SORORITIES PLEDGE 31 FROSH COEDS IN BIDDING YESTERDAY

A. O. Pi, Delta Zeta, Phi Mu
Each Add Seven to List.
Chi O's Get Five

The second bidding for sororities was held this week, preferences being signed on Tuesday. The results are as follows: Delta Delta Delta: Frances Callaghan, South Brewer; Ruth Lewis, Springfield.

Alpha Omicron Pi: Phyllis Black, Vinhaven; Mildred Haney, Bangor; Merceia Larrabee, Belfast; Annie MacLellan, Weeks Mills; Arlene Merrill, Bluehill; Dorothy Sawyer, Jonesport; Alice Sisco, Portland.

Chi Omega: Frances Johnson, La Tuque, Quebec; Phyllis Johnson, La Tuque, Quebec; Frances Knight, Derby; Katherine Smith, Buzzard's Bay, Mass.; Elizabeth Wilhelm, Whiteville, Conn.

Pi Beta Phi: Miriam Linscott, East Milton, Mass.; Ruth Todd, Caribou.

Delta Zeta: Alma Dunn, Norway; Kathleen Hardy, Bangor; Winona Harrison, Portland; Mavilla Randall, Bangor; Claire Sanders, Sanguerville; Rachel Stephenson, Belfast; Mildred Willard, Orono.

Phi Mu: Janet Brown, Bingham; Pauline Budge, Mattawamkeag; Winifred Cheney, Washburn; Beatrice Folsom, Newport; Isabel Freeman, Brewer; Etta Grange, Smyrna Mills; Phyllis Peavey, Bangor.

Sigma Tau: Sara Meltzer, Auburn.

Sophomore Hop Plans Forecast Gala Affair

Dignity will invade the Class of 1934 on Friday night of this week when the members of that class betake themselves to Alumni Hall for the annual Sophomore Hop. The patrons and patronesses are to be: President and Mrs. Harold S. Boardman, Dean and Mrs. James N. Hart, Dean Elizabeth S. Foster, and Stanwood R. Searles, president of the class.

The chaperons will be: Mr. and Mrs. Stanley M. Wallace and Mr. and Mrs. William C. Kenyon. The committee in charge of the hop this year is headed by Arthur Hoyt, and consists of Rita A. Stone, Shirley C. Young, and William Rossing.

An attractive program with a celluloid cover placed over red tin foil on which a Maine seal is embossed in gold has been prepared for the event. The University of Maine Troubadours will furnish the music.

MORELAND, JACKMAN TO ADDRESS LIBERAL CLUB

Conditions in Harlan County, Kentucky, where coal miners and mine operators have been struggling for some time, will be discussed at the meeting of the Liberal Club to be held in 275 Arts and Sciences tomorrow night at 7:30. Professor Ernest Jackman of the School of Education and James Moreland, Instructor in Journalism, will both address the club.

The situation in Harlan County came into public notice recently when a group of students from Columbia University traveled to the mining district to study conditions there. The mine operators not only would not allow the students to come into the territory, but actually forced them to keep out.

Lollipops Spot Campus and Clothing in Y. W. Campaign

Every lollipop has its day. In this case the lollipops were those of the annual Y. W. C. A. sale, the day was Monday, and the results were amusing as well as profitable.

In a brave effort to storm the students on their way to Monday chapel, a lollipop brigade laid siege to both entrances of Alumni Hall, in consequence of which many music-lovers missed a concert rather than pay the price. Those who did invest in the candy were safely admitted to the auditorium, and could be seen waving the colored sweets aloft like banners of victory or flags of truce.

Spanish Club Offers \$10 Prize for Frosh

A prize of ten dollars offered by the Spanish Club will be available this year for the first time to members of the Freshman Class who are taking elementary Spanish.

The award will be based on excellence shown by the work of the first three quarters of the year, supplemented by a special examination to be held the last part of this month. Those who are interested in this competition should make arrangements with Professor Frances Arnold.

MacMILLAN TALKS TONIGHT IN ALUMNI

Motion Pictures Will Supplement Lecture. M. C. A. Sponsors Program

With an almost limitless supply of real adventure yarns, Captain Donald B. MacMillan will lecture tonight in Alumni Hall on the topic "Twenty-four years of Arctic Exploration." The talk, which will be given for the benefit of the Maine Christian Association, will be illustrated with motion pictures and slides taken by Captain MacMillan himself on his various trips to the Arctic.

