached within a week.

A faculty committee with representatives from each of the major divisions of the University was selected to formulate plans for approaching the faculty. This committee consisted of Dean L. S. Corbett, Registrar James A. Gannett, Professor William Sweetser, and Professor John Ashworth. It was decided by this group

(Continued on Page Three)

## CO-EDS WILL EDIT MODEL NEWSPAPER

Women will write and edit the next issue of the *Campus*, and promise to surprise the University with a novel issue. Under the direction of Associate Editor Rebecca Spencer the staff will consist of News Editor Evelyn Randall, Society Editor Eleanor Meacham, Feature Editors Bernice Woodman and Josephine Mutty, and the staff of women reporters.

Plans for the coming specialty have been under way for some time. The women plan to publish, not a humorous paper, but what they think a real college newspaper should be. Among other features to appear will be the choice of the students of Maine in the matter of the person whom they would pick for husband or wife.

## "LADIES OF THE JURY" WILL BE GIVEN TONIGHT

Tonight in Alumni Hall the Maine Masque will stage its third dramatic attempt of the year when "Ladies of the Jury" is presented before what is expected to be a capacity house. Work on the play has been progressing rapidly under the direction of Professor Mark Bailey. The play was very popular as a motion picture and a large number of students is expected to attend the showing tonight to see how well their friends compare with the actors chosen by motion picture casting directors.

The cast is as follows:  
Mrs. Crane, Arlene Merrill; Judge Fish, Ellston Ingalls; Prosecuting Attorney, Kenneth Foster; Attorney for the Defense, John Longley; Jay J. Pressley, John Barry; Spencer B. Dazey, Richard Worcester; Tony Theodopolus, George Stinchfield; Steve Bromm, Peter Kuntz; Andrew McKay, Harold Barrett; Alonzo Beal, Carl Bottum; Lilly Pratt, Darrell Brown; Mayme Mixer, Katherine Small; Mrs. Dace, Virginia Young; Mrs. McGuire, Betty Lynch; Mrs. Gordon, Charlotte Lachance; Evelyn Snow, Sylvia Hickson; Dr. Quincy Adams James, Jr., Walter Hall; Susanne, Hope Clark; Court Reporter, Adelle Allen; and Clerk of Court, John Willey.

## EDITOR KNOCKS MARRIAGE; GETS BOUNCE

By College News Service

Danville, Ky.—Charles J. Thurmond, editor of *Cento*, weekly at Centre College, this week had been ousted from his position because of an editorial on marriage.

He was declared to have attacked marriage as "the stupidest of all institutions in existence today (one which) ends in wrecked lives and casting of ugly blemishes on young lives having to come into contact with it."

Thurmond declared that his forced resignation was an attempt to throttle the freedom of the press.

## NEW GYM PLANS AWAII

Actual Construction To  
Begin Only If Cost  
Is Low Enough

Plans for the completion of the Memorial Gymnasium Armory, according to an announcement made on Tuesday by A. L. Deering, chairman of the Memorial Fund Committee, now hinge on whether the estimate soon to be made by a contractor is in excess of the money available. If this estimate is favorable in a financial way, construction will take place this summer.

That matters have reached this stage has been possible through revision and curtailment of the building plans as originally drawn up. Several years ago it was believed that over \$300,000 would be necessary to construct this addition, but because building costs are lower now and because of the alteration in the former plans it is hoped that the cost may be brought down to \$150,000. Present plans call for construction of the main addition minus the two wings.

The Alumni Council, realizing the increasing need of a gymnasium, several months ago instructed the committee to consider revision of plans to make construction possible this summer. The committee spent three months working with architects endeavoring to eliminate all features of the proposed building that would not impair its value. Present specifications do not differ a great deal from those originally planned. There will be a large gym more than twice the size of the one in Alumni, dressing rooms for both visiting teams and home teams, a room for equipment and apparatus, and offices. A swimming pool will not be included in the main building, but is apportioned the space in one of the wings.

It is thought that approximately \$150,000 could be made available for building work. If the contractor decides that the cost will be much greater than that figure, it is likely that further plans will be necessary, causing more delay and study on the problem.

## ENGLISH MAJORS TAKE COMPREHENSIVE EXAMS

By ORISSA FROST

Oral examinations for English majors will be held this week and next for the tenth consecutive year. The written exams were held last Saturday morning. These tests are intended especially for those entering the teaching profession and are unique at the University in that no other department has such a system.

Since 1923, major examinations have been given in the English department. They are designed for two purposes: First, to reinforce and put in orderly arrangement the general information that the student has acquired from courses in the subject. Second, to give the department different information of the student's ability and knowledge from that which can be obtained from ordinary class recitations and examinations. The major examination includes three exams—two written and one oral. One part consists of an hour and a half written test over the general field of English Literature. The other written examination is on the mechanics of composition. The oral exam is an hour in length. During that time the student is questioned on the subject matter of advanced literature courses that he has pursued.

This year a new plan has been put into effect for the guidance of students in reviewing. Each professor of the department has had assigned to him five seniors

## PREPARATION IN NURSING TO BE OFFERED HERE

### One Year Course To Be Given If Fourteen Girls Register

A special nursing training course will be offered for the 1932-33 school year, it was announced last Thursday by Professor Kenneth S. Rice of the Zoology department. It will be a full one-year course and is offered at the request of representatives of the hospital interests of the state. At least fourteen students must register for the course for it to be carried out.

Professor Rice, who was appointed by the Boardman to take charge of the emulated work, states that the innovation will not entail any financial expansion whatever on the part of the University. The cost of the course will be covered by the tuition fee, which is \$153 for the year.

The proposed course will give the prospective nurses a cultural basis on which to build their training. A year's work in the course will credit one to six months' training in the hospitals, besides the regular year's credit at the University.

"It should prove attractive to persons expecting to be nurses," Professor Rice said, "as the course is offered at the specific request of the hospital training schools of the state." The course will include instruction in anatomy, physiology, bacteriology, chemistry, dietetics, psychology, English, personal hygiene, sociology, history of nursing, and physical training.

