#### AUDITOR'S REPORT

#### Litchfield, Maine, Feb. 16, 1920.

As Auditor of Accounts for the year from February 11, 1920 to February 16, 1921, I have carefully examined the books of the Selectmen and Treasurer and find them very accurately and neatly kept and that they are correct and that proper vouchers are in their hands for all expenditures.

The balance shows a deficit of \$1,825.12. The following bills are allowed:

F. N. Adams.	\$201 00
E. E. Danforth	$160 \ 50$
B. R. Small	142 50

Respectfully submitted,

R. W. GOSS,

Auditor.

#### SCHOOL REPORT

## REPORT OF SUPERINTENDING SCHOOL COMMITTEE

#### To the Citizens of the Town of Litchfield:

Your committee have the pleasure to herewith present their annual report also the report of the Superintendent of Schools giving conditions and progress of the schools and the expenditures of the same during the fiscal year ending February 10, 1921.

We know that our schools have been run as economically as it was possible without loss of efficiency. A great degree of prosperity has attended our schools. The superintendent and the teachers have worked faithfully for the cause in which they were engaged, and we certainly do appreciate the good work that is going on at the present time. We endorse the recommendations made by the superintendent for the ensuing year.

#### E. D. CRAM,

#### R. W. GOSS,

#### HENRY TAYLOR.

#### REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Town of Litchfield:

Gentlemen.—I have the honor to submit to you this, my Third Annual School Report as Superintendent of Schools for the year ending February 1921.

### ATTENDANCE

According to the 1920 School Census there were 217 persons of school age in the town on April 1; 125 boys and 92 girls. The whole number registered during the school year ending in July 1920 was 207. There were nine boys and six girls who completed the last year of the elementary school course. The average daily attendance was 123.

The average number of schools maintained this fiscal year was nine. Two schools have not maintained an average of eight pupils; the Waterman and Pine Tree schools. Some action will have to be taken by the town for the schooling of these pupils for the coming year. The Mills and Berry schools have only six resident pupils, the other seven are tuition pupils from other This year several of the small schools have towns. been closed, owing to the small attendance, and the pupils conveyed to other schools. Mr. Bosworth was teaching in the Waterman school, changed to the Ferrin school to take Miss Gowell's place, she having resigned at the end of the third week, so during the greater part of the fall term only eight schools were open.

#### TEACHERS

At the beginning of the fall term we had three normaltrained teachers, three experienced teachers, and three young inexperienced academy teachers. For the most part these young teachers have done faithful, conscientious work. Two especially trained teachers have been added to our teaching force this year, Miss Marion Maxim as a helping teacher, and Miss Ruby M. Mitchell. Both of these teachers are graduates of Farmington Normal School, and have had special training for this sort of work. Miss Mitchell was practice teacher for one year in the Farmington Model School, where she

had excellent success, and Miss Maxim attended the six weeks special course at Castine Normal School last summer in preparation for a position as helping teacher. Miss Maxim has taught Sa urdays, and visited schools Mondays, and her help to the younger teachers has been greatly appreciated by your Superintendent. All the teachers in town have been invited to visit her school on Saturdays, and in every way possible help has been offered for their improvement, and I feel sure that the extra salary paid to both of these specially trained teachers is money well expended. Miss Mitchell deserves much credit for her fine school, as she has had to work in one of the oldest school houses with none of the modern conveniences.

Several well attended and instructive teachers meetings have been held, and all the teachers seem greatly interested. Special work has been done by Miss Maxim and Miss Mitchell in promoting the hot noon lunch, supervised play, and physical drills. Although the most of the teachers have tried to prepare one hot dish, they have been working without proper equipment. A committee from the local branch of the Red Cross has promised to help provide the proper utensils to equip all of the rural schools in town. We are also promised the service of a school nurse by the Red Cross here in Litchfield, to visit each school this spring term.

During the fall term the Modern Health Crusade Course was introduced, and every child above the fourth grade was asked to register as a Health Crusader. This Health Course includes eleven tasks to be performed every day by each child. The object is to teach the child good health habits while young. Each teacher is asked to follow up daily inspections as far as practicable, and look for results, and create a sentiment in the school room for cleanliness and neatness of person. Good results are already being observed, and many of the

children have earned the title and badge of Squire in Health Knighthood. Most of the parents are cooperating with the teachers, only a very few are not interested in these valuable lessons for their children.

