'BOTH YOUR HOUSES' IS MASQUE SUCCESS; TO BE STAGED AGAIN

Profs Bailey and Bricker Give Impressive Performances

By Elston P. Ingalls
"Both Your Houses," by Maxwell Anderson, was offered by the Maine Masque in the Little Theatre last night as the third play of the current dramatic season, and was obviously well received by those who attended. Another performance will be given tonight.

Maxwell Anderson, though he is seldom stirred, must have had his traditional complacency slightly disturbed when he witnessed a performance of his priceless political satire "Both Your Houses." His relentless attack on our own dear institution, the government, may not be a thing of beauty or a joy forever, but it serves as adequate stimulus for an occasional passing thought concerning our political representatives.

Alan McClean, played admirably by Herschel Bricker of the Public Speaking department, as a Nevada representative serving his first term in the House is virtually in another *Wonderland*. Equally as unsophisticated and childishly naive as was Alice, he arrives in the national capitol with all the mannerisms of a son of a wild jackass. He is inherently honest and pitifully innocent. Perhaps he is wholly unconscious of the consternation he causes among the nation's parasites, but he might aptly be labeled a wolf in sheep's clothing. A reticent representative is so unusual that when one occasionally appears he is a noticeable curiosity. This is the case of McClean. He condescends to discuss banal topics like "good morning" and "nice weather," but as for committing himself to governmental affairs—he waits for an opportunity like a dove and springs on his opponents with the fury and power of a tiger.

The delicate sensitivities of Alan McClean were emphasized most convincingly by Bricker, and the other extreme of the man's personality was brought out equally as vividly. Whether a mordant jackass or a vivid pedagogue, the character of Alan McClean was a sedulous symbol, brought to life convincingly by Bricker.

Prof. Mark Bailey's characterization of Solomon Fitzmaurice was perhaps the dramatic acme of the play. "Old Sol" has been a crooked politician all of his life. Soaked with tobacco and fusil oil, he has lost his sense of propriety, honesty, and virtue. He thinks there's something slimy about an honest politician, and he has no desire to consider himself slimy. Prof. Bailey gave an excellent portrayal of a scheming, deceiving demagog. He would chuckle at the corrupt practices of government officials, and at times he would assume a delightful innocence and distaste for unscrupulous politicians, but he invariably maintained a perpetual state of conviviality. His dramatic expression was exceptional, and this was adequately supplemented by appropriate gestures and an agreeable tendency to assume innocence by squinting out of the corners of his eyes.

Another character who certainly de-

Everyone Goes Just A Little Insane At Psychological Fair

About one hundred people went mildly insane at the Psychological Fair held Tuesday evening in the Community House in Orono under the auspices of Sigma Mu Sigma. Students dashed around to the various booths with a mad light gleaming in their eyes as they gradually realized that besides being color-blind, absolutely minus personality and emotion, they had no control over their hands, could not interpret sounds nor draw a straight line. Little bells ringing, lights flashing almost continuously sounded and looked like the knell of doom to those innocents trying vainly to poke a peg into a hole or attempting to tap twice in the same place.

For those morbidly inclined, an exhibition of brains—skeleton's not mental—was spread all over a table in a corner, and most of the visitors ended up inspecting them, marvelling that somebody at some time had had any brains.

The silver rabbits decorating the food booth attracted everybody eventually, and the eskimo pies and home-made candy disappeared rapidly.

Dr. Brush had charge of the affair with Bill Crockett, Lillian Wall, Mal McCormick, and Mildred Haney as his assistants.

Directors of Book Store Make Public Financial Statement of Company

The University Store Company,
March 9, 1934

To the Members of the Faculty and Students of the University:
At the annual meeting of the Alumni Council of the General Alumni Association held each year on the campus, it is customary to present the annual report of the officers of the University Store Company.

Since the Store Company was organized and financed by University alumni, it is natural that at this meeting questions of finance, policy, and other matters of interest should be presented and discussed. Earning statements, operating accounts, and balance sheets are here presented in detail, and the information they contain is available to anyone who is interested.

However, the present Board of Directors of the Store Company, realizing that we are passing through a period of doubt and uncertainty, and that conditions have made us all extremely sensitive to financial outlay, and acutely conscious of the manner in which business interests are conducted, and realizing that many of the faculty members and present student body would ordinarily not be in attendance at this meeting, wish to present to the Faculty and Student Body of the University a full and complete statement of the Store's financial condition, as well as a summarized statement of expenses and profits since the organization of the company.

While the directors of the Store have no control over the distribution of such profit as is made, it has always been the policy of the directors, as the earning statements will bear out, to render a maximum service with a minimum of profit.

Individuals have frequently expressed the opinion that the store should show a greater profit. The present board of directors are convinced that this is entirely possible, but not consistent with making the store in essence a cooperative institution. Expensive items involving a large investment are sold at a narrow margin of profit, and a serious effort is made to accommodate the entire University community.

The directors of the Store Corporation realize that the opportunities for the Company to serve the community may be further developed. Likewise they are conscious of the fact that there is a widespread misunderstanding of the problems involved in the operation of the store. To this end the directors most earnestly request suggestions and criticisms presented with a view toward assisting in the constructive development of a University institution and cordially invite requests for such information concerning the policies and operation of the store as will be of interest or assistance to members of the University community.

Very truly,
D. E. FAVOR
C. E. CROSSLAND
R. N. HASKELL
M. D. JONES
J. H. MAGEE, President
DIRECTORS

TEN JUNIORS PICKED BY PALE BLUE KEY

Pick Two Representatives From Each Varsity Sport

The Pale Blue Key of the University of Maine, formerly the Track Club, elected ten members of the present junior class as honorary members at a meeting held yesterday noon. Two members of the class were elected from each sport, the men selected picked for their excellence in that particular sport. The men elected are: Football: M. Milton MacBride and Samuel H. Reese; baseball: Winston Hoyt and Russell A. Walton; cross country: Kenneth D. Black and Ernest Black; track: Clayton O. Totman and William B. Cole; and winter sports: Darrell Badger and Samuel Favor.

Donald Huff, outstanding sophomore track man, was elected president of the Pale Blue Key for the coming year at the same meeting. Robert Wishart was elected vice-president, Richard Barstow, treasurer, and Carl A. Briggs was elected secretary.

PEGGY DODGE CHAIRMAN OF HOME EC STAG DANCE

Lou Kyer's orchestra has been selected by the Home Economics Club to play at their stag dance to be held in Alumni gym tomorrow (Friday) night. Peggy Dodge is chairman of the committee in charge of the affair this year.

Chaperons for the dance will include Dr. and Mrs. Freeman and Prof. and Mrs. John Stewart.

ALUMNI CONSIDER PLACEMENT SERVICE

Alumni-Faculty Committee Appointed by Dean A. L. Deering

Resulting from action taken by the Alumni Council of the General Alumni Association at its last meeting, an alumni-faculty committee has been appointed to study the question of the establishment of an organized Placement Service at the University. A meeting of the alumni members of this committee is being held in New York today (Thursday, March 15) which Alumni Secretary C. E. Crossland is attending.

The Alumni Committee composed of five members, was appointed by Arthur L. Deering '12, President of the General Alumni Association. Edmund J. Dempsey '17, Works Manager, Calco Chemical Company, Bound Brook, N. J., is chairman. Dr. Allen Rogers '97, Head of the Chemical Engineering Department, Pratt Institute, Brooklyn, N. Y.; George K. Huntington '05, Treasurer, Western Union Telegraph Company, New York City; Ernest T. Walker '11, President Walker-Turner Company, Plainfield, N. J.; and George V. Packard '31, Assistant Personnel Officer, W. T. Grant Company, constitute the committee.