This will form a distinct addition to the University curricula, although it will not cost the University anything. Announcements of the course have been sent to all superintendents of hospital training schools in the state, and to all high school principals. All students interested should make known their desire as soon as possible by writing the department. The course will be under the direction of the extension department of the University.

A committee has been working on the subject for some time. It is believed that such a course will not only relieve the hospital of much work, but it will tend to give the nurses a more thorough preparation and broader scope to their work. The committee included the following persons: Miss Harriet Bailey, New York board of hospital registration; Mrs. Theresa Anderson, state board of registration of nurses; Dr. Carl Hedin, Bangor State Hospital; Mrs. Trafford, superintendent of nurses, Bangor State Hospital; Dr. Thomas A. Devan, superintendent of Eastern Maine General Hospital; Miss Mary I. McKay, superintendent of nurses, E.M.G.H.; Miss Margaret Bryant, instructor of nurses, E.M.G.H.; Harold P. Marsh, trustee and chairman of the training school committee of E.M.G.H.; Dr. Bertram Bryant, member of the staff and of the training school of E.M.G.H.; Miss Louise P. Hopkins, Maine Public Health Association, tuberculosis division; Dr. Harold S. Boardman, president of the University of Maine and member of the training school committee of E.M.G.H.; and Dr. K. S. Rice, associate professor of zoology, U. of M.

## ABOLISH BOXING AS TRIBUTE TO DAWSON

An announcement has been made by Theodore Curtis, Faculty Director of Athletics, that in due respect to the unfortunate death suffered by Emile Dawson, the annual boxing tournament has been definitely called off for this year. This move was decided by Dean Corbett, Stanley Wallace and members of the Intramural Athletic Association.

## AVIATION EXPERT CHAPEL SPEAKER

### E. P. Warner, Formerly Ass't Sec'y of Navy, To Speak Monday

"Practical Air-mindedness" is the subject of the address to be given at assembly next Monday by Edward P. Warner, of New York. Mr. Warner, formerly Assistant Secretary of the Navy for Aeronautics, and now Editor of *Aviation*, is one of the outstanding authorities of the country on air transportation. His lecture will be a general treatment of the subject, including technical and financial factors, as well as the elements of more popular interest. He is expected to deal briefly with the future of air transportation in Maine.

Mr. Warner is a graduate of Harvard, with both the B.A. and B.S. degrees, and also holds the B.S. and M.S. degrees of the Massachusetts Institute of Technology. He became instructor in aeronautical engineering at M.I.T. in 1917-18. In the latter year he was appointed an aeronautical engineer in the United States army. During 1919-20 he was Chief Physicist for the National Advisory Committee for Aeronautics, and in 1920 served as technical attaché to that committee in Europe. He became Associate Professor of Aeronautical Engineering at M.I.T. in 1920, and professor in 1924, non-resident since 1926. From 1926-29 he was Assistant Secretary of the Navy for Aeronautics. Since 1929 he has been Editor of *Aviation*. In addition to the above, he was chairman of the Massachusetts State Board of Aeronautics from 1922-25, and was for some time chairman of the Boston Municipal Air Board.

Mr. Warner is a member of the American Physical Society, Society of Naval Architects and Marine Engineers, the American Society of Mechanical Engineers, and the Society of Automotive Engineers. He is the author of books on Aerostatics, Airplane Design and Aerodynamics, and of about one hundred papers on scientific and educational subjects.

## PLAY NIGHT MONDAY AT FELLOWSHIP CHURCH

Play Night for benefit of Community House will be held under auspices of Women's Alliance of the Fellowship Church on Monday, March 7, from 7:00 to 10:00 P.M. Admission 25 cents. Refreshments will be sold at cost. There will be no other charges.

## "CAMPUS" SNOOPS GET LOW DOWN ON ROMANCES AT BALL

A special staff of *Campus* reporters was on duty at the Intramural Ball Friday night in Alumni Hall to find out who went with whom and how our co-eds are dressing. Some of the facts gathered from copious illegible notes taken on the scene of action are:

1. Evelyn Gleason—Jerry Perkins. Black transparent velvet, red and silver slippers, black kid gloves, corsage of red roses.
2. Marnie Smith—Tom Baldwin. Blue taffeta, blue slippers.
3. Barbara Sawyer—"Red" Walton. Red crepe, red slippers.
4. Margaret Humphreys—John Stinchfield. Black crepe, trimmed with rhinestones at the neck, black gloves and slippers.
5. Dorothy Findlay—Basil Vaughan. Purple taffeta, white gloves, ear-rings, and shoes.
6. Adelle Allen—John Longley. Peach crepe, slippers of same shade, long white gloves.
7. Dorothy Blair—Albert MacMichael. White satin, white gloves.

7. Dorothy Sawyer—Alfred MacMichael. White satin, white shoes.
8. Anna Lyon—Milton Sims. Red crepe, brilliant straps, silver shoes, white gloves.
9. Eleanor Cross—Lefty Nunn. Black crepe, white gloves, black slippers, corsage of yellow roses.
10. Harriet Cross—Walter Hall. Black crepe, black slippers.
11. Ruth Blanning—George Stinchfield. Yellow crepe, yellow shoes, white gloves.
12. Beulah Osgood—William Wells. White crepe gown, white gloves and shoes.
13. Ernestine Merrill—James Whitten. Egg-shell satin, black gloves and shoes.
14. Harriet Porter—Merton Flanders. Blue and white gown, white slippers and gloves.
15. Frances Knight—Jake Webber. Pink and blue dress, blue and silver slippers.
16. Margaret Davis—Robert Stimson. Red transparent velvet, red slippers.
17. Darrell Brown—Orestes Rumazza. White lace, low décolletage, black gloves.

(Continued on Page Two)

## E. J. DAWSON SUCCUMBS TO INJURY RECEIVED IN BOXING

### Strikes Head On Floor Causing Cerebral Hemorrhage. Was Outstanding Member of Class of '35

EMILE JOSEPH DAWSON

Emile J. Dawson, '35, Mexico, died in the Eastern Maine General Hospital shortly after noon, Tuesday, as the result of injuries sustained Monday night in the intramural boxing tourney. Death was caused by a cerebral hemorrhage.