Reserved seat tickets for the lecture may be procured for 75 cents either at the M. C. A. office or at Nichols' Drug Store in Orono. Other seats will be 50 cents.

Captain MacMillan's exploits in the Arctic are well known. He was with Peary on his trip to the North Pole in 1908, and since that time has made trips to the Arctic almost annually using nearly every known means of transportation. Being a native of Maine and a graduate of Bowdoin College, he has made Maine his starting point for most of his Arctic voyages.

When the United States went into the World War MacMillan served in the Navy for two years. Since then he has written considerably concerning the Arctic, with an intimate and thorough knowledge of the life of the Eskimos and the animal life of the region.

THREE WOMEN PARTS IN NEXT MASQUE PLAY

The Masque play, "Twelfth Night," by William Shakespeare is rapidly rounding into shape for its production on May 5 under the direction of Professor Mark Bailey.

The cast for the current vehicle is in the main experienced, most of its members having appeared at one time or another in Masque plays, although there are some new names included in the list.

In this play there are three feminine parts. The Masque is fortunate in being able to choose three girls qualified for these roles. Sylvia Hickson, who has been prominent in Masque work throughout her college course, having played this year a lead in "Holiday" and a prominent role in "Ladies of the Jury," has been selected to play Olivia. Hope Clark, who has previously appeared in "Broken Dishes" and in "Ladies of the Jury," will carry the role of Maria. The part of Viola, which was played by Jane Cowl in her recent production of "Twelfth Night," will be taken by Ruth Libby, a new-comer to the Masque stage.

NOTICE

Upperclassmen wishing to apply for proctors' positions for next year should interview the Dean of Men at his office in Rogers Hall before May 1.

SUPT. OF GROUNDS QUITS POST AFTER 23 YEARS SERVICE

T. S. Morton Replaced by J. W. Glover. Ill Health Cause

Thomas S. Morton, superintendent of buildings and grounds of the University of Maine for the past twelve years, has found it necessary, owing to ill health, to relinquish part of his duties at the University, and the Board of Trustees of the Institution appointed John William Glover, resident engineer, as the new official in charge of the property of the University. Mr. Morton will stay with the University and will do what work he can but the responsibility will fall upon his successor, Mr. Glover.

The partial retirement of Mr. Morton brings to a close twenty-three years of service to the University. He started his work here as a laborer on the campus, was made head-waiver of the college commons, then assistant head janitor and then head janitor of the University. In 1920 he became superintendent of buildings and grounds in which capacity he has had much to do with the making of the campus of the University one of the most beautiful in America and one of the best kept. His partial employment for the future will give the school the benefit of his long experience, and will retain one of the best liked and most familiar figures on the campus.

President H. S. Boardman, commenting on the change in the property management, said that Mr. Morton had been an efficient, loyal and valuable employee of the University and that since his appointment had been very successful in his work, and especially in his dealings with the faculty and administration. Treasurer Frederick S. Youngs was likewise gracious in his remarks, saying that beyond doubt Mr. Morton had been one of the best influences on the campus, especially among the students by whom he was greatly respected. Many alumni of the University visit Mr. Morton first when they return for a visit—a splendid indication of the services which this man has rendered to the institution.

Mr. Morton has suffered from bad health for some time. Two years ago the Trustees granted him a three months leave of absence and he went to California in an attempt to regain his lost health. Mr. Morton is married and has six children, three sons and three daughters.

Mr. Glover, who succeeds Mr. Morton in the superintendence of the buildings and grounds has been the resident engineer of the University since May, 1924. With the assumption of his new duties the position of resident engineer will pass from use.

Maine College Heads Attend Meeting Here

A meeting of the presidents of the colleges of Maine is being held here yesterday and today to discuss problems common to all the colleges and to make suggestions for more efficient handling of the work of the institutions of higher education in Maine.

President and Mrs. Harold S. Boardman are host and hostess to the presidents of the other three colleges of the state and are entertaining them in their home. Those who are attending the meeting are President and Mrs. Kenneth C. M. Sills of Bowdoin College, President and Mrs. Franklin W. Johnson of Colby College, and President and Mrs. Clifton D. Gray of Bates College.

The three presidents and their wives arrived yesterday afternoon and are the guests of President and Mrs. Boardman. They spent last night here and are the guests of the University at Merrill Hall today at noon, the last event of the conference.

