RADICAL CHANGES IN FRATERNITY RUSHING ADOPTED BY COUNCIL

Rushing to Open Oct. 1; Closes Dec. 8 with Frosh Selections

CHOICES BY BALLOT

No Evening Rushing Except On Week-ends; Sealey Heads '35-36 Senate

Radical changes in the present fraternity rushing and pledging system were adopted under a suspension of the rules at the final meeting of the Interfraternity Council held at Dean Corbett's home Tuesday evening. Under the new system passed by the Council, rushing will begin Tuesday, October 1, 1935, at 8:00 a.m. and end Sunday, December 8, 1935, at 5:00 p.m. From Sunday until Monday at 5:00 p.m. it was further voted that no fraternity man or pledge shall be in the company of a freshman on or off campus.

Fraternity selections shall be made by freshmen from 2:00-5:00 p.m., Monday, December 9, 1935, in the Little Theatre with satisfactory neutrals in charge. Each fraternity will be required to submit to the officers in charge a list of the pledges which the fraternity will accept. The neutrals will present the prospective pledge with a standard form which the freshman will be required to sign and deposit in the ballot box.

It was unanimously voted that there shall be no organized rushing after seven o'clock in the evening except Friday and Saturday which will enable fraternity men and freshmen alike to keep up with their studies. Any fraternity breaking this rule shall be denied social privileges for the remainder of the college year.

At the same meeting of the Student Senate and Interfraternity Council John Sealey, Jr., Kappa Sigma, secretary of the organization for the past year, was elected president; Paul W. Brown, Phi Mu Delta, vice-president; and Eugene Wakely, Beta Theta Pi, secretary. Retiring president Carl Whitman installed the new officers and thanked the Senate for its cooperation during the past year.

Following the business meeting refreshments were served by Mrs. Corbett and Mrs. Maynard Hincks and an informal evening followed.

NEW PHYSICS COURSE OFFERED BY A. AND S.

In an attempt to meet the needs of students in the University who wish to take work in Physics without entering into the technical detail required of the present first-year course, the College of Arts and Sciences is announcing a new one-semester course in Descriptive Physics. It will be open to all students of the University, but should appeal more directly to those students who contemplate majoring in languages and literature, or one of the social sciences. It should also interest students in the College of Agriculture and the School of Education. It will not meet the needs, of course, of the premedical or pre dental student.

The course in Descriptive Physics which is planned for next fall semester is designed to give that general understanding of physical phenomena which every educated person desires to have of his environment. The classroom method will be chiefly of the lecture demonstration type. Demonstrations will be given from levers and falling bodies to polarized light and electrons. Classroom discussion will be supplemented by collateral reading. Knowledge of mathematics beyond arithmetic will not be required for the pursuit of this course.

In the light of the development of Physics and astro-physics in the past few years, students will be interested in the survey of the development of science from Aristotle and Galileo to Planck, Einstein, and Millikan. In brief, while the course is not especially designed to be easy or to evade the technical requirements of a field, it seeks to meet the interests of those who recognize the importance of Physics for an appreciation and insight into the nature of the physical world.

The following officers were elected at the annual elections held last Monday by Beta Theta Pi fraternity: Eugene Wakely, president; Joseph Galbraith, 1st vice-president; Robert Littlehale, 2nd vice-president; Kenneth Leathers, secretary; Reginald Naugler, treasurer; and Gorham Levenseller, steward.

SENIOR CLASS PARTS FOR GRADUATION OUT

Athletic Board for '35-36 Announced; Huff President

According to an announcement made yesterday, the following members of the senior class were elected to the class parts as a result of balloting held last week: Valedictorian, Ruth Harding; Presentation of Gifts, Dorothy Sawyer and Carl Ingraham; Oration, Donald M. Stewart; Class Ode, Marjorie E. Church; Class Poem, Thelma Lee Blackington; and Class Prophecy, Phyllis W. Johnson and Carl Whitman.

Donald Huff was elected president of the Maine Athletic Association at the same elections; Myron Collette, senior member; Alton Bell, junior member; and John Gowell, sophomore member.

George Frame was elected senior marshal by the class of 1935 and Norman Carlisle junior marshal.

Those who have been elected to their class parts have all been outstanding in extra-curricula activities during their four years at Maine.

ARTS & SCIENCES TO REGISTER MAY 13-18

Students To File Programs With Advisers Before 10 A.M., May 18

Registration for students in the College of Arts and Sciences will take place from May 13 to 18 inclusive. All academic programs should be filed with Dean Muilenburg not later than 10 a.m., Saturday, May 18. Freshmen who have not yet conferred with their advisers should arrange to do so at once. Sophomores who wish advice or information about their major subject should see Dean Muilenburg. All others should report to the department in which they expect to major and arrange for an interview with the head of the department. Juniors should also arrange for conferences with their major advisers at the earliest possible moment. It is essential that the three classes make appointments at once in order that the fall registration may be completed next week. Even if a student does not expect to return, he would do well nevertheless to see the Dean of the College about his plans.

Office hours for the heads of departments are as follows:

Classics—Professor Andrews, 140S, W 3:30-4:15.

Economics and Sociology—Professor Ashworth, 46SS (Juniors), T 9:00-12:00, 1:30-5:00; Professor Chadbourne, 30SS (Seniors), T 9:00-12:00, 1:30-5:00.

English—Professor Ellis, 230S, M 8:00-8:30, 1:30-2:20, 3:30-4:30; T 10:30-12:00, 1:30-4:30; W 8:00-9:00, 3:30-4:30; Th 10:00-12:00, 1:30-4:30; F 8:00-10:00, 1:30-2:20, 3:30-4:30; S 10:00-12:00.

German—Professor Drummond, 325S, M 2:00-4:00; T 2:00-4:00.

History and Government—Professor Dow, 145S, M 1:30-4:00; W 1:30-4:00; Th 9:00-11:00; F 1:30-4:00.

Mathematics and Astronomy—Professor Willard, 130S, M 1:30-3:30; W 8:00-9:00, 1:30-3:30.

Physics—Professor Fitch, 200A, T 8:00-9:00, 10:00-11:00; W 10:00-11:00; Th 8:00-9:00, 10:00-11:00.

Psychology—Professor Dickinson, 31 SN, M 1:30-4:30; T 1:20-4:30; W 1:30-4:30; (or by appointment).

Public Speaking—Professor Bailey, 240S, W 8:30-12:00.

Romance Languages—Professor Peterson, 35N, M 1:30-3:30; T 1:30-3:30; W 1:30-3:30; Professor Kuensy, 55N, M 9:00-12:00; W 9:00-12:00; F 9:00-12:00.

Zoology—Professor Murray, 16C, M 8:00-12:00; T 1:30-3:15; W 8:00-12:00; Th 1:30-5:15; F 8:00-12:00.

Miss Ada Brewster, State ERA supervisor of women's work, Miss Harriet Worthing, ERA canning supervisor, and Miss Catherine Ames, director of ERA women's projects, were on the campus Monday of this week in conference with the Home Economics Advisory Committee of the University of Maine on problems confronting the preparation of Home Economics students for work in the field. The University committee is composed of Professor Pearl S. Greene, Miss Estelle Nason, and Miss James.

Favor Maine Over Bowdoin In Meet At Lewiston Sat.

Four Maine Colleges Entered in 38th State Meet

By Ray Gailey
Campus Sports Editor

With a brilliant record of dual meet victories over Holy Cross, Boston College, Bates, and Colby behind them, one of the strongest track aggregations ever to represent the University of Maine will leave for Lewiston today to compete in the 38th renewal of the State Intercollegiate Track Meet Saturday.

Although Bowdoin defeated Bates and Colby in a tri-cornered meet last Saturday, the Polar Bear's defeat by Amherst Wednesday augurs well for Maine. Bates and Colby will give but little competition as far as the final score goes, the real battle being between the forces of Bowdoin and Maine.