The accident, which resulted in Dawson's death, occurred in the middle of the third round of his bout with Robert Crockett, '34, Phi Kappa. The contestants were evenly matched and up to that point neither had had an advantage.

Referee Bill Kenyon and Trainer Stanley Wallace rendered first aid immediately, and Dawson was removed to the Map Room of the Armory where he was treated by Dr. Asa C. Adams, who had been called from Orono and who ordered that the injured man be rushed to the hospital.

Though every attempt was made to revive him, Dawson never regained consciousness. His father, John Dawson, was summoned from Mexico and was at his son's bedside when he passed away. Orestes Rumazza, president of the Intramural A. A., and Armand Giguere, who went through high school with Dawson, stayed with him throughout Monday night.

Since coming to Maine last fall, Dawson had established himself as an outstanding man, not only in extra-curricular activities, but also in scholarship. He was regular fullback on the freshman football team, was a weight man and pole vaulter on the freshman track team, and represented his dormitory team in boxing. He was held in high regard by his associates in every field, and was on the freshman honor roll. In the class elections he was chosen a member of the Class Executive Committee.

## LAW SCHOOL MAY BE STARTED AGAIN

Possibilities of a new law school at the University appeared over the horizon a week ago yesterday at a general meeting of the Alumni of the University of Maine College of Law. A committee was appointed to investigate the advisability of advocating a reorganization of the College of Law. President Harold S. Boardman stated that he would be glad to place the matter before the University Trustees if the alumni wished to take any action.

The meeting was held at the Tarratine Club in Bangor. President Boardman was guest of honor. Judge Benjamin W. Blanchard presided as toastmaster. After the dinner various speakers were called upon. All of them felt that an investigation should be made about a reorganization of the College of Law. Accordingly, a committee was appointed to take charge of the matter.

## PLANS ARE ANNOUNCED FOR WOMEN'S DEBATING

The schedule for the spring trip of the girls' debating team, on which the manager, Lucia Umphrey, has been working for some time, is nearly completed. The team, which is composed of Eva Bisbee, Ruth Walenta, and the manager, will leave here about the 21st of March. They will debate two, or possibly three, questions.

In the debates scheduled at Pembroke, Emerson College of Oratory, and International College, Springfield, the question will be, Resolved: that the United States should recognize Soviet Russia. This is the question which was used in the Bates debate last year, which was won by the Maine team. Maine will uphold the affirmative. At Columbia, the question debated will be, Resolved: that in the present financial depression, co-eds should pay half the expense of dates. This question was suggested by the Columbia men's team, with whom the girls will debate. It will probably be a no decision debate.

It is possible that a third question, on the centralized control of industry, will also be used, as several more debates are planned, for which definite arrangements have not yet been made.

## HE PLAYED THE GAME

By unhappy chance the University has lost one of its most promising students, an outstanding athlete. It is singularly unfortunate that death should have overtaken Emile Joseph Dawson while engaged in a friendly contest of skill and strength. The possibility of fatal misfortune following a boxing bout of this kind is remote—a thousand chances to one against it. But fate chose this as the unlucky one.

The victim of this tragedy, though in his first year at Maine, had already achieved for himself a reputation as an athlete. He was one of the best football players on his class team, and within the past week he added points to his team's score in track. He played the game hard and clean. In all that he attempted he acquitted himself well. He ranked well as a student, and his name stands on the honor roll of his class. That he enjoyed the respect of his classmates is shown by his election to the executive board of the Freshman Class.

Maine is the loser by his death. And to his parents, his classmates, and to those who were unwittingly involved in the catastrophe goes our especial sympathy. It is a source of satisfaction to realize that by the presence of medical attention at the ringside, and by the immediate summoning of physicians when the seriousness of the accident was realized, everything humanly possible was done to prevent that which happened. To no one can there be attached blame for what has happened. It can only be said, "An accident has happened, and the University has lost a friend, a classmate, and a student."

## PROGRESS

Progress of real value is apparent in the plans for establishing here a practical course in nursing. There are many changes continually taking place at the University, but too few of them are directed toward giving a better or broader education. Everyone likes to see a beautiful and well kept campus. No one would deny that money spent for new buildings or improving old ones is well spent. But students who come here want training first of all. It may be very pleasant to receive instruction in a fine new building, and be able to look out upon green lawns and growing trees, but if the instruction is mediocre, out of date, or not what the student wants, he will be little better off when he finishes than he was when he began.

Now, however, a distinctly new course is to be offered. And from the people who requested that this course be offered, it appears that it is one which will have real value. According to the announcements which have been made, the course will be supported entirely by the tuition of the students it attracts. This, of course, is a splendid arrangement. If courses can be offered without extra cost, the plan should be further expanded. There must be other courses which could be offered. If there are, why not make plans to teach them, even if it means that some of the University's money should be directed into this channel?

## GOOD WORK

Good work has been done by the four classes in accepting the Loan Fund proposal. With every student contributing, a substantial start has been made on a new and much needed loan fund. An equal generosity on the part of the faculty is to be hoped for. The students have shown the way in a worthy undertaking. It is for others to follow this lead and swell the loan fund to a size of which the University can be really proud.

Last Thursday evening a rally was held in Balentine Hall to interest the girls in rifling. Miss Lengyel conducted the meeting because Captain Wear was unable to attend. Quite a few girls attended, but not enough. What is the matter? Lack of interest or just laziness?

## CORRESPONDENCE

(The correspondence columns of The Campus are open to the public on pertinent subjects, and letters are welcomed. All letters should be signed with the author's real name, but a pen name will be used in publication of the letter if desired. The ideas stated in these columns are not necessarily those of The Campus and should not be so considered. The editor reserves the right to withhold any letter or a part of any letter.)

## BARN DATES

Editor of The Campus

Dear Sir:

In recognition of Brother Chase's pacific policy, I will refrain from military prating, and solicit his approval by confining these lines to a more amorous subject.

Not wishing to be impertinent, as some of our radicals have been, I will abstain from pointing out all the inefficiencies of our noble institution. Nor do I wish to borrow Mr. Chase's vulgarity to win easy favor with the students. I do not think it too radical to mention, that a measure of

respect and appreciation is due the worthy effort that makes possible our intellectual recreation through a decent library and spacious reading rooms, and our physical recreation through athletics, P. T., and (more or less seriously) R. O. T. C., but the lack of opportunity for amatory recreation is deplorable.