President Boardman appointed as faculty members of the committee—Deans Cloke, Muilenburg, Lutes, and Deering, who have already had a meeting. The work of the two units is to be coordinated by conference and Alumni Secretary Crossland will act as liaison officer between the two units.

(Continued on Page Five)

Mrs. Carl Otto Took Part in Discovering 2 Elements

A set of the Allison magneto-optic apparatus has recently been constructed at the Technology Experiment Station of the University of Maine. The work is being carried on here by Dr. and Mrs. Carl Otto and opportunity is being given a limited number of students to gain familiarity and skill in its operation.

This apparatus is a recent development of Dr. Fred Allison, head of the Physics Department of Alabama Polytechnic Institute and bids fair to rival the spectroscopic in importance and usefulness. Its sensitivity is far greater than any other known instrument as it is able to detect about four parts of any compound in a trillion parts of water, and to do this regardless of what other substances may be present. Because of this extreme sensitivity, Dr. Allison was able to discover the last two elements, Virginium (first found in ores from Maine) and Alabamine which had eluded other investigators.

Mrs. Otto (née Edna R. Bishop), who was at the Alabama Experiment Station for the last three years before coming to Orono, worked with Dr. Allison on these elements and several other problems. She also developed quantitative methods with the apparatus which offer many applications as in biological chemistry and the study of rare minerals where mixtures are too complex or amounts too small to yield to other methods of analysis. Investigations were also made of radio-active elements in which many new isotopes were discovered. This in turn led Mrs. Otto to formulate an extended theory of radioactivity, containing four instead of three families and including the newly discovered Virginium and Alabamine in the radio-active scheme.

It is planned both to continue and extend the work started at Alabama and to start new fields of investigation with

NINE STUDENTS AND TWO ALUMNI CHOSEN BY PHI BETA KAPPA

Outstanding Chemist and Hygienist Picked For Honor

Seven seniors, two juniors, and two members of the class of 1919 were named today to membership in Phi Beta Kappa, national honorary fraternity.

The members of the senior class pledged were Rita E. Lancto, Springfield, Mass., Abraham Stern, Bangor, Eva M. Bisbee, Portland, William L. Thompson, Portland, Dorothy E. Romero, Bangor, Abraham E. Rosen, Bangor, and Ruth E. Lord, East Lebanon.

Juniors upon whom the honor was conferred are Ruth C. Harding, Stockton Springs, and Norman M. Jackson, Rumford.

Two prominent University of Maine alumni were also pledged, Vernon H. Wallingford, Director of Organic Research, Mallinckrodt Chemical Works, at Ferguson, Missouri, and Marjorie E. Gooch, a statistician at the School of Hygiene, at Johns Hopkins.

COLBY WITHDRAWS FROM STATE MEET

Enters Eastern Intercollegiate League. Only 3 Teams Left

Colby College this week withdrew from competition in the annual state intercollegiate track meet, according to a statement made by C. Harry Edwards, athletic director of the Waterville institution, and will participate in the Eastern Intercollegiate League meet. The reason given for the withdrawal of Colby from the state meet was lack of man power, and the fact that Colby has not been able to place higher than fourth place in the meet for several years. Athletic officials at Colby were of the opinion that with the powerful teams of Maine, Bowdoin, and Bates there will be sufficient competition on the state meet this year.

The Eastern Intercollegiate League, in which Colby will take part this year, has for its other regular members the University of Vermont, Middlebury College, Norwich University, Rhode Island State College, and Massachusetts State College, and colleges listed which are eligible for participation in this league and which have taken part in its track meets in the past include Amherst, Wesleyan, and Williams, the Little Three.

Colby's leaving the state track meet to be held this year at Brunswick, will give the other track coaches of the state a different situation on which to plan, and will cause the track dopsters of the state to figure out a different schedule of points.

The Varsity rifle team was defeated last week by Michigan State College and Mississippi Agricultural College in a three cornered match.

Losing by a small margin, the Maine team scored 3524 points, while Michigan and Mississippi totaled 3655 and 3543 respectively.

THREE RECORDS TOPPLE AS MAINE TRACK TEAM TRIMS BOSTON COLLEGE

PROGRAM PLANNED FOR FARMERS' WEEK

M. C. Bond To Discuss Monetary Situation and Its Effect On Agriculture

Fifteen organizations, associations or agencies are represented in the 28th annual Farm and Home Week program to be held at Orono, March 26-29, it is revealed in the printed program just released by the College of Agriculture.

The Maine Veterinary Medical Association will hold its first meeting in connection with Farm and Home Week. Other associations and institutions are as follows: Maine State Grange, Maine Farm Bureau Federation, Maine County Farm Bureaus, Maine State Department of Agriculture, Maine State Child Health Council, Bangor Theological Seminary, Better Homes in America Association, Maine Agricultural Experiment Station, Maine Cannery Association, Maine Federation of Agricultural Associations, Maine Federation of Women's Clubs, Maine Livestock Breeders' Association, Maine Pomological Society, Maine Seed Improvement Association, Maine State Poultry Improvement Association.

Speaking about the Farm and Home Week program, Dean Arthur L. Deering says that problems of the community are discussed as well as the problems of the farm and home. Taxation, farm credit facilities, monetary policies are pointed out as subjects receiving special emphasis this year.

Maurice C. Bond, a disciple of President Roosevelt's most trusted monetary adviser, Dr. George F. Warren, will discuss the monetary situation as it affects farm prices and how to adjust agriculture to meet present economic conditions. E. E. Chase, president of the Maine Securities Company, Portland, will speak on the subject entitled, "Salvo or Salvo," a study of political methods. C. G. Garman of the Farm Credit Administration, Washington, and E. H. Thomson, president of the Federal Land Bank, Springfield, Mass., will speak on matters relating to farm credit. James C. Farmer, lecturer of the National Grange, South Newbury, New Hampshire, will speak on "The Grange and Farm Problems," Wednesday, March 28, 4:15 p.m.

U. OF M. DEBATE TEAM TO BEGIN TOUR ON MARCH 21

Maine Representatives Will Compete in Ten Intercollegiate Debates. Begin With B. U. in Boston

Three members of the University of Maine men's debating team will leave the campus March 21 on an extended tour in which they will engage in 10 intercollegiate debates.

The schedule of the debates is as follows:

- March 21 Boston University at Boston
- March 22 Clark University at Worcester
- March 23 Rhode Island State College at Kingston
- March 24 Connecticut State College at Storrs
- March 26 Rutgers at New Brunswick, New Jersey
- March 27 University of Pennsylvania at Philadelphia
- March 28 Intercollegiate forum, New York University, City College of New York, Rutgers, at New York
- March 30 International College at New York
- March 31 Middlebury College at Middlebury
- April 2 University of Vermont at Burlington

The three topics which the Maine debaters will discuss are "Resolved, That the powers of the president should be substantially increased as a settled policy"; "Resolved, That the essential features of the British system of radio control should be adopted in the United States"; "Resolved, That the powers of the president granted under the NRA should be adopted as a permanent policy."

NOTICE

There will be no issue of the Campus next week.

Don Favor, Ken Black Break Hammer and 600 Yd. Marks

With Don Favor leading the way, the University of Maine track team overcame the Boston College Eagles 80½ to 45½ at the Indoor Field last Saturday evening in a meet which saw two records broken and one tied. Favor broke his own record in the 35 pound weight throw by heaving the weight 53 feet 3-4 inches, almost two feet better than his former record. Besides taking the weight event, Favor gathered a first in the discus and another in the pole vault to contribute 15 points to the Maine victory.

