MAINE BLACK BEARS

The University of Maine

The University of Maine, located in Orono, is the largest campus in the statewide university system. There is plenty of elbow room on its 1,200 acres, where the student is offered the diversity and challenge of a large university in the invigorating atmosphere of a small college. The campus at Orono is in a classic New England setting, located ten miles north of Bangor, Maine's third largest city. The region is conveniently located close to ski slopes, outdoor recreation areas, and the beautiful Maine coastline.

The University offers an outstanding faculty with a variety of exciting and challenging course opportunities. Baccalaureate degree programs are offered through seven colleges: Arts and Sciences, Business Administration, Education, Engineering, Forest Resources, Life Sciences and Agriculture, and the University College.

The campus houses the expansive Raymond Folger Library and a number of respected research facilities to give the student an excellent learning environment.

Students from 37 states and 36 countries studied at the University last year, and more than 20 percent of the total enrollment of 12,000 is admitted from outside the state of Maine.

There are seven scholastic honor societies, four non-scholastic honor societies, 22 departmental honor societies, 56 associations, clubs, and organizations, and six religious groups. Nineteen fraternities and 10 sororities have chapters in Orono. In short, a variety of opportunities exists for students, both academically and socially, outside of the classroom. Also, the Maine Center for the Arts, hosting concerts, comedy, theater,
recitals, and other popular entertainment, is located on campus and features nationally and world renowned entertainers.

Maine offers its students, community and the state an outstanding athletic tradition. Black Bear teams have excelled in a number of sports reaching regional and national prominence.

Maine's athletic department has hired a full-time academic coordinator responsible for closely monitoring the progress of each of the 600 varsity student-athletes at the University. The individual sport coaches also monitor and advise their student-athletes, frequently holding meetings to specifically discuss academic situations. Study halls and special tutorial sessions are used daily as a way to enhance the learning process. This support and close scrutiny has been a major reason why the overall grade-point average of student-athletes at Maine has been higher than that of the general student body. The goal of the University and the athletic department is to see each individual reach his or her academic potential.

The Recreation and Intramural Department offers organized competition in a number of events throughout the year, from basketball and softball to team tennis, flag football, and soccer, to name a few. There are also open facilities available to the student for pickup games. Maine's 20 Division I athletic teams host more than 100 intercollegiate events on campus each year. The University offers the student a wide spectrum of possibilities to enhance the overall college experience.
after serving eight years as President of Georgia Southern College in Statesboro, Ga. During his tenure at Georgia Southern, he was a guiding force in moving the school's athletic programs into Division I and for the Georgia Southern football team's back-to-back Division I-AA national championships.

A graduate of Michigan State University, where he obtained his baccalaureate and master's degrees in mathematics, Dr. Lick earned his doctorate at the University of California in Riverside.

Prior to taking the presidency of Georgia Southern, he was Dean of the School of Sciences and Health Professions at Old Dominion University, Vice President for Academic Affairs at Russell Sage College and Chairman of the math department at Drexel University.

At Maine, Lick has seen applications for admission rise 15 per cent in 1988 alone. During that same time, the standards for admissions have risen as well. Dr. Lick was responsible for the hiring of athletic director Dr. Kevin White, and athletic programs have grown toward national prominence during their tenure.

Dr. Lick is married and he and his wife, Marilyn, have three children.
Dr. Kevin White, 38, is in his third year as Director of Athletics at the University of Maine. Regarded as an innovative and progressive administrator, White has very quickly made an impact on the athletic department’s staff, scholarship funds, academic services, facilities, fund-raising, marketing, corporate sponsorship efforts and broadcast properties.

Athletic and recreation facilities have been a major focus lately at the University of Maine and White has worked with university officials to facilitate the $1.2 million Memorial Gym Renovation and Addition project. Other major projects include renovation of the Memorial Gym Lobby by the Varsity M Club, the new Mahaney Diamond baseball clubhouse, and a new all-weather running track. White played a major role in the negotiations with the City of Bangor to procure the Bangor Auditorium as the new home of Black Bear basketball.