In an interview with Coach Chester Jenkins, the Maine mentor said that the winning of the meet would probably be undecided until the last event had been run off, with the ultimate outcome depending on the dashes. "Whichever team cleans up in the dashes will probably win the meet," Coach Jenkins told his interviewer.

The Maine coach bases his predictions on the averages of the different college stars on their showing in previous meets, but he qualified his statement by saying that the outstanding stars of Bowdoin, Bates, and Maine had been turning in very erratic performances of late and nothing definitely could be predicted. Several outstanding stars of all four colleges have been turning in marks far below their usual performance and if they continue to do so, there should be several surprising upsets. All four teams have been hit by injuries, with Maine coming in for her share. Ken Ireland, who with Harold Webb, topped 6 feet 1 1/4 inches in the high jump last winter and who has been the Blue's leading broad jumper, has been turning in performances far below his previous marks due to a leg injury received at the opening of the outdoor season. Alton Bell, who established the indoor javelin record last year, wrenched a muscle during the Maine Day athletic competition and it has seriously hampered his work, his throwing being far from his top marks. Furthermore, Clay Totman, Ken Black, and Gramp Goddard have left on an inspection forestry tour that will not finish until Friday night and they will not enter the meet in their best condition. Consequently, it cannot be said that the Blue forces will be in their best condition.

Coach Jenkins sees only two certain first places for Maine. He believes that Joel Marsh should take first in the 880 with Ernie Black and Shute, of Bowdoin, due to place second and third. Coach Jenkins also believes that Clay Totman has the edge in the javelin with Kishon of Bates a close second, and third a fight between Bell, Duntton of Bowdoin, and Estes of Colby.

If Cliff Veysey, Colby mile star, enters the mile, Coach Jenkins sees a win for Bill Hunnell in the two mile, while if the Mule ace enters the two mile, the fight for first place in the mile should be between Ernie Black and Porter of Bowdoin.

According to previous marks, Bates stands to cop the majority of points in the weight events. Their two stars, Anton Kishon and Larry Johnson, are favored to cop approximately 20 points in the four weight events. Johnson has established the highest marks in the state for the hammer throw although Kishon outdid him in the Penn Meet, while Kishon has been tossing the discus well over 140 feet. Johnson regularly tosses the hammer more than 164 feet, a mark which can only be equaled by Kishon, his teammate. Jenkins can see only one place for Frame, and that a third in the hammer. Howie Niblock, Bowdoin captain, tossed the shot put for 47 1/2 feet last Saturday and looks good to win first with Kishon due to take second and Snow of Bowdoin a possible third.

Little can be said about the dashes except that Coach Jenkins hopes to see John Murray, sophomore star, take first in the 220 with Huff a possible second. But each college will be represented by men who have continually threatened the ten-second mark and it is practically impossible to dope out the winners in the short sprints. Phil Good of Bowdoin looks good to the Maine coach to take the 100 yard dash with strenuous competition from Murray and Goddard. Good will

Dr. J. M. Bartlett Is Honored at Banquet Upon Retirement

Leaves Experiment Station After 50 Years Service

DR. JAMES MONROE BARTLETT

About eighty friends of Dr. James Monroe Bartlett gathered in Merrill Hall, Monday evening, at a banquet to honor him on his retirement from the Agricultural Experiment Station Staff as head of the chemistry department. Dr. Edith M. Patch, Entomologist at the Experiment Station, in a very fitting speech, presented Mrs. Bartlett with fifty red roses and the guest of honor a beautifully engraved gold watch from the members of the Experiment Station Staff. By his integrity and personality he has won the respect and love of all his associates, who wish him health and happiness in the years to come.

Dr. Bartlett is the first man to have completed a half century in the service of the college and, due to the new retirement plan, he is the last. In his fifty years, Dr. Bartlett has seen many changes internally and externally about the campus.

Students from the Home Economics department of the College of Agriculture, under the direction of Mrs. Mabel Stewart of Old Town, served a delicious baked ham dinner. The long tables were attractively decorated with pink and white sweet peas and candy and nut baskets of the same colors. Unique printed cards were found at each place, informing the guests of the purpose of the gathering and giving the menu. Letters of congratulation were read from several who were unable to attend.

Instrumental and vocal numbers were rendered by faculty members and their wives and were well received. Appropriate speeches were made by Dean James Stevens, Dean James Hart, Dr. J. H. Huddleston, Dr. Harold Boardman, M. G. Soule, Chief of State Bureau of Inspectors, Dr. Edith M. Patch, and President Arthur Hauck. The committee in charge of the program was C. Harry White, Dr. W. Franklin Dove, Elmer Tobey, Dr. Joseph Chucka, George Dow, Mrs. William Schumpf, Mrs. Fred Griffie, Mrs. Frank Lathrop, Charles Inman, and Professor Pearl Greene.

Dr. Bartlett is a native of Litchfield, Maine, graduating from the Maine State College of Agriculture and Mechanic Arts in 1880 with a Bachelor of Science degree. In 1883 he was awarded the degree of Master of Science and, in 1927, was awarded the title of Honorary Doctor of Science by the University of Maine.

INTERNATIONAL CLUB DISCUSSES U.S. AND WAR

The United States will have increasing difficulty in trying to remain neutral in the event of another war was the opinion generally held at the meeting of the faculty-student International Relations Club, held at the M.C.A. building, Thursday afternoon. A panel discussion was presented by Alice Stewart, Chester Smith, and Hyman Glass. Junius Birchard acted as chairman.

Alice Stewart presented the historical aspect of American neutrality, and described the difficulty with which it had been maintained during such crucial periods as the French Revolution, the Napoleonic wars, the Franco-Prussian war, and the Crimean war.

The exceedingly important period of the World War was outlined by Hyman Glass. Before the entry of the United States into the war there were greatly opposing views concerning neutrality, and the breaking of neutrality left many loose ends after the end of the war.

Chester Smith explained briefly the Charles Warren proposals, dealing with the abandonment of the United States' neutral rights. From the basis of contemporary world events, following trends of the nation toward neutrality, the possible stands of the United States were discussed. Considering the forces at work now, and which would become more influential in case of war, it is plain that, even if the United States desires it, the maintenance of peace will be no easy task.

PRES. HAUCK ANNOUNCES SCHOLARSHIP AND PRIZE WINNERS AT ASSEMBLY

Prof. Hocking Speaks At Last Assembly Wed.

"The Dangers of a College Education" Is Subject

By Edwin Costrell
Campus Star Reporter

"The Dangers of a College Education" was the subject of an address delivered by Professor William Ernest Hocking, of Harvard University, at the Scholarship Recognition Day assembly last Wednesday in the Memorial Gymnasium.

Prof. Hocking, who is noted as a philosopher, writer, and lecturer, began by admitting that the fundamental bend of a student's character has been determined before he reaches college. But, he asserted, the student's ideas are reviewed in college. It is the duty of the teachers, in fact, to show their students how to be critical. They must learn to think, to analyze, and to doubt. Whereas working men cling to their convictions, are "rigid" and "stiff-in-the-joints," college men generally are agile and not averse to modifying their original positions. Now it is evident that the critical, the skeptical attitude has been so successfully induced in some students that they have become unmitigated skeptics, refusing to belong to or believe in anything. Obviously the possibility of college developing supercilious skepticism in the student is one of the dangers that must be guarded against.

Some things, Prof. Hocking observed, cannot be taught students. For instance, though students are often urged to support high ideals, high ideals are actually non-existent. There is only the ideal of belonging or not belonging, of conviction or skepticism.

