HAIRLESS MEN SPOT CAMPUS AFTER WAR OF FROSH AND SOPHS

Hop Is Peaceful

Bedridden and bedraggled Old Man Prosperity felt the first urges of spring last Friday afternoon, and tottered out of his secluded corner into the University barber shop in company with nearly two score first and second year men. There, sadly tattered, torn, and tufted locks were shorn close to skulls, as a direct aftermath to one of the fiercest interclass struggles ever staged on the hunting ground of the Black Bear.

The battle royal had its origin in an unsuccessful attempt to seize and spirit away Milt MacBride from his fraternity house Wednesday noon. At the request of Monroe Romansky the freshmen retired. This episode spelled finis to inter-class activities for the day, but it was only the calm before the storm. On Thursday morning at 11:30, by a prearranged strategy, the Wingate bell was tolled lustily, as a signal for all freshmen to suspend classes for the remainder of the week.

War broke out in earnest Thursday afternoon. A sophomore car parked in front of the book store was seized and rolled onto the lawn in front of Hannibal Hamlin Hall, and as freshmen battle spirit mounted, it was soon joined by several others. A class flag was raised on the Alumni Field flag-pole, and the first haircuts of the feud were administered to unwary sophs.

Following unsuccessful attempts by a few sophomores to shoot down the frosh banner, the frosh staged a sustained attack on the rear of the Theta Chi and Beta houses with fruit and sundry missiles. In the meantime the sophs had assembled and led by Files, charged into the freshmen gathering. Thence, a severe battle ensued at the rear of the Theta Chi house, in which the sophomores at first outnumbered the frosh, and which in its final stages would have put to shame many a doughty bag-scrap.

No more effective sophomore resistance was displayed until that night, when a bloodthirsty mob stole into Oak Hall in the early hours of the morn and departed, bearing with them Robert Littlehale. After administering to him a classic in tonsorial artistry, he was left in a nearby town, from whence he was rescued by a fellow freshman.

Friday afternoon saw the climax of the campaign, when, after a morning marked by the industrious plying of scissors, razors, etc., all the freshmen banded to-

DISTINGUISHED STAR OF STAGE TO MAKE APPEARANCES HERE

Frances Homer To Give
Characterizations
At Chapel

APPEARS MON. EVENING

Second Appearance Under
Auspices of Women's
Athletic Ass'n

Frances Homer, distinguished dramatic actress, will make two appearances at the University next Monday, April 24, in a series of original sketches. At Assembly at 9:30 she will portray a number of famous Americans, and in the evening at 8, under the auspices of the Women's Athletic Association, will carry her characterizations further in "Ladies of Destiny."

Behind many a celebrated man has been the influence of a woman who has led him to great heights or to destruction. Among Miss Homer's famous Americans are Peggy Eaton, sometimes called the American Pompadour, who disrupted the cabinet of Andrew Jackson; Washington's friend, Sally Fairfax; Peggy Shippen, whose ambition and greed led Benedict Arnold to treason; and Ann Rutledge, Lincoln's early sweetheart.

In "Ladies of Destiny" Miss Homer gives absorbing glimpses into the lives of Cleopatra, Nell Gwynn, Isabella of Spain, Mary Fitton, Empress Josephine, and Lady Hamilton.

Miss Homer herself is of unusual interest because she combines the roles of writer and artist. She writes all her own sketches and monologues, and has made many appearances in both Europe and America. The *Philadelphia Public Ledger* considers hers "the best work in her field that American audiences have ever seen."

Since it is seldom that we have opportunity here to observe the work of artists at

Snoops Gets Low Down on Who Went With Whom to Annual Sophomore Hop

The Sophomore Hop proved the most informal formal held this year. Almost a third of the sophomore men sported shaven heads. The hop committee: Chairman-Russell Walton, Arthur S. Coleman, Elston Ingalls, Harold Lord, James Shields, boast two bald heads. The dance was held Friday, April 14th, in Alumni Hall.

Every man sighed in relief to see the Sophomore President, Milton MacBride, intact among the reception committee,

John B. Quinn, Alpha Tau Omega, was elected president of the Student Senate for the coming year at a meeting of the Senate held in Rogers Hall Tuesday night. Alpheus C. Lyon, Kappa Sigma, was elected vice-president, and Kenneth C. Foster, Sigma Alpha Epsilon, secretary. These men will replace John F. Wilson, president of the Senate; Melbourne Means, vice-president; and Bryce H. Jose, secretary.