A primary consideration for White has been having a top quality personnel. Over the past several years, Maine has seen the recruitment and hiring of several coaches and administrators from among the nation’s top major universities.

University of Maine broadcast properties have also seen growth under White’s guidance. State-wide Black Bear radio and television networks have been formed for the first time with multi-year agreements involving Maine Broadcasting Systems of Portland and WABI of Bangor.

Prior to his appointment at Maine, White was with Loras College in Dubuque, Iowa. At Loras he served in several capacities, including Athletic Director and Assistant to the President for Institutional Marketing, Promotions and Special Events, and Vice President. His most recent assignment at Loras was Vice President for College Development, where he oversaw a successful $15 million capital campaign and an annual fund drive in excess of $1 million. Additionally, White is the founder and served as the Executive Director of the National Catholic Basketball Tournament in Dubuque. The NCBT annually invites 32 Catholic colleges from around the country to play 40 games over a four-day period, culminating in a live national cable telecast of the finals. White is presently a member of the NCBT advisory board.

Prior to his tenure at Loras, he was the assistant to the athletic director and head track coach at Southeast Missouri State University and the head track coach at Central Michigan University. A highly successful college coach, White guided 22 NCAA Division I and II All-Americans and two national champions.

With a varied background, he has served as director of numerous special events, including the State of Michigan Special Olympics, NCAA Division II National Cross Country Championships, and the Coors Semotion Relays at Southeast Missouri. He also served as sprint, hurdle and relay analyst for Saudi Arabia and as an executive fitness consultant for Aramco International of Saudi Arabia in 1978.

A graduate of St. Joseph’s College, in Rensselaer, IN, White earned his master’s degree in athletic administration from Central Michigan University. He received his doctorate in Education from Southern Illinois in 1983. His post-doctoral work includes attendance at Harvard University’s Institute for Educational Management in 1985. Recently he has been named to the NCAA Executive Council Nominating Committee. He is married, and he and his wife, Jane, have four children.
SHAWN WALSH:
LEADING THE RISE OF MAINE HOCKEY

In his five seasons at Maine, Shawn Walsh has delivered Black Bear hockey fans a top national contender. He inherited a sub-par ECAC team, and turned it into a perennial HOCKEY EAST contender. Walsh's intensity and strong work ethic have been key ingredients in the rise of Maine hockey, and two consecutive trips to the NCAA final four.

The Black Bears finished the 1988-89 season with a 31-14 overall record and their first HOCKEY EAST Championship following a dramatic 5-4 win over Boston College in the league tournament.

Walsh's career record stands at 112-95-6, a remarkable mark considering that his first two teams won 12 and 11 games, respectively. His record over the past three years is 89-38-4. With 112 victories, he has become the winningest coach in Maine hockey history.

Recruiting has certainly been a key to his success. His teams have produced seven All-Americans including a U.S. Olympian. The Black Bears will enter the 1989-90 season with 16 NHL draft choices, one of the highest totals of any team in the nation.

Despite his impressive list of accomplishments, the 34-year old native of White Plains, New York, is one of the youngest coaches in Division I hockey. He is a 1978 graduate of Bowling Green State University, where he earned both his bachelor's and master's degrees in education.

Walsh's career record stands at 112-95-6, a remarkable mark considering that his first two teams won 12 and 11 games, respectively. His record over the past three years is 89-38-4. With 112 victories, he has become the winningest coach in Maine hockey history.
trate on coaching, working with Boston Bruins assistant coach Ted Sator at a high school in Ohio. In his senior year at Bowling Green, Walsh coached the junior varsity hockey team, and also worked with head coach Ron Mason at the varsity level. Walsh remained at Bowling Green for two additional seasons with Mason, before the two men moved to Michigan State to boost a sagging program.

Prior to Walsh and Mason arriving at MSU in 1979, the Spartans had failed to qualify for the WCHA playoffs in three straight seasons. While at MSU, Walsh helped lead the Spartans to three consecutive CCHA titles, and the NCAA finals in 1983-84, his final year.