"Every decision we make is a destruction," Professor Hocking continued. The chief danger of a college education lies in what it displaces. Education is a "prolongation of infancy." If the college student had not gone to college, the problems of society, of working and earning, would have been his. But being at college, he does not experience those problems he is provided for, and the gulf between the college and non-college individual deepens.

This mental gap becomes to a certain extent a moral danger—principally in privately endowed colleges. The danger is that frequently an expectation of special privileges is acquired by the student and he expects that his college education will operate as an advantage in the outside world. Throughout his four years in college the student is living on the community, and he gets into the habit of receiving, a habit that continues for some time after college. And he comes to be selfish and unable to give.

The cure for the displacement which accompanies a college education is not to be effected by the introduction of the outside world into the college. The remedy against the dangers of displacement are simply to be met by knowing them, by guarding against them, by appreciating that education carries along with it a certain amount of diseducation.

Some branch of pure theory should be mastered by the student, Prof. Hocking then stated, for if one does not get deep into ideas at college, one of the chief instruments in after life is forfeited. There are two ways of learning, one by doing, the other by acquiring ideas, and college is an institution for the dissemination of ideas.

But there is a "danger of standardized mentality" which is "inseparable from institutions." Every college course is standardized. This is another danger of which to be wary, he stated.

The student today takes a psychological examination of his instructor when he takes an examination, ostensibly covering the subject matter of the course. Following the examination he ceases to study. Now it is the business of the college "to be at the frontier of knowledge." That the student may study merely for the examination and not to learn the subject is an apparent danger.

Also, because of being in a crowd, the student loses "the art of loneliness" in college. He fails to find himself. No man is educated unless he can talk, can accept another man's case, and can meet it on that man's ground. The student should find something to excite his personal enthusiasm, something he will work for over and beyond what is required. If he finds that thing, then he begins to find part of himself, what he believes in.

Trustees Create 15 New Scholarships Of \$150 Each

PROF. HOCKING SPEAKS

To Allot Former Trustee Undergrad. Scholarships To Juniors

Following the address of Professor William Ernest Hocking of Harvard University, guest speaker for Scholarship Recognition Day at the University of Maine, President Arthur A. Hauck announced the winners of the various scholarships and prizes for the year, in whose honor the day is observed.

"It gives me pleasure to announce that the Trustees of the University, at their April meeting, established fifteen new University Scholarships of the value of \$150 each, to be awarded by the faculty committee on honors, with the approval of the president, to junior, sophomore, and freshman students of high scholastic standing and intellectual promise, whose record in other respects is also satisfactory and who are in need of financial assistance," the President said.

President Hauck also announced that at the same meeting of the Trustees it was voted to allot the former Trustee Undergraduate Scholarships to the students in the junior class holding during the spring semester the highest scholarship average in the University and in the various colleges respectively. The names of these scholarships will hereafter be known as the Merritt Caldwell Fernald Scholarship, after the first acting president of the institution; the James Stacy Stevens Scholarship, in the College of Arts and Sciences, after the dean of the College from 1905-1932; the Harold Sherburne Boardman Scholarship, in the College of Technology, after Dr. Boardman who was dean of that college from 1910-1926, and president from 1926-1934; the Leon Stephen Merrill Scholarship, in the College of Agriculture, after the dean of that college from 1911 to 1933; and the Charles Davidson Scholarship, in the School of Education, in honor of Charles Davidson, professor of Education from 1906-1911.

The scholarships awarded and the recipients were as follows:

The Merritt C. Fernald Scholarship, Arlene Merrill '36; The Leon S. Merrill Scholarship, Ann E. Eliasson '36; The James S. Stevens Scholarship, Mildred L. Sawyer '36; The Harold S. Boardman Scholarship, Actor T. Abbott, Jr., '36; and The Charles Davidson Scholarship, Cathryn R. Hootor '36.

University scholarships were awarded to: Merle H. Bragdon '36; Rachel Fowles '36; Susan B. Frost '36; Faith W. Holden '36; Harland F. McPherson '36; Virginia C. Nelson '36; Chester W. Smith '36; Robert L. Ohler '37; Edwin H. Rand '37; Sargent Russell '37; Alice R. Stewart '37; Evelyn B. Adriance '38; Arland R. Meade '38; James H. Siegel '38; and Sherman Vannah '38.

Women's Student Government Scholarships, Bernice I. Yeomans '36; New York Alumni Scholarship No. 1, David S. Brown '36; New York Alumni Scholarship No. 2, divided between Henry P. Little '36 and Harland F. McPherson '36; Stanley Plummer Scholarship, Richard P. Waldron '38; Ohio Alumni Scholarship, Shirley R. Parsons '37; Spanish Club Prize, Sewall J. Ginsberg '38; Greek Culture Prize, Lawrence A. Mann '35.

Henry L. Griffin Prize in English Composition, Ellen B. Hodgkins '38; Honorable mention, Walter S. Staples '38; Sigma Mu Sigma Award, Faith G. Folger '37; William Emery Parker Scholarship, Donald A. Huff '36; Joseph Rider Farrington Scholarship, Clyde E. Higgins '36; Elizabeth Abbott Valentine Scholarship, Elizabeth M. Story '37; Chi Omega Sociology Prize, Elizabeth A. Gifford '36; and Alpha Zeta Award, Wesley S. Norton '35.

GEOLOGISTS TO TAKE TRIP TO MT. DESERT

A trip of the geology department to Mount Desert Island is scheduled for some time within the next two weeks. Mr. Chase of the department announces that all those who have any interest in the subject are invited to go. Those who are not now taking geology courses may obtain information concerning the trip by addressing their inquiries to the department.

Cooperation

With this week's issue of the *Campus* a new editor takes over the reins of management. As in the past, the *Campus* will print all correspondence on pertinent subjects and will endeavor to be as impartial as possible in all matters. The staff will devote itself toward a more complete coverage of the news of the campus, enlivened by more feature material.

The *Campus* asks all fraternities for their cooperation in the gathering of news and any items of interest may be deposited in Box 69 in Alumni Hall. During the house party season now upon us the *Campus* would appreciate accurate lists of all guests at these parties so that all organizations may have their just proportion of space in these columns.

Lawns Again

The student body and faculty both responded to their utmost to make the first Maine Day an unqualified success. The work of keeping our campus beautiful must go on. The University lawns are just beginning to take on a green hue and because the ground is still soft it is urged that everybody refrain from walking on the lawns. There are adequate walks and the time gained by cutting across the green stretches can never justify the damage done.

Rushing Rules

Elsewhere in this issue appears a complete statement of the new rushing rules adopted this week by the Interfraternity Council. All fraternity men should read the new regulations carefully and, what is more, it is up to them to abide by them. The committee which has drawn up the new plan is to be commended, for rushing has always been a problem at the University and the new rulings should prove beneficial to all, provided the cooperation of everyone is obtained.

"SO THE PEOPLE MAY KNOW"

OD ZOOKENS! They would go and spoil the fun. I mean the filling of the muzzles of those iron monsters in front of the frosh dormitories. No more will they spit fire and tattered rags with iron indignation. No more will powder be bought from the DuPont Freres. Wonder if Congress ordered a munitions investigation or was it because the people in the cemetery across the river were complaining?..... NOTE TO LOVEBIRDS: The darkened recesses in the basement of Stevens Hall are meeting with popular favor for afternoon tete-a-tetes. Hope this notice doesn't cause too much of a rush. Those shiny new locks on the A. & S. Bldg. The quotations on bookstore penknives will probably take a drop.