Quinn is a native of Wilmington, Delaware, and is a student of Forestry. He is president of the Track Club, a member of the Forestry Club, and served as art editor of the 1934 *Prism*. He was awarded numerals in football during his freshman year, and was a member of the track squad during the same year. He is one of the highest ranking students in the Forestry Department, being consistently on the Dean's List, and was vice-president of the M.C.A. cabinet during his freshman year. He is a second lieutenant in the local unit of the R.O.T.C., a member of Scabbard and Blade, and is a member of Phi Sigma.

Dr. Fairchild Speaker At Monday Assembly

A pure heart, clear head, and strong hand are the three requisites for the real man of today, according to Dr. T. Everett Fairchild in an address before the student body at Assembly Monday morning. The subject of his address was "Art Thou the Man?"

In describing the first of these qualities, Dr. Fairchild stated that noble intentions, altruistic purposes, and unselfish motives are paramount. A clear head means to be not only able to think clearly but also to be beyond prejudice, courageous in revealing the truth, and broadminded. The speaker explained the term strong hand as the ability to make a success vocationally. "Higher education," he said, "should include not only culture but vocational training." A college student should be able to achieve in realms of practical endeavor.

Dr. Fairchild is a Maine graduate. He is now assistant to the President of Boston University and was recently appointed to the Directorship of the Summer Session of that institution. Arthur L. Deering introduced the speaker.

Classes To Meet Next Week for Loan Fund

Meetings of the classes of the University to vote on the Senate Loan Fund proposition will be held according to the following schedule. All these meetings will be held in Alumni Hall, and it is hoped that a large representation of each of the classes will be present.

Juniors: Tuesday noon at 1 P.M.
Sophomores: Wednesday noon at 1 P.M.

SENATE LOAN DRIVE TO OPEN NEXT WEEK

Will Sell Tickets to Strand at
Regular Prices; Good for
Week of May 1

The Student Senate loan fund drive will get under way next week when a series of class meetings will be held to vote on the proposition of having each class pay a sum equal to 50¢ for each member of the class. Meetings of each class will be held, with the exception of the senior class. The seniors will vote on this proposition at the same meeting at which they will vote on their class gift problem.

In addition to the drive among the students of the University the Senate committee, a joint committee of the Senate and the Women's Student Government whose members of the committee are Francis Dean and Alice Dyer, will conduct a sale of tickets to the Strand Theatre in Orono. Through the cooperation of A. L. Goldsmith, manager of the Strand Theatre, a block of five hundred tickets will be sold at regular prices. These tickets will be sold during the next two weeks and will be good for one week, beginning May 1, at any performance.

The Strand offers an especially good program during that week, the pictures being played including "Men Must Fight," "20,000 Years in Sing Sing," "What No Beer?" "Christopher Strong," "Blondie Johnson," and "Clear All Wires." Tickets may be procured through members of the Student Senate or the members of the Senate and Women's Student Government Loan Fund Committee.

All the honorary organizations and extra-curricular organizations are being asked to contribute to the fund, since they have as their primary purpose the advancement of education in at least one of its phases and since the loan fund will be a definite aid to education.

The members of the faculty will not be asked to contribute, but the committee has announced that contributions from the faculty will be gratefully accepted.

It is the hope of the committee in charge of this drive that a sum of between \$1000 and \$1400 will be raised, thereby enabling between twenty and thirty students to remain in college.

PROF. ELLIS HAS ARTICLE PUBLISHED IN MAGAZINE

Professor Milton Ellis, head of the department of English at the University of Maine, had an article in the January number of *American Literature*, entitled "The Author of the First American Novel." This novel was called *The Power of Sympathy*, was published anonymously in 1789 and is ordinarily attributed to the poetess Sarah Wentworth Morton.

Professor Ellis and Miss Emily Pendleton, '26, in their study *Philenia* published as one of the University of Maine studies last year, proved that Mrs. Morton cannot be considered the author of this novel. In the article referred to, Dr. Ellis proved that the author was in all probability William Hill Brown (1765-1793), a minor poet, novelist, and essayist of Boston.

Faculty members of the English department of the University attended the Maine English Instructors' Conference in Waterville yesterday.