Walsh was the HOCKEY EAST Coach of the Year and New England Division I Coach of the Year in 1988. He is the Director of the Maine and Sun Valley hockey schools. Walsh is the first Vice President of the American Hockey Coaches Association. He was recently named as the head coach of the U.S. Select team who will play a touring Soviet team on Dec. 18 and 20.

Walsh was married last summer to the former Tracey Mason, and the couple resides in Veazie.
BRUCE CROWDER
Assistant Coach

Bruce is in his fourth season at Maine as an assistant under Shawn Walsh. His arrival at Maine coincided with the best years in the history of the program. His professional experience and strong ability to communicate with the players has helped the Bears immeasurably both on and off the ice.

The 32-year-old native of Essex, Ontario, is best known for his four-year National Hockey League career during which he played for the Boston Bruins and Pittsburgh Penguins. In his 243 NHL games, he scored 47 goals and added 51 assists for 98 points before retiring in 1985. His brother Keith, who played with Bruce for two years on the Bruins, is currently a member of the Los Angeles Kings.

At Maine, Bruce is involved in a great deal of Maine’s recruiting, particularly in New England. He also assists Walsh with on-ice practice and is particularly effective in passing on tips that he picked up during his professional career. Bruce also is responsible for monitoring the academic progress of the players. He organizes study hall and is a liaison between the student-athletes and the faculty.

A 1979 graduate of New Hampshire, Bruce was a physical education major. He led the Wildcats to the ECAC hockey championship in 1979, and to NCAA tournament berths in both 1977 and 1979.

Bruce has been an instructor at the University of Maine hockey school in each of the past three summers.

He and his wife, Lucie, have two sons, Kevin and Scott, and they live in Orono.

GRANT STANDBROOK
Assistant Coach

Grant Standbrook is in his second season as Maine’s primary recruiter. He also provides the Bears with a strong collegiate and international coaching background.

Grant was previously the recruiting coordinator at Wisconsin where he played an integral part in the Badgers winning three national championships during his 12-year tenure at that school. Wisconsin won the national title in 1976-77, 1980-81 and 1982-83 in addition to reaching the final four on two other occasions. Some of his top recruits at UW include current NHL players Scott Melanby (Philadelphia), Chris Chelios (Montreal), Pat Flatley (New York Islanders), Gary Suter (Calgary), and Mark Johnson (New Jersey).

In 1987-88, Grant was the head coach of Varese-Kronenberg of the Italian league. He led the team to a second place finish in the 10-team league.

He was an assistant coach of the 1976 U.S. Olympic hockey team, and the U.S. National teams in 1974 and 1975. He worked with head coach Bob Johnson, now the General Manager of the New York Rangers.

The 53-year-old is a native of Winnipeg, Manitoba. He began his hockey coaching career at Churchill High School in Winnipeg.

He has extensive experience working with summer hockey schools. He currently runs the Grant Standbrook Hockey Training Center in Faribault, Minnesota.

He is a 1961 graduate of Minnesota-Duluth where he was the co-captain of the hockey team his senior year. He is married, and he and his wife, Joy, have three children.
GREG CRONIN
Graduate Assistant Coach

Greg is in his second season with the Maine hockey program. He came to Orono from Colby College in Waterville where he was the Mules' full-time assistant coach in 1987-88. He is currently pursuing a Master's degree in business administration while he works with the Maine hockey team.

Greg is a 1986 graduate of Colby who played four years on the hockey team. In his junior season, he received the Norman E. Walker Award representative of the Most Improved Player and team leader. Greg was a tough, grinding winger in his playing days.

The 26-year old native of Boston remained at Colby in 1987, and became the hockey team's only full-time assistant coach. He was very successful with recruiting, attracting 10 Boston area players to the school, something that will show in that program in years to come. He was the coach of the junior varsity team, and also assisted on the ice with the varsity team.

His previous coaching experience includes working at the Watertown Hockey School just outside of Boston between 1981 and 1983.

As the Black Bears graduate assistant coach, Greg's responsibilities will include working on the ice with the team, video analysis and opponent scouting.