ORONO, Webster and Old Toton gals seem to be meeting with more favor with the collegians this year than ever before. If the upperclassmen continue their raid on Orono there soon won't be an unattached gal left. Take the case (no, Ingalls took it last week), of Red Walton. It seems that the doughty red-headed third baseman is spending much of his time on Forest Ave. There's the old saying that you can't touch fire without being burnt but the new one is "you can't touch Water without getting wet." And have you seen the buxom (and how) blond (copyrighted in all countries including the Scandinavian) that the campus Morton Downey, Nanny White, serenades nightly in front of Goldsmith's? Zowie! Farnsworth's will also soon be depleted the way certain lads are going. Bicknell has been seen places with June King, the copper's daughter. Ken Knash has been courting Anna Hogan, while someone seems to be tagging Kay Johnson. Some business asset, eh, Pat?

THIS AND THESE. Saw Freeman Webb 'tother day. Wonder if Franny Knight got any heart throbs or has Dascombe got the monopoly of her affections? ... Not a brain trust but a heart trust. Who was the femme seen with Harry Crabtree the other eve? Has the famous romance gone to smash? No, no, a thousand times, no. And is Dick Barstow back with the red-headed siren, Gwen Roche, again? Dear, dear, how nice. Carl Whitman seems to cling to his appellation as the unmarried man. At least our sleuths haven't been able to pin anything on him yet except that blond which Sawyer and Coburn imported from the Queen City. Wedding Bells will soon be ringing for (by all appearances, but don't let us mislead you) Sam Reese and the Diving Girl from the South. And we'll mean 'way down South. Bunny Anderson and Estelle Cota of the Orono Cotas. That's been going thick and heavy for a long while. Joe Hotz and what's-her-name Morin of Old Town. She's got a ring, we hear. Bruce Ashworth and Claire Saunders. We wouldn't be surprised to hear of the wedding party soon. Ruth Barrows and Dick Chase. "Topsy" Topolosky and psychological Virginia Nelson. Myron Collette and Wal-ly's sec, Alice Cotter of Orono.

NOTICES

NEW DEBATING COURSE

A course in Argumentation and Debate will be offered in the fall semester of next year and may be taken by any student of the University who has had Public Speaking I and 2. The newer forms of debating will be stressed and the practical side of argumentation will be given considerable weight. The course in Argumentation and Debate is designed to meet the needs of the average student. A new member of the department who has specialized in this phase of speech work will teach the course which is listed as Debating 3-2 hours.

W.S.G. MEETING

The Women's Student Government Association will have an assembly on Tuesday, May 14, at 9:30. Marion Martin will speak on "Women's Place in Politics." The students will put on a skit of some sort. All women faculty and women students are invited.

REPORTERS WANTED

Any sophomores or freshmen who are interested in news reporting are asked to report at the *Campus* office next Friday at 1:00 p.m. Because the present staff is made up mainly of upperclassmen there are excellent chances for editorial advancement during next year.

NEW PLEDGES

Since the Interfraternity Council announced its last pledge report three men have accepted pins from three different fraternities. W. Robert Dineen has pledged to Kappa Sigma; Francis W. Smith, Jr. to Phi Mu Delta; and Harold Grodinsky to Tau Epsilon Phi.

SENIORS NOTE

Seniors who want the freshman themes that were saved for them may leave their names, before commencement, with Ruth Crosby, 225 Stevens.

SUGGESTIONS WANTED

The faculty is very pleased at the response of the students to Maine Day. The committee in charge have arranged a meeting in the near future to review the activities of Maine Day and to prepare plans for next year. The committee would appreciate student suggestions as to the improvement of the day. Please send all criticisms and suggestions to John Sealey.

CHURCH NOTICE

Fellowship Notice

"An Illustrious Son and His Obscure Mother" will be the sermon theme at Fellowship Church on Mothers' Day which will be observed next Sunday. Service at 10:30 a.m. Special music appropriate to the day will be furnished by choir and soloists. Church school at 9 a.m.

Young People's Club at 6:30 p.m. Prof. Rising L. Morrow will be the speaker and "The Future of American Neutrality" will be the theme. Discussion and refreshments. This being the last regular meeting of the season before vacation a full attendance is expected. The annual banquet of the club will be given at 6 p.m. Friday evening, May 17.

Miss Rose Studnicka, Home Service Director of the Maine Central Power Company at Augusta, spoke Monday, May 7, to the sophomore Home Economics students on the "Opportunities for Home Economists in Business." She also gave a demonstration in the economical use of electrical energy in cooking to the foods class.

AGRICULTURAL TEAMS IN CONTESTS HERE TODAY

Today and tomorrow, teams from twenty-eight Agricultural High Schools and Academies in the state will meet on the University of Maine campus for the tenth annual state-wide contest. A team consists of four boys and the agricultural instructor of the school.

This afternoon there were team contests in cattle, potato, and poultry judging. And tonight the contestants meet in Hannibal Hamlin Hall for a banquet. President Hauck will welcome the visitors in behalf of the University and Dean Deering will welcome them in behalf of the College of Agriculture. Dr. Fred Griffee, Director of the Maine Experiment Station, will give the main address, while Harry Grant, of East Corinth Academy, State President of Agricultural Teachers Association, will award ribbons won by boys in the annual project contest. Professors W. H. Hall, J. A. Chacka, and J. R. Smyth will present the cups to the winners of the afternoon contests. Saturday morning there will be contests in rope-splicing and rafter-cutting.

A Grand Championship cup will be awarded to the team which has the highest aggregate score. In addition there will be a horse-judging contest with cash prizes totaling fifty dollars. The three winners of the cattle-judging contest will be sent to the New England Contest at Springfield next fall. One hundred and forty guests are expected and they will be taken care of at the fraternity houses. The program is under the auspices of the College of Agriculture.

A STUDENT THAT ISN'T A STUDENT CALLS DEAN

At eleven o'clock last Monday night a call came to Dean Corbett's home from the Lewiston Y.W.C.A. Jerald J. Parker, Maine student returning home to the Bronx, was desperately in need of money. Should the Y.W.C.A. forward it to him? Dean Corbett promised to call back: went to his office. There was no Jerald J. Parker listed among the students.

The Dean called back. Questions were

asked: "What class are you in?" "Sophomore." "What course are you studying?" "Law." (Maine has no law course.) "Can you name some of your professors?" "Dean Daneo, Professor Vesper, and Professor Wright." (There are no such names on the faculty.) The Dean spoke again to the Y.W.C.A. head, "Better hold him for the police, he is an imposter." But Jerald J. Parker was on his way.

This is but one of the many such incidents that crop up of people using the name of the University of Maine for their

own ends. Each such incident detracts from the good name of the University. We can reduce this to a minimum by reporting all fraudulent magazine salesmen and other imposters directly to Dean Corbett.

Professor E. F. Dow, head of the history department at the University, will address a meeting of the Maine League of Women Voters in Bangor, May 21. Prof. Dow's subject will be "Reorganization in Maine Government."

JUNIOR WEEK COMES TO CLOSE WITH PROM IN MEMORIAL GYM

Junior Week came to its climax last Friday evening as 150 formally attired couples danced to the tunes of the Georgians at the annual Junior Prom held in the spacious Memorial Gymnasium. Besides most of the junior class being present there were many guests from near and far who danced away the evening under decorations of colored lights.

President and Mrs. Arthur A. Hauck were the guests of honor. Patrons and Patronesses were: Dean and Mrs. Lamert, S. Corbett, Dean and Mrs. Olin S. Lutes, Professor and Mrs. Benjamin V. Kent, Professor and Mrs. Paul Bray, Professor and Mrs. Stanley M. Wallace and Mr. and Mrs. Frederick Youngs.

Robley Morrison served as chairman of the dance committee. Other members of the committee were Miss Eileen Brown, Donald Brown, Joseph Galbraith and Edwin Webster.

Summer gowns were not as prevalent at the Prom as they had been at the Sophomore Hop, many of the women apparently preferring to keep their new togs for the impending series of house parties.