Many a bleak and chilly night I have seen, in a car parked along the farm road, an innocent couple, clasped in a pitiful huddle, shrinking from the icy air. Or in the dusk, one may discern a broad, two headed being sulking along this lonely road, talking to itself in low tones, with two voices. I was once startled by one of these creatures lurking in the shadows, until I discovered it to be only a cooing couple cuddled in one big coat.

More pathetic is the condition that induces a co-ed and her boy friend to seek seclusion and warmth in the dairy barn. It has not yet been my privilege to visit this popular place, but information from

## FOUR STRAIGHT OVER BATES IS AIM OF TRACK MEN SAT.

Coach Jenkins will take his varsity track team to Lewiston Saturday afternoon to compete against Bates in a dual meet in an attempt to make it four straight victories over the Bobcat. The following week, Maine will be hosts to Dartmouth in a dual meet which is to be held on Saturday evening.

This year both Maine and Bates are so evenly matched that the outcome is a tossup. Maine seems to be well fortified in the field and weight events, while Bates is particularly strong in the distant runs from the 300 to the 2 mile.

The 40 yard dash promises to be a great fight between Mel Means and Knox, the Bates dash ace. Means is a fast man in the short dash and should cross the tape the winner. Davis and Moulton are also to be counted on.

Moulton is the leading 300 yard man and will be assisted by Means, Hildreth, Scott, and Dekin. The 600 yard run will find the relay team contributing the leading material. Wendell has been turning in some fast time trials and aiding him will be Pendleton, Moulton, Dekin, and Timberlake.

Maine has been greatly weakened by the loss of Mank in the 1000 and it seems as though Bob Pendleton will be the mainstay for the Pale Blue in this event. Shaw, Percival, and Earle are also fast men in this run.

The mile run looks like a sure victory for Bates with Jellison, one of the best milers in New England, competing. Harry Booth is Jenkins' hope to upset Jellison. Whitten in the two mile seems to be another win for the Bobcat with Ev Gunning supplying competition. Booth may also run this event with Austin, Earle and Clifford.

Webb and Hathaway should clean up the pole vault with Havey as the probable third place man. Maine will be represented by Webb, Bunker, and Burnham in the high jump.

Al Alley seems a likely winner in the 16 pound shot with Cal Fickett, Favor, and Rogers aiding him. In the discus, the above mentioned men are also the leaders.

In the 35 pound weight, Don Favor and Cal Fickett are outstanding and both should be among the point winners.

## VISITS PLANNED TO ME. ALUMNI

President Harold S. Boardman, Dean Paul Cloke, and Alumni Secretary Charles E. Crossland will make a series of visits to alumni associations of the University during March, according to information contained in the *Maine Alumnus* for the present month.

From March 8 to 19, twelve associations will hold meetings in cities located from Augusta, Me., to Detroit, Michigan. President Boardman, together with Executive Secretary "Charlie" Crossland, plans to visit associations located in Portland and New York City; the President will also attend the annual banquet of the Boston Association, which will be held at the Hotel Victoria on March 12. Paul Cloke, Dean of the College of Technology, also accompanied by Executive Secretary Crossland, will attend meetings held in the following cities: Schenectady and Buffalo in New York; Cleveland in Ohio; and Pittsburgh, Allentown, and Philadelphia in Pennsylvania.

Plans for the month of April include visits to the following local associations: York County on April 11; Concord, New Hampshire; Worcester and Springfield in Massachusetts; Hartford, Connecticut, and Providence, Rhode Island.

The March *Alumnus*, for the benefit of those seniors who, perhaps, are receiving the magazine for the first or second time, has an unusually high percentage of University and campus news. Mention is made of this fact in order that the issue may not seem to lack live news, for to alumni living away from the University, campus news is one of the most interesting portions of the magazine. In addition to articles on Dean Stevens' resignation (which includes an interview not yet published elsewhere), the Student Loan Fund, athletics, and general campus news, the *Alumnus* for March devotes a full page to three members of the class of 1907, one to editorials, one to local association news, one to alumni news, and three to "alumni personals"—short sketches of alumni and what they are doing. It is interesting to note that the last *Alumnus* contained over 130 of these write-ups.

Kappa Sigma recently elected new officers for the coming year. They are as follows: Donald Frasier, president; Peter Karalekas, secretary; Carl Sawyer, treasurer; and Philip Linn, master of ceremonies.

reliable sources puts me in sympathy with the kindly milkmen who are said to co-operate with these fugitives from outdoor inclemency, by turning out the lights in the waiting room, and warning of any approaching disturbance. A few urban damsels may find something romantic in these plebeian halls, but it must be boring to natives and ruralists.

Our college men and women are not sneaky and do not desire total secrecy in their meetings. A place for respectable seclusion is their need and the remedy for much prevailing dissatisfaction. This inadequacy can be met by arranging a few lounging rooms, furnished with divans—soft wide divans, enclosed by screens. Chaperons are not needed or desired. They are but relics of Puritan suspicion and the fallacy of judging others by one's self. The initial expense and upkeep of this project could be met by popular subscription or by nickle-in-the-slot radios.

Such a meeting place for our young men and women would erase the gloom from many a world weary face that darkens our campus—haven't you noticed 'em—and it would enhance the purpose for which a number of our women come to college.

Sincerely,  
Rodney Olsen

## NOTICE

Another grade period has passed, a new semester is well under way. Managers of all student organizations, both athletic and non-athletic have certain duties prescribed on pages 10 and 11 in the current book of rules, "Information for the Guidance of Students." These concern the eligibility of officers, members of teams, clubs, editorial boards, and others representing the University in any activity.

An executive head allowing an ineligible student to participate in any activity may be required to resign his position. The Committee on Eligibility has hitherto sent out letters and published requests; it now emphasizes the fact that responsibility for checking eligibility after each grade period rests with the managers or other constituted head officers of student organizations. Upon the election of new managers or head officers, this fact should be impressed upon them by those retiring.