Ken Black, one of Maine's leading tracksters, broke the tape in the 600 yard run in the record time of 1 minute and 13 seconds, one second faster than the former indoor field record. Black was trailing Dana Smith of Boston College until the final half lap, but Black put on a finishing spurt that was too much for the Eagle runner, and he finished four strides ahead of Smith.

McManus, of Boston College, one of the leading sprinters in New England, won close victories in both the 75 and 300 yard dashes. Due to an error in measurement the 70 yard dash was found to be actually 75 yards in length. The 300 yard dash was run against time and due to the fact that Maine's men were effectively boxed at the first turn in both heats, B. C. gathered first and second places and a tie for third.

Maine scored in every event, making a clean sweep of the 1000 yard run, the discus, and the hammer throw. Maurice Goddard tied the record in the 45 yard high hurdles, finishing in six seconds flat with two B.C. men close on his heels. Approximately one thousand people saw Maine close its indoor season with an overwhelming victory.

The summary:
75 yard dash—Won by McManus, B. C.; second, Goddard, Maine; third, Joyce, B. C. Time, 8 seconds.

1 mile run—Won by E. Black, Maine; second, Powers, B. C.; third, Downey, B. C. Time, 4 minutes, 28 seconds.

600 yard run—Won by K. Black, Maine; second, Smith, B. C.; third, O'Loughlin, B. C. Time, 1 minute, 13 seconds.

Javelin—Won by Roberts, Maine; second, Avery, B. C.; third, Totman, Maine. Distance, 170 ft., 3 inches.

Discus—Won by Favor, Maine; second, Rogers, Maine; third, Sidelinger, Maine. Distance, 129 ft., 2½ inches.

High jump—Tie between Stevens, Maine, and Ireland, Maine; third, Connors, B. C. Height, 5 ft. 8-8 inches.

45 yard high hurdles—Won by Goddard, Maine; second, Holland, B. C.; third, Goglia, B. C. Time, 6 secs.

35 lb. weight—Won by Favor, Maine; second, Rogers, Maine; third, Frame, Maine. Distance, 53 ft., 3-4 inch.

Shot put—Won by Zaitz, B. C.; second, Rogers, Maine; third, Couhig, B. C. Distance, 43 ft. 10 inches.

Two mile run—Tie between Cole and Saunders, both Maine; third, De Lear, B. C. Time, 10 minutes, 20-3-5 seconds.

1,000 yard run—Won by Marsh, Maine; second, E. Black, Maine; third, K. Black, Maine. Time, 2 minutes, 20-2-5 seconds.

Pole vault—Won by Favor, Maine; second, tie between Ireland, Maine, and Holland, B. C. Height, 11 feet.

300 yard run—Won by McManus, B. C.; second, Parks, B. C.; third, tie between Joyce, B. C., and Huff, Maine. Time, 33 seconds.

Broad jump—Won by Hayes, B. C.; second, Gaffney, Maine; third, Holland, B. C. Distance, 21 feet, 5-1-16 inch.

NOTICE UPPERCLASS COLLEGE OF TECHNOLOGY STUDENTS

All candidates for the three Hovey Memorial Scholarships of fifty dollars each, which are to be awarded this spring, should see Mrs. Creamer at my office without fail during this week (the week of March 12).

Applicants must be members of the sophomore, junior, or senior class in the College of Technology.

Applicants must be on the Dean's List at the present time.

These scholarships are awarded on the basis of need, personality, and attainment.

Paul Cloke, Dean

Helen Blake '35 who has been confined to her room with illness is now able to attend classes again.

If the Cap Fits, Wear It

The Board of Directors of the University Store Company has broken the ice. This group of men has realized that opinions are formed upon information, and that partial or incorrect facts lead to incorrect opinions.

These men deserve credit for their act, in that they have provided an example. They have done away with the reticence so typical at Maine when questions of figures and facts and their presentation to the faculty and students have been concerned.

Perhaps it might be well to have the treasurers of each class at the University present similar reports.

Prep School Sporters

Particularly noticeable at the basketball tournament last week-end was the ever increasing practice of sporting prep school athletic insignia by Maine students, a practice which should be discouraged.

There are, of course, two sides to this as to any question. There is the man who wears his prep school insignia innocently, perhaps because his only sweater is the one on which his prep school letter appears.

But there are some cases wherein men are sporting their prep school letters. Naturally everyone on this campus has a right to wear exactly what he pleases and wear it when he pleases, but most of us don't go to formals in corduroys.

There is plenty of reason why the sporting of prep school letters should not be sanctioned. There is a freshman rule at Maine forbidding freshmen to wear prep school insignia. The purpose of that rule is not to instill a spirit of insignificance in the freshmen, but rather to make them realize that people at Maine don't care what they did in prep or high school.

CHURCH NOTICE

Saint John's Universalist Church
Sunday, March 18
At Saint John's Universalist Church there will be morning worship at 10:30 with Rev. T. W. Horsfield speaking on "Appearance and Reality." Mrs. Carrie Newman, soloist, and Miss Belle Virgie at the organ.

Fellowship Church
Sunday, March 18
Worship at 10:30 a.m. The minister, Chas. M. Sharpe, will preach on the theme: "The Inflexible Christ," or "The Captain of Our Salvation." Soloist: Mr. William J. Cupp, Baritone.

Directors of Book Store Make Public Financial Statement of Company

WHO OWNS THE STORE

The Store is a unique organization. Theoretically the ownership of the store is in the names of the (11) stockholders, actually they have not one cent invested in the corporation.

The Store was organized in its present form in 1911 by a group of alumni who purchased stock to start it. A few years ago, the method of electing stockholders was changed by common agreement of all parties concerned so that today four stockholders are appointed by the President of the University; four by the Alumni Council; and three are the students who are officers of the Athletic Association.

Dividends have not been paid on common stock for many years.

PURPOSE OF THE STORE

The purpose of the store as agreed upon at the time of its organization and restated recently in its records is for the benefit of athletics at the University. Besides rent, the Store has paid \$1500 annually to the University to be used for athletics for a number of years.

It would be a pleasure for the manager of the Store, Mr. Harold Bruce, or any of the directors to furnish further information or to discuss with you these or other matters pertaining to the store.

FINANCIAL STATEMENT OF UNIVERSITY STORE COMPANY Fiscal year ended June 30, 1933

Assets table with columns for 1933 and 1932. Items include Merchandise Inventory, Furniture and Fixtures, Accounts Receivable, Investments, Cash on Hand, etc.

Liabilities table with columns for 1933 and 1932. Items include Capital Stock, Working Capital, Surplus.

Schedule I table with columns for 1933 and 1932. Items include U. of M. Grandstand Co. note, Savings Account, Bangor Savings Bank, Merrill Trust Co., etc.

Surplus Account table with columns for 1933 and 1932. Items include Surplus June 30, 1932, Profit for year.

Working Capital table with columns for 1933 and 1932. Items include Working Capital, Surplus.

Statement of Income and Expenses

Income and Expenses table with columns for 1933 and 1932. Items include Goods on hand at close of preceding year, Purchases, Goods on hand at end of year, Sales, Cost of Goods Sold, etc.

Comparative Figures

Comparative Figures table with columns for Year, Total Sales, Gross Income, Expenditures, Surplus, Deductions, Profit & Loss.

Saint James Episcopal Church table listing services: Holy Communion, Morning Prayer and Sermon, etc.

CORRESPONDENCE

(The correspondence columns of The Campus are open to the public on pertinent subjects, and letters are welcomed. All letters should be signed with the author's real name, but a pen name will be used in publication of the letter if desired.)

WHY THE LIBE HAS NOISE

To the Editor of the Campus: The editorial in last week's Campus calling attention to "Noisiness" in the library brings up a matter that has been bothering the librarian for years.

Properly classified the noise is divided into two categories: that which is preventable; that which is not. The preventable noise may be further subdivided into animate and inanimate disturbance.