Gowns Worn At Prom

Members of the senior class appeared as follows: Phyllis Johnson, blue crepe; Lee Blackington, printed crepe; Dorothy Sawyer, blue crepe; Charlotte LaChance, pink crepe with a purple jacket; Carolyn Lothrop, white crepe; Agnes Crowley, yellow mouseline de soie; Miriam Linscott, navy organdie.

JACK ATWOOD '30 SPEAKS TO ADVERTISING CLASS

Jack Atwood, Maine alumnus, class of 1930, now manager and announcer at station WLBZ in Bangor recently addressed Prof. Dickinson's advertising class on "Radio in Advertising." He stated that the use of radio by advertisers had an insignificant beginning but is now one of the leading advertising mediums. His talk was greatly enjoyed by the students.

ORCHESTRA IN CONCERT AT COLBY LAST NIGHT

The University of Maine orchestra, under the baton of Professor Adelbert W. Sprague, participated in the second annual All-Maine College concert held at Colby College last night. Organizations of contrasting musical character from the four Maine colleges took part in the program, which was of the festival order and non-competitive. Colby was host at a banquet which preceded the concert and a dance finished off the evening.

Besides numbers by the complete orchestra the following trio appeared as a unit on the program: John DeLong, violin; Marion Hatch, violin-cello; and Evelyn Adriance, piano. The orchestra personnel was as follows: Conductor, Prof. Adelbert W. Sprague; violins: Alfred Schriver (concert-master), Sylvia Alpert, Merle Bragdon, Pauline Calvert, John DeLong, Elizabeth Gray, Margaret Hinkley, Ruth Kimball, Kenrick Sparrow, Nancy Woods, Barbara Wyeth; violas: Frances Jones, Gertrude Titcomb; violin-cello, Marion Hatch, Ruth Hinkley, Bernice Hopkins; contrabasses: Charles Jacques, Lawrence Mann; flute, Margaret Williston; clarinets: George McClellan, Moses Lord, Dorothy Nutt; french horn, George Harrison; trumpet, Gerald Hart; trombone, Harold Taylor; tympani and percussion, Richard Stevens; piano: Evelyn Adriance, Beryl Warner.

Besides appearing in the All-Maine College Concert each year the University Orchestra participates in the Eastern Maine Music Festival.

DEBATERS ARGUE BEFORE THREE CLUBS THIS WEEK

Appearances before two Granges and before the Old Town Rotary Club comprised the activities of Maine's debaters for the past week. In each case the subject debated was, "Resolved: That the nations should agree to prevent the international shipment of arms and munitions." In each case, also, the debates were conducted along legislative and heckling lines, the opposing team interrupting the speaker at any time it saw fit to question.

The same subject and the same type of debate were also used last Saturday in a debate before the Queen City Grange, Bangor, at its last regular weekly meeting. David Brown took the negative and Spurgeon Benjamin the affirmative.

The first debate of this week was held last Tuesday before the Eastern Star Grange, located near Hampden. Spurgeon Benjamin argued the affirmative and Sargent Russell the negative.

Thursday the second debate was held, this one before the Old Town Rotary Club at their regular weekly luncheon in the Fransway Hotel. David Brown took the affirmative in this debate and Sargent Russell the negative.

A debate tomorrow will finish up the week's activities. It is to be held at the Dexter Grange, one of the largest in the county and having a membership of over 300. Sargent Russell will uphold the affirmative against David Brown.

A. Hamilton Boothby '35 ranked first in the History comprehensive exams results according to an announcement.

The mild cigarette the athletes smoke
is the mild cigarette for YOU!

A cigarette so mild you can smoke all you want—that's what athletes say about Camels. And when a champion talks about "condition"—"wind"—healthy nerves—real tobacco mildness—he's got to know.

Gene Sarazen says: "Playing as much as I do—I have to keep in condition. I smoke Camels steadily. They are so mild they never get my 'wind'—never upset my nerves."

Other athletes back him up. "I smoke all the Camels I want, and keep in top condition," says Mel Ott, slugger of the New York Giants. "Georgia Coleman, Olympic

diver, says: "Camels don't cut down on my 'wind.'... Bill Miller, oarsman; Jim Lancaster, N.Y.U.'s 1934 basketball captain; John Skillman, pro squash racquets champion—hundreds of sports stars smoke Camels regularly and report that Camels never get their 'wind' or nerves.

What this mildness means to you!... It means you can smoke Camels all you want! Athletes have made this discovery: Camel's costlier tobaccos are so mild, they can smoke all they please, without disturbing their "wind" or nerves.

**SO MILD

"The beauty of the hair, its gloss and lustre will be a revelation to you."

Increase consumption is Mr. Krynski's motto; advertise your wares.

ACP—It's an itching around the heart that can't be scratched, an experience from which you never learn better, and it's undefinable, because you can't see it, but oh how you can feel it. That's what several University of Georgia students think love is.

Other definitions given to a reporter for the Red and Black, student newspaper, are:

"Love, when returned, is man's greatest possession; when unreturned, his sharpest thorn.—It's an experiment, often tried, but never proved.—Love is a misunderstanding between fools."

Two professors from different universities had a little argument the last time they met, tells a columnist in the Ohio State Lantern. The other day one of the gentlemen found facts that supported his side of the disputed subject. He smilingly wired his friend and awaited an answer.

The other, a little miffed, wanted to send back a one-word telegram and selected the strongest, most expressive cuss word in his vocabulary. When the Western Union operator explained the ban on use of such words, he sent it in "pig Latin."

The first professor figured out the code after three days of study.

BOSTON—(U.P.)—Get a college education first, then get married (if you want to), but don't mix the two.

That is the advice of former Justice Robert J. Peaslee of the New Hampshire Supreme court, now a lecturer at the Boston University School of Law on domestic relations.

"Students who marry while they are in college are handicapping their chances for happiness," Judge Peaslee said in an interview.

"Married life, in order to be successful, should be centered about a home and family, not around classes and study. Home life more than anything is important to a happy marriage."

Judge Peaslee maintained that the good effects of cooperation and mutual interest that come with marriage are lessened "by the fact that students are likely to live in a boarding house or a similarly unfavorable environment."

Syracuse University (MCEA)—The popularity of the suggested date bureau at Syracuse was shown by an overwhelming majority of votes in favor of it in a poll taken by The Daily Orange.

An Inter-Social council has been formed for the administration of the bureau and a plan has been drawn up for its operation. Every student desiring a date will register with the bureau and will state his or her interests and preferences at the time of registration. The final step in the arrangements will be the pairing of the individuals both of whom must first consent to the match. The aim of the bureau is to "bring about acquaintances between students having similar tastes and interests."

"Dear Editor:

"I do not want to appear sacrilegious, but I believe the appended 1934th psalm is appropriate to present-day conditions. 'Mr. Roosevelt is my shepherd, I am in want. He maketh me lie down on park benches. He leadeth me beside the still factories. He distributeth my soul. He leadeth me in paths of destruction for the party's sake. I anticipate no recovery, for he is with me. He prepareth a reduction in my salary. And in the presence of mine enemies. He anointeth my small income with taxes. My expense runneth over. Truly unemployment and poverty shall follow me all the days of my life. And I shall dwell in the house of mortgage forever.'"

Eagle, New Mathetai Pledges Named Wed.

Silence spread over Balentine Hall's gayly-decorated dining room Wednesday night as the outgoing Sophomore Eagles walked in turn down the room and placed the Eagle star on the foreheads of their successors who are: Lucy Cobb, Mary Deering, Mary-Hale Sutton, Kay Cox, Mary Helen Kaye, Mary Wright, Norma Lueders, Margaret Hinckley, Marguerite Benjamin, and Mary Leighton.

New members of Neai Mathetai, honorary freshman scholastic society, announced at the same time are: Miriam Hutton, Cora Sharon, Ida May Hart, Ellen Houghton, Evelyn Adriance, Althea Minett, Frances Smith, Frances Higgins, Veria Robinson, and Edith Thomas.