Respectfully,  
J. H. Waring, Chairman

## The Maine Snoopus

Get out your rubbers, my dears—old March is sneaking in on us like the proverbial lamb with plenty of slip and slush—but don't let 'er kid you—it isn't wise to get spring fever for at least a month yet, and then it isn't wise but people will do it!...Did you hear about those naughty, naughty little Lambda Chi boys, those bo-o-old, ba-a-ad men who snuck over to Mt. Vernon in the dark of night and snatched washings off the line from the helpless inmates. Very discriminating they were too, and only took certain—er—articles of clothing—ask them!! And didn't the dean (?) call up and givumbell? And they don't dare lift their faces up no more!...The S.A.E.'s are "crabbing the cause" with the Bookstore babes, Kay and Ola and the rest—having them down to dinner and all that sort of thing—hey, hey! That's getting the jump on the rest of us—we'll never get our coffee and doughnuts now, if any S.A.E.'s are around, and they usually are!...It's wonderful the huge crowds chapel hours draw—to the Bookstore! The speaker ought to migrate thither and fool 'em.

An idea, wot?...People have been asking us about Jack Leddy's shoes, those white ones, rather large white ones that turn up on the toes. Gosh, we don't know—why does he wear them anyway? For that air of distinction maybe? ...So our favorite hang-out is being turned into a swell joint, one of these high-hat dives with dancing and music and what-not! Won't us low brows feel kind of out of place there?...We can't quite understand this Al Gerry person. First he has it (pin), then he hasn't, and then he has it again. Durn queer business!...And this A.T.O. dance,—girls, you might as well lay off Pascy; he's already asked some lucky girl....The "brothers" are giving the "sisters" a break Saturday night and all staying home and having a party for the dear things. Darn nice of the boys, wot?...Of course you've been inveigled into buying a copy of the elusive Maine Review??? Have faith. It really sounds as though the great mystery were going to be unveiled at last and exposed to the public after keeping us in suspense all these months. And of course the contents will be thoroughly up-to-the-minute?...Dig out your frat coats and wind up the vics—you'll get spring fever in spite of my warning!!! I'm beginning to get that way myself!

## FROSH HOOPSTERS WIN LAST CONTEST

The basketball invasion of Spudland by the Frosh warriors came to a successful conclusion Thursday night when they outlasted the Aroostook Classical quintet by an 18-14 score. The teams were evenly matched through most of the contest but the Kenyon men finished strong in the last canto to give them the game. Roberts and MacBride starred for the Frosh.

On the previous night the freshmen had been just two times too potent for the Fort Fairfield High School team, winning by a 34-17 margin. MacBride and Roberts continued their scoring thrusts of the previous contests with 22 points between them. MacBride playing forward in three of the Aroostook games and guard in the other two amassed a total of 45 points during the trip.

And with the Aroostook trip over, so ends the basketball season for the Frosh. That they were on top in eleven of the thirteen games played speaks well for their success. A review of the season shows that only Kents Hill and Presque Isle, potential state champions in their respective divisions, were able to push out a victory. Coach Kenyon used several combinations in each of the opening games in an effort to develop a capable crew. Due to the large number of candidates, possibilities were numerous and not for several games was a smooth working team found. An approximate checkup of the scoring leaders shows MacBride, Roberts, and Anderson very close in total points. These three men with Kilgore and Cobb figured largely in every game. Simon, Goodwin, Crandall, and Henderson were also often called upon to do duty.

Frosh B team playing seven games lost only two, one to Dexter and the other to Old Town, a defeat which they later avenged. Myers, Ryan, and Wadleigh turned in good performances.

## BASEBALL OUTLOOK GOOD, SAYS BRICE

In looking over the baseball prospects for the coming season, Coach Brice states, that although practice has only begun and things have hardly shaped up as yet the outlook is encouraging for a successful season.

As the armory will be used by the Prep School and High School basketball tournaments, practice has to be confined to the battery alone and a call for the infield and outfield is being delayed until the completion of the tournament. It is expected that the call will be issued a few days before the Easter vacation, probably on Tuesday, March 22.

At present, fourteen men have reported to work out for a berth on the pitching staff and five for catching. Among the fourteen working out are two letter men with considerable experience—Nutting, with two years' experience in pitching and fielding, and Abbott, who caught last year after Captain Wells was taken ill. The men have not, as yet, entered into strenuous training but are limbering up for the hard work ahead.

Quite a few veterans are expected to report for infield and outfield positions unless "old man ineligibility" interferes. Among the men with previous varsity experience are, Infield: Ray Smith, first base; Herbie Lewis, second base; Swen Halgren, short stop; and Pat McCabe,

## RICE PLEASES AUDIENCE WITH VIOLIN SOLOS

Eugene H. Rice, a violinist from Bangor, played at chapel Monday, March 1. His selections were: "G Major—Adagio and Allegro"; "Concerto in D Minor" by Mendelssohn and "Liebslied" by Fritz Kreisler.

"The Bee" by Fritz Kreisler, was rendered as an encore to the appreciative audience. Mrs. Rheita Tasker of Bangor was his accompanist.

## English Majors Take Comprehensive Exams

(Continued from Page One)

and during the whole semester these groups met a number of times and talked over the subject matter upon which they needed review. Apparently this plan was very beneficial, judging from the exams that have been graded. So far, the general showing is considerably above the average shown in past years.

It has been the custom of the department to post the names of students in the upper half of the class in the order of their average showing in the exams. Use is also made of this showing in the departmental recommendation of candidates for teaching and other positions.

Some of the other departments in the College of Arts and Sciences are considering adopting this plan of major examination in the future.

## Summer Session Will Be Bigger and Better

(Continued from Page One)

Phillips, associate professor of Romance languages, Swarthmore College, French; Helen C. Goodspeed, assistant to director of home economics, Philadelphia schools, home economics; George L. Glaumer, professor of history, West Virginia Wesleyan College, history; Dr. Percie H. Turner, formerly on the staff of the University of Maine, English; Dr. Carl J. Weber, professor of English literature, Colby College, English; and Dr. Mary I. O'Sullivan, professor in Rosemont College, English.