The presidents of Maine's institutions of higher education have occasional meetings of this sort but this is the first time that the wives have been included in the affair.

NOTICE

Phi Sigma will hold a meeting Thursday evening for the purpose of initiating the following new members: John Bankus, Rudolph Johnson, Ernest Percival, Edward Wilson, Kenneth Varney, and Smith Ames.

At the last meeting the following people were elected for offices: Pres., Kenneth Fobes; Vice-Pres., Monroe Romanovsky; Treas., Edward Giddings; Sec., Emily Thompson.

Mascot of Tri Delta Meets Tragic Death

An accident occurred Friday afternoon, March 18, near the Tri Delta house when Tamson, the mascot of Delta Delta Delta was run over by a car operated by a University student. Tamson, chasing a motorcycle, ran into the passing automobile and was instantly killed. Tammie was a fine German police dog, belonging to Miss Polly Brown, a member of the sorority. On July 4 he would have been two years old. He lived at the sorority house all last year, but was visiting there at the time of the tragedy. His loss is keenly felt by all who knew him.

BANGOR AUDITORIUM SCENE OF BANQUET

F. E. Fellows Is Speaker at Annual Frosh Affair Friday Evening

The Freshman class of 1935 will hold its annual banquet this Friday evening in the Bangor Auditorium. The banquet will begin at six-thirty, and will probably last until nine o'clock. In order to avoid the annual rivalry between classes, the banquet has been scheduled at the same time as the Sophomore Hop, which will be held in Alumni Hall.

Class President, Paul MacDonnell, will be the toastmaster for the occasion, and the Honorable Frank E. Fellows of Bangor will be the principal speaker of the evening.

Phil Jones will lead the singing at the banquet, and music will be furnished by the Maine Collegians while the banquet is in progress.

"Pat" Loane will entertain with xylophone selections, and will be accompanied by Neil Calderwood at the piano. These two entertainers have won widespread popularity through their musical tours and radio broadcasts.

Arrangements have been made by the banquet committee for transportation facilities for the class, and electric cars will be stationed at the waiting station on the campus at 5.20 to transport the class to Bangor. No arrangements have been made with the electric car company for the return trip.

Tickets for admission to the banquet will be issued from Mr. Kelley's office in Alumni Hall to day, tomorrow, and Friday.

The committee which has been making arrangements for this banquet consists of: Ruth Blanning, chairman; Elston Ingalls, Sam Favour, Richard Gaffney, and Frank Morong.

Play Class Works on "Dr. Jekyll, Mr. Hyde"

The play production class will present the play, "Dr. Jekyll and Mr. Hyde," in Alumni Hall on April 28. The play is sponsored by the Maine Masque.

The cast of characters has been assigned as follows: Dr. Jekyll and Mr. Hyde, George Stinchfield; J. C. Utterston, Esquire, Robert Russ; Reverend Edward Leigh, John Willey; Doctor Langdon, John Gilman; Inspector Newcomen, Stanley Protas; Poole, Almon Cooper; Guest, Wesley Bearse; McSweeney, Charles Moyer; Wilson, James Nolan; Maria, Esther Grey; Biddy, Fern Allen; and Alice Leigh, Winifred Cheney. The play is directed by Stanley Protas.

The stage play of "Dr. Jekyll and Mr. Hyde" differs somewhat in plot from the moving picture of the same name, altho the principle is the same. The theater-going public was very interested in the make-up used by Frederic March in the moving picture. Still more interested should an audience be when it sees the actor who carries the role of Dr. Jekyll on the legitimate stage change to Mr. Hyde before its very eyes. For these reasons, Dr. Jekyll and Mr. Hyde should prove interesting to the University of Maine audience.

NOTICE

Applications for the Women's Student Government Scholarships should be sent in as soon as possible to "Spud" Churchill. There are two scholarships of fifty dollars each awarded annually to women students who are found to be worthy, in need of financial assistance and to have satisfactory scholarship and conduct. Applications should be in the form of a letter presenting the necessary qualifications.