Greg is single, and he resides in Bangor during the academic year.

DAVE NONIS
Graduate Assistant Coach

Dave is in his first season as a graduate assistant coach with the Black Bears. He graduated from Maine in 1988 after a tremendous hockey career. He was the Black Bears' captain during the 1988 season as they advanced to the NCAA final four for the first time.

As a player at Maine, Nonis was the winner of the Coaches Award in 1988. He won the team's Academic Achievement Award the same year. He was constantly recognized as one of the most popular Black Bear players among the Maine fans during his career.

Nonis went on to play professionally in Denmark during the 1988-89 season. He was the lone import player for Aalborg, where he played for former Maine assistant coach Joe Clark. Aalborg was the finalist in the Danish Elite Division last year.

The 24-year old native of Burnaby, British Columbia, decided to turn his interests towards coaching. He, and fellow graduate assistant coach Greg Cronin, will be responsible for video, opponent scouting, and on-ice practice. He has previously been involved as an instructor at the University of Maine hockey school.

Dave will be pursuing a master's degree in business administration during his graduate assistantship at Maine.

Dave is single, and he will reside in Old Town.
Martin Robitaille's NCAA quarterfinal-winning goal sent Maine to its second straight NCAA final four appearance.

Last year, Maine remained among the nation's college hockey elite with the team's second consecutive 30-win season and its second straight NCAA final four appearance. The Black Bears finished with a 31-14 overall record, and claimed their first HOCKEY EAST Championship.

Maine finished the regular season with a 17-9 record, earning a first-round bye in the playoffs. The Black Bears 3-2 overtime victory over Northeastern and a 5-4 win over regular-season first-place finisher Boston College gave Maine the HOCKEY EAST Championship.

With the HOCKEY EAST Championship came Maine's second straight top seed in the East and a first-round bye in the NCAA playoffs.

The Black Bears set new school and league attendance records in 1988-89, drawing more than 100,000 fans to Alfond Arena for the second straight season. Bob Beers and David Capuano were named All-Americans, and Capuano was a finalist for the Hobey Baker Memorial Award for the second straight year.

This season, Maine will feature a very different looking lineup under head coach Shawn Walsh. The Bears will have 23 freshmen and sophomores among the 33 players invited to camp. This young team will be without nine veteran players including several standouts lost from last year.

Key losses from the 1988-89 team include leading scorer Capuano (37-30-67), who signed with the NHL's Pittsburgh Penguins and the graduation losses of captains Beers (10-27-37), who signed with the Boston Bruins, and Bob Corkum (17-31-48), Bruce Major (13-11-24), who signed a contract with the Quebec Nordiques, Vince Guidotti (7-23-30), Chris Cambia (7-11-18), Luke Vitale (5-6-11) and Todd Jenkins (8-9-17). Maine junior Mario Thyer (9-7-16), who missed 41 games last season due to a broken leg, signed a multi-year contract with the Minnesota North Stars.

The team will once again face one of the toughest schedules in the nation. The Dexter Hockey Classic boasts the talent of Minnesota, Bowling Green and St. Lawrence. In addition to the league schedule, the Black Bears will face traditional WCHA powers Minnesota and Denver and CCHA foes Lake Superior and Ohio State. In 1989-90, Maine will face seven of the 12 teams that participated in the NCAA tournament last season.

GOALTENDERS:

The return of Scott King and Matt DelGuidice gives Maine one of the top goaltending duos in the nation entering the season.

King, a senior, is a two-time HOCKEY EAST Goalie of the Year. He finished last season with a 13-8 record and a 3.57 goals against average. DelGuidice, a junior was impressive in his first season with the Black Bears after transferring from St. Anselm where he was a Division II All-American. DelGuidice had a 16-4 record and a 3.14 GAA and was a HOCKEY EAST All-Tournament selection.

Another goalie who showed promise was sophomore Garth Snow. Snow was rushed into action following injuries to DelGuidice and King and responded with a victory over Alabama-Huntsville and a shutout of Bowdoin College. He finished with a 2-2 record and a 3.49 GAA.