The following visiting members of the faculty will be located at the Lamoine Biological Station: Dr. Carl Theron, English, associate professor of anatomy, College of Physicians and Surgeons, Columbia University; Dr. Harvey L. Sweetman, assistant professor of entomology, Massachusetts State College; Dr. Dorothy Richardson, instructor in zoology, Mount Holyoke College; and Edith Mortensen, assistant professor of Biology, St. Paul-Luther College. At the Station there will be also four junior instructors.

Several members of the regular university faculty will be connected with the Summer Session for the first time. Among these are Prof. Stanley M. Wallace, who will be the head of an enlarged department of physical and health education; Dr. John R. Crawford, educational measurements and statistics; James Moreland, journalism; Dr. Marion D. Sweetman and Beulah Osgood, home economics; Dr. Stanley R. Ashby, English; Prof. Frances E. Arnold, Spanish and Italian; and H. L. Bricker, public speaking.

third base. Outfield: Blondy Hincks with two years' experience, and Amel Kiszonak, with experience in pitching and fielding. With the fielding problem shaping up well, it can readily be seen that the problem will lay in the battery.

No men of varsity caliber have been produced by the 1934 frosh team and it is fortunate that Maine is carrying over quite a lot of men with varsity infield and outfield experience.

## Chi O's Celebrate 10th Anniversary In Maine

On Monday evening, Chi Omega sorority celebrated its tenth birthday at the home of Mrs. Asa Adams with alumnae from both Xi Beta Chapter of University of Maine, and Beta Chapter of Colby as hostesses to the patronesses and active members of the Xi Beta Chapter. Ten years ago the Xi Beta Chapter was founded in the house where the party was held on Monday night.

A buffet supper was served. Mrs. Alice Brown and Miss Beth Foster poured. For the observance of Xi Beta's tenth birthday there was a decorated cake lighted with cardinal and straw colored candles.

The Misses Phyllis and Barbara Lancaster entertained with piano solos, readings, and a clever skit. Carnations were given to the girls as favors.

The patronesses present were: Mrs. Everett Davey, Mrs. George Simmons, Mrs. Fred Youngs, Mrs. Paul Cloke, Mrs. E. R. Hitchner, and Mrs. Asa Adams.

The alumnae of Xi Beta attending the party were: Mrs. Mildred Schumpff, Miss Lois Burr, Miss Estelle Nason, Mrs. Doris Ladd, Miss Amber Williams, Miss Leone Dakin, Miss Catherine Larcher, Miss Marna Wentworth, Mrs. Barbara Skofield, and Miss Mabel Lancaster. Those of Beta Chapter who were present were: Mrs. Alice Brown, Mrs. Asa Adams, Mrs. Rufus Grindell, Mrs. Raymond Reese, Mrs. Elizabeth Wasson, and Mrs. Grace Grant. Miss Beth Foster is a member of Xi Chapter of Chi Omega at the University of Texas.

Dean Paul Cloke attended the annual meeting of Maine Association of Engineers to be held at Portland, Maine, Friday, February 20th, at the Eastland Hotel. As Chairman of the Maine Unemployment Committee of the American Engineering Council Dean Cloke gave a summary of the results of questionnaires which were recently sent out to the members of the Association and to similar organizations in this state.

A. S. Creamer, B.S. in Ch.E. (1926) located with the Bureau of Standards in Washington, published an article with R. F. Geller, on "Metal Marking of Whiteward Glazes as Influenced by Sulfur and Carbon in Kiln Atmospheres," in the Journal of the American Ceramic Society 14, 624-30 (1931).

Dean Paul Cloke, accompanied by Professors Lyon, Sprague and Felker, attended the meeting in Portland of the Maine Association of Engineers on February 26, at which time Bryant Hopkins, U. of M. 1917 was elected secretary and treasurer, and Max Wilder, U. of M. 1914, was elected vice-president.

Eloise Young, Delta Delta Delta, '33, is now in the Eastern Maine General Hospital recovering from an appendicitis operation.

Professor Leavitt of the Department of Civil Engineering left for Washington on February 28 to attend the annual convention of American Concrete Institute.

John Moore was recently elected President of Sigma Alpha Epsilon and Alden Denaco Vice President.

John Dixon of Kappa Sigma was in Boston last week-end. He attended as a delegate to the Kappa Sigma Conclave at Harvard University.

## TUFTS COLLEGE DENTAL SCHOOL

Founded 1900

COLLEGE men and women—prepare for a profession of widening interest and opportunity. Recent research has enlarged the scope of every phase of dentistry. The field demands more than ever before, men and women of ability backed by superior training. Such training Tufts College Dental School offers to its students. School opens on September 29, 1932. Our catalog will guide you in choosing your career. For information address—  
WILLIAM RICE, D.M.D., Sc.D., Dean  
416 Huntington Avenue Boston, Mass.

## Drastic Changes Made In New Football Rules

The most drastic changes in football rules for the past 25 years have been recommended by the Football Rules Committee of the National Collegiate Athletic Association.

The rules call for:

1. Abolition of the flying tackle and the flying block. It will be legal for the tackler to leave his feet only at the instant that he makes contact with the opponent. A loss of 5 yards is the penalty for this offense.

2. Forbidding of players on defense to strike opponent on the head, neck, face with hands, wrist, or forearm or elbow.

The penalty for violation of this rule is disqualification and loss of half the distance to the opponent's goal.

3. Soft padding over thigh guards, shin guards and braces.

4. Return of the player into the game at any time regardless of the period. The team making the substitution in this case is to be charged with a timeout unless time is already out for some reason or unless substitution is made for an injured player.

5. Halting of play the instant any part of the ball carrier's body, excepting hands and feet, touch the ground, regardless of whether or not an opponent is near.

6. Lessening of massed interference on kickoff plays by compelling at least five players on the receiving team to line up within 15 yards of their opponents, and by permitting a choice of placement, punt, or dropkick on the kickoff to allow a higher boot.

## BETA THETA PI INFORMAL

Attended by over fifty couples Beta Theta Pi held an informal dance at their chapter house last Saturday evening.

There were a number of out of town guests. Mr. and Mrs. John Mee were guests of honor. Music for the affair was furnished by Clyde Lougee's orchestra. Mr. and Mrs. Frederick Youngs chaperoned. The social committee consisted of: Robert Russ, Frederick Black, and John Leddy.