Plan Will Bar Freshmen From Houses During First Semester

3 HOUSES AGAINST PLAN

Administration O.K. Needed
Before Amendment Can
Go into Effect

The rushing system at Maine will undergo a radical change next year if the plan approved by the Interfraternity Council at a meeting held in Rogers Hall Tuesday night is accepted by the Board of Administration. The new plan, the complete text of which appears below, is the result of two years' discussion and research on the part of the Interfraternity Council to find a method of rushing satisfactory to all houses and to the University officials which would be less expensive than the present one.

1. No freshman shall enter any fraternity house until the first day of the second semester, according to the University schedule, nor shall attend any organized fraternity supper, party, or smoker on or off campus during this period.
2. The date for pledging shall not be sooner than three weeks after the beginning of the second semester.
3. The penalty for the breaking of this rule shall be that any freshman entering a fraternity house cannot join that fraternity until the fall semester of his fourth year in the University.
4. A man who has broken rule one

An Entrance Gate

It is in full realization of the financial situation into which the University of Maine has been plunged that the *Campus* makes the following suggestion.

One of the needs of this University, though of course not a pressing need, is a decorative gate or arch at the entrance to the campus opposite the power house. The state road which passes the campus carries a good deal of traffic through the year and particularly tourist traffic during the summer months. There is no means by which passers-by, who are not acquainted with this section of the state, can tell that the beautiful campus they are passing is that of the University of Maine.

It might be a worthwhile project for some of our students who are interested in architecture to draw up a plan of such a gate, or even a series of gates, one to be put at the Balentine entrance to the campus, another at the waiting station entrance, and the third at the Beta entrance.

It will certainly be an improvement to the campus if such a gate is built as soon as funds, either raised by students or coming as part of the money spent for improvement of the grounds, are available.

Preserve the Lawns

Spring is here with the usual spring weather that makes us all feel like saying "Ho Hum," and once again the customary "Keep off the grass" plea is in order. Simply remember that we have one of the best looking campuses in the East and that it is up to the students to do their part by walking on the sidewalks rather than on the lawns.

In previous years the men students of the University have availed themselves of the privilege of the use of the Balentine and Mount Vernon tennis courts. However, they have monopolized the courts to the exclusion of the women students. As the Women's Athletic Association keeps these courts in repair, they have announced that they will be reserved exclusively for the women.

Mildred Haney Is New Y.W. Head

Mildred Haney, '34, was elected president of the Y.W.C.A. for next year, at the annual meeting held at Balentine Hall Tuesday afternoon. Miss Haney has been active in Y.W. every year, and this year she held the office of vice-president.

Blanche Henry the outgoing president who presided over the meeting read a summary of the year's work, and Jane Barry read the financial report.

Miss Wilson was the speaker at this meeting. She used as the theme of her speech the three B's, which were "Becoming the Best You Can Be." She stated that young people should not be satisfied to live an average life, but have ideals and strive to attain them. Miss Wilson said that the purpose of Y.W. was to offer opportunities for others, that each one may do the best. Miss Wilson also mentioned the Y.W. conference which is to be held in Winthrop, Maine, in June.

EASTER SUNRISE SERVICE IS HELD IN M.C.A. BLDG.

Following is the program:

WOMEN!

Elections for Student Government and W.A.A. officers tomorrow in Alumni from 8 to 4. Everybody vote.

In The Library

The thought uppermost in the mind of every senior is "What am I going to do next year?" Probably the majority of the underclassmen are asking themselves "Have I chosen the right courses? Am I fitting myself efficiently for the field which I wish to enter?"

Countless books and pamphlets have been written on the subject of vocational guidance and selection of an occupation, each having its own particular merit. The books listed below seem to be outstanding of those published during the past year.

Crawford, Albert Beecher, Ed. 371.425

The choice of an occupation Y 13

This book was published by the Department of Personnel Study of Yale University in the interests of Yale students. It is intended to help the individual analyze his abilities in relation to the different fields of the various occupations. About seventy occupations are discussed; professions, occupations in the fields of science, engineering and business. At the end of the chapter discussing each profession is a bibliography of books dealing with the particular occupation.

Menge, Edward J. 371.425

Jobs for the college graduate in science M525

Practical information concerning the various fields which the scientific student may enter, including the qualifications and training necessary for each, incomes, numbers already engaged in it, etc. Contents: The Mathematician; the physical and chemical group; the medical group; engineering; the biological sciences; positions where men and women trained in botany are needed; a list of the most representative, privately endowed research institutions in the U. S.