TRUSTEES ORDER PLANS FOR ADDITIONS TO ARTS AND SCIENCES BUILDING

W. S. G. A. SURVEY REVEALS MAJORITY OF COEDS SMOKERS

Vote Shows 98 Percent Are In Favor and 70 Percent Actually Indulge

A survey conducted by the Women's Student Government Monday evening revealed that 98 per cent of the sorority women at Maine are in favor of women's smoking. Out of a total of 163 women in sororities 160 voted in favor of allowing women to smoke.

Further figures regarding women's smoking revealed that 70 per cent of the sorority women here actually indulge in smoking. Of the total of 163 women 114 stated that they do smoke, either occasionally or habitually.

It is understood that the Women's Student Government will attempt to determine the number of smokers among non-sorority women as well as the sentiment regarding the question of the right to smoke on the campus, or in a designated room of building.

Two Debating Teams Against Colby Today

Two debate teams representing the University of Maine will speak today, one at Colby, and the other at the Kiwanis Club in Bangor. Both teams will debate the question, "Resolved: That Congress Should Enact Legislation Providing for the Centralized Control of Industry," but the speakers at Bangor will uphold the affirmative while the team at Colby will uphold the negative.

Max Rapaport and Hamilton Boothby will speak at Bangor debating against a team from Colby, while William Wood and Chester Smith will travel to Waterville to uphold their end of the dual debate. Both teams are comprised entirely of freshmen, and the debate at Colby will be the first one for Wood.

SENIORS TRIM JUNIORS IN VOLLEYBALL GAME

With the outcome a toss-up, the seniors battled and defeated the junior volleyball team Saturday morning. Although it was the first game in the tournament good serving was evident on both sides. The first half ended with the juniors leading by ten points, but in the final half the seniors, receiving stimulus from their "huddle," burned up the court to their advantage and came out on top 55-51.

Seniors participating were: Burrill, Churchill, Montgomery, Dunphy, Noddin, Kane, Armstrong, Fowles, McCready, and Meacham.

Juniors playing were: Moulton, Henry, Bolan, West, Hill, P. Brown, Hutchinson, Radcliffe, and E. Thompson.

It has not been customary for Freshmen to attend the Sophomore Hop. Any freshman girls who violate this rule will be punished. Per Eagles

Co-eds Get Big Game With Rackets, Sweets in Rooms

Two blood-thirsty co-eds have been enjoying a successful hunting season within the precincts of Balentine Hall lately. The dormitory is gradually taking on the semblance of a second town of Hamelin, judging from the big game tracked down by these female "Pied Pipers." Instead of a pipe, however, they lure their dusky enemies with a piece of Schrafft's chocolate and an attractive mouse-trap, while their only weapon for self-defense is a tennis racket.

Even in this gentle art of mouse-catching, a certain amount of proficiency is required. The usual procedure followed by the girls is this:

Table Consideration of Practice House for Home Economics

The regular April meeting of the Board of Trustees of the University of Maine was held in the office of President Boardman last Thursday, at which time the Board ordered the preparation of a set of plans for the proposed wings for the Arts and Sciences building with specifications for the construction of the wings. After these have been prepared by the architect the University will ask for bids from contractors for the erection of the additions, and if the bids come within the amount available for the purpose the wings will be erected by the University to relieve the congestion in this college of the institution.

The Board tabled consideration of the proposed infirmary and practice house for the Home Economics department, pending the gathering of further information relative to these two structures.

Following the meeting of the Board, President Boardman announced that at a recent meeting the Board had authorized the appointment of a committee on Campus Planning, the duties of which was to study and work out a plan for all future buildings of the University, to plan a system of trees, shrubs, etc., and to prepare a complete campus to meet the future needs of the University. After the committee was appointed it was authorized to get in touch with Olmsted Brothers, landscape architects of Brookline, Mass., the firm that laid out the original campus of the old Maine State College, for advice and aid. A representative from this firm has been to Orono and spent some time going over the campus and the plans of the University and the Board has authorized the money necessary for the completion of such plans as these experts may decide upon. While in Orono the representative of Olmsted Bros. went over the plans of the University prepared some time ago for such suggestions as may be of use in the present day. The old plans called for several buildings that are not needed under changed conditions, and failed to include several that will be necessary soon.

Other business transacted by the Board included the passage of the teaching and administrative budget for 1932-33, and the acceptance of the recently created Student Loan Fund. The Board, in accepting the new loan fund, directed the President to take charge of the fund and administer it as all other loan funds of the institution are administered.