Before the announcement of the pledges an excellent dinner of steak, peas, french fried potatoes and strawberry shortcake was enjoyed by over one hundred freshmen and sophomores who had gathered to see the awarding of the pledge bows of the two honorary societies.

After-dinner speakers were introduced by Elizabeth Ashby, toastmistress. A hilarious moment was supplied when Mary Leighton, as representative of the freshman class, devoted her speech to telling the class impressions of each of the outgoing Sophomore Eagles. Marie Archer spoke as the representative of the All-Maine Women, followed by Miss Ruth Crosby, the principal speaker. Guests for the opening were: Mrs. Arthur A. Hauck, Dean Edith Wilson, Miss Elizabeth Ring, Miss Ruth Cope, Miss Celestia Stiles, and Mrs. Delia Sullivan.

M.C.A. HOST AT RETREAT FOR MISSIONARY UNION

By Bettina Sullivan
(Campus Star Reporter)

The semi-annual conference of the Maine Intercollegiate Missionary Union will be held on Saturday and Sunday, May 11 and May 12, at Camp Jordan on Branch Pond, with the Maine Christian Association as host. This is an organization made up of students from Bates, Colby, Bangor Theological Seminary and the University of Maine, who are interested in the missionary program of the church.

The leaders this year will be Rev. and Mrs. Dewitt C. Baldwin of Burma, who will lead a series of discussions on the relation of Christianity to the social changes which are now taking place throughout the world. Mrs. Baldwin is the author of the well-known missionary drama, "Ba Thane," which has been shown hundreds of times all over the country. For the last two years, Mr. and Mrs. Baldwin have been sent by their Board for the discussion of religion with college students and have been engaged entirely in that work.

The retreat at Camp Jordan will begin on Saturday afternoon and end at about four o'clock Sunday. The program consists of social and recreational activities as well as religious services on Sunday.

Any member of the student body or faculty is invited to attend. The cost will be no more than \$1.25. Leave your names at the M. C. A. office.

Mr. and Mrs. Baldwin will be the guests of the Christian Association, Monday, Tuesday, and Wednesday of next week, and will be available for personal interviews with any students who wish to call to discuss the subject of religion and life with them.

Debaters In Contest At R. I. Next Week

By Edwin Costrell
(Campus Star Reporter)

Maine is to enter three debaters, David Brown, Sargent Russell, and Spurgeon Benjamin, in the speaking tournament open to all New England colleges and universities which is to be held on the Rhode Island State College campus, Kingston, Rhode Island, on May 16, 17, and 18. Tau Kappa Alpha, national honorary forensic fraternity, is sponsoring the tournament.

Maine's representatives will leave for Rhode Island Thursday morning, May 16. In the evening they will attend a banquet which is being provided for the delegates of all the participating schools. The unique thing about this banquet is that it will be followed by an extemporaneous after-dinner speaking contest, in which one delegate of each school will be able to enter. President Bressler of Rhode Island State College will announce the subject at the dinner. David Brown has been designated by Coach Morris to speak for the University of Maine in this contest.

Sargent Russell and Spurgeon Benjamin as well as David Brown will participate in a debate tournament on the following morning, Friday. Only one man team will be permitted in this tournament, and the debates are to be of the legislative, heckling type—that is, the speaker can be interrupted with questions by his opponent. Every delegate has received notice that he must be prepared to debate both sides of the proposition to be argued, which is, "Resolved: That the nations should agree to prevent the international shipment of arms and munitions."

The winners of the morning tournament will stage an exhibition Friday afternoon before all of the visiting delegates and coaches together with the general public for, as Coach Delyte Morris words it, "purposes of observation and critique."

Saturday morning the coaches and delegates will get together to discuss future policies and plans.

Finally, an oratorical contest to be conducted according to rules Coach Morris has drawn up and is to submit, will be engaged in by the delegates. Professor Bailey, head of Maine's public speaking department, suggested a contest of the sort some years ago and it is because of this fact that the privilege of drawing up the rules was given to this University. Despite this fact, however, Maine is not going to participate in the oratorical contest this year.

"When will nud be done?"

This young lady records the meaningless syllables spoken by the man.

AND, "How does kib like that?" Such questions sound senseless — yet they play an important part in making articulation tests on new types of telephone apparatus at Bell Telephone Laboratories.

In making these tests, 6336 meaningless syllables are spoken — while observers record what they hear. Comparison of sounds actually spoken with those heard, shows how well the new apparatus reproduces the many sounds of which speech is composed.

Such thoroughness is typical of Bell System methods. Years of inventing, improving and testing have led to the apparatus which transmits your words so clearly.

Tracksters Down Holy Cross; Nine Loses to Mules 15-8

Balanced Maine Outfit Cops Seven Firsts in 74 1-3--60 2-3 Win

A powerful Maine track outfit overcame strong opposition in defeating the invading Holy Cross cinder aggregation by the score of 74½ to 60½ in a meet held on Alumni Field Saturday afternoon.

Although the Crusaders took eight first places to seven for Maine, they were outscored in a majority of events as the Pale Blue gathered in points on seconds and thirds. Only one record was threatened throughout the meet as Casey and Goddard ran a brilliant race in the 220 yard low hurdles which was won by the Purple ace. His time of 24½ seconds tied the University record in this event.

Maine showed a decided superiority in the weight events as Frame, Totman, and Sidelinger gathered in three firsts, while Lingua was the only Cross man to annex first in the weights. The dashes brought the crowd to its feet as Gilligan of Holy Cross nosed out Murray of Maine in both the 100 and the 220 yard dashes. Another spectacular event was the two mile run in which Kenney of the Cross came from behind to take first while Hunnewell, who set the pace until the sixth lap, came in third.

Summary:

120 yard high hurdles: Won by Goddard, Maine; second, Webb, Maine; third, Collette, Maine. Time, 16½ sec.

100 yard dash: Won by Gilligan, Holy Cross; second, Murray, Maine; third, Goddard, Maine. Time, 10½ sec.

One mile run: Won by E. Black, Maine; second, O'Connor, Holy Cross; third, Seellen, Holy Cross. Time, 4 min. 32½ sec.

440 yard dash: Won by Graham, Holy Cross; second, Black, Maine; third, Seellen, Holy Cross. Time, 51½ sec.

Two mile run: Won by Kenney, Holy Cross; second, Molloy, Holy Cross; third, Hunnewell, Maine. Time, 9 min. 15½ sec.

220 yard low hurdles: Won by Casey, Holy Cross; second, Goddard, Maine; third, Gleason, Holy Cross. Time, 24½ sec. (Tied U. of M. record.)

220 yard dash: Won by Gilligan, Holy Cross; second, Murray, Maine; third, Ring, Holy Cross. Time, 22½ sec.

800 yard run: Won by Marsh, Maine; second, J. Murphy, Holy Cross; third, Black, Maine. Time, 1 min. 59 sec.

High jump: Won by Webb, Maine; second, tie between Coleman, Holy Cross, and Davis, Holy Cross, and Ireland, Maine. Height, 5 feet 10 in.

Broad jump: Won by E. Murphy, Holy Cross; second, Ireland, Maine; third, Webb, Maine. Distance, 20 ft. 4 in.

Pole vault: Won by Webber, Holy Cross; second, tie between Hathorn and Myers, both of Maine. Height, 10 ft. 7 in.

Shot put: Won by Lingua, Holy Cross; second, Yablonski, Holy Cross; third, Frame, Maine. Distance, 41 ft. 1 in.

Hammer: Won by Frame, Maine; second, Totman, Maine; third, Sidelinger, Maine. Distance, 155 ft. 10¾ in.