Oglesby, Catharine 371.425

Business opportunities for women Og5

Part I. Advice on getting a job and keeping it.
Part II. Considers the opportunities in the various fields: Advertising; arts and crafts; Communication; Finance; Fashion; Journalism; Social service and the professions. Contains also a brief bibliography.

Practically every question which the girl going into business would ask are answered here.

Committee Named for Commencement

Members of the Commencement Week Committee have been appointed, according to an announcement made recently by Alumni Secretary Charles E. Crossland, as follows: chairman, E. H. Kelley, '90, secretary, C. E. Crossland, '19, J. A. Gannett, '08, H. W. Leavitt, '15, A. L. Robinson, '16, Mrs. Helen D. West, '17, H. D. Watson, '18, P. A. Jones, '19, and Charles Bunker, '33, chairman of the Commencement Ball Committee.

This committee, some of which were chosen by President Boardman and some by the General Alumni Association, held its first meeting Friday, April 14, to discuss the general program.

DEBATERS MEET BOWDOIN BEFORE KIWANIS TODAY

The University of Maine debating team is meeting the debaters of Bowdoin College this afternoon before a meeting of the Bangor Kiwanis Club at the Penobscot Exchange Hotel. The subject for discussion is: Resolved, that most commercial advertising as now carried on tends to be detrimental to the best interests of the American people. Maine, upholding the affirmative is represented by Roger Hefler and Stanwood Searles; while M. Chandler Redman and Stephen F. Leo are defending the negative for Bowdoin. The chairman is Bob Haskell '25, of the Bangor Hydro-Electric Company and president of the Bangor Kiwanis Club. Three members of the club will act as judges. This is the last intercollegiate debate for this year.

Bill Kenyon is beginning to limit his infield candidates to two major combinations one of which the Maine mentor expects to really produce for the yearlings this spring.

His first combination contains Foley at the initial sack, Collette at second, Fitzpatrick at short, and Chute at third. Sidelinger at first, Smith, second, Naugler, short, and Downey at third compose the second outfit.

In Collette and Fitzpatrick, Kenyon looks to have a capable keystone pair.

Yesterday the team got its first batting practice of the season in the cage.

CHURCH NOTICE

Methodist Episcopal Church
Mrs. James Muilenburg will be the speaker at the regular meeting of the Student Forum at the Wesley House beginning at 7:30. "Glimpses at Holland" will be her subject. Come early for the Fellowship Hour and Luncheon from 6:30 to 7:30. Morning worship at 10:30 with sermon by the pastor.

Bangor Symphony Will Give Concert

The Bangor Symphony Orchestra will present the final program in the series of Wednesday concerts being offered under the auspices of the Advisory Board of the Maine Christian Association, in the Alumni Hall Gymnasium on April 26, at 4:15. This excellent organization of seventy-five pieces, under the direction of Professor Adelbert Wells Sprague, has built up a wide reputation for its high class rendering of symphonic music. The program for this concert contains several numbers of great vigor, and others which have endeared themselves to music lovers generally. A feature of the concert will be the harp solos by Dr. Maurice P. King.

Students who have not heretofore had the opportunity of hearing symphony orchestras will find interest not only in the music, but in the mechanics of musical production by such a large and intricately co-ordinated organization.

The coming of the Bangor Symphony is an event of significance in the development of the cultural life of the University.

It is hoped that the response will be such as to encourage the extension of the programs next year.

The program for next Wednesday is as follows:

The MAINE SNOOPUS

MUST BE spring again for, believe it or not, the sun shone yesterday after a several days' vacation during which he enjoyed a most marvelous vacation in China or somewhere....And so the men of Mars descended upon the campus, and great was the baldness therefor....And who was the tall handsome junior athlete who stood below a Balentine window the other night, Sunday night to be exact, and yooo hooooo "Whiny" at the top or the bottom of his lungs?...And here comes the story of the month, despite our prediction of last week, and it seems that Bob Lorimer is out in the cold, temporarily at least, Bob Zottoli is back and judging from appearances Peanut Bunker seems to be right back where she was last year, literally "up in arms"....And this 3.2 beer seems to be the right rank to make the dean's list....There is a rumor going the rounds to the effect that half the Masque Play cast have had haircuts and so they have decided to present "20,000" years in Sing Sing....Imagine the embarrassment of all concerned when at the Sophomore Hop the other night when Dean Bean decided to view the lovely gowns and striking assemblage from the balcony, and found Melba Gifford and Charlie Traffin doing some heavy balcony work in true Romeo and Juliet style....At last, at last the blond Christine Elliott has given up the struggle and is wearing Carl Thurston's pin....And after looking over the guest list of the Hop we have come to the conclusion that we must have been wrong about Peg Denton and Theron Whicher....Attention, gentlemen—From Balentine Hall comes the report that there are still one or two girls in Balentine who are not engaged, who have not been engaged, and who are not about to be engaged....And lo and behold, another Delta Tau pin has gone the way of all good Delta Tau pins, yes, such is the fact, because Rod Ball's chest ornament is now being worn by none other than Nat Birchall, who occasionally writes stories for that sheet known as the *Campus*....And what's this about Lief Sorensen and the fact that his trips to Milo are less frequent than formerly....And Enid Humphreys has accepted the Phi Kappa pin belonging to John Crosson....Will somebody tell Ken Foster not to be so confectionery to his sweetheart in the broad daylight in front of Balentine....And we nominate for our roll of honor this week the seven girls who were quarantined and not able to go to the Sophomore Hop, and who rather than sitting down and shedding barrels and barrels of tears simply dressed in evening clothes and had a formal dinner on the third floor of Balentine....And we nominate for oblivion the people who gave the freshmen their warlike ambitions.

5. The Interfraternity Council, as a body, shall be responsible for the detection and instrumental in the infliction of the penalty for infractions of the above rules.

The new plan is an amendment to the constitution of the Interfraternity Council and needed a three-fourths vote of all the members in order to pass. The vote in favor of the new amendment was 16-3.

Three hours' discussion last Wednesday night concerning the rushing problem resulted in this plan, the second definite one to be brought before the fraternities thru the Interfraternity Council. It was taken

back to the houses and at the initial reckoning Tuesday night eleven of the nineteen fraternities were in favor of it. After considerable discussion of minor changes recommended, it was decided that since no plan would be perfect, and some of the recommended changes would at the same time make the plan entirely satisfactory to some houses and make it unsatisfactory to other houses, which were then in favor of it, the plan be accepted in its entirety.

The 11th dance proved fatal for the decorations. Satan whispered in Harry Files' ear and the news spread! Every one grasped a streamer. Peanut Bunker dangled on the end of a blue ribbon held across the hall by Larry Hess—and so the game went on! Soon all legs and arms were tangled in the rustling mass of paper.

The following students attended.

Melba Gifford and Charles Straffin; Louise Milliken and George Solomon; Margaret Davis and Chesty Leland; Merita Dunn and Bob Stubbett; Rachel Adams and Charles Moody; Johnny Bankus and his sister; Virginia Trundy and Mr. Ames.

CHARLOTTE LACHANCE IS PRESIDENT BETA PI THETA

A meeting of Beta Pi Theta, the honorary French society, was held last Wednesday to elect officers for the year 1933-34. Charlotte Lachance was chosen president; Lionel Desjardins, vice-president; Doris Lawrence, secretary; and June Wheeler, treasurer. Hazel Feero will be the sentinel and Professor Kueny was appointed faculty adviser.

Betty Shurtliff and Stan Blanchard; Flora Stone and Phil Brock; Peg Denton and Theron Whicker; Marion Hilton and Gil Richardson; Violet Morrison and Arne Menon; Miss Fellows and Gordon Heath; Daisy DeMyer and Harold Barrett.

The dance ended at 2 a.m. with a most unusually tired band of sophomores. Two nights about did them, every man! And each welcomed the cool walk through the misty night toward home.

Tau Epsilon Phi at its weekly meeting on Monday night elected the following officers for the coming school year: chancellor, Robert Berg; vice-chancellor, Samuel Cope; bursar, Arnold Kaplan; scribe, Monte Cohen. The new officers are to take their positions immediately.

Wednesday evening Pi Beta Phi held its pledge service at Stevens Hall. The following girls were pledged: Margaret Asnip, Vivian Clemens, Hope Coffin, Faith Holden, and Arlene Merrill.

At a recent meeting of Der Deutscher Verein the following students were elected to the society: Doris Ballard, Miriam Brill, Arnold Kaplan, William Manning, Joseph Massaro, Ernestine Moore, David Rich, Earl Stone, Cynthia Wasgatt, and Elizabeth Wilhelm.