DEERING IS SPEAKER ON MON. CHAPEL PROGRAM

That Arthur L. Deering '12, chairman of the alumni committee in charge of the Memorial Gymnasium, will be the main speaker of Monday's chapel period, and that he will speak on the possibilities of construction beginning on the new gymnasium this summer, was announced today by Charles E. Crossland, Executive Alumni Secretary. Mr. Deering, noted for his interesting and appealing talks, should draw a capacity attendance between the second and third hours.

The varsity band of thirty pieces, led by Linwood Bowen '32, will be on hand to render selections and accompany the singing of Maine songs, which will be led by "Pat" Loane '32. Neil Calderwood '32 will assist at the piano.

(Continued on Page Two)

Society

FOUNDER'S DAY BANQUET AT THETA CHI

Theta Chi fraternity held a stag banquet Saturday night in honor of Founder's Day, 1886 to 1932. Cedric Arnold, president of the house, acted as toastmaster. Among the speakers of the evening were Mr. Cornelius Sullivan, head of the Public Theatres Corporation in New York and Mr. Findlen of the University of Maine Pharmacy who is a charter member of the house. At 8 P.M. the members enjoyed an informal house party. Captain and Mrs. Hugh Wear and Mrs. Alice Witherly were chaperons.

MAINE 4-H CLUB HAS SOCIAL "GET TOGETHER"

The University of Maine 4-H Club held a "get together" meeting in Winslow Hall last Wednesday evening at 7:30 P.M. There were twenty-seven members of the club present.

Refreshments were served, and motion pictures on the subjects of *Shadows*, *Pan and Ceres in the Movies*, and *National Bird Refuges* were shown.

Mrs. William Schrupf, assistant state leader of the 4-H Club was present at the meeting.

Clifton Walker, Alpha Gamma Rho, and president of the local 4-H Club, presided at the meeting.

PHI MUS ENTERTAIN PLEDGES WITH DANCE

Last Saturday evening the Phi Mus gave their annual pledge dance at the Dorothy Memorial Hall. Confetti, noise makers, and colored streamers added to the gaiety of the party. Refreshments were served to forty-five couples during intermission.

Dr. and Mrs. Young, Mrs. Hart, and Mr. and Mrs. Fielder chaperoned. Clyde Lougee's orchestra provided the music.

PHI KAPPA HAS BAR AT BOWERY PARTY

Last Saturday evening Phi Kappa held a Bowery party at their chapter house. The atmosphere was made "rowdyish" by the costumes and the bar where beer was served (root beer). Here at intermission sandwiches, brownies, and root beer were served.

The chaperons were Mr. and Mrs. Kenyon, Mr. and Mrs. Wallace, and Major and Mrs. McFarland. Music was furnished by the Maine Collegians, directed by "Stan" Protas.

SIGMA MU SIGMA HAS SOCIAL MEETING

Sigma Mu Sigma held a social meeting Monday evening, April 11, in Balentine Hall. Mr. Barwise, the leading authority on spiritualism in New England, gave a talk on spiritualism explaining seances, the way in which mediums carry them on, and some of the phenomena which appear. Arrangements for the meeting were made by Malcolm MacCormick, president of the club. A committee was appointed to select candidates for the Sigma Mu Sigma Scholarships.

A. O. P.'S HOLD BANQUET AT P. V. COUNTRY CLUB

At the Penobscot Valley Country Club, Alpha Omicron Pi held its formal dance last Saturday evening. A supper of lobster salad, potato chips, hot rolls, ice cream, cakes and coffee was served on the long sun porch, where also peach shortcake and coffee were served during intermission. Mrs. Marian Sawyer, Dr. and Mrs. Kenneth Rice, and Mr. and Mrs. L. T. Ibbotson chaperoned. Mr. and Mrs. James Moreland were guests.

Music, with several novelty numbers, was furnished by the "Mainonians" from Farmington. The annual A O Pi rose dance was a feature of the evening. Margaret Humphrey, Evelyn Gleason, Olive Perkins, and Anna Lyon served on the social committee. About 60 couples were present.

Alpha Zeta, honorary agricultural fraternity, is having a banquet tonight at Delta Tau Delta house.

The results of recent sorority elections for next year are as follows:

Alpha Omicron Pi: President, Jeanne Kennedy; Vice-president, Marian Dickson; Recording secretary, Winifred Cushing; Treasurer, Evelyn Gleason.