DEFENSE:

With the loss of Bob Beers and Vince Guidotti, Walsh will rely on a mix of veterans and some unproven talent along the blue line.

A pair of seniors and two sophomores will anchor the defense. Senior Claudio Scremin (5-24-29) was selected as Maine's top defensive player last season by his teammates. Scremin will be one of the top defensemen in HOCKEY EAST this season. Senior Jim Burke (1-7-8) developed into a top-notch defenseman during the second half of last season.

Sophomore Keith Carney (4-
22-26) was a selection to the HOCKEY EAST All-Freshman team. Carney moves the puck well and possesses good strength. Sophomore Tony Link (0-5-5) moved into the sixth defensemen's spot near the end of last season and showed a great deal of promise.

Sophomore Campbell Blair (2-9-11) was a regular for the first half of the season. Redshirt sophomore Dan Fowler sat out last season after a one goal, four assist freshman season. Newcomers Dan Murphy and Jon Norton are strong contenders for playing time. Murphy had eight goals and 50 assists this past season at Gunnery School. Norton scored 24 points in 31 games at Cushing Academy in 1988-89. Another defenseman who will see action is Brian Straub. Straub was a transfer from North Dakota a year ago and sat out 1988-89 as a redshirt.

LEFT WING:
Maine should be solid on the left side this season. Sophomore Scott Pellerin (29-33-62) is the leading returning scorer on the team. He was named to the HOCKEY EAST All-Freshman team in 1988-89.

Senior Christian Lalonde (10-29-39), an outstanding two-way player, was a 20-goal scorer in 1987-88. Another veteran Brian Bellefeuille (5-10-15) will add muscle and toughness on the left side.

Freshman Brian Downey was the Most Valuable Player in the Central Ontario Junior Hockey League last season, registering 87 goals and 117 assists in 56 games.

Senior John Massara (5-2-7) and freshmen Justin Tomberlin, Martin Mercier, and Chris Laighton will compete for playing time.

CENTER:
The Black Bears possess plenty of speed and skill at the center position. Senior co-captain Guy Perron (22-27-49) should be one of the top all-around players in HOCKEY EAST this season. He was an All-Tournament selection last year. Martin Robitaille (17-31-48) returns from an outstanding freshman season. A very talented player, Robitaille started slowly a year ago, but finished as the Bears' fourth leading scorer.

The other center positions appear to be open to freshmen. Randy Olson, Kent Salfi, Jim Montgomery, and Eric Fenton should all see action.

Olson scored 69 goals and added 95 assists in 64 games last season, earning the Saskatchewan Junior Hockey League Most Valuable Player award. Salfi had 21 goals and 23 assists for 44 points in 24 games last season at Northwood Prep School.

Montgomery had 72 goals and 128 assists for 200 points in 68 games as Downey's center for Pembroke of the Central Ontario Junior Hockey League. Fenton sat out last season as a redshirt and shows a good scoring touch. A late addition to the team is freshman Claudio Kalser. The native of Chur, Switzerland, is the youngest player ever to compete in the Swiss Elite Division.

RIGHT WING:

Depth and strength are evident at this position, but several inexperienced players will be counted on heavily.

Sophomore Steve Widmeyer, who sat out last season under an NCAA imposed suspension gives Maine a strong, physical winger. Sophomore Mike Barkley (12-16-28) is coming off a strong freshman season.

Sophomore Steve Tepper (3-9-12) is another physical player. At 6-foot-4, 215-pounds, Tepper is one of the biggest players in the nation.

Sophomore Joakim Wahlstrom (5-6-11) is a strong skater from Sweden who is trying to adapt to the North American style of hockey.

A freshman who could play a prominent role is Jean-Yves Roy. He led the CJEP AA league in scoring last season with 57 goals and 50 assists while playing for Montmorency.

Dave LaCouture, who redshirted last season, adds size and a scoring touch to this position.

Scott Pellerin was the highest scoring freshman in the country last season. He was named the HOCKEY EAST Co-Rookie of the Year.