Chi Omega recently held a pledge service at the home of Miss Louise Hill on College Avenue. Frances King, Margaret Harriman, and Ruth Vaughan were pledged at this time.

gether in front of the book store and awaited the arrival of the sophomore cohorts. They were not long in coming. Six carloads of the "wise fools," armed to the teeth with eggs, fruit, and other equally effective missiles swooped down on the congregation, and impartially unloaded their cargo upon any target which presented itself. They were greeted in return by like objects in even greater volume than their own. Deciding that discretion is the better part of valor, they departed even more hastily than they arrived.

At last, both sides, tired out by the long warfare, sued for peace, and a formal treaty was drawn up and signed by the commanders of both factions. True to

their word, no attempt was made by the first year men to break up the Sophomore Hop, and so ended the great battle that would have put to shame Uncas himself, the Last of the Mohicans, in days of yore.

FROSH TRACK TEAM MEETS DEERING SAT.

Unless the weather is much more favorable before the end of the week, the freshman tracksters will hold their meet with Deering High School in the armory on Saturday. Nevertheless, Coach Jenkins has had his squad work daily either indoors or out, as the weather permitted, and the squad is in fine shape for the coming meet.

The same men who went through an undefeated indoor season will be depended upon by the coach to carry on in spring track. In the weight events, Sidelinger, Thompson, Roberts, and Frame will carry on for the Pale Blue cubs once again. The coach will depend on Huff, Dowd, and Sisco in the dashes, and in the distance events he will have Prince, Ives, Beal, Clark, and Peaslee. The outstanding man in the middle distances is O'Connor.

Perkins and Ireland will be counted upon in the high jump, and the former is also the leading frosh broad jumper. In the hurdles, Collette, Halle, and Chapman will be the mainstays. Halle has been coming along fast during the indoor season and should show up well in coming meets. Collette will also enter the shot put, in which he has captured first place in all the indoor meets, as well as performing well in the hurdles.

With this group of capable cinder performers Coach Jenkins hopes to continue the five year undefeated efforts of frosh tracksters.

Tennis Club Will Meet At M.C.A. This Tuesday

The first meeting of the Tennis Club will be held Tuesday, April twenty-fifth, at the M.C.A. Building at 6:30 P.M. Two important matters will be taken up at this meeting: the election of officers for the present season, and the arrangements for the Curtis Cup Tournament to be played off in May.

Membership in the Club and participation in the Spring Tournament are open to all male students on the campus, and it is necessary that every player who intends either to enter the tournament or try out for the varsity squad should attend the meeting next Tuesday night. Failure to attend may lead to elimination because of misunderstanding of the rules. The showing made by players in the tournament is taken into consideration in selecting the varsity squad.

Officers to be filled are: President, Vice-President, Secretary, Treasurer, and Manager.

SPORTS SPIELS

By BOB BERG

The postponement of yesterday's exhibition baseball game between Maine and Colby, due to the muddy condition of the diamond at Waterville, is a distinct loss to the Black Bears. Without a doubt there seems little chance of having the game played either tomorrow or Saturday which means that when the team leaves on a three-day trip next week, it will take part in the contests without the benefit of any competition whatsoever.

Coach Fred Brice was especially looking forward to the Colby tilt as he was planning on getting a line on his pitchers and outfielders. Until the present time the only Black Bear hurler who has been effective and has been able to go any distance in practise is Mun Romansky, sole veteran moundman. The rest of the aspirants for berths on the pitching staff are all inexperienced and Coach Brice wanted to insert them into the Colby fray some time or other so that they would receive their baptism under fire.

This would have been most beneficial to the untested pitchers as it is obvious that at least three or four of them are bound to see action on the mound in the trio of games scheduled for successive days next week and thus they would have had at least a little experience in their favor.

For the outfielders the exhibition fray would have actually been a god-send, as they have been able to practise catching fly balls but one time so far outdoors. Weather conditions have forced the team to practise in the indoor cage which does not give the outfielders any opportunity to snag flies. Then again, there appear to be five outstanding gardeners among the outfield candidates who have made an impression on Coach Brice by their hitting strength.

BLACK WINS 5 MILE; BOOTH SECOND IN 8

Ernie Black '35 and Harry Booth '33 took first and second places in their events in the Patriot's Day games in Portland yesterday. Black took first place in the five mile grind, while Booth took second in the eight mile run. E. C. Veysey of Colby was the winner of the eight mile run breaking the existing record of 44:7½ by well over a minute and cutting it down to 42:33½.

Black's time for the five mile event was 25:53½ only forty-eight seconds more than the record time for that event.