The most of the schools have active School Improvement Leagues, and Miss Maxim and Miss White have bought Victrolas this year with money raised by the League. Two other schools have raised almost money enough and will buy Victrolas in the near future.

Several interesting Parent-Teacher meetings have been held this year. At the last meeting, Miss Nettie Bauer, a representative from the National Congress of Mothers and Parent-Teacher Association, gave a very instructive talk on the work of the Parent-Teacher Associations throughout the United States, and the value of each local Association affiliating with the State and National Associations.

#### EQUALIZATION FUND

The town received \$500 from the Special Equalization Fund this year, to be expended for salaries of teachers in the elementary schools, and this amount has been credited to the Common School Account.

The following note of appreciation was received from State Superintendent Thomas:

To the Superintending School Committee, Superintendent of Schools, and Selectmen:

Please let me express to you and the citizens of your town, my appreciation of the efforts you have made in a serious emergency to improve the financial standing of the schools, and my hope that the apportionment herein made will result in securing and holding teachers of satisfactory attainments.

> (Signed) Augustus O. Thomas, State Supt. of Public Schools.

We certainly appreciate the effort being made by Dr. Thomas and his able co-workers in trying to improve conditions in the rural schools throughout the state. But no State Superintendent or any one else can improve the conditions in our rural schools until every citizen and parent is willing to co-operate for the mutual improvement. Your Parent-Teacher Association which was organized last year should be of great value in stimulating an interest in educational problems. Opportunities for social service are no longer confined to the minister and teacher. The general community interest and activities of all of your organizations in town, should be united with the school for the mutual benefit of all.

I am pleased to call your attention to the report of Principal Sleeper of the Academy, which follows, and merits careful reading.

#### REPORT OF PRINCIPAL OF LITCHFIELD

#### ACADEMY

#### To the Superintendent of Schools:

I have the honor to present to you the following report of Litchfield Academy for the school year 1920-1921.

On September 14, 1920, Litchfield Academy entered upon her seventy-fifth year of educational service, with fourteen of her students returned and a very gratifying entering class of eleven. Teachers and students at once entered upon their respective duties with an interest and a determination that should spell success and which has not relaxed as the year advanced. I have insisted from the start that the spirit of co-operation is the most essential requisite for any successful institution; and the manner in which scholars, parents, teachers, and trustees have grasped that spirit of co-operation is surely a source of joy to all concerned.

The senior class of four, although small in number, is doing a grade of work that any school may well be proud of, and I anticipate a most successful graduation for them in June as the suitable reward, or crowning glory, of their four years of conscientious work. The junior class, six in number, is following closely in the footsteps of the seniors, and the grade of work done by this class is entirely satisfactory. The four sophomores are nearly up to the grade of the average school and with a little more effort could easily reach the highest mark. Eleven freshmen entered upon their duties with a delightful earnestness of purpose. For the most part, this class is still enthusiastic for a reputation in scholarship, having three members with an average above ninety; and all are doing fairly creditable work.

The scholarship standards of the school are kept as nearly as possible to the State requirements for a Class A secondary school. The following daily program will serve to show the line of work pursued:

### Schedule of Classes

Period	Mr. Sleeper	Miss Jordan
8.30- 8.40	Morning Exercises	• • • • • • • •
8.40- 9.10	Senior-Junior English	Freshman Latin
9.10- 9.50	Soph. General Hist.	Junior Latin
9.50-10.30	Fresh. English Hist.	Bookkeeping
10.45-11.25	Senior Civics	Fresh. Algebra
11.25-12.00	Senior-Junior French	Soph. Geometry
1.00-1.40	Soph. French	Freshman Science
1.40-2.20	Soph. English	Senier Algebra
2.20 - 3.00	Freshman English	SenJun. Chemistry

In regard to the schedule I wish to state further that in so far as laboratory equipment permits, Miss Jordan is giving an unusually attractive experimental course in Chemistry and in General Science. The Civics class

recently accompanied me to Augusta, that they might have the opportunity to visit the Legislature in session and make personal observation of legislative measures and of State institutions, such as the State Hospital. Later we shall journey to Auburn and observe the Judicial branch of government. At this time I am contemplating a trip for the Chemistry class. This trip will be intended to show them the practical commercial side of chemistry as applied in the manufacture, bleaching and dying of cloth, the manufacture of shoes, and possibly the manufacture of pulp and paper.

The attendance has been remarkable, especially when the distance which many of the pupils are required to come is considered. Of the twenty-five scholars enrolled in the school, the first term showed an average attendance of 23 1-4, or 93 per cent, and the first half of the present term had an average of 22 1-2 or 90.5 per cent.