HOCKEY EAST is one of the premier hockey conferences in the nation. The league is comprised of eight institutions of higher learning, including Boston College, Boston University, University of Lowell, University of Maine, Merrimack College, University of New Hampshire, Northeastern University and Providence College.

HOCKEY EAST will begin its sixth season of intercollegiate ice hockey with the advent of the 1989-90 season. Each of the eight member schools will play a 21-game league schedule, along with additional non-league contests and holiday appearances. The composite 1989-90 HOCKEY EAST schedule lists a total of 177 regular season games, with 127 of them "home games" to be played at a HOCKEY EAST arena.

HOCKEY EAST ON TELEVISION

For the sixth consecutive year, HOCKEY EAST games will be televised live on New England Sports Network (NESN). NESN is a pay cable television service, delivering sports programming to subscribers in all the major ADT's in New England. The network was founded in 1983, and currently has over 300,000 paid subscribers. During the hockey season, 46 percent of the subscribers watch NESN.

Since 1984, HOCKEY EAST and NESN have had an exclusive agreement, granting television rights of selected HOCKEY EAST contests. A total of 149 HOCKEY EAST games have been aired on NESN during the first five years. During the 1989-90 college hockey campaign, a total of 32 HOCKEY EAST games will be shown on NESN, including a minimum of six play-off contests. The total number of televised games could be as high as 44.

HOCKEY EAST is currently entering the second year of a three-year agreement with NESN, granting broadcast rights through the 1990-91 season. With Sean McDonough announcing the play-by-play, and Bob Norton as color/analyst, NESN subscribers have enjoyed, and will continue to enjoy, outstanding coverage of outstanding college hockey. The continuing increase in NESN subscribers will give HOCKEY EAST maximum exposure in the eastern region. In addition, several other cable networks, including two in the midwest and one in Canada, pick up HOCKEY EAST games from NESN periodically throughout the season.

HISTORY OF THE LEAGUE

HOCKEY EAST was conceived in July 1983 when the Athletic Directors of five schools - BC, BU, New Hampshire, Northeastern and Providence - joined together to form a new college hockey conference to begin play during the 1984-85 season. The impetus behind the formation of HOCKEY EAST came as a result of a move by the presidents of the six ivy league schools in June of 1983 to form their own hockey league outside the ECAC structure. Rather than sit back and wait to see what might happen, the five HOCKEY EAST officials convened and officially formed their new league on July 11th. The five schools became charter members, and later that same year, Maine and Lowell were added. Merrimack joined the league in January 1989, and will begin league play this season. HOCKEY EAST has brought together eight strong college hockey programs, each with a major commitment to developing and maintaining a balance of academic excellence and athletic competition.

The caliber of student-athletes that HOCKEY EAST has been able to attract is second to none. In the first five years of the league, its member schools and individual players have enjoyed tremendous success. Four times in five years, HOCKEY EAST has been represented in the NCAA final four (BC in 1985, Maine in 1988 and 1989, PC in 1985).

Twenty-three HOCKEY EAST players have received All-American honors while 10 have been finalists for the Hobey Baker Award, presented annually to college hockey's top player. Eighty-nine of the current HOCKEY EAST players have been drafted by National Hockey League teams, while 43 former HOCKEY EAST players are currently enjoying success in the professional ranks.

1990 HOCKEY EAST CHAMPIONSHIP

The sixth annual HOCKEY EAST Championship Tournament will be held March 9-11, 1990 at the Boston Garden. The championship will be a part of "HOCKEYFEST '90", a unique weekend of eastern collegiate championship hockey, bringing both HOCKEY EAST and ECAC together under one roof in the same weekend.

While each of the two leagues will maintain their tournaments as separate entities, the weekend event gives the regional fan the opportunity to see the best of both worlds. Friday, March 9th will feature two HOCKEY EAST semifinal games, followed by two ECAC semifinal games on Saturday, March 10th. Sunday evening's championship doubleheader begins with HOCKEY EAST's battle for the "Lamoriello Cup", followed by the ECAC's "Whitelaw Cup" contest. Game time for all three nights will be 5:00 and 8:00. There will be no consolation games.