All students who have had two and one-half years or more service in the Band, and desire Band keys, should see Kenneth Pullen, Sigma Nu house, within one week from today.

However, nothing is known about their fielding abilities and the Maine coach was going to use all five in the game in order to determine their status.

Varsity Trackmen Are Strong For Next Week

With the same group of veteran tracksters who so thoroughly drubbed Bates a short while ago, Coach Jenkins is looking forward to a duplication of the feat when his men meet the Springfield team here a week from Saturday.

Although little is known as to the strength of Springfield College aggregation this year, their reputation for putting out strong athletic teams will make them a formidable opponent for the Maine trackmen. However, with at least one outstanding Pale Blue entrant in each event, the Maine coach anticipates another victory.

Applications for the Track Club Scholarship must be made to either Theodore S. Curtis, faculty manager of athletics, or to Track Coach Chester Jenkins by May 1. Freshmen who have made their numerals in any sport are eligible for this scholarship, and it will be awarded on a basis of the candidate's scholastic qualifications, his financial need, and his athletic promise.

ELWIN MOULTON ELECTED HONORARY RELAY CAPTAIN

Elwin Moulton was elected honorary captain of the varsity relay team at an election of all lettermen held yesterday afternoon.

Moulton has been the outstanding member of the relay quartet for the past two years and is the leading quarter miler in outdoor track. The new captain-elect was a leading 300 yard dash man in indoor track and holds the indoor gymnasium record for the University in that event with a time of 33 seconds flat.

A paper by Mr. Henry W. Bearce, '06, discussing the precise definition of the fundamental units of measurement, was printed in the October, 1932, issue of "Mechanical Engineering."

Mr. Bearce is co-chief of the Division of Weights and Measures, United States Bureau of Standards, at Washington, D. C., and secretary of the National Screw Thread Commission.

BRICE APPOINTS HALLGREN ACTING BASEBALL CAPTAIN

Coach Fred Brice has appointed Sven Hallgren as acting captain of the varsity baseball team for this coming season.

Hallgren has been playing at the shortstop berth for the Black Bears for the last two years already and was one of the three lettermen to return to the team this year. The blond infielder is the smoothest and most reliable fielder on this year's team and is considered by Coach Brice as the best shortstop in the state at the present time.

Ever smoke
"whittle"
tobacco?

Well... here it is... already
whittled FOR you. Granger
Rough Cut is tobacco whittled
right... that's one
reason why it burns so slow
and cool.

WHEN we started to make Granger
Rough Cut we knew that fine tobacco
burnt hot because it burnt so fast. It
kept your pipe hot. You could hardly
hold your pipe in your hand, it got so
hot at times.

Then we remembered that some folks
back yonder used to "whittle" their tobacco.
So we made GRANGER just like
"whittle" tobacco — "Rough Cut." It
smokes cooler and lasts a lot longer. And
also, you'll find it never gums the pipe.

So far, so good. Now we wanted to sell
this tobacco for 10c. Good tobacco—right
process—cut right. It was a question of
how to do it for the price.

So we put GRANGER in a sensible soft
foil pouch instead of an expensive package,
knowing that a man can't smoke a package.
We gave smokers this good GRANGER
tobacco in a common-sense pouch for 10c.

GRANGER has not been on sale very
long, but it has grown to be a popular
smoke. And there is this much about it
—we have yet to know of a man who
started to smoke it, who didn't keep on.
Folks seem to like it.

FIFTH FOREIGN
PRESENT

'Kameradschaft'
Tonight; German
Has Ended

The Strand Theatre presented "Kameradschaft" last night, as the fifth picture in the series. This is a picture with superimposed foreign dialogue, complete understanding of the language. It is a picture of the life of a German soldier in the trenches.

This picture was a medal by the London Film Festival, being the finest picture of the year. G. W. Pabst, its director, is one of the outstanding silent and talking picture makers. He covered the acting in "Streets of Seville" and "The Blue Bird" during the war in Germany, under the most difficult conditions.

"Kameradschaft" is a picture of the lives of 1400 German soldiers in the trenches, but by setting it in the Franco-German war, Pabst has given it a national significance to prove that politics are artificial and that the idea of a world peace is a dream.

In its depiction of the terror, "Kameradschaft" is a picture of the life of a German soldier in the trenches. It also ends on a note of hope, as the picture contains a dialogue as well as a picture to large audience.