There are some features of the building too that could be remedied to reduce noise. The squeaky chairs were mentioned in the editorial last week.

The above mentioned causes of noise in the library can and should be remedied as soon as possible. However, in all fairness it cannot be said that we who use the building are altogether at fault.

Table with columns for 1924, 1930, 1932, 1933, 1934. Items include 1924 1,563, 1930 2,736, etc.

I have cited the various noise factors in the library not to minimize the seriousness of the situation, but merely to show that it is not entirely controllable.

SOPHOMORE ANSWERED

Dear Editor, Being of an extremely generous nature (this I attribute to my good fortune of being a member of the female sex), I wish to compliment "A Sophomore who is proud to serve his country" upon his selfless nature which is truly unselfish from my personal point of view.

You, my dear Sophomore who are proud to serve your country—are you acquainted with many women? (Please pardon any questions which appear personal!)

Let us follow through what this would mean to civilization: more murders, more court trials, more widows, more husbands, more murders, more court trials, more widows—and less and less men.

As far as loyalty and service to our country, state, or college goes, we want to pay all the respects possible. However, I (being a female of the more controlled nature) wish to warn you of some vital facts before you definitely consider making a female battalion unit on this campus or elsewhere.

The MAINE SNOOPUS

R UN AWAY, those of you in the freshman and sophomore classes who are superstitious for the freshman banquet (if any) and the sophomore hop are to be held this year on Friday the thirteenth of April. . . . It might be a bad practice for any one to carry out the idea of hanging a pin on that occasion. . . . And girls will have to be careful that they don't break the mirrors in their vanity cases. . . . Smokers will have to be well supplied with matches, lest it become necessary to light three cigarettes on one of them. . . . And all doors will have to be watched so that no black cats sneak in and run across the floor in front of the dancers. . . . It might prove disastrous also to have thirteen men playing in the orchestra. . . . One freshman is reported to have opined that the old adage should be changed to "Temperance fugit!" . . . Ben Caswell, who once said that there was nothing that he could not teach a woman, has proved his statement, or so it would seem, for a despatch that reached here this week claims that Ben has parted company with his Beta Theta Pi badge, and that Mabel Robinson is the lucky woman. . . . Fortunately the snow has not yet left the ground sufficiently for us to attend classes or even walk around the campus barefooted, for if it had, and some of us did so, some of the rest of us would discover that some of us in our idle moments have painted our toe-nails red. . . . It's so becoming on the bathing beach. . . . Uncle Mercier seems to have troubles on his mind lately. . . . Could it be that there is romance in the air. . . . This week-end is bound to be a busy one with a Home Ec stag dance on Friday night, and the state championship basketball game on Saturday afternoon, and then to top it off the freshman dorm dance on Saturday night. . . . Not to mention the fact that classes will be held on Monday and mid-semester are in order and studying, at least to some extent, is getting to be something of a habit. . . . And Kittie Davis is boasting of her powers of distracting the attention of couples from each other. . . . Hal Woodbury is said to be planning a very pleasant vacation. It seems that there is also a woman in this case. . . . Whoever he was, the guy that wrote the article about spring being here in last week's sheet, was apparently reading his stars wrong. . . . Fortunately there were no machine guns present when Monson's band, organized, so they say, over sixty years ago and with some of its charter members still playing in it, or the band might have been eliminated earlier than the team. . . . Enough is enough, and in this case was almost too much.

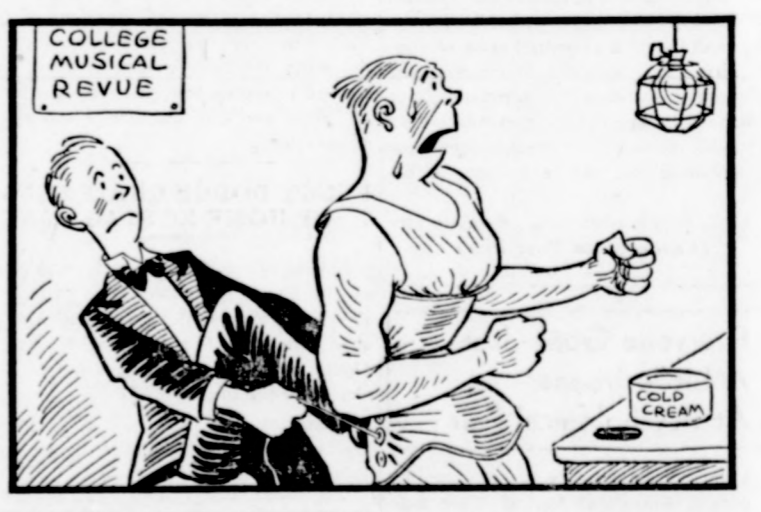

FLORIDA DEBATE TEAM SPEAKS HERE MARCH 21

A University of Maine debating team, composed of A. Hamilton Boothby and Roger Heffer, will meet the University of Florida next Wednesday evening in the "Little Theatre" in Alumni Hall.

Maine will uphold the negative of the proposition "Resolved, That the powers of the President of the United States should be substantially increased as a settled policy."

Manley Sproul '37 has returned to the campus after an appendicitis operation in Augusta. He is pledged to Delta Tau Delta.

"WHEN A FELLER NEEDS A FRIEND"

If you're forced to go chorine in the interests of art, let a pipeful of BRIGGS restore masculine poise. BRIGGS Pipe Mixture has a rare and Rabelaisian gusto that's tempered by long aging 'til it's genial, mellow, biteless. When a feller needs a friend there's no blend like BRIGGS.

SOCIETY

WHITMAN IS ELECTED SIGMA NU PRESIDENT

At a recent meeting of Sigma Nu fraternity the following officers were elected for the coming year: president, Carl A. Whitman; vice-president, William D. Blake; secretary, Robert C. Arrey; and treasurer, Donald L. Pederson.

TOURNEY VISITOR HAS APPENDICITIS ATTACK

Wilder Dean, who came from Millinocket to see the tournament, was taken sick while staying at Balentine Hall on Friday, March 9. She was operated on for appendicitis at the Eastern Maine General Hospital on Saturday afternoon. Dr. Adams, was the physician in charge.

OFFICERS ARE ELECTED AT ANNUAL 4-H MEETING

The annual winter meeting of the 4-H Club was held at the M. C. A. building, on Tuesday, March 6, from 7.30 until 9.30. The business of the meeting consisted of the election of the following officers: president, Chester Bacheider; vice-president, Norman Tilt; secretary, Margaret Young. During the social hour, a variety of games was played, and prizes were awarded the winners. Cookies and cakes were served for refreshments. Mr. Shibles, the State Club Leader, was in charge of the evening.

OUTING CLUB MEMBERS TALK OVER HIKE PLANS

A meeting of the Maine Outing Club was held at 3.30, Winslow, on Thursday evening, March eighth, at 6.30. Plans were discussed for the prospective overnight hike to Little Fitz Pond on Camp Roosevelt, which was to take place on March 17 and 18. The hike has been postponed, owing to the fact that the camp has already been rented for that week-end.

17 COUPLES ATTEND PI PHI VICTROLA PARTY

A Pi Phi vic party was held in Balentine Hall, Saturday night, March 10, with about 17 couples attending. Refreshments of punch and cookies were served, and marshmallows were toasted over the open fire.

TENNIS CLUB HAS STAG DANCE SATURDAY

A stag dance, sponsored by the Tennis club, was held after the basketball tournament, Saturday afternoon. The Romancers furnished the music and the chaperones were Dr. and Mrs. Lutes and Dr. George Small. Parker Frost and Stanwood Searles, were in charge of arrangements.