## BUM PARTY AT PHI MU

On Saturday evening forty couples attended a "bum" party given by the Phi Mu Delta fraternity. The house was cleverly and appropriately decorated under the direction of "Al" Jackson, "Al" Alley, and "Ken" Cleaves. Music was furnished by the University of Maine Troubadours. Mrs. Ada King and Mr. and Mrs. Elmer Hitchner chaperoned.

## CAPT. WEAR IS MADE HONORARY THETA CHI

Captain Hugh A. Wear, instructor in the local R.O.T.C. unit, has been pledged by Gamma Chapter of Theta Chi Fraternity as an honorary member. Captain Wear, who attended Texas A & M College and has since served in the United States Army for 15 years, is the second honorary member to be pledged by the local chapter of Theta Chi since its installation in 1908.

Albert English, Calais has been pledged to Sigma Phi Sigma.

## Loan Funds Are Made Available by Class Votes

(Continued from Page One)

to appoint a captain for each department of the University, who would, in turn appoint solicitors to approach all faculty members in that department.

The captains selected are Mr. Gannett for the Administration, Professor M. D. Jones for the College of Agriculture, Miss Marion Buzzell for the College of Arts and Sciences, C. R. Phipps for the Experiment Station, and Professor W. J. Sweetser for the College of Technology. These captains will receive cards containing the names of faculty members, and which they will distribute to solicitors. Each solicitor is to approach every person whose card he holds and report to the department captain.

About \$750 has been voted to the loan fund by the four classes, and it is hoped by the committee that this may be raised to a total of \$1000 by faculty contributions.

—and that's what the statistician does for industry

Definite knowledge of "where we are" and "what lies ahead" is as vital in business as in flying. For this expert navigating, the Bell System has long relied upon statisticians.

These men study present and prospective industrial, economic and social conditions in all parts of the country. They gather facts—analyze them, correlate them, discover their significance to the telephone business, draw guidance from them. They study and fore-

cast the changing requirements of the public for telephone service. They estimate the probable future demand for new services, such as radio telephony to foreign lands and ships at sea. They keep the executives advised as to current progress towards the objectives thus carefully determined.

Only by plotting a course scientifically can the Bell System continue to develop along sound lines.

# Two Records Smashed in I. M. Meet

## Beta Cops Both Cups With Phi Eta Kappa and Dorm A Each Getting Second Place

ELWIN MOULTON

Records were smashed by Cal Fickett and El Moulton at the Intramural Track Meet held at the Indoor Gym Saturday afternoon, as Beta Theta Pi's two-man team, Florio and Fickett, piled up a total of 43½ points to win the Intramural Cup and 31½ points to take the Charles Rice Trophy. The Charles Rice award has been in the possession of Phi Eta Kappa for a number of years and it was quite a surprise when Beta Theta Pi finally wrestled the cup from Phi Eta's possession.

Fickett set a new record of 182 ft. 6 in. in the javelin throw besides taking second places in the shot put and hammer throw. Bill Florio came through with first places in the high and low hurdles, the broad jump, and the 50 yard dash. In the latter event, he tied the record of 5½ seconds made in the indoor gym. Florio also scored a third in the high jump.

Moulton of Phi Eta Kappa set a new record of 33 seconds in the 300 yd. event, with Means of Lambda Chi forcing him to the limit. Moulton is a new man this year and has been improving ever since the first of the year. He is sure to be an asset to the track team for the coming year.

Ev Gunning pulled a big surprise when he won the two-mile events. Drummond, freshman track sensation, has been taking over all of the varsity men regularly, but he could not keep up with the pace set by Gunning.

The standing of the various houses in the meet is as follows: For the Charles Rice Cup: Beta Theta Pi first with 31½ points, Phi Eta Kappa second with 23½ points, Lambda Chi third with 17 points, Phi Kappa Sigma fourth with 14 points, Phi Mu Delta fifth with 11 points, Theta Chi sixth with 9 points, Oak Hall and Dorm A tied for seventh with 8 points, Alpha Tau Omega ninth with 5 points, Dorm B tenth with 4 points, Sigma Chi, Kappa Sigma and Delta Tau Delta tied for eleventh place with 3 points each.

For the Intramural Cup: Beta Theta Pi first with 43½ points, Dorm A second, 27 points, Oak Hall third with 23 points, Phi Eta Kappa fourth with 22½ points, Lambda Chi fifth with 17 points, Phi Kappa Sigma sixth with 7½ points, Dorm B seventh with 10½ points, Delta Tau Delta eighth with three points, and Kappa Sigma, Sigma Alpha Epsilon, Phi Mu Delta, and Theta Chi tied for ninth place with 2 points.

### Summary:

50 yd. dash—For the Charles Rice Cup: Won by Florio BΘH, Means AXA second, Mullaney Dorm A third. Time 5:5½ secs. (tied record). For the Intramural Cup—Won by Florio BΘH, Mullaney Dorm A second, Davis AXA third, Hall Dorm A fourth.

45 yd. high hurdles—For the Charles Rice Cup—Won by Florio BΘH, Goddard Dorm B second, Hathaway 4HK third. Time 6:15 secs. For the Intramural Cup—Won by Florio BΘH, Goddard Dorm B second, Yerxa 4HK third, Dougherty OX fourth. Time 6:15 secs.

100 yd. low hurdles—For the Charles Rice Cup—Won by Florio BΘH, Hardison ΔTA second, Goddard Dorm B third. Time 12½ secs. For the Intramural Cup—Won by Florio BΘH, Hardison ΔTA second, Goddard Dorm B third, Hildreth 4HK fourth.

300 yd. dash—For the Charles Rice Cup—Won by Moulton 4HK, Means AXA second, Mullaney Dorm A third. Time 3:33 secs. (new record). For the Intramural Cup—Won by Mullaney Dorm A, Davis AXA second, Hall Dorm A third, Hildreth 4HK fourth.

600 yd. dash—For the Charles Rice Cup—Won by Wendell 4HK, Timberlake 2X and Cole Dorm A tied for second. Time 1:18. For the Intramural Cup—Won by Cole Dorm A, McGinley Oak second, Scott KΣ third, O'Connell OX fourth.