Discus: Won by Sidelinger, Maine; second, Frame, Maine; third, Murray, Holy Cross. Distance, 124 ft. 3 in.

Javelin: Won by Totman, Maine; second, Bell, Maine; third, Yablonski, Holy Cross. Distance, 187 ft.

FROM THE PRESS BOX

By Ray Gailey

Great things are expected of the University of Maine track men tomorrow when they participate in the 38th renewal of the State Intercollegiate Track Meet. This meet, dating back to 1895 and interrupted only by the World War and the difficulties last year, is one of the biggest, if not the biggest, track meet of the year. It has long been the goal of the four college track teams and this year will be no different, although Bates and Colby are entering with very little expectations of winning the title. Bowdoin and Maine are the real contenders for the crown and, as both are evenly matched, the outcome can hardly be predicted.

At present things look very good for Maine. Amherst's victory over the Polar Bears Wednesday was somewhat of an upset and it does not speak so well for Bowdoin. Her individual outstanding stars, Phil Good, Porter, Niblock, Soule, and Shute won their usual number of points but several outstanding men were missing, including Adams, pole vault, broad jump, and high jump star, and Crowell, pole vault ace. Crowell is recovering from an injury and is expected to compete this Saturday. The writer cannot explain the absence of Adams but if he does not compete, or is not in his top form, it will mean all the difference in the world for Maine. As things go, Maine probably has a slight edge.

In the 37 years of the State Meet, Bowdoin leads in the number of victories, having 23 to Maine's 13. Bates has but one win to her credit, while Colby has yet to win. Since 1928 the State Meet has had a distinctly Maine flavor. Maine won the 1928 clash and then went on to win the next three in a row. Bowdoin again appeared in 1932 to edge out the Pale Blue but was vanquished in 1933, the last meet. Indications point toward the Bruin having the corner on this meet and future meets.

Maine's varsity nine seems headed towards repeating her season of last year. Maine started off last year by downing Colby in the pre-season exhibition game and then losing to the Mules in the three state series games. Although the Blue seems stronger than last year in fielding and hitting, Coach Brice is having his difficulties with his pitchers. As yet none have been able to go more than five innings, although for those five innings they have been pitching a superb brand of ball.

In the past two games Maine's big-stickers have been pasting the ball all over the lot no matter what moundsman was whistling them over; therefore the trouble must be some place else. To remedy this, Coach Brice is trying out six hurlers but as yet he has not met with the success he hopes for. If the Blue twirlers find themselves, it will be just too bad for the opposing teams. Let's hope it won't be too late.

FROSH TRACKSTERS TRIM HIGH SCHOOL COMBINE

The Freshman track team won another easy victory over the combined forces of Bangor, Brewer, Stearns, Lee, Old Town, and Orono on Alumni Field Saturday. The Frosh were never threatened in a meet which they won by the score of 91½ to 34½.

Johnny Gowell once again was high scorer for the meet as he took his three firsts for 15 points. In the broad jump Gowell took first with a jump that was better than the winning jump in the varsity meet with Holy Cross that was taking place at the same time.

Maine won 11 of 14 first places and swept five events. The frosh were evidently superior to their opponents as they scored at least a second place in every event.

The summary:

120 high hurdle—Won by Gowell (M); second, Gray (Old); third, Tourtillotte (Old). Time, 17½ sec.

1 mile run—Won by Sawyer (Old); second, Kane (M); third, Waddington (M). Time, 4 min. 40½ sec.

440 yard dash—Won by Hurwitz (M); second, Thompson (Old); third, Brennan (B). Time, 52½ sec.

100 yard dash—Won by Pettengill (M); second, Bottcher (M); third, Kelley (M). Time, 10½ sec.

220 yard low hurdles—Won by Gowell (M); second, Smart (M); third, Gay (M). Time, 35½ sec.

880 yard dash—Won by Fuller (M); second, Hackett (M); third, Hemingway (M). Time, 2 min. 9½ sec.

220 yard dash—Won by Bottcher (M); second, Pettengill (M); third, Hathaway (Winterport). Time, 23½ sec.

High jump—Won by Smart (M); second, Gray (Old); third, tie between Hathaway (Winterport) and Applebee (Old). Height, 5 ft. 6 in.

Broad jump—Won by Gowell (M); second, Sherry (M); third, tie between Kelley (M) and Dupuis (Old). Distance, 22 ft. ½ in.

Pole vault—Won by Hardison (M); second, McNamee (Stearns); third, Tourtillotte (Old). Height, 11 ft. 3 in. Shot put—Won by Mitchell (Old); second, Rogers (M); third, Ireland (M). Distance, 46 ft. 3¾ in.

Hammer—Won by Leavitt (Old); second, Drake (M); third, Rogers (M). Distance, 149 ft. 3 in.

Discus—Won by Drake (M); second, Rogers (M); third, Kelley (M). Distance, 125 ft. 2 in.

Javelin—Won by Sherry (M); second, Rogers (M); third, Kelley (M). Distance, 160 ft. 3¾ in.

PLAY BALL!

probably take both 120 high and 220 low hurdles with Maurice Goddard favored for second.

Marvin of Bowdoin spun off the 440 yard dash in 52 seconds flat last Saturday while Ken Black did 51½ seconds against Holy Cross last Saturday. First place honors will be fought out between these two, while Pendleton of Bates is favored to place.

Very little can be predicted about the jumping events as the usual outstanding stars have been turning in low marks of late. Adams of Bowdoin, who would usually take firsts in the pole vault, broad jump, and high jump, has not been competing of late and it is possible that he won't be in his best condition this Saturday. Meagher of Bates has been jumping 11 feet 6 inches consistently and has done better. If Crowell and Adams of Bowdoin aren't in top form, he should place first with Rideout and Raleigh of Bowdoin and Marshall of Colby figuring next.

Bears Drop Loose Tilt in Series Opener

Colby's five hit-six run attack in the ninth saw the Pale Blue pastimers go down to a 15-8 defeat in their initial state series game played on the new varsity diamond last Saturday afternoon.

Twice Maine threatened to send the White Mules back with a loss, once in Maine's big second inning when they scored four runs to take the lead, and again in the eighth when they cut down Colby's lead to one run. But the terrific attack in the ninth was too much for the Maine Bears and they were unable to come from behind in their half of the ninth.

Four pitchers were used during the contest. Henderson started for Maine but gave way to Hoyt in the sixth. Hannigan took the mound for the White Mules but after passing five men in the second was replaced by Ralph Peabody. The star Colby hurler held the Blue to five scattered hits during the 7½ innings he worked.

A feature of the game was the triple steal pulled off by Maine in the second. Woodbury was on third, Walton on second, and MacBride on first. With Prutt at bat, the trio started as Hannigan toed the rubber. Woodbury slid under Ayotte for the score. There was no play on Walton or MacBride.

Score by innings:

	R	H	E
Colby	2	0	2
Maine	0	4	2

GREENE BLANKS BATES IN FIRST SERIES WIN

Behind the superb four hit pitching of sophomore Johnny Greens, the University of Maine baseball nine won its initial State Series game yesterday by whitewashing Bates 11-0 at Garcelon Field, Lewiston. MacBride, Sanborn and Bell were the big stickers in the Black Bear win.

The score by innings:

	R	H	E
Maine	1	0	3
Bates	0	0	0

The freshman baseball team will take on their second opponent tomorrow when they play Ricker Classical Institute. The frosh outfit has, as yet, not been definitely picked, but Coach Kenyon hopes for a very strong outfit. Kenyon has been using two infields in an attempt to line up the strongest combination, and both of these infields will undoubtedly be used against Ricker.