SIGMA CHI APPOINTS FRATERNITY OFFICERS

Sigma Chi at a recent meeting, elected the following officers for the spring semester: president, Herbert M. Roylance; vice-president, William P. Hineckley; secretary, John C. Willey; and treasurer, C. Theodore Janney.

HENDERSON ELECTED PHI GAM PRESIDENT

At a recent meeting of Phi Gamma Delta fraternity the following officers were elected: president, Stanley D. Henderson; treasurer, Paul J. McDonnell; secretary, Roger W. Burke; corresponding secretary, J. Stuart Sabin; and historian, Richard V. Gaffney.

KAPPA PHI KAPPA HAS LARGEST STAG DANCE

Kappa Phi Kappa, honorary educational fraternity, sponsored the largest stag dance of the year last Friday evening, when 350 people danced to the music of Larry Miller's orchestra. Until quarter of ten, the orchestra played to a practically empty hall, but the rush began when the basketball games in the gymnasium were finished.

The chaperones were Mr. and Mrs. John R. Crawford and Mr. and Mrs. Ernest Jackman. The committee in charge of the dance was Romeo Pascarella, chairman, Paul Langlois, and Charles Straffin.

COMMITTEE NAMED FOR OWL STAG DANCE

Plans are now under way for the annual Sophomore Owl stag dance, which will be held on the evening of April 14, in the gymnasium of Alumni Hall. President Dana Sidelinger of the Owl society has appointed the following committee to take charge of the affair: Harold Woodbury, Donald Huff, Bruno Golobski, George Frame, and Robert Littlehale.

ANNUAL DORM DANCE TO BE HELD SATURDAY

Freshmen will have their long awaited fling on Saturday night of this week when the annual freshman dormitory dance is held in the commons dining hall, under Hannibal Hamlin Hall.

The event, in charge of the Numeral

Club this year, is being conducted by a committee, the members of which are: William Hunnewell, Harold Webb, James Dow, Leslie Hutchins, and Shirley Parsons.

Patrons and patronesses for the affair will be Professor and Mrs. Chester A. Jenkins and Faculty Manager of Athletics and Mrs. Theodore S. Curtis.

PERSONALS

Mrs. Elston P. Ingalls, visited at the Sigma Alpha Epsilon house recently.

Enoch Cook, '35, has been ill with the grippe, for several days.

Mrs. MacDonough, house matron at Lambda Chi, is expected back on campus this week.

Mrs. Sullivan, house matron at Colvin Hall, is still confined to the room with her sprained ankle.

Miss Betty Davis, spent the week-end, at her home in Monson.

Miss Jane Chase, '35, spent the week-end at her home in Bucksport.

Miss Laura Fitz, '34, visited Miss Ruth Miller in Newport, over the week-end.

Miss Eleanor Grinnell, '34, spent the week-end in Dexter, at the home of Robert Thomas, '34.

Miss Ruth Shurtleff, '36, spent the week-end at her home in Portland.

Amsterdam (IP)—Rub your blue fingers, you college students up in Idaho, and shiver a bit when the sun goes under a cloud down at Rollins, if you wish, but neither of you knows what it is to be cold-speaking relatively.

Over here at Leyden University Dr. W. Keesom, has succeeded in cooling a space of ten cubic centimeters to 0.75 of a degree K. If you don't think that's cold, listen—K is the abbreviation for the absolute zero, which is 491 degrees below zero on your frat house thermometer. The cold that Dr. Keesom has created, therefore, is just 489 degrees below zero as you boys and girls figure it.

Put that in your pipe and watch the barrel crack!

Winter Park, Fla.—(IP)—An agreeable surprise awaited Bernard Tenille of France when he arrived to take up his studies at Rollins College here.

Before leaving home, he was told, by his friends that he would need stilts if he ever wanted to dance with an American girl. He thought they would all be so tall he's have to stand on a chair too—well to say goodnight.

Arriving, he found the girls varied in size, just as in Paris, and he's been enjoying dancing ever since.

Cambridge, Mass.—(IP)—For the first time in the history of this staid old Christian institution, a Jewish rabbi is to lecture to the theological students of Harvard University.

Dean William L. Sperry of the Harvard Theological School has invited Rabbi Harry Levi of Temple Israel, Boston, to address the students for one week on religion, especially on Judaism, when the new Appleton Memorial Chapel is completed.

Albany, N. Y.—(IP)—Folk who think all winters, not only this one, are milder in these parts, simply have the wrong kind of memories, according to Gustave S. Lindgren of the United States Weather bureau here.

He considers this winter an exception, but he asserts that over a long period records show no climatic change.

"When I went to college," he says, "the daily task of breaking the ice in the water pitcher to wash sent chills down the spine. That was enough to make the

weather seem cold the rest of the day. Now we have warmer houses, better clothing and food, are more athletic and are not so aware of the cold."

Men with college education are poor snow shovelers, the Department of Sanitation of New York reports. This is especially true of men under thirty. No department has yet been formed for snow shoveling. Suppose after such a department is set up and the faculty assembled, a new snow plough is invented? In that case, would not a graduate snow shoveler be in the same boat as an engineer, an architect, a broker or a graduate from a business school?

Students who work their way through college by waiting on table or sweeping dormitories stand no better chance to succeed than young men who are coddled, according to the Rev. Joseph C. Fleming, pastor of St. John's Church, White Plains. The era of the self-made man is ending, he told more than 5000 in St. Patrick's Cathedral at the annual mass for the dead members and benefactors of the New York Chapter, Knights of Columbus.

A new marriage ritual, omitting "to obey" and "till death do us part" was devised by Mrs. Rex E. Buxton at her wedding service. The regular Methodist service was read by the minister, Mrs. Buxton adding the following words: "Marriage is a relationship between two personalities functioning together in progressive integration."

A law to prevent militant societies and provocative groups from wearing shirts or uniforms that sidurb the peace, was suggested this week to certain congressmen, following the example of Sir John Gil, British secretary of Home Affairs. Since Sir Oswald Mosley started his private black shirt army, numerous riots have taken place in England, eleven in the first six months of 1933 and twenty-two in the second half of the year.

Friedmann, has been put under the ban by Prussia because it is non-Aryan in origin and so might contaminate farmers' cattle. Reports do not show whether cattle inoculated with the serum have been fenced off from the rest in concentration camps, or whether Aryan cattle have been branded with the swastika. The protest of farmers and agricultural schools is of no avail. The order from the Prussian Ministry of Agriculture also condemns the anti-Tuberculosis League because Heinrich Mann and Arnold Zweig, famous novelists opposed to the Hitler regime, are members.

200,000 GRAD TEACHERS JOBLESS

CLEVELAND, OHIO, About 200,000 legally qualified teachers, most of them college graduates, are now without jobs, according to Dr. George G. Zook, U. S. Commissioner of Education. Ten thousand educational leaders heard him speak here and confessed they could do nothing about it.

GOOD TASTE IS EVERYTHING

In cigarettes, too! So in making Lucky Strike cigarettes we use the finest Turkish and Domestic tobaccos—and only the center leaves—they are the mildest, the smoothest. And every Lucky is so round, so firm, so fully packed—no loose ends.

Always the Finest Tobacco and only the Center Leaves

NOT the top leaves—they're underdeveloped—they are harsh!

The Cream of the Crop.
"The mildest, smoothest tobacco"

NOT the bottom leaves—they're inferior in quality—course and always soapy!

WINSLOW VICTORIOUS IN INTERSCHOLASTIC BASKETBALL TOURNEY OVER MILO HIGH

By Burton Mullen

Playing fast, clean, aggressive basketball, the Black Raiders of Winslow High School carried off top honors in the school-boy division of the annual Maine interscholastic basketball tourney last Saturday as they ran rampant over Milo High's game but weary quintet. Besides successfully defending their last year's championship in a 20-15 victory, Winslow placed three men on the All-Tournament team.