I have always been of the opinion that the teacher should enter somewhat into the social activities of the I am very glad that Litchfield has such a community. manifest interest n the Parent-Teacher Association. The benefit derived from such an association is sure to be far-reaching and of great value. At the Academy. we have sought to revive the Philomathian Society, and to present oratorical and musical programs which would be of interest to the community and a benefit to the This society has not yet atta ned the height scholars. that I might hope for, but when one considers that the social life of the school was interrupted so long during the war, he must feel that we are making rapid progress in the social direction. At present we are busily engaged in preparing a drama to be presented later in the season.

On February 22nd, there is to be held a Prize Speaking contest by the freshman class and a Prize Debate contest Ly the Senior-Junior class. Gold prizes are to be awarded

the young lady and the young gentleman of superior excellence in each contest. It is a source of pleasure to me that interest is aroused in the direction of public speaking. It is certainly a step in the right direction. I would recommend that some of the Alumni of this academy would start a campaign for funds for annual prizes in English, Science, History and Oratory.

The subject of athletics should have a place on the curriculum of all up-to-date secondary schools. I am not a believer in athletics when it means that they shall detract from the course of study; but I do ardently support athletics as a secondary means of teaching young people the art of healthful exercise and the spirit of fair play. Last fall we had a football team which made a creditable showing with what equipment and coaching ability we were able to get. I hope to send a track team representing Litchfield Academy to the Bates, Bowdoin, and University of Maine Interscholastic Meets this coming spring.

The needs of the school are many and varied. Many things would be appreciated. To add to our present building with its extensive library of over a thousand volumes, we could picture a dormitory, a gymnasium, and a Department of Music. The more urgent needs, however, are the repairing of the present building, a flag-pole and an American flag, and better equipment for the science department.

At this time I wish to express to the trustees, parents, teachers and friends of the school my hearty appreciation for the co-operation they have given me.

Respectfully submitted,

FRANK E. SLEEPER, JR. A. B. Principal.

#### REPAIRS

The chimney at the North has been built over, and a new jacket bought for the stove. The Earle school house was shingled this fall, but some of the necessary repairs have not been made on the other school houses. on account of the lack of workmen. There is a very great need this year for the Committee to start the repair work early in the spring in order to get the proper help, as several of our school houses have got to be repaired if they are used this year. More money will have to be appropriated this year, as since the money was not all spent that was raised last year, we really had more to spend than the appropriation itself stood for. I should recommend that a jacket be bought for the South Oak Hill school stove, and other necessary repairs be made on the school room. The chimney on Steventown school should be rebuilt, and a new the shed and toilet made as recommended last year, and all of the school rooms which are to be used should be whitened and made more sanitary and the toilet at the North should have special attention.

### TEXT BOOKS

New books bought this past year have included a set on encyclopedias, 10 volumes, History of Maine by Starkey, Book Two of the Progressive series, and some necessary arithmetic and other books to replenish the supply on hand. Next year some new text books on Hygiene and Physiology will have to be purchased for all of the schools, as the old books are all out of date and practically all worn out. Some new readers also will be necessary for some of the lower grades.

#### SUPPLIES

A little more money will be recommended for supplies this year on account of the great advance in price of supplies. All school supplies have advanced practically 200 per cent.

### FLAG APPROPRIATION

This past year one new flag has been bought for the Berry School, but as the flag pole was broken off and has not been repaired, no flag was displayed. I find in several schools that it is hard to get necessary repairs made on our flag poles. The state law requires each school to display a United States flag, and it would be a great help to have the citizens of the town take more interest, especially those who have children in school and in the vicinity of the school house. I should like to recommend that the town set aside a certain sum each year for the maintenance of a flag and flag pole at each school.

### APPROPRIATIONS RECOMMENDED

The following appropriations are respectfully recommended by the Superintending School Committee and Superintendent of Schools for the ensuing year:

Common Schools	\$3,500 00
Repairs	200 00
Special Improvement	100 00
School Supplies	$250 \ 00$
Text Books	250 00
For Flag	$25 \ 00$

In conclusion I wish to thank the members of the School Board and the citizens of the town for their hearty co-operation the past year.

Following are the school statistics and financial statement.

Respectfully submitted,

MRS. HARRIET N. FENDERSON Superintendent of Schools.