Tickets will be priced at $14.00 and $12.00 per night, and sold in a discounted three-night package up until the week prior to the event. There will also be tickets reserved for students and fans of the eight competing institutions. The on-sale date for all tickets will be announced at a later time, but is tentatively scheduled for late January, early-February. For further ticket information, contact the Boston Garden Box Office.

COMMISSIONER

STU HASKELL

Stuart P. Haskell, former Director of Athletics at the University of Maine, was appointed as HOCKEY EAST's second Commissioner on June 20, 1988. The HOCKEY EAST athletic directors agreed to the shared hiring of Haskell with the North Atlantic Conference. He also serves as the first full-time Commissioner of that seven team multi-sport conference, a position which he accepted on January 1, 1988. Four institutions in HOCKEY EAST (BU, Maine, New Hampshire and Northeastern) also hold membership in the NAC.

During Stu's first year at the helm of HOCKEY EAST, the league office was relocated from Providence to Orono, and a full-time league staff was hired. For the first time in league history, HOCKEY EAST has three full-time employees; Has-
At the request of the athletic directors, Haskell took a firm stand on high-sticking and fighting penalties and, throughout the first half of the 1989-90 season, several player suspensions were handed down from the Commissioner's office. His message was clear, and during the second half of the season, the average number of penalties per game was down from almost 19 to less than 13 per game.

Also, under Haskell’s tenure, Merrimack College was admitted as the eighth team in HOCKEY EAST, the league enjoyed a successful 1989 championship tournament at BC's new Conte Forum, and a new three-year television contract was signed, among other promotional and sponsorship endeavors.

Haskell, a 1956 graduate of the University of Maine, was employed as a sports writer for the Bangor Daily News for a year following his graduation. In 1957, he joined the athletic department staff at his alma mater, and served the University for 30 years. He was named the Director of Athletics in 1982. He is married to the former Gloria Coffin. The Haskells reside in Stillwater, Maine and have four children and five grandchildren.

DALE DUFF: VOICE OF THE BLACK BEARS ON WLBZ, WCSH

Dale Duff will be the play-by-play voice of Black Bear Hockey on the Maine Broadcasting System. He is in his second season calling all of the action, along with color analyst and former Maine defenseman Scott Smith.

The games will be broadcast live on WLBZ-TV (Channel Two in Bangor) and WCSH-TV (Channel Six in Portland).

The Maine Broadcasting System has expanded its coverage of Maine Hockey from four games last year to six games in 1989-90.

JOE CARR: VOICE OF THE BLACK BEARS ON WABI RADIO

Joe Carr returns for his third season as the radio voice of the Maine Hockey team. His excellent preparation and enthusiasm for the Black Bear hockey program was a key reason for the growth in popularity of the team last season.

Carr and WABI follow Maine Hockey for home and away games. The second season of the Maine Black Bear Radio Network will again feature games being broadcast on a statewide basis. WABI (91 AM Bangor) will originate the broadcast and feed network affiliates including WGME (560 AM Portland).

Alford Arena  Home of the Black Bears

One of the finest college hockey facilities in the country, the Harold Alfond Sports Arena has served the University community since 1977. Completed in February of that year, the building was dedicated by Mr. Alfond and officials of the University on November 18 at the Maine-Acadia hockey game. In addition to being the Home of the Black Bears, the building is used by youth, high school and senior hockey leagues, and for rock concerts and graduation ceremonies.

The complex is a modern facility that has a capacity of more than 4,100. There are virtually no obstructed seats in the building and everyone is afforded an excellent view of the ice. Alfond Arena was built with the generous contributions of more than 2,000 people, headed by Harold Alfond.

An addition to the south end of the Arena houses the Black Bears’ beautiful new locker room facility which includes fully equipped weight and training rooms. Included in the expansion project was an attractive lounge for use by the hockey program, and the University community.

The Alfond Sports Arena continues to be a first class facility to match the quality of its prime tenant, the Maine hockey team.