In the prep school ranks, Kent's Hill emerged victorious with a 41-21 win over Coburn Classical Institute.

Inspired by the ardent cheering of its ever-loyal cohort of home-town rooters, Milo High set a terrific pace in the first few minutes after the opening gun. Matching the Milo team stride for stride, Winslow opened the scoring with successive baskets by Turlo and "Poker Face Joe" Savasuk. Webb for Milo, and Poulin for Winslow each converted a free try, as the opening period of the championship contest finished with Winslow in the lead, 5-1.

The second period saw Milo at its best, but it was a defensive best. Three points only were tallied, as Arsenal of Winslow tossed through a two-pointer, while Wilson of Milo added one point to his team's total on a foul shot.

Tired out by the stiff competition of the past two days, in which the Milo quintet had not used a single substitute, the Piscataquis team broke. From this time on the majority of the play centered under the Milo basket. At the end of the third period, Winslow had increased its lead to a 17-5 margin. Joe Savasuk, by far the outstanding player of the entire tourney, swished four more shots through the hoop in the last canto, with his team-mates, Arsenal and Turlo, contributing one apiece, to end the game 29-15.

As Savasuk left the court with three minutes to play in the last period, he received a lengthy ovation from 2000 spectators. Throughout the entire play, his uncannily accurate shooting, and the grace and ease of his motions on the floor, more than justified his selection as an All-Tournament forward.

Presque Isle's rangy delegation gave Winslow its hardest fight for the championship berth in one of the semi-final games of the tourney played Friday night. Favored by some to come out on top, and take permanent possession of the huge silver cup, emblematic of victory, the Aroostook boys put up a gallant fight against the Raiders, but went down to defeat before the smoothly functioning Winslow machine.

In the final game of the preparatory school division, Kent's Hill continued its cool, deliberate, style of attack, thrusting aside Coburn Classical's scoring attempts in a 41-21 victory which was never in doubt. In the final game of the preparatory school division, Kent's Hill continued its cool, deliberate, style of attack, thrusting aside Coburn Classical's scoring attempts in a 41-21 victory which was never in doubt.

Playing slowly but surely, the Hill-toppers rolled up an eight point lead in the first quarter. Coburn rallied in the second to cut the lead down to six points at the half. In the last two periods, however, Kent's Hill opened up a spectacular scoring spree, and led by their red-headed captain, Hardy, and Charlie Rowe, substitute forward, the champion quintet flashed their way through the Coburn ranks to amass 27 more points before the final whistle.

Captain Hardy, the Kent's Hill center, excelled all other prep school players, in ball handling and shooting. The former Medford High athlete seemed to be everywhere on the court at once. Time after time he recovered Coburn rebounds under his own basket to dribble the length of the floor and sink one hand push shot.

Monson High's defeat in its semi-final match with Milo was not due to lack of a cheering section, for the loyal home town fans not only came up en masse, but brought along a twenty four piece brass band, which made up in volume what it lacked in tonal qualities.

Mass production is simply production for the masses.—Edward A. Filens.

In France, political principles are varied as a restaurant bill of fare.—Balsac.

Famous Remarks

Atheism is of two types: theological and moral. Of the two types, the second named is far the more dangerous.—Dr. Theodore Weld.

I'm afraid there's no charter which could be devised by the wit of man which would prevent a fool and his money being parted.—Stanley Baldwin.

Who first invented work, and bound the free And holiday-rejoicing spirit down To that drudgery at the desk's dead wood? Sabbathless Satan!—Charles Lamb.

This agitation to get the vote out is the most insidious thing I've ever heard. There really should be an effort to divert people's attention from the polls.—Prof. Raymond Moley.

I love tranquil solitude And such society As is quiet, wise and good.—Shelley.

We shall not die in the same world in which we are now living—President Gates, University of Pennsylvania.

"My mother says I must not pass Too near that glass; She is afraid that I will see A little witch that looks like me, With a red mouth to whisper low The very thing I should not know."—Sarah Morgan Bryant Piatt.

Even in the West, people can be mis-taught.—Mahatma Gandhi.

Shun snobbery; do not feel superior to persons who have not attended college.—Dean Hawkes of Columbia.

I know everything except myself.—Francois Villon.

Fear of nature as an instrument of divine wrath has given way to a new fear—that of the complex mechanism of modern life.—Dr. L. F. Lockhart.

Most people try everything when they are young except moderation.—B. D. Montague.

Gossip must often have been likened to the winged insects bearing pollen to the flowers; it fertilizes many a vacuous reverie.—George Meredith.

Whatever the politics of a country may be, the machine is a communist.—Louis Mumford.

Can there be a more horrible object in existence than an eloquent man not speaking the truth?—Carlyle.

Religion without the supernatural ceases to be religion.—Bishop Manning.

My life is like a stroll upon the beach, As near the water's edge as I can go.—Henry D. Thoreau.

It is entirely possible a "racketeer king" may arise in a few years and control the business of the country.—Rosalie Loeu Whitney.

3 WINSLOW MEN MAKE ALL TOURNAMENT TEAM

For the second consecutive year, Joe Savasuk, spectacular Winslow high school forward, and "Don" MacMillan, flashy Stearns high guard, were named on the All Tourney team, which was chosen by a committee at the completion of the final games Saturday afternoon.

Along with Savasuk, Winslow placed two other players on the all team, namely, Arsenal and Turlo. Arsenal was easily the outstanding offensive player in the tourney and Turlo's consistent playing at his center berth earned him a position.

White of Presque Isle, the other guard, starred in both games for the up state team, continually bringing the ball down the court and feeding it to his forwards.

Kent's Hill Seminary placed three men on the all tourney team in the prep division. Captain Law Hardy, tall, sharp shooting center, around whom both the offensive and defensive attacks of the Readfield team centered was an unanimous choice of the judges for the center berth. Chalmers, of Kent's Hill and Buekley of Bridgton carried off the forward honors and Goodman of Kent's Hill and Elliot of Hebron were picked as the outstanding guards.

ONE YEAR AGO

Gleaned from the files of the Maine Campus of March 16, 1933.

The Masque presents Anton Tehekov's "Uncle Vanya" this evening in the university chapel. With this performance, which marks the third offering of the current season, the Maine dramatic society is producing a Russian play for the first time in its history.

The University of Maine men's debating team won an unanimous decision Tuesday night in Alumni Hall when they defeated the New York University team on the question concerning commercial advertising.

Four dual meet records were shattered and one was tied as the University of Maine track team overwhelmed Bates 78 to 38 at the indoor gymnasium Saturday evening as the pale blue cohorts garnered their fifth consecutive win from Bates.

Eleven seniors and two juniors were elected to Phi Beta Kappa on Tuesday of this week according to an announcement this morning by Dr. Roy M. Peterson, president of the local chapter.

Twenty-one aspirants for positions on the 1933 baseball squad answered Coach Fred Brice's call for infielders at the indoor field Tuesday afternoon. Candidates for outfield positions reported last night.

Samuel Bachrach won the heavyweight boxing championship of the school on a judge's decision over Gil Richardson in the finals of the annual intramural boxing tournament held last Saturday afternoon in the armory.