1000 yd. run—For the Charles Rice Cup—Won by Black, Oak, Shaw 4KΣ second, Percival ΦMA third. Time 2:20. For

"CAL" FICKETT

the Intramural—Won by Black, Oak, Percival ΦMA second, Parrott Dorm A third, Harvey ΣAE fourth.

1 mile run—For the Charles Rice Cup—Won by Booth 4HK, Austin OX second,

Earle AXA third. Time 4:34. For the Intramural Cup—Won by Bailey, Oak, Saunders, Oak, second, Briggs Dorm A third, Marsh Dorm B fourth.

2 mile run—For the Charles Rice Cup—Won by Gunning ATU, Drummond, Oak, second, Booth 4HK third. Time 9:57. For the Intramural Cup—Won by Drummond, Oak, Clifford 4HK second, Saunders, Oak, third, Watson 4HK fourth.

High jump—For the Charles Rice Cup—Won by Sleeper Dorm A, Webb OX second, Florio BΘH and Crandall 4HK tied for third. Height 6 ft. For the Intramural Cup—Won by Haver 4HK, Burnham 4HK second, Crandall 4HK (tie), Bunker third.

Pole vault—For the Charles Rice Cup—Won by Webb OX, Hathaway and Haver tie second. 12 ft. 2 in. For the Intramural Cup—Won by Haver 4HK, Burnham 4HK second, MacMichael 4HK third.

Broad jump—For the Charles Rice Cup—Won by Florio BΘH, Chase KΣ second, Means AXA third. 20 ft. 6 in. For the Intramural Cup—Won by Florio BΘH, Gaffney Dorm B second, Buck Dorm A third.

Discus—For the Charles Rice Cup—Won by Alley ΦMA, FAVOR 4KΣ second, Rogers AXA third. 125 ft. 9 in. For the Intramural Cup—Won by Rogers AXA, Sweetser 4HK second, Fickett BΘH third, Hill ΣAE fourth.

Hammer-throw—For the Charles Rice Cup—Won by FAVOR 4KΣ, Fickett BΘH second, Rogers AXA third. 46½ ft. For the Intramural Cup—Won by Fickett BΘH, Rogers AXA second, Gonzals OX third, Kane 4KΣ fourth.

Shot put—For the Charles Rice Cup—Won by Alley ΦMA, Fickett BΘH second, Rogers AXA third. 42 ft. ½ in. For the Intramural Cup—Won by Fickett BΘH, Rogers AXA second, Hill ΣAE third, Dawson Dorm B fourth.

Javelin throw—For the Charles Rice Cup—Won by Fickett BΘH, FAVOR 4KΣ second, Brown 4HK third. 182 ft. 6 in. (new record). For the Intramural Cup—Won by Fickett BΘH, Brown 4HK second, Coggins BΘH third, Osier ΣAE fourth.

## SPORTS SPIELS

By BOB BERG

To pick the winner of the Maine-Bates dual track meet at Lewiston Saturday is about as hard as finding the proverbial needle in the well known haystack. In 1930 the score was 59-58, and in 1931 it was 60-75, with Coach Jenkins' warriors coming out on top in both meets only after the last event was over. This year the dual promises to be decided again by only one point either way. So take your choice, dopests—we are inclined to think Maine will be victors.

Something which is bound to go down in the track annals of Maine is the feat accomplished by Bill Florio and Cal Fickett at the Intramurals. Competing against the cream of the school, the two Betas cleaned up both the Rice and Intramural trophies in admirable fashion. Hardly seems possible—a two man team winning a meet by themselves—yet it's been done. Our hats are off to you—Florio and Fickett!

That record javelin heave of 182 feet 6 inches by Fickett in the meet Saturday was a gem. The slender missile traveled in a huge arc to the furthest corner of the gym to set up a new mark of 11 feet better than the previous one. Actually, the throw was about 185 feet, since the banking of the track is raised approximately 3 feet and the javelin landed at the top of the curve.

Strolled into the office of Ted Curtis the

other day, and found our ever busy faculty manager making final arrangements for the gala indoor track meet between Dartmouth and Maine, which is scheduled for a week from Saturday. By the looks of things, a record crowd is expected, and the Pale Blue is going to give the Big Green a much closer fight than last year. Dartmouth finished a poor third at the triangular meet with Harvard and Cornell at Boston last week, and did not look so hot.

The changes in the national gridiron code for 1932 may seem far reached, but they are bound to further safeguard the football players. It will also make it easier, rather than more difficult, for the football officials to check defensive tactics that have contributed all too heavily to the toll of casualties.

## BOB WHITTEN RUNNING FOR REPRESENTATIVE

Robert R. Whitten '31, of Lee, Me., has announced that he is a candidate for nomination for Democratic Representative to the State Legislature in the June Primaries.

Mr. Whitten is a Maine graduate, 1931, in the Engineering College and he is a Phi Eta Kappa. While at Maine, Bob distinguished himself in athletics. He won his Frosh numerals in track, was captain of the champion intramural basketball team one year; and was lightweight boxing champion for a year. He was also prominent in social affairs being a member of the Cane and Pipe Committees of his class.

## "I'd hate to be called an Outdoor Girl!"

© 1932, LIGGETT &amp; MYERS TOBACCO CO.

"THAT usually means a girl's a total loss in a tete-a-tete . . . and takes up 'nature' as a last resort! But I must confess a liking for hills and forest trees . . . and all genuine natural things.

"I like the simple sincerity of Chesterfield's advertising. Have you noticed it? There's no extravagance in the claims. Just everyday facts about the fine tobaccos they select and the painstaking way they develop the flavor and aroma.

"I've never smoked a milder cigarette! And I never tire of the flavor . . . a fine natural tobacco taste. They burn evenly, too. Either they're rolled more carefully . . . or the paper's better. I feel the greatest confidence in Chesterfields. They satisfy me!"

● Listen in . . . Hear Chesterfield's Radio Program. Nat Shilkret and his brilliant orchestra. Every night, except Sunday . . . Columbia Broadcasting System . . . 10:30 E. S. T. Music that satisfies!