### WARRANT

### To H. F. Woodard, Constable of the Town of Litchfield

#### GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said Town of Litchfield qualified by law to vote in town affairs, to assemble at the Town House in said town on Monday the seventh day of March A. D. 1921 at 10 o'clock in the forenoon to act on the following articles to wit:

Art. 1 To choose a Moderator to preside at said meeting.

Art. 2 To choose a Town Clerk for the ensuing year. Art. 3 To attend to the report of the Selectmen Assessors and Ovrseers of the Poor, Town Treasurer, Town Agent, Auditor of Accounts, Superintendent of Schools and School Committee.

Art. 4 To choose three or more Selectmen, Assessors and Overseers of Poor, Town Treasurer, Town Agent, Auditor of Accounts, a collector of Taxes, one or more members of the School Committee, one or more Constables, Surveyors of wood and lumber, Fence Viewers, Sealer of Weights and Measures and all other necessary Officers, Agents and Committees and one or more Fire Wardens.

Art. 5 To see if the town will vote to have one or more Road Commissioners.

Art. 6 To choose a Road Commissioner.

Art. 7 To vote a sum of money for the support of schools.

Art. 8 To vote a sum of money for the purchase of school books.

Art. 9 To vote a sum of money for school supplies.Art. 10 To vote a sum of money for repairs of school houses.

Art. 11 To vote a sum of money for Incidental town expenses.

Art. 12 To vote a sum of money for support of poor.

Art. 13 To vote a sum of money for repairs of roads and bridges.

Art. 14 To vote a sum of money to pay snow bills for the present winter.

Art. 15 To see if the town will establish a price for labor for the present winter or act anything in relation thereto.

Art. 16 To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to state aid, as provided in section 20 of chapter 130 of the Public Laws of 1913.

Art. 17 To see if the town will appropriate and raise the sum of \$533 for the improvement of the section of State Aid Road as outlined in the report of the State Highway Commission, in addition to the amounts regularly raised for the care of ways, highways and bridges; the above amount being the maximum which the town is allowed to raise under the provisions of section 19, of chapter 130 of the Public Laws of 1913.

Art. 18 To see whether the town will vote to raise money, and what sum, for the maintenance of State Aid Highways during the ensuing year, within the limits of the town, under the provisions of section 18 of chapter 130 of the Public Laws of 1913.

Art 19. To vote a sum of money for the observance of Memorial Day and act anything in relation thereto.

Art. 20 To see if the town will authorize the Superintending School Committee to contract with the Trustees of Litchfield Academy for the tuition of the High School scholars for the ensuing year, in that institution and raise a sum of money for that purpose or act anything relating thereto.

Art. 21 To see if the town will vote how many schools shall be maintained the coming year and where they shall be located.

Art. 22 To see if the town will authorize the Selectmen and Town Treasurer to hire money, if it should become necessary to pay the town's indebtedness.

Art. 23 To see what action the town will take for caring and running a hearse.

Art. 24.. To see what action the town will take as to pay for the Superintending School Committee for the year 1920 and act anything in relation thereto.

Art. 25. To see what action the town will take in reference to caring for the town's poor and act anything necessary thereon.

Art. 26 To see if the town will vote to exempt from taxation the grounds on which the Litchfield Farmers Club hold their Annual Fair.

Art. 27 To see if the town will authorize the Superintending School Committee to repair one or more school buildings in compliance with the plans submitted by the State Superintendent of Schools, and raise a sum of money for that purpose.

Art. 28 To see if the town will vote to open the Waterman and Pine Tree Schools which will be closed by law and act anything in relation thereto.

Art. 29 To see if the town will vote to have the taxes collected within the year by December 15, 1921.

Art. 30 To see if the town will raise a sum of money to help defray expenses of Litchfield Fair.

Art. 31 To see if the town will vote to unite with West Gardiner in regard to appropriating money for building a permanent bridge on the Cobbossee stream known as the Burnham bridge or act anything in relation thereto.

Art. 32 To see if the town will vote to accept the provision in the will of the late Frank Chick as to taking care of the soldiers monument.

Art. 33 To direct how future town meetings shall be called and at what time in March 1922 the annual town meeting shall be held.

The Selectmen hereby give notice that they will be in session on the day named above from nine until ten o'clock in the forenoon to receive evidence of qualification of voters.

Given under our hands at Litchfield, Maine, this 16th day of February, A. D. 1921.

F. N. ADAMS,

E. E. DANFORTH,

B. R. SMALL,

Selectmen of Litchfield.