(Snooper by request) Orissa Frost and Barbara Edes, seem to spend Sunday afternoons in Bangor—They say they spend a—musical hour—but we hear there's a blond male in the picture

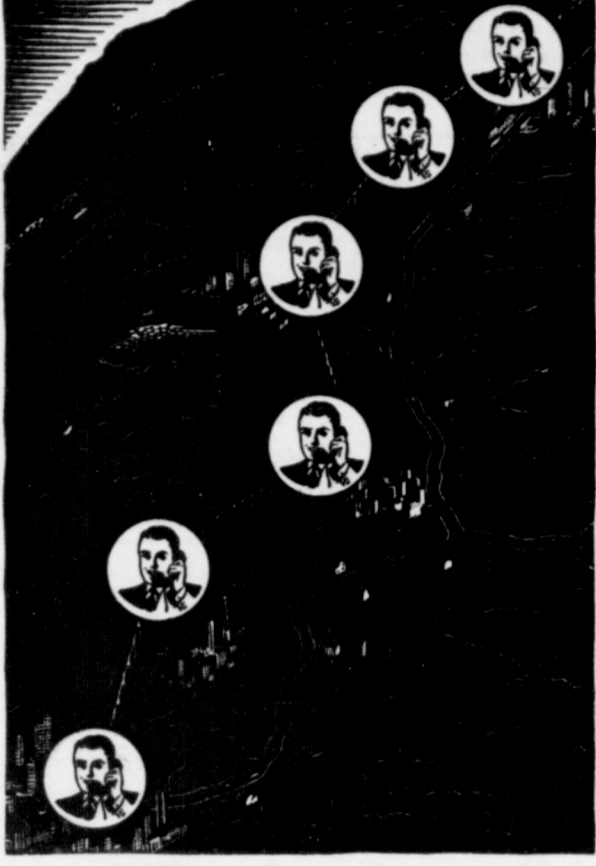

Miss Barbara Stover, '37, spent the week-end at her home in Bangor.

John Nivision from Waterville, spent the week-end on campus.

Hal Hall, a former member of the class of 1934, was a week-end guest at the Beta house.

Ted Ladd and John Carle of Rockland, were guests at the Beta house over the week-end.

They pick you up every 50 miles

Without vacuum tubes, Long Distance telephony would hardly be possible. But with these little tubes placed in "repeaters" or amplifiers at 50 mile intervals along the line—even a whisper carries from coast to coast!

With many tubes used in tandem, individual performance must be almost perfect—or cumulative distortion would render speech unintelligible. That today's Long Distance connections are so reliable and clear, is a tribute to the skill used in making Western Electric tubes.

Manufacturing nearly all Bell System apparatus, Western Electric contributes much to the quality of telephone service.

"Both Your Houses" Is Masque Success; To Be Staged Again
 (Continued from Page One)

serves praise is Forrest Morton. A recruit to the Masque, this man showed unusual dramatic potentialities. His interpretation of Simeon Gray, a politician whose reputation is perhaps shady but not sufficiently corrupt to be considered danerous, was especially commendable. There was a certain quality of obvious contempt toward his political rivals that was admirably brought out. He assisted tremendously in maintaining the tempo of the play and, everything considered, gave rather a remarkable portrayal.
 Margaret Snow, as Bus, was rather efficient and gave a refreshing performance, but her part offered few possibilities for dramatic domination as was the case of Alfred Sweeney. Sweeney was impressive as a confident, defiant political scavenger.
 The cast: Marjorie Gray, Helen Buker; Bus, Margaret Snow; Eddie Wister, Al-

fred Sweeney; Solomon Fitzmaurice, Mark Bailey; Mark, Francis Morong; Simeon Gray, Forest Morton; Levering, William Whiting; Merton, Kenneth Nash; Dell, Francis Lord; Sneden, Paul Wood; Miss McMurty, Bettina Sullivan; Wingblatt, Almon Cooper; Peebles, William Manning; Farnum, Robert Laverty; Alan McClean, Hershel Bricker; Ebner, Earl Brown.

Alumni Consider Placement Service
 (Continued from Page One)

tween the two groups.
 For some time there has been more or less discussion about the possibility of such a service on the campus. The duties of this committee are first, to study the whole placement problem, to determine

whether or not there is need for a Placement Service at the University and if making recommendation for the establishment of such a service, to suggest how it might best be organized and conducted.

"I personally express my appreciation of your effort toward keeping Granger fresh till used," writes Mr. H. S. Gray of Wilmington, Del., locomotive engineer on the Pennsylvania Railroad. He says:

"Having opened the package it can be opened and closed repeatedly, without excessive fraying of the edges, assuring that the tobacco can be kept free from moisture and dust.

"I have heard several other locomotive engineers comment very favorably on the new wrapper. I personally express my appreciation of your effort toward keeping Granger fresh till used."

All set! Engineer Gray at the throttle of one of the big "Class M1" engines of the P. R. R.

STATE CHAMPIONSHIP GAME HERE SATURDAY

All Star Game Precedes Main Event at 2 o'clock

High school basketball in the State of Maine will reach its climax on Saturday afternoon of this week when Lewiston High, winner of the Bates tournament, meets Winslow High, winner of the Maine tournament, in the new Memorial Gymnasium on Saturday afternoon of this week at three o'clock.

That high grade basketball will be exhibited in this contest is not doubted, for both teams have shown already this year that they are capable of great feats on the basketball court. Winslow High came through the Maine tournament last week without being placed in serious danger once. In the final game last Saturday the Black Raiders found themselves facing a snappy little team from Milo, that played hard and clean until the final gun, and never gave Winslow an inch that last year's state champs did not earn. But the inexperience of tournament play showed up on the part of the well supported Milo team, and Winslow came out on top by a fourteen point margin, 29-15.

Lewiston sailed through the Bates tournament last week to take the well trained and hard fighting team from South Portland in the final game, after playing the purple outfit from Deering High. When the Lewiston team played the Maine freshmen here in February the pale blue team squeezed out a victory 22-19, only through the last minute baskets scored by Tapley. So both teams are rated as state championship timber, and the speculation as to which will leave the floor Saturday afternoon with the basketball championship of the State of Maine in its possession is now high, though the Black Raiders from Winslow seem to be favored to repeat their last year's success.

Coach Mansfield's Winslow team is becoming well known at Maine for their performance here during the last three years, and the Winslow team has already played four games on the new gymnasium floor, whereas the Lewiston hoop cluster has played on the new gym floor only once.

No doubt Winslow's All Tournament players, Joe Savasuk, Turlo, and Arsenault, will bear watching during the championship game, as well as the other members of the team who were considered for All Maine selection. Lewiston also has its cluster of stars who will attract a large crowd to the game Saturday afternoon. Banulis and Stasulis are a pair that will give the Black Raiders plenty of trouble, and will do everything they can to see that the bacon goes to the more northern of the Twin Cities, rather than to their neighbor to the north, Winslow.

VARSITY RIFLERS PLACE FIFTH, CORPS AREA MATCH

The University of Maine Varsity rifle team took a fifth place in the Corps Area Match, according to a notice received here Monday from the headquarters of the First Corps Area.

ODE

(Poetic License—Maine 345g)
I sit here thinking of the man
Who advised me to go to college;
To go ahead and get things done;
To fill my head with knowledge.
You all know this man,
He was just the one
That wished he had the chance,
When he was young.
If he knew how hard we work,
To make a professor slip,
To make him answer a question—
Getting the answer bit by bit.

Now on our beautiful campus
The snow is but three feet deep.
Winter must be over
Because snow has turned to sleet.
Maine's the place for winter sports.
O, tis nothing short of folly,
'Cause when there is a sleigh ride,
They take it on the trolley.
O what could be more romantic,
Through the depths of Maine's tall pines,
Than having an old fashioned sleigh ride
On the Bangor-Old Town line.
The old time parties are reviving,
The box parties, dances and tunes,
Say, let's have a strawberry festival
And everyone bring prunes.

John F. Averill '37 who has been ill for a week is able to be about again.