Chi Omega: President, Martha Smith; Vice-president, Hester McNair; Secretary, Alys Grua; Treasurer, Helen Hilton. Sigma Tau: President, Rose Snider; Vice-president, Dorothy Shiro; Secretary, Pauline Siegel; Treasurer, Pauline Cohen.

WEDNESDAY CAMPUS

Beginning this week and continuing through the rest of this year The Campus will be published on Wednesday instead of on Thursday as in the past. All advertising matter must be in the Campus office by Tuesday morning at nine o'clock, and all news matter by noon Tuesday. Meetings of the Campus board will be held on Thursdays at one o'clock instead of Friday.

Application for the positions of Senior Proctor at Mount Vernon and the Maples should be made to the Dean of Women before April 25th. Application should be made by letter, and should include the

pertinent facts of the applicant's career and activities while in college, her conception of the function of the senior proctor and her reasons for wanting the position.

Miss Virginia Corwin, of the Department of Religious Studies of Smith College, will be one of the speakers at the meetings on "Modern Religions for Moderns" to be held in Alumni Hall on Tuesday, Wednesday and Thursday evenings of next week. Miss Corwin has a high reputation as a speaker on religion in its relation to students.

The other speakers will be Rev. Harold C. Metzner of Waterville, Mr. W. J. Kitchen and Mr. Harry B. Taylor of Boston, secretaries of the New England Student Y.M.C.A., and one other, to be announced.

Colby Is First Game On Ball Trip

Hal Hall Proves Promising As Pitcher; Tour Includes Harvard Among Opponents

PAT MCCABE, RAY SMITH, BLONDY HINCKS

Still forced to work indoors on account of cold and damp weather, it is unlikely whether the varsity baseball team will be able to practise outdoors until Friday or Saturday, thus giving Coach Brice's charges but one or two days outdoor practice in preparation for the opening game next Tuesday with Colby. The bright feature of last week's practice sessions was the discovery of Hal Hall as a pitcher of promising calibre.

Hal Hall has played in the outfield since his freshman year, but this season decided to cast his lot with the pitchers. To the utter surprise of his teammates and Coach Brice, Hall pitched as good ball as any of the leading hurlers and showed excellent possibilities. The Pale Blue baseball mentor intends to use the new find considerably this week and in all probability Hall will be taken on the trip through New England as a member of the pitching staff. Hall pitched for Edward Little High School and was captain of his team before he entered Maine.

Coach Brice had his ball players engage in a regular nine inning baseball game Saturday afternoon in order to get a line on the possible hitting and pitching strength of the squad. Two teams were selected, the yannigans and the regulars, with Nutting, Romansky, Spurling and Higgins doing the chucking for the yannigans. The regulars were made up of the leading candidates and probable starters for the opening fracas.

The outstanding feature of the practice game was the terrific hitting strength displayed by the regulars, who showed no respect for the leading pitchers. Blondy Hincks, Pat McCabe, Clark Abbott and Ray Smith were outstanding and smacked the apple all over the indoor playing field. The four pitchers of the yannigans did not show up so well and were nicked for about 17 hits. However, this may have been due to the remarkable hitting strength of the regulars, which clearly outshone the pitching department.

The Pale Blue team will leave on their trip south Tuesday morning and on the same afternoon will open up their baseball season with Colby Mules. On following days, with weather permitting, Coach Brice will send his cohorts against Harvard, Rhode Island, Connecticut Aggies, and Northeastern. Approximately 16 or 17 men will be taken on the trip.

PITCHING PROBLEM IS KENYON'S BIG WORRY

Candidates for the frosh battery have been working out regularly since the opening of school. About eighteen men answered the call, including ten pitchers and eight catchers. All the hurlers are inexperienced, and therein lies the snare in the frosh prospects. The success of the team depends largely upon the rapidity with which these green hurlers progress.

On the contrary, Coach Kenyon is well supplied with experienced catchers. The most promising men are MacBride, Cobb, Haskell and Packard.

The infield is well taken care of. About thirty-five men are out for the infield positions, and in their first practice held last Saturday afternoon in the Armory, Coach Kenyon gave all the aspirants a workout. With but one session of practice it is impossible to name the fixtures of the infield. However, of the large squad Sandwich, Corrigan, Stone, and Milliken looked good in their respective positions. In another week "Bill" Kenyon hopes to have his charges out of doors priming for the opening game with Kents Hill on Saturday, April 23.