DELTA ZETAS ATTEND "MISSISSIPPI" IN WHICH MEMBER PLAYS ROLE

The members and pledges of the local chapter of Delta Zeta sorority attended the showing of *Mississippi* in Orono Wednesday night, to honor their sorority sister, Gail Patrick, of Alpha Pi Chapter, Howard College, Birmingham, Alabama, who played the part of the older sister in the movie. As Margaret Fitzpatrick, the rising screen star was prominent in sorority activities on her southern campus. She has played minor roles in *Death Takes a Holiday*, *Wagon Wheels*, and *Cradle Song*. Miss Patrick recently attended the national sorority convention in Chicago. Born in Alabama, she was eminently fitted to take the part of the southern belle in *Mississippi*.

ALL-MAINE WOMEN INITIATE TEN TUES.

All-Maine Women initiated ten new pledges at an early morning service held at The Ledges at 6:30 on Tuesday morning. Those initiated were Elizabeth Schiro, Jane Chase, Virginia Nelson, Elizabeth Philbrook, Margaret Sewall, Beryl Warner, Annie MacLellan, Doris Lawrence, Louise Steeves, and Elizabeth Story.

Several guests were present, among whom were Miss Weed, Miss Patch, Miss Edith Wilson, and Miss Marion Rogers, all honorary members of All Maine Women.

Following the initiation a breakfast of tomato juice, eggs, bacon, rolls, and coffee was prepared and served by the older members of the honorary society.

BRICKER LEADS FORUM DISCUSSION OF ACTORS

"My favorite actor of the stage or screen" was the subject, chosen to draw out personal opinions concerning the theatre and screen, at a meeting of the Women's Forum, at Balentine Hall, Wednesday afternoon.

Mr. Bricker led the discussion, suggesting actors for consideration and supplementing the views of the members with personal reminiscences. He displayed several scrapbooks of photographs of actors and actresses whose work he admires.

The arrangements for entertaining Priestly Morrison, director of many plays in New York and on the road, and personal friend of Mr. Bricker, who will be guest of the Forum on Wednesday, May 15, were discussed.

ALL-MAINE WOMEN TO GIVE ANNUAL PAGEANT

For the past nine years the All-Maine Women have presented on the campus, as part of the commencement activities, a masque or dance-drama directed and written, several times, by Mrs. Mark Bailey.

The green, back of the president's house, makes an ideal natural setting for such a production, with its smooth lawn and background of evergreens. Several of the masques have been repeated by request. This year *Pandora*, given five years ago, will be produced with changes in some of the dances. The 1935 version of the myth would commend *Pandora* as well as blame her. "For man must have troubles to conquer, as fire needs fuel to burn." And in spite of her wilful disobedience which loosed problems and ills upon mankind, we find that it was her optimism and courage which rescued Hope, man's greatest comforter, whom the gods sent to help in the struggle if one would heed her voice.

The cast includes, besides an array of gods and goddesses, *Pandora*, *Epimetheus*, and *Prometheus*, a group of maids playing ball, and a group of youths competing in athletic events. There is a torch dance, too, celebrating fire stolen from the gods. The chest is packed with a whole band of opponents who apparently have little room for Hope, with her rainbow of promise, who comes to bring Happiness back to the kingdom.

The All-Maine Women in charge of the pageant are: Ruth Harding, general chairman; Ella Rowe, rehearsal chairman; Lucinda Ripley and Ruth Libby, costume chairmen; and helping them are: Beth Schiro, Margaret Sewall, Doris Lawrence, Virginia Nelson, Annie MacLellan, and Miriam Linscott. Betty Wilhelm and Marie Archer are chairmen of properties; helping them are Elizabeth Philbrook, Louise Steeves, Elizabeth Story, Jane Chase, and Cynthia Wasgatt. Agnes Crowley and Beryl Warner are in charge of the music. Jean Walker is in charge of publicity, while Marie Archer is in charge of grounds.

HOLD "Y" INSTALLATION AT MAPLES SUN.

A very impressive "Y" installation service was held last Sunday night at 9 o'clock in the Maples. The newly appointed cabinet members, carrying unlighted candles, and the old members, carrying lighted candles, marched in side by side, singing "Follow the Gleam."

Dean Wilson spoke briefly on how in the olden days, before quick means of communication had come into being, men bearing torches would run on until they reached someone else to whom they could give a light from their torch. By the zealous application and cooperation of these men, news was transmitted. Dean Wilson applied her simile by saying that the torch bearers signify the cabinet members giving the light from their candles to those of the new members, thus investing their duties upon them. In this way the great work done by the Y.W.C.A. could be carried on.

The members of the cabinet installed were: Rosemary Boardman, president; Carolyn Currier, vice-president; Sarah Littlefield, secretary; Madeline Frazier, treasurer.

Chairman of: Religion: Ruth Currie and Josephine Snare; International Relations, Alice Stewart and Maybelle Ashworth; Deputations: Rena Allen and Marguerite Benjamin; Social Service: Alice Crowell, Dorothy Nutt, and Elizabeth Ashby; Social Activities: Frances King and Elizabeth Gifford; Freshman "Y": Ann Eliasson, Elizabeth Ashby, and Josephine Profitia; Publicity: Althea Millett; Vocations: Helene Cousins; Music: Carol Stevens.

Margaret Homer sang and Marion Hatch played the cello, accompanied by Evelyn Adriance, as a part of the service.

Guests were Mrs. Arthur A. Hauck, Miss Celestia Stiles, Mrs. Delia Sullivan, Mrs. Lamert Corbett, Mrs. Arthur Deering, Mrs. Ernest Jackman, and Mrs. William Currier.

Norman J. Sturgeon, the janitor of Stevens Hall, received minor injuries in an automobile accident Sunday afternoon, May 5, on State Street in Bangor.

TWELVE PLEDGED TO MASQUE LAST WEEK

Twelve students received the pledge of the Maine Masque between the first and second acts of the second performance of "Another Language," Thursday evening, May 2, in the Little Theatre in Alumni Hall.

The red and black bow was received by Norman Carlisle, for his parts in "Candlelight" and "Double Door"; Elwood Bryant, for his parts in "Candlelight" and "Double Door"; William Whiting, for his parts in "Beyond the Horizon" and "Double Door"; Dorothy Nutt, for her part in "Double Door" and stage work. Eight men received bows for their hard work on the stage crew all this year: Thomas Lynch, Arland Peabody, Loren Fairfield, John Ross, Charles Cain, Richard Boyer, Robert Homstead, James DeCoster. Roy Monroe was pledged for his work on the business end, and Ruth Kimball for music.

Associate members were chosen on work done on the first three plays of the year. They are: John Clarke for work in the makeup department; Stanley Fuger, for his part in "Double Door," and for helping in the makeup department; and Margaret Copeland for her part in "Double Door."

The pledges were introduced by John C. Willey, president ex-officio of the Maine Masque, and Bettina Sullivan pinned on the bows.

PHI MU INITIATES

The annual initiation and banquet of Phi Mu sorority was held at the Tarratine Club, in Bangor, Wednesday evening, May 8.

The banquet table was attractively decorated with candles and carnations of pink and white, the sorority colors. The program was centered around the theme "The Good Ship Phi Mu," with place cards and menus carrying out the nautical idea. Marion Avery '31 acted as toast-mistress.

The initiates were: Marguerite Benjamin, Alice Harvey, Mary Hawkes, Phyllis Peavey, and Cora Sharon.

The committee in charge of the program consisted of Etta Grange, Jean Stanley, Polly Davis, and Ruth Currie.

Smoking a cigarette gives a lot of pleasure—it always has.

People have been smoking and enjoying tobacco in some form or another for over 400 years.

Of course you want a cigarette to be made right. And naturally you want it to be mild. Yet you want it to have the right taste—and plenty of it.

In other words—you want it to Satisfy.

Scientific methods and ripe mild tobaccos make Chesterfield a milder and better-tasting cigarette. We believe you will enjoy them.