Maybe Pale Blue track rooters throughout the state and rabid Maine alumni in New England didn't receive a pleasant shock of surprise Sunday morning when they turned to the sport pages of the newspapers and learned that a well balanced Maine team had taken the Boston College outfit, New England outdoor champs for the past two seasons, over the bumps in a thrilling dual meet by thirty-five points. We take pride in doffing our one and only chapeau to the Maine team and Chester Jenkins, the maestro of the Pale Blue tracksters.

If ever there was a versatile athlete sporting the colors of Maine, this Don Favor certainly takes the cake. Not only has he starred for the Pale Blue on the gridiron and can more than take care of his own on the basketball court, but he is one of the best men ever to represent the Stein Song institution in track. His specialty is the hammer and spectators were afforded the opportunity Saturday evening of witnessing the "Blond Viking" make the best heave of his career in the 35 pound weight. It was in his second throw that he tossed the hammer beyond the running broadjump pit for a distance of 53 feet, 3 3/4 inches to shatter his own mark created a year ago in the duel with Bates by over two feet.

But his work for the evening was not over, even though he had copped first place in the discus throw in the afternoon, for he entered the pole vault and proceeded to chalk up another five points for Maine by leaping over the bar at 11 feet. Incidentally, he just missed doing 11 feet 6 inches by a hair. Seldom is the case when you have a trackster tipping the scales at 170 pounds and being able to leap the height in the pole vault attained by

FOUR MAINE ALUMNI PASS WASHINGTON BAR EXAMS

McCollom '30, Murphy '30, Powell '29, and Smith '28 Admitted to District of Columbia Bar

In a recent examination for admission to the Bar in Washington, D. C., the following Alumni of the University of Maine were among the successful ones to pass the exam: Lloyd McCollom '30; Maxwell K. Murphy '30; Harold N. Powell '29; Arthur A. Smith '28. Only 50% of those who took the exam passed.

McCollom, Murphy, and Smith took the course in Electrical Engineering while at Maine, and Powell majored in Chemical Engineering. All the men were active in the various organizations during their undergraduate years, and Powell was the most outstanding of the four.

He played on the freshman football and basketball teams, and he won his letter in varsity football. He was a Sophomore Owl and a member of Tau Beta Pi.

Favor. One of the rare examples was the former University of Pennsylvania brilliant trackman, Barney Berlinger, who weighed over 200 pounds and jumped more than 12 feet.

Ken Black's run in the 600 was also worthy of honorable mention as this member of the famous twins broke the tape the winner in 1 minute, 13 seconds, to set up a new indoor mark. A few years ago, Wakeley of Bates ran the event in 1 second slower and it was believed that his time would stand for years and years to come. In overtaking Dana Smith of Boston College in the homestretch and leading him to the finish line by two yards, Ken defeated one of the leading runners in New England.

After a somewhat fair season on the cinder paths last season, Maurice "Grammy" Goddard has finally come into his own in the high hurdles and he can now be classed with the best timber toppers in New England. The tall Portland youth ran a beautiful race in the 45 yard high hurdles to upset Neal Holland of Boston College, who is considered an excellent hurdler, and tie the existing indoor record of 6 seconds. Goddard turned in the same trick in the Maine-Bates duel a week ago Saturday when he was clocked in 6 seconds flat to tie the mark for the Bates' gym.

DIAMOND CREW GETS WORKOUT SESSIONS

With the resumption of baseball practice this week, Coach Fred Brice is driving his candidates at full speed so that by the time outdoor practice is possible he will have a good idea concerning the material on hand for a first string nine. The infield problem is still the most troublesome confronting the coach, and different combinations are being experimented with in an effort to determine the smoothest working cluster.

Coach Brice's other worry is his pitching staff which was not any too strong a year ago, and which is still further riddled by graduation. Win Hoyt, diminutive right-hander, is the sole tried quantity of all the 14 moundsmen who have reported for practice. From last year's freshman nine the coach has Gene Wakeley, Bruno Golobski, and Ken Alley, a trio of pitchers who saw regular service while under Bill Kenyon's tutelage. Wakeley and Golobski are righthanders, while Alley is a southpaw. The first two of the trio depend on a fast ball with an assortment of curves, while Alley has a baffling change of pace which, with the addition of control, should cause more than one Maine opponent to go down swinging. Other mound candidates include Swank Osgood, Norm Gray, and Don McCann, the only other southpaw on the squad besides Alley. Osgood and Gray were members of the varsity squad last year but did not see service in any intercollegiate tilts. Stan Henderson, a substitute outfielder a year ago, is directing his talents towards pitching this year. He showed promise as a hurler two years ago when he took his turn on the slab for Bill Kenyon's freshman nine.

The outfield candidates are going through long batting sessions daily which is the only form of practice other than limbering up their arms that they can do until the snow leaves the surface of Alumni field.

GIRLS END HOOP SEASON WITH SATURDAY GAMES

The girls' basketball season was brought to a close Saturday morning when the Freshman team defeated the Seniors 47-12 and the Juniors downed the Sophomores to the tune of 40-6.

To Have Grand Prize In Checker Tourney

Checker enthusiasts at the M. C. A. building are planning a tournament in their favorite sport. All entries, according to an announcement on the bulletin board in the M. C. A. building, must be in by March 20. The announcement further states that prizes of unusual interest and drawing power will be offered.

First prize will be one million triply unendorsed German marks, second prize will be one Greek drachma (not a play), and third prize is announced as being surprise.

BUCKNAM IS ELECTED HONORARY HOOP CAPT.

Gilbert Bucknam, of Dexter, was elected honorary captain of the freshman basketball team at a meeting of the numeralsmen this week. Bucknam starred for the frosh at guard all season both defensively and offensively. His fine work under the basket kept Maine's opponents' goals at a minimum, while his accurate shooting kept his teammates in the running in several close battles.

Bucknam played the greater part of every contest on the freshman schedule this year, and his fine work was rewarded with the honorary captaincy. He is pledged to Beta Theta Pi.

ROY MONROE IS ALPHA CHI SIGMA DELEGATE TO IND.

Roy H. Monroe '35, was recently elected to represent the Xi chapter of the honorary chemical fraternity, Alpha Chi Sigma, at their annual conclave to be held June 12-16 at Bloomington, Indiana.

Besides his membership in Alpha Chi Sigma, Monroe belongs to the musical fraternity, Delta Pi Kappa, and is a member of the band. He has also been active for the past two years as Assistant Manager of track and basketball.

PROFESSOR CLELLAND IS SPEAKER, LENTEN SERVICE

Frank W. Clelland, professor at the Bangor Theological Seminary, was the speaker at the fourth Lenten Service, held yesterday in the Little Theatre. The service was preceded by a fifteen minute piano recital by Lionel Desjardins. Shirley and Stanley Young, violinists, were included in the musical part of the program.

The committee announces that Dean Muilenburg, of the College of Arts and Sciences, will speak at the last Lenten Service, next Wednesday, March 21, at the Little Theatre at 4:00 p.m.

March 28 University of New Hampshire at Durham

The subject of the debate at each college is to be: Resolved, That the essential features of the British system of radio control should be adopted by the United States.

Not like others..

Even so.. you can say Chesterfields are "not like others"

Chesterfield

the cigarette that's Milder
the cigarette that TASTES BETTER

NO two people in the world look alike... act alike. So it is with tobacco... just like folks.

No two leaves are the same. And it's the same with cigarettes... no two brands are alike.

Furthermore, not only are the tobaccos different, but the way the tobaccos are handled is different.

This, you can understand. You know just as well as we do that no two manufacturers use the same kinds of tobaccos, or blend them or cross-blend them or weld them together in the same manner.

We do everything that science knows and that money can buy to make CHESTERFIELD as good a cigarette as can be made.

We hope you like them. They are "not like others."