There is to be a meeting of the Civil Club on Thursday, April 14, at 7:00 P.M. in 14 Wingate Hall. Mr. Donald Allen, U. of M. '28, Sanitary Engineer of the Bucksport district, is to be the speaker.

SPORTS SPIELS

By BOB BERG

Maine will knock off the baseball lid next Tuesday afternoon at Waterville, when it will clash with Colby in an exhibition ball game. Following this contest, Coach Brice's players will compete against four of the leading New England colleges as part of their trip south and then open up the season here with Bowdoin on April 27. By that time, Maine's big problem, the pitching strength, will have been given the acid test and the Pale Blue baseball mentor will have a good idea as to the team's chances in regard to the state series.

Strolled down to the bowling alleys Saturday to watch a pick-up team from Maine entertain an all-star Colby aggregation in a very interesting bowling match. The boys were knocking down the pins in great fashion with Ted Springer showing the way for the Steinmen with an average of 100 in a five string match. Both these teams played last year and hope to continue relations in the future.

How Coach Bill Kenyon expects to have his freshman baseball team in shape for the opening game on April 23 is a mystery to me. Forced by weather conditions to work indoors, the yearlings are unable to start practise until the varsity has finished and that comes quite late in the afternoon. True, the battery candidates and infielders are given a workout, but how about the garden patrolers? Yet Coach Kenyon has bucked up against this same obstacle for several years already and has turned out some creditable ball clubs. Credit is due you, Bill!

Along with the football rule changes, there have come up some drastic changes in basketball which will change the game considerably. In order to eliminate back

court stalling, the basketball moguls have introduced a new "center line" rule. This calls for a two inch line to be drawn laterally across the center of the court. A team securing the ball in its own back court must advance over the line within 10 seconds. If the ball is touched by an opponent, a jump ball play results, and the timing begins when the ball is regained.

Then there is the new change bearing on the "blocking pivot" which forces a player inside the free throw lane or circle in possession of the ball and with his back to the basket to get the ball out of the area in three seconds. Evidently this rule grew out of the practise of a player, with a guard helpless behind him, slowing up the game by gestures and unlimited feints. Penalty is loss of ball.

FRESHMEN WIN OVER SOPHS IN VOLLEY BALL

A progressive freshman volley ball team walked over the sophomores to win an easy victory. The frosh were more alert and their snappy returns gave them an overwhelming margin.

Those playing were:

Freshmen: Johnson, Todd, Crowley, Sonnichsen, Dunn, Willard, Chase, Rowe, Holmes, Greenlaw, and Wilhelm.
Sophomores: Coy, Young, Zeitman, Lord, Jalbert, Cummings, Myers, Covell, Briggs, Allen, and Hainey.

MAINE BOWLERS WIN OVER COLBY IN MATCH

The Maine All-Stars defeated the Colby All-Stars in a bowling match at the Strand Bowling Alleys Saturday afternoon in a five string match by the score of 2354 to 2272. Ted Springer was high man for Maine with 503 and knocked off 112 for the high individual pin fall of the day.

Score:

Maine
Johnson 473
Booth 465
Cotter 455
Lampson 458
Springer 503

The remaining interclass volley ball games are scheduled as follows:

Sat., April 16, 10:00 A.M., Seniors-Juniors, Frosh A-Soph A; Tues., April 19, 7:00 P.M., Seniors-Soph A, Frosh A-Juniors; 8:00 P.M., Soph B-Frosh B; Thurs., April 21, 7:00 P.M., Soph A-Juniors, Seniors-Frosh A.

Colby	2354
Williams	461
Fencer	472
Hardy	460
Peabody	418
Lord	461
	2272

"Hello, Hawaii"

Bringing Hawaii within speaking distance of the United States is one of the latest achievements of the Bell System in its program of telephone service extension.

Five years ago the United States had telephone connection only with Canada, Cuba, and the Mexican border. Since then, Bell engineers have so developed radio telephony that handling calls to Europe, South America,

Australia, Bermuda, Samoa, and Hawaii is daily routine. Today more than 31,000,000 telephones can be reached—approximately 92% of all the telephones in the world!

Making the telephone practically worldwide in reach promotes understanding between nations. It has far reaching effects commercially and politically. That's what puts the thrill into such Bell System pioneering.
